## Alice Arm Mining News

### Operations to Re-commence On Sunset

The Keystone Mining Co. who recently bonded the Sunset property on Roundy Creek, will recommence operations on the property at once. Arrangements have been made with Mr. Geo. Clothier, district mining engineer whereby a trail will be constructed from tide water, so that pack horses can be taken to the property. As soon as the trail is finished a new camp will be built, and the work of driving the tunnel will then commence. Mr. E. Martin Thorniley, who recently examined the property on behalf of the Keystone Co. was well pleased with the possibilities of the property and stated that work on the tunnel will probably be continued throughout the winter.

### New Ore Strike Made on Sunrise

Mr. G. W. Morley, who has been working on his property, the Sunrise, for the past three months, states that another fine showing of ore has been discovered on the property. The ore vein has a width of 26 feet between walls, and can be traced on the surface for three claim lengths. A open out 15 feet deep has been driven across the ore body, and some nice samples of ore were brought to town. The ore is a silver-lead.

The Sunrise is situated on McGrath mountain at a elevation of 3,400 feet. Early next spring a camp will be built and a tunnel driven on the ore vein.

### Nice Ore Body Struck on Jones Creek

A nice strike of ore was made last week on Jim Peacock's claims on Jones Creek, by Oscar Flint, while drifting on an ore vein. This vein has been followed for a distance of 130 feet, and has averaged around 5 inches, but has now widened out to six feet of ore. The vein has two well defined walls, with slate on the foot wall and a dyke on the hanging wall. Some good assays have been obtained from the vein at different times, and samples from the six-foot ledge are now being assayed.

The tunnel is within three quarters of a mile of the Dolly Varden railway tracks, which assures transportation of any ore that might be taken from the property.

### BIRTHS AT ANYOX

Born to Dr. and Mrs. P. Whelan, on Wednesday October 3rd, at the Anyox Hospital, a daughter.

Born to Mr. and Mrs. R. O. Cutler, at the Anyox Hospital, on Friday, September 28th, a daughter.

## Construction Work at Anyox Progressing

The programme of construction work planned by the Granby Co at Anyox for this year is being carried along successfully.

The new big storage dam is now practically completed, and is giving entire satisfaction. This dam which is the 17th of it's kind to be built, is the highest dam in Canada. With its completion the power costs of the company will be considerably lowered, and the costly fuel problem will be a thing of the past.

The big concentrating plant is rapidly taking shape. The operation of the plant was scheduled for February, of next year, but owing to the fire during the summer, work was delayed. It is, however, hoped that the time lost will be made up, and that the big mill which will be the finest on the North American continent, and the last word in concentrating copper ore, will be in operation, early in the spring.

The work of installing the machinery at the No. 1. Power House in connection with the hydro electric power from the new dam is proceeding rapidly, and the place is a hive of industry.

With the completion of the various works now being undertaken, the Granby Company will be one of the best equipped mining companies in the world. The only fly in the ointment is the present low price of copper, but this will eventually right itself, and let us hope that it will be soon.

## Successful Card Party and Dance at Mine

On Thursday September 27th. a highly successful Card Party and Dance was held at the Mine Hall and was largely attended.

There were five tables for bridge, and eleven for Whist. The Prize winners were as follows: Ladies, bridge, 1st. prize Mrs. D. C. Roy; Booby prize Mrs. A. Jenkinson.

Gents Bridge, 1st. prize Mr. F. E. Patton; Booby prize Mr. Harold Talbot.

Ladies Whist, 1st. prize Mrs. A. Grimaldi; Booby prize, Mrs. Harold Hart.

Gents. Whist, 1st. prize, Mr. W. E. Olsen; Booby prize Mr. Ole Lee.

To the strains of excellent music provided by a very efficient orchestra consisting of Mrs. J. E. Swanston, piano; Mr. Ed. Waterman, Drums; Mr. A. B. Giffen, saxophone.

About 60 couples took the floor and enjoyed the evening to the full. Great credit is due to the organizers for the excellent manner in which the arrangements were carried out.

Our great problem is not production but distribution. This strikes a bald man with peculiar force every time he shaves.

## Anyox Waterfront Notes

Undeterred by the dense fog which prevailed over the week end, the local mosquito fleet were all up and doing. Several amusing incidents occurred, but it speaks volumes for the efficiency of our local skippers when all returned from their various destinations without mishap. The Sic'em was about to land her passengers at the float when Capt. Fred Noel discovered it was a rock he was alongside, but undismayed he proceeded a few miles ahead and finally by the aid of either Jupiter or Mercury, struck Port. The Wanderer came to rest somewhere round Isaac's Creek but eventually got the right course. The Edrona steered a S. E. course but in any case this craft could always find her way back from the Saw Mills, "Familiarity breeds contempt." All the others arrived back safely but not on time.

## ALICE ARM NOTES

See Al. Falconer for Wood or Coal

Mr. J. G. Johnson who has spent the summer developing his claims in the upper Kitsault Valley left on Thursday for Seattle.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Messrs Jack Anderson and Barney Turbitt left on Monday for a deer hunting trip to Morris Channel. Going down on the Vesta, which made a trip to Prince Rupert.

Constable A. Dryden of Anyox spent a few days in town during the week.

Mr. Geo. Clothier, district mining engineer has spent the past two weeks inspecting properties through out the district going as far as the Kitsault Glacier and also inspecting numerous properties in the vicinity of the town.

Mr. Geo. Young left on Monday for Stewart.

Mrs. J. O. Trethewey, accompanied by Mrs. McKay, arrived on Monday from Vancouver.

James Nick arrived in town on Thursday from a two weeks prospecting trip. He journeyed to the headwaters of the Illiance River, from there to the Kshiten River in the Naas Valley going on to Green Lake at the source of the Kinshuck River and from there to the Kitsault Glacier. At Green Lake he saw a band of 12 timber wolves and wounded two. Shortage of amunitign was the only thing that saved the hides of the wolves.

See Al. Falconer for Freight and Pack Horses.

All the men from the government camp which has been operating on the upper Kitsault during the summer came to town on Wednesday

Continued on page 4

## Provincial Party Hold Meetings at Anyox & Alice Arm

The leaders of the newly formed Provincial Party paid their first visit to Anyox and Alice Arm during the week, and the people of the two towns had an opportunity of listening to the views of the newest political party of the province and also to the criticisms levelled at the heads of the conservatives and liberals, of which there were plenty. The speakers, were: General A. D. McRae, who is present leader of the party, A. M. Whiteside and J. Nixon.

### ANYOX MEETING

The Anyox meetings were held in the Recreation Hall, on Monday evening, and at the Mine Hall, on Wednesday evening. At the Monday evening meeting, Mr. R. Armour occupied the chair, and asked the audience to listen with open minds to what the speakers had to say.

General McRae, opened his address by apologising for his non-appearance six weeks ago, but owing to his failure to make necessary boat connections, and the fact that it was imperative to fulfil an appointment in Vanouver, I was unable to be here on the date advertised.

The General said that during the past nine months he had covered the whole of the province, and the party has now an active membership of 20,000 active members, and by the time the convention is held we hope to have a membership of 30,000, which is more than that of the other parties combined.

Disclaiming as to his capabilities as a politician he said he was still in the kindergarten class. Our task is to bring about a responsible convention, said the General, and it has got to be a citizens' convention in every sense of the word. There will be eight representatives from each riding, and these representatives will expound their views at the convention.

Referring to the farmers, the speaker said that 50 per cent. had given up their right along the G. T. P. and people were moving out from the Cariboo district, and were now looking to the Provincial Party for salvation. British Columbia is a big company, of which we are all shareholders, and the Premier is the general manager. What do you think of it all? and what is your opinion of the general manager? for after all, the Premier is the head of this corporation. Our finances are very sick, and the taxation is excessive. This question of taxation forms no small part in the cost of high cost of living. Since the Premier has been in office, our debt has increased to \$62,000,000 and it is reasonable to assume that by the time his term of office expires it will not be very far short of \$100,000,000. I am glad to say

that this party has a way out and that is by the development of our natural resources. Mining offers one of the best examples of an industry that is suffering from excessive taxation, and we must offer more encouragement to the capitalist to dig the hidden wealth from our hills. Our party says: we will exempt you from taxation until you get your capital back. I strongly advocate lower taxation. There is a lack of confidence today in B. C. mining properties and we must repeal the present legislation.

The General closed by appealing to everyone, whether liberal or conservative, to rally round the standard of the Provincial Party.

Mr. A. M. Whiteside and J. Nixon also spoke at considerable length, but space does not permit a report of their speeches.

### Alice Arm Meeting

The meeting was held in the Coliseum on Tuesday evening, and a well filled hall listened with rapt attention to the three speakers.

General A. D. McRae was the first speaker. He commenced by paying a tribute to the women of the province, who did their share of the work and were as much interested in the provincial expenditure and economy as the men. He stated that he was formerly a member of the conservative party and that he was still a conservative in federal politics. He was dissatisfied with the conservative party of the province. They had no platform and no constructive methods, and the liberals had not changed one bit from their old methods.

He was convinced that the time was ripe for a clean-up of the provincial political system, and for this subject the provincial party had been formed.

General McRae claimed it was no good sending independents to Victoria. They were not included in the caucus, and were not consulted at any time. The Provincial Party is being formed around, which all good citizens can rally. The General stated that the new party is becoming well organized and later delegates will be chosen to attend a regular convention, and elect leaders. The present officers are only temporary but will hold office until organization is complete. He said that the old parties claimed that the Provincial Party were dead but wondered why they were so busy touring the province on the heels of the Provincial speakers. He severely criticised the past administration of the Conservatives, and also the present government. He claimed that in all parts of the province—with a very few exceptions—we have contraction, instead of expansion. The people are dissatisfied and are leaving the country. He charged the present government with wilful extravagance and the burden of taxation was strangling the industries of the province, and debarring new capital from coming into the country.

General McRae stated that every man, woman or child in the province were paying taxes at the rate of \$43.00 per year, and that the annual expenditure was \$21,000,000. The Provincial Party was opposed to Political patronage, and would abolish it. He changed the old parties with getting together and saddling the province with the P. G. E. Railway at a cost of \$45-

**Canadian Mining Institute Will Meet at Trail**

Heretofore the Annual General Meetings of the British Columbia Division of the Canadian Institute of Mining and Metallurgy have been held in Vancouver, as being, on the whole, the most convenient centre for gatherings of the kind. A departure is being made this year, however, in the decision to hold the General Meeting in Trail, with the dual purpose of enabling coast members to acquaint themselves with the important mining and metallurgical developments taking place in the Kootenays, and of indicating to Kootenay members and mining men, the interest of the Institute in their concerns and problems. This meeting will be held on Wednesday, Thursday, and Friday, October 17, 18, and 19, and a cordial invitation is extended to all mining men, whether they are members or not, to attend.

In addition to the presentation of a large number of papers for discussion, visits will be paid to the Trail Works, and possibly also to the Rossland mines. Nor has the Committee forgotten to provide for entertainment of a lighter sort, and it may be affirmed that the provisions in this respect will prove by no means the least attractive

**Moose Leader Visits Wales**

Mr. James J. Davis Secretary of state for labour in the United States Government and director General of the Loyal Order of Moose is at present paying visit to his birthplace, at Tredegar, in Wales. Speaking at a reception he said:  
 "Tredegar is a fine place, it is good to come back and visit the old home. It inspires one and keeps alive the memory of the influence of a childhood. But there is a vastness of opportunity in the United States to which I see no parallel in this country for men like myself and thousands of others. But what a beautiful country it is," he added pointing to the green hills rising above the industrial valleys.  
 "I have spent some time in Switzerland; but not even Switzerland can compare with the beauty of Wales."—The Western Mail, Cardiff.

**New Barber Shop For Anyox**

Work has commenced on the erection of a building opposite the cement block closely adjacent the Mess House, which when finished will be utilized as a Barber Shop. The building will be 25ft. by 15ft. and will contain three chairs, with Frank Stringham in command.

The existing Barber Shop at the annex, will be closed, but for the convenience of those living in the vicinity of the Pool Room there will be one chair in the Pool Room itself. There is no doubt that with the change of the location increased business should result.

It is expected that the building will be completed by the end of this month.

features of the programme. The aims of the Institute are essentially patriotic, and it exists for no other purpose than to promote and serve the interest of the mining industry.

**POSTAL TALKS**

Consider the Postage Stamp. It is inexpensive, Unobtrusive, and well nigh Ubiquitous, but how much it can convey of sorrow or joy. Hast thou a friend? Thou canst write him a word of cheer, and drop it in the box, and the little postage Stamp will convey it all the way. Hast thou a neglected brother, there is ever available unto thee in his behalf a Post Office and a Throne of Grace, and both of them are blessings of high order.

There are many lessons of the Postage Stamp, but there is one which, though it be not new, is so important I could wish that all men might learn it. The success of the Postage Stamp is in this; that it doth stick to one thing until it doth arrive at its destination, and achieve its result.

If thou hast before thee any worthy object, stick to it like the Postage Stamp, and verily, though thou art punched and defaced, thou shalt eventually arrive.

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,542,203; Lode Gold, \$109,647,661; Silver, \$59,814,266; Lead, \$51,810,891; Copper, \$170,723,242; Zinc, \$24,625,853; Coal and Coke, \$238,289,565; Building Stone, Brick, Cement, \$36,605,942; Miscellaneous Minerals, \$1,358,839; making its mineral production to the end of 1922 show

**An Aggregate Value of \$769,418,462**

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641, and for the year 1922, \$35,158,843.

**Production During last ten years, \$339,280,940**

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

## SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

### PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

### SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

### GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

## Gift of Lumber for Japan

A shipload of lumber for stricken Japan as a gift from British Columbia through its government, has been purchased and will leave for the Orient immediately. No matter what the views of the ministers may be on the general Oriental question, they were the first to propose substantial assistance for the Japanese and it is considered that the gift will do much towards assuring the Japanese of the kindly regards of their British Columbia neighbors.

## Moose Lodge at Anyox Instituted

The Catholic Hall should have been twice as large on Thursday evening, of last week, when the Anyox Lodge, of the above Order was instituted. One hundred and seventeen candidates were initiated on this night, making a total number of actual members, one hundred and thirty-four. Deputy Supervisor W. F. H. Thompson was in charge of the ceremonies.

Premier Oliver has completed a rough draft of the redistribution plans which will be submitted as soon as the legislature convenes. He is devoting a great deal of his time to the subject in an expressed determination to give the electorate the best representation possible.

## The Copper Market

Burdick, Logan & Company, Limited  
787, Granville Street,  
Vancouver, B. C.  
Special to the Herald

Producers say that while many are talking of poor copper sales an unusually good volume of business is being done at 13 3-4 cents delivered. One independent said he had averaged about 2,000,000 pounds a day for the past week, and is entirely sold out well into October. Wire mills are buying in good volume, but refuse to pay more than 13 3-4 cents, and are desirous of early deliveries.

European buying is averaging around 2,000,000 pounds a day from Export Association and independents with France, England, Italy and Scandinavian countries buying in good volume, but with German purchases small and sporadic. Some inquiry is appearing for first-quarter domestic shipments, but few are willing to pay more than current last-quarter prices for such shipments. There is a disposition upon part of some independents to prefer sale of more distant deliveries to nearer by anticipating advance in price for nearby copper in case Ruhr situation is settled and most European buying should increase as result.

Most refineries are having difficulties in keeping up with orders. While there is a tendency to believe last quarter business in copper will not keep up the average of the first eight months, many agencies say that as yet they can see no signs of any slackening in demand when it is considered that main fall buying usually sets in late in September.

Most foreign and domestic business consists of moderate individual sales as at present no notable large inquiries are making the rounds.

Were it not for general feeling of uncertainty as to fall demand, price could be expected to show decided upward trend. However, unless producers are willing to curtail output about 10 per cent. until either opinion can be formed of winter demand here and abroad, little advance in price can be expected. Encouraging feature of the situation is the small amount of metal in hands of fabricators here and abroad the demand is for nearby rather than more distant deliveries.

## Provincial Party Hold Meetings at Anyox and Alice Arm

Continued from page 1.

000,000 when it should not have cost the province 40 cents. The General touched on the problems effecting mining companies and prospectors, and advocated greater assistance being given to both by the government.

Mr. J. Nixon labor member for Vancouver was the next speaker. He stated that he had voted the labor ticket all his life, and was not concerned over the liberals or conservatives. He said that both parties when in power are out to see who can gather and spend the most money, and it was up to everyone to join the new party, for politically we had been jack rabbits long enough.

Mr. A. Whiteside was the third and last speaker to take the floor and he stated that his father came to B. C. in 1858 from Australia, and started mining in the Cariboo, and that he had been interested in mining all his life. He extensively criticised the expenditures of the present government, including the Sumas reclamation scheme, over staffing of various departments at Victoria, and said that the only salvation of the country was by way of the Provincial Party.

**Alice Arm Notes**

Continued from page 1.

having completed the season's work. On Thursday a gang of men under the supervision of Mr. J. Wells, commenced the building of the extension of the wing dam above the town.

The sum of \$95.50 has been collected by Mr. Chas. Hutchinson, for the Canadian Red Cross Society's Japanese Relief Fund. This sum, which was donated by residents of Alice Arm, was forwarded to Mr. J. Conway, government agent, at Anyox, on Thursday.

Carl Ludvigson was fined \$50 and \$2.50 costs or in default 30 days hard labor, for being drunk in a public place on Monday. The fine was paid. Olaf Carlson also drew a fine of \$50 and \$2.50 for a similar offence on Thursday. Both cases were tried before Justice of Peace T. W. Falconer.

A public meeting will be held on Tuesday evening, at the Anglican Church at 8 p. m. for the purpose of forming an organization to provide social entertainment for the coming winter. A long winter is ahead of us and it is up to us all to help each other pass the winter evenings pleasantly and profitably. Don't hang back and then say this town is a dead burg. Come to the meeting and help the good cause along.

**ANYOX NOTES**

The Cardena arrived at Anyox at an early hour, on Monday morning, after waiting outside the Point for over an hour in a dense fog, and not calling at Alice Arm as usual on the way up. She had a light passenger list.

Mr. Pat Barr arrived home on Monday, by the Cardena.

An accident occurred at the wharf, on Saturday last, when Alex Gess, aged 39, whilst working in the hold of the Griffco sustained a double fracture of the ankle. He was removed to Anyox Hospital and latest advices show that the injured man is progressing favorably.

Mr. J. D. Wilson, of the Mechanical Department was a south-bound passenger to Vancouver, on Monday.

Mr. J. Twaddle, the Mine football player, left for Vancouver on Monday.

Mr. Sinclair, assistant liquor vendor, left on Monday for a short visit to Prince Rupert.

Among those leaving on Monday by the Cardena, for Vancouver, were Mr. O. J. Fitzgerald and Mrs. Davis.

Mr. George Kinraid, a well-known resident of Anyox, left on Tuesday, for Los Angeles, Mrs. Kinraid and her mother left some two months ago. Their departure is keenly felt by a host of friends.

Mr. E. Rowlands returned on Thursday, after a three months vacation in Vancouver.

Mr. Harry Chapman returned on Thursday from his vacation.

Among the arrivals on Thursday's boat, were Messrs. D. M.

McPhail, S. J. Blight, D. Gillis, A. Campbell, T. Blackburn, and Mrs. E. Davis.

Mrs. H. Archibald arrived on Thursday.

Mr. M. Zucco, who has been on a three month's vacation, returned on Thursday. He was accompanied by his daughter, Mrs. P. Davio. Mr. and Mrs. Davio spent their honeymoon in San Francisco and will reside in Anyox.

Mr. and Mrs. Vezetti and family left Anyox on Thursday. Mr. Vezetti having severed his connection with Anyox.

Mrs. V. Bengston left on Thursday, for Washington, on a visit to her mother, who will return with her to Anyox.

Rupert Saunders was fined \$10 and costs or in default, ten days hard labor, for an assault on Y. Muratal. Fine was paid.

Thomas Peake was fined for being drunk in a public place and fined \$50 and \$2 costs, or thirty days hard labor. Fine was paid. Each case was tried before stipendiary magistrate J. Conway.
