## T. J. Shenton Addresses Anyox Electors

About one hundred persons were present at a meeting held in the Recreation Hall on Wednesday, August 23rd. to further the candidature of Mr. T. J. Shenton, Labor candidate for the Atlin riding. There was no chairman at the meeting.

In his speech Mr. Shenton said in part: I am a common ordinary working man, and wish to speak on a matter that is of vast importance to us all and to make clear if possible my opinions regarding the subject. I want to say that perfection is something that is practically unknown. In human life and society we have perfection to some degree, but it has never been a necessary condition and never will be. It should be our aim and object to know each other, to understand each other, and to deal honestly and faithfully with each other.

We come he said to the question of modern production and distribution of wealth. I am inclined to believe that as far as production and distribution of wealth are concerned, we are in a blind alley. Things have now reached a point where our sustenance and ordinary comfort are being seriously interfered with. One of our Canadian economists tells us that this system has grown like the grass that perisheth until it has reached the edge of the desert and can go no further. This is Prof. Leacock. The markets are full, our elevators are full, and yet we have the awful condition of men who are only half-fed and half-clothed. In the midst of plenty there is starvation. The whole world is practicing economy today. Wages have been reduced. In order to make it possible to keep the producing machinery going people have been called upon to be more careful with what they have. If we are to win against these conditions it must be by reason of justice and fair play and constitutional methods.

In sending men to parliament, you should choose those who are fair and honest and have the intelligence necessary to uphold the banner of the people. It will be my desire so to be, and I am only one of the many. We have seventeen men in the field with the same object that I have. I am under the impression that we are going to get at least ten of these men in. If we get those ten men in we shall have the balance of power in the next government.

## Tennis Tournaments Near Completion

Fine weather has favored the tennis enthusiasts in their efforts to complete the annual championship tournaments. It is expected that the names of the present year champions will be posted very shortly. Following are results to date:

Ladies' Singles: Won by Miss Mildred Dresser from Miss K. Eve, 4-6, 8-6, 6-3.

Men's Singles: In the semi-finals E. R. Oatman won from Frank Gordon 6 0, 6-1, 6-2.

Mixed Doubles: In the third round Miss D. Grigg and J. Gillies defeated Miss F. Cavers and R. Fricker 8-6, 6-4.

Ladies' Doubles: In the semi-finals Miss M. Leighton and Miss K. Eve defeated Miss I. Gillies and Miss M. Cavers 6-1, 7-5.

In the Ladies' Consolation Singles Miss F. Cavers defeated M. Barclay 5-7, 7-3, 10-8; and Mrs. E. R. Oatman won from Miss M. Cavers 7-5, 3-6, 6-2.

## Hunters Were Out Bright And Early

The hunting season for ducks and geese opened yesterday and bright and early the boys were popping at the unsuspecting targets on the Alice Arm flats.

Two parties from Anyox joined the local sportsmen. One party consisting of W. F. Eve, E. R. Oatman, H. R. Healy, J. A. McMaster and Dr. J. W. Lang had accounted for five geese and twenty-four ducks yesterday afternoon.

Another Anyox party comprising A. Mac Donald, L. Kirby and Wm. Adams had bagged one goose so far as could be learned, but they possibly had more.

W. M. Cummings of Alice Arm also brought home his goose, as also did Barney Turbitt.

## Interesting Tennis Semi-Final Called Through Darkness

A semi-final game of the Men's Singles Championship was played on Wednesday evening last, between O. G. Macintyre and Gordon McInnes. The contestants were very evenly matched, and the game went to five sets, only to be called on account of darkness when the fifth set was almost completed.

At the time of calling the game, McInnes was leading 5-4 in the fifth set. The score was 2-6, 7-5, 6-1, 3-6, 4-5, Macintyres' score being placed first. Excellent tennis was played throughout the game.

## Big Blast Anyox Mine Moves Half Million Tons of Rock

Breakfasts grew cold and kitchen fires went out at Anyox on Sunday morning the 27th. when the whistles at the Hidden Creek Mine proclaimed the coming of a huge blast. It seemed a long time coming and many residents sought vantage points the better to watch the vast explosion. But they were disappointed, as there was only a suppressed boom and one reverberating blast. Not a moving stick or stone was visible.

However, the result was a complete success, everything turning out as planned. No less than 1780 cases of powder were used, and several miles of wiring. The whole work of preparation occupied several months, while the loading and final operations took about a month. Between 400,000 and 500,000 tons of material were broken by this gigantic blast.

## Quiet Wedding Takes Place At Anyox

A quiet wedding took place at the United Church Manse, Anyox, on Monday the 28th. when Reathus Jessie Scroggie, daughter of Mr. and Mrs. James Ernest Scroggie, of Winnipeg, was united in marriage to Alexander Jones, son of Mr. and Mrs. Thomas Jones, of Swansea, Wales. The Rev. Evan Baker officiated and the bride was given in marriage by Mr. R. Griffiths, an old friend of the groom's family.

The bridesmaid was Miss Rita Henderson and Mr. L. Dodd was the best man.

The young couple are spending their honeymoon at Alice Arm. They will reside at Anyox.

## J. Cosmacini Died From Heart Trouble

John Cosmacini, who had been employed as a shiftboss at the Hidden Creek Mine for several years, passed away at the Anyox General Hospital about 12.45 a.m. on Sunday the 27th. as the result of heart trouble. He was taken ill about 10.30 p.m. on Saturday and immediately conveyed to the hospital. The funeral was held on Tuesday the 29th. the Rev. Evan Baker officiating. A large number of friends of the deceased attended to pay their last respects, and there were many floral tributes testifying to the esteem in which he was held.

## Beach Beat The Colts For Baseball Cup

The champion Beach Baseball team added to their laurels on Friday the 25th. when they won the fourth game of the Cup series from the Colts 6-3. The fans were treated to a real good ball game, and their big regret seemed to be that it was the last of the series.

The game was real tight right up to the last inning, there being no score until the second half of the fourth, when the Colts got busy and rapped out three nice hits in a row to score the first run of the game. They got two more in the seventh, and for a while it looked as though they might win the game but they did not quite make the grade. The Beach did not score until the sixth, when they put on a belated rally to score three times. They then turned around and repeated in the seventh, putting the game on ice.

## H. C. Club Doubles Final Was Close Game

The final for the Men's Doubles Championship of the Hidden Creek Tennis Club was played on Wednesday the 30th. between Horton Jack and L. Dodd, and J. Buntain and Harvey Cook. The latter pair won after a very close game, which went to five sets.

## Miss M. Dresser Is New Tennis Champion

In the final of the Ladies' Singles of the Anyox tennis championship series, played on Thursday the 24th. Miss M. Dresser defeated Miss K. Eve, last year's winner, 4-6, 8-6, 6-3. The new champion played a steady forceful game throughout, while her opponent was not quite up to her usual brilliant form. The game took two hours to play.

## Ladies' Golf Club Continue Their Activities

On Tuesday the 29th. an eighteen-hole Medal Handicap was played, Mrs. Wenerstrom proving the winner with a net of 74, Miss Dresser being second with a net of 75.

T. J. Shenton left on Friday for Prince Rupert.

J. E. O'Brien returned on Friday from a visit to Prince Rupert.

J. E. Cameron, J. Gourlay, H. Richardson, L. A. Pelletier, G. R. Pelletier, H. Corkill, M. Ritau, A. Yelland, Otto Noe, were all passengers for the south, from Anyox on Friday.

## Annual Alice Arm Picnic Greatly Enjoyed

The annual picnic of St. Michael's Church, Alice Arm was held at Campers Point on Friday the 25th. It was one of the most successful picnics held. Sixty persons were present; brilliant sunshine prevailed and this, combined with lots of eats and ice cream, together with sports and games made it a most enjoyable outing for both adults and children.

The participants were conveyed to the rendezvous by Canon Rushbrook on board the Northern Cross. On arrival the tide was at its height, but swimming and boating were both enjoyed, and preparations made for the evening meal.

The call for supper found the long tables loaded with all kinds of good things to eat, and although everyone ate their fill there was a surplus left. Pink lemonade and ice cream for the children proved a great attraction.

Following the banquet, races were held on the beach. There were competitions for everyone from the tiny tots to men and women, and all joined heartily in the fun.

The setting sun had long passed over the westward hills when preparations were made for departure, which brought to an end a very pleasant outing.

Credit for the day's pleasure is due to a large number of men and women, but special praise should be given to Churchwardens W. B. Bower and J. Trinder, who worked hard, and of course not forgetting Canon Rushbrook, on whom rested a big responsibility.

## Fatal Accident Occurred At Anyox Mine

Mike Ziganoff, employed at the Hidden Creek mine, passed away at the Anyox General Hospital about 7.45 a.m. on August 24th. as the result of an accident sustained on the previous day.

Deceased was caught in some loose muck in a chute and partially buried, and owing to the difficult situation it was not possible to rescue him until about 12 hours after the accident occurred.

An inquest was held on Friday the 25th., when a verdict of accidental death was returned. The body was interred in the Anyox cemetery on Saturday the 26th.

Deceased, who was 49 years of age, was born in Russia, and had no relatives in Canada.

Two candidates for the Atlin constituency have recently held public meetings in Anyox as part of their campaign in the forthcoming Provincial election. They have given lengthy addresses, and touched upon almost every subject but provincial affairs. What the electors of Anyox would welcome is a candidate who will speak right out on a public platform and either condemn or condone the policy of the present provincial government and also previous governments. Discussion of affairs at Ottawa or International affairs have no place in the present election. Whoever is elected for this constituency at the coming election will find his labors at Victoria confined strictly to provincial matters, however ambitious he might be to change world conditions. We have our Federal member at Ottawa, whose business it is to attend to such matters as tariffs, emigration, banking changes, etc., and the candidates who waste their time expounding to the electors their views on these matters are trifling with their opportunity. We hope to hear provincial matters discussed for a change at future meetings, perhaps the liberal candidate will oblige us when he visits Anyox, if the others demur.

A short time ago the United States placed an embargo on gold leaving that country. Now they are very anxious to ship gold to Canada in any quantity in the shape of newly mined gold in the form of ore, concentrates or precipitates. Why this sudden change of front, the layman would ask. And the answer is bigger profits. Gold is selling in Canada today at around \$30.00 an ounce compared \$20.-67 in the United States. Canada has declared her willingness to accept American gold in this form as it creates work for the smelters and the refinery at Ottawa.

It would have been a master stroke of statesmanship if the Canadian Government had told the United States that their gold would be allowed admittance to Canada just as soon as Canadian copper was allowed into the United States free from duty. But they evidently failed to take advantage of the opportunity of abolishing the 4 cents a pound duty now in force.

A youth asked Girardiani, the great musician, how to learn to play the violin. The reply was:—"Twelve hours a day for twenty years together."

**"Stampede" John Prospecting In North**

John Stenbraten, known throughout the North as Stampede John, came into Whitehorse, B. C., the other day says the Western Canada Mining News. Whitehorse is just on the rim of northern civilization and it is in those out of the way places that John is to be found. He was around Alice Arm and Stewart a few years ago, but found these sections too close in. He was partner with Bill Bunting when they staked what is now known as the Gold Cord group, at Pleasant Valley, in the extreme northwestern corner of the province, and then went further into the wilderness. This summer he has been prospecting in the Black Hills, Chicken creek, Squaw creek, Quartz creek, Forty-mile, Sixty-mile, Eldorado and Dawson districts.

He reports many prospectors in the field, most of them going in by foot or by saddle horse via Haines, Alaska. A 42-mile motor road out of Haines lands one at the British Columbia border.

**Football Cup Final Ends In Draw**

With a large crowd to witness the event, and the weather man in the best mood possible, the final for the Football Cup between the Celts and Rangers on Thursday the 24th. ended in a 1-1 draw. An overtime session was considered inadvisable as the evening was too dark for further play.

Both teams were out in full force, Williams being back in the Celts' ranks after an absence of some weeks. Rangers pressed hard at the outset and kept the Celts' defence busy for some time, Taylor clearing some dangerous shots nicely.

Half-time found the score-board clear, and on resuming, the Celts playing downhill, were aggressive. Hawes was unfortunate in sending a close-in shot clear over the bar. The blues maintained the pressure and soon afterwards Hawes secured again and sent in a fast low shot which gave Hunter no chance. With renewed vigor the Rangers carried the play to the Celts' end, and in a scrimmage near the goal Sparky Johnston was unfortunate enough to send the ball through his own goal, thus evening up the score. Both teams tried hard to secure the winning counter, so that the issue was in doubt right to the final whistle. It was a good clean game, well handled by referee Webster.

The teams; Celts: Taylor; Currie, J. Gillies; W. J. Johnston, Murray, L. Gillies; H. Johnston, F. Williams, Hawes, Buntain, Patrick. Rangers: Hunter; Calderoni, Hamilton; Galbraith, Francis, Ellison; Peel, Dodsworth, Ion, Buchanan, Flye.

**Great Britain Increases Canadian Copper Purchases**

No copper ore was received by the United Kingdom from Canada in June but the six months' imports included 6,446 gross tons from Canada, 5,257 from Spain and 3,134 from other countries. The total importation was 14,837 compared with 20,012 in the first six months of 1932.

Unwrought copper imports by Great Britain in June totalled 9,377 gross tons, of which 2,775 were received from Rhodesia, 2,626 from Chili, 2,531 from Canada and 870 from the United States. The six months' imports totalled 63,843 tons, of which 18,739 were received from Chili, 17,091 from Canada, 14,536 from Rhodesia, 6,256 from the United States. In the same period of 1931 the supply from the United States was 27,841 tons and from Canada 640 tons, the former being reduced about 78 per cent. and the latter increased by 2,570 per cent.

Canada's supply of copper plates, sheets, etc., is not listed separately in the Board of Trade figures.

**It's BETTER and You can Prove It**

**You will make lighter pastry, tastier desserts with ST. CHARLES!**

Don't take our word for it, prove it yourself—order a can of Borden's St. Charles from your grocer and use it whenever the recipe calls for milk. You will find that St. Charles will give a bland creaminess, a fresh, rich flavor to your cooking that your family will immediately appreciate. St. Charles is rich, creamy milk, wholesome as nature made it with nothing added and 60% of the natural water removed. It is sterilized after being sealed in the tin to assure perfect sweet flavor and absolute purity. That is why Borden's St. Charles Milk tastes so fresh and sweet—why it improves the flavor of all recipes where you would usually use milk. St. Charles is better—ask for it—use it—and PROVE IT.

**Here and There**

An orchard consisting of only one tree which has borne 116 different varieties of apples and one variety of pears by means of careful grafting, is located in Eastern Canada. This season 47 varieties of apples put forth blossoms.

Canada produced 1,285,888 ounces of silver during March as compared with 1,307,154 ounces in February and 1,460,137 ounces in March 1932. 3,976,818 ounces were produced during the first quarter of 1933, a 17 per cent decline as compared with the same period in 1932.

Hon. Frank L. Polk, acting secretary of state for the United States in 1918-19, well-known corporation lawyer and director of many companies including the Chase National Bank and the Northern Pacific Railway, is staying at the Banff Springs Hotel with his family for the summer vacation.

More than equalling expectations the New York-Montreal cruise of the Duchess of Bedford, set a new holiday record for special trips recently when 900 passengers took the excursion. Guaranteed a romantic moon every night and a picturesque run down the St. Lawrence, the passengers embarked steadily at the rate of three to the minute for five hours.

Wheat-cutting is now general in Manitoba and under way in the other prairie provinces, according to a recent weekly report issued by J. M. McKay, general agricultural agent, Canadian Pacific Railway, Western Lines. There is still, however, great need for further moisture, especially in the central and southerly parts of the grain-growing provinces.

Fresh from a victory in which he carried an appeal for a Chinese sentenced to hang, to the Privy Council, ending in commutation to life imprisonment, Rev. Father Joseph S. Donovan, of Maryknoll, N. Y., landed at Vancouver from Hong Kong aboard the Empress of Canada recently. He was frankly pleased at his success in the role of priest-lawyer, but his only comment was: "We try to help where we can."

Seeking the big fish he missed catching when he was unable to accompany their Majesties the King and Queen of Slam to Campbell River in September 1931 during their Canadian-American tour, Brig.-General E. de B. Panet, chief of the Canadian Pacific Investigation Department, is on a trip to the waters of the fighting tye, one of the prize game fish of British Columbia lakes and streams.

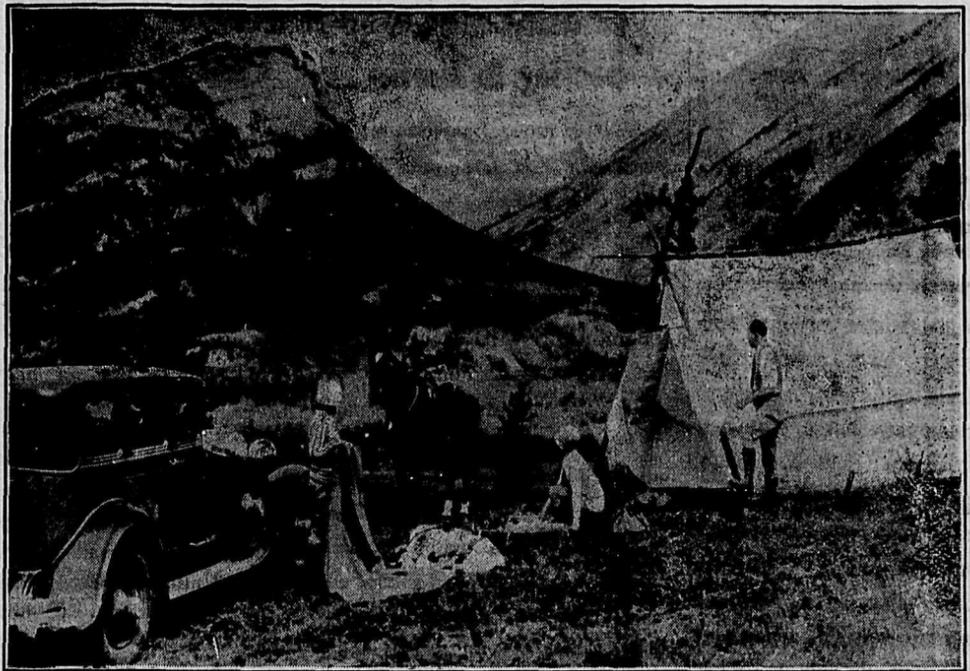

Cultural and educational relations in the Pacific will be stressed at the fifth Biennial Conference of the Institute of Pacific Relations to be held at the Banff Springs Hotel, August 14-28, though economic problems will naturally be to the fore in the discussions, stated Miss Elizabeth Green, editor of the Institute's Journal, on her arrival aboard the Empress of Canada at Vancouver recently en route for Banff.

**Payment of Meal Tax Still In Doubt**

British Columbia people may yet have to pay the meal tax if the appeal of the British Columbia government against the decision of Magistrate J. A. Findlay is approved. He declared that the meal tax was ultra vires of the province but Attorney General Pooley thinks otherwise and has advised the government to seek the decision of a higher court.

In the meantime the people who eat in restaurants are given a respite.

"Imagine my embarrassment," said Dumb Dora. "when, according to my usual custom, I looked under the bed before retiring. I had forgotten that I was in an upper berth."

Striking photo of Toronto's new waterfront taken from Hanlan's Point. The latest C.P.R. hotel, the Royal York, stands out prominently in the centre with the new Star building directly behind it and the Sterling Tower half way between it and the City Hall clock tower. On the right are Toronto's original skyscrapers at the corner of King and Yonge.

**ANYOX NOTES**

Mrs. A. V. Wilkinson and child left on Friday for Vancouver.

Mr. and Mrs. Dunwoodie left on Friday for a holiday trip to New York City, Boston, Buffalo and Toronto.

Mrs. H. Selfe and daughter Olive left on Friday for Vancouver, after spending a holiday with Mr. Selfe.

Miss E. Cunningham left on Friday for Vancouver and Seattle, after spending a holiday with her cousin, Mrs. K. McDonald. Miss Cunningham's home is in Edmonton.

Dr. and Mrs. D. R. Learoyd and family returned on Friday, from a holiday visit to the south.

Mrs. D. Roy returned on Friday from a visit to the south.

Mrs. A. H. Stewart returned on Friday from a visit to Victoria.

Mrs. W. M. Phillips and son returned on Friday from the south.

I. Davies, C. Dresser, R. Owen and A. McKenzie returned on Friday from holidays spent in the south.

Miss Florence Allan arrived on Friday from Vancouver.

Mrs. C. R. Smith and children left on Friday for a visit to Prince Rupert.

Mrs. Chas. McKnight, a former resident of the town left on Monday for Vancouver, after visiting friends here.

Mrs. Ed. Kitchen returned on Monday from a holiday visit to the south.

S. Herrin returned on Monday from a trip south.

Mr. T. P. O'Brien returned on Monday from a visit to Vancouver.

Mrs. R. Cormier and daughter Beverley returned on Monday from a visit to Vancouver.

Mrs. W. T. Tamkin and children returned on Monday from a holiday visit to the south.

Mr. and Mrs. D. McKenzie and family returned on Monday from a holiday visit to Prince Rupert.

R. Robb returned on Monday from a visit to Vancouver.

Mr. and Mrs. W. J. Pierce returned on Monday from a holiday visit to the south.

Mrs. C. McMillan returned on Monday from a visit to southern cities.

Mrs. Adcock and daughter left on Monday for a visit to Vancouver.

Miss Patricia Healy left on Monday for the south, where she will continue her school studies.

Mrs. H. R. Taylor left on Monday for a visit to the south.

G. Fowler left on Monday for a visit to Vancouver.

Miss Betty Capstick returned on Friday to Vancouver after a visit to this district.

W. Rudland returned on Friday from a holiday visit to southern cities.

Mrs. H. M. D. Lambe and children returned on Friday to Prince Rupert after spending a holiday at Alice Arm with Mrs. J. A. McMaster.

Mrs. C. Perkes, Mrs. Harrington and L. McKay were among the passengers leaving on Friday for Vancouver.

Mr. and Mrs. F. F. Brown left on Friday for a holiday visit to the south.

C. P. Ashmore left on Friday on a business trip to Vancouver.

H. E. Elsdon returned on Friday to Vancouver.

Mrs. A. Dwyer and child left on Friday for a visit to Vancouver.

Developing, Printing and Enlarging. All work returned on following boat. Wrathall's Photo Finishing, Prince Rupert.

**ALICE ARM NOTES**

Miss Ellen Anderson, left on Monday for Vancouver where she will attend High School.

Inga Fiva, left on Monday for Prince Rupert and after a short stay there plans to proceed to the Bridge River Country.

Mr. and Mrs. J. Munroe and daughter Jean arrived on Friday from Anyox for holidays.

O. Landry, superintendent of Government Telegraphs arrived from Prince Rupert on Monday.

George Congdon, who lived here with his parents several years ago arrived on Monday from the south and left for Anyox on Tuesday.

J. Scott, forestry inspector, arrived from Prince Rupert on Monday.

Mrs. L. Pamplin arrived from Anyox last week-end and is spending holidays with Mrs. C. Ripley.

J. Trinder, who has been on fishery patrol duty on the Naas River this summer, arrived home last week. He states that the catch of salmon was below the average this summer.

Arthur Smith, a former resident of Alice Arm and now residing at Vancouver arrived in town on Thursday and will probably spend a week here. He holds an interest in mining properties in the Upper Kitsault Country.

Canon W. F. Rushbrook, accompanied by his daughter Dorothy, arrived on Friday on board the Anglican Church Mission launch Northern Cross. He held the usual services on Sunday and at the evening service was assisted by Mr. J. Walter-Hughes. A large congregation was present and much regret was felt that probably this will be Canon Rushbrook's last visit to Alice Arm in connection with the Coast Mission.

A famous doctor went to an insane asylum to see a patient, and before leaving tried to telephone his office. Not getting as quick service as he thought he should, he said to the operator, "I guess you don't know who I am."

"No," replied the operator, but I know where you are."

**Good Ore Shipments From Dunwell Mine**

A statement issued by the Dunwell Mining Company shows that a total of 484.13 tons of ore were shipped by leasers from the property from Jan. 1, 1933 to Aug. 10, 1933, yielding 526.97 oz. gold and 19,965.1 oz. silver. The total net value of these shipments at Stewart is reported at \$13,294. The average price received for gold was \$25 per oz. and for silver 35c. per oz. The average number of men working on mining, milling and transportation was 14.

Nothing is left when honor is lost.

The branch that bears the most fruit bows the lowest.
