Anyox Victors Of Big Hockey Game With Alice Arm

Wonderful Rally Made By Alice Arm in Last 2 Periods

Breaking up and down the ice at a breakneck speed before the largest crowd of the season at the Alice Arm Rink, Anyox and Alice Arm battled for the three fastest periods yet seen in these parts. This battle was the best exhibition of hockey put on at the Rink for a long time, and everyone played a good clean game.

The Teams were: Anyox, S. Peters, goal; Defence, A. L. Ployart; forwards, P. Elliott, C. Beaulieu, H. Moody, H. McDougall, T. Wilson.

Alice Arm: C. Warner, goal; T. W. Falconer, defence; Al Falconer, H. F. Kergin, M. Smith, W. Wells.

Referee: W. M. Cummings.

Anyox were without the services of Earle Anderson, and Alice Arm were minus Gus Anderson, and Geo. Young.

The first period was a catastrophe for the home team, for the visi... bulged the twine seven times, while Alice Arm failed to make a count. Anyox commenced scoring shortly after the commencement, they bombarded Warner with a fusilade of shots, and had the game all their own way throughout the period. Elliott was the big noise for the visitors. He flicked the puck into the net four times. McDougall found the opening twice, and Wilson once. Anyox had the home team going, and were making the most of their opportunity. They hit a dizzy pace, and shot for goal at every opportunity. The period closed Anyox 7, Alice Arm 0.

The second period saw a rearrangement of the Alice Arm team, Warner playing centre, and Billy Wells taking his place in goal. Despite the fact that Anyox were seven goals in the lead, it was evident that Alice Arm were going to make a fight for it. The period had barely commenced, when Al Falconer uncorked a hot one and scored the first goal for his team. Beaulieu caught the puck on his stick in front of goal, and beat Wells with a tricky shot, again giving Anyox a 7 goal lead. The home team, now that they had scored seemed to come to life, and from then to the end of the game, they played a brand of hockey that almost snatched victory from the visitors, and brought the fans to their feet in wild excitement.

Al Falconer again found the net with a speedy shot, and Kergin, after dashing from one end of the ice to the other, drove the puck past Peters for a third. The Anyox team were fast losing their grip on the game, while Alice Arm were improving, they were indulging in more combination play, and

Elks' Valentine Dance Is Big Success

Last Friday evening the Elks gave a very successful dance. A large crowd was in attendance and everyone had a word of praise for the efforts of the entertainment committee. Dancing started at 9 o'clock and continued until 2 o'clock, with a short intermission for eats at about 11.30. The music was furnished by the Elks' five-piece orchestra, consisting of Messrs. Austin, piano; Armstrong, violin; Waterman, drums; Steele, trombone; and Stivenard, cornet.

The eats and coffee hit the crowd right. Per usual, Jimmie's coffee is unbeatable.. Those on the committeee in charge were: Cecil Parmiter, Ed. Waterman, Mike Cranley, Ed. Wall, Sid. Armstrong, and Jimmie Thompson.

High School Students Will Battle For Basketball Championship

Friday and Saturday, February 27 and 28, are the dates set for the return games in the Anyox Gymnasium to settle the inter-High School Basketball Championship of northern British Columbia. Prince Rupert are sending a boys' team and a girls' team to meet the Granby Bay Students, in order to complete the series which was opened during the Christmas holidays.

In order to provide funds for this project, the Anyox boys and girls have carried out a successful ticket selling campaign. The visitors will be well entertained during their week-end stay, and no pains will be spared to return the hospitality. During both nights, additional attractions will be provided by local aggregations.

The Granby Bay High School players will line up as follows:

Boys: T. Swanson, Cyril McDonald, E. Clay, S. McLachlan, E. Dupuis, J. Lazoreck.

Girls: Misses M. O'Neil, R. Champion, J. Moffat, T. Deith, B. Chapman, A. McLachlan, and J. Morley.

Both teams have been training under the guidance of Mr. James R. Mitchell, and as coach he is quite confident that the students will make a valiant effort to stop the invader's rush.

ALICE ARM NOTES

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

See Al. Falconer for Wood, Coal and Lumber.

Mrs. P. Whelan and children, of Anyox, were the guests of Mrs. T. W. Falconer for a few days, arriving on Sunday, and departing on Thursday.

Mr. Harry Mann spent last Sunday here visiting his family.

Mr. N. Sutilovich. who is now in Anyox, spent last Sunday in town.

Mr. John Stark, arrived in town from the Dolly Varden, last week-end. He left again on Sunday morning.

See Al. Falconer for Freight and Pack Horses.

Subscribe to the Herald

Heavy Cargoes In And Out Of Anyox

The S.S. Marmion arrived from Prince Rupert after her annual overhaul, with 150 tons of Lascar coal, and towing the scow Independent with 400 tons of Lascar coal.

The Griffco arrived from the south with 1,000 tons of Cassidy coal. 500 tons of lime rock. and also freight for Stewart.

The S.S. Marmion left on the 17th. for Maple Bay towing the barge, J. C. Potter, and towing back barge, Granby, with 1,000 tons of Outsider ore.

The S.S. Amur arrived from Stewart on the 19th., with 1800 tons of Premier ore, Loading 340 tons of copper, and towing barge Baroda. with 2100 tons of concentrates to Tacoma.

ANYOX NOTES

Mr. J. R. Hill, of Vancouver, arrived in town last Monday, to take over the duties of assistant druggist, at the Granby store.

Mr. F. J. C. Bill, of Vancouver, arrived in town last Monday, on the Cardena.

Mr. T. Garret left for the south last Monday, on the Cardena.

Mr. Chris. Cane arrived back in town last Monday, after spending a few days with friends at Prince Rupert. We wonder if Chris wa able to keep out of the Hospital while he was in the gay city???

We are glad to note that Alex. Beaton is out of the hospital, and will soon be back to work again. Alex has been receiving treatment at the local hospital since last October.

The funeral of the late Dr. Hyde, was held at the Anyox cemetery, last Sunday afternoon, at three o'clock. Rev. J. B. Gibson officiating. A large number of friends attended the burial. The pall bearers were: Chas. McLachlan, Chas. Wing, H. S. Munro, M. Cranley, W. F. Eve, J. Conway.

The local lodge of the Loyal Order of Moose are now the proud possessors of a radio set. Last Friday evening, before a large crowd of members the radio was heard for the first time, at a local L. O. O. M. Lodge meeting. The attraction is proving to be very satisfactory in every way.

The local fans will have the privilege of seeing the Prince Rupert High School team in action next week. We don't wish them any tough luck, but we would like to see the local High School team win, at least half of the games played—to win all would please still more.

Mr, Geo. T. Brown, of the General Store staff, arrived back from Vancouver, last Thursday evening.

Mr. and Mrs. Frank Gigot, arrived from Stewart, on last Thursday's boat.

Mr Harry Selfe, who has been south on a business trip, arrived home on Thursday.

WANTED

A young lady clerk is required in the Anyox Post Office. Apply by letter to the Postmaster.

Construction Of Hydro-Electric Plant To Start In Spring

Messrs. R. Armour and E. R. Workman, who are interested in the Alice Arm Hydro-Electric Co., arrived from Anyox last Sunday, and spent the day inspecting the flow of water at Falls Creek and also Canyon Creek.

As this is the low water period of the year, it was decided to obtain authentic information regarding the flow of water. The examination of Falls Creek proved that sufficient water is flowing to ensure uninterrupted operation of the plant throughout the year, and the plans made last fall by the company will not be changed, except that a small dam will be built. Investigations at Canyon Creek showed that power can also be obtained from that source, should it be necessary.

Construction work of the plant will be commenced as soon as the snow is off the ground, and the first contracts in this connection will be let about May 1st.

The company realize that the people of Alice Arm depend for their future supply of water on Falls Creek, and Mr. Armour assured the Herald that an adequate supply of water would always be available for the town. If it was necessary for the company to build a tank, and pump water into it, they would do so.

Alice Arm Miners Lose All Their Possessions In Fire

The cabin on the Yellow Jacket property was burnt to the ground on Wednesday afternoon, and J. Hanson and Ed. Nelson lost all their personal belongings, including the sum of $75.00 in cash. A two month's supply of foodstuffs was also consumed in the flames.

Messrs. Hanson and Nelson, who were driving a tunnel on the Yellow Jacket, left the cabin at 1 p.m. after eating dinner. About 2.45 hearing an explosion, they investigated, and found the cabin a mass of flames. The explosion, it is supposed, was caused by a box of rifle shells.

As nothing could be done, both men walked into town, a distance of about five miles. All the clothes they possessed, were the clothes worn in the mine.

Messrs. Hanson and Nelson have driven about 60 feet of tunnel since October. They intend to come back again next fall or the following spring, and carry on the work of extending the tunnel.

New Drill For Toric Mine

A new Sullivan drifter drill. has been added to the equipment at the Toric mine. The drill arrived from the south some time ago, and was recently taken to the mine by T. Tavener and J. Trinder.

It was taken up on a hand sleigh, which was a difficult undertaking, as no trail existed, but it was eventually landed at the mine. The new drill requires less air than the one previously used, and for this reason the change was made.

Principal Brady Gives Interesting Lecture At P. T. A Meeting

A large and representative audience comfortably filled the Elks' Hall on Thursday evening, 12th. instant, when a public meeting was held by the P. T. Association.

Mr. R. H. Manzer, who in the absence of Mr. Bert Kergin, M.L.A., occupied the chair. He briefly outlined the work of the P.T.A., and extended a cordial invitation to those parents, who were not already members, to join and take an active interest in the Association.

Mr. J. Mitchell delighted the audience with a humourous Irish Song, which called for an encore.

Dr. Harper favoured the gathering with a pianoforte solo rendered in his inimitable style, and kindly responded to a well deserved encore.

The event of the evening was the popular lecture delivered by Principal Brady, of Prince Rupert, whose oratical powers have won fame throughout the province.

The subject of the lecture was "Wit and Humour," and he could not have selected a more suitable topic for an Anyox audience. They were kept in a ripple of laughter from start to finish by the many timely illustrations, of which he has a remarkable collection.

Like all great lecturers of the present day, he assured us that we are living in a remarkable age. Many problems were called for a solution, and each one was trying to solve them to the best of his ability, We are psycho-analyzing everything to such an extent that we are getting to be afraid of one another. We have reached the stage when the hours set apart for work and recreation are not sufficient for the due consideration of those pressing problems, and we insist on taking them to bed with us. If we are not to lose the gift of contentment, a saving sense of humour is essential.

The distinction between "Wit and Humour" was indeed subtle. yet they are often at opposite poles. Wit is centered in the realm of the imagination, while humour is reality as contained in the little things of everyday life. Married life was particularly prolific in this respect.

The lecturer emphasised the importance of a good hearty laugh. It acted as a holiday for the wind.

There would be less fog in our minds, if their were more laughter in our homes.

Everyone could give witty replies an hour after the incident, but in order to be considered wit, it was necessary that the reply be given at the moment. The Irish race excelled in this gift of repartee. Wit is a great peacemaker. All anger disappears under the influence of a witty rejoinder.

Parasites and producers, builders and wreckers---every industry seems to have its quota of each. The mining industry is cursed with its full share of the parasites---human blood suckers who befoul the clean business of mining and legitimate mining finance with their odoriferous presence and slimy methods.

The Portland Canal district is destined to become a great mining camp---that is a forgone conclusion. As a natural consequence the harpies of the mining industry are sure to be on the job.

We have a couple of them pegged already. They fleece the public and step high, wide and handsome where the liquor flows and the ladies of easy virtue hold forth. They do not pay their legitimate obligations and seldom does a dollar get by into the channels intended by the so called investers. These people are a detriment to the entire industry. Their activities should be flooded with the sunlight of publicity and we intend to keep our eyes open and say what we think when the occasion warrants and the need arises. Alaska Weekly.

Hockey *a la* Alice Arm

The national game of hockey played at the Alice Arm Arena, is played with teams of five players, but additional players may be added at any time with or without the consent of the referee.

The objective of each team is to win the game—win by hook or crook—BUT WIN.

The spectators can greatly assist by yelling their opinions freely.

The referee heartily welcomes advice from spectators in handling the game.

Please don't overlook that you know more about the game than the referee.

Please remember also that he is selected because of defective sight and general incapability.

Fisticuffs, tripping, slashing, and general roughness are allowed —providing it benefits your favorite team. If the opposing team resorts to such brutal tactics and is not penalized, the referee will be fired.

It is the referee's privilege to banish a player at any time without waiting for such a demand from the spectators. What other chance has he to show his authority?

The enthusiastic hockey fan will recognize the need for attendance at EVERY GAME, because volume of noise is a big factor in winning games, so fill your lungs and LET'S GO!

Anyox Basketball Games For Week

Continued from page 1

weakened in the second half, to lose by 21 to 8. Mrs. McQuarrie was high scorer with 14. Margaret O'Neil was high scorer for the losers with 4.

Teams were:

Bluebirds: Mesdames, Waite, McQuarrie-14, Dywer-6, Crone-1, Smith.

Pioneers: Mrs. Shelton, Misses R. O'Neil, M. Dupuis-2, Stevens-2 M. O'Neil.

The Senior tussle was the tit bit of the evenings' entertainment. The Smelter defeated the Coke Plant squad by 28 to 26. The game was fast and close throughout. The Coke Plant held the lead at half-time 17 to 15, and continued to lead right up to the last few minutes of play. Buntaine held the scorers for the winners with 11 points. Hogben was high for the losers with 15. Fitzpatrick was put off in the second half for personals.

Teams were:

Smelter: Craggs, Elliott, Buntaine-11, Robertson-8 Fitzpatrick-7, Moffat.

Coke Plant: Smith-1, Thomson, Cody, Staines-6 Yorke-4 Hogben-15.

The Miners emerged victorious in all three basketball games at the Mine Gymnasium on Monday evening.

The initial game of the evening was in the intermediate division. The Hustlers furnished the opposition. The Mine boys got away to a ten point- lead in the first half, which was enough to enable them to win. The final score was 30 to 20. The Hustlers hustled a little in the second half and outscored their opponents 16 to 15.

Swanson and V. Moore were high scorers for the winners, with 11 and 10 points respectively. D. Wilson lead the losers, scoring 10.

Teams were:

Hustlers: Mackie, Dewar, Bealeau 5, Thomson-6 Wilson-10.

Mine: Peters-3, L. Moore-4, V. Moore-10, Swanson 11, Thorpe-2, Dearlove.

The ladies league fixture was a walk-away for the Mine girls, over the Pioneers. Helen Calderone went on a shooting spree, scoring 14 points for the winners. M. Dupuis made seven of her teams' total. The final score was 28 to 9.

Teams were:

Pioneers: Mrs. Shelton, Misses R. O'Neil. Dupuis-7, M. O'Neil, Stevens-2.

Mine: Mrs. Chapman, Misses Calderone-14, Rashleigh-4, McMillan- 2, Dean-8, Mrs. Winstrom.

The Miners took revenge on the Smelter for their defeat a week ago, by beating them 22 to 17. The game was closely fought from start to finish. The score at half time stood at 13 all. The Gas Eaters held the lead in the second half up to within a few minutes of the end, but baskets by Lane, Stewart, and Halverson turned the tide in favor of the Miners.

Teams were:

Smelter: Robertson, Elliott-3, Buntaine-4, Brown-4. Eitzpatrick-6, Craggs, Moffat.

Mine: R. Stewart-5, Lane-5 Halverson-6, Dean-4, Mitchell-2, S. Stewart, McNichol.

Principal Brady Gives Interesting Lecture At P. T. A Meeting

Continued from Page 1

He then proceeded to analyse the sense of humour, as displayed by the English, Scotch, and Irish.

The Scotch stories were usually of such a nature that they appeared derogratory to Scotland, yet none loved his country more than the Scot. That of the "meanest Scot" was a common one, but such a personality was difficult to find in everyday life.

The Irish story on the other hand was the opposite of the Scotch. It is humour usually consisted in the foolishness of the Irishman, but the Irish race had not a larger per centage of fools than any other. He was spoken of as being generous to a degree, but there were some Irish who had a marked "Scotch" propensity in the matter of thrift.

English humour was of a different type, which could be illustrated better than explained. This the lecturer, with the assistance of Mrs. Brady, proceeded to do, and a most entertaining sketch entitled "Sir Peter and Lady Teasle," was produced.

Mr. R. Armour moved a vote of thanks to Principal Brady which was seconded by Mr. E. J. Conway, and passed by acclamation.

The meeting was closed by singing the National Anthem. Refreshments were served by the lady members of the P.T.A.

Hon. Wm. Sloan Seeks Assistance For Mining Development

Hon. William Sloan, minister of mines, has taken up with the federal government the subject of assistance to mining development in British Columbia. It is pointed out that while the federal government profits from mineral production, it gives little aid to the industry.

The most affective aid to mining is in the construction of roads, trails and bridges. The provincial department of mines annually spends thousands of dollars in the maintainance of old roads and trails and in the construction of new ones in sections where mining development is reported to require such improvements.

As this expenditure on the part of the province directly benefits the federal treasury by increasing mineral output, the Provincial Government takes the position that the federal government ought to contribute a share of the cost of transportation improvements.

Transportation improvements in mining sections are made on recommendation of district engineers employed by the provincial department of mines. These improvements are apart from the ordinary commercial road improvements by the department of public works.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series. "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead, $58,132,661; Copper, $179,046,508; Zinc, $27,904'756; Coal and Coke, $250,968,113; Building Stone, Brick, Cement, $39,415,234; Miscellaneous Minerals, $1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of $810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906 1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1923, $41,304,320.

Production During last ten years, $350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

NOTICE TO DELINQUENT PARTNER

To: P. H. ROBBINS.

TAKE NOTICE whereas we have done and caused to be done, assessment work on the "Hill Billy" group of Mineral Claims, situated at Alice Arm, in the Naas River Mining Division of Cassiar District, for the years 1923 and 1924, and have paid for said work and recording same the sum of thirty-eight dollars and fifty cents ($38.50.) Unless you pay us the sum of $38.50 for your share of the said assessment work, together with the costs of this advertisement, we shall, at the end of ninety (90) days from the date hereof, apply to the Mining Recorder at Anyox, B. C. to have your interest in the "Hill Billy" group of Mineral Claims vested in us, in pursuance of the provisions of the Mineral Act.

Dated at Anyox, B. C., this 13th. day of November, 1924.

THE HILL BILLY GROUP SYNDICATE
PER A. G. MURRAY AND
FRANK STRINGHAM,
Agents.

Anyox Victors of Big Hockey Game With Alice Arm

Continued from Page 1

were not so anxious to hog the puck. Alice Arm had the edge on their opponents throughout the period, and the end of the period saw the score, Anyox 8, Alice Arm 3.

The third period belonged to Alice Arm entirely. They scored four goals, and held their opponents down to nothing. Warner was the first to place the disk in the desired position, when he loosed one of his characteristic shots. He repeated the performance in a few minutes, and won the applause of the delighted fans. The game at this stage consisted of a continual bombardment of the Anyox goal, every player taking a hand in uncorking his best. Peters in goal was continually on on the jump. He saved a pile of shots, but it was impossible to stop everything he received. T. W. Falconer was the next to place the rubber between the posts, with a hot one from centre. Al Falconer kept the good work up when he received a nice pass from Warner, and brought the score for the home team up to 7.

Anyox made repeated dashes down the ice, but their efforts were of no avail, and the most exciting game ever played on the local rink closed with the score of, Anyox 8, Alice Arm 7. This game gives the northern coast championship to Anyox.

Although Alice Arm did not win the game, they came within an ace of doing so, and the result shows that a game is not won or lost until the final whistle blows.

Every player for Alice Arm played a high speed game, and the latter stages were marked with the passing of the puck, a practice that should be followed more frequently. Wells in goal gave his team great support.

For the visitors Elliot was the bright light. All the others acquitted themselves well, and played good hockey. They were handicapped owing to the lack of skating facilities at the smelter town. With more practice together they would be a combination hard to beat.

Anyox Basketball Games For Week

An error. This should be on page 1

The Bluebirds, Smelter, and High School were winners in Friday evening's basketball tilts at the Beach Gymnasium.

The first game of the evening was a nip-and-tuck affair between the Hustlers and the High School. The latter team winning by the narrow margin of one point, the final score standing at 13 to 12. Dupuis and H. Clay were high scorers for the winners, with 4 points each. Wilson was high for the losers, with eight points.

Teams were:

High School: McDonald-3, McLachlan-2, Dupuis-4, Lazoreck-2 E. Clay, H. Clay-4.

Hustlers; Dewar, O'Neil, Bealeau-2, Thomson-4, Wilson-8.

The Pioneers started out well in their game with the Bluebirds, but
