Daily Province Entertainment At Anyox

On Monday December 18th, a concert or variety entertainment was put on in the Recreation Hall by the Community League for the benefit of the Province Xmas Tree fund.

Unfortunately old man winter had only got half way through with a fonr days snow fall which made travelling very unpleasant. Nevertheless an audience large enough to make a success of the affair was present and the Xmas Tree fund is swelled by the addition of over $80.00 proceeds of the concert, which has been sent to the Vancouver Province.

This is the season of good cheer and credit is due to every one who assisted in the worthy cause, in an endeavor to bring a little cheer into the homes of those who are in want at this time in Vancouver.

Among those who contributed towards this entertainment and must not be overlooked are, the A. C. L. who gave the Hall free of charge, the Granby Co. for transporting of artists, and other services. Mr. H. Berry manager of the show, and his able assistant F. Leggett. W. Robertson, Treasurer. T. P. Ryan Stage manager. The orchestra and artists among whom were:

1. Mrs. O. Watson and Max Morrow, and the jazz babies, in songs and chorus.
2. Ed. Blundell, whose sweet singing called for an encore.
3. Four Bashful Blighters, Messrs. Berry, Leggett, Morrow, and Nickerson, in harmony, mirth and laughter. Nickerson creating quite an impression as a cissy boy.
4. Liddel, Whittaker and Tynmouth and Co., in Hickville frolics.
5. Leggett and Berry, blackface songs and patter.
6. A very pretty act, chosen from the P. T. A. concert propramme, in which the children delighted with pretty and graceful dancing. The dancing of Bonnie Chapman being particularly good.
7. Jimmy Prevost, with his banjo-mandolin.
8. A highly interesting sketch, entitled: "The chair for two," from the Elks' vaudeville party, the characters in which were carefully handled by Mrs. Ed. Menzies, Mrs. H. A. Berry, P. Draudson, A. W. Pound.

Legislature Prorogues

The provincial legislature prorogued on Saturday last, at noon. The session was an nneventful one. An even hundred measures were introduced and passed.

Addition to Hydro-Electric Plant at Anyox Smelter

The Granby Company have decided to go ahead with the installation of an addition to the existing hydro-electric plant at Anyox, and contracts have already been signed. The work is expected to be completed by the time the new storage dam is ready, which, it is expected will be about the middle of next summer.

The new additional plant will generate 5000-horsepower. and will cost in the neighbourhood of $200,000. The building necessary to house the plant will be done by company labor.

The turbines used will be Pelton water wheels, made in Canada, and the generators will be Canadian Westinghouse.

Dolly Varden Expected to Operate in the Spring

While no official statement has been issued by the new company formed to operate the Dolly Varden and Wolf properties, regarding operations next spring, it is confidently expected according to reports received during the week, that the company will operate these properties early in the spring and that the railway will again be in operation.

Parent-Teacher Association Give Concert

Under the auspices of the Anyox Parent Teachers Association, an excellent concert was given in the Recreation Hall on Friday December 15th. A full house had the pleasure of enjoying an excellent programme provided by the school children, who went through their various parts in a most efficient manner. The P. T. A. may feel justly proud of the children whose exhibition was highly praised by everyone in the audience. Not forgetting the instructors who must have taken great pains in order to achieve the high standard shown on Friday.

Anyox Lad Meets with an Unusual Accident

While playing with a broom amusing the youngsters at home, Geo. Phippen received a serious wound when the broom handle suddenly broke. The sharp pointed stick penetrating his body. He was removed to the hospital where he received immediate attention. Up to the time of writing he was progresssng favorably.

Season's Greetings

Here's wishing our readers both far and near,
a merry Christmas
and a happy New Year

Rich Strike of Ore at Esperanza Mine

Property Looks Good. More Men will be Employed.

Another new rich vein of silver ore, was struck on the Esperanza on Wednesday, in the Baldy tunnel, and the operators are of the opinion that they have now struck the main vein.

Eight men are working steadily on the property, and in the past four months 300 tons of ore have been mined. Mr. R. Armour, sec-treas. of the Espesanza mine, in an interview with the Herald, stated that there were ten tunnels on the property, all carrying small veins of high grade silver ore, from four to ten inches wide, ranging in value from $100.00 to $500.00 per ton, and that his company were contemplating early in the New Year to start operating all these tunnels, and to contract this work on a commission basis in order to develop the property. In this way 40 or probably 50 men would be employed, the work to be given only to competent miners.

It is well known to most residents of the district that there were two tons of high grade taken out of this property in the early days, which netted the owners $16,000.00, and the present owners consider that the main body is still there, aud that a fortune awaits those who find the main lead.

Mr. Armour also says that the tunnel driven by J. Murdoch on the Esperanza Extension, which adjoins the Esperanza, gave the best information so far obtained on the hill, for there is a true lead running from these claims right up to the Esperanza, and following this lead has given the desired information on the location of this vein on the Esperanza.

If the owners of the Esperanza allow work to proceed on the various tunnels, there are a lot of miners in the district who have been waiting a long time for this, and there is bound to be a lot of activity around the Arm this winter, for the Esperanza is situated less than two miles from the town of Alice Arm.

Alice Arm and Anyox to Play Hockey

A letter was received by Mr. M. D. Ross during the week, from the Mine Club at Anyox, inviting the local team to a series of friendly games. Owing to the present spell of mild weather it has been impossible for the local team to arrange a date, but as soon as good ice is obtainable the matter will be taken up.

Skating at Alice Arm

Skating on the Alice Arm rink was continued up to yesterday when the present spell of mild weather started to effect the ice. A hockey game between two local teams was staged last Sunday, and a hard game was fought by both teams. The local stick handlers are fast getting into shape and some good games should be witnessed this year.

Preliminary Work Going on at Logging Camp

Preliminary work at the Trethewey logging camp is going steadily ahead. About ten men are at present employed, but it is expected that this force will be considerably increased as soon as material arrives for building a permanent camp.

The fall rains are falling a little later that usual.

This is great weather for the people with sore feet. Something nice and soft to walk on.

Watch your step this Christmas or you may get wet, both in and out.

ANYOX NOTES

Union Church Services, Sunday, December 24. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

C. Van Beck went south last week and will reside at Everett, Washington.

J. Morrison returned to Anyox from the south, on Monday.

Alex. Davie, an old resident of Anyox, who has been in Vancouver for several months, returned on Monday. Despite the heavy snowfall, many old friends were at the wharf to welcome the genial Alex.

Splosh, sploshl, hear 'em come;
They've got to walk for they can't run.
See Milady stepping high,
For to keep her stockings dry.
See the boys all going from work,
Like a funeral from the kirk.
See 'em coming from the store,
Sweating sweat at every pore.
See the parcels in their arms,
Life for them has lost it's charms.
See 'em slip and see 'em slide,
Watch 'em do the fancy glide.
It gives us all an aching pain,
To listen to that doggone rain.
Let the mercury drop till it's 90 below,
But take away this rain and snow.

Christmas.

By the time this paper is in the hands of its readers, Christmas day will be upon us. Most of the preparation work will have been finished. Presents will have been sent, and nothing more remains to be done, but to celebrate in the usual good old fashioned style, as has been done by our ancestors for countless generations. Christmas Day is the greatest festival of the Christian Church; signifying as it does, the birth of our Lord Jesus Christ whose teachings most of us endeavor to follow. It is celebrated in every land on the globe wherever christians are living, but nowhere will it be celebrated in better fashion than the towns of Anyox and Alice Arm. In both towns Christmas dances will be held, Christmas trees and entertainments will be given the children. Everyone will be in a happy mood. Even our supposed enemies will be favored with a "Merry Christmas" on the morning of the 25th.

Canadian National Railways.

Now that Sir Henry Thornton has secured supreme control of the Canadian National Railway System with the strict understanding that politics will be absolutely barred, it will be interesting to watch the future developement of those systems under his control. It remains to be seen whether he will allow himself to be dictated to by the Canadian Pacific Railway Co. as every government, both federal and provincial, have been in the past. The present federal government evidently did not relish the idea of openly opposing the C. P. R. they have therefore thrown the burden on to the shoulders of Sir Henry Thornton. That the C. P. R. are jealous of the Canadian National Railways, is well known, and they have used every means to discredit those lines. It has been their practice to use their influence with the federal government, & also every provincial government in the Dominion, in order to develop the country tributary to their system, and to h---- with the rest. Whether the fighting qualities of Sir Henry Thornton will be strong enough to counteract that policy remains to be seen. Also will the port of Prince Rupert be developed into a seaport or allowed to remain as at present, absolutely lifeless ar regards ocean going shipping, while Vancouver backed by that Canadian octopus, the C. P. R. grabs everything and yells for more.

The Omineca Herald and Terrace News published last week a special edition in addition to the weekly paper. It is well printed and profusely illustrated, and deals with the mining, agricultural and lumber recourses of the district, besides giving a lot of useful information.

A late copy of the Vancouver Mining and Engineering Record, published a first-class article relating to the Premier mine. It deals with the history, location discovery, ore values, comparison with Comstock, economic geology, production dividends, etc. It is illustrated, and is as good an article on the Premier mine as has been published.

Anyox all Ready For Christmas

The people of this prosperous little town of Anyox are all ready to celebrate Chsistmas. The stores have been crowded throughout the week, and the overworked clerks are thankful that this is the last day the stores remain open. The post office experienced the usual Christmas rush. All the mail has been handled expeditiously, and it will be with a sigh of relief from the staff when the wickets are closed this evening. If anyone is entitled to a good time at Christmas, it certainly is the employees of the Post Office.

The Community League has commenced the festivities by holding a dance last evening, and the Salvation Army held a Christmas Tree for the little ones. The Community League and the B. P. O. Elks are both giving Christmas Trees and entertainments this year, so that the juveniles will have some pleasant memories of their childhood in Anyox when they grow up.

Of every four dollars paid by a purchaser for liquor at a government store, $1,25 stays in the province, one dollar goes to Scotland, while $1.67 goes to the federal government. This was an estimate given the public accounts committee by Archie Johnson head of the liquor board.

Liquor Sales at Anyox Make Big Total

The Victoria Daily Times published a short time ago the value of liquor sold in each store in the province, since it was opened, down to September 30th, 1922. Sixty-three liquor stores are now being operated throughout British Columbia, under the liquor control board, according to information given the legislature recently by Attorney-General Manson.

Since the Anyox store was opened, to September 30th, liquor to the value of $106,706.70 has been sold.

Following is a list of the amount of liquor sold in some of the other stores of the province.

Prince Rupert	$355.660.15
Smithers	76,538.14
Stewart	69.565.35
Terrace	12.105.36
Trail	105,389.25
Atlin	24,310.40
Telegraph Creek	2,470,75

Revenue derived from permits, from June 15, 1921 to September 30, 1922, was $488,604.50.

No one can deny that a large amount of money is being spent on liquor in the province. But the fact remains that it is better to sell good liquor in a legitimate manner than to force prohibition on to the people and breed a race of moonshiners. It is possible that the people of future generations will dispense with liquor to a large degree, and if that end is to be attained it will only be done by education, and not repressive measures. The time is not yet ripe for the total abolition of liquor.

Drum Lummon Will Ship Ore to Anyox

The Drum Lummon mine on the Douglas Channel, is being extensively developed. Sone new shoots are being opened up and it is expected that regular ore shipments will shortly be made to the Anyox smelter. A new ore body has been recently opened up, which assays gold 0.01 ozs.; silver 7.5 ozs.; copper 19.5 per cent.

General R. G. Edwards Leckie has taken over the Windpass mine at Chu Chua, and has associated with him Messrs. W. R. Wilson, president of the Crows Nest Pass Coal Co. Limited, and Trites and Wood of Fernie. The Windpass is a gold mine which has made several shipments of high grade to the Trail Smelter.

He owned a handsome touring car,
To ride in it was heaven.
He ran across some broken glass—
Bill $14.97.

He took some friends out for a ride,
'Twas good to be alive.
The carburetor threw a fit—
Bill $20.85.

He started on a little tour,
The finest sort of fun.
He stopped too quick aud stripped his gears—
Bill $90.51.

He took his wife down town to shop
To save car fare was great;
He jammed into one lamp post—
Bill $268.

He spent about all that he had,
And then in anguish cried:
I'll put a mortgage on the house
And take just one more ride.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

ALICE ARM NOTES

Dont forget to buy your tickets for the Skating Rink. Money must be forthcoming if the rink is to be operated.

See Al. Falconer for Freight and Pack Horses.

Miss Virginia Riel arrived home on Thursday, from the Catholic School, at Prince Rupert, to spend the holidays with her parents.

Harry Owen left on Thursday, to spend the Christmas holidays in the south.

Those who are not fortunate enough to possess a car are unanimously of the opinion that three feet of snow mixed with about thirty feet of rain takes all the joy out of walking.

J. E. Trethewey, of Abbotsford arrived on Thursday, and left the following morning for an inspection of the work going on at the logging camp.

All signs point to the commencement of a big mining boom on the northern B. C. coast next year, with Alice Arm taking a leading part. With extensive mining and logging operations being crrried on here next year, Alice Arm will be one of the liveliest little burgs in the west.

Season Tickets for the Alice Arm Skating Rink can now be obtained from T. W. Falconer, H. Fowler, M. D. Ross, E. R. Oatman. Adults $7.50 Ladies $3.00 and Children $1.00.

Some of the people of Alice Arm have had a good time with the skates this week, but the Christmas "skate" is likely to prove more popular.

J. E. Trethewey arrived in town on Thursday, in order to make an inspection of operations at the logging camp, and outline a programme for the winter and coming spring. Mr. Trethewey stated that the scow containing all the necessary equipment, including engines, etc., left Vancouver on Tuesday, and should shortly arrive at Alice Arm.

Everything is now ready for the Christmas Entertainment and Christmas Tree to be held at the Coliseum this evening. Everyone, both young and old are invited to be present, and a real good time is assured for all. The sum of $129.25 has been collected for giviug the children a good time, and in addition to this, $5.20 was donated by the Local Council of Women. Ladies are requested to please bring refreshments.

See Al Falconer for Wood or Coal

Nearly three feet of snow fell in the district during the week, followed by a heavy rain. The first sleighs made their appearance at the beginning of the week, which is unusually late for this locality.

A little girl went to church with a neighbor and on her return home her father asked her if she liked the sermon.

"Yup" she replied.

"What was the text?" he asked.

"Don't be scared: you'll get the quilt," she promply replied.

After much pondering over her answer the father called up the minister on the phone and asked what his text had been.

Be not afraid, I will send you the comforter," replied the minister.

Ikey: "For why you go up those stairs two at once?"

Izze: "To save my shoes papa."

Ikey: Fine, sonny, but be careful and don't split your pants."

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,177,403; Lode Gold, $105,557,977; Silver, $55,259,485; Lead, $48,330,575; Copper, $166,393,488; Zinc, $21,884,531; Coal and Coke, $225,409,505; Building Stone, Brick, Cement, $34,072,016; Miscellaneous Minerals, $1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of $734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641.

Production During last ten years, $336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia
