Anyox Union Church Concert Was Great Success

Mrs. F. M. Kelley's Pupils Again Delight Anyox Audience

Last Friday evening March 20th., was the occasion of the Union Church concert at the Recreation Hall. Every member on the program met with the hearty approval of the audience, and the success of the evening is unquestionable.

The third member on the program namely, "The Wishing Hut," was put on earlier in the season by the Parent Teachers' Association and was such a success that public sentiments favored its second appearance. This act was under the direction of Mrs. Frank Kelley, and the music was furnished by Mr. Herrin. Kelley is to be congratulated upon the splendid performance of her pupils.

The program for the evening was arranged in the following order.

1. Orchestra Selection, Elks' Orchestra.

2. Reading, Mr. B. Brown.

3. THE WISHING HUT. Repeated by special request. A children's fantasy.

Scene: In the middle of a dark forest. Time: early morning.

Pixies: Helen Simpson, Jean Munroe, Bessie Barclay, Jean Tankin.

"Pandy," a very inquisitive little girl, Rose Cane.

"Tommy," her brother, almost as nosy as his sister, Stewart Barclay.

The little old wish man, Jack Barclay.

Candy Stick Wishes: Don McAlister, Earle Gray, Ronald Gray, John Gillis, Roy Scott, Frank Mikeli.

Chocolate Cream Wishes: Dorothy Dodd, Dora Gregg, Agnes Kruzick, Hazel Dwyer.

Jewel Wishes, Rubies: Kathleen Eve, Dorothy Waterman.

Emeralds: Tess Gordon, Audrey McMillan.

Topaz: Vera Eve, Hattie Young.

Sapphire: Pat O'Neill, Rose Chimakoski.

Amethyst: Constance Butcher, Marjory Cloke.

Conscience: Jean McDonald.

Foolish Wish: Ronald Herrin.

Ingratitude: Frances Kelley.

Bad Temper: Edna Herrin.

Jealousy: Flo Kelley.

Dutch Girls: Jean Robertson, May Barclay, Nan Dunn.

Dutch Boys: Joan Whelan, Edna Herrin, Kathleen Eve.

Canada: Marjory Cloke.

Directed by Mrs. F. M. Kelley.

Music by Mrs. S. Herrin.

4. Orchestra Selection. Elks' Orchestra.

5. Solo, Mr. J. Mitchell.

6. Dance, "LaFuntana," Vera Eve, Tess Gordon, Pat O'Neill.

7. Solo, Miss Edna Davis.

8. Reading, Mr. B. Brown.

9. Dance, "Highland Schottische," Flo Kelley, Edna Herrin.

10. Solo, Mr. R. W. Murdoch.

11. Solo, Mr. E. Blundell.

12. Duet, Miss E. Davis and Mr. E. Blundell.

13. Orchestra Selection: Elks' Orchestra.

God Save The King

Accompanists: Mr. H. D. Southam and Mr. Harris.

Well Known Mining Man Visits Alice Arm

Mr. John Devlin, who is a well known mining man of British Columbia, arrived in Alice Arm on Monday, in order to gather information in regard to mining developments and future prospects of the camp.

Since he has been here, Mr. Devlin has gathered a wealth of information, and he intends to return at an early date and spend the coming summer in the district.

He was amazed at the lack of publicity being given to the camp in the south, and is sure that when proper publicity is given the Toric mine, and the mineral wealth of the district if broadcasted, that Alice Arm will become a mining camp second to none in the province. In fact, he predicts considerable mining activity this year.

Mr. Devlin is a much travelled man. He spent last year examining the new mining fields of northern Quebec, and has traversed the northern Ontario fields throughout. He is confident that if such large ore bodies can be discovered so easily on the Toric, that the possibilities of the district are worth investigating.

Alice Arm Fails To Support Local Organization

At the public meeting held last Saturday evening at the Coliseum, about fifteen were present. The chair was taken by Mr. J. M. Morrison. Owing to the lack of interest shown by the small attendance, it was the general opinion of the meeting that to form an organization at the present time was useless. No business was therefore done, and the meeting was adjourned.

It is with regret that we are forced to publish the above report of the meeting, which was called for the purpose of forming an organization for the advancement of the mining industry as its chief aim. Owing to the failure of the people to support an organization that would benefit every inhabitant of the town, it is possible that another year will be lost before anything is done. Unless everyone gives their whole hearted support to such an organization, it is a waste of valuable time to form one, and a folly to try and carry on.—Ed.

If Not on Voters' List, Get On

Those who are desirous of getting on the Voters' List, must have their application in the hands of the Registrar of Voters at Anyox, on or before April 1st. Mr. J. Conway is the registrar of voters. A court of revision will be held on May 18th. at the Government Office, Anyox.

Reports received from the Toric Mine during the week, state that the No. 1 crosscut tunnel is in ore a distance of 147 feet, and the hanging wall has not yet been reached. As the No. 1 West crosscut encountered the hanging wall at a distance of 97 feet, it indicates that the ore body has considerably widened or taken a very sharp turn. If it has widened to such an extent, the ore body is much bigger than was supposed last week.

Anyox Bluebirds Are Northern Champions

Defeat Prince Rupert Maple Leafs 12-7

The Bluebirds, champions of the Anyox Ladies League, defeated the Maple Leafs, winners of the Prince Rupert League, at the Beach Gymnasium on Thursday evening. Hard checking on both sides featured the evening's play. Rupert drew first blood a few minutes after the start of play, on a shot by M. Harvey. A basket and a free shot by Mrs. McQuarrie and a free shot by Mrs. Smith soon put Anyox in the lead, where they remained for the rest of the game. The final score standing 12 to 7.

The pace was fast and furious. In the first quarter, the Rupert girls tried hard to tie up the count, but they were checked too close to do any good. The visitors were a classy aggregation of basketball players, and the local squad are to be congratulated on their victory. It is hard to choose any particular stars of the contest, as all players turned in a neat performance. Mrs. McQuarrie was the leading scorer for Anyox with eight points to her credit. Miss M. Harvey was high for Prince Rupert with four. Geo. Lee was the referee.

Teams were: Prince Rupert: Missess, Lowe-2 Graham, Stevens, Frizzell-1, Harvey-4, Casey.

Anyox: Mesdames, Cody, Smith-1, Dwyer, McQuarrie 8, McTaggart-3, Crone.

As a preliminary to the big game, the Mine Intermediates took on an all-star quintette. The game was fast and rough with the all-stars leading right up to the last few minutes. The Miners, however, were the best finishers, and romped home winners by a 28 to 19 count. V. Moore and L. Moore did the scoring for the winners with ten points each, Lazoreck for the losers with 9 to his credit. J. Mitchell was the referee.

Teams were: Mine: Peters-2, Dearlove, V. Moore-10, Swanson-6, L. Moore-10.

Allstars: Dupuis-1, Dewar-2, Bealeau-5, McDonald-2, Lazoreck-9.

Victoria Lost Hockey Game to Montreal Canadiens Last Night

Special to The Herald

VICTORIA, Friday night, March 27th.—With the Arena packed to its limit with a record crowd of hysterically yelling fans, who urged the Victoria team to win and secure the coveted Stanley cup, the third game of the Stanley cup series was fought last night. Despite, however, the heroic efforts of the Victoria Cougars, the Montreal Canadiens emerged victorious by the score of 4-2.

Large crowds stood in line for five hours before the game and thousands were unable to secure seats.

1st Period. Joliet scored for Canadiens. Anderson scored for Victoria.

2nd Period. Both teams failed to score.

3rd Period. Morene scored twice for Canadiens and Joliet once. Frazer scored one for Victoria.

This game was played under western rules. The Canadiens were frequently penalized for playing more than three men on defence.

The Victoria Cougars have won two games in the series and the Montreal Canadiens one. To win the cup Victoria must win one more game and the Canadiens in order to take home the cup must win the remaining two. The next game will be played at Victoria on Monday night.

ALICE ARM NOTES

Hand Laundry Work. Moderate prices—Miss B. Crawford, Alice Arm.

Messrs. A. Larson and E. Swanson, who spent last summer and also the previous one at the logging camp of Eric Carlson, returned to town on Monday from Prince Rupert.

Jack Hauber arrived in town during the week from the upper Kitsault country, where he has been doing development work on the Black Diamond group.

Dr. P. Whelan arrived yesterday in order to make a medical examination of the local school children.

See Al. Falconer for Wood, Coal and Lumber.

Mr. Geo. Young, who has held the position of district superintendent of public works over six years, in the north, has been transferred to a similar position at Bella Coola. Mr. Young has gained a large number of friends in the north during his residence, which extends over seventeen years, and who wish him success in his new field.

An opening dance will be held this evening in the new addition to the Welcome Pool Room Block. Dancing commences at 9 o'clock. Everyone welcome. A good time assured to all.

Mr. J. Nick is constructing another building on the site of the building destroyed by fire last January. The roof is finished, and interior work is being carried out. Continued on page 4

Mr. Charles Bocking Is Granby Company's New General Manager

Has Had Distinguished Career With America's Leading Copper Operator

Mr. Charles Bocking arrived in Anyox on Monday, accompanied by Mr. H. S. Munroe. Mr. Bocking is the new general manager of the Granby Co., and will take full control on May 1st., on the retirement of Mr. H. S. Munroe, who has been general manager of the Granby Co. for the past five years. Mr. Munroe is retiring at his own urgent request. He anticipates a well earned vacation, after which he will re-engage in mining.

Mr. Bocking, who was interviewed by the Herald, on Monday, a few hours after his arrival, stated in answer to a question regarding future plans at Anyox, that until he had thoroughly acquainted himself with the plant, he could not say anything regarding future developments. In regard to a resumption of operations at Allenby, he said, that at the present time no definite plans had been made.

Mr. Bocking comes to Anyox with a wide experience in mining and metallurgy. He has held a number of responsible positions in the mining world. The following article, taken from the British Columbia Financial Times, gives a short history of the business life of Granby Company's new general manager.

"Mr. Bocking comes from Butte, Montana, where he has been general superintendent of the Butte and Superior Mining Company for the last ten years. Previous to that he was associated with the Utah Copper Company, which has close associations with the Butte and Superior, and both belong to the numerous copper mining enterprises under the direction of Mr. D. C. Jackling, probably the largest copper mine operator in the world. Mr. Bocking, therefore comes to British Columbia with a wealth of experience, both as an operating official and as an executive, and one who has been especially fortunate in a long association with the leading copper mining engineer and metallurgist of North America. With his record of achievement and experience, the Granby affairs in British Columbia are safe in his hands. Mr. Bocking also has an impressive personality. Strong, forceful and kindly, he inspires confidence, and he will soon draw to himself the warm support and the close co-operation that have attended the management of his predecessor."

Mr. and Mrs. J. S. Stewart and son, arrived from the south on the Cardena, last Monday.

Are We Wise Is Withholding Publicity?

The sparsely attended meeting held last Saturday, and the lack of enthusiasm shown by those present, indicates that the people of Alice Arm do not wish to advertise the mining possibilities of the district. In the meantime other districts are forging ahead, while we are wallowing in a backwater, blaming everyone but ourselves because the possibilities of the district are not more widely known. It is not possible that Alice Arm is right, and the rest of the province is wrong, because facts prove different. Money is pouring into every mining district of the province for development purposes, due to the publicity these districts have received. Under the present system in vogue at Alice Arm, the Vancouver Chamber of Mines is kept in complete ignorance of local mining activity, and the general impression of the district on the outside, is that it is dead. Individual efforts have been made to give the district publicity, but individual efforts are futile, unless the individual is prominent in mining circles, and gentlemen of this calibre are extremely scarce in the district. Meanwhile, we shall continue to give the district as much publicity as possible, but if we could obtain the united support of everyone, our hand would be considerably strengthened. In giving publicity, we intend to adhere strictly to the truth, every mining news item will be investigated before being published. We believe this policy is the best for the district, and our readers can rely on the truth of any mining news published in the Herald.

This week marks another milestone in the history of the Granby Co. The big plant at Anyox passes under new management, and the destinies of the company, whose activities are scattered throughout the province will be guided by Mr. Chas. Bocking. During the past six years, fortune has not smiled very freely on the Granby Co., but the rise in price of copper indicates that better times are ahead. A large amount of hard work, however, remains to be done, before the Granby Co. can hope to retain their old time prosperity, and we wish Mr. Bocking all success in taking over the manifold responsibilities of the company, and hope that he will spend many years among us, increasing the prosperity of the com-

Wonderful Ore Bodies Being Proven On Engineer Mine

Sensational new ore discoveries have been reported from in the Engineer mine on Taku Arm of Tagish Lake, on the Yukon-British Columbia border, near Carcross.

According to a report from Atlin, a crosscut tunnel has cut two rich veins. One vein, known as the Bonanza "E" vein, was cut at a depth of 350 feet and disclosed seven rich shoots running from \$300 to \$7,190 a ton in gold. Another vein, the Double Decker, was cut at a depth of 250 feet and showed seven rich sections.

The No. 4 vein has been drifted on for 30 feet and on the 250-foot-level and is reported to have showed values as high as \$5000 a ton in gold. The main tunnel is being extended and should intersect all of the large veins of the property in April.

It appears from present development that the veins are about one-fifth high grade along the strike of the vein with the balance low grade ore running from \$2 to \$30 a ton.

Engineers, who have examined the property, believe that when the development work is completed in April, the Engineer mine will have blocked out the largest reserve of high grade gold ore of any mine on the North American continent.

Atlantic Salmon Eggs For Pacific Coast

Coming all the way from Newcastle, N.B., a carload of Atlantic salmon eggs passed through western Canada recently over Canadian National lines en route to the dominion fish hatcheries on the Pacific coast. Some 1,000,000 eggs, contained in seven large cases, comprised the shipment, believed to be the largest ever made. The eggs were obtained at South Eks, N. B., and were delivered at Vancouver, by the Canadian National within six days of the date of shipment.

Teacher: "Give correction and cause in the following sentence: 'The horse and the cow is in the field.'"

Tommy: "It should be, 'The cow and the horse is in the field, because ladies should always be mentioned first."

pany, by enlargements of the plant, and the development of new mines throughout the district.

Mr. H. S. Munroe, who has been general manager of the Granby Co. for the past five years, will leave Anyox on May 1st. Mr. Munroe came to us a stranger, but leaves as a friend. In the eyes of all northern British Columbians he measured up as a real man. He took office at a time when the closing down of the plant hung in the balance. It needed a big man to save the situation, and it is through the prompt action and untiring efforts of Mr. Munroe that the big plant is operating today.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timber land, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumping.

HOMESITE LEASES

Unsurveyed areas, not exceeding 2 acres, may be leased as homesites conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

News Items From Stewart
Portland Canal News

Government Caterpillar Breaks Roads

All this week the government caterpillar tractor has been doing excellent work up the main Bear River road, under the direction of Harry Scovil, district road foreman, and with Sid Fraser as chief engineer, who gets away to a good early start every morning. The road has been broken past Ward's Pass, and will be in excellent shape for heavy hauling as far as the Bitter Creek road house. The caterpillar operates by first traveling light and breaking trail both ways, afterwards hauling the heavy drag over the road in both directions, making a firm level bottom, good for heavy loads.

Radio Set At Mine

The first radio set to be installed in any of the Bear River valley mining camps is reported now in operation at the Lakeview mine. It is a five-tube set with a loud speaker, and Manager R. F. Hill reports that it is working very satisfactory. Last Friday evening a program being given at Minneapolis was heard very distinctly, while some especially good numbers have come from Calgary.

Machinery For Emperor Mine

Yesterday the Prince Rupert brought in twenty-five tons of machinery besides a large quantity of miscellaneous equipment for the Emperor mines. Included is a compressor, drill sharpener, steam winch and boiler, two ore cars, rails, pipe, drill press, lumber cement, blacksmith outfit, roofing, and furniture.

Farms Are Ready for British Settlers on Prairies

At least two hundred of the three thousand families to be brought out under the British Empire settlement scheme this year will be placed on central and northern Alberta farms, according to information received. Already farms have been secured for every family in the quota mentioned.

Fox Farming Profitable

That fox farming in the interior of B.C. is a profitable industry is being demonstrated by Messrs. Olsen & Green of Jellicoe, near Princeton, who last week sold seven pelts for \$1300.

This firm reports the conditions splendid for black fox farming, all of their animals doing splendidly.

WHY WORRY

You can win a victory over your fears, when you stop trying to get away, and turn to face them fairly. They are like barking dogs that snap at flying heels.

Worry is the biggest fake in life. It's the world's greatest skin game. It cheats men out of strength and happiness and pays not the slightest returns.

A calm mind will face and overcome.

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,962,203; Lode Gold, \$113,352,655; Silver, \$63,532,655; Lead, \$58,132,661; Copper, \$179,046,508; Zinc, \$27,904,756; Coal and Coke, \$250,968,113; Building Stone, Brick, Cement, \$39,415,234; Miscellaneous Minerals, \$1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of \$810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641, and for the year 1923, \$41,304,320.

Production During last ten years, \$350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

**THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia**

B. P. O. Elks Hold a Card Party and Dance**Many Prize Winners**

Last Friday evening the Brother Bills held a very successful card party and dance at the Elks' Hall. Every table was filled at an early hour, and cards started at eight o'clock, and continued until ten. Winners of the prizes in whist were: Ladies, first prize, Miss Violet Eaton, Ladies, consolation, Mrs. Bryden. Gentleman's first prize, J. Sanderson. Gentleman's consolation, W. Herman. Winners of the prizes in bridge whist were: Ladies' first prize, Mrs. H. O. Jones. Gents' first prize, Mr. H. O. Jones. Ladies' consolation prize, Mrs. J. Stewart. Gents' consolation prize, Charles Thompson.

Mr. Mike Cranley won a special prize for butting into a bridge game. Mike's prize was a dainty little thing, and he hasn't quite decided whether he shall buy a cage or a cradle for it.

At 10.30 refreshments were served in the Dugout. While the guests were being served coffee, etc., Brother Jack Austin and Sid Armstrong, piano and violin, rendered some very pleasing music. The addition of a piano to the Elks' Dugout is certainly a marked improvement.

Dancing started at eleven o'clock and continued until one o'clock. The music was furnished by Jack Austin, piano; Sid. Armstrong, violin, and Ed Waterman, drums.

The committee in charge were: Brothers Parmiter, Wall, Robertson, Thompson and Waterman.

Mine Girl Basketballers Hold Banquet

The Mine Club basketball girls celebrated the end of the basketball season, with a banquet, at the Bluebird Cafe last Sunday afternoon. Although the season had a rather unfortunate ending for the Mine girls, they are not down-hearted. And with deep determination to beat their opponents next year, they ring down the curtain on the exciting events of the past season.

The full team were present at the banquet, the members of the team being: Mrs. H. B. Chapman, Mrs. Wenstrom, Miss Phyllis McMillan, Miss Helen Calderone, Miss Sis Deane, and Miss Paddy Rashleigh. Teddy Halverson and Melton Thorpe, who acted as coaches for the team, were present, also Mr. H. B. Chapman and Mr. Les Lane.

Anyox Couple To Marry In Prince Rupert

Mr. F. Teabo and daughter, Miss Lucy Teabo, were passengers for Prince Rupert on the Prince George, last Thursday. Mr. Stan. Pamplin also left for Prince Rupert last Thursday. Miss Teabo and Mr. Pamplin plan to get married in Prince Rupert, within the next few days. They will return to Anyox after the marriage, where they plan to make their future home.

ANYOX NOTES

Mr. Leslie Brown left for the south, on Thursday.

Mr. Damer, of Vancouver, left for the south on Thursday.

Mr. and Mrs. H. S. Munroe arrived in town on the Cardena, last Monday.

Mr. Chas. Bocking, who has been appointed general manager of the Granby Co, arrived in town on Monday. Before coming here, he made an examination of the Allenby plant, and also inspected the company's coal mines at Cassidy, accompanied by Mr. H. S. Munroe.

Miss Blanche Healy left for the south on the Prince George last Thursday.

Mr. and Mrs. R. Beavan left for Prince Rupert, last Monday, on the Cardena.

Alice Arm Notes

Continued from page 1

Mrs. J. Trinder and daughter left on Monday, for a month's visit to friends in Prince Rupert and Smith Island.

Mr. J. M. Morrison left on Monday for a short trip to Prince Rupert.

See Al. Falconer for Freight and Pack Horses.

Mr. J. Devlin arrived on Monday from Vancouver.

Rev. Rushbrook will hold Divine Service at the Anglican Church tomorrow evening at 7.30 p.m. Sunday School at 11 a.m.

The British Columbia Chamber of Mines is raising a sum of \$30,000 for the furtherance of the mining industry in the Province. If other districts withhold information from the Chamber of Mines as does Alice Arm, a fund of about 30 cents would be sufficient.

Diner: "This is not chicken." Waiter: "No, oh, no, sir. We call that half and half. It is beef and chicken. Yes, sir, one cow—one chicken."
