5 cents each.

Logging Industry at Alice Arm Commences

Logging operations were commenced this week, by Trethewey Bros., of Abbotsford, on their holdings on the Alice Arm Flats, immediately north and east of the town.

Mr. James E. Trethewey arrived on Monday, with a party of ten men for the purpose of building camps and starting preliminary work. The scow building used by F. Miller at Way Point, will be used as temporary quarters, until material arrives for building a permanent camp, and work on making the building suitable is now under way.

In an interview with the Herald, Mr. Trethewey said that it is their intention to first build camps. Work on the logging railway and dock will then be proceeded with. A booming ground will also be made and falling timber will be carried on throughout the winter, so that an abundance of logs will be on hand for pulling early in the spring.

The logging dock will be built on piles, and the railway will also be built on piles. The railway will be about one mile in length, and will run in a straight line back into the woods. Donkey engines will haul the logs from the woods to the railway.

Piles will also be driven for the booming ground, which will be built around the dock. A pile driver from Anyox will be used for this work, and is expected here at any time.

Two donkey engines are due to arrive in about two weeks, and also a locomotive, railway steel, and a large quantity of other material necessary for logging operations.

As soon as a permanent camp is constructed, and the scope of operations widens out, more men will be employed, and by March next, when it is expected that the pulling of logs will be commenced, at least fifty men will be on the payroll.

Mr. Trethewey stated that they had enough timber on their limits to carry on operations for at least three years.

The Alice Arm Flats contain a large amount of valuable spruce timber, and all the timber logged will be made up into Davis rafts and towed to Ocean Falls to be manufactured into paper.

It is confidently expected that the entire country surrounding the town will be logged off during the next few years, as the timber is becoming affected by the smelter smoke from Anyox, and if left for an indefinite period will become a total loss.

Weekly Meeting of Anyox Community League Council

The Regular Weekly meeting of the Community League Council was held in the Recreation Hall on Wednesday evening, November 29th. Present: Pres. Ferguson, Secy-Treas. Lowry, Councillors Mrs. McKay, Messrs. Rowley, Noel, McTaggart and Murdoch.

The minutes of the previous meeting were read and approved on motion by Mr. Lowry, which was seconded by Mr. Murdoch.

The Secretary reported as follows: In reply to the request of the Mine Club for a meeting between committee from League Council to go into the matter of recreation, etc. at the Mine, a letter was forwarded with the result that the Ways and Means Committee of the Council met the Mine Representatives last Saturday night. As a result of that meeting the Ways and Means Committee has framed a proposal which it considers equitable and which will be submitted for your approval and be forwarded unofficially to the Mine Club, pending action by the Council. A meeting of the Card Club Organization Committee was held last Thursday evening and one or more members of that committee may report further on what was outlined at the meeting. A meeting to do with the organization of a Skating Club was held on Monday evening and a Committee appointed to make the initial preparations, which includes the securing of members who are willing to pay for season tickets in the event of ice being available. The Maple Bay Cafe premises will be vacated by Mr. Jessop at the end of the month and Mr. Gillespie will take immediate possession. Mr. Wing will prepare a lease. Letters have been forwarded to Spalding Bros. and Birk Bros. in connection with the medals ordered for the baseball and football championships.

In the matter of the Skating Rink, Mr. Rowley told of initial steps taken, and that an ice surface 70ft. by 100ft. was available at the Flats. Work would commence on this the day following the meeting.

Mr. Lowry reported to some extent in connection with the starting of a card tournament. It had been decided that the first tournament would consist of cribbage, and one other game, either whist or bridge. The entrance fee would be 50 cents and each entrant would play five games each night while the tournament lasted, points to count for prizes, which would be appropriate, a small dance marking the final of the card playing.

In regard to the changes proposed in connection with the stand in the Recreation Hall, Mr. Noel stated that he and Mr. Selfe had

Bert Kergin is Having Very Busy Time

Victoria, November 28th.—H. F. Kergin, member for Atlin, has been taking up with the minister of mines, a number of mining questions and is constantly on the job in looking after the interests of his constituency. He was planning to make a speech on the budget debate in connection with the mining industry, but has decided to speak instead on a later occasion, when his remarks can be given a little more attention. On Friday, when the budget debate closed, the members were tired and were not giving much attention to speakers on either side of the House. Reporters were fed up with work and the galleries were almost deserted. To have spoken on such an occasion would have been a waste of time and effort.

The influence of the north in the Legislature is a frequent subject of comment here. Two ministers from the north, and two independent supporters of the Government gives that part of the country a large influence in the affairs of the province.

Work Re-commences on the Lone Maid

Work was recommenced on the Lone Maid property this week, and it is the intention of the owners to carry on development work throughout the winter. The tunnel being driven on the property is now in 50 feet, and some good silver ore has been encountered.

The Lone Maid has all the earmarks of shortly developing into a steady shipper. It is situated in a proven mineral belt being situated between the Esperanza and the Alice, and work on this property during the coming winter will be watched with interest.

Next Week's Debate

The weekly debate of the Alice Arm Debating Society will be held in the Coliseum, on Tuesday evening, at 8 p.m. Entertainment will be provided after the debate. The subject for next week is: "Resolved that the people of the world are getting worse, mentally, morally, and physically." Those speaking in the affirmative are: Miss Nettie Hogburg, C. P. Riel, J. Anderson Negative: Miss Zorka Sutilovich, M. Petersen, A. D. Yorke. Don't miss this one, or you will be sorry!!

gone into details and outlined the changes they had thought necessary, and suggested that the Finance Committee should figure out the cost. Billiard Tournament No. 2 was about to be started, there was a full list of entries and as soon as

Continued on page 3.

Grand Variety Concert Held at Anyox

The Anglican Church put on a Grand Variety Concert in the Recreation Hall on Friday Nov. 24 which was a decided success, both as regards a large audience and quality of entertainment. Long before the advertised time for curtain raising every seat in the house was occupied and many who had failed to procure tickets beforehand had the misfortune to be turned away.

The Anyox Brass band was present and excellently rendered several selections, which were greatly enjoyed by everyone. Band master J. J. Varnes and associates are making great progress, and well earned the ovation accorded them.

The band opened the programme with, "Cantemptions," a march by Stanley, followed by "Sunset on the St. Lawrence," "Wounded Bird," and "Glow Worm."

Number two item, a sketch, "Box and Cox," was replete with mirth from start to finish and admirably played, "Mr. Box" by W. J. Pampin, "Mr. Cox" by Mr. Rowbottom, and the part of the landlady, "Mrs. Bouncer" was cleverly handled by Mrs. S. Herrin.

No. 3. Fred Archer, in "The Parson's Son" gave a wonderful portrayal of one of Robert W. Service's masterpieces, who was introduced by W. Corbett.

No. 4. Messrs. Berry, Leggett, Morrow, and Nickerson, as "Four Bashful Blighters in Baleful Bleatings," brought the house down with their clever patter and songs. They were accompanied on the piano by Mrs. D. Buzzelle.

No. 6 was the prettiest scene of the evening. The stage being most artistically set out by T. P. Ryan. Mrs. F. M. Kelley's senior pupils whose dresses were in harmony with the general artistic surroundings, danced the "Spring Dance," which was greatly appreciated. Miss Leitch presided at the piano. Mrs. Kelley is to be congratulated upon the efficiency of her pupils.

No. 7. Mr. W. F. Eve, ever welcome on any programme, delighted the audience with two vocal selections, for which he was accorded his usual rousing applause.

No. 8. The final number was a forty-five minute sketch, entitled "A Fearful Frost," which showed some very clever acting by those taking part. Miss R. Champion, as "Emily," the dutiful daughter handled her part to perfection, and Mrs. C. McLachlan, as Mrs. Watmuff, the strict head of the house could not be excelled, Noel Ballion, as "Walter" made an ideal lover. W. E. Yard, who had the bigger part of the business to carry handled his part in a professional manner. J. W. Esplin, as "Ferdinand Swift," the nephew, filled the bill.

Alice Arm Holds Weekly Debate

The weekly debate of the Alice Arm Debating Society, was held in the Coliseum on Tuesday evening. The subject under discussion was: "Resolved" that the horse is more beneficial than the automobile.

Those speaking in favor of the horse were: S. Dumas, G. Bruggy, G. Anderson. The speakers for the automobile, were: F. Miller, J. Fiva, G. McCulloch.

S. Dumas, opened the debate with a snappy address, given in his usual convincing style. He claimed that horses are increasing in Canada and the United States, and that they cannot be dispensed with, and are gradually replacing autos.

F. Miller, was the next speaker. He contended that the horse has gone forever, as the automobile has greater speed, and one tractor can do the work of 30 or 40 horses.

G. Anderson gave a few facts regarding the usefulness of a horse. He said that autos cannot be used in the woods, or in the snow, and the prospector could not get his supplies into the hills except by using the horse.

J. Fiva in championing the auto, said that owing to greater speed, many lives have been saved owing to doctor's getting to the scene of accidents quicker and predicted that the horse would soon be a thing of the past.

G. Bruggy gave a host of facts to show the superiority of the horse over the auto. He said, the life of a horse is much longer than the auto. And proved that transfer Companies and others were changing from autos to horses as fast as possible and that the horse is of greater benefit to man than the auto.

Mr. McCulloch maintained that autos are doing a large share towards the advancement of the world. Present conditions call for speed, and the auto is doing its part. The horse is too slow for present day conditions.

S. Dumas in a 5-minute rebuttal, scored his opponents for previous remarks, and ended the debate with a high-power speech in favor of the horse.

On a vote being taken, those speaking in favor of the horse were declared the winners. The vote being, horses 38, automobiles 10. This is the largest majority obtained since the debates were commenced.

Following the debate a five hundred drive was held, and a pleasant 2 hours were spent in playing cards. The prize winners were, ladies Mrs. C. P. Riel; gentlemen, M. Peterson. Booby prize, G. Anderson. Prizes were donated by S. Dumas and H. Fowler. A pleasant surprise awaited everyone at the conclusion when refreshments were announced. Miss B. Crawford, Mrs. W. R. McLeod and Mrs. G. Anderson, being the hosts.

Prohibition.

A lot of criticism has lately been levelled at the present Liquor Act of the province, but no word of praise is ever given. It is however a fact, that if we look at the situation from an unbiased point of view the present Act is the only logical way to handle the liquor traffic of the province. The present Act makes it possible for the government to collect substantial amounts of revenue from persons who do not mind paying. Municipalities also derive benefit which helps to relieve taxation. The public are not forced to break the law in order to obtain stimulants, as would be the case were absolute prohibition in force. Liquor stores are located at convenient points throughout the province and when a person needs something a little stronger than milk to drink he does not have to sneak around the byways and frequent low "dives" in order to obtain it, thus breaking the law and encouraging others to break it. Under the present system, a man can walk boldly up and buy a bottle of pure liquor and act like a man. Total prohibition tends to breed a race of hypocrites, liars, thieves, and dope fiends, and this, British Columbia can not afford to do.

Alice Arm Debating Society.

The Alice Arm Debating Society is filling a long felt want in the town. Interesting debates are held each week, which are well attended, which fact shows that the people appreciate the efforts made to cater to their enjoyment. It is hoped that the debates will be carried on throughout the winter, interspersed with social events. The holding of debates each week, gives anyone who cares to take advantage of the opportunity a chance to improve their platform speaking. They are instructive to the audience, and are also the means of getting the people together to mix in social events held after the debates. We have to provide our own enjoyment during the coming winter, and the Debating Society will, with the co-operation of the people of the town, do its utmost to provide necessary recreation during the winter months.

Alice Arm Citizens' Association Meet

The regular monthly meeting of the Alice Arm Citizens' Association was held in the Anglican Church Building, on Saturday, November 25th.

A large number of members were present, and a fair amount of business was transacted. Chairman: President C. P. Riel.

The minutes of the previous meeting were read and adopted.

The secretary read a letter from H. F. Kergin, M.L.A. in regard to constructing a bridge across the Kitsault River, in which he assured the Association that this matter was being taken up by him. A letter was read from Hon T. D. Patullo, minister of lands, regarding the killing of timber in this vicinity by the smelter smoke of Anyox, and he said that the matter was receiving the consideration of the Forestry Department. A letter was also read from the Prince Rupert Board of Trade asking the co-operation of the association in regard to the marketing of beef from the Bulkley Valley, which was now being placed on the market. On a motion by H. Fowler, seconded by A. Falconer, the correspondence was filed.

In regard to the money obtained from the sale of poppies on Armistice Day, H. Fowler made the suggestion that the money be forwarded to the Service Association at Anyox, and on a motion made by M. Petersen, seconded by G. Bruggy it was decided that this be done. A vote of thanks was given to H. Fowler for arranging for the sale of poppies etc. and also to Alice Horgburg and Lorne Falconer, who had charge of the sale of poppies.

Salmon River Railway To Be Built

The contracting firm of Seims & Carlson of Spokane have taken a contract to build 13 miles of railway up the Salmon valley, according to a statement made to The News last week by G. A. Carlson, member of the firm, just before he left for Juneau on the Prince of Wales, from Hyder.

After spending nearly a week in the camp in company with Charles Caldwell, holder of a charter for the road, Mr. Carlson, a veteran railway builder, was convinced not only of the feasibility of the line but also of the fact that it is warranted and will be a good investment. Surveys will commence as soon as possible, and will be followed closely by actual construction.

The line will commence from a point on the water front at Hyder, Alaska, and run up the east side of the valley.

Naas Valley Notes

George Wohlschlegle and wife accompanied by Mrs. J. Wynes left the first of the month for six months stay in Idaho.

Charles Gordon who underwent an operation for appendicitis recently at Prince Rupert General Hospital returned on the last mail boat. He has entirely recovered and is at work on his ranch.

Mr. Newman our new Dominion Constable arrived last week and is residing at Gitlakeamiks.

Mr. Henry Derby of the White Pass Yukon railway at White Horse has purchased the Chanette ranch and contemplates putting a river boat on the Naas river in the near future.

Frank Hoft, who is camping on the Seax has a fine collection of mink skins to his credit already this fall.

Miss Mable Winstone is in charge of the Indian school and is spending the winter with her sister Mrs. Oliver Thorne.

John Nelson is building a large barn on his new place on the Irene meadows.

To discontinue advertising is to stop greeting old friends and stop meeting new ones.

Anyox Community League Meeting

Continued from page 1.

The handicaps were figured out this would start.

Mr. Selfe thought that as he was going to Vancouver about the middle of January, that he would be in a good position to get fixtures for the soft drink stand at better prices than the Council could possibly do by writing. This need not delay the main alterations, however. It was moved by Mr. Lowry and seconded by Mr. Murdoch that the first steps in connection with the proposed alterations be made to the stand.

Mr. Lowry gave notice of a motion that he would bring up at the next meeting of the Council, to ask the Council to endorse the proposals made to the Mine Club. Mr. Lowry also made a motion to the effect that the Card Tournament would start on Monday night, December 4th, in the Reading Room, at 8 p.m.

Mr. Rowley asked about a music teacher. The secretary reported that there was nothing further to report, but suggested that the committee might meet and decide what further should be done. Mrs. McKay felt that a music teacher had a splendid opportunity in Anyox. Mr. Noel asked if it was intended to use the new gymnasium for dances. Considerable discussion took place in this connection, as well as on the subject of equipment in which ex-Councillor Simpson took part. It was finally agreed that the whole matter be left in the hands of the Finance Committee and the Chairman of Recreation.

One in Every Seventeen is a Japanese

British Columbia statistics show that in 1910, Japanese births in the province were 1 to 252 white births; in 1914 about 1 in 61; but in 1920 about 1 in 17!

From 1911-1922 there have been more Japanese women than men admitted to Canada!

Such were the startling figures given in an address, "Some Aspects of Our Immigration Problem," at the annual meeting of the Ottawa Women's Club, by Miss Charlotte Whitton, convenor of immigration for the National Council of Women.

Startling figures of Canada's increasing numbers of yellow races and the loss of 1,288,000 Canadians in ten years to the States were sensational features of Miss Whitton's address.

The term Grand Canyon applies to that part of the Colorado river which lies in northern Arizona. It is a gorge 217 miles long, 4000 to 6000 feet deep and from 1 to 15 miles wide at the top.

Far away to the north, however, on Green river, a tributary of the Colorado, there begins a greatly depressed river bed that continues through Utah and Arizona for 1000 miles, "more mysterious in their depths than the Himalayas in height."

Pat Daly, managing-director of the Daly Alaska mines, expects to leave for New York, Sunday, on business in connection with the Daly Alaska and other promotions.—Portland Canal News,

The large oil tank being built by the Premier company on the hillside, above the dock, is now nearing completion.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre. Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Surprise" and "Uist" Mineral Claims, situate in the Naas River Mining Division of Cassiar District. Where located: on Kitzault River, Alice Arm.

TAKE NOTICE, that I, Clifton P. Riel, Free Miner's Certificate No. 47418-C, acting as agent for Angus McLeod, Free Miner's Certificate No. 41067-C, and Donald J. McVicar, Free Miner's Certificate No. 62066-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 25th. day of September, A.D. 1922.

MINERAL ACT

NOTICE

Whereas I, Walter Jones, co-owner and agent, with power of attorney for the co-owners of the Alice group of mineral claims, situated in the Portland Canal District of Alice Arm, B. C.

And whereas the said J. McIsaac has failed to contribute his proportion of expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners have made the expenditure:

NOW THIS IS TO GIVE NOTICE to said J. McIsaac, that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said J. McIsaac shall fail or refuse to contribute the sum of \$80.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

Dated this 2nd. day of December, 1922.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of \$734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

Production During last ten years, \$336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
