5 cents each.

Anyox Moose Lodge Hold Monthly Smoker

On Friday, February 1st, the Moose held their Monthly Smoker at their headquarters, the Catholic Hall, and it was conceded by all present to be the best given by the order. The Hall was packed and after a splendid repast, the audience settled down to a well varied programme. There was Community Singing by the company, to which Rev. J. Herdman contributed largely with slides on his Stereopticon, followed by songs by that popular Anyox singer, Mr. C. Hegarty. A new artist, Mr. Alfred Williams, gave one of his own compositions, and received loud applause. Mr. J. Hay contributed "Asleep in the Deep," in fine form. The Moose orchestra gave selections. Mr. Frank Rice told funny stories. Mr. Jimmy Varnes sang "He Did," (and no one contradicted him.) Mr. H. B. Dresser at the piano, and Mr. George Liddell with his violin played selections, and we wondered whether we were at the Orpheum instead of Anyox. Piper McLennan supplied the martial strains. Messrs. Webster and Haesler acted as accompanists.

The committee consisted of Messrs. Hart, Simpson, Cross, Dodds, and the Secretary, who specially wish to thank the following ladies for their contributions to the Commissariat: Mesdames D. Lavery, E. R. Armstrong, J. T. Wilkinson, N. Bloom, F. Cross, S. Spragg, J. Hart, J. Zitko, J. Varnes, and also to Mr. B. Clayton.

A Hundred Cords of Wood Lost

Mr. Walter McDonald and partners, who have been cutting cordwood by contract for the Granby Co. had a serious misfortune during the week, when 100 cords of wood, which was piled on the beach, was lost on a high tide. In addition to the cordwood, a bunch of logs, containing about 40,000 feet b. m. were also lost.

The cause of the loss was due to the fact that the tide was considerably higher than the figures given in the tide book. This fact has been noted several times during the winter and is probably due to high winds on the ocean.

Logging Again Starts at Alice Arm

Logging operations were again commenced this week at the camp of the Abbotsford Logging Co. by Mr. Eric Carlson, who has the contract for taking out the logs.

About ten men are at present employed, and the work now being done consists of pulling a number of piles, that are already yarded, into the water. As soon as weather conditions permit logging operations will be carried on full blast.

Alice Arm Hockey

Married Men Again Win

In a thrilling 45-minute encounter, in which both teams churned up the slush on Sunday last, at the Skating Rink, the married men again came out victors over the singles by the comfortable margin of 5 goals, the score being 8-3.

The game started with a burst of speed by both teams, with the singles scoring the first goal. Considerable time elapsed before the married men could equalize, but once they had coaxed the puck into the net, goals came in quick succession.

Some fine solo rushes were made by C. Drennan for the singles, and he was responsible for all goals scored by his team.

T. W. Falconer and G. Anderson of the married team played a good game, and J. A. Stephen also made his presence felt on several occasions.

Due to the poor condition of the ice, real good hockey was impossible and it is possible that should ideal conditions prevail when the next game is called that the single men will pull a surprise on their opponents.

The teams, including substitutes, were: married, G. Bruggy, goal; J. Morrison, T. W. Falconer, J. Hanna J. A. Stephen, G. Anderson, E. Moss. Single: S. Wickwire, goal; A. D. Yorke, C. Drennan, J. Wilson, H. Butler, J. Iiva.

Granby Co. Will Shortly Commence Logging

The Granby Co. will commence logging operations at Alice Arm in about 10 or 14 days, it is understood. It is planned to commence operations with a force of 25 men, and the first work to be done will be the building of a mile of railway track on the Kitsault flats, which will connect with the Abbotsford Logging Company. The Granby Co. will use the Dolly Varden railway for hauling the logs to tide-water from their limits on the west bank of the Kitsault river.

Fatal Accident at Anyox

The tragic death occurred at Anyox mine on Wednesday, of Mr. P. Connolly.

Deceased was employed as brakeman and met his through injuries received from being crushed by ore cars on the 150-ft. level. Deceased was only 23 years of age.

CONTRACT LET FOR PILING

Mr. Walter McDonald has secured the contract for cedar piles for the Kitsault river bridge. He left on Thursday, accompanied by Archie McPhail, for down the inlet where the piles will be cut.

MR. A. E. WARREN
General Manager, Western Region,
Canadian National Railways

Mr. Warren was a visitor to Prince Rupert last week in connection with the selection of a site for a grain elevator.

Basketball At Anyox

There were three games of basketball at the Gymnasium, on Friday evening. The first game brought together the Rovers and the Tuxis in an Intermediate League fixture. The Tuxis boys came through with their second win this season by the score of 21 to 14.

The second game provided the big surprise of the year, when the High School succeeded in winning from the Pats in a very close and exciting game by 14 to 11. The High School Girls seem to have found their stride and should turn in a few more wins before the season is finished. This game went ten minutes overtime.

The last game was also an Intermediate league game, the teams taking part were the Coke Plant and the Office. The latter winning by the score of 24 to 19.

On Monday evening, only one game took place, when the Coke Plant defeated the Rovers 27 to 18, in one of the fastest games seen at the Gym. this season.

New Buildings for Alice Arm

Mr. George Beaudin is going ahead with the construction of a new building on 1st. Street. The building is 20 feet by 40 feet and when completed will be used as a store or rooming house.

The new store constructed by Mr. S. Dumas on 1st. Street is now completed. The building is 20 feet by 40 feet and is 2 stories high. The whole building is lined with V-joint and presents a very smart and attractive appearance, both on the inside and outside.

ANYOX NOTES

Mr. Harry Gerrard, an old resident, bid adieu to Anyox on Thursday last, bound for Tacoma, where he will reside.

Mr. Harry Selfe returned from the south on Thursday last.

Mr. T. J. Shenton mine inspector arrived in Anyox on Thursday last.

Mrs. T. Gilmore was a northbound passenger on the Prince Rupert. She will reside at the Mine.

Mr. John Lulich of Alice Arm has been in town during the past week. We are glad to hear his daughter's operation was successful and that all is well.

Mr. Fred Bell arrived per the Prince Rupert on Thursday.

Why does Bill Westwood want to send some snow up to the mine?

Other passengers on Thursday's boat included Mrs. Elliot Messrs. R. Greenwell D. McLeod, R. Moore, L. D. Taylor, R. O. Hanley, A. C. Knight and W. H. Rudland.

Mr. and Mrs. F. Bardwell, who have been residents of Anyox for many years said good-bye to a host of friends when they left on Thursday last for Vancouver where they will reside.

All roads will lead to the Recreation Hall on Monday night next, when a Masquerade Dance will be held under the auspices of The Parent-Teacher Association.

The Moose Ladies announce another popular Saturday night Dance at the Catholic Hall, on Saturday February 9th. Tonight.

Rev. J. Herdman left on the Awake for Alice Arm on Friday for a short visit.

We hear that Joe Hart is making his debut shortly at a forthcoming concert with his new instrument "The Gazuka". George Liddell will probably snap him up!

ALICE ARM NOTES

See Al. Falconer for Freight and Pack Horses.

Mr. J. O. Trethewey, of the Abbotsford Logging Co. arrived in town on Monday, in order to start operations at the Logging Camp, which closed down a few weeks ago.

Dressmaking and Plain sewing—Mrs. Myrtle Wilson, Alice Arm.

Mr. Al. Falconer, accompanied by his daughter Jean, arrived home on Monday from a trip to Vancouver.

Mr. Ed. Gustaffson, who has been employed in Anyox for some time, arrived home on Tuesday.

Constable A. Dryden, of Anyox, spent a few days in town during the week.

\$2.25 a Year
Alice Arm and
Anyox. \$2.75 to
all other points.

Mr. Eric Carlson, who has a contract with the Abbotsford Logging Co. arrived on Monday, from Vancouver and lost no time in getting operations started at the camp.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Eight men arrived on Monday from Vancouver for the Abbotsford Logging Co's camp.

Mr. Ed. Pickett, an old resident of the camp, and owner of the Tiger property, was recently married in California.

Support home industries. We can handle all your laundry. Suits cleaned and pressed. All work done at home.—Harry Wilson, Alice Arm.

Mr. J. Stenbraten, known in all mining camps as "Stampede John," is wintering in Mexico.

Three heavy horses arrived in Alice Arm on Monday from Vancouver, for the Alice Arm Freight Co. They will be used for hauling logs from the woods by the company

See Al. Falconer for Wood or Coal

Mr. S. Wickwire, the well known jeweler and watch repairer of Alice Arm has moved his business into the building formerly occupied by Mr. Wm. Sloan, on 1st. Street. Mr. Wickwire is one of the most optimistic business men of the town and to show his faith in the town has purchased the property.

Last week we said the Esperanza ore was shipped on the Chelohsin, but this week we'll say it was shipped on a scow, which is correct.

Mr. Danny Hume arrived yesterday from Stewart. Mr. Hume will operate the donkey engine on the construction of the Kitsault river bridge.

Mr. and Mrs. Gus Carlson arrived on Monday from Vancouver, and will reside here. Mr. Carlson is holding a position at logging camp of the Abbotsford Logging Co.

Mr. W. M. Meehan, who will have charge of logging operations here for the Granby Co. was a visitor in town this week.

Rev. J. Herdman arrived from Anyox yesterday, and gave a picture show at the Alice Arm Hotel last night.

Mr. C. Byles, who is purchasing logs for the Ocean Falls Co. spent a few days in town this week.

Messrs. J. J. Phillips and J. Lough snowshoed down from the Homestake Mine, at the Kitsault Glacier this week. Mr. Phillips expects to leave for his home in the Naas Valley early next week.

All those desirous of attending the Masquerade Dance to be held by the Anyox Parent-Teacher Association please hand in their names to G. Bruggy or T. W. Falconer.

Snowdrops

A front page paragraph of a Vancouver paper announced last week that snowdrops had shown above the ground in that city. But perhaps the people of Vancouver are not aware that we have had snowdrops in this district throughout the winter. One snowdrop here grew 4 feet in less than 24 hours, in fact some grew so high we could hardly see out of the windows, and if it hadn't been for the raindrops we wouldn't have been able to see out at all. Oh no, Vancouver people do not have a monopoly on snowdrops.

Vancouver Smelter

Vancouver papers are now boasting for a smelter, and if their efforts are successful, they expect that all ores mined from Alaska to the United States along the coast will find their way to Vancouver. But again they fail to take into consideration that a smelter is continuously in operation at Anyox, and will make a bid for the northern trade.

Providing smelting charges are equal, it is certain that Anyox will continue to treat a large portion of custom ore, and will make any changes in their plant necessary to meet requirements.

Ministers in any community are leaders in solving moral and spiritual problems. Removed from the conduct of commerce, they can see moral distinctions a little clearer than some of the rest of us.

The ministers are working only for the good of the community. When they say, "Let's do it," they deserve to be supported by all progressive citizens who desire constructive advance.

The reason for most of the negligence on the part of public officials rests with the habit of the people of electing a man and then leaving it

Silver Largely Used in Photography

A very considerable share of the new silver produced from year to year is now used for purposes other than monetary. Some of it is lost by abrasion, some of it passes to the Orient and disappears in the "hoards" characteristic among the people of that part of the world. Much of it has been used for years in the manufacture of tableware, ornaments and toilet articles, and of late large quantities are utilized in photography especially the thousands of miles of motion picture films annually turned out in the world. While the silver used in tableware, ornaments and toilet articles is looked upon as possibly "recoverable" in case it is needed that used in photography and plating is not recoverable.

A recent statement by a high authority puts the quantity of silver now used in photography and silver plating at from 10 to 20 million ounces a year while from 20 to 30 million ounces are annually used in the manufacture of tableware, toilet articles, etc. Accepting the higher of these figures it would appear that about one-fourth of the world's silver production is now used in the arts and industries, and this is sustained by a recent report of the director of the U. S. Mint, who places the world's industrial consumption of silver in 1922 at 59,969,000 ounces, or 28 per cent of the 1922 world output.

Big Deal in Indian Mine Treasury Stock

McQuaig Bros. & Co. of Montreal, acting for a strong Montreal and Toronto syndicate, have purchased 255,000 shares of Indian Mines Corporation treasury stock. While the price is not announced, it is understood to have been around 65c. or 67c. the market quotation.

The purchase is evidence of the fact that big things are expected of this near shipping property.

all up to him, as to what he shall do. If the various communities were organized and would keep in touch with their officials they would receive better service.

Whenever we get a communication which begins, "Your name has been given to us as one of the prominent citizens of your community," we read just that far. There is always a coupon at the bottom.

Ladies' Charter Loyal Order of Moose Hold Jolly Dance

Following on their success of the previous week the Moose Legionnaires held another popular dance last Saturday night, after the picture show, from 9 to 12 p.m. There is no doubt that this idea has caught the public fancy and the Moose ladies are to be congratulated on their foresight.

On this occasion there was a three-piece orchestra consisting of Mrs. Pynn (piano) Mr. C. McMillan (violinist) and Mr. E. Waterman (drums.) This trio certainly provide first-class music, and their efforts were appreciated to the full by all present. The M.C.'s were Mr. Frank D. Rice and Mr. W. Simpson. The Committee in charge consisted of Mrs. F. Cross Mrs. J. Hart, Mrs. F. D. Rice, Mr. F. V. Cross and Mr. J. Hart.

The whole affair was a great success and more in the nature of a jolly party.

We understand the Moose ladies will hold another dance tonight, Saturday, at the Catholic Hall, at 9 p.m. prompt. Admission 50 cents. Ladies Free if accompanied by gentleman.

Lots of people are like some theories—they just will not work.

Proprietress**SYNOPSIS OF LAND ACT AMENDMENTS****PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Stewart Mining News

Portland Canal News

High Grade Ore Struck on Dunwell Property

One of the most momentous happenings in the history of the Portland Canal district since the striking of high grade ore in the Premier mine, occurred last week when the No. 3 tunnel of the Dunwell mine entered high grade ore at a vertical depth of 300 feet, and 500 feet on the dip of the vein below the outcrop.

The striking of this ore has established the continuity downward of a Bear River ore body and undoubtedly it will have the same effect in stimulating development in the Bear river section as the exploitation of the Premier ore bodies did for Salmon river.

Second Payment Made on Big Missouri

The payment due a few days ago on the Big Missouri was made on time, according to special telegraphic advice to the News, dated Seattle, January 15.

The exact amount involved is not known, but is of such a substantial nature as to prove conclusively that the work done on the property by Messrs Trites & Wilson, warranted the big outlay of capital that are known to have made.

Wm. Bunting Wins Suit

The Court of Appeals in Victoria has confirmed the judgement of Mr. Justice Murphy, awarding to Wm. Bunting a ten per cent commission on the sale of the Unicorn group to A. B. Trites by John Hovland and Louis Watkins. The bond calls for a total payment of \$120,000 so if all the payments are made Bunting will come in for the tidy sum of \$12,000. F. C. Winkler, owner of considerable mining property in the Salmon valley, and now in Victoria is also drawing a commission on this deal, the vendors of the Unicorn having recognized his connection with making the sale.

Emigrants For Canada

Vessels of 16 steamship lines will assist in bringing to Canada this year the greatest number of immigrants that have come to this country since before the war, it has been announced by Canadian National Railway officials at Winnipeg. The movement will commence by March 15, it is expected, and seven steamship lines which formerly called only at American ports are making Halifax a regular call on their westbound passages. Immigrants will be carried direct from Halifax to Western Canada over Canadian National lines.

Silver Producers

The chief silver producing countries of the world are, stated in their order of magnitude of production in 1922. Mexico, the United States, Canada, Peru, Australia, Bolivia, Germany, India, Japan Spain and Chile.

The United States produced almost two-thirds of the world output of petroleum last year, and Mexico more than one-fifth, the Geological Survey reports.

World production was 854,889,000 barrels, of which the United States supplied 557,531,000 and Mexico 182,278,000 barrels.

Large Increase in Motor Vehicles

Attorney-General Manson has issued a statement of figures relating to motor vehicles in British Columbia, which shows the remarkable growth of the province in this regard. Last year the minister stated there were 39,500 motor licences issued, as compared with 6,688 in 1914, or an increase in ten years of over 600 per cent.

According to a report recently issued by the Dominion Bureau of Statistics there are more telephones in use in Canada per 100 of population than in any other country of the world except the United States and British Columbia's average is higher than any other province in the Dominion. The average number of users per 100 of population in Canada is 10.53, while British Columbia has 15.10 telephones per 100 persons.

Wm. Sloan arrived from Vancouver on the Prince Rupert yesterday, to take charge of development on the Daly Alaska. It is the intention to continue the 500-foot tunnel to crosscut the main ore bodies.—Portland Canal News.

The multiplication of job holders indicates that eventually all of us will get a living by collecting taxes from one another.

Alice Arm Notes

Continued from page 1.

Southern papers carried the news last week that a Mr. Fred Miller had been held up and shot by hold-up men in Portland, Oregon. Mr. Fred Miller, who had charge of the Granby Co.'s logging camp here last summer left some time ago to visit relatives in Oregon, and considerable apprehension prevails as it is probable that he may have been the victim.

A few things we need:

- A policeman.
- A water system.
- Some cold weather.
- The month of May.
- A lot more boosters.
- A thousand loggers.
- Stewart hockey team.
- A few mining promoters.
- A dozen good mining companies.
- Lots of pep, perseverance and optimism.
- Transportation facilities up the Kitsault Valley.
- A few more mining property owners who don't want a million \$\$\$ for a prospect.

BIRTH

Friends of Mr. and Mrs. J. W. Esplin will be pleased to learn that a daughter was born to them at St. Paul's Hospital, Vancouver on Tuesday, January 24th. Mr. Esplin was formerly the Anyox representative of the Herald.

Leaves for Prince Rupert

Miss Bernice Clay of Anyox, left last week for Prince Rupert, where she has taken a position of probation nurse at the General Hospital.

BIRTH AT ANYOX

Born to Mr. and Mrs. Geo. Hague, at the Anyox Hospital, on Friday, February 1st., a son.

Government Will Settle Lumber Strike

Victoria—The Provincial Department of Labor has moved to settle the strike by which the I. W. W. are tying up logging camps in the East Kootenay country and threatening to seriously reduce lumber production.

Acting on instructions from Hon A. M. Manson, Minister of Labor, J. D. McNiven Deputy Minister has gone to the scene of the trouble to try and effect a settlement between the lumberjacks and the operators. Between 700 and 800 men are effected by the strike. Cranbrook being the trouble centre.

New King's Printer

Charles F. Banfield a native son of Victoria and a prominent printer has been appointed King's Printer for British Columbia, by the government, replacing W. H. Cullin, who is being superannuated at the age of 65, after having held the position since 1911.

Everything is going up; even prizefight fans get fewer rounds for their money.

One of the best arguments for the styles of the present day is the old family Album.

In the Matter of the MINERAL ACT and FORFEITURE of INTEREST of Co-Owners who have failed to contribute.

To W. J. VanHouten of Hollywood, in the state of California, U. S. A. and W. G. H. Campbell of Port Haney, in the Province of British Columbia.

WHEREAS you the said W. J. VanHouten and W. G. H. Campbell are each a holder of an undivided one-quarter interest in the "Big Strike" Mineral Claim situated in the Portland Canal District, Alice Arm, B. C. located the 8th day of June 1919 and recorded at Anyox, B.C. upon the 10th day of June 1919.

AND WHEREAS Douglas R. Shewan and Robert T. Colquhoun are each a holder of an undivided one-quarter interest in the said Mineral Claim.

NOW you the said W. J. VanHouten and W. G. H. Campbell are hereby given notice that the said Douglas R. Shewan and Robert T. Colquhoun have made the whole expenditure upon the said Mineral Claim for the year ending the 19th day of June 1923 as required by Sections 48 and 51 of the Mineral Act.

AND that if you the said W. J. VanHouten and W. G. H. Campbell shall fail or refuse to contribute your proportion of the said expenditure required by the said Sections 48 and 51 of the Mineral Act together with all costs of advertising on or before the first day of March 1924 your respective interests in the said Mineral Claim shall become vested in your Co-owners to wit; Douglas R. Shewan and Robert T. Colquhoun (who have made the required expenditure, pro rata) on filing with the Mining Recorder of the Division in which the said claim is situated, this Notice in full and on fulfilment of the requirements of Sections 28 of the Mineral Act; and do you the said W. J. VanHouten and W. G. H. Campbell govern yourselves accordingly.

FRANK C. SAUNDERS, Solicitor for Douglas R. Shewan and Robert T. Colquhoun, whose address for service and place of business is 402, Dominion Building, Vancouver, B. C.
