Anyox Couple Wed On August 4th.

A quiet wedding took place on Saturday afternoon, August 4th. at the United Church Manse, Anyox, the contracting parties being Miss Ruby Margaret Steele, of Winnipeg and Mr. Francis George Ubell, eldest son of Mrs. M. Ubell, of Saskatoon. The Rev. Evan Baker performed the ceremony.

The bride wore a gown of white georgette with hat to match, and carried a bouquet of roses. Mrs. George Newton was the matron of honor, wearing a gown of delicate coral shade and carrying a bouquet of carnations. Mr. George Newton acted as best man. A reception was afterwards held at the Hotel, the table being tastefully decorated and centred with a three-tier wedding cake.

Mrs. Ubell was formerly Captain Steele, of the Salvation Army, stationed at Trail, B. C. Mr. Ubell is a popular baseball player at the Mine, and has received the congratulations of a large number of friends. The young couple will reside at Anyox.

Cubs Trim Colts By a 6-2 Score In Fast Game

On Tuesday the 1st. Cody, the veteran Cub manager, chucked his own ball game and turned the Colts back to the tune of 6-2. The Hueston boys just weren't playing ball. Errors by LaPlante and Walmsley counted for runs that gave the Cubs an early lead. The furry youngsters landed on McInnes' offerings at the right times to nicely bunch their hits and drive three runs in the second. Rowland at second had a field day with four assists. Pessut's long three-bagger was the Colts' big effort.

Scout Committee Members Visit Camp

R. L. Healy and R. J. A. Manning members of the Anyox Scout Committee, spent a few days at the camp this week, arriving on Thursday and leaving again on Tuesday. W. F. Eve and D. Williams also committee members, visited the camp on Tuesday for a short time. They came over from Anyox on the launch Kavema, accompanied by a party of ten friends. Mr. Eve returned the same day, but Mr. Williams is staying until tomorrow and will assist in dismantling the camp.

Stan. Thomas returned on Monday from a trip to Vancouver.

Rain & Snowfalls At Various Points In British Columbia Last Year

People of Anyox and Alice Arm often complain of the wet weather. It is a wet climate, but a booklet issued by the Department of Agriculture—a copy of which was received at the Herald Office this week—shows that many other places in British Columbia have a much heavier rainfall than here. Following is a table showing the rain and snowfall for 1932 in various parts of the province.

MAINLAND COAST

	Ins. Rain	Ins. Snow
Anyox	68.16	274.8
Aiyansh	39.66	161.7

Mine Beaten In First Cup-Tie Game

A good number of spectators were on hand to witness the first of the Cup-tie games, played between the Mine and the Celts on Thursday the 3rd. and won by the latter 4-1. The Scotsmen were out at full strength and played in masterly style, while the Mine were minus Graney at back and played one man in civies, which was an obvious handicap.

However, they made a splendid effort to win, and gave the blues a lot to worry about despite the total against them. Their outside left, however, was evidently off form, and did not play up to his usual aggressive style. Calderoni filled well the full-back position, while Phillips, Ferguson and Jelbert played untiringly. Horner was in fine form for the Celts, notching two nice counters. The Celts forward line were in fighting trim and kept the Mine defense busy, Herzl playing his usual dependable game between the sticks.

The Celts' first goal was from a free kick in the goal mouth, and the last was by Hawes, just before the final whistle. The lone counter by the Mine came from a penalty kick taken by Ball in the first half.

The teams: Mine, Herzl; Dixon, Calderoni; Martin, Dyer, Horne; Schaefer, Phillips, Ball, Ferguson, Jelbert. Celts: Taylor; J. Gillies, Currie; H. Johnston, Murray, W. J. Johnston; L. Gillies, Horner, Hawes, Buntain, Patrick.

Lady Golfers Carrying On With Competitions

In the match against par, played on August 1st. Mrs. Wenerstrom was the winner of the 18-hole distance and Miss F. Dresser the victor in the 9-hole contest.

A putting competition will be held on Tuesday the 15th. over 9 and 18 holes, and a straight medal round handicap over 9 and 18 holes will take place on Tuesday August 29th. For these competitions players may select their own partners and play at any time during the days mentioned.

Beach Winners Of Baseball League Championship

On Sunday the Beach and Colts met in a replayed Cup Tie game, when the former evened up their league standing by defeating the Colts 12-6.

On Tuesday the Beach were again victorious over the Colts, winning the game with a 7 to 4 score, thus winning the League championship.

Thirteen Anyox Scouts Hike To Bowman Lakes

A party of thirteen of the Anyox Boy Scouts, who are camped at Clearwater Creek, made a trip to Bowman Lakes last Friday, starting at 5 a.m. They returned on Monday, coming down in less than five hours. They thoroughly enjoyed the trip, but due to the high water at the lakes fishing was very poor, a total of 20 trout being caught, some of which, however, were large.

Those making the trip were Troop Leaders T. Kirkwood, R. Nelson and W. Lindsay, Seconds E. Healy, D. MacDonald, J. Cundill, Scouts L. Murdoch, S. Kirkland, D. Ward, D. Williams and C. Watson. They were under the leadership of Scoutmaster Gale and R. L. Healy.

During the trip ten Scouts were left at the camp in charge of R. J. A. Manning and Patrol Leader J. Dodsworth, and the former took the boys on a couple of hikes to Copper Creek and Silver City.

The Scouts greatly appreciated the assistance of Mr. Healy and Mr. Manning in the hikes during their visit to the camp. While the boys greatly enjoy the hikes there is one thing that is still more popular, and that is Mrs. Gale's good cooking.

On the return of the party from Bowman Lake on Monday a softball game was played between the Bowman's and the Stay-at-Homes. The latter won with a score of 20 to 17.

During the past three weeks several softball games have been played between the different patrols. Boxing also has been a popular sport. The boys set up a temporary ring in which all arguments and differences were settled in a friendly sportsmanlike manner.

The excellent weather that has prevailed during the greater part of the time spent in camp, has made the holiday very enjoyable, and all will regret it when camp is broken tomorrow and the homeward journey commenced.

Championships for H. Creek Tennis Club Started

The official opening of the Hidden Creek Tennis Club took place on Sunday last, when some games of the opening rounds were played. A good many members attended and afternoon tea was served.

In the Men's Doubles J. Gillies and G. Roots won from H. McDonald and Ted Kergin in two straight sets.

Large numbers of Anyox people are enjoying summer holidays this year. Many have gone to southern cities. Others have taken their holidays nearer home and have enjoyed the excellent holiday facilities at Alice Arm. Several boat owners have taken trips along the coast, both north and south in their own boats. Others have taken an odd day or two holiday. Those that haven't taken a rest this year wish they could for all realize that a pleasant summer holiday is much better than an attack of flu or something else in the winter, and one is more liable to contract a sickness during the winter unless the body is strengthened by a complete rest and change of air for a week or two during the summer.

The Pacific Great Eastern Railway, which the Kydd Committee recommended the government to abandon as worthless is paying its way. Which once more proves never to take the advice of the crepe-hangers very seriously. Without the P. G. E. it would have been impossible to develop the gold mines of the Cariboo Country to the same extent as they are being developed today.

Latest information as to the date of the coming Provincial election is that it will be held early in November. We suppose that this means 1933.

Bralorne Mine Has Large Ore Body

Reports from Bralorne mine in Bridge River district are that the ore body opened up on the seventh level is of record size and value and will put Bralorne into the forefront of Canadian mines.

The vein is over 50 feet in width, according to information received, with values running better than the mine average. The mine average is around \$18, so the new ore body values will likely be over \$20.

If this continues to develop, with maintenance of width and values, it will be the greatest ore body of any mine in Canada.

Big Missouri Mining Co. Will Be Re-organized

Re-organization plans for Big Missouri Mining Co. were approved at a meeting of shareholders in Tacoma, July 21. A Canadian company will be incorporated to take over the assets of the old company and shares will be exchanged on the basis of one new for each two old.

Dunwell Co. Will Again Operate Mine

Leasers are getting good results working on the Sunbeam and Ben Ali veins on the Dunwell property, according to R. M. Stewart, president of Dunwell Mines Ltd. The mill is running at 20 to 25 tons daily and a new ball mill for fine grinding is being installed to increase savings.

In addition to shipment of concentrates selected ore is going to Tacoma and Selby smelters. The mine is being operated by leasers with Dunwell receiving 10% of net smelter returns and 10% on profits from the mill. The mill is handling ore on a custom basis from leasers and is itself under lease.

These various leases will expire "in the coming few months," Mr. Stewart told The Financial News, and the company will take over the property again. On the Sunbeam vein a recent assay across 3 1/2 feet gave .40 oz. gold and 384 oz. silver per ton.

Ore is being won by open-cutting on the surface. The company owes no money.

Gold Production At Pioneer High

Officials of Pioneer Gold Mines report June production at \$193,800 (London premium calculated on conservative basis); expenses \$50,300; net before taxes and depletion \$143,500. Production was lower than in May owing to large crusher being out of commission for two weeks due to broken shaft. The smaller crusher was used, while the other was out of commission.

Yield of gold of Pioneer Gold Mines, Bridge River district, for the first six months of this year was \$1,175,250, including the premium. This is more than for the whole of 1932. Net profits for the six months are approximately \$875,000 before taxes and depletion.

Early in the present year, the provincial mineralogist estimated that 1933 production of Pioneer would be about \$1,800,000.

Output of bullion for the month of June was \$193,800, with net at \$143,500, exclusive of allowance for taxes and depletion.

Canadian Copper Production Lower In April

Canadian copper production in April amounted to 19,776,008 pounds as compared with 21,708,287 pounds in March and 22,077,843 in April, 1932. Blister copper output in April declined to 17,648,082 pounds from the March total of 18,915,437 pounds. During the first four months of 1933 the total copper output in Canada was 81,600,744 pounds or 7.1 per cent below the production in the corresponding period of 1932.

Consolidated Mining and Smelting Co. will increase zinc production approximately 10 per cent. August 1, reports S. G. Blaylock, vice-president and general manager. The plant will be stepped up from 40 per cent. to 50 per cent. of capacity.

Wild Animals Friendly on Banff-Windermere Highway

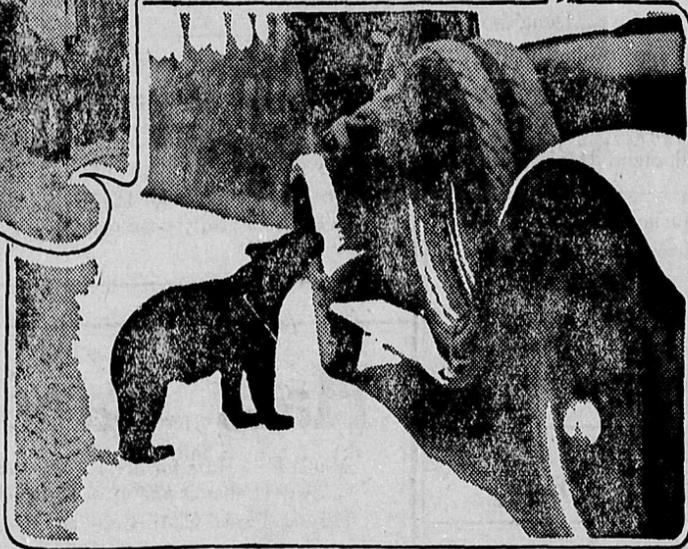

MAMMA BEAR AND KIDS, LAKE LOUISE

BIGHORN SHEEP STOP CARS NEAR BANFF

CINNAMON BEAR NEAR BANFF

BOZO BEAR TRAFFIC COP

"The Friendly Road," by David Grayson, which is well-known to many lovers of nature, depicts incidents and friendliness of people along country roads and in the rural districts. There is, however, a road in the Canadian Rockies the friendliness of which is not due to mortals as in Grayson's book, but to the friendliness of animals. Animals termed wild, but in this instance a word that cannot be applied to those on the Banff-Windermere Highway. There is possibly no more beautiful road than this which runs from Banff to Lake Windermere, in the Columbia River Valley. The distance of 104 miles is spectacular and the scenes are constantly changing. The views from the high passes looking down into valleys, thousands of feet below, tiny lakes surrounded by al-

pine meadows, rivers crossed and recrossed, and glimpses of cascades tumbling down slopes from dizzy heights are intriguing and beautiful.

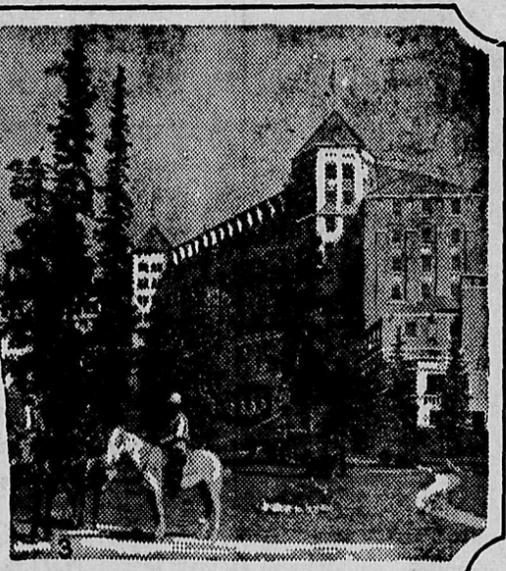

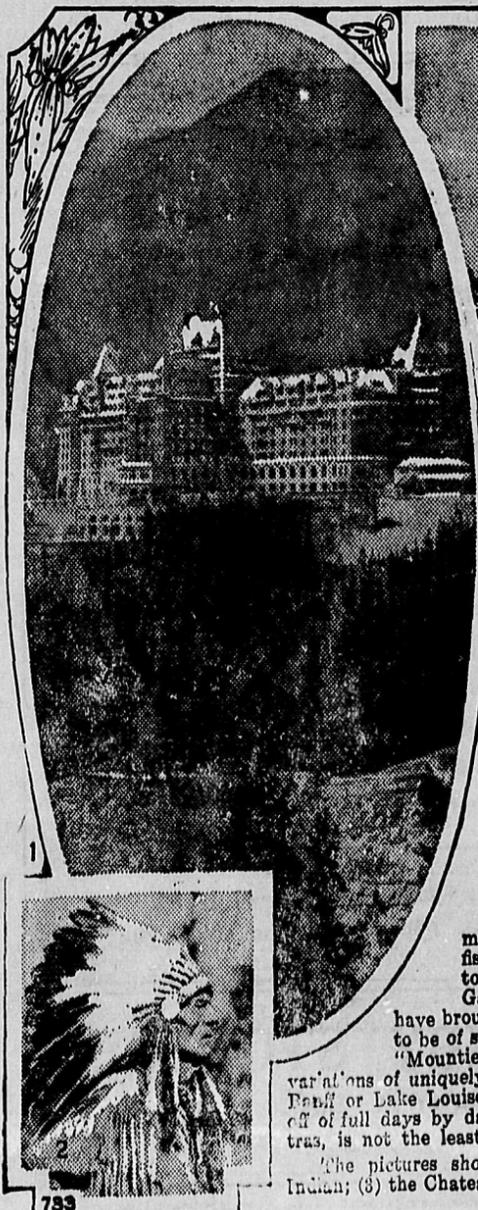

To this natural beauty is added that of seeing the animals in their natural haunts. Rocky Mountain sheep are seen on the road along Vermilion Lakes not far from Banff. They are so tame that often motorists have to slow down as they will persist, almost to the point of danger, in standing in the middle of the highway.

Bozo, a black bear, is a friend to many motorists on the Banff-Windermere road. He comes out on the highway as if he had sole right to it. He does not resent these invaders in the least and really wishes to

show his friendliness. Sometimes he has lunches handed to him and the remarks of "nice old chap, fine old fellow," please him tremendously, and he will try to come even nearer. Bozo no doubt had many dreams during the winter of summer tourists, and possibly has figured out in true bear fashion just how to get the most out of the tourist season.

Deer are seen, also, on this famous highway, though not as often as other animals. They are regular visitors to Banff, and are frequently seen on the streets of the village. There are hundreds of miles of smooth motor roads through the Canadian Rockies, and devotees of the open road are visiting this region in increasing numbers annually.

Rocky Mountains Are Ideal Holiday Land

Beauty unrivalled, health-giving altitudes, all the comforts that modern ingenuity can devise and "something to do" all the time await the army of travellers from all over the world, which annually invades the glorious Canadian Rockies through the Banff Springs Hotel and the Chateau Lake Louise. These stately up-to-date hostleries, which open on May 15 and June 1, respectively, are not only key-points to the most beautiful mountain territories in the world, but are, themselves, located in settings of a beauty which has to be seen to be truly appreciated. On the main line of the Canadian Pacific Railway, which owns and operates them, they are equipped not only to be "homes from home" to the travelling public and holiday-seekers in the generally accepted sense, but to furnish entertainment for their guests in many and varied ways. Auto drives, trail-rides, boating, fishing, swimming, golf, tennis, hiking and mountaineering, to say nothing of the famous Indian Days and the Highland Gathering, are all part of programs which years of experience have brought to perfection. Experts in all lines are in attendance to be of service to the hotels' guests and real cowboys, red-coated "Mounties" and true Stoney Indians lend color to a hundred variations of uniquely picturesque scenes. There is never a dull moment at Banff or Lake Louise. There is something for every taste and the rounding off of full days by dancing in cool and spacious ball-rooms, to smart orchestras, is not the least of the attractions offered.

The pictures show: (1) the Banff Springs Hotel; (2) a typical Stoney Indian; (3) the Chateau Lake Louise.

Our Circulation Is Increasing!

WHY?

Because the Alice Arm and Anyox Herald carries all the local news of the district, placed before its readers in a concise and pleasing manner. A glance over the headlines shows exactly what has happened in Anyox and Alice Arm during the past week.

Reliable reports gathered from authentic sources, regarding the state of the copper and silver markets are frequently published; also interesting news items of provincial mining activities, etc.

Broadminded editorials, written from a purely independent viewpoint, concerning the metal markets, Provincial, Dominion and International politics; also editorial comment on local affairs are a feature of the Herald.

This bright and newsy paper will be sent you through the mail for \$2.00 per year, or \$1.00 for six months. Or 5 cents per copy if you wish to buy it by the week.

Colts Defeat Cubs In A Shut-out Game

The Colts got revenge on Friday for the Cubs' Tuesday victory by putting over the first shut-out of the year. Windle did a sweet job on the mound for the Red Caps, while Lewis, who started for the Cubs, was relieved in the 4th. by Lazorek. From then on the Colts played shut-out ball, but the Cubs tightened and sent them home without a man crossing the plate. Things brightened up in the last innings for the Cody boys when Roberts and Falconer got on bases by errors on White, and Gibson loaded them with a single, but the rally died as Lazorek fanned.

Celts Beat Rangers In Strenuous Game

Although starting with one man short and later losing a man temporarily through injuries, the Celts triumphed over the Rangers on Monday last in the stiffest tussle seen at Anyox this season. Both sides played with great determination all the way and it was perhaps the doggedness of the Scotsmen that won the day.

Joe Peel volunteered for the Celts and although it was his debut in football this season he filled a much needed want. Horner, inside left for the blues, had to retire in the second half through an injury, but limped on to the field later and scored the winning goal shortly afterwards. Jack Ion again donned a red shirt to play full back for the Rangers, and both he and Fred Calderoni played sound defense. Dodsworth and Flye were outstanding for the losers, both playing fast

and tricky ball, while Patrick for the Celts has developed into a player to be reckoned with. Sparky Johnston played the game of his career, never tiring and being right there in the difficult pinches.

The first goal was from a free kick in the Rangers' goal-mouth, the second from a penalty against the Celts, and the third a close-in shot by Horner.

The teams: Rangers, Hunter; Ion, Calderoni; Francis, Hamilton, Dodsworth; Flye, Donaldson, S. Peel, Buchanan, Galbraith. Celts: Taylor; Gillies, Currie; W. J. Johnston, Murray, J. Peel; H. Johnston, Horner, Buntain, Hawes, Patrick.

Mrs. Harmula arrived on Friday from Vancouver.

The loudest condemnation of the man who tried, but failed, is uttered by the weakling who was afraid to try.
