## Mining Notes of Alice Arm

While prospecting on the Kitsault group this week, Hans Pedersen located a fine body of ore, which will add considerably to the value of the property. The ledge is about 20 feet wide and is composed of galena ore. The ore body is supposed to be a continuation of the ledge located on the Bonanza fraction. The Kitsault group joins the Dolly Varden on the north-west and is one of the oldest properties in the district, being located in 1912 by Hans Pedersen. The property is now owned by W. Martin, of Seattle.

It is reported that operations will not be commenced at the Dolly Varden or Wolf mines until some time after December next. The reason given is that Geo. Wingfield the mortgagee will not receive an order absolute until December. Mr. Wingfield was given an order nisi to the property last month, and it is said the Taylor Co. has a right to redeem the property within six months. If the property lies idle until December it is safe to say that no work will be done until the following summer.

G. W. Morley is driving tunnel on the Crackerjack group, on Roundy Creek. The tunnel was started on the hanging wall and is still being driven in ore. The tunnel is now in a distance of 36 feet.

Jim Calvin has commenced diving tunnel on the Bunker Hill group to strike the big surface showings uncovered by him this year.

Bob McGinnis has commenced driving tunnel on the Hooter, with encouraging results. The formation being much more solid than on the surface.

Dr. Hansen Dominion geologist, arrived down from the upper Kitsault on Monday and made a survey of the Illiance river valley as far as the Naas divide, during the week. He leaves for Terrace on Monday.

J. Walters has commenced driving tunnel on his claims on Lime Creek. He has some first-class galena showings on the property.

On July 21st, S. Nakay, a Japanese fisherman at Arrandale Cannery was found dead in his boat. Constable D. S. Cameron brought the body to Anyox where an inquiry was held, by the results of which it is suspected that death was caused as a result of drinking wood alcohol. Burial took place at Anyox cemetery.

## Weekly Meeting of Community League Council, July 26th.

The regular weekly meeting of the Community League Council was held in the Recreation Hall, on the evening of July 26th. Present: President Geo. Willisroft, Sec-Treas. C. J. Lowry, Councillors Warwick, Roberts and Simpson.

The minutes of the previous meeting were read and approved.

The Secretary reported that he had proceeded to Alice Arm, on July 9th, to decide on the best method of handling the summer camp, and figuring the cost of putting the various propositions offered there for the camp in good shape. After looking everything over it was thought best to obtain a certain amount of accommodation at the hotel, as there would be greater satisfaction all round. The arrangements made by the Secretary were endorsed by the Council in a motion made by Mr. Simpson, and seconded by Mr. Roberts.

A financial statement of the League's activities on Dominion Day was given, the Council voicing its approval of the satisfactory showing made.

At the suggestion of the Secretary, the Council went on record as approving the manner in which the ball players acted as ticket sellers for the 1st of July games, the way in which the ball players held up the reputation of Anyox, and the excellent management of the team on local grounds, as well as while visiting at Ketchikan.

At the last meeting, it was decided by the Council to ask the General Manager, Mr. H. S. Munroe, and Mr. J. D. Lewis, local manager of the Canadian Bank of

## Baseball the Premier Sport of Anyox

Baseball is the most exciting pastime in Anyox at the present time. All three teams are bunched close together in the struggle for first and second place. No one wants to be in the cellar when the League series closes, because only the first and second placed teams will be in the play-off for the Anyox Championship. By the way the teams stand at the present time it is hard to predict who will be on top of the ladder.

Umpires Waterman and Wall having handled the games for the greater part of the season, are no longer the central targets for the abuse of disgruntled players and fans, having retired from their official positions they are enjoying the game from the bench. Dave Rowley and Archie Berry are now doing the umpiring and up to the present neither of them are in hospital.

## Dance held at Alice Arm Hotel

A large number of people were present at a dance held at the Alice Arm Hotel on Wednesday evening, when a party of 16 from Anyox journeyed over on the Wanderer, bringing with them a 3-piece orchestra. It is not often an orchestra is available at Alice Arm, and all the folk turned out to enjoy the luxury, the floor being taxed to the limit. The orchestra was composed of Mrs. Sorey, piano; J. Connor, violin; J. Tinmouth, traps and drums. Dancing was indulged in at a merry clip until 1 p.m., when a number of Alice Arm people transferred their activities to a surprise party, which had been planned for that evening, and the visitors from Anyox made preparations for the return trip in order to snatch a few hours sleep before the whistle blew its welcome notes in the morning.

The boys from Anyox reported a rough trip up, and several things were lost, including 1 dinky boat, 1 half hour, and 1 perfectly good supper. Everyone were, however, in dancing form as soon as the witching strains of a waltz floated in the air and the jolly time spent was well worth the trip over.

Those making the trip, were: Mr. and Mrs. L. Dobbin, Mrs. T. Chapman, Mrs. Sorey, Gladys Rashleigh, Kathleen Haslett, Fosey Fraser, Rony Moore, Harry Thorley, Harold Davis, Ross Pedvin, Fred Leggatt, Dave Rowley, Joe O'Connor, J. Tinmouth, Tony Almos (Capt.)

## Baseball Team from Anyox visit Alice Arm

An interesting and exciting game of baseball was staged last Sunday afternoon, when the younger fans from Anyox played an Alice Arm team. Although the home team had it over the juveniles in batting, their fielding was classy, and with Ballantyne on the mound more than held their own throughout the session. Chapman's decisions as umpire of balls and strikes were interesting, if not always in agreement with the opinion of the fans. We would suggest that the worthy umpire and Charlie Gray, who umpired the bases, come to some suitable arrangement whereby their individual decisions would not conflict. Although the Alice Arm players are now few and far between, they will always endeavour to play a team on the field should the boys desire to visit the Arm at any time for the purpose of indulging in a friendly contest.

## Large Number of Anyox Visitors at Alice Arm

A large number of Anyox people took advantage of the perfect weather prevailing last Sunday to pay a visit to Alice Arm. The Awake arrived during the morning with a goodly number and several smaller boats pulled in during the day. A baseball game was played during the afternoon between a local team and a team composed of Anyox apprentices and high school lads. Picnic parties wandered throughout the woods and tried their luck with hook and line in the backwaters of the Kitsault. A bunch of "Brother Bills" were up for the day, with lots of good eats, etc., with which to sustain their strength.

To judge by the happy faces of the visitors and the cheers they gave when the Awake left the dock everyone had spent a pleasant day, and let's hope we have many more such parties here before the present spell of fine weather breaks.

## Anyox Nominates Representative

Miss Rosie Moffat, of the General Store Office Staff has been nominated as the Anyox representative in the popularity contest at the Prince Rupert Fair. The first prize is a piano, and Miss Moffat lost a piano when their house was gutted with fire about three months ago. A strong campaign is now being conducted in Anyox by an energetic committee who are out to win.

We hope to have more space to spare next week and show you why you should support Miss Moffat.

## Anyox Pupils Pass Examinations

The following seven pupils of the Grauby Bay Schools passed entrance exams: Theodore Swanson, Dorothy Schliehe, Elizabeth Baxter, Margaret Barr, Homer Clay, Jennie Oxley, Mary O'Neill.

The Governor General's Medal for the northern district was won by Ralph Spencer, of Port Simpson.

## Elks to Hold Big Picnic and Dance

On Wednesday afternoon, August 2nd, the Anyox Elks will hold their annual Children's Flag Day Picnic. This is a very worthy event for which the Elks are deserving of great credit, as it is their way of promoting good Canadian citizenship. Every child who visits the Ball Park on that occasion will be presented with a Canadian flag which is to commemorate the entry of Britain into the world war, August 4th, 1914. Every child in town is invited to partake of the good time that day, and a record crowd is expected.

A dance will be held in the Elk's Hall, on August 4th, tickets for which are now on sale. The proceeds will be devoted to paying the expenses of the Flag Day.

## Lord Byng will Not Visit Anyox

Mr. Ross Pedvin, secretary of the Anyox Service Association received a telegram on Saturday last in reply to a telegram sent out inviting His Excellency Lord Byng Governor-General of Canada and party to visit Anyox during his trip north to Dawson.

Following is a copy of the telegram:

Vancouver, July 22nd.  
His Excellency desires me to say that he deeply regrets that time will not permit him to accept your kind invitation on the occasion of his next visit to the vicinity of Prince Rupert. He hopes that you will ask him again on some future occasion.

Capt. Balfour,  
Secretary.

## "Bill Adams" in Anyox

There is a mythical gentlemen in a British soldier poem who was supposed to do wonders. The title of the poem is "How Bill Adams won the battle of Waterloo."

On Sunday last, a party from Anyox went on a trip to Trout Lake. During the day one of the ladies discovered that she had lost her watch. A search was made in an endeavour to find the missing timepiece without avail. On the way home the inimitable Bill Adams stumbled over a root on the trail. Seemed rather unfortunate, but it was the very opposite, because while Bill was collecting himself together, the watch was found at the spot where he fell.

## NOTICE

The B. P. O. Elk's Flag Day has been changed as follows: Children's Day will be held Wednesday afternoon, August 2nd, and the Dance on Friday, August 4th. This will enable Mother and Dad to take in the Children's Sports and also attend the Dance on Friday evening, full of "Pep."

The resumption of activities at the Dolly Varden and Wolf Mines now seems to be as uncertain as they were twelve months ago. Hope was entertained a short time ago that a settlement would be reached by the different parties interested in these properties and that operations would be commenced. The summer is fast slipping away, however, and as yet no sign of activity has been shown by anyone. The situation is a decidedly embarrassing one for the residents of Alice Arm, who have held on heroically for the past 18 months in the hopes of a commencement of operations. The situation is greatly aggravated by the fact that the Dolly Varden Railway is still incapable of hauling out ore from any other property—should they be desirous of shipping—or hauling in any heavy machinery for any company that decided to commence operations. It is true the railway has been repaired so that hand cars can be operated, but the Kitsault Valley has got beyond the hand car stage, and owners of properties are waiting, and will wait, until the railroad is capable of handling heavy loads. The Dolly Varden Railway means as much to Alice Arm as the C. P. R. does to Vancouver, stop transportation and the business of the town dries up. If the disputants are going to tie up the Dolly Varden Railway for an indefinite period the government should be able to find some means of operating the railway for the benefit of other mine owners in the Kitsault valley, so that this rich mineral country will not be lying idle because a few individuals can not agree over a few minor points. During the present inactivity everyone is losing money; the workers are losing wages, the government is losing much needed taxes, and the business of the town is stagnated. With silver ranging around 70 cents per ounce, there is no excuse for this camp to be lying idle, and we hope the government will take a hand in the situation and either compel the disputing parties to operate the railway, as the agreement called for when it was built, or operate it themselves.

**Will the C. P. R. Build New Road**

The publication of an article in the Edmonton Bulletin, which was reprinted and commented on in the Prince Rupert Daily News, regarding the probability of the C. P. R. building a railway from the Peace river country with a terminus on the Pacific coast is of interest to the people of this district. This project has been a theme of gossip every year or two, but there is no doubt that some day the scheme will be brought to fruition. The terminus of the railway is the question that most concerns us. The Daily News treating the matter editorially, says:

"The C. P. R. may take a northern route from the Peace river to the coast, coming out at Stewart or Prince Rupert. This is quite possible, so that there will be another outlet to the sea with big tracts of country opened up. At one time it was reported that the C. P. R. had acquired the old Dan Mann charter from Stewart to Edmonton."

There does not seem much possibility of the railway terminus being at Prince Rupert, for the reason that the new railway would be compelled to parallel the G. T. P. for a considerable distance, and also that the greater part of the waterfrontage at that port has already been taken up.

There is a possibility—should the railway be built—of the terminus being at Stewart, but that energetic town is handicapped by the fact that one half of the Portland Canal is on the Alaskan side of the International boundary.

The late Lord Rhodnda, the Welsh coal magnate, planned some years ago to build a railway from the Groundhog coal fields, with a terminus at the mouth of the Naas river, with the idea of extending the road at some future date through to the Peace river. This road would undoubtedly have been built, but for the world war commencing in 1914.

When the C. P. R. Co. again builds through to the coast, their first consideration will be a first-class harbor, providing no extraordinary obstacles obstruct their building a railway to it. Alice Arm has, as everyone knows who has visited here, one of the finest harbors to be found in the world, and who knows, but what this modest little mining town, set like a jewel at the head of the Arm from which it takes its name, may not some day rank with the big seaports of the world, and compete with our "flapper" sister, Prince Rupert; for the honor of mistress of the north.

### B. P. O. Elks Big Convention at Winnipeg

The Dominion convention of the Benevolent and Protective Order of Elks, will be held in Winnipeg, on August 15, 16, and 17, and the Winnipeg Lodge already has all plans laid for the biggest and snappiest convention yet held. More than 1000 delegates are expected to be in attendance from more than 50 centres in Canada where Elksdom is firmly established. The majority of the delegates will be in attendance only for the entertainment feature of the programme, as representation at the convention is limited to one delegate to every 100 members.

The Winnipeg lodge has been working for weeks to make the entertainment programme one of the most attractive ever put on at an Elk convention. In addition to the ordinary features that accompany all conventions there is a river trip with a shore dinner, a barbecue at River Park, an illuminated midnight parade and several other features not yet made public. The Calgary lodge is sending down a band and there will be two local Elks bands in attendance. At one time it was considered likely the Calgary lodge would send down its "Hello Bill" revue, but owing to the time of the year and so many counter attractions, it was deemed advisable to leave that until later in the year.

Among some of the cities and towns that will send their quotas are the following: Vancouver, Victoria, New Westminster, Calgary, Nelson, Moose Jaw, Regina, Winnipeg, Edmonton, Sudbury, St. Thomas, Woodstock, Cobalt, Chilliwack, North Bay, Nanaimo, Saskatoon, Windsor, Cornwall, Richmond, Kenogami, La Tuque, North Vancouver, Kamloops, Vernon, Prince Rupert, Anyox,

Port Coquitlam, Trail, Penticton, Kelowna, Banff, Drumheller, and South Vancouver. Toronto lodge, recently formed, also will have representation.

### Big Prizes at Prince Rupert Exhibition

Readers of the Herald, and that means 100 per cent of the reading public of Anyox and Alice Arm, no doubt read the prize list for contests in last week's edition, for the Prince Rupert Exhibition. The prizes are beautiful and the list extensive, and there are many prizes that Anyox can compete for. Anyox ran second for the Baseball shield last year, and they stand an excellent chance of bringing the trophy back to the smelter town this year. Another important feature is a contest for popularity among the fair sex, and the value of prizes given amount to \$1200.00, and are awarded according to the number of votes a contestant receives from those who buy a ticket for the fair.

Anyox is the second biggest town in northern B. C. and it is up to the citizens or some organization to nominate a contestant, and then boost her for all they are worth, and there is no doubt that the Anyox representative will bring home one of the big prizes, if not the biggest. Other contests are Better Baby contest, Hand Drilling double and single, and several more open for competition to the people of both Anyox and Alice Arm.

### SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he acquires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**  
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS**

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING**  
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

See Al Falconer for Wood or Coal

Mrs. D. Rowley, left on Thursday for holidays in Vancouver and Sound cities.

Bert Kergin received a letter from Harry Fowler during the week, in which he says he is having fine time at his home in England. He did not mention when he was returning.

Some big catches of trout are being made this year. Ed. Skuglund landed over 100 in one day from the Illiance river, and

frequent catches of 30 and 40 are being made in the Kitsault.

A new road is being constructed from the end of the wharf road at the Coliseum to the centre of the town. Cribbing will be used in crossing Falls Creek, and will be filled with gravel, an opening being left for the high water in the fall.

The monthly meeting of the Citizens' Association will be held tonight at the Coliseum, at 8 p.m. All members urgently requested to attend.

Geo. Young left on Tuesday, on a business trip to Stewart.

A surprise party was held at the home of Miss B. Crawford, on Wednesday evening, in honor of the birthday of Mrs. R. F. McGinnis. A pleasant evening was spent in dancing by a large number of guests and a dainty supper was served.

The launch Awake will run an excursion on Wednesday next, to give the children of Alice Arm an opportunity to take part in the Elk's Flag Day celebration at Anyox. All children will be carried free, but must have a parent or adult to take care of them. The boat will leave Alice Arm at 9.30 a.m. sharp, returning from Anyox at 7 p.m. A fare of \$3 return will be charged for adults.

See Al Falconer for Freight and Pack Horses.

Miss Brummitt left on Thursday, for Vancouver, after spending ten days holiday, with her sister, Mrs. R. Manning.

The Flag Day celebration given by the Elks on Wednesday next at Anyox, is for Alice Arm as well as Anyox children. Everything is free. Refreshments will be given, including ice cream, lemonade, etc.

Joe Wheatley is still busy across the bay operating his logging camp. About 1,750,000 feet has been cut, of which nearly 1,000,000 feet is in the water. The second boom is now ready for towing and a third is being made up.

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

**An Aggregate Value of \$734,259,619**

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,803; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

**Production During last ten years, \$336,562,897**

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
