A. C. L. Tennis Club Open Championship Games Played

In spite of the dull weather last Sunday most of the preliminary games and first round matches were played and many surprisingly good displays of tennis were given.

In the Men's Singles Johnny Gillies took one game from George Lee but lost the match by 4-6, 6-1, 6-1. Johnny surprised everybody by his splendid efforts.

The following are the results at present available:

LADIES' SINGLES

1st. Round: Miss M. E. Leighton won from Miss L. Dresser 6-2, 6-0.

Mrs. J. Smith won from Mrs. M. J. Sheen 6-0, 6-2.

Miss T. Gordon won from Mrs. G. Warwick 6-0, 6-2.

Miss M. Dresser won from Mrs. Reid 6-1, 6-0.

Miss K. Eve won from Mrs. Stretton 6-0, 6-1.

Miss K. Eve won from Miss W. Powell 6-4, 6-1.

Mrs. McKay and Mrs. Rae entered second round by default.

2nd. Round: Mrs. J. Smith won from Miss T. Gordon 6-0, 3-6, 6-0.

LADIES' DOUBLES

1st. Round: Miss L. Dresser and Miss M. Dresser won from Mrs. McKay and Mrs. Stretton 3-6, 6-0, 6-0.

Mrs. McRae and Miss Leighton won from Mrs. Cody and Mrs. D. T. Evans 6-1, 10-8.

MEN'S SINGLES

1st. Round: E. R. Oatman won from W. Cavers, Jr. 6-1, 6-4.

G. Lee won from Johnny Gillies 4-6, 6-1, 6-1.

Frank Gordon won from R. F. Hill 6-3, 8-6.

F. Dodsworth, Jr. won from J. Dixon 6-2, 6-3.

A. McDougal won from S. Steele 6-0, 6-2.

V. S. McRae won from M. J. Sheen 6-3, 6-2.

A. D. Cavers won from J. G. Buntain 6-2, 6-4.

Ladder Games were completed on August 1st. The leaders at the close of the ladder series were:

LADIES' LADDER

	Played	Won	Score
Mrs. J. Smith	23	18	2125
Miss K. Eve	21	15	1802
Miss W. Powell	20	10	1282

MEN'S LADDER

	Played	Won	Score
E. R. Oatman	19	19	2190
A. D. Cavers	16	9	1145
Dr. G. James	15	8	1035

The tennis improved considerably during the season. Miss K. Eve and Gordon James playing excellently throughout the competition.

The Anyox Branch of the Canadian Legion have been in communication with the light cruiser, H. M. S. "Dragon," now in Pacific waters, in an endeavor to have the warship visit Anyox. A final reply has now been received that the war vessel is unable to fit in such a visit with its present schedule, the time at its disposal being fully taken up.

Scouts Enjoyed Visit To Stewart

The Anyox Boy Scouts and five Wolf Cubs, accompanied by Scoutmaster Gale and Mrs. Gale returned to Anyox recently from Stewart. The boys spent a very pleasant 16 day's holiday. They took part in the big Stewart celebration and during the parade they marched before their first movie camera.

Trips were arranged to Premier, Chicamin Glacier and aboard the U.S.S. Detroit. The weather was not of the best, but by the kindness of the Canadian Legion, they spent many pleasant hours in the Legion Hall playing badminton, ping-pong and bowls. Mrs. O. Hutchings, a former resident of Anyox, entertained the boys to lunch. The Canadian Legion and Moose Lodge also gave a supper to the boys. It was here that the Scouts found their champion eater outdone by a small Wolf Cub.

Mrs. Gale aided greatly in the cookhouse, thus saving many an empty stomach.

The boys were made very welcome by the people of Stewart, and left with many invitations to come again, although there were a few broken hearts left behind.

Alice Arm W. A. Hold Very Successful Social

A very enjoyable raspberry and ice cream social was given by the Woman's Auxiliary of St. Michael's Church, Alice Arm on Monday. It was held in the club house and during the afternoon the ladies were kept busy supplying patrons with plates of luscious raspberries and ice cream. The raspberries were donated by Mrs. J. Wheatley of Silver City.

During the evening a card party was held and the admission fee of 35c. entitled one to a game of cards and raspberries and ice cream. The sum of over \$20.00 was realized.

Mine Outplays Beach In Softball Game

An enjoyable game of softball was played at the New Ball Ground at the Mine, Wednesday, July 29th. The Mine team piled up 27 to which the Beach could only reply with 6. A good crowd turned out for this game which provided some amusing incidents and a fair exhibition of softball—a game that should prove popular at Anyox.

BIRTHS AT ANYOX

Born to Mr. and Mrs. Howard T. James at the Anyox General Hospital, on Wednesday, July 29th, a daughter.

Born to Mr. and Mrs. Chas. Harman at the Anyox General Hospital, on Tuesday, August 4th, a son.

Born to Mr. and Mrs. T. Caverzan, at the Anyox General Hospital, on Tuesday, August 4th, a daughter.

ALICE ARM NOTES

Mr. and Mrs. Harry Bowyer and two children arrived from Seattle on Monday. They will spend two weeks here. Mr. Bowyer is in charge of operations at the Esperanza Mine.

Mr. and Mrs. H. Butler of Aiyansh were north bound passengers on the Catala on Monday. They have spent a month's holiday in Vancouver and southern cities. Mr. Butler was formerly telegraph operator here.

P. McDougall spent Sunday here with Mrs. McDougall and family, returning to Anyox on Monday morning.

W. F. McGovern arrived from Vancouver on Monday and will take charge of operations at the Esperanza mine.

Mrs. F. Dresser and Mrs. J. Evans of Anyox were the guests of Mrs. C. M. Smith, during the week-end.

Mr. and Mrs. J. Smith and family arrived on Tuesday from Anyox and will spend holidays here.

A considerable number of Anyox people spent a pleasant holiday at Alice Arm and Silver City last week-end.

C. M. Smith received a bad cut on his leg from an axe on Tuesday while working on the Esperanza trail. He was taken to Anyox Hospital but the wound was not serious enough for his detention.

Constable S. Service arrived from Anyox on Tuesday on official business.

A picture of Mrs. C. M. Smith, of Alice Arm, standing in front of a cluster of delphiniums, which were 9 feet 10 inches high, was recently published in the Vancouver Daily Province. Mrs. Smith claims this is a provincial record height for delphiniums.

Married Tennis Players Entertain Singles

In lieu of giving a prize, the married ladies of the A. C. L. Tennis Club entertained the single ladies at a luncheon on Saturday. This was the outcome of the defeat suffered by the matrons at the hands of the flappers at the tennis tournament on Sunday the 26th. The luncheon was held at the Pioneer Mess, and proved to be a most enjoyable affair. In an appropriate speech "Bubbles" Eve, on behalf of the single ladies, thanked their hostesses for the very satisfactory prize offered.

Tennis Finals On August 30

The Tennis Executive plan on having all the Tennis Finals on August 30th after which all the Cups and prizes will be presented to the winners. All the contestants should co-operate with the Executive and get their games played early to enable all the finals to be played on Sunday, August 30th.

Smelter Win From Celts 3 Goals to 0

The Smelter deserved the points obtained from their victory by 3 goals to 0 over the Celts in the league game played at the Ball Ground, Thursday, July 30th. Swinging the ball from player to player had the Celts on the defence most of the first half when all the three goals were scored. A penalty for "hands" was awarded the Smelter from which they scored. Soon afterwards Tom Buchanan scored the best shot of the season with a first time effort from an excellent pass. Jack Ion beat Dwyer to obtain the Smelter's third goal.

In the second half the Celts tried hard to equal things up but the Smelter packed their goal and had a very sound defence. Numerous corners were taken but not one could be converted. Geo. Allen hit the cross bar with a fast shot and Hunter had no difficulty in handling the many shots that came his way. Taylor and Wardrope were very sound at back while Jack Ion filled his new position of centre forward very capably. The largest crowd of the season witnessed this game.

Each team in the football league has 16 points, the final game will be played this month and will provide some very interesting contests.

Anyox Gardens Will Be Judged This Month

Whether the Community League Garden Competition is responsible, or just a natural love of gardening, we do not know, but certain it is that the gardens of Anyox are a treat to behold this year. Flowers grow where rocks abounded. Barren land is a fairyland. Any old timer returning to Anyox would be agreeably surprised to find so many beautiful gardens. Judging for the Gardens Competition will take place some time this month. Someone with an artistic eye and a knowledge of gardening is going to quietly stroll around and inspect the flower beds, vegetable patches, lawns, layouts, etc. So keep your place in trim for the remainder of August, and then watch for the announcement of results, which will be made soon afterwards.

Advertise in the Herald

Mining Operations Are Expanded Esperanza Mine This Week

Operations at the Esperanza mine will be considerably expanded within the next few days. A compressor plant is now being installed and machine drills will take the place of previous hand-work.

The compressor plant arrived from Vancouver on Monday. Power is derived from a 36 h.p. Deisel engine. It is a 220 compressor and capable of operating two drills. The work of installing the compressor plant is now under way and will be in operation within ten days.

Mr. Harry Bowyer, general manager, arrived from the south on Monday. He was accompanied by W. F. McGovern, who will be in charge of operations at the mine.

Mr. Bowyer stated that the present plans of the company are to extend the No. 9 tunnel in order to strike the big gold bearing ore body at depth. This ore body is 12 feet wide and high gold values have been obtained from it. It has been encountered in No. 7 tunnel, but the No. 9 tunnel will give a greater depth on it, which will be about 115 feet.

An expansion of operations at the Esperanza will be welcome news throughout the Alice Arm district. It means an increased payroll, and although not large, will help to relieve the local unemployment problem.

The Esperanza mine has been known in the past as one of the most persistent ore shipping mines in the north. With the installation of up-to-date mining methods, there is no doubt but that the Esperanza will again figure on the shipping list.

In addition to gold values, the Esperanza contains ores carrying silver, lead and tungsten. It is 2½ miles from the government wharf. It has road connections with the Dolly Varden Railway, thus assuring cheap mining and shipping costs.

W. White, of the hospital staff, spent a very enjoyable holiday at Tlell recently. He brings back some interesting photographs of that attractive district.

Standing of Anyox Pupils Entrance Exams.

Following are the results of the Entrance examination at Anyox. The number of marks required to pass is 360.

	Spelling	Arithmetic	Grammar	Composition	Geography	History	Total
John Dodsworth	84	97	87	66	72	62	468
Jean Pinckney	77	86	89	73	68	61	454
Edward Jarvin	78	79	59	45	56	51	368
Arthur Deeth	41	57	61	47	55	50	311

The following were promoted on recommendation: Maisie Evans, Donald Gillies, Thomas Kirkwood, Donald Anderson, Jack Vine, William Lindsay.

Dorothy Fraser of Prince Rupert, daughter of Inspector Fraser, was awarded the Governor General's medal for the highest marks in District number 10. She received 526 marks out of a possible 600. The highest mark in the province was 527.

Dr. Mandy Reviews Mining Operations In District

In the Summary and Review of the mineral industry of British Columbia for the six months ended June 30th, which was recently issued by the Department of Mines, a review of each mineral district was made by the resident engineer. Dr. J. T. Mandy in his review of the North Western District states that:

Prospecting is fairly active generally throughout the district. In silver and base-metal areas it is lagging somewhat, but a marked increase and intensification in the search for both lode and placer-gold deposits is apparent. No discoveries of importance have been reported. An increasing number of individuals are displaying interest in the possibilities of likely placer-gold areas.

The activity of examining engineers is not so marked as in 1930, although engineers of the larger operating companies are active in the field. J. B. Woodworth, associated with Noah Timmins has optioned the Whitewater group, Taku River. Exploration and development at smaller operations is still curtailed, although a fair average of assessment development is being carried out by individuals.

During the period, operations were suspended at the Prosperity and Porter-Idaho silver mines, and development was stopped on the Surf Point and Tidewater Molybdenum properties. Development of the B.C. Silver pending negotiations with the Premier Gold Mining Company. At the Big Missouri exploration and development have been carried on energetically with conditions about the same as at the end of 1930.

Development on the Atlin-Ruffner Lead-Silver Mines has continued uninterrupted, and plans are laid for an additional expenditure of \$75,000 with the prospective continuation of operation through the coming winter and spring.

Development and exploration at the Hidden Creek mine of the Granby Company, and Premier mines are being carried on steadily. Production from these properties has been well sustained, with the Granby Company producing about 2,800,000 lbs. of copper per month.

Increased activity prevails in the Stikine, Liard and Atlin Divisions in both lode and placer undertakings. In the Stikine River area the Barrington Company is installing a dredge on the North fork of Clearwater river, and expects to have it digging by the beginning of September. On Dease Creek, the Casiar Hydraulic Mines Ltd. is working with a crew of twenty men. Several other operations are active, and an increased placer-gold output for 1931 can be expected from the Stikine-Liard Divisions.

The Atlin section is especially active, and exceptionally promising results are being achieved. On Otter Creek, the Compagnie Francaise des Mines d'Or du Canada has struck the rim and possibly the old channel; indications are promising for a continuous production from now on. On Ruby creek, Matson and Schulz picked up a nugget on July 3rd, weighing 47 oz. 13 dwt. (about 25 per cent of volume is quartz). Generally exceptionally promising clean-ups have been realized all round and a marked increase in placer-gold production from the Atlin section is indicated for this year. Extensive road and trail improvement have been carried out by the Department throughout the district.

New York—Arrangements were made recently for sale of a New York Stock Exchange seat at \$279,000, up \$79,000 from previous sale.

Alaska Juneau Mining Company, with a low grade gold property at Juneau, will pay another quarterly dividend of 10 cents on August 1st.

C. N. Steamships and Anyox Talk To Vancouver

One of the most interesting experiments in the development of radio telephony yet to be conducted on the Pacific Coast was completed Friday when a radio telephone conversation was carried on from SS Prince Rupert, of the Canadian National Steamships Pacific Coast fleet, and the officials of the company in Vancouver. The experiment was in charge of Cyrus McLean, transmission Superintendent of the B. C. Telephone Company and B. R. Tupper, radio engineer of the same company.

Radio telephony has been under development on the Pacific Coast for some time and because of recent developments, the B. C. Telephone engineers obtained permission to carry out further tests on SS Prince Rupert during her regular voyage up the Inside Passage. Some distance south of Prince Rupert the set was put into commission and officials of the ship carried on conversations with C. W. Tourtellette, Assistant to the Pacific Coast Manager, Canadian National Steamships and Percy Baldwin, Auditor. The voices were quite clear and distinct despite the distance of nearly five hundred miles. Purser Norman McLean of SS Prince Rupert said the voices were as clear as if the call was coming from the next stateroom.

The telephone officials spent some time in Anyox recently, and it is said that excellent telephone connections were made with Vancouver.

As an experiment, lozenges were provided for the audience at a Berlin theatre. The result was such quiet that you could hear a cough drop—Passing Show.

Planning Further Reduction of Copper Output

New York—With a view to effecting a reduction of about 25,000 tons a month in the world's copper output representatives of several large copper companies held a meeting here. It was reported that the curtailment plan had been held in abeyance owing to the strength of the copper market.

A reduction of 25,000 tons in the output of copper would be equivalent to a cut of from 15 to 20 per cent. Last November represent-

atives of the world's leading copper companies agreed to curtail their monthly output 23,650 tons a month or about 15 per cent. Despite this curtailment programme, surplus stocks of copper have continued to grow, and there has been persistent agitation for another cut. The combined effect of the two reductions in output would be a cut of about 30 per cent. in production.

It has been stated that in May stocks of refined copper in North and South America increased 30,746 tons to 398,667 tons, the largest total in the history of the copper industry. Another increase in surplus stocks will be shown for June when these figures are released early next month, copper executives believe, since most of the sales of copper in the last ten days have specified delivery several months hence.

At the recent conference a representative of the Union Miniere du Haut Katanga, a large producing unit in the Belgian Congo, was present. The output of the new African copper mines has been one of the problems faced by the industry. The Katanga company participated in curtailment conference held last November by the world's copper producers, and its co-operation in the present series of meetings was regarded as significant, in view of the Company's large current output, estimated at more than 10,000 tons a month.

The University of British Columbia

Registration of First Year Students, Session 1931-32

The number of First Year Students in the Faculty of Arts and Science and the Faculty of Agriculture is limited to 500. The number of First Year Students in Nursing and Health is limited to 15.

Candidates will be admitted in order of the following categories and in order of merit in each category.

All applications for admission must be in the hands of the Registrar on or before Saturday, August 29th, 1931. Blank forms may be obtained from the Registrar's Office.

1. Candidates who have obtained 60% or over in the complete British Columbia Junior Matriculation Examinations.

Candidates who have obtained 60% or over in the complete British Columbia Junior Matriculation Examinations in June 1931 but who have supplementals, will be allowed to register provisionally.

(Note: The average in this as in all categories will be determined by taking the mark obtained in the first examination written in each subject.)

2. Candidates, not exceeding 50 in number, who come from districts in which Senior Matriculation is not offered, but who have obtained between 50% and 60% in the British Columbia Junior Matriculation Examinations.

3. Candidates other than those admitted under 2 hereof who have obtained between 55% and 60% in the complete British Columbia Junior Matriculation Examinations.

4. Candidates who have failed to make a complete pass in the First Year of The University of British Columbia or the British Columbia Senior Matriculation Examinations but who have obtained at least 9 units of University credit.

5. All other candidates with British Columbia Junior Matriculation or equivalent.

6. Candidates who have attempted full First Year, University of British Columbia, or full British Columbia Senior Matriculation, but who have obtained University credit for less than 9 units.

7. All other candidates.

Note: Candidates who have obtained exceptionally good Matriculation standing in examinations other than those of this Province will be given consideration.

GRANBY STORES

Low Summer Fares ...

EAST

YOUR train threads a monster panorama of deep-carved river gorges, living glaciers, blue lakes and broad prairies, while you enjoy the utmost in comfort and travel luxury.

Go East this year for a holiday ... stop over at Jasper for golf, tennis, canoeing, swimming, riding and Swiss-guided tours over the crests of the Rockies! Nestling in the beautiful Lake-of-the-Woods Country is Minaki, another fashionable stop-over of unusual charm.

Low Summer Excursion Tickets will be on sale from Vancouver, Victoria, New Westminster, Prince Rupert, Vernon and Kamloops.

Special Features
Only \$13.00 additional via Prince Rupert and the Inside Passage.

Only \$10.00 additional across the Great Lakes, Port Arthur to Sarnia.

(Meals and Berth Included on Steamer)
