ALICE ARM, B. C., SATURDAY, MARCH 12, 1927

5 cents each.

Members of Community League Elect New Councillors

On Wednesday, the members of the Anyox Community League went to the polling booths to decide as to who were to serve as Councillors on the League, which is governed by a council of eight.

The booths were located in the Library and Beach Mess and were open from 8 a.m. until 6 p.m. The result of the voting was as follows:

J. Wilson..... 111

J. Buntain..... 110

R. O. Cutler..... 105

O. G. McIntyre..... 99

S. Grimason..... 92

W. Selwood..... 83

F. C. Townshend.... 82

W. Gibb..... 81

According to general opinion around the camp the members of the League, have made a wise choice in electing the above members to serve on the League.

They are all capable level-headed men, and well able to conduct the affairs of the League in a business like manner as their predecessors have done during the past two years.

Mr. John McCallum was again elected as Beach representative to serve on the Hospital Board receiving 83 votes majority.

Forthcoming Events

Regarding the Elks forthcoming Boxing and Wrestling Entertainment to be staged in the Gymnasium on Friday March 25th. everything is being rounded into shape. Tickets are now on sale at the Elks' Hall, Beach and Mine Pool Rooms. Tickets for this affair are being rapidly sold. This is an event which is worthy of the support of all those who appreciate clean sport, with the additional attraction of bringing in from the outside new talent.

On Wednesday March 16th. at the hour of 9 p.m. at the Beach Gymnasium, under the Auspices Catholic Social Club, the Annual St. Patrick's Dance will be staged, the Mine Melodians supplying the music. A special feature of interest at this affair will be a "Midnight Surprise," so be sure and attend this event and you are assured by those in charge of spending an enjoyable evening.

Camosun Has Record List of Passengers

The S. S. Camosun of the Union Steamship Co. which arrived in Anyox and Alice Arm on Monday, experienced some very heavy weather coming north through the Queen Charlotte Sound. It caused considerable inconvenience to the kitchen staff, and a large number of the passengers suffered with mal-demer. The Camosun had a record passenger list for northern points.

The sun gets higher every day. So does the snow.

Devlin Zinc Will Again Be Developed

The Devlin Zinc property, will be further developed this year. News to this effect was received by Mr. C. Williams during the week from J. J. Murphy, who inspected the property two years ago, and who expects to arrive here in June.

Present plans are for a continuation of the present tunnel, which was not driven far enough two years ago to encounter the ore body.

The Devlin Zinc was acquired by the late John Devlin in 1925. He died while development work was being carried on and since then it has been lying idle.

It is situated on the Northeast fork of the Kitsault river and has some very promising surface showings of zinc ore.

Will Develop Silver Hoard

A Davidson will commence development of the Silver Hoard property this month. He plans to continue the tunnel started last year and expects to encounter the surface showings at depth before he quits.

He has sleighed his supplies to Camp 8, which is itself quite an undertaking. He took in 160 pounds and 140 at a trip while the trail was good.

Silver Grey Fox Skins Are Shipped South

Two silver grey fox skins, one red fox and some mink and martin skins were shipped south on Monday by J. Flynn, who is engaged in trapping on the east side of the Kitsault Flats.

The fox skins were beautiful specimens and in prime condition. They were caught on the flats early in the winter.

Attends Liberal Convention

Geo. W. Bruggy left on Monday for Vancouver, where he will attend the big Liberal Convention which commenced there on Thursday.

Many resolutions effecting the welfare of the party will be discussed and new officers elected.

Good Ice At Skating Rink

Good ice has been available at the Alice Arm Skating Rink several days this week. Yesterday it was exceptionally good. It was, however, not taken advantage of, even the children seem to have had enough skating for one season.

Spring is here or just around the corner warbles every editor from Vancouver Island to the Alberta boundary. It may be in some parts but not these. Old man winter showed that he had a good sized kick left yet, when he gave us snow nearly every day this week, terminating yesterday with about five inches.

Alice Arm Will Have Luxurious Beer Parlor

A glass of beer in comfortable quiet surroundings is the aim of Ole Evindson of the Alice Arm Hotel, who recently opened his beer parlor to the public.

The parlor occupies the extreme north end of the building and which was formerly used as a pool room and cigar stand.

The windows command a full view of bay and town and a magnificent view of the majestic peaks across the bay can be enjoyed while sipping the amber ale.

Rows of ferns and trailing plants will be suspended from the ceiling near the windows and big palms will grace each end of the room.

Accommodation for ladies has been provided by a lattis partition.

The Hotel will become the rendezvous of those who have a leisure hour to spend, and Anyox visitors will no doubt enjoy this added asset.

ANYOX NOTES

W. Bourn arrived on Monday from Vancouver.

Mrs. Cripps and son were arrivals on Monday from Vancouver.

Mr. and Mrs. Ellison returned on Monday from a visit to Vancouver and southern points.

W. Askin and J. E. Taylor were arrivals from Vancouver on Monday.

T. McRostie arrived back on Monday from a visit to Vancouver and southern points.

The El Doro, the Cigar that pleases.

Miss Bernice Clay will graduate on Wednesday March 16th. at the Prince Rupert General Hospital.

Mr. and Mrs. D. T. Evans returned on Monday from Prince Rupert.

Mr. and Mrs. Bacshak arrived from Prince Rupert on Monday.

Mrs. J. McDonald arrived on Monday from Prince Rupert.

D. McVicar arrived back on Monday from a short visit to Prince Rupert.

Geo. Woodland, W. P. Bassett, R. H. Ives, L. Larson arrived on Thursday from Prince Rupert.

Among the arrivals from Prince Rupert on Monday, were: A. E. Myers, R. Wilson, J. Hamilton, C. Beck, W. E. Trump.

W. P. Armour left on Monday for Prince Rupert after a short visit here.

Tom Garrett was a southbound passenger to Prince Rupert on Monday.

Mr. and Mrs. F. D. Rice, who have been visiting here, returned on Monday to Prince Rupert.

Continued on page 4

Riot of Color at Mine Masquerade Ball

The big annual Masquerade Ball held at the Mine Hall on Tuesday was a very successful affair.

It was under the auspices of the Mine Club, whose officers worked hard to give an evening's enjoyment to those attending.

The floor was thronged with dancers, attired in every conceivable form of dress. It was a gay and happy gathering and the splendid decorations lent a wealth of color to the attractive scene.

The Mine Melodians were at their best, and their superb rendering of the various numbers was taken full advantage of by the happy revellers.

It was a dancer's paradise, and everyone was bubbling over with pep, tripping the light fantastic until the early hours of morning, when thoughts began to wander to that much abused word, work.

Some were ready to "hit the ball" till breakfast time, but the tired orchestra were bent on snatching a few hours sleep before the sweet tones of the morning whistle awoke them from their slumbers.

The Mine Club deserve great credit for the splendid success, and everyone should join the club thus giving support to its officers.

Trail Wins Hockey Champ.

Trail won the British Columbia senior amateur hockey championship on Monday by defeating Vancouver Towers five goals to one on the two-game round. Saturday the score was one all but the smelter city men had a four goal lead on Friday night when they won four to nothing.

Anyox Boat Owners Active

Activity is starting among the boat owners of the mosquito fleet. Several boats have received a new coat of paint and general overhauling, and their skippers are dreaming of the pleasant times they are going to spend this summer.

Liberal Association Meet

A meeting of the Anyox Liberal Association was held in the Recreation Hall on Sunday evening. The meeting was well attended and important business disposed of.

Alice Arm Birth at Anyox

Born to Mr. and Mrs. Lee Intermeilia of Alice Arm at the Anyox Hospital, on Sunday March 6th. a daughter.

March came in like a lamb it is true, but soon changed to a roaring lion with no prospect of an immediate change,

Some of those from the sunny south who are spending their first winter in Anyox were seen recently gazing toward the mine in an effort to get a glimpse of the North Pole.

South Atlin Teachers' Association Formed In Anyox

A meeting was held in the Public School at Anyox on Friday March 4th. at 4 p.m. for the purpose of forming a body empowered to receive and deal with important matters, submitted from time to time to such organizations throughout the province by the B. C. Teachers' Federation. A few of the objects which are being considered by the association for the betterment of those concerned are changes in and extension of The Course of Study, Uniformity of Teachers Certificates in the Western Provinces; Superannuation schemes; Organized European tours during vacation; Interchange of Teachers with other parts of the Empire.

Also to qualify for representation in the business meeting of the parent body held annually during the Convention Easter vacation; to become entitled to more privileges in the way of pooling expenses etc. for attendance at the Provincial Convention.

To encourage other scattered school districts in Northern B. C. to form associations looking forward toward sufficient numerical strength to justify a Teachers' Convention at Prince Rupert thus furthering education in the north.

Those who would be included in this body would be teachers in Granby Bay schools; teacher at Alice Arm; possibly teachers at Stewart, Premier and Aiyansh.

Officers were elected at this meeting which are as follows: President Robert H. Manzer; Vice President James C. Hutchison; Secretary-Treasurer Miss A. Fetterley.

ALICE ARM NOTES

Ed. Trethewey arrived home yesterday from a business trip to Vancouver and southern points.

Mrs. E. Ness and family left on Monday for Vancouver, where they plan to reside. Mr. Ness having been there for several months. They have been residents of Alice Arm for the past seven years, and have been eleven years in the north. They leave a large number of friends who wish them well in their home in the south.

Frank Gallagher arrived on Monday from the south, where he has spent the last year. He plans to spend the summer here.

Hans Peterson returned on Monday from a trip to Prince Rupert.

The biggest excitement of the week occurred when Jake Sauer drove his team of oxen in from his ranch. They behaved very well while in town, but proved contrary on the way home preferring to take another direction when near the bridge.

The government of British Columbia is learning in the school of bitter experience that an intimacy with liquor brings trouble. Liquor is a bad thing to be associated with. It generally brings grief to all connected with it, whether a person drinks it or peddles it. The present system of handling liquor brings the government into direct contact with the liquor interests and this contact is liable to contaminate. The best interests of the country would be served by reverting to the system of hotel bars, which was in vogue before the present experimenting commenced. Experience of the last few years have shown that a government can not become the people's liquor salesman and escape criticism and scandal. The government should make serious efforts to cut loose from the present system. Giving licenses to hotels and allowing no infringements of the law would be far better than the present mess.

He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men, and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of earth's beauty, or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.

Instead of Canada being spoken of as the "Granary of the Empire," she now aspires to a wider title, for in 1926 she led all countries in the export of wheat and flour, having exported 212,000,000 bushels of wheat. Argentina came a poor second with a little less than 65,000,000 bushels; Australia with 43,000,000; and the United States with 40,000,000; thus Canada alone has exceeded the exports of these countries by over 64,000,000 bushels. Canada's exports of flour amounted to 8,163,000 barrels; the United States 7,430,000 barrels; and Australia 3,750,800 barrels.

It is only the live business man who can make advertising pay.

Another Property Under Bond Marmot River

Portland Canal News

The Chinook group of six claims situated on the divide between the head of the north fork of the Marmot river and Barney Gulch creek, the latter flowing into Bear river about two miles north of Stewart, has been bonded by Hugh B. McGuire for John Angus McDonald from L. E. Bigham and W. R. McDowell of Hyder, the latter owning a quarter interest in the property. The group is recorded as adjoining the Porter Idaho group on the north.

A cash payment of \$1500 was made, and the bond provides for either of two final settlements, optional with the purchaser. The first is for the balance on \$50,000 to be paid by the first of next August, and the second calls for \$75,000 in payments spread over a term of two years.

No work of prominence has been done on the property, being confined to annual assessments which consisted of surface crosscutting and stripping. The ground is so located as to carry the northern extension of the Porter Idaho and Prosperity leads.

B. C. Tobacco Growing Rapidly Expanding

The best tobacco produced in Canada is being grown in the Okanagan, declared J. W. Jones, member for that constituency, before the public accounts committee, during a discussion on loans granted on the industries department.

The Stettler Cigar Company, which operated on a loan of \$35,000 from the government, was started by Major Martin, head of the industries department, to be operating with success at Kelowna.

The industry is seeking to develop a market with Great Britain, where a substantial preference, as high as 40 per cent., is granted to empire grown tobacco. The company's liabilities to the government has been reduced by half, and the public accounts committee agreed that it was satisfactory business as far as the public funds were concerned.

Lady—"Isn't it wonderful how a single policeman can dam the flow of traffic?"

Boy—Yes, grannie; but you should hear the bus drivers."

SYNOPSIS OF LAND ACT AMENDMENTS**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

SPECIAL TRIPS BY ARRANGEMENT

BRITISH COLUMBIA**The Mineral Province of Western Canada**

Has produced Minerals as follows: Placer Gold, \$77,663,045; Lode Gold, \$122,808,459; Silver, \$74,111,397; Lead, \$89,218,907; Copper, \$197,642,647; Zinc, \$39,925,947; Miscellaneous Minerals, \$1,594,387 Coal and Coke, \$273,048,953; Building Stone, Brick, Cement, etc., \$44,905,886; making its mineral production to the end of 1925, show an

Aggregate Value of \$920,919,628

The substantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; 1921, \$28,066,641; for the year 1922, \$35,158,843; for 1923, \$41,304,320; for 1924, \$48,704,604, and for 1925, \$61,492,242.

Production Last Ten Years, \$404,649,375

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

Dominion Wide News Items of Interest

British Columbia is leading the western provinces in aiding the cause of education through the distribution of free text books to public school pupils, according to information laid before the legislature by Hon. J. D. McLean, minister of education.

The minister stated that British Columbia was spending \$70,000 annually on free text books as against \$40,000 spent in Alberta by Saskatchewan.

Better methods for handling the problems of caring for the insane than now employed in British Columbia and the sterilization of the insane under the certain conditions were recommended by the royal commission on insanity whose report was filed in the legislature yesterday after more than a year of investigation.

British Columbia's lumber industry broke all records for production during 1926, according to the annual report of the forest branch, tabled in the legislature by Hon. T. D. Pattullo, minister of lands.

The 1926 timber cut, the report shows, reached 2,900,000,000 feet, exclusive of material used for local fuel and farming purposes. This is an increase of 11.7 per cent. over the figure for 1925 and is the largest cut on record.

First reading was given in the House of Commons at Ottawa to a bill providing for the payment of \$250,000 toward defraying expenses for Canada's Diamond Jubilee celebration of Confederation on July 1. The Premier, in introducing the bill, announced that it was proposed to incorporate a body to be known as the national committee for the celebration of the Diamond Jubilee.

More than 14,000 immigrants are due to arrive at Halifax during the next six weeks according to information received by the colonization department of the Canadian National Railways. One boat alone reports third class bookings of 1,400 during that period. This week-end five steamers are due at Halifax and they are bringing 1749 passengers, the vast majority of whom are settlers, farm workers and domestics. Three of the vessels are bringing large contingents from the British Isles and the others will carry settlers and agriculturists from Scandinavian countries and other parts of Europe.

1927 European Educational Tours

Personally Conducted Tours have been arranged this Summer, under the joint supervision of the Canadian National Railways and the Cunard Steamship Company to Great Britain and Europe and return. All transportation, hotel and sight-seeing expenses included in fares. See any Canadian National Railway Agent or write District Passenger Agent, Prince Rupert, for particulars and descriptive literature.

British Columbia Beers are Pure, Matured and Fully Fermented

NOT only are beers made by the Amalgamated Breweries pure and wholesome by test and delicious to the taste; they are thoroughly matured beers and fully fermented.

Due to the huge brewing and storage capacity of the Amalgamated Breweries (approximately eight times British Columbia's present consumption of beers), ample stocks are always on hand, maturing in great casks under most perfect and sanitary conditions. All beers are allowed to ripen for periods of about five months. Fermentation is completed, absolutely, before they are put on the market. You are assured of a healthful, fully matured beverage when you purchase beers made by the Amalgamated Breweries.

Storage room and vats in which beers are matured in the Amalgamated Breweries. Visitors are cordially invited to all the plants of the Amalgamated Breweries.

Winter is like a bad cold, it doesn't like to leave us.

Legislature Prorogued on Monday

The Legislature prorogued on Monday night, when Lieut. Governor Bruce gave his official assent to eighty-two bills. The session, which started off like a lion ten weeks ago with charges and counter charges flung across the floor of the House, went out like the traditional lamb with nothing thrown about except shafts of wit and contents of desks and waste paper baskets. In good humor the members celebrated the release from their duties by relegating dignity to the background and indulging in a regular battle in which books, papers and everything else movable served as ammunition. In a few minutes, the floor of the chamber was knee deep with documents through which the cheering and laughing members struggled to the corridors.

Prior to the arrival of the lieutenant governor to prorogue the House R. H. Pooley, Conservative house leader, made a final effort to renew the battle on the government's taxation bill and have its provisions with

respect to natural resources eliminated. The House however, would have none of the new amendments, voting them down 23 to 15 when they were going through the committee stage. A number of resolutions were left to die a parliamentary death. These included the "better terms" motions brought in by Premier Oliver and H. D. Twigg, Conservative member for Victoria.

Last year British Columbia had five mills manufacturing pulp and paper. The output for the year amounted to 230,723 tons of pulp, made up of 95,514 tons of sulphite, 168,856 tons of sulphate, 121,363 tons of ground wood.
