Nearly 200 Honor The Memory of Bobbie Burns

One hundred and eighty people attended a real old fashioned Burns' dinner and dance in the Mine Hall on Monday the 25th. to celebrate the anniversary of Scotland's immortal bard. The dinner was a most enjoyable one, and the whole evening was pronounced to be one of the best ever spent in Anyox.

The proceedings were commenced with the giving of the "Selkirk Grace" by Mr. Jack Russell. The haggis was then brought in with due pomp and ceremony by Mr. James Wardrope, to the accompaniment of the pipes played by Mr. J Shields. The bearer of the haggis was assisted by Misses Bessie Barclay and Helen McLeod. It was placed before Mr. James McMillan, who gave in a most efficient manner, Burns' "Address to the Haggis," whereupon it was immediately toasted by the whole company.

After the dinner toasts were honored as follows: "Immortal Memory," proposed by T. J. Kirkwood; "The Lassies," proposed by Mr. J. Shields, and very ably responded to by Mrs. James McMillan; "The King," proposed by Mr. Angus McLean.

The floor was then cleared, and dancing was indulged in to splendid music supplied by Sid Armstrong and his orchestra. The Circassian Circle was the first number, followed by such old time Scotch dances as the quadrilles, reels, Highland fling, patronella, schottische and waltzes. Mr. Donald Morrison was the able Master of Ceremonies.

During the evening, Mrs. J. M. Dunn sang: "Star of Robbie Burns," responding with "Ca the Yowes tae the Knowes. Mr. J. McRitchie sang "Sandy McNab," and gave as an encore an appropriate Scotch number, and Mr. James Boyd sang in fine voice, "My Ain Folk." Misses Helen McLeod and Bessie Barclay danced in beautiful style the Highland Fling.

Mr. T. J. Kirkwood was the chairman for the evening, performing his duties with thoroughness, and pointing his remarks with a wit, sparkle and zest that kept the company at their best. The committee in charge were Mrs. Patrick, Miss Brisbane, Mrs. Kenny MacDonald, Mrs. Harry Elsmore and Mrs. Malcolm Campbell. They were assisted by other ladies, whose cooking ability and generous services did much to make the evening such a success. The committee extend their very best thanks to all those who helped to make the evening a memorable one.

Investigated Applications For Direct Relief

H. S. Hoskins, Government Agent at Anyox, spent the week end at Alice Arm, arriving on Saturday and leaving on Monday.

His visit was in connection with the granting of direct relief to applicants of this district. During his stay he interviewed each applicant personally and the result of his efforts convinced him that all those desiring direct relief were entitled to it.

Snowfall At Alice Arm Is Above Average

Alice Arm presents a real winter appearance. At the present time the snow measures 4 feet 1 inch on the level. It is solid snow that has been settled by rains and warm winds.

This is above the average height for the month of January. If the district receives its usual snowfall during the month of February and the first part of March, it is possible that from two to four feet will be added to that already lying on the ground.

Snow shovelling has been the popular outdoor sport during the past week.

ALICE ARM NOTES

Morris Petersen returned home on Saturday after spending a two week's visit in Anyox.

Mr. M. Smith arrived last week from Montreal, via the Panama Canal, and will spend about five week's vacation with Mr. J. C. Studdy.

The dance which was to have been held this evening by the Alice Arm Orchestra has been postponed It has been decided to hold it on Saturday, February 13th,, at the Alice Arm Hotel. It will take the form of a Hard Time Dance, and the basket social, as originally proposed will be eliminated.

Wildcats, High School And Store Won On Friday

Three excellent games of basketball were played on Friday the 22nd. In the boys' intermediate game the Wildcats made another killing, cleaning up the Scouts with a score of 16 to 8. The Scouts, however, played well, and with a little better combination should give a much better account of themselves at the next fixture.

A splendid game was played between the ladies' teams—the Spooks and High School. So close was the checking that the very low score of 8 to 4 was the final result, the students taking the top end. With a strong line-up of the Spooks a very different result could have reasonably been expected, and we expect a come-back by this team at an early date.

In the Men's Senior game between the Store and the Vandals, the Store turned in their first victory of the season. The fans are wondering why they waited this long before displaying their wares, for they really have "the goods," as was demonstrated. They played well, singly and collectively. It was a fine game throughout and well worth watching. The final score was 14 to 10.

Daughter Born to Former Anyox Residents

Word has been received in Anyox that a daughter has been born to Mr. and Mrs. Len Goedbloed, both formerly of Anyox. Mrs. Goedbloed was formerly Miss Patrick of the hospital staff and Mr. Goedbloed was a member of the Assay Office staff. Mrs. and Mrs. Goedbloed are now residing at Nelson, B. C. They were married in Vancouver in the early spring of last year.

Receiving an urgent message by telegram on Monday morning to the effect that her mother was seriously ill, Mrs. J. A. D. Stewart caught the "Catala" for Vancouver, from which point she will journey to Naniamo, where her mother is critically ill. The home of Mrs. Stewart's mother is in Parksville, twenty-six miles from Naniamo. Mrs. Stewart was fortunate in being able to make an immediate start on her journey when she received the wire.

Anyox Orchestra Will Give Two Concerts

The Anyox Amateur Orchestra, under the leadership of Mr. J. Peel, announce two concerts, one at the Mine Hall on February 14th. and the other, in all probability on Wednesday the 17th. in the Beach Recreation Hall. As a result of careful rehearsing this ambitious orchestra is now ready to put up a really noteworthy performance, so that the concerts announced will be sure to prove a treat for all those who attend. Further details will be announced later.

Mill Basketballers Defeated Store on Monday

In the game played on Monday the 25th. between the Concentrator and the Store, the Millmen turned in the winning card showing 20 points against ten by the Store. The latter team were not quite so brilliant as in their previous game. At the present time the three senior teams are fairly closely matched.

ANYOX NOTES

Mrs. A. H. Kirby arrived on Monday last from a visit to Vancouver.

After spending some time in Vancouver on special medical treatment Mr. R. Deeth returned to Anyox by Monday's boat.

Mr. and Mrs. Charles Bocking arrived on Wednesday the 27th., from the south.

A. H. White, Secretary to Mr. Bocking arrived on Wednesday's boat.

J. Ion returned to Anyox on Wednesday from a visit to Winnipeg.

Cost of Living Dropped Considerably Last Year

Ottawa—"Cost of living index numbers, with very few exceptions fell much faster in 1931 than in 1930, which may be taken as a favorable development, since most authorities consider that wholesale and retail price levels must come much closer together before a substantial improvement in business can be anticipated," says a report on price movements in 1931 issued by the Bureau of Statistics.

Badminton Club Hold Very Successful Tournament

On Wednesday the 27th. the Anyox Badminton Club held a tournament in the Gymnasium, fourteen couples competing. The play was divided over two courts, each couple playing six games. As in the previous tournament, the third court was utilized as much as possible and again justified its existence by cutting down the time of the tournament considerably. Some close scores were registered. On No. 1 Court the winners were Mrs. Stretton and T. Cloke with a score of 87, the runners up, Captain Johnston and Miss F. Dresser, being only one point behind with a score of 86.

On No. 2 Court Miss [illegible] and Mr. C. Edwards were the winners with a score of 91, closely followed by Miss D. Grigg and Mr. C. P. Ashmore with a total of 90. The latter pair made the only perfect score recorded in the tourney.

The games were very keenly contested, and the evening was a most enjoyable one for all who took part.

Refreshments were served by the committee and were much appreciated. Mrs. C. McLachlan presented the prizes at the close of the tournament.

Athletic Association Hold Card Party

A very enjoyable Card Party was held by the Alice Arm Athletic Association last Saturday evening at the Club House. In spite of the heavy snow storm which prevailed during the day a large number were present who fully enjoyed the evening's entertainment provided.

Bridge was played at each table, the prize winners being Mrs J. Wier securing ladies' first prize and Mrs O. Evindsen the ladies' consolation, while Ted Kergin successfully carried home the men's first prize and Mr. Gus Anderson captured the men's consolation.

Refreshments terminated the evening's activities.

As the ladies have superintended the providing of refreshments throughout the season it has been suggested that the men carry out this duty during the remainder of the winter.

Expenditures of Dept. Of Education Are Explained

The accompanying statement shows in detail the amount of money estimated to pass through the Education Department during the year ending March 31st, 1932.

This amount is looked upon by many people of the Province as being a Government expenditure, and, as such, being excessive.

On examination it will be seen that very little of it is Government expenditure in the proper sense, as $96.00 out of every $100.00 are used in providing cash grants to educational institutional services that the people would otherwise have to do without or provide for themselves.

If this Department is to reduce its expenditure to any appreciable amount, the educational services such as Correspondence instruction to children in remote parts of the Province, industrial education (such as Manual training and Home Economics), training of teachers, and the maintenance of the school for the blind must be curtailed.

In addition, the cash grants to Municipalities, rural school districts the University, etc. must be lessened.

Letters have been sent out to the Municipal School Boards, notifying them of the reduction of grants that must be made in order to reduce the expenditure of the Department.

Present grants to the rural school districts will be continued to the end of June, as these districts have already made provisions for their finances to that date. During the coming session the amount of reduction in grants will be definitely decided upon, so that the rural boards will know before the anuual meeting in July exactly what Government assistance they will receive.

C. N. Railway Shops Will Operate On 5-Day Week

Montreal, Que., Jan. 16—During January, Feburary and March, the principal shops of the Canadian National Railway will operate on a five-day for three weeks of each month, commencing with the first Monday of every month, it was announced by S. J. Hungerford, Vice-President in charge of Operation, of the National System.

Notice to this effect is being given the men in accordance with the schedule and all the principal shops across Canada will be affected.

Including laborers and clerks, the personnel concerned will number about 10,000 men. Previous to the beginning of this year, the shops had been on a 36 hour week and the new time arrangement of forty hours per week for three weeks each month will bring about a reduction of approximately four days per month in working time.

Sun Life Assurance Co. In Strong Financial Position

Montreal, Jan. 23—In keeping with encouraging news from various lines of business, indicating an improvement in general conditions, is the report that assurances in force with the Sun Lite of Canada passed the three billion mark. In spite of theunprecedentedeconomicupheaval throughout the world, the company wrote over five hundred millions of paid-for new business during the year just ended. The income shows a large increase over the previous year and is understood to have been not much under two hundred million dollars.

Insurance institutions are least affected by depressions, for life insurance is essentially a long-term proposition and its investments must of necessity be made to cover a period of years. Insurance companies are more concerned, therefore, with the earning power of their investements than their market values. From reports gleaned in the financial district it is understood that the assets are now more than six hundred million, and that it has made new investments during 1931 of over fifty million dollars. It is known that during the year the Sun Life purchased government bonds alone to the extent of over twenty-three millions of dollars.

Seven Seas Traversed

We passed in luxurious comfort, free from any care or irritating responsibility and absolutely without one disturbing incident from continent to continent," stated Lady Williams-Taylor on her return from a world cruise on board the Canadian Pacific liner, the "Empress of Australia," during which tour five continents, twenty-one countries and twenty-six ports were visited and seven seas traversed.

"With sheltered ease," continued Lady Taylor, "we had unfolded to us the soul-penetrating magnificence and the somewhat repellant fanatical conditions of India and distraught, yet ever thrillingly interesting China. We steamed up and down the dangerous Pearl River, and saw first-hand the devastation of Canton. Mysterious Java, and almost untouched Sumatra, held us spellbound. Singapore and its ever-growing docks amazed us, and lovely Ceylon enchanted us. But Hawaii wound itself about our hearts and, to its haunting 'Aloha Oe,' we saw it fade away through regretful tears. Not only are the islands more than fascinating, but the Royal Hawaiian Hotel would tempt any traveller to return.

"After such a wonder tour of 133 days," concluded Lady Taylor, "we 'Lotus Eating Tourists' have once again to face the realities of ordinary existence without the untiring supervision and perfect organization of the mighty and far-reaching Canadian Pacific Railway and Steamship's protection and care of us. It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bid farewell to our floating home—the 'Empress of Australia.'"

Fairy Rhymes Come True

"Hey diddle, diddle!
The cat and the fiddle,
The cow jumped over the moon . . . ."

In our childhood days we accepted the above as gospel, the world being then new and wonderful where anything might happen. But it remained for the year 1930 to make it partly true with the airplane flight of Strathmore Hanna Fairchild, prize Holstein calf of the C.P.R. Experimental Farm at Strathmore, to Calgary and back. Little Hanna whose mother's half sister is the famous Strathmore Sylvia with a record of 29,371 pounds of milk in one year, was clad for her journey in a pneumonia jacket. Her feet were secured and a strong sack placed around her up to the neck. She lay quiet in the plane and seemed to like her trip. Lay-out shows Hanna who was named after John H. Hanna, secretary of the Calgary Board of Trade, greeted by a number of leading Calgarians and visitors on her arrival. Inset shows her peering out of her pneumonia jacket aboard the plane.

Married Men Of Stewart Ask For Government Work

Stewart News

At a well attended meeting of the Married Men's Association of Stewart held in the Moose Hall last evening, considerable correspondence in connection with relief work was dealt with. While replies already received to former letters written to the Government have been fairly promising, the matter has been allowed to stand at that, and the secretary was instructed to write further letters to the Minister of Public Works, Chairman of the Relief Committee, the Hon. W. A. Mackenzie, and John Anderson, Road Superintendent for Atlin, pointing out the necessity of providing some work whereby the married men will be able to provide for their dependents.

A further matter dealt with was that of Stewart being without a doctor. In this connection, the secretary was instructed to communicate with the secretary of the B. C. Medical Association, and the Hon. S. F. Howe, Provincial Secretary, with a view of placing the local situation before them, and requesting their assistance in securing for Stewart a resident doctor.

Liquor Profits in 1931 Will Show Drop

Liquor profits in British Columbia, due largely it is believed to a dropping off of the purchases by American visitors, will show a decrease of about $1,142,000 in 1931, it is estimated. Lower grants for schools and hospitals will result.

"I'm afraid I'll have to raise your rent."

"I wish you would; I'm sure I can't raise it."

The Regina Rough Riders got a rough ride from M.A.A.A., although they earned a whole lot of applause. The Montreal team found them just about the same as the Mustangs, whom they had trimmed also 22 to 0 a week before. Harnessing the gee-gees to the Winged Wheel, so to speak!

"The Four Hundred" has long been synonymous for the people who do the right things. It is fitting, therefore that it should also be the total of the passengers on the first cruise around the world by the new wonder-ship "Empress of Britain", which left New York on December 3.

With the Canadian dollar where it is in the market, there is a marked tendency to keep it at home and many Canadians are spending, or planning to spend, the winter amid the beauties of British Columbia, instead of "going south". Fifteen per cent can mean a whole lot of dollars and the British Columbia coastline is one of nature's most beautiful spots, anyway.

There are 32,269 schools or colleges in Canada, taught by 83,144 teachers and attended by 2,490,623 pupils, or one quarter of the Dominion's population. The average expenditure is about $66 on each pupil enrolled. Attendance is on the up grade, being 77 per cent for the whole Dominion, as against 64.7 in 1919. And the future of technical education is assured, for the Technical Education Act provides for Federal grants of $750,000 per year for 15 years, which means that the night schools will be able to run to say nothing of the day courses in technical institutions. 805.

The Mountain comes to Mahomet these days. University of Alberta gives educational courses by radio four times a week, enabling those unable to attend in person to have the university taken to them.

Total value of all field crops produced in Canada in 1931 is estimated at $431,251,000, of which wheat accounts for $108,786,000. Hay and clover is the next most valuable crop, being put at $113,961,000.

A solid block of blue granite hewn from the side of Mt. Sir Donald, in the Canadian Rockies, has been shipped to New Haven, Connecticut, to be incorporated in the new Strathcona Memorial Building now being built at Yale University.

The five great branches of primary industry in Canada, as measured by the latest available statistics of value of production were agriculture, forestry, mining, electric power and fisheries, with the first having a production greater than all the four others combined.

Out for the E. W. Beatty mid-winter golf championship trophy to be fought for over the links of the Royal Colwood Golf Course, February 22-27, leading amateurs from Seattle have notified their intention to compete. Last year's cup winners from Victoria will also tee off and there will be strong contingents from Vancouver and the Prairie Provinces as far east as Winnipeg.

Who is the Canadian Pacific pensioner with the longest service record? A controversy recently raging has been ended by the official statement that John Caesar, of Vancouver, is the "grand old man" of the company, with 48 years of service, closely followed by W. J. Grant, of Hamilton, with 47. They are respectively 81 and 78 years of age.

Highly pleased with their first experience of Canadian ski-ing country, delighted with Canadian hospitality and looking forward to future visits to the Dominion, the Oxford-Cambridge skiers sailed recently from Saint John to Liverpool aboard the Duchess of York. Matches between Canadian and British university ski teams will probably be a result of the visit.

Eyes of winter sport enthusiasts are now being focussed on the big event of the season on this continent, the 11th annual Eastern International Dog Sled Derby to be held February 22-24 at Quebec over a course of 123 miles, terminating with the Dog Derby Ball at the Chateau Frontenac. Outstanding dog mushers are entered for the event. (815)
