Celts Beat Rangers And Win Football Cup

Unless a football season is carried through to a successful conclusion it is disappointing to the fans who have followed it, and most unsatisfactory to the players. The present season, however, was brought to a glorious close by the replayed cup-final on Thursday August 31st. between the Celts and Rangers, when the former won 4 to 2. It was a hard-fought battle, there being little to choose between the two teams. There was keen action and many incidents, both sides keeping up a strong pace until the final whistle. Not one of the six goals scored gave the custodians a chance.

Referee Webster handled the game in an efficient manner. The teams: Rangers, Hunter; Francis, Hamilton; Galbraith, Ellison, Dods-worth; Pinckney, Buchanan, Ferguson, Donaldson, Peel. Celts: Taylor; Currie, J. Gillies; Murray, Williams, L. Gillies; Patrick, Buntain, Hawes, W. J. Johnston, H. Johnston.

Moose Labor Day Dance Enjoyed By Many

A most enjoyable affair was the Annual Labor Day Dance held by the Loyal Order of Moose in the Gymnasium on Monday last. A large number of dancers were present and the hall was prettily decorated. Excellent music was provided by Harry Ward's Orchestra, and an appetizing supper was served.

In the replayed game of the semi-final of the Men's Singles Tennis Championship between O. G. Macintyre and G. McInnes, on Monday the 4th, the former won 6-2, 6-3, 3-6, 6-4. The game was close throughout, Macintyre being in better form than on the previous occasion, when the game was called through darkness.

The Stump That Wasn't

On the eventful morning of the opening of the duck-shooting season, when some twenty sportsmen cleared the Alice Arm flats of its ducks and geese, a humorous incident took place. In the dim, ghostly light when stealthy preparations were being made, one of the Granby officials whose judgement is usually unerring, noted a stump, which he decided would make an excellent ambush. Approaching it carefully, he was astonished to see it walk away. It was a bear!

Bowser Party Expected To Place Candidate

J. E. Merryfield, provincial organizer for the Bowser non-partizan movement was a visitor to Anyox last week while the Canadian National Steamship was in port. It is Mr. Merryfield's strong opinion that his party will place a candidate in the field at the forthcoming election. Several names have been considered, but no decision has yet been made. It is expected, however, that an announcement will be made next week.

CARD OF THANKS

The friends of the late John Cosmacini desire to thank all those who expressed their sympathy at his decease. They also wish to acknowledge with gratitude the many beautiful floral tributes which were offered, among them being several from the officials of the Granby Company.

Mr. Arthur A. Todd Returns With Bride

Mr. Arthur A. Todd created a mild sensation among his many friends when he arrived at Anyox on Thursday with a bride. Mr. Todd's friends were entirely unaware that he had joined the benedicts' ranks and hearty congratulations were tendered to him throughout the day.

The wedding was solemnized at Oxenden Presbyterian Church London, England on Monday August 14th. No elaborate celebrations were held, and the ceremony was attended only by relatives and intimate friends of the bride and groom. Mrs. Todd's former name was Miss Margaret Pearce, and she was a resident of London.

Mr. Todd left Anyox early in June for holidays but did not disclose his destination. The accidental meeting, however, with Mr. Archie Morton in London revealed the extent of his travels to several Anyox people.

This was Mr. Todd's first visit to England and he thoroughly enjoyed it. He states that many foreign tourists visited London this year. He visited the big industrial centres of the midlands and north, and said that business there was on the upgrade, especially in the steel industry.

Rev. Abraham Appointed Minister To Christ Church

Anglican Church goes in this district are extending a welcome to the Rev. Alfred Abraham, who has been appointed to the parish in Anyox. Rev. Abraham graduated from Emmanuel College, Saskatoon, with honors in May of this year and since that time has been taking holiday duty in Saskatchewan. His parishioners already speak well of his fine voice and excellent oratorical delivery.

E. DeRedder Launches Handsome Craft

Sliding easily down the ways and gracefully entering the water, Mr. E. DeRedder's new 40-ft. boat was successfully launched on Sunday afternoon August 27th. at 4 p.m. This handsome craft, which is 40 ft. long, 11 ft. beam, and has a draft of 4 ft. 6 inches, has been built entirely by its owner, whose pride in its sturdiness is fully justified.

Thorough work has been put into every board, joining and fitting. It will be fitted with the latest type of Hall-Scott 60 h. p. marine gas engine, with a three to one reduction gear, and is intended for towing, carrying passengers, and all-round work. May Create New Gold Standard of Over \$30 Per Ounce

Vancouver Financial News
 Stabilization of the price of gold at some point between \$30 and \$35 by international action is forecast as likely to take place before the end of the year. A necessary preliminary to an international understanding regarding a new gold standard would be abandonment by France and associated countries of their adherence to the old standard. There have been frequent intimations recently that France has come around to the view that the old gold standard must be dropped and it is now freely predicted that France will make the formal announcement during September.

Should France take this step the way would be paved for international negotiations having in view the adoption of a new gold standard in keeping with altered conditions. In this connection a price level for gold at \$30 or between \$30 and \$35 is suggested as the most likely outcome.

A significant move in this direction took place this week when it was announced from Washington that the world price of gold would henceforth be available to United States producers. Up to the present U. S. gold mines had been receiving the old standard price of \$20.67 per ounce for their output whereas Canadian, South African and Australian producers were receiving the world price which, in terms of Canadian currency amounts at present to between \$30 and \$31.

The procedure will be practically the same as that followed by the Canadian government. The secretary of the treasury, William H. Woodin will regulate sales of newly-mined gold. Sales may be made, first to foreign purchasers and second, to persons licensed to acquire gold for use in the arts, industries or professions. The new order forbids acquisition of gold by any person except a Federal Reserve Bank and requires a license for acquisition, holding or earmarking of gold hereafter.

As a result of this new concession there will be no necessity for U. S. gold producers to ship concentrates or ores to Canadian smelters for treatment in order to get the benefit of the world price but a certain amount of gold ores will be shipped

New Report on Gold In Canada Has Been Issued

A revised edition of a report on "Gold in Canada" has just been issued by the Dominion Department of Mines. Impressed by the unprecedented world wide interest in the exploration for, and the production of gold, the Honourable W. A. Gordon, Minister of Mines, has thought it opportune that Canada's present position as a producer should be more widely known.

The report furnishes a brief history; a record of annual production; such details of cost as are available; and a description of mining and milling methods for each property now in production. In addition there are short discussions of such topics as the physical and chemical properties of gold; its rarity and modes of occurrence; the history of its use; the gold standard; the history of the world's producers; the types of ores from which gold is produced; and the history of gold production in Canada.

Copies of the report may be obtained from the Director, Mines Branch, Department of Mines, Ottawa.

A Woman at Banff

I know God fashioned little fields
So they would be
A comfort for old homely folk
Like you and me.
Small gardens with their fences
Snug and tight,
And tiny gates to shut us
From the night.
But THIS He made with
Glory in His veins,

This solitude, where Might
Forever reigns.
Molded the hills with glad
Exultant hands,
Shaping the valleys for
Wide pasture lands.
And so this towering peak
Forever bears,
Old finger-marks upon
Its rutted stairs.

And every shining height
Reflects the glow
Of some white virgin field
Of drifted snow.
And over it he laid
With loving care,
The mantle of His peace
Forever there.

Governor-General Visits Boys' Farm

The annual closing exercises of the Boys' Farm and Training School at Shawbridge, Que., were made memorable for the 150 boys of the institution recently when they were honored by the presence of the Earl of Bessborough, Governor-General of Canada, who addressed the school and gave out the prizes. Accompanied by E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway, who is also president of the Boys' School, and a number of directors and wellwishers of the institution, His Excellency was the object of a great ovation by the boys on the arrival of the

special train at the Farm. This is shown in top photograph of the lay-out. Lower left, the Governor-General is shown shaking hands with Major Ralph Willcock, D.S.O., superintendent of the School, and at the right His Excellency is acknowledging the plaudits of the boys from the steps of the special train. It was the first time in the 25 years' existence of the School that a Governor-General of Canada had taken part in the closing exercises of the institution. His Excellency, addressing the School, stressed character as being of vital importance to success in life.

CONQUERED BY A SONG

Lands have been annexed by fire and sword, but the west coast of Vancouver Island has the unique distinction of being won by a song. The Spanish admiral who led an expedition against it in 1790, so charmed the heart of the warlike Maquinna, Lord of the Nootkas, with a theme song which he caused his merry men to sing over and over until the chief was placated, that the Indian made him welcome and gave him jurisdiction over the Sound and the Islands. Since that date the coast of Vancouver Island has become the rendezvous of tourists from all over the world. Within easy reach of Vancouver,

Victoria and Seattle, it yet offers the attraction of territory quite unspoiled by industrialism and a paradise of beautiful scenery and fruitful sport. As it was when the Spaniards first sighted it, so it virtually is today. Canadian Pacific steamships of the British Columbia Coast Service travel up and down this coast, and make it easily and comfortably accessible to visitors. Lay-out shows Canadian Pacific coastal vessel "Princess Norah" sailing among the islands off the Vancouver Island coast; lower left, Indian parade in village and totem pole with Lord and Lady Willingdon and Captain Jack, Indian Nootka Chief.
