ALICE ARM, B. C., SATURDAY, FEBRUARY 7, 1931

5 cents each.

Dr. Smitheringale Will Conduct Mining Lectures

Dr. W. V. Smitheringale, mining engineer of Vancouver, will conduct a series of lectures at Alice Arm next week for the benefit of prospectors and others interested in mining. The lectures will be held at T. W. Falconer's hall. They will commence on Monday evening and will be held every evening during next week, commencing at 8 p.m.

Among the subjects treated will be "Practical Geology and Mineralogy." The lectures have been arranged by the Department of Mines, Victoria.

Dr. Smitheringale conducted a series of lectures at a number of the larger mining centres throughout the province last year. His services were so well received that it was decided to enlarge the scope this year and include a number of the smaller mining towns.

Dr. Smitheringale is conducting a series of lectures at Prince Rupert this week.

It is pointed out by Hon. W. A. McKenzie, Minister of Mines that these lectures in small towns are in an experimental stage, and the question of how far they will be continued or extended will depend upon the responses obtained in the course of the next few months. It is therefore hoped that everyone in Alice Arm who can possibly attend the lectures next week will do so. Dr. Smitheringale is well versed in the subjects he will discuss and his lectures should be very interesting. Arrangements for the meetings next week are being conducted by the Alice Arm Branch of the B. C. Chamber of Mines.

Mr. Mayfield Will Conduct United Church Services

Owing to the sickness of Rev. F. Bushfield, the services at the Mine and Beach United Church on Sunday, February 8th. will be conducted by Mr. H. M. Mayfield who will take for his subject, "How the other half lives," telling of his experiences in social service in Canada and the United States.

P. E. Pederson, of Alice Arm arrived home on Thursday from a visit to Prince Rupert.

Presentation Made To F. E. Patton

A very pleasant event took place at the Mine Hall on Saturday, January 31st. when the many friends of Mr. Frank E. Patton gathered together to entertain him at a social evening prior to his leaving for the south. A very enjoyable time was spent, and during the evening Mr. Patton was the recipient of a very handsome leather grip, as a mark of appreciation by his many friends at Anyox, both at the Mine and the Beach. He was also presented with a beautiful wrist watch for Mrs. Patton, who has resided in the south for some time.

Many tributes were paid to Mr. Patton's sterling qualities, and his large circle of friends are very sorry to see him depart for the south.

Mr. Patton was one of the oldest residents of Anyox—and possibly the oldest. He has been connected with the engineering staff at the Mine since the Granby Company started operations.

Steamship Camosun In Collision

The Union Steamship Camosun arrived at Anyox and Alice Arm on Tuesday this week instead of Monday. The result of the delay was caused by an accident at the First Narrows, Vancouver, when she was on her way north. She had the misfortune to ram the Steamship Northholm in a head on collision during a dense fog. The Camosun returned to Vancouver, where temporary repairs were made and she proceeded on her way as soon as possible. The Northholm was more seriously damaged, several men on that boat having narrow escapes from serious injury. Both ships received their injuries above the water line.

Will Hold Card Party At Alice Arm Hotel

A card party will be held at the Alice Arm Hotel on Friday evening, February 13th. commencing at 8.15 p.m. Mrs. O. Evindson and Mrs. H. F. Kergin will be the hostesses. The proceeds will be devoted to the Anglican Church Building Fund. Everyone is invited.

Anyox Orchestra Gives Excellent Concert

A very excellent concert was given by the Anyox Amateur Orchestra at the Recreation Hall on Sunday evening under the leadership of Stuart Steele.

The opportunity of listening to this talented orchestra was not taken advantage of by the people of Anyox as much as could be desired, but it is hoped that more will attend the concerts that have been arranged for the future.

The programme was nicely balanced and those present certainly enjoyed the beautiful music. The programme was as follows:

1. Overture, "The Line Up," Orchestra.
2. Selection, "Southern Melodies," Orchestra.
3. Duet, Mr. and Mrs. James Anderson.
4. Trombone Selection, "A Slippery Success," by Stuart Steel, accompanied by Orchestra.
5. Selection, "Uncle Rumus tells a Story," Orchestra.
6. Banjo Solo, J. Buntain.
7. Selection, "U. S. Cruiser New York," Orchestra.
8. Selection, "Lustspiel," Orchestra.
9. Solo, "The Bell at Sea," W. Stenton.
10. Selection, "Gems of Malloy," Orchestra.
11. Selection, "Latona," Orchestra.

A. Davidson Arrives Down From Wildcat

A. Davidson, who has spent the winter developing the Wildcat property in the Upper Kitsault country arrived in town on Tuesday after an absence of several months. He plans to spend a week or two in town before returning.

He has done considerable underground work on the Wildcat during recent years, and has located two ore bodies carrying copper values. He is now engaged in driving another tunnel, which will encounter another ore body that has good surface showings.

Mr. Davidson, is one of the pioneer prospectors of the camp, and throughout each winter and summer is unceasingly engaged in developing his various properties. His example might be advantageously emulated by the younger generation of prospectors.

Chris Cane left on Wednesday for a vacation in the south.

Choral Society Will Hold Another Concert

The Choral Society will hold their second concert on April 16th when something new will be presented in the form of an operetta, entitled "Penitent Pirates." Rehearsals for this concert will commence from Tuesday next at 7.30 prompt in the United Church Hall, and regularly every Tuesday evening thereafter.

The Society is practicing something that will undoubtedly appeal to Anyox folk, as the operetta is abounding in humor. The members will have to work hard, and the committee will appreciate their continued regular attendance to ensure a really successful entertainment, and will welcome new talent to take part in the forthcoming concert.

In addition to the "Penitent Pirates" there will be several new choral items on the program.

Frank Rice Is Elected District Chairman

Frank D. Rice, B.C.L.S. was recently elected district chairman of the Northern British Columbia branch of the Professional Engineers' Association of British Columbia at its annual meeting held in Prince Rupert. Mr. Rice is well known in both Alice Arm and Anyox having resided in both towns for a number of years. He is a frequent visitor to Alice Arm in connection with his surveying business.

The advisory committee elected were Dr. J. T. Mandy, W. K. Gwyer and J. J. Little. The two former are well known in Alice Arm in connection with their government duties.

Anyox First Aid Classes Are Formed

Two classes in first aid have been organized and a start was made Monday night in the hall of the United Church. The Beach class is being conducted by Dr. Gordon James with the assistance of Mr. Fred Graham. Dr. Lang has charge of the Mine Class. The attendance at the initial meeting was good and it is hoped the classes will grow each week. First Aid is an essential thing in any industry and an all round knowledge of it teaches the student how to act in emergencies in almost any sphere.

Mock Parliament Has Elected Officers For Season

A Mock Parliament has been mooted for some time in Anyox. It has now been formed, and the first meeting took place on Thursday, a report of which will be published next week.

Following are the members of the parliament:

- Premier—H. M. Mayfield.
Secretary of State—Rev. F. Bushfield.
Attorney General: Not yet filled.
Trade and Commerce—T. J. Kirkwood.
Finance and Postmaster-General—W. F. Eve.
Agriculture—J. A. D. Stewart.
Marine, Fisheries and Naval Defence—Not yet filled.
Railways, Canals and National Defence—W. A. Gibb.
Public Works—Mr. Wilkinson.
Interior—Mrs. R. O. Cutler.
Health and Pensions—Mrs. W. J. Lang.
Customs, Inland Revenue and Mines—Mr. W. Barclay.
Labor—Mr. J. Evans.
High Commissioner—Not yet filled.
Speaker—Mr. R. E. Collis.
Sergeant-at-Arms—Mr. J. Shields.
Leader of Opposition—Mr. R. Gale.

At the opening night the speech from the throne will be read by Mr. Collis, who will act as the Governor-General in addition to Speaker. A guard of honor will be on hand to welcome the representative of the King, comprised of the local Boy Scout troop.

Two meetings will be held each month, and subjects of general interest will be discussed according to strict parliamentary rules. These meetings should be very instructive to the members and general public.

Hospital Would Appreciate Return of Bottles

The Anyox General Hospital would appreciate the return of empty medicine bottles. The Boy Scouts have again offered their services to assist in the collection of the empties, and the residents are asked to co-operate by handing the bottles to the boys today, Saturday, or by returning the empties direct to the Hospital.

A. R. Campbell left for the south on Wednesday night.

According to advices from Ottawa, Premier Bennett does not give any encouragement to the west regarding financial support by the government in the building of a railway in the Peace River Country to the Pacific coast. The government, he said, is facing very heavy financial obligations which must first receive attention. Neither the Canadian Pacific Railway or the Canadian National Railways have yet made any statement in regard to their policy of a Peace River outlet. Vancouver is still strongly pushing its claim as the ideal port, voicing its claims as being the most southerly point and its excellent facilities for handling large quantities of produce. Prince Rupert continues to draw the attention of the government and railway heads to the fact that it has one of the finest harbors in the world, unlimited waterfrontage, and its nearness to the Orient, all of these natural advantages at present not being used. Stewart vociferously explains its nearness to the Peace River, its sheltered harbor and also that it is closer to the Orient than any other port. Stewart also points to the rich mineral country traversed by a railway having a terminus there and is sure that economic conditions will not permit another outlet when the short distance to the Peace River is taken into consideration. For our part we hope that Stewart is successful in her efforts. Failing that, then Prince Rupert should enjoy the privilege. Vancouver is inclined to be rather avaricious. It would compel the Peace River farmer to ship his wheat double the distance. Its action would sanction the closing of the vast territory between Stewart and the Peace River to mining companies and others, and the same wilderness continue as at present. A rather narrow minded view.

Watch your step next Friday, for it falls on the 13th of the month.

Breezy News Items Of Provincial Govt. Activities

Victoria, January 26, 1931—Dr. Knight, Chief Provincial Veterinary Inspector, is going into the Peace River district immediately for a period of two months. The present low price of grain is inclining the farmers there to start mixed farming. For this reason it is essential that they should start with their cattle in a healthy condition. Dr. Knight hopes in the time he is there to be able to inspect every herd, and advise as to the best method of keeping them in sound shape.

In order to secure a wider market for B.C. apples in Britain, Hon. T. G. Coventry, Overseas Markets Representative, recently sent a letter to all the newspapers there advising people to buy apples by the box and assuring them that the cost would not exceed 15 shillings or about \$3.60. The letter was widely published and was printed in full by the London Times just before Christmas, and since then inquiries and orders have poured in. Formerly it was customary to sell these best grade apples at \$5 a box, but this year the rush on the market was so great that it was found necessary to cut down in order to find a wider market. There is reason to believe that this move has resulted in a large increase of permanent buyers of B.C. apples who will not object to pay a higher price when the market advances.

Before leaving for the north last week the Hon. R. W. Bruhn, Minister of Public Works, awarded the contract for remodelling the New Westminster Mental Hospital to the Pacific Engineers and the Archie Hogg Construction Co. There was one lower tender but this contractor notified the Minister that he wished to withdraw his offer, and the contract was awarded to the next lowest. The amount is \$186,000.

In spite of business depression during 1930 the number of preemption records taken out in B.C. was 934 as against 524 for 1929. No doubt this was in part accounted

for by the provincial Government taking over the Peace River block where about 400 of the entries were recorded. Sales of land were a little over 11,000 acres for 1930 as against 17,000 for 1929.

In the month of November the Pioneer Mine of Bridge River shipped out gold said to have a value of \$51,000, and the extension of operations to provide for a larger output is continuing. The present mill capacity is 100 tons, but a 1200 h.p. plant capable of supplying power for a 200 ton mill is being installed.

Some people say mining is dead. Is this true? Is it reasonable. Mining is Canada's fifth greatest industry.

It is one of the means by which Canada has been lifted in a few short years into world prominence as a nation and a mineral producer.

In 1929 the mineral production of Canada reached nearly a million dollars a day or \$303,786,000, exceeding the previous year by \$28,837,000.00. This was the fourth consecutive year of record-breaking production.

Mines and mills in every branch have been taxed to capacity in the past two years and new equipment and developments commenced in 1929 or earlier are swinging into production in 1930. A tremendous future lies before Canadian mining. Mining in Canada is far from dead—it is very much alive.—Financial Post, Toronto.

Canadian National

Exports of Nickel Increasing

Dominion Bureau of Statistics figures show that exports of nickel gained more than 40 per cent. in quantity in December compared with November. The output was about 25 per cent. lower than in December, 1929. The total for December, 1930, was 70,145 cwt. valued at \$1,485,211, compared with 47,872 cwt. worth \$1,091,033 in November, 1930, and 89,421 cwt valued at \$1,971,930 in December, 1929.

In twenty years the mineral production of Canada has increased from ninety-two million dollars to three hundred and ten million dollars in 1929.

Here and There

(691)
 More than two million fingerling salmon and 40,000 trout yearlings were placed in Nova Scotia lakes and streams during 1930 from the fish hatchery at Lake George.

About \$80,000,000 was spent in Canada in 1930 on hydro-electric power development and installations and it is expected that fully \$300,000,000 will be spent for a similar purpose during the next three years.

Consumption of natural gas in Canada during 1929 for domestic purposes was calculated to be sufficient to displace 640,000 tons of coal. Natural gas is found in abundance in Alberta and some parts of Western Ontario, and the Maritime Provinces.

Province of New Brunswick's representation at Sportsmen's Shows in the United States this year will be larger than ever and new territory will be invaded. Its first exhibit will be at the New England Sportsmen's Show at Boston, February 7-14, and also at the Philadelphia Sportsmen's and Motor Boat Show, February 21-28.

Six thousand pounds of unfrozen white fish from Northern Saskatchewan recently went by Canadian Pacific from Prince Albert to Winnipeg and points beyond. It was carried 150 miles to Prince Albert by aeroplane in one hour and a quarter, a trip that would by ordinary means have taken from eight to eleven days.

When a 22-year-old woman recently fell from the wharf at Pier D, Vancouver, into the dangerous rip tide of Burrard Inlet, William Hillon, assistant chief clerk of the British Columbia Coast Steamships of the Canadian Pacific Railway, without hesitation dived in and after a 20-minute battle in the chill waters succeeded in getting her ashore. The woman will recover.

All Canada from hors d'oeuvres to dessert was represented at the first dinner served to the former Governor-General of Canada, Viscount Willingdon, on Canadian Pacific liner Montclare, which sailed for England recently. Starting with Saint John oysters, it included supreme of Nova Scotia sole, saddle of western lamb, roast Ontario chicken, and bomb maple leaf as a sweet.

Work has started on the building of the British Columbia link of the Trans-Canada Telephone Line. A direct system through the Crow's Nest Pass to Alberta will be provided to replace the present system of routing telephone calls to and from British Columbia across the United States via Seattle. The proposed system will cost \$1,250,000 and will involve some 655 miles of telephone lines, 125 miles of which have already been built.

Marriage at sea has happened before and will likely happen again, but the distinction of being baptized at sea is claimed to be unique and this occurred when two infant children were baptized in mid-Atlantic by Dr. Oliver C. Rankin, Scottish minister aboard Canadian Pacific liner Minnedosa, recently. The mothers and children were coming out to Canada from Great Britain and the minister is giving a course of lectures at McGill University.

Outstanding Champion

Meet Mr. "Strathmore C. Koba Fairchild," prize bull who has been awarded Reserve All American honors by a committee in the United States appointed by the American Holstein-Friesian Association. In addition he won first prize at the recent Royal Canadian Winter Show in Toronto. Strathmore Mary Koba was Reserve All American Junior yearling heifer, 1930. Both animals were bred at the Canadian Pacific Experimental Farm at Strathmore, Alberta. The Strathmore and Tilley farms, operated by the Agricultural Branch of the Canadian Pacific Railway, made a very remarkable showing at the Toronto show last November. Suffolk sheep from the Tilley farm won every first and second prize and all championships including Champion wether. In Hampshires the flock from Tilley farm won four firsts including Grand Champion ewe, reserve Grand Champion ram and Champion wether. Holsteins from the Strathmore farm won the coveted Haley & Lee trophy for the second time. Altogether the sheep from the Tilley farm and the cattle from Strathmore farm won eighty ribbons at the Royal Winter Show, Toronto, of which fifty were made up of nineteen Firsts, twenty Seconds and eleven Championships and Reserve Championships.

"Caught Short" Is An Uproarious Comedy

If you won or if you lost on the last "bull market" in Wall Street, you will find laughs in a very timely comedy which will be shown at the Anyox Theatre on Tuesday. It is a Metro-Goldwyn-Mayer picture, "Caught Short," and it co-stars Marie Dressler and Polly Moran under the direction of Chuck Riesner, the director of the "Hollywood Revue of 1929."

"Caught Short" is, to express it very simply, the short and very amusing adventures of a pair of boarding house landladies in the finger-burning business of buying and selling stocks on margin. What the adept Marie and the uproarious Polly can do with such a situation can be imagined by the friends of this famous pair of comedians. The love interest of the story is capably furnished by Anita Page and Charles Morton, and excellent characterizations of typical "boarders" are furnished by T. Roy Barnes, Herbert Prior and Edward Dillion. Nancy Price is Polly's younger daughter.

NESTLÉ'S MILK

Quebec Sets Pace In Winter Sports

Winter sports, in the most historic city of the American continent—Old Quebec, cradle of New World civilization, with the Canadian Pacific Railway's beautiful Chateau Frontenac Hotel as headquarters, are again proving a drawing card for devotees from all parts of Eastern Canada and the United States. The great hotel, with its long, fast toboggan-slide on Dufferin Terrace and its spacious skating-rink just outside its doors, offers something unique in the way of comfort for sport-lovers. Quebec, too, boasts a fine ski-jump and plentiful opportunities for cross-country work either on skis or snowshoes. Curling, hockey and sleighing are also staples of the winter's program, most events bring rounded off with dancing in the evening.

The season is now in full swing; the International Snowshoe Convention and the ice-canoe race across the St. Lawrence on January 31 and February 1; the famous Eastern Dog-Sled Derby on February 19, 20, and 21, followed by the traditional Masquerade Ball in the Chateau Frontenac's gracious ball-room, being among the high-lights.

For picturesqueness, Canada's Ancient Capital can hold its own with any city in the world and the surrounding countryside offers a host of opportunities for excursions. Snow conditions, following the great January storm, are reported excellent and those who have visited the Chateau Frontenac, either in winter or in summer, have learned that its name for hospitality, accommodation and cuisine is indeed well-earned.

The pictures show: above, a typical dog-team and, right, the majestic Chateau Frontenac, towering over Quebec's Lower Town; upper centre and lower-left: ski-jumpers and, below: visitors out for a run in the Chateau Frontenac's dog-sleigh. The very youthful skiers shown middle-left are typical of how young Quebec takes to winter sports, which have become famous throughout the American continent and bring visitors and competitors over Canadian Pacific lines from most of the larger centres of Eastern Canada and the United States.

Four Basketball Games This Week

Two games of basketball were played on Thursday, January 29th. The High School team lost to Pats by four points. Scores: A. H. School 10,—P. Loudon-2, M. Cloke 2, G. Peters-6. Pats,—H. Calderoni-2, Mrs. McRostie 4, K. Eve-8. Total 14.

In the Senior A game between the Celts and the Sheiks there was some fast basketball and the winners had to fight hard to get their margin of thirteen points over the losers. Scores: Celts 27,—Davis 1, Calderoni-9, Patrick 3, McDonald-3, Steele-5, Dodsworth-1, C. Hill 5. Sheiks,—Dresser 5, Gillies 4, Mikeli 3, Watson-2. Total 14.

Two games of basketball were played on Monday. A score of 4 points all was registered in the ladies' game between the Cadets and High School after playing extra time. The Cadets have improved considerably and their opponents do not seem so good without Mildred and Lillian Dresser.

An even score was a fitting result to this game.

After a long stay in the cellar the Micos came out to give the Sheiks a trimming on Monday night in the gym. The winners showed much improved form, their checking, passing and shooting being very accurate, B. Bass and F. Anderson combining well in the first half scored some very neat baskets. At half time the Micos had a substantial lead. The Sheiks did not get anywhere with their fancy passing and should have adopted the more direct methods of their opponents. Dresser, as usual, was the mainstay of the Sheiks and in addition to scoring some fast baskets, worked very hard endeavoring to bring the team out of the hole. Scores: Micos 25,—Dwyer 8, Anderson-10, Bass 4, Dodd 2, Deeth-1. Sheiks 15,—Dresser-10, Gillies-2, Mikeli 3.

ANYOX NOTES

W. L. Carfrae arrived from Prince Rupert on Tuesday and left again on Wednesday.

R. L. Healy, formerly assistant general superintendent at Anyox, and later in charge of the Granby Company's operations at Copper Mountain arrived on Tuesday from Vancouver.

C. W. S. Tremaine, a former resident of Anyox arrived on Tuesday from Copper Mountain.

W. R. Lindsay, general superintendent, left on Wednesday for Vancouver.

Constable Sam Service left on Tuesday for Prince Rupert on official business.

J. Wynne left on Tuesday for Prince Rupert and returned on Wednesday.

Nancy Carroll Seen At Tonight's Show

Nancy Carroll, the adorable idol of millions of film fans, is triumphing in a new dramatic play at the Anyox Theatre, today, Saturday.

"Laughter" is a vehicle which gives full opportunity to Miss Carroll for a display of her emotional capabilities. She doesn't miss a moment of this big chance for new dramatic honors. Throughout the tense action of the play Miss Carroll sweeps along in a superb portrayal of an ex-Follies girl who, as the wife of a mis-mated marriage, tries to be loyal—and is, but who always seems to be victimized by the irony of circumstances.

Frédic March, as a young pianist composer who had been in love with Nancy prior to her marriage to Frank Morgan, the rich broker, pops into the picture again as a romantic menace, a sort of Bohemian heart thief and troublemaker.

A series of unfortunate events gets Nancy more and more into ill-favor with Morgan. Finally she is accused of the death of a young sculptor suicide. She eventually proves her innocence, but the scandal has been too much for her long-suffering husband, and he breaks off with her.

Birth at Anyox

Born to Mr. and Mrs. G. Pavich at the Anyox Hospital, on Thursday, January 29th., a daughter.

The Elks beat the Mine in a Billiard League contest at the Beach Pool Room on Monday. Only three games were played, the Elks winning them all.

A new historical low was established this week when the price of silver dropped to 28½¢. per ounce. These new historical lows are getting altogether too frequent.
