Re-Opening of Basketball Attracts Good Crowd

After the temporary suspension of the game, due to conditions arising from the recent shut-down of the plant, local basketeers donned shirts and shorts on Monday evening last and played two senior men's games. A good crowd was on hand. Each team included a new comer to the camp and this fact lent added interest to the evening's sport.

The first tilt was between the Vandals and the Mechanics, the former winning 26-15. This score however, does not indicate the comparative merits of the teams, as the machinists had hard luck in their arithmetic. Time and time again Buntain, usually so accurate, missed the hoop. The miners, despite close checking, ran up the score in a steady manner. Walmsley was replaced by R. Lee, who showed up very favorably.

On the Mechanics' squad B. Gourlay was the new player, giving an excellent account of himself. The teams: Mechanics: Buntain 8, Mikeli 4, F. Dodsworth, L. Gillies 2, C. Dresser 1, B. Gourlay. Vandals: T. Calderoni 16, F. Calderoni 3, G. Anderson 1, H. Jack 4, R. Lee 2.

The fans were treated to a real thrill in the game between the Concentrator and the High School, when two sessions of overtime had to be played, before the issue was decided. The Students had acquired a southpaw named MacInnes, and were determined to show a credit balance when the melee was over. To this end, they played sterling basketball all the way and had the fans working overtime for them as well.

When time was called the score was 24 all; the first session of overtime made it 26 all; and in the last spasm the Concentrator boys, playing one man short, secured the coveted basket which won them the game and placed them at the top of the league. The hectic battle was well handled by referee N. Youngs.

The scholars played a fast and brilliant game, their new man, MacInnes, proving a real acquisition to the team. Bud Gillies made some spectacular field shots and W. Shields played like a veteran. Blondy Dodd was perhaps the star for the winners and G. M. Heinekey a newcomer, is tricky and versatile.

The teams: High School, F. Gordon, H. Dresser, B. Gillies 14, MacInnes 4, W. Shields 6, M. Patrick 2. Concentrator, Dwyer 1, McDonald 5, Falconer 6, S. Steele 4, Dodd 10, Heinekey 2, McLeod.

Busy Scene on Anyox Waterfront

Nineteen years ago on Friday next, March 17th. the first furnace of the Granby Co. was blown in and the manufacturing of copper commenced. Since that auspicious occasion the big mine, and ore reducing plant has carried on almost uninterruptedly producing hundreds of millions of pounds of copper; resulting in the expenditure of millions of dollars for wages and supplies and the regular employment of over 1,000 men. The above picture shows a scene on the Anyox waterfront, when operations are carried on at full capacity.

Scouts Honor Birthday Of Baden Powell

The Boy Scouts of Anyox recently celebrated the seventy-sixth birthday of the Chief Scout and Founder of the movement, Lord Baden Powell of Gillwell. Scout James Brunton was invested and presented with his Tenderfoot Badge, and games which were under the leadership of Patrol Leader John Dodsworth, were greatly enjoyed.

Later in the evening a bean supper was served. The evening was brought to a close with cheers for the Chief, a hearty vote of thanks to Mrs. Gale for the splendid feed provided, and a renewal by each member of his Scout Promise.

A. C. L. Tennis Dance Was Well Patronized

With the object of providing enjoyment for the Community and especially the new residents of the camp, the Anyox Community League held a dance in the gymnasium on Wednesday last, there being a large attendance. The Mine Branch of the League, with its usual enthusiasm, lent its hearty co-operation in the affair.

The dance was entirely free for everybody. This is the second occasion during the present season that the A. C. L. have held a dance for which there was no charge and needless to say it was greatly appreciated. The music was provided by the Merrymakers' Orchestra and was much enjoyed, an excellent supper was also provided.

Born to Mr. and Mrs. Sidney Fraser at Aiyansh, on Sunday March 5th. a daughter.

Mr. Alex. Donaldson Passes Away At Vancouver

Mr. Alex. Donaldson, who left Anyox about three weeks ago for Vancouver, passed away at the Anyox General Hospital on Tuesday afternoon last.

The late Mr. Donaldson, who was about forty years of age, was mine foreman at the Hidden Creek mine. For some time he had suffered from an ulcerated stomach, and sought recovery in Vancouver. While there he developed pneumonia, followed by peritonitis, which resulted in his death. He was a member of Anyox Lodge A.F. & A.M.

Several beautiful floral tributes were sent by friends of the deceased at Anyox to Vancouver for the funeral, one of which was from the residents of the Mine.

Legislature May Prorogue Before Easter

There is every indication that the Legislature will rise before the Easter Holiday and it is possible that dissolution may take place before that time. Whether Mr. Bruhn will join W. J. Bowser's union faction or lead one of his own, has not been made clear. The position of Premier Tolmie is also uncertain.

The work of the session is being expedited, both sides realizing that the sooner the present farce is over, the better for the province.

The Anyox Concert Orchestra will resume rehearsals on Sunday evening in the Recreation Hall, and all members are urged to be present.

Annual Meeting of Golf Club on Thursday

The Annual General Meeting of the Anyox Golf Club will be held in the Recreation Hall on Thursday next, the 16th. at 8 p.m. The financial and other reports for the past season will be presented and officers elected for the coming year. All members are urged to attend. Although last year's membership of 183 was a record one, it is hoped that fully this number will join the ranks this year.

Many members have taken advantage of the golf classes which have been held during the winter, and are looking forward to the opening of the season, which will take place as soon as the course is clear of snow.

Card Party and Dance For St. Patrick's Day

Departing from the custom of previous years, the ladies of the Catholic Church have arranged for a Card Party and Dance to be held in the Catholic Hall, in place of the dance formerly held in the Gymnasium. The change however, will in no way detract from the enjoyment of the occasion, as plans are being made to provide a most pleasant evening. Bridge as well as whist will be played, an excellent supper will be served, with dancing to follow, and in response to requests some old time dances will be introduced. An attractive feature will be a display of dancing by the pupils of Mr. Laurie. Everything is being done to make the occasion a memorable one.

Ladies' Golf Club Hold Annual Meeting

There was a good attendance of members, at the annual meeting of the ladies of the Anyox Golf Club, which was held in the Recreation Hall on Friday, March 3rd. The financial statement was presented by the secretary treasurer, Mrs. C. O. Fricker, and showed the receipts and expenditures for the past season.

Officers for the ensuing year were elected as follows:

- Honorary President,—Mrs. Chas. Boeking.
- Hon. Vice-President—Mrs. W. R. Lindsay.
- President—Mrs. G. M. Lee.
- Vice-President—Mrs. H. R. Taylor.
- Captain—Mrs. C. O. Fricker.
- Secretary-Treasurer—Mrs. C. Cundill.
- Executive Committee—Mesdames Cody, Gigot and Roy.

Plans and prospects for the coming season were discussed and members are eagerly looking forward to an early opening of the playing season.

Safety First Being Preached And Practised

Every care is being taken to ensure the safety of the workers at the Mine. Safety First meetings for all workers are being held and these are arranged so that men on the different shifts can attend. In addition to the regular safety measures which are observed at the mine, special regulations have been made to suit the new conditions, and to safeguard the welfare of those who may be unfamiliar with the mine. The efforts being made for their safety are much appreciated by all concerned.

ALICE ARM NOTES

Business throughout the world is still in a state of chaos and will no doubt continue so until the leaders of every nation meet and resolve to end it. The depression could be ended in a few months if the statesmen of the world would rise above domestic politics and attend an international conference with a give and take attitude. For the past three years, the politicians of almost every nation have been swayed by party politics. They are afraid to make any worthwhile concessions that will spoil their chances of re-election to power. The result has been that every nation, has, up to the present, tried to get an advantage over the other so that the political power of the government is enhanced in their own country. Gradually, each country is learning that this policy is suicidal. When business is bad in one big country, or continent, it is felt throughout the world. Everyone suffers. It is high time that national jealousies, fears, and hatreds were forgotten and that a start was made towards an era of international goodwill. Many statesmen of the world and religious leaders of all denominations, have publicly stated, that, in their opinion, if the present depression continues for another two years an upheaval among the masses will result and our present form of government and civilization will pass away. Bold words, but it has happened before and can happen again. Up to the present the governments of the world have waited for the depression to automatically pass away. Instead of passing it is getting worse. It will, however, come to an end, and the result of the ending depends entirely upon the remedies applied.

Canadian Coke Makers Use

...distribution, the balance being required for maker's use, according to a statement appearing on a list of producers of coke in Canada, issued by the Mines Branch of the Department of Mines, Ottawa. Of the 1,905,000 short tons produced that year, about 1,833,000 tons, or over 96 per cent consisted of coke produced from coal; the balance of 72,000 tons—less than 4 per cent of the total—consisted of petroleum by-product coke. Coke is produced in each of the provinces, excepting Prince Edward Island.

Canadian Exports Of Copper Declines

During the month of January, exports of raw and manufactured copper from Canada were less than half the total of a year ago. Combined shipments during the month were 15,001,400 pounds as compared with 36,002,800 pounds in the same month of 1932. Copper in ore, etc., was 1,095,500 pounds, against 5,091,600, in blister, etc., 230,700 pounds against 3,202,400 and in scrap form 245,500 pounds against 1,318,700 pounds. Turning to the manufactured categories, one finds that whereas a year ago, copper in the form of bars, rods, etc. were shipped to an aggregate of 26,390,100 pounds, this year no exports occurred under that classification. On the other hand, shipments of 12,100,500 pounds were in ingot and similar forms, two classifications that were not specified a year ago. The statistics are interesting from the angle of such raw producers as Noranda, International Nickel and Falconbridge Nickel and the refineries operating in conjunction with them, as well as from the point of view of such manufacturers as Canadian Wire & Cable and the Phillips Electrical Works.

Metal Prices Will Not Drop Lower

There is welcome news for British Columbia in the report that no less an authority than Scott Turner, director of the U. S. Bureau of Mines told the American Institute of Mining and Metallurgical Engineers recently his belief that metals have reached the bottom of their depression and are ready for a rise. Metals, he said, dropped in production in the past three years to 21% of their annual average for the previous five years. Pig iron, copper and lead went down to 1898 and 1899 levels. He based his view that price levels were unlikely to go lower in 1933 on the fact that during 1932 the average price of mineral commodities became steady while the decline in the general average of all commodities continued. In 1930 and 1931 prices of minerals and of all commodities were virtually parallel. "There is no reason for anticipating more than temporary continuance of the present low level of mineral consumption," he said.

Pioneer Gold Mines—Regular quarterly dividend has been declared of 6 cents per share, payable April 1st. to shareholders on record March 10th. 1933.

More gold-mining companies are applying for incorporation at Victoria than at any time in the history of the province.

MINING IN BRITISH COLUMBIA

Among the Canadian Provinces, British Columbia is the leading producer of Silver, Lead and Zinc

In this Province, about 45 per cent. of Canada's Silver, 97 per cent. of the Lead and 93 per cent. of the Zinc are produced.

British Columbia has produced approximately \$1,300,000,000 worth of minerals.

About 200,000 square miles of unexplored mineral-bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

Winter No Bar to Golf in Canada

Photograph taken February 23, 1928, of the course on which the contest is played, with gallery watching players. Lower left—Teeing off—player wearing light clothes shows mildness of climate in February at Victoria. Lower right—E. W. Beatty Challenge Cup with miniature reproductions of the cup for the winners in men and women competitions.

The process of snatching the laurels from the brows of California is going right on in Canada. "Our Lady of the Snows" is belying her name in the mild climate of Vancouver Island, British Columbia.

Announcement has been made recently that the second annual Empress Hotel mid-winter golf tournament at the Colwood course, Victoria, will be held from February 17 to 23 inclusive, a time when the country north of the 49th parallel is popularly supposed to be feet deep in snow. Photographs included in above lay-out will show this popular belief to be a fallacy as far as the Victoria course is concerned.

The mid-winter tournament was placed in the Canadian sport calendar last February under the auspices of the Canadian Pacific Railway and proved a great success. The Victoria fixture is a purely amateur affair, handicap, of course, open to men and women, competing in their own sections. The main trophy is the E. W. Beatty challenge cup, at present held by T. L. Swan and Mrs. Hew Paterson, of Victoria, although a large list of other prizes is being posted. The competition is open to all Victoria clubs and also to any visitors in that city, and in view of the size of the entry list all links in the vicinity of the city will be pressed into service.

WITH THE TRAIL RIDERS

East is East and West is West, but men ride wherever the sun shines and the Trail Riders of the Canadian Rockies, with a membership which girdles the globe, are creating widespread interest with their plans for their 1932 expedition from Banff to Mount Assiniboine, through some of the most beautiful country in the great mountains from which they take their name. The famous peak, with its many adjoining lakes and valleys, was the focal point of the 1927 trail ride and this year's trip, starting on July 29, will follow generally the same lines, with nights spent in camp, according to the best traditions of the Order. Ample time will be given for exploring the territory traversed, the ride occupying five days and traversing Brewster and Allenby Creeks; Assiniboine Pass and the shores of Lake Magog to the great mountain, which is the objective of the riders. Return will be made through the Valley of the Rocks; the Golden Valley; Citadel Pass and so

through Sunshine Camp to Banff once more. The pictures shown above are distinctly interesting and show Lt. Col. Phil Moore, president of the Trail Riders, and Mrs. Moore, on camel-back at the Pyramids, during the world-cruise of the Canadian Pacific liner "Empress of Britain", in strong contrast to the cowboy viewing Mount Assiniboine, where this year's trail ride leads. Inset is H. M. King Prajadhipok of Siam, who proved an enthusiastic trail rider during his visit to Canada last summer. Below, two fair bathers are seen setting out from one of the cabins at Assiniboine Camp.

Your Message To The Public

Will give you 100 Per Cent. Results when it is Published in The Herald

If you are holding a Dance, Card Party, Concert, Public Celebration, or any Public Affair, or if you have anything to sell, the quickest, cheapest and easiest way to inform the Public is to carry an advertisement in the Herald

THE PICTURES "BIRD OF PARADISE"

SATURDAY, MARCH 11

Delores Del Rio, Joel McRae, John Halliday, Skeens Gallagher

This picture is full of heart touching drama and touching romance. And there is dignity and beauty in every line of it. The love romance of a white man for a native girl who has saved his life—their living on a beautiful island sanctuary—a volcano which erupts and brings scenes packed with sensational spectacle. The boy's heroic efforts to save his woman, the actions of the natives, and the girl's final sacrifice make a picture of beauty and brilliance, of passion and sweetness. You'll enjoy this exotic production on Saturday.

"The Night of June 13"

TUESDAY, MARCH 14th.

Clive Brook, and Lila Lee head the cast of this fine drama of intrigue in a large city suburb. The story concerns the manner in which a man on trial for the murder of his wife—a crime of which he is innocent—is nearly convicted on evidence of his neighbours, who lie to keep secret petty delinquencies of their own.

What happened between 5.09 and 6.19 on the night of June 13, will be seen on Tuesday evening next. The picture is loaded with excitement and suspense, and of course, the acting is of the highest quality. Charlie Ruggles, Gene Raymond, Frances Dee, Mary Boland and others are in this exceptional cast.

ANYOX NOTES

F. A. Roehm left on Monday for a visit to Prince Rupert.

Mrs. C. McLachlan and Miss A. McLachlan arrived home on Monday from Vancouver.

Mr. McRostie returned on Monday from a visit to the south.

Twenty-seven mine workers arrived on Sunday evening last on the steamship Prince John, which docked about 9 o'clock.

Four mine workers arrived on Monday on the steamship Catala.

Ten more workers arrived on the steamship Prince Rupert on Wednesday from Vancouver.

Mrs. James Boyd returned on Wednesday from a holiday visit to Vancouver.

R. Shewin and George Dyer left on Wednesday for Vancouver.

Victor Bell, who suffered injuries to his face in an accident at the Mine on Friday the 3rd. was taken to Vancouver on Wednesday for special treatment. He was accompanied by Mr. Jack Carr. Bell has been employed at the Mine for about three years.

A recent arrival at Anyox was Mr. Len Goedblood, who was formerly on the staff at the Assay Office. Since leaving here Len has worked at Nelson, and also in the Vancouver district. His wife was formerly Miss Patrick, of the nursing staff at the Anyox Hospital. They have a baby daughter a year old.

BIRTH AT ANYOX

Born to Mr. and Mrs. Nicholas Kozy, at the Anyox General Hospital, on Tuesday, March 7th. a son.

S. M. Newton Passes Away At Vancouver

Residents of Prince Rupert in the early days will be sorry to learn that S. M. Newton, prominent citizen of that town until a few years ago, and publisher of the Evening Empire, passed away at Vancouver during the early part of the week.

The late Mr. Newton was eight times mayor of Prince Rupert. In politics he was purely independent and was a fearless fighter and flayed his opponents unmercifully. During the early days of the town, he was a leading figure in all political and municipal contests. Often he was victorious, but when defeated he was never depressed and carried on until victory again crowned his endeavors.
