## Banquet is Best Ever

### Over 200 are Guests of Community League at Sports' Banquet on Monday night

"Better than ever," was the slogan of the Anyox Community League, when arranging for the holding of their Annual Sports' Banquet, which took place on Monday night. At the conclusion of the jollification, on Monday, at which it was the pleasure of the editor of the Herald to be present, we speedily arrived at the conclusion that the officers of the League fully lived up to their slogan, and are confident that all those present were of the same opinion.

As in former years, the banquet was held in the spacious Recreation Hall. One table extended across the hall at the stage end, and joining it two tables ran the entire length of the hall. Seated in the centre of the head table sat the Chairman for the evening, Mr. B. M. Buck, and supporting him on either side were the officers of the League. In the centre of the hall, the Anyox Brass Band, under the conductorship of Bandmaster J. Varnes were stationed, and at 8.30 p.m., the hour appointed the commencement of festivities, the hall presented a brilliant and animated scene, with over 200 seated at the tables, which were loaded with piles of eatables, while in front and on either side of the Chairman were the championship silver cups, which later were presented to the winning teams.

A crash of music by the band, started the proceedings, and at the conclusion of the overture, the Chairman rose, and in a few words of welcome, said he felt that he was among friends, and was sure they would all enjoy themselves before the evening closed. He said that speeches would not form a part of the programme, for when the boys get together on these occasions, it was with the intention of enjoying themselves. He referred to the hard work of the

officers of the League, which was necessary for the carrying out of such an elaborate programme, and hoped all would appreciate their efforts. He then declared that all was in readiness for an onslaught upon the eatables.

At the conclusion of the banquet, no time was lost in carrying out the lengthy evening's programme, which was as follows:

The silver cup, emblematic of the football championship for the past season, and won by the Beach Football team, was presented by the Chairman to E. Craggs, who in accepting the trophy, said that for good sports, the Beach team were hard to beat, and they intended to win the cup again next year.

Selection by the band, of choruses, including: "Swanee River," "Black Joe," and "Dixie" and in which all joined.

Song by W. F. Eve. "Out of the Light." Encore: "One Fleeting Hour."

Chorus: "Alouette." Sung by all. Chorus leader, J. Mitchell.

The Chairman then presented sweaters, donated by the Granby Co., to the Elks' Baseball team. Those receiving sweaters were: J. Cody, F. F. Brown, H. I. Thorley, Bud Sheen, O. G. Macintyre, J. Moore, R. Ingram, C. Ferguson, A. Smith, H. Jacques. C. Donald and J. McColl were absent. Harry Kirk, manager of the team, also received a present.

Monologue by J. W. Leake, given in Devonshire brogue. "What ver do'e love I." Encore: "The buying of the wedding present."

Song by Bandmaster J. Varnes. "There was an old man he had two sons." Encore; "The Burglar Bold."

Short speech by J. B. Haffner, assistant general manager of the Granby Co., in which he said, that all remembered the difficulties encountered at the beginning of the

Continued on Page 2

## 200 Sacks High Grade Taken From Surface on Wolf

Concrete proof that the country immediately adjacent to the town of Alice Arm possesses veins of extraordinary high grade silver ore, has been again conclusively proven by J. Fiva and P. Johnson, who are working on the rich ore vein recently discovered by them on the Wolf. This vein is yielding rich ore, and its development may have far reaching results in regard to the development of the country from the town of Alice Arm to the La Rose mine.

A visit to the property on Thursday showed that the vein has been exposed on the surface for a distance of 75 feet. The vein runs parallel with the hill, and all loose rock above it has been blasted down, and the ore is now being taken out. It is the intention to stoop on the ore from the surface until the snow puts an end to operations. A tunnel, which it is estimated will be about 75 feet, will then be driven, and the ore mined from underground.

Two hundred sacks of high grade silver, have already been taken from the surface, and this will be shipped as soon as assay returns of samples of ore have been obtained. The ore is some of the highest grade yet found in the Alice Arm district, and is comprised chiefly of silver sulfides, ruby and native silver. In addition to the silver it also carries yellow copper, which is expected to give gold values.

The width of the vein varies from 6 inches to 2 feet. It runs north and south, with 10 degrees west of south. At present it is rather flat, dipping into the hill at an angle of about 15 degrees, but is gradually turning over, and it is expected that it will ultimately have a dip of about 25 to 30 degrees.

In addition to the high grade ore, there will be a considerable tonnage of second grade ore, and owing to the close proximity of the mine to the Dolly Varden railway, it is expected that this ore can be profitably shipped to the smelter.

The successful developing and mining of this property, again points to the fact that Alice Arm certainly has the ore, and the only thing necessary for its extraction is the man with nerve enough to go after it. The men of Alice Arm have not got the capital to develop a big property, but they are ready to spend their time and what money they have in developing these small high grade veins, and prove to the big capitalists that the district is worth investigating, and at the same time enrich themselves.

Ole Evindson, who is one of the original locators of the Dolly Varden, arrived in town on Thursday from Vancouver.

## Union Church Thanksgiving Concert Draws Huge Crowd

### Sunday Services Enjoyed

Sunday was Harvest Festival Day in the United Church. The Church was appropriately decorated with a large amount of fruit, vegetables and flowers which were donated by the Sunday School of the United Church, Maple Ridge, (Port Haney.) This was the largest display of its kind ever seen in Anyox.

The Sunday evening Service was helpful and inspiring. Mr. W. R. Murdoch effectively rendered the solo, "Render your hearts." The congregational singing of the Thanksgiving hymns was most hearty.

On Monday evening a concert under the auspices of the Sunday School gave wholesome entertainment to an audience which taxed the capacity of the building. The musical programme together with the readings and dialogues was interesting and praiseworthy.

A short dialogue—"A baby show," by a number of junior girls and boys was much appreciated.

A sketch "Before and After" by Marjorie Cloke and Eddie Clay was a silent, and it is hoped, an effective reminder to all husbands.

The pageant emphasized the Thanksgiving note. The Spirit of Humanity held court and listened to many claimants who aspired to contribute most to the happiness and welfare of humanity. The spirit of Christianity appeared near the close and drew attention to the fact that all benefits are derived from the Eternal Power, the Maker and Preserver of the Universe, who placed the metals in the earth, gave man the forest and fish, and supplies the moisture and sunshine for the field crops. It is also His desire that all dwell together in unity, each contributing to the other's happiness and comfort.

The following is a cast of characters.

Spirit of Humanity—Miss Christie McLeod. Spirit of Christianity—Miss Lulu McAllister. Woodsman—Ernest Barclay. Miner—Willie Cloke. Fisherman—Stanley Sawrey. Trapper—John Gillis. Rancher—Theodore Asimus. Topsy—Stuart Barclay. Farmer and his family—Eddie Clay. Marjorie Cloke, May Barclay, Maxwell Patrick. During the pageant Mrs. J. A. Hume sang, "Carry me back to old Virginny."

Others taking part in the programme were Kenneth Lawn, Messrs. Brooks, Kirkwood and Leake. Mrs. McAllister acted as accompanist.

At the close of the programme the fruit and vegetables were auctioned. Mr. S. Colclough proved experienced at wielding the Auctioneer's hammer. Bidding was keen with the result that the auction netted a large sum of

## Anyox Ladies' Hospital Auxiliary Elect Officers For Coming Year

A meeting of the Ladies' Hospital Auxiliary was held at the Hospital on Monday October 5th. at 2.30 p.m.. The object of this meeting was to enroll new members, discuss new business and for the election of officers. After the minutes of the last meeting had been read and adopted, nominations were in order for new officers which were appointed as follows.

Mrs. D. R. Learoyd, Hon. President. Mrs. H. C. Trefry, Hon. Vice-president. Mrs. E. Yard, President. Mrs. W. F. Fve, Vice-president. Mrs. O. K. Dwyer, Secretary-treasurer.

At this meeting it was decided to hold the next meeting on October 26th. It was also decided and adopted unanimously that a dance be put on by the ladies of the Hospital Auxiliary on Monday November 2nd., in the Recreation Hall, the charge to be made at \$1.00 per couple. Dancing to be from 9 p.m. to 2 a.m. Mrs. W. F. Eve was appointed to act as convener at this dance.

## Mary Ellen Smith Addresses Meetings

The Liberal Party are sparing no effort to place before the electors of this district the future policy of the Mackenzie King government, and defending the actions of that government while in office.

During the week, two meetings were held in Anyox, one at the Mine Hall on Thursday evening, and one at the Beach Recreation Hall last night. Both meetings were addressed by Mrs. Mary Ellen Smith, M. L. A., and H. F. Kergin, M. L. A. Large and enthusiastic meetings were held, a large number being attracted by the presence of Mrs. Smith, whose ability as a public speaker is well known. She gave illuminating and instructive addresses and showed that she was conversant with federal government affairs as well as provincial.

They will leave today for Alice Arm, where a meeting will be held this evening, and on Monday will visit Stewart.

The enjoyable evening was brought to a close with refreshments provided by the ladies.

The proceeds which amounted to nearly \$90 are for the Sunday School funds, especially the Christmas Tree.

The Sunday School wishes to express its thanks to all those who in any way contributed to the success of the evening, special mention being made of Mrs. Hume, for her kindness in singing; also to Mr. Champion, who donated two boxes of MacIntosh apples.

## Sunset Property Worthy of Development

The Sunset property on Roundy creek is one that is well worthy of development, states H. J. Bowyer, who is in charge of operations for the Keystone Mining Co.

Mr. Bowyer returned on Thursday from a thorough examination of the property, and said he had traced the main ore ledge for a distance of over 2000 feet on the surface. It is the intention of the company to commence active development work early next summer.

A. J. Gaul, who represents the big Swansea smelters, of Wales, arrived in town on Monday, and has spent the past week examining mining properties in the district.

## BIRTHS AT ANYOX

Born to Mr. and Mrs. McGuire, at the Anyox Hospital, on Tuesday September 29th. a daughter.

Born to Mr. and Mrs. R. H. Manzer at the Anyox Hospital, on Sunday, October 4th. a son.

Born to Mr. and Mrs. R. Lyons of Larcom Island, at the Anyox Hospital, on Monday, October 5th. a son.

Born to Mr. and Mrs. O. G. Macintyre at the Anyox Hospital, on Sunday, October 11th. a son.

The operation of dismantling the Dam Railroad as far as the big hoist was completed on Wednesday. A large number of railroad ties have been stored up for future use on the railroad.

**Annual Sports' Banquet  
 of Anyox Community  
 League Best Ever**

Continued from page 1  
 sports' season, and the success that was ultimately obtained speaks well for every individual and organization supporting the teams. He said he would like to see still more support given to sport in town, and they all had his best wishes for another successful year to come.

Violin Solo by Wylie Grant, and he delighted his audience with an encore.

Monologue: Mr. Hunter. "A football game of the Glasgow Selkirk, as played by a spectator."  
 Encore: "The Bachelor's Latchkey."

Selection by the band.

Chorus: "Mary Ann McClarty."  
 Leader J. Mitchell.

Recitation by W. Bruce: "You're Out." Encore: "Always Dry."

Presentation of Baseball Cup by Chairman, to H. Kirk, manager of Elks' Baseball team, who won the cup for the second year in succession. In receiving the cup, Mr. Kirk said that it gave him great pleasure to receive the cup, and again place it in the Elks' Hall, where it is becoming a fixture.

Selection by the Band.

Chorus: "Pack up your troubles in your old kit bag". Leader, J. Mitchell.

Song by J. McKay: "The lass of Killierankie." Encore: "Jock McGraw."

Dialogue by Messrs. Geo. Warwick and Ed. Yard, "Buck Fashaw's Funeral."

Song by Bud Sheen, "No wonder I love you." Encore: Ukelele Solos, "My Baby." "I remember." "How do you do."

Chorus: "Style all the while."

Presentation of sweaters by the Chairman to members of the Mine Football team, and donated by the Grandy Co. Those receiving sweaters were: S. Stewart, S. Peters, E. Evans, B. Cane, H. Jacques, E. Dearlove, M. Hunter, Pynn, T. Gilmour. Messrs. Anderson, Nesbitt and Boyle were absent. Saxophone Solo by Stephen Jones, and he obliged with an encore.

Humorous speech by H. F. Kerigin. "What would happen if the

'ifs' were left out of the baseball games."

Song by E. Craggs. "Yearning." Accompanists were: Messrs. Harris, Dresser and Webster.

The Chairman then announced the programme ended, and asked for a vote of thanks to Mr. F. Kelley, secretary, and the officers of Anyox Community League, for the splendid entertainment given this evening; also a vote of thanks to the Anyox Band, and this was passed with great enthusiasm.

"God Save the King" was then sung heartily by all.

One of the outstanding features of the evening was the smoothness with which all arrangements were carried out. Every invitation card bore a number, and the holders were conducted to their seats by ushers without inconvenience or loss of time. Another factor towards the evening's success was the capable manner in which the proceedings were handled by the Chairman, B. M. Buck, and from the first selection by the band until "God Save the King," was sung at midnight, there was action all the time.

The preparations necessary for the entertainment of such a large number, entails a large amount of hard work on the part of someone, and it would not be fair to close this brief report without mentioning those who labored so hard for the purpose of providing enjoyment for others. Those who took an active part in the preliminary work were H. E. Hogben, chairman of recreation A. C. L., F. Dresser and A. Nickerson, programme committee; the Community League Council and Baseball and Football executives, comprised the reception and refreshment committee. The brunt of the work, however, was shouldered by the secretary of the League, Mr. F. M. Kelley, and it is in a large measure due to his untiring efforts that the Annual Sports' Banquet has been brought to such a high degree of efficiency, and holds place as one of the outstanding events in the social life of Anyox.

# Vote for Western Development

**H**OW do YOU feel about the development of your own great West? Whatever your political affiliations, you are bound to admit that 1921 marked a turning point in western progress. Today the world has its eyes on British Columbia—this is the route to the markets of the globe, whether on the Atlantic or Pacific.

You have heard of the diversion of the agricultural products of the prairies over the western route, of the great increase in the annual crop, of elevators raising their huge bins in the great port of Vancouver, of ships from every nation in the world draining their yellow gold.

There has been an industrial development that few can credit. No one can say that this development is not actually due to the Liberal government policy of equalization of freight rates.

From no lesser person than C. W. Beatty, president of the C.P.R., we hear that business activity is greater in Vancouver than any other city in the Dominion.

Do you want the west still to prosper? Are you in favor of

progress or reaction? Premier King has declared himself. He says, throughout Canada, that trade is moving to the Pacific. He believes in the policy of equalization—he is for the west—not because he is prejudiced, but because he realizes that the very future of the Dominion hinges on National Unity and equality for every section of Canada.

King has a policy for populating the open spaces; it is the standardization and equalization of freight rates—a tariff that has due regard to the present stage of the country's development, that is light on the implements of production, raw materials for our basic industries, the necessities of life and commodities from the nations in the British Commonwealth.

## Economy! Prosperity!

For the first time since 1913, the Liberal Government announces a surplus in the country's budget—a surplus of \$4,816,000. This in spite of a reduced taxation, in spite of the fact that the country under Meighen's leadership spent \$464,000,000 in 1921, while in 1925 \$350,000,000 was spent by Mackenzie King. For every four dollars spent by the Conservatives, the Liberals spent three!

### October Hard to Beat

How doth the little black fly  
Delight to softly bite!  
He feasts upon my blood all day;  
Thanks be, he rests at night.

Not so the bold mosquito;  
She knows no night nor day,  
But tireless sings her siren song,  
And drives my peace away.

The predatory hornet nabs  
The swift and virile fly;  
He grabs and jabs; anon he dabs  
At me as he goes by.

Twixt yellow-jackets mid the hay,  
Grasshoppers in the meadow,  
Red beetles in the turnip tops,  
I'm worn near to a shadow.

There's horse-flies and house-flies,  
And deer-flies and just flies;  
There's ants, gnats and no-see-ums.  
Beneath the summer skies.

But when October comes along,  
These pests begin to clear up;  
With Indian Summer's frosty nights,  
My gloom begins to cheer up.

Instead of skeeter-skoot and such,  
I seek my trusty shot-gun;  
Instead of insects in the marsh,  
There's ducks; sometimes I get one.

When midnight pauses in the sky,  
And I wake up and listen,  
Instead of skeeters humming by,  
I hear the wild geese, bless 'em.

Give me October every time,  
Instead of summer's heat.  
When Indian Summer's in her prime,  
The Northland's hard to beat.

### Coming Election Will Cost \$2,000,000

The Dominion general election, which now is in progress, will cost the country two million dollars. Appropriations for the necessary outlay is a statutory provision of the Dominion Act.

The carrying out of the act is under the direction of the chief electoral officer, while the executive administration of the financial outlay is under the auditor-general.

There are about 242 returning officers. Their pay is dependent upon the extent of the constituencies and the number of polls. Other large items of cost are printing, stationary and expenses in connection with the registration of voters.

### Many Aspirants For Political Honors

Candidates numbering 463 are now in the field for 245 seats in the entire Dominion, including 197 Conservatives, 177 Liberals, 56 Progressives and 13 Independents, and 20 Laborites.

In a few constituencies where Progressives are running they are not opposed by Liberals.

# BRITISH COLUMBIA

The Mineral Province of Western Canada

TO END OF DECEMBER, 1924

Has produced Minerals as follows: Placer Gold, \$77,382,953; Lode Gold, \$118,473,190; Silver, \$68,824,579; Lead, \$70,548,578; Copper, \$187,489,378; Zinc, \$32,171,497; Miscellaneous Minerals, \$1,431,349; Coal and Coke, \$260,880,048; Building Stone, Brick, Cement, etc., \$42,225,814; making its mineral production to the end of 1924, show an

Aggregate Value of \$859,427,386

Production for Year Ending December 1924, \$48,704,604

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,  
VICTORIA, British Columbia

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

## Good Eats, Songs, Music and Speeches at Moose Banquet

The second annual banquet recently held by Anyox Lodge No. 1412, Loyal Order of Moose, was a splendid success from all points of view. The banquet was held in the Elks' Dugout, and eighty-four members sat down to a splendid repast, supplied by the Bluebird Cafe.

During the evening speeches were made on Mooseheart by visiting brothers from Prince Rupert and Vancouver. The Moose orchestra supplied the music, and various members delighted those present with songs, recitations, etc. Toasts were drunk with enthusiasm, and the second annual banquet was brought to a close by the singing of "Auld Lang Syne," and "God Save the King."

The tables were prettily decorated with cut flowers given by the ladies, and many pot plants loaned by Mrs. A. Cameron added to the charming effect.

The banquet committee comprised Messrs. A. Roberts, (chairman.) E. Simpson, H. Goebel, S. A. McKeown, J. Webster, T. J. Kirkwood, and to these brothers special mention is due for the splendid arrangements and the unusual success of the evening's entertainment.

## Allenby Mill Taking 1000 Tons of Ore Per Day

Receipts of ores and concentrates of the Consolidated Mining and Smelting Company's big smelter at Trail show that for the week ending Sept. 21 the Allenby Copper Company contributed 184 tons of concentrates, and a total up to that time of 511 tons since operations were resumed a short time ago.

At present the big concentrating mill is reducing approximately 1,000 tons of ore daily.

The full capacity of the mill is from 2,000 to 2,500 tons of ore per day.

## Minister of Mines Receives Compliments

Several compliments have reached the Minister of Mines in regard to his action to prevent wildcat promotion in this province and to protect investors in legitimate mining propositions. The Canadian Institute of Mining in Vancouver has just passed a flattering resolution on this subject.

# Quality

## The most urgent requirement in Canada's Agricultural Products

CANADA produces every year large quantities of wheat, oats, barley, butter, cheese, bacon, beef, eggs, apples, potatoes, grass seed and clover seed that she cannot consume. Her natural outlet for these products is, of course, Great Britain—the one great consuming country of the world with an open market.

Unfortunately, nearly every other country with any surplus of food products seems to want to send its surplus to this same market.

The keenness of the competition on this, our only market, and the energy and resourcefulness of our competitors began to impress themselves upon the Department of Agriculture some time ago, but it is only within very recent years that the real and only way to grapple with this problem has been discovered, or at least put into effect. This Department now believes, as do also most of the farmers of this country, that the "grading" of our agricultural products is the policy and practice that is seeing us through the struggle and will assure us of our rightful place on the British market.

"Grading" means the classifying of products, whether they be hogs, butter, cheese, eggs or anything else, into what might be called in a general way "BEST", "GOOD", "FAIR" and "POOR" classes.

These exact words are not used in describing the grades, but that is what is meant. The purpose served in grading is threefold—

(1) **Educational.** When the producer sees the relative quality of his product he is spurred on to maintain that quality if it is the "best" or to improve the quality where necessary.

(2) **Fair Play.** When products are not graded the inferior article for various reasons often brings as much as the superior article, and the credit and advantage of putting the superior product on the market is lost to the one who really deserves it.

(3) **Facilitating Trade.** The dealer learns to have confidence in the article he is buying and buys more freely, because it is guaranteed by grading, and gradually everybody gets to know what the "best" article really looks like or tastes like. In short, grading brings about standardization and ensures to the producer the best price.

Canada now grades her cereals, grass seeds, hay, potatoes, apples, eggs, butter, cheese, wool and bacon hogs. The results have been in every case beneficial and in some cases quite markedly so, even though the grading system has been in effect in some cases for only two or three years, thus:—

**Cheese**—Grading began April 1st, 1923. Canadian cheese the year before had fallen into such disfavour on the British market that New Zealand cheese was quite commonly preferred. Today Canadian cheese commands cents per pound higher than New Zealand.

**Butter**—Grading began same time as for cheese. The reputation of our butter was then indeed at low ebb. Canadian butter today, while not the best on the market, is rapidly improving in quality and gaining in reputation.

**Hogs**—Over two years ago the Department of Agriculture began to grade live hogs at the packing houses and stock yards. The 10% premium paid by the packers for "select" bacon hogs as against "thick smooths" as classed by departmental graders has done wonders to improve the quality of our hogs and develop the bacon industry.

Best Canadian bacon, which ordinarily was quoted two years ago from 10 to

18 shillings a long hundredweight below Danish, has gradually grown in the estimation of the British wholesale buyer until it is now quoted at only from 1 or less to at most 5 or 6 shillings per long hundredweight below the best Danish.

This improvement in price is, of course, due to quality and has come about very gradually, the spread narrowing down by a shilling or two a month until now it is not at all a rare occurrence to see best Canadian selling on a par with the Danish article.

**Eggs**—Canada was the first country to grade and standardize eggs. These grades and standards apply not only to export, interprovincial and import shipments, but also to domestic trading.

The basis is interior quality, cleanliness and weight.

Standardizing Canadian eggs has established confidence between producer and consumer and between exporter and British importer, and has resulted in a greatly-increased demand for the Canadian egg both at home and abroad.

Other products might be mentioned where grading has worked to the great advantage of the producer and to the advancement of Canadian agriculture.

Already Great Britain recognizes our store cattle, wheat, cheese, eggs, apples and oats as the best she can buy.

It is for us to so improve our other products, particularly our butter and bacon, as to bring them also into this list of "the best on the British market" and consequently the highest priced.

Grading enabled us to do this for cheese, wheat, eggs and apples.

Grading is helping us to do it for butter and bacon.

### Quality Counts

Quality is thus the first objective for the Canadian export trade, and, then steady, regular supply. It is along these lines the Department of Agriculture is working by educational methods, and the result of this policy is seen in the growing volume of Canada's agricultural exports. Look at these figures:—

Canada's Principal Exports of Farm Products		
	1920-21	1924-25
Wheat (bus.)	129,215,157	191,764,537
Flour (bbls.)	6,017,032	11,029,227
Bacon and Hams (cwt.)	982,338	1,208,721
Beef Cattle	296,511	218,084
Butter (lbs.)	9,739,414	24,501,981
Cheese (cwt.)	1,366,203	1,269,632
Apples (bbls.)	1,358,499	1,408,237
Oats (bus.)	14,321,043	32,775,761
Barley (bus.)	8,668,553	22,820,434
Rye (bus.)	8,201,430	7,524,895
Bran Shorts and Middings (cwt.)	819,781	8,697,038
Oatmeal and Rolled Oats (cwt.)	897,266	830,046
Clover Seeds (bus.)	479,258	417,907
Tobacco (lbs.)	200,153	8,581,422
Cream (gals.)	1,279,195	3,384,186
Flax Seed (bus.)	1,343,591	8,030,105

### Anyox Shipping Notes

The S. S. Mogul left for Stewart at 9 p.m. on Sunday, with 250 tons of Premier ore, and towing the barge Baroda loaded with 2000 tons of Maple Bay ore. She arrived at 7 p.m. on Monday.

The S. S. Amur arrived with 660 tons of Blainey coking coal and 75 tons of general freight for Anyox, and 175 tons of machinery for Stewart. She arrived at 1 p.m. Wednesday, towing barge Lord Templeton, loaded with 2856 tons of Wilkinson coal and 450 tons of Fairflax coal from Tacoma. This is the first time the barge Lord Templeton has been in Anyox. She was originally the largest block rigged vessel afloat, and has been trading all over the world, and has gone through her career without an accident. She was built by Harland and Wolfe, Glasgow, in 1886. Her dimensions are 282 ft. long, 40 ft. beam, 23 ft. hold, gross tonnage 2151 tons. She has been laying in San Francisco for the last five years previous to the Coastwise Steamship & Barge Co. taking her over.

### Alice Arm Notes

See Al. Falconer for Freight and Pack Horses

Jack Garrett left on Monday for his home at Erinsville, Ontario, where he will spend the winter. He plans to return next spring.

J. O. Trethewey left on Monday for his home at Abbotsford.

D. Chapman, who has spent the past few months here developing the Red Bluff property, left on Monday for Prince Rupert.

S. Wenerstrom was a south-bound passenger on Monday, bound for Vancouver.

C. H. Walker, who has held the position of city shoe repairer for the past few years, left on Monday for Nanaimo, where he will spend the winter.

Mrs. Helen Nucich returned on Thursday from Anyox, where she has been visiting Mrs. F. Persen.

Angus McLeod left on Thursday for Prince Rupert, where he expects to spend the winter.

See Al. Falconer for Wood, Coal and Lumber.

Despite the fact that the snow will soon be flying, the building up of the town goes merrily on. The latest addition to our buildings is a new garage being built by Barney Turbitt. This building is 16ft. by 24ft. and stands at the junction of Valley Road and River Drive, which is on the edge of the north end business section of the town.

Oct. 15th.—Radio. San Francisco—Mr. Eugen Sandow, the World's strongest man, died in London today.

### FOR SALE

Good second-hand telephones, suitable for stores, offices, mines, farms or small exchanges. \$5.00 each
