ALICE ARM, B. C., SATURDAY, OCTOBER 7, 1922

5 cents each.

Monthly Meeting of Alice Arm Citizens' Association Held

The regular monthly meeting of the Alice Arm Citizens Association was held in the Anglican Church Building, on Saturday evening, September 30th. The meeting was well attended, and a considerable amount of business was transacted. Vice-President A. Falconer presided.

A letter from President Cameron tendering his resignation, was read and accepted. Nominations were then made for the vacancy. Mr. H. Fowler was nominated by Mr. Riel, and Mr. C. P. Riel was nominated by Mr. S. Dumas. Mr. Fowler, declined in favor of Mr. Riel, who was declared elected and took the Chair.

Letters written regarding the float at the Government Wharf, Alice Arm-Naas Valley Trail, and Rock Drilling Contest at the Prince Rupert Fair, to Mr. F. Stork, M.P., Dr. Sutherland, and Mr. G. Kerr respectively, were read, and on a motion by Mr. Peterson, seconded by Mr. Bruggy, the correspondence was filed.

The first business to be taken up was the matter of operating evening classes during the winter, in conjunction with the Northern Polytechnic Institute. Considerable discussion ensued, and it was finally resolved that as Alice Arm would be assessed \$150 for the maintenance of the head office in Prince Rupert, that it was better to leave the matter in obedience for the present, and that if classes were operated this year, that they should be purely local. A motion was made by Mr. G. Strombeck, seconded by Mr. A. Falconer, that the secretary be instructed to write to the Director of the Northern Polytechnic Institute and explain the situation to him. A motion was then made by Mr. Moss, seconded by Mr. Peterson, that a special meeting be called on Tuesday evening, for the purpose of further discussing the organizing of classes for the coming winter.

Owing to the fact that the foot bridge across the Kitsault River, has been washed out, the subject of building a permanent bridge was again brought up for discussion, and Mr. A. Falconer suggested that the bridge could probably be built by the citizens of the town during the winter and the government refund the money next summer. The Chairman suggested appointing a committee to investigate the best site for a bridge, and that Mr. Geo. Young, road superintendent, make an estimate of the approximate cost, to be presented at a special meeting of the association to be held on Saturday, October 14th. The committee appointed, were: Messrs. G. Young, Continued on page 4.

Mine Club Organization Meeting at Anyox 180 Members Join

On Friday, September 29th, some eighty members of the Mine Club, assembled in the Recreation Hall for the purpose of electing officers for the ensuing year. Mr. Sam Murray was appointed Chairman to open the meeting and he wasted no time in getting things under way. He called for nominations for President and Mr. T. J. Kirkwood was elected unananimously. Mr. Kirkwood then took the Chair amidst thunderous applause. He gave a short address outlining the aims and objects of the Club, and he hoped that every man on the Mine hill would become a member.

Other officers elected were: Vice-President J. W. Herbert, Secretary-Treasurer T. W. Murphy. Chairman of Committees: Card Tournament, J. W. Herbert; Smokers and Sports, J. Hopton; Hall Committee, A. Ployart; Social and Dance, W. Legg. Auditors, J. A. McMasters, J. Wilson, J. Folhurst. The proposed constitution was read, and after some paring and repairing, it was adopted with the amendment that there be no charge to admission to games played by two mine teams.

The secretary intimated that there are now 180 members in the Club and it is expected that every man on the hill will become a member.

Many suggestions were put forward for the benefit of the Club, and judging by the display of enthusiasm the Club promises to be one of the foremost organizations in Anyox.

Two well known athletes volunteered to give their services as instructors, viz: George Corekle, boxing; Dick Stubb, wrestling and physical culture.

Two Accident Cases in Anyox from Stewart

Two accident cases arrived at Anyox Hospital, on Thursday, from the Stewart district, the two men being J. Hurrell, from the Premier mine, and T. Skuglund, senr., from the B. C. Silver mines. Both men are well known locally, Mr. Hurrell having operated a diamond drill at Anyox, for Boyle Bros., and Mr. Skuglund is well known both in Alice Arm and Anyox as a miner. Mr. Skuglund had the misfortune to have a rock strike him on the head. Both men are doing well.

BIRTH AT ANYOX

Born at Anyox Hospital, on Tuesday, October 3rd, to Mr. and Mrs. A. J. Collison, of Kincoloth, a daughter.

Logging Camps Will be Operated

That extensive logging operations will shortly be carried on at Alice Arm, is now an assured fact. Mr. J. E. Taylor, who arrived in Alice Arm on Thursday, stated in an interview with the Herald, that it is the intention of Trethewey Bros. to log their holdings on the Kitsault flats. Two other timber limits have been acquired by Trethewey Bros. from the Granby Co., Mr. Taylor putting the deal through last Thursday. These limits are situated on the water front, one being located near town and the other at the mouth of the Illiance River, and both of these limits will also be logged. Mr. Taylor stated that Trethewey Bros. would be here in two or three weeks, and then it would be definitely settled whether the building of camps would be commenced this year, or wait until the spring, but whatever happened, logging operations would start next spring just as soon as the snow was off the ground. It is the intention to haul the logs out of the woods by railway, and operations will be carried on here for two or three years. It is the intention of Trethewey Bros. to log all the land they can acquire, as a contract has been made with the Ocean Falls Co. whereby they will take all the logs that can be cut.

Mr. Taylor realizes that the timber here is affected by smelter smoke, and is anxious to log it off before it is useless for pulp.

Mr. J. Trethewey, while here, will also examine the Bunker Hill property, in which he holds a half interest, with a view of developing it.

Surprise Party at Anyox

A large number of friends paid a surprise visit to the Union Church Manse, on Thursday, of last week, it being the occasion of Mrs. Herdman's birthday. Mrs. Herdman was taken completely by surprise. The guests raided the manse at 8 p.m., bringing with them good things to eat, including a large birthday cake. Mrs. Ryan presented the host with six silver coffee spoons. A most jolly evening was spent in music, singing and games.

Anyox Service Association to Hold Meeting

A meeting of the Anyox Service Association, will take place in the A. C. L. Rest Room, Hotel Block, on Wednesday evening next, at 8 p.m. October 11th. A large turnout of returned men is requested to make arrangements for recognizing Armistice Day, November 11th.

Weekly Meeting of Anyox Community League Council

The regular weekly meeting of the Community League Council, was held in the Recreation Hall, on Wednesday, October 4th. Present: President Ferguson, Sec-Treas. C. J. Lowry. Councillors Mrs. McKay, Messrs. Rowley, Noel, Seidelman, Armour, Murdoch, Buzzelle and Sherman.

The minutes of the previous meeting were adopted as read on motion of Mr. Rowley, which was seconded by Mr. Armour.

The Secretary reported that the plans for the new Beach Gymnasium had been completed, and the work of clearing the site would begin immediately. Traps for the orchestra had been ordered from Vancouver. The matter of prizes for football champions had been taken care of by the management of the Granby Company, and these had been ordered. Dean Quainton, the eminent lecturer, would visit Anyox and would lecture on Friday, October 20th, and possibly on the following Sunday. In the matter of the old gymnasium building, Mr. C. Wing could see no reason why it shouldn't be used by Rev. Herdman and Rev. Gibson. Gymnasium equipment had been advertised for and a letter of enquiry forwarded to the Canada Ordnance Department.

Mr. Seidelman reported in connection with the Recreation Department, and told of progress in connection with the big Sport's Smoker, to be held on October 13. He stated that medals for the different championships would not be available for this event, but would be presented at some later function.

Mr. Murdoch reported in connection with a dancing class, which will be conducted in the Library under the auspices of the League during the winter months.

Mr. Noel introduced the matter of the Mine Building again, and as it was a question which would be cropping up from time to time before its final completion, to avoid waste of time, he suggested and finally made a motion to the effect that it should be left with the Ways and Means Committee to deal with. This motion was seconded by Mr. Rowley. Mr. Armour objected to this procedure, as did also Mr. Murdoch and Mr. Buzzelle, but the Chairman thought it a good move under the circumstances. The motion carried on a division, and the matter placed with the Ways and Means Committee.

Mr. Murdoch was of the opinion that the Ways and Means Committee be abolished. The Chairman, however, knew that it had produced excellent results and had more than justified its appoint-

Alice Arm to Form a Debating Society

A public meeting was held in the Anglican Church Building, on Tuesday evening, for the purpose of discussing the organization of evening classes for the winter months. A large number of people were present, the fair sex being well represented.

Mr. C. P. Riel, who was elected Chairman, gave an outline of why the meeting was called and favored the formation of a Debating Society. A general discussion followed, and it was the opinion of the meeting, that a Debating Society should be formed, and so help to spend the evenings in an interesting and instructive manner.

Mr. M. D. Ross proposed that an organization Committee be formed, for the purpose of obtaining members, and that they submit their report at a further meeting to be held on Tuesday next. A motion was made by Mr. T. W. Falconer, seconded by Mr. G. Bruggy, that the Chairman appoint a committee, and the following were appointed: Messrs. M. D. Ross, H. Fowler, Mrs. R. F. McGinnis, Miss B. Crawford.

The matter of sewing classes for the ladies was then taken up, and as they had no programme outlined, it was thought advisable to leave the matter until Tuesday evening.

Bert Kergin back from Attending Convention

Bert Kergin, M.L.A. returned home on Thursday, from the big Liberal Convention, at Nelson. He says that the press reports of the Convention have been misleading, and that no resolutions regarding the P.G.E. or the return to the return to the patronage system had been made. Premier Oliver said if the Civil Service was not satisfactory, it would be made so.

In the matter of the new Beach gymnasium, Mr. Murdoch said he had been informed that the building would cost \$7,000, while the Council had been informed that the cost was to be \$4,000. That was the cost of the four walls only. Mr. Armour thought it good business if the League could get a seven thousand dollar building for four thousand.

Mr. Armour asked when a statement of the League's financial standing would be forthcoming. Mr. Lowry, replying, stated that a Profit and Loss Statement to the end of July would be available in the course of a few days.

Mr. Murdoch wanted to know about the salaries of the League employees. He had heard that they were to be cut, and he thought they should be raised with the rest of the camp. The Chairman informed Mr. Murdoch that the whole question had been gone Continued on page 3.

Debating Society for Alice Arm.

It was decided at the meeting held on Tuesday last, that a Debating Society would be formed at Alice Arm at an early date. The organization will be open to both men and women, and it is hoped that everyone will join up and also take part in the debates. No fees whatever are required, and everyone will be given a chance to speak. It is proposed to hold a debate on some selected subject once a week, to be followed by a dance or some other form of social entertainment. The success of the organization depends entirely upon the support given it by the people of the town, and the number of persons who take part in the debates. Don't make the excuse that you can't talk on a public platform, because everyone else who will speak are also only beginners, and you will not be an exception. Start at the beginning, and carry on throughout the winter. Don't leave it all for someone else to provide the enjoyment, and don't say the town is dead, unless you are doing your part to make it otherwise. Attend the meeting to be held on Tuesday evening, and take an active interest in the welfare work of the town.

date upon which that class will commence.

All the instructors of the staff have had a considerable amount of practical experience, and are well known locally as experts in their particular line. Most of them also, were on the staff last year and are looking forward to a successful period during the winter session.

The following is a list of the Anyox instructors:—

R. Armour, Mrs. J. Weir, P. Barr, Dr. Whelan, R. B. Roach B.S.C., H. D. Southam, H. J. Hardy, P. Stivenard, W. Corbett, W. J. Pamplin, Miss M. A. Stewart, Mrs. Manzer, Wm. Adams, Rev. J. Herdman, J. H. Ellis, E. J. Waterman, Tom Roberts.

Students wishing to enroll should do so, and should make application at Mr. Wing's office at the wharf, or may attend their class and enroll with the instructor. Fees will be payable in advance, and will be \$5.00 for one subject, and \$4.00 for each additional subject per term of twelve weeks.

Instructors will be on hand to take care of classes, the following being the time table:

MONDAY. English for foreigners, Old School. High School Subjects, New School. Furniture Making and Carpentry, Carpenter's Shop, Beach.

TUESDAY. First Aid, New School. Machine Shop Practice, Smelter Machine Shop.

WEDNESDAY. Business English & Mathematics, New School. Freehand Drawing and Art, New School. French, New School. Typewriting and Shorthand, New School. Home Nursing, Hospital. Mechanical Drawing and Geometry, Transportation Office. Public Speaking, Union Church.

THURSDAY. Elementary Electricity New School. English for Foreigners, Old School. High School Entrance, New School. Gas Engineering, Smelter Machine Shop.

FRIDAY. Steam Engineering, New School. Dietetics, Old School. Needlework, New School. Typewriting and Shorthand, New School.

Classes in the following subjects will be started if there is sufficient demand. Application for the same should be made to the Director as soon as possible in order that arrangements can be made:

Navigation,articulation Preparation, Sheet Metal Work, Bookkeeping, Printing, Chemistry, Mineralogy, Building Construction, Architecture, Geology and Spanish.

Students intending to enroll will be interested to learn that upon their registering in any subject they are eligible to attend classes in that subject wherever the Institute is operating. The classes in the various subjects will be held right throughout the season on the same day and at the same time, in the various towns, and a student changing his residence will have the opportunity of attending the classes in his new locality without

any further charge or expense to himself.

A number of prizes have been donated by prominent institutions of the district, which will give to the work an added zest and certificates and diplomas will be presented to those students fulfilling the necessary requirements.

Copies of the bulletin of information can be obtained at the Granby Store Office, the Mine Pool Room, Community League Library, and at Mr. Chas. Wing's Office.

CHARGE OF THE SKIRT BRIGADE

Legs to the right of us,
Legs to the left of us,
Legs in front of us—

How they display them;
On they go trippingly,
Daintily and skippingly,
Frost that bites nippingly—
Does not dismay them.

Straight legs and bandy ones,
Bum legs and dandy ones,
Awkard and handy ones,

Flirt with the breezes;
Round legs and flatter ones,
Thin legs and fatter ones,
Especially the latter ones—

Showing their knees.
Knock-kneed and bony ones,
Real legs and phony ones,

Silk-covered tony ones—
Second to none;
Straight and distorted ones,
Mates and all-sorted ones,
Home and imported ones—
Gosh, ain't it fun!

Anyox Community League Meeting

Continued from page 1.
into and the rates of League employees had been adjusted in the interests of everybody.

Mr. Armour wanted to know the exact location of the new building at the Beach. He also requested information regarding the skating rink as proposed. Mr. Rowley told of having turned Mr. Wetmore's plans over to Mr. Smith, for further information. Mr. Wetmore said the work would cost between six and seven hundred dollars, while Mr. Smith thought that it could be done cheaper. Mr. Rowley stated that he and Mr. Seidelman had lists which assured a membership already of over eighty who were willing to pay five dollars for a season's ticket if the rink was gone ahead with.

The matter of a drive for members was brought up by Mr. Murdoch, and it was decided to institute this at an early date. The matter of a toboggan slide was discussed, and Mrs. Eve said it had been a yearly topic for a long time.

The question of the different functions staged from time to time by the organizations of Anyox came up. It was thought that there would be no overlapping or clashing of dates for these entertainments if representatives of the various organizations got together and worked out a plan of co-operation.

When the meeting was thrown open for discussion, Mr. McAlister made a plea that the grant for the

purchase of new Library material be increased to \$35 per month. This caused considerable discussion as to ways and means of providing reading material for the Library. Mrs. Eve thought that a lot of books could be secured if a request was made to the householders of Anyox for books they might not require. Mr. Armour thought that in any scheme for adding new books to the Library the matter of text books which might be available for night classes be considered.

Granby Co. Bonds Another Property

The Granby Consolidated Mining, Smelting and Power Co., Ltd, have taken a bond on the outsider group of claims, situated at Maple Bay, about 35 miles down the Portland Canal from Stewart, and active development work is to start at once.

In this connection, Vince Lade, James Lade, and Monty Howe, of Stewart, have taken a contract to drive a 200-ft. raise for an air shaft, and also to do other work in the form of tunneling, with a view to develop the ore bodies already to a great extent opened up.

The property, which is situated within one mile of the beach, was located by Wm. Noble and G. M. Collison in 1903, and was sold by them to the Brown-Alaska Company, in 1905, who, after doing considerable development work, commenced active mining operations, and shipped 14,500 tons of ore to the Hadley smelter, Prince of Wales, Island, Alaska. About 1908, new interests acquired the property, and held it for a period of years, and in 1917 spent something like \$35,000 in development work, driving a new tunnel on the south end of the vein, giving a total depth to the ore of over 400 feet.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Alice Arm Citizens' Association Meeting

Continued from page 1.

A. Falconer, G. Strombeck, M. Peterson, C. P. Riel.

A motion was made by Mr. Fowler, seconded by Mr. Strombeck that a special meeting be called on Saturday, October 14th, for the purpose of presenting to the government a list of the vital needs of the district in regard to bridges, roads and trails.

In regard to the large amount of first-class timber that is dying in this district, it was stated by the Chairman that further investigations had been made by the Forestry Department, Mr. D. Archie, of Prince Rupert, making an inspection last week, and it was found that the gas of the Granby Company's smelter at Anyox, is responsible for the killing of the timber, and that the moths attack the trees as soon as the sap commences to dry out, by laying eggs under the bark, and the insects hatched out, bore their way into the tree, thus hastening the decay of the timber. A motion was then made by Mr. G. Young, seconded by Mr. A. Falconer, that the secretary be instructed to write to the Forestry Department, calling their attention to the fact that a large amount of valuable timber is being destroyed and asking that means be found to have it logged off before it becomes a total loss.

Anyox Union Church Boys Hold Organization Meeting

The older boys of the Anyox Union Church, met last Monday night, and organized themselves into a Tuxis Boy's Camp. This is a class for boys, 14 years and over, and meets in the gymnasium every Monday, at 7.30 p.m. The following officers were elected: President, Gordon Evans; Vice-President, John Moffatt; Secretary, Gawn Moffatt; Treasurer, Ernie Green; Leader, Rev. J. Herdman.

ALICE ARM NOTES

Constable A. Dryden, of Anyox, was a visitor in town this week, on official business.

Miss Nettie Hogburg arrived home on Monday, from holidays in Prince Rupert.

See Al. Falconer for Freight and Pack Horses.

Mr. A. D. Hallett arrived back home on Monday, from a summer's trip in the interior.

Dr. P. Whelan and Chas. MacLachlan of Anyox, spent a few days hunting around town this week, during which they bagged 16 ducks and eight grouse.

The Cheloshin, on Monday, took out a shipment of high grade ore from the Esperanza. The ore will go to Trail smelter.

Mr. G. Heidman, late manager of the Golkeish mine, near Anyox, arrived in town on Thursday, from Vancouver, to examine the Black Bear and other mining properties in the district.

James Nick arrived on Thursday from Prince Rupert, and was busy renewing acquaintances. He has spent the summer in the Naas Valley.

Don't forget the special meeting to be held on Tuesday evening next at 8 p.m. sharp, in the Anglican Church, for the purpose of organizing a Debating Society. EVERYBODY WELCOME, especially the ladies. Join in the debate to form a Debating Society.

See Al Falconer for Wood or Coal

MINERAL ACT FORM F.

CERTIFICATE OF IMPROVEMENTS

NOTICE
"Surprise" and "Uist" Mineral Claims, situate in the Naas River Mining Division of Cassiar District. Where located: on Kitsault River, Alice Arm.

TAKE NOTICE, that I, Clifton P. Riel, Free Miner's Certificate No. 47418-C, acting as agent for Angus McLeod, Free Miner's Certificate No. 41067-C, and Donald J. McVicar, Free Miner's Certificate No. 62068-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.
Dated this 25th. day of September, A.D. 1922.

MINERAL ACT

NOTICE

Whereas R. T. Colquhoun, D. R. Shewan, both of Vancouver, B. C. and W. J. Van Houten, of Hollywood, California, are co-owners of the "Big Strike" Mineral Claim, situated in Portland Canal District, Alice Arm, located June 8th, 1919, and recorded at Anyox, on the 19th. June, 1919;

And Whereas the said W. J. Van Houten has failed to contribute his proportion of the expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners, R. T. Colquhoun and D. R. Shewan have made the expenditure;

NOW THIS IS TO GIVE NOTICE to said W. J. Van Houten that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said W. J. Van Houten shall fail or refuse to contribute the sum of \$50.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

The said ninety days shall expire, Saturday, October 14th, 1922.

D. R. SHEWAN
ROBERT T. COLQUHOUN
F. C. SAUNDERS, Solicitor for Shewan and Colquhoun, 727 Birks Building, Vancouver, B. C.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of \$734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

Production During last ten years, \$336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
