## Big Ore Body On Silver Cord Now Being Crosscut

Crosscutting the big ore body at the Silver Cord has been commenced, and on Thursday the first cross-cut tunnel had been driven a distance of 22 feet with the face still in ore. The last two shifts disclosed a higher grade of ore than has yet been encountered in this tunnel.

Work will be continued until the wall is reached, when a crosscut will be driven on the opposite side of the tunnel, and it is expected that the ore at this point will be fully 100 feet wide.

Altogether about 300 feet of crosscutting will be done, and this will give an idea of the extent of the ore. The completion of this work will also decide the size of the compressor plant necessary to further develop the ore bodies of this promising property.

## Anyox Juveniles Busy With Salmon

Spring is here and the sound of the motor put-put is heard on the wharf. The kids are all out salmon fishing, and mothers are all busy washing the scent of fish out of kids overalls. So far there has been some very good catches and it is not an uncommon spectacle for people on the wharf to watch some diminutive fisherman straining himself in an effort to land a twenty pounder. The boy with a trolling outfit is some pumpkin these days. A word to the wise. When leaving on a boat trip be sure and sign up on the Community League notice board. It's there to be used, and please leave the chalk in the box. It may save a life.

## Arrangements Made For The League of Nations Meeting

So far the efforts of the local committee of the League of Nations Society to secure the services of an outside speaker for the mass meeting in the Recreation Hall, on April 23rd, have proved futile. Nevertheless it has been determined to proceed with the arrangements, and in a few days the special posters from Ottawa will be on display here. An effort will be made to make the occasion an attractive one and the programme committee are arranging for the services of an orchestra and other vocal and instrumental numbers. Remember the date, April 23rd. Discourage war. Encourage arbitration and peace. Help the League.

## Large Crowd Celebrates Anniversary Of Vimy Day

The Vimy Day Dance commemorating one of the outstanding exploits of Canadians in the World War was held in the Elks' Hall by the Anyox post of the Canadian Legion on Monday evening. It was a grand success. Beginning at 9 p.m. it was carried on until 2 a.m. The only interruption of the dancing being at 12 o'clock when all journeyed to the dugout to enjoy a bountiful supper. The hopes of the promoters were readily fulfilled by the large attendance present.

The hall was beautifully decorated with flags and red white and blue streamers, and the names of famous battles in which Canadians won undying glory was emblazoned on the walls.

Music was supplied by the Moose orchestra, and their superb rendering of the various numbers kept the floor thronged with dancers throughout the evening.

The supper was donated by the I. O. D. E. Collison Chapter, a kindness which was greatly appreciated.

The committee in charge of arrangements were: R. Salter, chairman; Ed. Johnson, supper; C. O. Fricker, W. Selwood, Geo. Lace, decorations.

## Many New Names Added To Voters' List

Up to the present 155 new names, all residents of Anyox, have been added to the Voters' List, and it is expected that a few more will be added to this number on May 21st, when the Court of Revision is held.

It is the duty of everyone, who is entitled, to get on the List. The Atlin constituency has a small number of votes compared with southern constituencies and every new name helps to swell the total.

## Anyox Jitney Service Changes Hands

Mr. Art. Walters, who has been a resident of Anyox for the past nine years sold out his jitney business during the week, and will shortly leave for Vancouver, where he will join Mrs. Walters. Mr. J. C. Dandy recently arrived from Abbotsford to take over the business.

## BIRTH AT ANYOX

Born to Mr. and Mrs. N. Caviglia, at the Anyox Hospital on Sunday April 8th, a son.

## Copper Mountain Fund Reaches Nearly \$7,000.00

The Relief Fund for the dependents of the victims of the Copper Mountain fire in which four former Anyox residents lost their lives has reached a total of \$6,913.30, and additional donations are continually coming in.

While the Granby Co. have already made a donation of \$1000 to the general fund, they are making a second donation to take care of all funeral expenses as well as the expense for specialist services already rendered to the injured.

All the injured are coming along well at the local hospital and several have already been discharged.

G. W. (Slim) Nelson is making a remarkable recovery in spite of his severe injuries. Frank Mealy was slow in recovering during the first few days in hospital, but is now steadily improving. Friends of both these men in this district will be glad to know that they are on the road to recovery.

## Alice Arm Conservatives Will Hold Meeting

A meeting of the supporters of the Conservative party will be held at Alice Arm on Monday evening at 8 p.m. The meeting will be held in the upstairs portion of T. W. Falconer's store. The chief business before the meeting will be the election of delegates to attend the Conservative Convention which will be held at Stewart on Wednesday April 18th, when a candidate will be elected to contest the constituency at the forthcoming election.

## ALICE ARM NOTES

Harry Smith left on Thursday for Newberg, Oregon, where he will visit his daughter Lenora, who is again seriously ill.

Murray Stephens arrived on Thursday from Prince Rupert and is visiting his brother William.

W. A. Wilson, manager of the Alice Arm Meat Co. arrived on Thursday from Prince Rupert, where he has spent the winter.

J. Skrl arrived on Monday from Vancouver.

D. Johnson arrived in town on Monday from Prince Rupert.

Rod Campbell arrived on Tuesday from Anyox and will spend the summer here developing his mining claims in the Kitsault Valley.

## Much Business Done At Community League Meeting

The regular monthly meeting of the Anyox Community League Council was held on Wednesday evening, and much important business was discussed.

It was decided that the balance of the Relief Fund should be forwarded to help the dependents of the victims of the Copper Mountain fire.

In regard to insuring players taking part in athletic games, no progress was made owing to the fact that rates and other information were not at present available.

It was decided to put the Children's Play Ground, Sand Box, Tennis Courts, and Quoit Pits in playing condition as soon as possible.

Owing to the fact that the United Church have made arrangements to hold a gigantic excursion on May 24th, it was decided not to hold the usual children's sports on that day. The Empire Day excursion will consist of a trip on the Steamship Prince George, details of which will be announced later.

## Anyox Pioneer Mess Elect Officers For Year

The Pioneer Mess held its annual meeting on Wednesday evening. It was decided to take over the Cafe and operate it separate from the Dining Room.

Officers were elected for the ensuing year, which are as follows: President, Charles Harmon; Vice-President, G. E. Townshend; Committee, A. H. Stewart and Geo. Lace; Secretary, W. Selwood.

## Still Another Chance To Get On Voters' List

There is still another chance for anyone, who has, up to the present failed to get on the Voter's List. The Court of Revision will be held at the Court House, Anyox by Registrar R. M. McGusty, on May 21st, at 10 a.m. In order to get on the list you must appear in person. This will probably be the last chance before the next Provincial general election. If an adjourned court is held at a later date it will be advertised. If you are not on the Voters' List, get on and exercise your franchise.

## Funeral of Late Fred Martinson Attended By Many Friends

The funeral of the late Fred Martinson, who met his death by drowning last week, was held at Anyox on Saturday afternoon. The funeral was among the most largely attended ever held in Anyox, and the large number present eloquently showed that deceased was held in high esteem.

Forty-eight Alice Arm residents were present, and a number of Anyox people, who were friends of deceased also attended.

The funeral service was conducted by Rev. C. D. Clarke, who gave an eloquent address to those assembled at the Morgue, from where the body was conveyed to the cemetery. The pall bearers were: N. Forbes, J. Flynn, A. Beaudin, Wm. McFarlane, J. A. Anderson, N. McLeod.

## Dr. Paine Arrives in Anyox To Fill Vacancy

Dr. George Paine, accompanied by Mrs. Paine and family arrived in Anyox on Thursday. Dr. Paine, who has been practicing in Telkwa for a number of years will fill the vacancy caused by the resignation of Dr. Trefry.

## P. T. A. Meeting Monday

The regular meeting of the P. T. A. will take place on Monday, April 16th. The speakers for the evening will be Dr. D. R. Learoyd and Dr. Macdonald.

The Department of Public Works commenced the season's work at Alice Arm this week, by the blasting out of log jams in the bed of the Kitsault River opposite the town. The next piece of work to be undertaken will be the surfacing of the Wharf Road.

As the snow disappears road and trail work will be commenced in various sections of the district, and the Dolly Varden Railway also put in condition for the operating of light traffic.

## ANYOX NOTES

Walter Ruckhaber arrived home on Monday from a visit to Vancouver.

Mrs. Austin and daughter Dorothy left on Thursday for Vancouver. They will reside in the south while Mr. Austin will remain in Anyox.

A. Bjarnkuvud was an arrival on Monday from Vancouver.

The will to pay is heredity, just as red hair or buck teeth. It is a common fallacy that a man pays his debts because he has money. This is not necessarily true. On the contrary, the matter of paying has only a remote relation to money.

On the one hand is your friends with abundance of money, who cannot be cajoled, threatened, beaten or gassed into paying the most ordinary debt.

On the other hand, the poor fellow without a visible dollar--you know him--who is Johnny on the Invoice. Money has little to do with either case. It is the breed of the man.

The man who pays is the man who thinks in advance. He never flashes a roll; he does not drive a car and carry a mortgage at the same time; he does not hang up the butcher, or the grocer, for food that he can not afford to eat; he never lights the fire without wondering where the coal man gets off. He never gives notes nor writes checks dated tomorrow, but when the bills come in, he is there with the coin of the realm.

Sometimes he feels sore at the rest of us. He does not see that he gets on any better than the fellow who skins as he goes. Still he goes on and on, pays and pays, simply because it is in the breed.

And after all, the World does think a lot of his breed. The man who pays is the bulwark of Society. He is the balance wheel of civilization. He is the mainspring of Commerce. Business blesses him and he has honor among men for all time.

**Fatal Accidents in South African Gold Mines**

About 20,000 whites and 186,000 natives are employed in the Transvaal gold mines. In 1926, the tons of ore milled amounted to 29,485, 572 and production of gold was 9, 666,901 oz. Fatalities in mining operations were 545 in the first eleven months of 1927, compared to 429 for the corresponding period of 1926.

Women don't play baseball because the players are too far apart to talk.

**Gross Negligence Cause Of Hollinger Miners' Deaths**

The Coroner's jury called for the purpose of inquiring into the death of 39 miners killed in the Hollinger mine disaster of Feb. 10 has returned the following verdict:

"We the jury assembled, find that Lindsay, Kampula, Gardez (over whose bodies the inquest was held) and others came to their deaths between the morning of Friday, Feb. 10, and Monday, Feb. 13, 1928, at the Hollinger mine, from carbon monoxide poisoning due to the fire in stope 55 A.

"That fire was due to gross negligence on the part of the Hollinger management and the operating executives in allowing conditions to exist whereby their subordinates dumped large quantities of inflammable material in old stopes.

"We recommend that the old stopes where the rubbish has been dumped be cleaned out or made safe under the supervision of the government inspectors and that more mining inspectors be appointed."

**Minimum Wage Act Effects Restaurants**

The latest order of the board administering the male minimum wage act went into effect on Sunday, April 1, in the catering business of British Columbia. It provides a minimum wage for all catering employees of 32½ cents an hour for a straight shift or 35 cents for a split shift, where free meals are provided. Where meals are not provided the rate will be 40 cents for a straight shift or 52½ cents for a split shift.

It is estimated that 2500 men will be covered by the order, probably one half of them having wages affected by the order.

Kempner: So that telephone operator of yours got married?

Mathes: Yes. Instead of ringing telephones she's wringing baby clothes!

**PROVINCIAL ELECTIONS ACT****ATLIN ELECTORAL DISTRICT**

NOTICE is hereby given that I shall, on Monday, the 21st day of May, 1928, at the hour of 10 o'clock in the forenoon, at the Court House, Anyox, hold a sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

Dated at Anyox, B. C. this 5th day of April, 1928.

R. M. MCGUSTY,  
 Registrar of Voters,  
 Atlin Electoral District.

**SYNOPSIS OF LAND ACT AMENDMENTS****PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

**BRITISH COLUMBIA****The Mineral Province of Western Canada**

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407, making its mineral production to the end of 1926, show an

**Aggregate Value of \$988,108,470**

The substantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for five years, 1921-1925, \$214,726,650; for 1926, \$67,188,842.

**Production Last Ten Years, \$429,547,755**

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

## Huge Supplies For Sherritt-Gordon

Fifty tons of supplies are going to the Sherritt Gordon copper property, Northern Manitoba every day, and it is expected that everything will be on the property by the end of March. At present the transportation of freight is a big item. The company is using 153 teams, four Holt tractors, one Lynn tractor, and three Fordsons.

Advertise in the Herald

## B. C. Children Receives The Highest Education

Education of British Columbia children in the public schools of the province is being well cared for, according to the department of education's report for 1926-27. It shows that there were 105,008 children enrolled and that the cost to the government for each child was \$31.42. No other province in Canada has set a higher educational standard for its children. Great credit is given Premier MacLean, who has been minister of education

## Big Payroll Around Coal Mines

There are 28,093 persons employed in and around the coal mines of Canada. Of these 21,689 are employed underground and 6,404 on surface. The average output is 2.3 tons per man per day.

## Rushing Construction Work at Flin Flon Mine

Hudson Bay Mining & Smelting, which owns the Flin Flon mine, is already working on plans for a 3,000-ton concentrator and a smelter of sufficient capacity to handle the product from the mill. Production from the mine is expected to start in 1930, and in the interval \$10,000,000 will be spent on mining plant and smelter. Power development is now under consideration. No decision has as yet been made between the Island Falls power, in the Churchill River, and that from White Mud Falls, on the Nelson River. It is expected that the railway will be completed to a point where cement and structural steel can be carried to the mine sometime this spring. The permanent roadbed should be completed by 1929, after which the line should be operating regularly.

Distance lends enchantment to a debt.

## By Strawberry Flats and the Silver Daisy

1—Falls about 5 miles from Hope  
2—On the trail

3—The Summit  
4—Defiance Camp

The little village of Hope, situated on the Fraser River about one hundred miles from the coast, is the starting point for all mountaineers wishing to reach the interior of British Columbia by the trail route. It is a scattered village of about two hundred inhabitants but possessing both an abundance of natural beauty and a truly romantic past. The village is flanked on one side by the noble Fraser river, while from the other side one looks up three wide draws in the mountain ranges. The one to the left is the beautiful Coquihalla valley through which the turbulent Coquihalla river cascades down a pass unmatched for rugged grandeur. Through this pass too, under innumerable snow sheds and tunnels the Kettle Valley Railway goes to Princeton and the interior. In the centre is an opening for the Nicolum river, to the right is the Silver Creek draw and beyond it the snow-capped peaks of the Cascade range.

The mountain trail over the Hope Pass is the old one known as the Dewdney which was surveyed and partly built for twenty-five miles out of Hope, by English Sappers in 1861. It winds up the Coquihalla River for a short distance, then branches off with the Nicolum, a tributary of the former river. The way lies through Sylvan glades, past rushing waterfalls and over rustic bridges, the old dry "cribbing" of which is as firm as the day when it was laid.

The first feeding ground for horses is at 12 Mile Lake—otherwise known as Divide Lake at an altitude of 2300 feet. This lake is the head waters of the Nicolum river. Here there is a beautiful hay meadow owned by a trapper and prospector who is patiently awaiting the day when the transprovincial road will give him a means of transporting his wealth, in the shape of hay, to outside points.

At 22 Mile there is another beautiful camping spot. Here there is a large cabin situated in the forest's heart on the very banks of the Skagit river. The owner of it carries on prospecting and mining operations in the vicinity. He appropriately calls his cabin "Defiance Camp" and his mine "The Silver Daisy."

From here on for many miles the scenery becomes more wonderful, if that were possible, but at the same time more wild and rugged. The Pass, a narrow hallway bounded by cliffs thousands of feet high, is a sight of never-ending marvel. At one spot, known as Skagit bluffs, the trail (a bare 18 inches wide) winds around the

shoulder of a cliff which towers above and drops away a sheer one thousand feet to the bed of the river below.

Then the trail once more drops down to the next feeding grounds at Cayuse Flats which has a sister spot three miles farther on—Cedar Flats. Beyond Cedar Flats lies a long strip of heavy cedar timber, a true "forest primeval." Strawberry Flats, a pleasant open field on the Skagit river at a height of 3700 feet is the last stopping place before the actual ascent to the summit begins. Here, in spite of the high altitude, wild strawberries grow in abundance.

In the next 2800 feet (of the perpendicular course!) one is led to the summit by a series of switchbacks zig-zagging up the face of the mountain. The river, which at the foot appeared a torrent, is here a tiny stream, a mere trickle over the stones. Below, the ever-lasting hills unroll themselves for a hundred miles of valley and peak.

When the summit itself is attained a sight never to be forgotten appears. A wide open meadow lies in an inverted crown on the mountain top. Around its edge rise whitish cliffs scarcely distinguishable from the many snow banks. And everywhere, even beside the snow, grows a bewildering variety of wild flowers.

In the centre of the depression lie two lakes, the dividing of the waters, for from the one goes the Skagit river towards the sea and from the other flows the Whip Saw Creek towards the interior lakes.

As soon as the descent of the eastern slope is begun a great change is noticeable. The grade is easy and steady, the country becomes more open and is clear of the under-brush and ferns so characteristic of the western slope.

The last camp is twenty miles from Princeton but the last nine miles of that distance are covered by a good motor road, the beginning of the proposed Trans-provincial-highway from Princeton to Hope.

About eight miles from Princeton is a wonderfully interesting spot where stratified rocks yielding excellent fossils remains are located on the side of the hill.

Shortly after this the valley opens out before one—Princeton nestled peacefully into a friendly circle of hills and its two rivers, the Similkameen and Tulameen keeping guard over it. Beyond it, rises a splendid vista of rolling green foothills with more rugged mountains closer in, indicative of the districts most flourishing industries, ranching and mining.

## Premier Co. Takes Over Porter-Idaho

Premier pays cash for all Porter Idaho treasury stock, 1,600,000 shares, at 35 cents a share, amounting to \$560,000 says the Portland Canal News.

Clay Porter, who controls the Porter Idaho Mining Company, pools his stock with Premier for a period of five years and remains president, under salary, of Porter Idaho company, Premier taking over active management of the mine.

Within 30 days Premier will start the construction of an aerial tram from the mine to the beach. This has been ordered from the Riblet Co. of Spokane, who built the great Premier tram.

Special meeting of Porter Idaho shareholders called for April 15th. to ratify the agreement made between Premier and Porter Idaho at a meeting of the latter's directors last Tuesday night.
