Large Number Enjoyed Annual Hospital Dance

Responding well to the appeal of the ladies of the Hospital Auxiliary, a large crowd attended the annual Hospital Dance in the Gymnasium on Monday last. The function was in every way enjoyable. Contributing largely to the entertainment was the splendid display of dancing given by the pupils of Mrs. V. S. McRae.

This included a very effective Spanish Dance given by Barbara Lee, the Misses Cavers, and May Barclay; a tap dance, nicely executed by a group of young ladies, and the graceful "Kiss Waltz" by Mrs. G. S. MacDonald and Miss Vera Eve.

Another feature was the giving away of prizes to the holders of certain lucky admission tickets. The first prize, a handsome coffee pot presented by the Super-health Aluminum Co., was won by W. Cavers Jr., and the 2nd., 3rd. and 4th. prizes, each a bag of flour, were won by H. W. Mahler, J. Shields, and Alfred Waters. Enjoyable music was furnished by the Merry-makers' Orchestra, and a delightful supper was served.

Mr. Edwards Assumes Charge Of Bank of Commerce

Mr. D. M. Sinclair, manager of the Anyox Branch of the Canadian Bank of Commerce for the past four years, has been transferred to the Bank of Commerce at Williams Lake, and left on Wednesday's boat for that point. His successor is Mr. F. C. O. Edwards, from Vancouver, and formerly of Princeton, B. C. Mr. Edwards, together with his son, Master M. Edwards, arrived in Anyox on Monday. Mr. Sinclair was very much respected in Anyox, and the best wishes of all his friends go with him in his new appointment.

Organizations Will Hold Remembrance Parade

The annual Remembrance Day Parade will be held on Wednesday, November 11th.

The Canadian Legion, I.O.D.E., Girl Guides and Boy Scouts will take part.

Parade starts from Legion Rooms at Elks' Hall at 10.30 a.m. prompt, and marches to cemetery, where a service is held, and the last post sounded.

The general public are cordially invited to take part in this Annual Parade.

Plans Being Made For Alice Arm Christmas Entertainment

At a meeting of the Alice Arm School Board held on Wednesday evening, permission was granted to Mr. A. C. Ironside, to train the children for a Christmas concert, should it be found feasible to hold the concert in connection with a Christmas Tree. In regard to the latter it was the opinion of the School Board that the best means of eliciting information as to the wishes of residents of the town regarding a children's entertainment and Christmas tree was to call a meeting of the ladies. A meeting will therefore be held at the Club House on Monday afternoon at 3 p.m. and all those interested in providing an evening's enjoyment for the children during the Christmas festive season are requested to attend.

Alice Arm Celebrated With Dance

A five piece orchestra; a large crowd; a good dancing floor, and tasty refreshments were outstanding features of the Halloween dance held at the Alice Arm Hotel on Saturday evening under the auspices of the Alice Arm Athletic Association. Everyday cares were relegated to the background, and Mr. Gloomy Outlook was nowhere in evidence. From the commencement until the strains of Home Waltz beckoned the happy dancers homeward the floor was filled throughout the evening.

The outstanding feature of the evening was undoubtedly the efficiency of the newly formed Alice Arm orchestra. Their delightful music was the cause of many favorable comments and it was due to their efforts that the dance was such a great success.

It is very possible, that due to the encouragement given to the Athletic Association by the excellent number attending on Saturday, that another dance will be held in the near future.

Mr. and Mrs. Austin Lindgren, who went to Vancouver on a honeymoon trip, will probably be a little delayed in their return to Anyox owing to the fact that Mrs. Lindgren was taken ill and had to be operated on for appendicitis. Latest reports indicate that she is recovering rapidly.

The Government Relief Camp Closed On Monday

The Government relief camp at Alice Arm was closed on Monday evening. The shutdown was entirely unexpected and no official reason was given. The cause is no doubt due to the fact that amicable arrangements have not yet been reached with the Federal Government in regard to the amount of money to be expended on relief work throughout the province. Latest advices from the south stated that the Federal Government considered the relief work programme of British Columbia too elaborate.

The sudden shutdown caused great disappointment throughout the district, and it is hoped that work will be resumed at an early date. Those having homes in the district were sent home, and those without homes are being cared for at the camp.

The shutdown on Monday was general throughout the province. It is not expected to be of long duration. If it is a hardship will be imposed on many local men.

Celebrate Armistice Anniversary by Dancing

The big annual Armistice dance will be held this year on Wednesday November 11th. in the Gymnasium.

Thirteen years ago on that date the carnage and suffering ceased on a dozen battle fronts, and on the high seas, and the greatest armed conflict the world had ever experienced passed into history, and the defeat of the Central powers assured us our freedom from their ambitious rulers. Celebrate, therefore, the anniversary of this big event and show your loyalty and thankfulness by attending the dance on Wednesday evening. You will enjoy yourself, for the veterans of Anyox as entertainers or soldiers are unbeatable.

Armistice Smoker Will Be Held on Monday

The annual Armistice Smoker will be held on Monday evening, November 9th. at 8 o'clock in the Elks' Dugout.

This is one time of the year when all ex-service men foregather. Music by the Legion Orchestra. Community singing. Solos, recitations, entertainment, and a good time generally.

All ex-service men cordially invited. Admission \$1.00.

November 11th Known As Remembrance Day

The Federal Government has arranged for a national legal holiday to be observed on November 11th. This will be known as "Remembrance Day." Wednesday next will be the first occasion on which it has been declared and observed as a legal holiday. It was through the efforts of the Canadian Legion that this holiday has been arranged by Parliament, and all Commands and Branches of the Legion are being urged to see that the sacred character of the day is fully preserved, and every precaution taken to prevent it becoming a mere public holiday.

Peace River Gifts Accepted Up To November 13th.

The Committee of the I.O.D.E. who have in hand the work of collecting books and other gifts for needy people in the Peace River country will be at the Legion Club Room from 2-30 till 4.30 on November 13th. Donations may be left at the Legion rooms at any time up to and including this date. You may have something which will be greatly appreciated by those people in the Peace River district. If so send it along.

National Government's Final Majority Is 491

Final outstanding returns from London having come in over the week-end from three university seats. The majority of the National government over the opposition as a result of the general election in Great Britain stands at 491.

Of the last three seats to report, the Conservatives won one and Independents two, giving the government a total of 553 seats and the opposition a total of 62.

ALICE ARM NOTES

Mrs. O. Evindsen returned home on Monday from Vancouver, where she has spent a vacation.

Pete Anderson, who spent last summer at the gold diggings at Rainbow Creek north of Vanderhoof returned home on Monday.

The Alice Arm Athletic Association will hold a card party at the Club House this evening commencing at 8.30 p.m.

J. Deeming was a week-end visitor at the Alice Arm Hotel, arriving from Anyox on Saturday and leaving again on Monday morning.

No More Football Games Will Be Played This Year

The football season has evidently drawn to a close, but unfortunately without a consummation of the League Series which has been running all summer.

Two or three circumstances were responsible for this, one being the Prince Rupert fixtures, which shut out local football for two weeks, while the nights steadily drew in. Another was our old friend Jupe Pluvius. When a lay-off day came and the boys were ready to play the grounds were very, very moist. However, the Football Cup Series was completed, and the Cup won by the Smelter team.

In reviewing the past season we are glad to note two things: that football was very well patronized, and that the game was well played. The results of the Prince Rupert games is a proof of the ability of the Anyox boys. We are also pleased to note excellent spirit prevailing among all the boys of the football fraternity.

We understand there is a project afoot to hold a banquet to which all local footballers will be invited, when the past will be reviewed and the future anticipated. This interesting event will serve to cement friendships and place this "king of sports" on a more sure and certain basis in Anyox than ever.

Celts' Basketball Team Win From Store

A schedule Senior League game was played on Wednesday between the Celts and the Store, the former winning by 20 to 15. The Store were handicapped by the fact that they were without spares, the five players having to play through the whole session. Despite this, however, they put up an excellent game. J. Lazorek was the capable referee.

Canadian Copper Production Shows Increase

Ottawa—Canada's copper production in August was 27,159,496 lbs., which was three and a half million pounds over that of July and one million more than was produced in August last year, according to figures issued by the Dominion Bureau of Statistics. For the eight months of the calendar year Canadian production was roughly two hundred million pounds, a drop of ten million from last year's similar period, but an increase of 43 million over the same period of 1929.

Important Mining Meeting at Vancouver in November

British Columbia has been selected this year for the Western Annual Meeting of the Canadian Institute of Mining and Metallurgy, which will be held jointly with the Mining Association of B. C. in Vancouver on November 25-27th. next.

In the programme that has been arranged the subject of gold mining and gold mining opportunities in British Columbia will be stressed, and among those contributing papers on them are Mr. J. D. Galloway, Provincial Mineralogist; Mr. J. E. Moran, of Atlin; Dr. W. E. Cockfield and Dr. J. F. Walker. There will also be a paper on the general trend of gold milling in Canada by the members of the ore-dressing staff of the Mines Branch at Ottawa.

Of popular interest will be the illustrated lecture by Mr. John Hosie, Provincial Librarian on "The Gold Rush of Cariboo."

A number of technical papers of timely interest will be presented, and include a contribution by Mr. H. S. Spence on the pitch-blende and silver occurrences at Great Bear Lake.

The prosperity of our mining industry is dependent on world conditions. Hence it has been arranged that two sessions at this meeting will be devoted to a consideration of some of the major economic problems of the day, both national and international in character. These problems will be defined and elucidated in addresses to be presented by members of the professional staff of the Department of Economics of the University of British Columbia. One of the subjects to be discussed will be "The Stabilization of Non-Ferrous Mineral Production," and another "Technological Improvement Their Social and Economic Consequences."

The meeting will be open to the public and all interested in the welfare of the mining industry are cordially invited to attend.

C. N. Railway Earnings Are Down From Last Year

Montreal—The gross earnings of the Canadian National Railways for the week ending Oct. 21, 1931, were \$3,921,853, as compared with \$4,734,345 for the same period of 1930, a decrease of \$812,492.

There is on file at the Chamber of Mines, Vancouver a list of promising properties for sale. This list is open for public inspection.

Germans Abandon Salt Water Gold Scheme

The fantastic scheme of German scientists to pay Germany's reparation debt with gold from the ocean has been abandoned. For more than eight years Professor Wilhelm Schlenk of the chemical institute of the Berlin university revealed, German scientists carried on extensive research in all the oceans of the world in an attempt to extract gold from seawater. "Our last hope of winning gold from sources other than mines has been definitely abandoned," Professor Schlenk declared.

W. Crawford Winters Horses At Vanderhoof

With 32 head of horses, W. J. Crawford accompanied by T. R. Whitely left Stewart recently for Vanderhoof. There it is the intention of wintering the stock. After completing arrangements in connection with the horses Messrs. Crawford and Whitely expect to visit Prince George before returning which they expect to do in about two weeks' time.

"Yes, sir: I spent \$25,000 on my daughter's education, and now she's gone and married a fellow with \$1500 a year. What do you think of that?"

"Oh, well, it's 6 per cent. on your money, ain't it?"

Canada Is The World's Second Gold Producer

Added incentive given the gold mining industry by the drop in production costs is expected to result in an output for 1931 being the highest for the past 15 years, according to leading mining authorities. Every important producing country except the United States has increased its output of gold. The estimated 1931 production is placed at 21,000,000 ounces valued at approximately \$400,000,000 compared with 20,150,000 ounces in 1930, Canada, South Africa, Australia are principally responsible for the increase.

Canada is placed well ahead of United States and second only to South Africa in a table showing estimated world production for 1931, prepared by S. D. Strauss and appearing in the current issue of the Engineer and Mining Journal. Even should the output of Philippine Islands be included with that of United States, the Canadian output is expected to be 425,000 ounces greater, according to these figures.

Husband and wife were at the movie show. During a love scene she nudged him and inquired:

"Why is it you never made love to me like that?"

"Say," he said, "do you know the salary that fellow gets for doing that?"

ANYOX NOTES

Mr. F. C. O. Edwards, the newly appointed manager of the Anyox Branch of the Canadian Bank of Commerce, arrived on Monday. He was accompanied by his son, Master M. Edwards.

Mr. H. W. Mahler, passenger agent of the North German Lloyd Steamship Co., arrived on Monday.

Mr. T. J. Shenton, District Inspector of Mines, arrived by Monday's boat, leaving again on Wednesday for Prince Rupert.

Mrs. N. R. Redman arrived on Monday after a holiday spent at Hazelton.

Mrs. D. McIntominey was a passenger to Prince Rupert on Monday's boat.

Mrs. R. M. Ballentyne arrived by Monday's boat to take up her residence in Anyox.

T. D. writes with regard to a joke recently printed in this column: "The threat of the merchant to an employee who had asked for a raise that if he wasn't careful he would be made a partner and so get nothing, recalled to my mind a bit of advice once given by a successful man. "Work faithfully for 8 hours a day and don't worry and in time you may become a boss and work twelve hours a day and have all the worry."

Ontario Using More Prairie Coal This Year

Winnipeg—Residents of Ontario are this year looking toward the prairie coal mines with greater interest than usual if October shipments of coal are an indication. According to T. P. White, superintendent of car service for the Canadian National Railways, a total of 85 cars of coal were shipped to Ontario in the first three weeks of October, as compared with 15 cars for the entire month of October, 1930. The majority of those shipments came from Drumheller but several were from Edson and Saunders.

Teacher: "Tommy, can you tell me one of the uses of cowhide?"
Tommy: "Er, yessir. It keeps the cow together."

"What's the greatest help to the textile industry?"
"Moths."

Glasgow Favors B. C. Fir For Buildings

G. B. Johnson, Canadian Trade Commissioner in Glasgow advises that the corporation there has decided that much of the lumber to be used in future in its housing schemes is to be of British Columbia fir. Five or six years ago it was found that Glasgow, with a population of about 1,250,000 needed some 70,000 new houses. To meet this demand thousands of new homes are being constructed every year, of which at least half are being put up by the corporation itself and the rest by private builders. In its preference for B. C. timber Glasgow is following the example of the London County Council, and Inverness is also considering a similar move.
