Climax Group Purchased By Utility Mines No. 1 Limited

The Utility Mines No. 1 Ltd., who are developing the Tiger, and who also have a bond on the Kitzol Group in the Upper Kitsault Country added considerably to their holdings in the Alice Arm district during the week. On Monday, they purchased outright the Climax group of claims from Mr. Olier Besner of Prince Rupert. Mr. Besner will become a member of the Board of Directors of the Utility Co.

In addition to the Climax the company have also purchased several other mining claims in the district.

In the purchase of the Climax the Utility Co. have acquired a property of considerable merit. It is situated on Trout Creek and adjoins the Moose and Silver Horde groups.

Mr. Besner has done considerable underground work on the property during the past few years with very successful results. A tunnel has been driven on the ore body at an elevation of 2350 feet. It crosscut the ore showing it to be 21 feet wide and composed of high grade silver ore.

Owing to the lateness of the season it is improbable that any development work will be carried on this winter. There is every likelihood however, that development work will be commenced as soon as snow is off the ground next spring, as the Utility Co., judging from the energetic manner in which they are developing the Tiger, will not allow to remain idle any longer than is necessary.

The fact that the Utility Co. are expanding their operations will be a source of much satisfaction to the many local stockholders, especially when their expansion leads to such meritorious property as the Climax.

Anyox Choral Society Is Organized

The Mixed choir whose performance at the Armistice Day Service evoked such praise has been crystallized into the Anyox Choral Society. Its officers are: President, Rev. J. S. Brayfield; Secretary-treasurer, Mrs. J. L. Anderson; Committee: Mrs. T. W. Pinckney, Mrs. W. F. Barclay, Mrs. J. Dunn; accompanist, Mrs. J. L. Anderson; conductor, Rev. J. S. Brayfield. The organization is not associated with any church. Anyone interested in choral music is urgently invited to enroll. The objects of the society are to promote music culture and to render assistance by contributing items to the programs of entertainments arranged by community philanthropic enterprises. Practices will be held regularly in Anglican Parish room.

An Excellent Vaudeville Entertainment Draws Big House

The big vaudeville entertainment staged by the Anyox Boy Scouts, Girl Guides and Wolf Cubs on Friday evening last drew a large house. It was a first class entertainment in every respect. All the leading Anyox artistes were seen at their best, and great credit is due them and also the organizers for the evening's enjoyment. An encouraging feature is that \$200.00 were realized, which will be divided among the above mentioned juvenile organizations.

Following is the programme:

1. Overture, (a) "The Line Up" (b) "Friend and Foe," Stewart Steel's Concert Orchestra.
 2. The World Famous Mind Reader, Professor Oogopogo.
 2. Jungle Dances, The Wolf Cubs.
 4. Piano Accordion Selection, Mr. Fred Larson.
 5. (a) Song Pictures (b) Interpretive Dance, Girl Guides.
 6. Song, "In an Old Fashioned Cottage," Mrs. V. McRae, accompanied by Mr. McRae and Mrs. Pynn.
 7. Selection, Serbian String Orchestra.
 8. Overture, (a) "Old Comrades" (b) "Wild West," Stewart Steel's Concert Orchestra.
 9. Song Sketch, Mr. R. Aylward.
 10. "Raw Material," The Boy Scouts.
 11. Song, Selected, Mr. W. F. Eve.
 12. Violin Selection, Mr. W. Stenton.
 13. Song, "Kentucky Babe" The Anyox Mixed Choir.
 14. Song, Selected, Mr. Sam MacPherson.
 15. "Comrades in Arms," Anyox Male Double Quartette.
 16. Sketch, "The Goofey Serjeant" Donaldson and Pinckney.
- GOD SAVE THE KING

Successful Card Party And Dance By Oddfellows

A very successful card party and dance was given by the local Oddfellows Lodge on Wednesday evening. The prize winners were: Ladies' First Prize, Mrs. R. Lavery; consolation prize, Mrs. G. Adams. Gentlemen's First prize, Mr. J. Shields; consolation prize, Mr. T. Pinckney.

Dancing was continued until 1 a.m. and a very enjoyable time was spent by everyone. The orchestra was composed of F. Dresser, S. Peel, T. Evans, S. Jones and D. Campbell.

The annual fall sale conducted by the Anglican Ladies W. A. and Guild will be held in the Parish Room on Friday, Dec. 7. A variety of bargains will be offered for sale. Tea will be served.

Spirited Anyox Debate On High School Education

An evening's entertainment was afforded to those who took the opportunity to attend the Anyox Debating Society's discussion on "Resolved that the present high school course meets the needs of the pupils."

Supporting the well-nigh untenable affirmative, Mr. Fordyce Clark demonstrated how recent developments in secondary education elsewhere than in Anyox and in British Columbia were meeting the needs of the pupils in regard to 1. Mastery of the fundamental processes, 2. Health education, 3. Moral education, 4. Training for worthy home membership, 5. Education for citizenship, 6. Training in the wise use of leisure, 7. Vocational guidance.

For the negative Mr. W. F. Barclay presented an indictment aimed particularly at the high schools of B. C. and with the evidence of the commissioners who conducted the recent school survey and of other authorities secured a majority vote from an audience whose outlook was restricted to conditions prevailing in this province.

One authority quoted by Mr. Barclay stated that the cause might very well lie with the taxpayers. They would probably get better results if they were willing to pay more. Numerous interesting interpolations were made from the floor. The President considered the affirmative's contention for health education as something outside the province of the schools.

Principal Hartley attributed the creation of the middle school to the failure of the high school properly to function in the first year, and Rev. J. Dewar maintained that religion was banished entirely from B. C. schools. Mrs. Eve, however, made a strong point when she stated that dissatisfaction with the high schools centered around the examination for college entrance. Before and after the debate Messrs. Peele and associated players delighted the audience with orchestral selections, and Mr. J. L. Anderson was heard in two pleasing vocal solos.

Mechanics Win a Well Contested Game Basketball

Beach and Mechanics entertained the gallery with a well contested game, the Hillmen winning at 28-20. During the major engagement Macintyre and Dean put on a little act of their own which escaped the referee's attention. Perhaps it was intended for interpretive dancing.

Something ought to be done about the color of the team's sweaters. We can't call the Hillmen

Continued on page 4

Much Business Disposed Anyox Community League Meeting

The regular meeting of the Community League Council was held in the Welfare Office Wednesday night, the Debating Society using regular meeting place, Recreation Hall, that night. The Board of Managers, United Church, requested the use of Recreation Hall for Friday, January 25th, for the purpose of putting on a concert, and this was granted. For Friday February 8th., the W. A. & Guild of Christ Church requested Recreation Hall for concert purposes, and this was granted.

The Pioneer Mess Management asked for the privilege of using the Reading Room on the night of December 28th, for the purpose of holding a dance in connection with the Annual Christmas Dinner. This request was granted. A letter from the Manager of the Kincolith Basketball Team asking about possibility of entering their team in the Anyox Basketball League was read and the Secretary instructed to write an answer outlining the conditions of competition in Anyox. There was some discussion regarding the decorating of Recreation Hall and also about the

possibility of making some sort of a picnic resort at Larcom Island. An offer from Mr. J. Grigg of some gymnasium equipment was accepted and the donor thanked.

H. C. Girls Win Opening Basketball Game

The High School Girls won their opening game against the Beach Ladies by 11 to 6. The play was closer than the score indicates. The Beach forwards missed a number of easy chances. Of ten free throws they failed to score any, while the High School netted four out of nine.

The students led all the way but in the third period Miss Greenwood's three baskets had pulled up the score to 7-6. By this time Annie Scott had acquired four personal fouls and there were no Beach substitutes eligible to re-enter the game.

Their line-up was further weakened by the absence of Miss Gordon throughout the game and Miss Greenwood's delayed appearance. The school girls showed promise but threatened to overdo the bounding pass. One thing is certain.

To avoid disputes, players and officials must be more familiar with the existing rules.

The teams were:

High School: F. Cameron 7, M. Dresser 2, L. Dresser, W. Cameron, K. Eve, J. McDonald, M. Cloke 2. Total: 11.

Beach: P. O'Neill, M. O'Neill, A. Scott, M. McRostie, V. Eve, D. Greenwood 6. Total: 6.

Alice Arm Chamber Of Mines Hold Regular Meeting

A regular meeting of the Alice Arm branch of the British Columbia Chamber of Mines was held at the School on Monday evening. President O. Evindson presided.

The minutes of the previous meeting were read by secretary A. D. Yorke and were adopted as read.

In reply to a request from the Chairman regarding total expense of entertaining members of the Vancouver Board of Trade when they paid Alice Arm a visit in August, the secretary stated that the total amounted to \$52.35.

The construction of a building to be used as headquarters for the organization was briefly discussed and it was resolved to leave the matter in abeyance until next spring.

The question of a lot for the building was discussed, and the secretary was instructed to communicate with the Department of Lands regarding the matter. The government own a vacant lot opposite the Coliseum, and it was thought that this site would be very suitable if the lot could be acquired gratis from the government.

The extension of the present wagon road from the end of the steel of the Dolly Varden Railway was also discussed. It was the unanimous opinion of those present that the extension of the road would considerably foster mining in the Upper Kitsault Country, in addition to providing better transportation facilities to present operating companies.

The secretary was instructed to write to the Minister of Mines; the Minister of Public Works, and H. F. Kergin, M. L. A. for this district, asking for an extension of the road next spring, and that its completion be carried to the Kit-sault Glacier as early as possible.

Anyox Shipping Notes

The Steamship Amur left on Sunday for Stewart and returned towing the scow Pioneer with 950 tons of Premier ore.

The Steamship Mogul arrived from the south on Monday with 200 tons of limerock, 2000 tons of coking coal, 200 tons household coal, 100 tons hydrated lime and 50 tons of general freight.

Former Anyox Student Excels

In the November number of the Burnaby South High School "Argus" appears the photograph of Miss Dorothy Austin, who ranked first among all the Grade Ten classes with an average of 89.2. This was the highest average made by any student in the school.

Constable W. Smith returned this morning from a brief visit to Alice Arm.

Did you ever stop to think that the life blood of the average business enterprise is advertising.

That there are many business concerns thriving today which owe their success to publicity.

That there are few forward looking business men who do not believe in advertising and still fewer who may be unwilling to give the newspaper full credit.

That some business enterprises can exist in a way without publicity, but they cannot make progress --cannot keep pace with the trend of the times--and they must eventually admit that they are losing ground.

That this is an age of advertising, and the newspaper offers one of the cheapest, most direct and most effective mediums of reaching the purchasing public.

Prohibition Will Again Be Brought to Front

The abolition of the present system of government control of liquor and in its place total prohibition is to be urged upon the provincial government by a delegation of the Prohibition Association before the next session of the legislature, when the government is to be asked to institute an enquiry into the method of control now in vogue, which, according to prohibitionists, "will reveal sufficient reasons for repeal of present legislation." Angus McGougan was elected president at the closing of the session.

British Columbia will ask the federal government to amend the Opium and Narcotic Drugs Act so as to provide for convicted drug sellers.

"It's only your constitution that pulled you through," said the physician to the man who had been in bed for three weeks.

"Well, Doc, I hope you'll take that into consideration when you send me your bill."

Consolidated Acquires Large Mineral Area Near Stewart**Portland Canal News**

The greatest step imaginable in broadening out the local mineral area was taken this fall when the Consolidated Mining and Smelting Company acquired from Charles Knipple and Thomas (Tim) Williams, both of Stewart, a large mineral zone on the Naas slope north of Bowser lake.

According to the records in the local mining recorder's office, 57 mineral claims have been staked in all to cover this showing, by the company.

Little is really known officially, but it is understood that Knipple and Williams had known of this showing for a long time, and on reporting it to the Consolidated, engineers were sent in to examine, and if as represented, to locate the ground, it being so far in and so large that it had not been staked. While nothing is really known what the report was, it is understood that it was satisfactory, and Consolidated representatives found things as represented, with the result that the whole zone is now owned by the Consolidated.

The mineralized area is reported to be a zone with an average width of from 700 to 800 feet and some 4½ miles long. Time has not permitted any work having been done on it yet, but chipped samples taken from the surface are reported to give a return of \$3.50 per ton in gold and silver; in addition to a big arsenic content.

Located on the Naas slope of the divide between Twenty-mile creek and the Unuk river, the development of this immense showing by the Consolidated will be of the utmost importance, as it will demand transportation facilities and will open up this same mineral belt in which Stewart is located for a distance of many miles further north.

True thrift is not a theory: it is actuality. It is a principle that is applied constantly in the practical problems of life. It brings immediate results. One dollar saved is an actual, not theoretical, step forward.

General A. D. McRae, has received payment of two million dollars from British interests for controlling interest in Canadian Western Lumber.

Here and There

(179)

The Canadian Pacific has decided on a new ferry service between Steveston, on the mainland, and Sydney, on Vancouver Island, according to Captain C. D. Nereutso, manager of the B. C. Coast Steamship Service. The new service will begin early next summer, being inspired by the increased demand for short water hauls.

Tourists to Victoria, the capital of British Columbia, this year numbered 370,000, according to the Victoria Publicity Bureau. Tourist travel from Canadian points and from the west coast of the United States to Vancouver Island and Victoria, via the C. P. R. and the coastal steamship service, show an increase over last year.

New York newspaper cameramen want cow-boys to do their stuff on the parapets of sky scrapers and are not content with ordinary portraits, was the somewhat bitter observation of Guy Weadick, manager of the Calgary Stampede, who returned to Canada recently from participating in Tex Rickard's radio in Madison Square Garden, New York. "They wanted real action for photographs," he said, "and we had to lasso policemen from the top of busses on Fifth Avenue to please them."

Grain storage facilities of the harbor of Vancouver, B.C., which now exceed 10,000,000 bushels, will be largely increased next season, it is believed, in view of the fact that storage bins are already nearly full and the westward flow of grain may have to be reduced in consequence. It is being reported currently that the Alberta Wheat Pool, the Midland-Pacific Terminals and other groups will add storage capacity to existing terminal houses.

Over 175,000 trees have been planted along the main highways of the province of Quebec during the past two years by the Roads Department, in following out its embellishment scheme, which includes co-operation from residents along the roads. "Since the beginning of the season," states an official bulletin, "the Minister of Roads has been insisting on the importance of beautifying roadsides. Tourists can now travel throughout the province on modern and perfectly maintained roads."

"Canary Korndyke Alcarra," Holstein-Friesian cow belonging to the herd of Ben. H. Thompson of Boham, Saskatchewan, has been declared world's champion butter-fat producer, according to an advice received by the owner from the live stock commissioner at Ottawa, stating that the cow has won the world championship with an enormous margin to spare. The record of Canary Korndyke Alcarra for 305 days was 1,080 pounds of butter-fat, or 106 pounds more than any previous record holder. In the 305-day period the cow produced 26,396 pounds of milk with an average test of 4.04 butter-fat.

There is no doubt in the mind of L. S. James, of New York, as to whether moose will attack human beings. Although the subject is a controversial one among big game hunters, decisive testimony was afforded recently in the experience of Mr. James in the Metagama district, lying between Sudbury and Chapleau in Northern Ontario. He was paddling in his canoe along the shore of the Spanish River and came upon a bull moose unawares. The animal at once gave chase and only by dint of hard paddling by Pete Comanda, the Indian guide, were they able to escape. Another canoe in rear was similarly pursued.

Provincial Ore Tonnage Shows Increase

While the monetary value of the production of the British Columbia Mines for the current year is not equal to that of 1926, the aggregate minerals and metal mined and marketed would be the greatest in the history of the province. The estimated monetary value is approximately \$62,000,000, some million and a quarter more than 1927.

In giving information to the annual meeting of the Western Canadian Institute Mining Metallurgy D. Galloway, provincial mineralogist, said that lower metal prices is the explanation why the year's production value would be less than the record year of 1926.

Canadian Trade Shows An Enormous Increase

The Hon. James Malcolm, in addressing the Board of Trade at Vancouver recently, said that the total gross of Canada's industrial production had risen from approximately two and half billion dollars in 1922 to four billions in 1928. Canada is today exporting to foreign countries manufactured goods mounting to many millions of dollars more than the total production of manufactured goods in the whole Dominion in 1900.

Canadian Explosives Hits High Figure

Production of explosives, ammunition, fireworks and matches in Canada during 1927 amounted in value to \$12,921,079, according to the final figures of the Dominion Bureau of Statistics. Explosives produced during the year amounted to \$8,664,745; ammunition was valued at \$2,237,975; manufactured reworks at \$143,652, and matches, less excise tax, \$1,874,707.

I have only one objection to this on the farm says a city boy who is working on a farm. I'm getting blamed tired of burning my fingers on the lamp chimney when they call me to start in again after have milked the last cow and one to bed.

Africa To be Big Copper Producer

At a joint meeting of the New York section of the A. I. M. E. and the Mining and Metallurgical Society of America, held on Wednesday evening, Oct. 24, at the Harvard Club, Raymond Brooks, formerly general manager of Rhodesian Congo Border Concession, estimated the annual production of copper from South Central Africa at 300,000 metric tons by 1935. Mr. Brooks, the principal speaker of the evening, dwelt on the "History and Present Position of Rhodesian Copper Development."

IN THE LEGISLATURE

NOTICE IS HEREBY GIVEN that an application will be made at the next Session of the Legislature of the Province of British Columbia for an Act to incorporate a company under the name of Provincial Telephone Company with an authorized capital of five million dollars with its head office in the City of Vancouver and with the following powers:

To operate telephone, wireless telephone, radio-telephone and similar services, including services for the transmission of sound, pictures, writing or signals; to hold and dispose of lands, tenements and hereditaments of any description; to provide and maintain all such buildings, works, plant, apparatus, materials, offices and exchanges as may be necessary for its business; for the purposes of its business to provide and operate steamships and other vessels; to acquire and use any privilege granted by any Federal, Provincial or municipal authority; to acquire and use patent rights; to advance money to any corporation, company or person for providing building or operating any telephone system; to do anything as contractor for others which it might do for its own purposes; to invest and deal with its surplus funds; to enter upon and break up highways, streets, and public bridges and to construct telephone lines along, across or under the same, or in, under or over water-courses, rivers and lakes, subject to the approval of the city or municipal council where the proposed works are to be situated within a city or municipality, and in other cases subject to the approval of the Minister of Lands; to construct works on its own property; subject to obtaining consent under the Navigable Waters Protection Act of the Dominion of Canada, to construct, lay and operate submarine telephone cable or cables in any lake, river or water to which that Act applies, also between any islands in British Columbia and between such islands and the mainland; to cut a passage for its lines where such lines pass through woods subject to compensating the owners thereof for damage, and to trim trees on or extending over highways in order to prevent interference with good telephone service; to purchase the whole or any part of the undertaking of any other company having objects in whole or in part similar to those of the company, or to amalgamate with such other company, and to transfer to the company or to the amalgamated company, as the case may be, all or any of such franchises or statutory powers as may be possessed by such other company; to enter into and carry out any agreement with any company whose undertaking is purchased as aforesaid in the nature of assuming the payment of or guaranteeing the payment of principal and interest, or either, on bonds, debenture stock or debentures, or assuming or guaranteeing the carrying out of its obligations or any part thereof, to enter into agreements for connecting its system or lines with those of other telephone operators; to expropriate lands under the powers of the Lands Clauses Act; to make regulations for its internal management; to fix from time to time a tariff of charges for its services, and to collect, sue for and recover the same; to borrow money; to issue preference shares, debentures or debenture stock either redeemable or irredeemable; to issue shares with or without nominal or par value; to change its name pursuant to the Companies Act, and other incidental powers.

DATED the 1st day of November 1928.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series: "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Mechanics Win Well Contested Game Basketball

Continued from Page 1

men the Redshirts, because the Beachcombers look much the same.

The Mechanics ran the score to 8-1 and out-scored the opposition 14-7 in the first half, McLachlan getting the 7. In the second half his team mate Jack Barclay scintillated and Beach rose to 14-13, J. Stewart getting a nice basket.

Having taken a brief rest the Mechanics moved into high gear, Lazorek, Dodd, Cloke and Dean all counting. In this half they had only a one point advantage. Beach had the makings of a formidable team.

The line-ups: Mechanics; Lazorek 16, Dodd 7, Dean 3, E. Barclay, Evans, T. Cloke 2. Total: 28

Beach: MacIntyre, Spencer 2, McLachlan 9, J. L. Stewart 2, J. Barclay 7, M. Docherty. Total: 20

In order to provide a game in the intermediate section the High School boys lent Gillies to the Rinky Dinks and then indulged in a little shooting practice, ending on the long end of a 28-21 score. Something will have to be done to stimulate more interest or players will leave the intermediate section in the hope of landing with the prize-winning senior team.

Those taking part were: High School: Steele 24, Deeth 4, O'Neill, Kent, S. Barclay, C. Hill, L. Brown

Rinky Dinks: Dresser 5, W. Cloke 1, Armstrong 11, J. Pinckney, J. Gillies.

ALICE ARM NOTES

T. Skoglund arrived in town during the week from Maple Bay, where he has spent the past few months.

Mrs. N. Fraser left on Thursday for Chelan, Washington, where she will visit her sister, who is seriously ill. Mrs. Fraser returned from a former visit a short time ago.

A. Beaudin left on Thursday for Unity Saskatchewan, where he will spend the next few months.

Jack O'Hara arrived home yesterday from Anyox, where he has spent the past few months.

J. Strombeck left on Thursday for Vancouver and coast cities, where he will spend a vacation.

Mr. and Mrs. J. A. Anderson and family left on Monday for Anyox where they will reside. They have been residents of Alice Arm for a number of years and their many friends are sorry to see them leave. Mr. Anderson was recently appointed superintendent of Public Works for this district and his duties necessitated his residence in Anyox.

A card party will be held at the School House this evening by the Alice Arm Junior Sports' Club, commencing at 8.30 p.m. sharp. Everyone invited to attend. A big time promised.

W. A. Wilson will re-open the Alice Arm Meat Market on Monday December 10th, in his former premises. A full line of meats, fish etc. will be carried.

ANYOX NOTES

J. A. Gardner arrived in town on Monday.

Mike Crosswell arrived on Monday from the south.

F. Phippen was an arrival on Monday.

S. Herrin arrived back on Monday from Victoria, where he visited Mrs. Herrin and family.

The Family Herald and Weekly Star of Montreal with its wonderful improvements has no peer as an agricultural paper on this Continent. The best Canadian farmers know that.

Mr. M. Donohue arrived from the south on Monday.

A. C. McMillan, A. H. Poole, and Carl Swanson arrived from the south on Monday.

Harry Evans left on Monday for Prince Rupert.

J. R. Honeyman arrived from the south on Monday.

S. Joy, W. L. Lyon, John Bodin, left for the south on Monday.

Mr. and Mrs. Chas. Bocking arrived on Wednesday from the south on board the launch Granby, from Prince Rupert. Mr. Bocking was accompanied by his secretary, Mr. White.

What is better for a Christmas gift than a box of Eldoro cigars.

In farm papers the Family Herald and Weekly Star, Montreal leads them all. One dollar a year or three years for \$2.00, and with it a superb magazine free.
