Cabinet Ministers Visit Alice Arm; Trip Made to Toric Mine

Hon. Wm. Sloan, minister of mines, and Dr. Sutherland, minister of public works, paid a visit to Alice Arm on Tuesday. They were accompanied by Mrs. Sutherland; J. McDougall, secretary to Hon. Wm. Sloan; P. Phillips, superintendent of public works; A. L. Carruthers, superintendent of bridges; and G. C. McKay, district engineer for the north.

Bert Kergin, who met them in Prince Rupert the previous week, and journeyed with them to Stewart also accompanied them.

They arrived from Stewart on board the Lillian D. of the Forestry Department, on Tuesday morning, and the day was spent sightseeing. A trip was made to the Toric mine, by gasoline speeders over the Dolly Varden railway, and the large amount and quality of ore shown the visitors, gave them an idea of the mineral wealth of the camp.

All the party were greatly impressed by what they saw, and proved to the ministers that the Dolly Varden is not the only mine in the Kitsault valley, and it also showed them the possibilities of the district when more fully developed.

The railway was inspected en route, and an inspection was also made of the work carried out by the public works department during the past few years. The evening was spent by the ministers in meeting mining property owners and others, and discussing local problems with them, and later a public meeting was held, a full report of which is given in our other columns.

The party left on Wednesday morning for Prince Rupert.

Union Church Ladies' Aid Dance Big Success

Last Wednesday evening the Ladies' Aid of the Union Church gave a dance in the Gymnasium. The dance was a very successful affair in every way and the huge crowd in attendance were treated to good music from nine until two o'clock. Refreshments were served at twelve o'clock and after a short intermission, dancing was continued. The ladies who worked so hard to make the dance a success, are to be congratulated upon their efforts. The committee in charge consisted of Mrs. Cloke, Mrs. Barclay, Mrs. Asimus, Mrs. Patrick, Mrs. Scott and Mrs. Sawrey. The girls' baseball games which took place at the ball park earlier in the evening proved very successful both as a ball game and also from a financial standpoint. The Elks' five-piece orchestra provided music for the dance, and their efforts were heartily applauded, some numbers being encored as many as five times. The orchestra consisted of: Jack Austin, piano; Steele, Trombone; MacDougall, cornet; Armstrong, violin, and Waterman, drums.

Granby Co. Will Examine Property Near Juneau

The launch, Azurite, left early on Tuesday morning for Juneau, Alaska. She had on board Mr. E. J. Conway, who will make an examination of a mining property a short distance south of the town of Juneau.

Two Important Alice Arm Ore Discoveries

Several important ore discoveries have been made during the week in the Alice Arm district. These discoveries are not "promoters strikes," but have been made during development work by the owners of different properties, and will stand investigation.

Welcome news comes from the Alice property that a high grade vein of silver ore six inches wide has been encountered, at a depth of about fifty feet, and a distance of about 56 feet from the portal of the tunnel. Specimens of the ore brought to town are magnificent specimens, and contain brittle and ruby silver, also galena and zinc ore. The Alice is owned by a number of Anyox residents. It joins the Esperanza, and the location of the discovery is about 3000 feet from the Esperanza workings.

On the Riverside No. 2 an ore discovery has been made that may place that property among the producing mines at an early date. A sample of ore recently taken from a dyke gave assay returns of \$12.00 in gold per ton. This dyke is three feet wide and can be traced on the surface for a long distance. It cuts an ore vein from which samples have been taken giving returns of 13 ozs. silver and \$6.50 in gold per ton.

The Riverside No. 2 is located on Granite creek, in the Kitsault valley, about five miles from Alice Arm, and is owned by W. A. Wilson and J. A. McDermaid. The discovery is about 500 feet from the railway tracks.

Anyox Waterfront Notes

S. S. Mogul left for Tacoma with the largest cargo ever carried from Anyox on one ship, consisting of 3700 tons of Premier ore and concentrates, 550 tons copper and 150 tons sulphite of ammonia.

S. S. Griffco left on the 9th. for the south with 1800 tons Premier ore and concentrates, 250 tons copper and towing the Riverside with 3200 tons of concentrates.

S. S. Marmion arrived from Namu via Prince Rupert and Maple Bay with 250 tons Outsider ore and towing Granby No. 1 with 1800 tons Outsider ore.

S. S. Amur arrived from the south 8 a.m. on the 8th. with 1500 tons of coking coal and 500 tons of limerock.

S. S. Marmion left at midnight on the 8th. towing scow Griff, for Prince Rupert, returning from Rupert at noon on the 11th. with 150 tons of coal and towing the scow Griff with 400 tons of coal.

S. S. Amur left for Stewart 10 p.m. on the 11th.

BIRTHS AT ANYOX

Born to Mr. and Mrs. Belabba at Anyox Hospital on Sunday June 7th., a son.

Born to Mr. and Mrs. W. F. Tamplin at Anyox Hospital, on Sunday June 7th., a son.

Born to Mr and Mrs. Hume at Anyox Hospital, on Monday June 8th., a daughter.

Born to Mr. and Mrs. F. Wilson at the Anyox Hospital, on Thursday June 11th., a son.

Mr. Gow was a passenger south on Monday's boat.

Public Meeting at Alice Arm Addressed By Cabinet Ministers

Hon. Wm. Sloan and Hon Dr. Sutherland Chief Speakers

A public meeting was held at the Alice Arm Coliseum on Tuesday evening, at which Hon. Wm. Sloan, minister of mines, and H. W. Sutherland, minister of public works department, were the chief speakers. Bert Kergin, M. L. A. for this district also addressed the meeting.

The hall was filled to overflowing, and the speakers were listened to with rapt attention. They dealt with various matters, both local and provincial, and threw the light onto a number of problems, that were a question to a large number of the audience.

H. Fowler was chairman of the meeting, and gave a short address, in which he referred to the present ministers as the type of men who had placed the province in its present prosperous condition. He also pointed to Hon. Wm. Sloan as the person responsible for the free ore assays now obtainable by mining property owners, and who also gave us the 25% reduction in price of powder now enjoyed by prospectors. These things Mr. Sloan had fought for and obtained in his endeavour to expand the mining industry. We also enjoyed the best mining laws on the continent and these also were due to a large extent to our present minister of mines.

Mr. Fowler also said that the financial standing of the province was the best of any province in the Dominion. In concluding, he invited anyone who wished to discuss any private problems with either of the ministers to take it up with them after the meeting.

Bert Kergin, M.L.A., who was the next speaker, said that he had urged the present ministers, at different times to pay this district a visit, and it gave him great pleasure to be able to bring them here, and give them first hand information regarding our problems. He gave an account of their trip from Prince Rupert, and assured his hearers that he had kept the party on the jump. He said that later in the evening Mr Sloan would probably endorse the statement of Premier Oliver, recently appearing in the Herald, that the Dolly Varden railway could be operated by any legitimate mining company, and no obstacle would ever be placed in the way by the government regarding operation of the railway.

Dr. H. W. Sutherland, minister of public works, was the next speaker. He went into details regarding the work carried on throughout the province by the Public Works Department, and explained to the audience why it was not possible to concede to every request made. He said that before leaving Victoria, he had found

Continued on page 2

Will Make Plans For Proposed Concentrator

Mr. C. W. Tandy arrived in Anyox on Monday from Salt Lake City. Mr. Tandy holds the position of chief draughtsman for the Utah Copper Company, and while in Anyox will make complete plans for the proposed new unit to the Concentrator Mill. He expects to be here about six or eight weeks.

B. P. O. Elks Hold Card Party and Dance

Last Friday evening the B.P.O. Elks entertained at a card party and dance. Cards were started at eight o'clock and continued until ten, only straight whist being played.

Mrs. R. C. Macknight won first ladies' prize and Mrs. Alex. Roberts won the consolation prize.

Mr. Wm. Adams won first Men's prize, and Mr. M. Upjohn won Men's consolation prize.

Refreshments were served in the Dugout directly after cards, after which dancing was indulged in until twelve o'clock, a three piece orchestra consisting of Jack Austin, piano; Sid. Armstrong, violin, and Ed. Waterman, drums, supplied snappy music for the dancers.

The committee in charge consisted of Brothers Parmiter, Hutchison, Robertson and Gibbs.

On Sunday evening the Beach and Smelter played a postponed game ending in a draw, 1-1. The play was fairly even throughout, both sides missing many chances to score. Archie Dewar notched the goal for the Smelter.

ALICE ARM NOTES

O. Gray was an arrival on Monday from Los Angeles. Mr. Gray spent the winter in the sunny south.

See Al. Falconer for Freight and Pack Horses

Hand Laundry Work. Moderate prices—Miss B. Crawford, Alice Arm.

Messrs. Petersen. R. Armour, and Ely arrived from Vancouver on Monday for the Toric mine.

Mr. Mellon arrived in town on Tuesday from Vancouver, in order to make an examination of the Esperanza mine.

Mr. and Mrs. Al. Falconer arrived home on Monday. Mrs. Falconer has spent the past few weeks in Prince Rupert, while Mr. Falconer returned from Vancouver.

Mrs. H. Nucich arrived home on Monday from a six month's vacation spent visiting her parents in Jugoslavia.

C. S. Stapples arrived in town on Monday from Prince Rupert.

Mr. and Mrs. A. C. H. Gerhardi and baby arrived in town on Monday. Since leaving here last fall, Mr. Gerhardi has made a business trip to London, England.

See Al. Falconer for Wood, Coal and Lumber.

Miss Flynn, who has been visiting Mr. and Mrs. Carl Johnson, left on Thursday for Prince Rupert.

ANYOX NOTES

Jack Bagwill, who has been visiting his parents for the past three weeks, returned on Tuesday to Seattle, Wash.

Mrs. Wm. Robertson and daughter left on Monday for their holidays, which will be spent in Vancouver and Chilliwack.

Continued on page 4

Mine Lady Baseballers Win By Narrow Margin

The first of a two game series between the Mine and Beach Ladies' baseball teams was decided on Wednesday evening before a large crowd. After battling an uphill fight right up the last inning the Mine girls managed to win by the narrow margin of one run. The final score being 30 to 29.

Mrs. Dwyer and Mrs. McTaggart excelled at bat for the Beach, while Mrs. Crone turned in a nice game for the losers.

Misses Julia and Helen Calderone, Sis Dean and Phyllis McMillan starred with the stick for the winners. Walter Olsen handled the game in a satisfactory manner.

The teams were: Beach, Mrs. Dwyer c., Mrs. McTaggart p., Mrs. Crone, 1b. Mrs. Cody, 2b. Thelma Deeth s.s., Margaret Dupuis 3b., Annie Scott, l.f. Rowena Champion c.f., Rose O'Neil r.f.

Mine: Misses Rashleigh c., Dean p. and 1b. McMillan 1b. and p. H. Calderone 2b., J. Calderone s.s., J. Moffatt 3b., J. Morley l.f., A. McLachlan r.f.

Another game will be played on Wednesday, June 24th.

Smelter Team Defeat Elks 5-3

The Smelter broke into the win column on Monday evening, when they defeated the Elks by a five to three score. Numerous errors coupled with three hits counted for four runs against the Brother Bills in the first frame. The losers chased three over the plate in the third, but the winners added one more to their lead in the fourth and cinched the game. Ross pitched a nice game for the Smelter and was given good support by his team mates. Cody turned his first game of the season for the Elks, but was not up to his usual good form. Steve McKeown was the star with the bat, garnering four hits out of as many trips to the plate. Umpires, Olson and Carr.

SUMMARY:			
Smelter	5	8	3

LEAGUE STANDING				
	P.	W.	L.	Pts.
Mine	5	3	2	600
Elks	5	3	2	600
Smelter	4	1	3	250

The Beach footballers have finally succeeded in breaking their jinx, on Tuesday evening, when they took the Mine into camp 2 goals to nil. O'Connell, a newcomer in town, added considerable strength to the winners lineup and seemed to give them just the added punch necessary.

Conservative Candidate Pays Anyox Visit

G. G. Bushby, who has spent the past week here, returned on Monday to Prince Rupert. Mr. Bushby was recently nominated as the conservative candidate for the coming federal election, and will oppose Fred Stork, the present member. Mr. Bushby was here to get acquainted with local conditions, in preparation for the coming campaign.

Walter Olsen sailed on Thursday for Minneapolis on a business trip.

Public Meeting at Alice Arm Addressed By Cabinet Ministers

Continued from Page 1

it necessary to run his pencil through \$4,000,000 worth of roads that had been applied for. Owing to the population of the province being scattered over such a large area, the road problem was one of the biggest the government had to contend with. The policy of the Public Works Department was to examine each request thoroughly, and build the roads which were most essential.

Dr. Sutherland said the government owned 6000 miles of roads, and in addition also owned 1500 miles of first-class mining trails, and the wooden bridges of the province if placed end to end would extend a distance of 66 miles. All these roads, trails and bridges had to be kept in repair by the government in addition to new work.

The speaker said that at the present time there was more activity in the mining industry in B. C. than ever before, and the department is trying its utmost to meet the road and trail problem in the mining districts. He said that they had seen the Toric mine that day, and from what he saw there he believed that the people of Alice Arm had every reason to be optimistic, and said he believed that this district has a great future.

He assured his audience that the Dolly Varden railway will be kept open for anyone wishing to use it, and any trunk roads needed will be looked upon by the department with favor. He concluded his address by saying that he would be pleased to discuss local matters with anyone after the meeting, as he thought it a good way to obtain information regarding the district.

Hon. Wm. Sloan, minister of mines, gave a somewhat lengthy address. He reviewed the mining industry of the province thoroughly, and also delved into the activity of other government departments.

He stated that as one of the pioneer prospectors of the Yukon he knows something from a prospector's point of view, and he realized the difficulties that beset the pioneer prospector. He came to British Columbia when the province contained a population of only 70,000 people, and to show the remarkable growth since that time reminded his audience that last year the provincial payroll reached the huge sum of \$160,000,000.

He reviewed the good work done by the government in regard to the Workmen's Compensation Act, and stated that the provincial government was petitioning the federal government to introduce a system of old age pensions for the

aged and hoped it would soon be consummated. Mr. Sloan quoted figures to show the remarkable growth of the lumbering, fishing, agriculture and mining industries, and said that last year the mines of the province produced wealth totalling nearly \$50,000,000 and predicted that the total for the present year would reach nearly \$60,000,000.

The speaker said that mining industry was improving in every section of the province, and in order to give encouragement, we must give capital a square deal. He wanted to see money invested in our mines, not as a speculation, but as an investment. He referred to the injury done to the mining industry of the province by the wildcat mining of the early days, and considered that any company formed should spend at least 70% of their capital on development work.

In reviewing negotiations now proceeding with the Dominion Government in regard for help in building mining roads, Mr. Sloan stated that the Dominion should pay 50 per cent. of the cost of new mining roads. When a new mine was brought in, the Dominion Government derived as much benefit from taxation as the Provincial Government, and did not pay out a cent in providing transportation. This expense being borne entirely by the people of the province. He thought it was only fair that the Dominion Government should shoulder a part of this burden.

He also advocated the free entry of mining machinery into the province. The B. C. mining companies were compelled to compete with the world in the world's markets, and any handicap, such as taxation of imported machinery should be removed, so that they had an even break. He was pleased that the people of the province were realizing the importance of the mining industry, and investing their money in it, but urged his hearers to give them a square deal, to which they were entitled.

In addition to holding the office of minister of mines, Hon. Wm. Sloan is also provincial secretary, and he gave an outline of the activities of this department, which includes supervision of all Mental Hospitals, the Tuberculosis Hospital, etc., and which costs the people of the province \$2,000,000 per year. He stated that one in every 286 is an inmate of a mental hospital, and these hospitals last year cost \$650,000 to maintain. He advocated a strict mental examination of all persons entering Canada, in order to stem the fast rising flood of mental deficients.

The Oriental problem was next discussed by the minister, and he said that this province was not big enough for two separate civilizations. One must go, and that question must shortly be decided by the people. He said that if everyone would strictly avoid all dealings with Orientals the question would solve itself quickly.

In concluding, he appealed to those present to help build up a strong and prosperous province, and asked for the hearty cooperation of all to attain that end.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Mine Team Goes to Top of League

The Mine went to the top of the table on Thursday evening of last week, when they defeated the Smelter by a 9 to 7 score. The Miners made three in the first, third and fifth innings. The losers got two in the fifth and five in the sixth. Beaulieu pitched the first five innings for the Smelter, allowing eight hits and fanning four. Ross, a newcomer, replaced him in the sixth, and showed a lot of class. Jimmy Ferguson, on the mound for the winners, let the opposition down with six hits and struck out nine.

SUMMARY:	Runs	Hits	Errors
Smelter	7	6	6
Mine	9	8	5

Walter Oleson was the umpire

Mine Footballers Victorious Over Smelter

The Miners were victorious over the Smelter on Friday evening, the score was five goals to two. The game was fast all the way through, with the winners stronger in front of the goal. The Smelter seemed unable to get into their stride, and the fine combination play shown in previous games was lacking.

How Revenue is Derived

Thirty three per cent of British Columbia's total revenue comes today from the operation of the natural resources of the province, and between 12 and 14 per cent. comes from taxation of luxuries, such as amusements, races, liquors and similar lines. Hon. Dr. J. D. McLean, provincial minister of finance.

Hon. Dr. McLean said that the feature of the taxation of the past few years has been derivation of funds from the profits of the lumber manufacturer and the development of other natural resources. Dominion subsidies have fallen to negligible proportions, and today this province gets only 4 per cent. of its revenue from this source.

The largest provincial source of revenue, the speaker said, was \$3,500,000 yearly from operation of natural resources. The forests provide \$3,300,000, the liquor business contributes about \$2,200,000, and real property adds \$1,100,000. Motor licences and Dominion contributions are each worth \$800,000 to the province, the minister observes.

MINERAL ACT

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Big Strike" Mineral Claim, situate in the Naas River Mining Division of Cassiar District. Where located: on Evidson Creek, Kitsault River, Alice Arm, adjoining the Royal No. 4 Mineral Claim on the west.

TAKE NOTICE that Noel Humphreys, acting as agent for Robert T. Colquhoun F. M. Certificate No. 81461-C, Walter S. Baird, F. M. C. No. 80838-C, and Douglas R. Shewan F. M. C. No. 80535-C, intend sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 28th. day of May, A.D. 1925,
NOEL HUMPHREYS, Agent

Mrs. E. J. Waterman and daughter Dorothy, were southbound passengers on Monday for Seattle where they plan to spend two month's vacation.

Mrs. R. M. Nenell of Kalama, Washington, who has been visiting her sister, Mrs. MacMaster, sailed for the south on the Prince Rupert last Thursday.

Art. Walters, who received a telegram on Saturday, bearing the news that his father was seriously ill in Vancouver, left on Sunday for the south. He took the launch Cuprite to the Naas, and caught the Prince George going south from Stewart.

T. Mahon was a passenger south on Monday, and will spend a vacation in Vancouver and Vancouver Island.

For a good smoke buy an El Dora cigar.

Mrs. McLean and family left on the Cardena on Monday, bound for Vancouver.

Rev. and Mrs. C. D. Clarke and family arrived in Anyox on Monday from Vancouver. Mr. Clarke has taken the place of Rev. J. Herdman, pastor of the Union Church. He was formerly pastor at White Rock, B. C.

Mrs. McQuarrie arrived home on Monday from Vancouver, after spending a vacation in the south.

Mr. Bert Wing was a passenger to Vancouver on Monday, after spending a week's vacation in Anyox and Stewart. Bert is looking well, and was busy renewing old friendships during his stay in town.

Mrs. Pynn and child were southbound passengers on Monday's boat

Mr. Gorman, representative for the Canadian Explosive Co., was a passenger to Vancouver on Monday, after visiting Anyox and Alice Arm.

Mr. Parker was a southbound passenger for Vancouver on Monday.

L. P. Landry arrived in town on Thursday. He will relieve Mr. Russell Jones of the Drug Department, who is leaving for a vacation.
