## Close Scores Feature First Play-off Games Basketball

The first games of the play-off series for the Basketball Cup were played on Friday, March 17th. all the teams of the League participating. Close scores featured the men's games. The High School lost to the Mechanics by only two points, and the Vandals defeated the Concentrator by only five points.

The first game found the High School nine points behind the Machinists at half time, and pulling up to within two points by the time the final whistle blew. The youngsters almost made the grade, and on the play deserved a better fate. Wendle, a new man from Prince Rupert, proved a tower of strength to the students, but was unfortunate in being sent to the showers towards the end. D. Gillies and Gordon were at their peak in this session, while Buntain did most of the sums for his class.

The teams: High School, H. Dresser 7, D. Dillies 14, F. Gordon 9, A. Dodsworth, F. Patrick, B. Wendle. Mechanics: J. Gillies 7, C. Dresser 7, J. Buntain 14, L. Gillies 2, F. Dodsworth 2.

A real tussle was witnessed in the Gym. on Monday, when the

## Quiet Wedding Solemnized At Anyox

A quiet wedding took place at the Anglican Church, Anyox, on Monday the 20th. when Miss Ethel Clay daughter of Mr. and Mrs. A. E. Clay, of Cloverdale, was united in marriage to Mr. Morton Rook, of Johannesburg, South Africa. Mrs. M. Warden of Anyox, was the matron of honor. The bride's gown was of blue crinkled crepe de chine trimmed with grey. She wore a blue and grey picture hat to match with grey gloves and shoes.

A reception was afterwards held at the home of Mrs. Warden, when a number of friends of both parties gathered to congratulate the happy couple. Mr. and Mrs. Rook will reside at the Mine.

## Chas. Bocking President Of B. C. Mining Association

Charles Bocking, President and General Manager of the Granby Consolidated Mining, Smelting and Power Company was elected President of the Mining Association of B. C. at the annual meeting held at Vancouver on February 22nd.

## Christ Church W. A. Plan Sale of Work

An event that is always profitable to Anyox folk, is the Sale of Work and Home Cooking being planned by the ladies of Christ Church Women's Auxiliary and Guild, to be held on May 23rd. The ladies comprising this Auxiliary are noted for their ability in arranging functions of this kind, and this one promises to be most interesting. A large number of useful and fancy articles will be on view, and novelties, home cooking, and candy will be sold. Afternoon tea will also be served. The proceedings will commence at 2.30.

## Large Deficit In Federal Budget

### Means People To Pay Still Higher Taxes

Hon. E. N. Rhodes presented his budget to Parliament on Tuesday at Ottawa with the following outstanding announcements:

Canada's deficit on ordinary account for the year is \$53,608,000. Ordinary revenues totalled \$310,817,000 and ordinary expenditures \$364,425,000.

Total additions to the debt to Canada, both for government operations and deficits of the Canadian National system, amount to \$156,122,000.

The net debt of the Dominion on March 31 next will approximate \$2,599,089,000.

The government proposes to float another conversion loan. It will be offered to the people of Canada and the minister declared, "It will be on a basis that will keep faith with investors and will not in any sense involve repudiation of existing contracts. It is believed," he said, "that issue can be made at a rate which will involve a substantial saving to the public treasury." He did not say when the loan would be floated.

## Alice Arm Notes

Holy Communion will be held at St. Michael's Church tomorrow, Sunday March 26th. at 11 a.m. Evening Service will be held at 7.30. Services will be conducted by J. Walter-Hughes. His address at the evening service will be "The Church and Science."

Eleven Alice Arm workers, who were cut off from government relief, when they refused to accept work at Anyox mine following the strike, received a supply of groceries on Monday from the Workers International Relief committee at Prince Rupert.

## A. C. L. Dance At The Mine Very Enjoyable

On Thursday last, a most enjoyable dance was held in the Mine Hall, under the auspices of the Mine Branch of the Community League. The function fulfilled in all respects the purposes for which it was held; viz, to provide an opportunity for old and new residents of the town to become acquainted, and to make the new-comers welcome and at home.

A large crowd attended, and splendid music was dispensed by Stretton's Merrymakers, who were most generous in their numbers and encores. A tasty supper was served and the dance was continued until the wee small hours of Friday a.m. The Mine Branch of the Community League are to be congratulated on the success which attended this affair.

## THE PICTURES

### THE BIG BROADCAST

#### SATURDAY, MARCH 25

Burns & Allen, Kate Smith, Stuart Erwin, Boswell Sisters, Bing Crosby, Arthur Tracy, Vincent Lopez, Cab Galloway, Mills Brothers, Leila Hyams—every star of radio land is in this heart stirring Paramount Picture. It is a really human story of the secrets and events in the great studio of the air. And through it all is a down-to-earth convincing love story. You have not only the combined talents of every star of the radio to gloriously entertain you, but there is the great heart story of the people behind the "mike". A great story, a great cast, and a great picture for you on Saturday.

## UNDER-COVER MAN

### TUESDAY, MARCH 28th.

George Raft, Nancy Carroll, Roscoe Karns, Gregory Ratoff, Lew Cody.

This is George Raft's biggest story to date. He is as smooth as steel and just as tough. He plays his dangerous game to a whirlwind finish; smashes the raiders who dare the dead-line of Wall Street. Another 100 per cent Paramount picture. The lure of the theatre has dominated the Raft family for three generations. George, the latest, plays the leading role in "Under-cover Man". He emigrates to Hollywood, and finally wins the leading role in "Night after Night" and then in "Under-cover Man". A truly great Paramount picture for Tuesday.

## Granby Co. Plant Now Operating Continuously

All departments in the big ore-reduction plant at Anyox are now operating with scarcely a hitch. The smelter has been working continuously since it was started two weeks ago, as this last and biggest link in the chain of production scarcely ever shuts down.

Our report last week which mentioned an occasional slowing up of the smelter was in error, as it is of course realized that shut-downs in this department seldom take place. The new crew at the mine are doing excellent work in the production of ore and are quick to adapt themselves to new conditions.

## Anyox Athletes Ready For Outdoor Sports

The pulses of sports devotees quicken at the thought of the coming season's possibilities. There is every cause for this. Among the many new men at the camp, there are several baseball and football players, all of whom are keen on the commencement of local sports activities.

Sport is well represented on the Beach Council of the Community League, as well as on that of the Mine Branch. Whole-hearted support is expected from the many lovers of sport which the camp now holds. With a real get-together spirit in the interest of sport generally, and hearty co-operation between the public and the Beach and Mine Branches of the Community League, the season is sure to be a record one, and should provide a great deal of recreation for players and public alike throughout the whole community.

## Pals Win From Spooks In Play-off Game

Coming up from behind in the second session, the Pals, by dint of nice combination and fast play, won from the Spooks on Friday the 17th. in the first of a series of play-off games. At the breather the Spooks had a comfortable lead and evidently had matters well in hand, but in the second half were somehow unable to connect with the elusive hoop, while on the other hand the Pals found everything to their liking. The score ended 27 to 22 after a most interesting tussle.

## BIRTH AT ANYOX

Born to Mr. and Mrs. J. Jeffrey, on Friday March 17th. at the Anyox General Hospital a son.

Advertise in the Herald

## Large Number Attend St. Patrick's Day Celebration

A large number of people attended the annual St. Patrick's Day Celebration, which this year took the form of a Card Party and Dance and was held in the Catholic Hall. So great was the crowd that everyone could not be accommodated in the hall for supper and a special room was arranged downstairs for the overflow.

The hall was well filled for the cards, both whist and bridge being played, the winners being as follows: Whist: Ladies' first Mrs. Patterson Consolation Mrs. J. Donaldson, Men's first, Mr. Kenny, Consolation A. Levoir. Bridge: Ladies' first prize Mrs. K. O. Peterson, Consolation Mrs. F. Henderson, Men's first, J. Shields, Consolation T. Stretton.

After supper dancing was indulged in to excellent music supplied by Mrs. MacMillan's Orchestra, and extra numbers were played by Mr. Allen and Miss McLachlan. Mr. H. G. Laurie's pupils, in full costume delighted everyone with the Irish Jig, which was splendidly performed. A number of old-time dances were also greatly enjoyed. The committee in charge wish to thank everyone who so kindly assisted in making the evening a success.

## Departure of Mrs. James MacMillan Regretted

General regret was felt throughout the district a few days ago, when it was known that Mrs. James MacMillan was leaving Anyox shortly. Mrs. MacMillan, who has resided in Anyox for four years, has been of invaluable assistance in musical and choral circles during that time. She has always been most willing to play for children's dances, to furnish accompaniments for soloists at concerts, etc. and her willingness and adaptability in this respect has made her beloved by everyone. She possesses the true community spirit, and her charming personality will be greatly missed throughout the district.

## Constable Brunton Transferred To Massett

Constable Brunton, of the B. C. Provincial Police, who has been stationed at Anyox for the past year, has been transferred to Massett, on Queen Charlotte Islands. He left with his family on Wednesday. Constable George Blaney, of Prince Rupert, has succeeded to the position of Constable at Anyox.

The Hon. J. W. Jones, minister of finance, who laid his budget before the Legislature last week, did not mince matters in regard to the future plans of the government regarding retrenchment. He stated clearly that the government planned to abolish still more grants to the municipalities, and also that no public works of any description would be undertaken anywhere in the province. The future policy of the government is for economy all along the line, regardless of whom it hurts.

The rich man will be more heavily taxed. The poor man's taxes will not be raised because he cannot pay any more anyway. The unemployed were not forgotten. It is proposed to eliminate government relief and make unemployed men and women dependable upon charitable institutions and the aid of their fellow men. We are afraid that if such a policy is enforced a good many men, women and children will die of starvation before another year passes. This would be a dark blot on our civilization, especially as there are thousands of tons of foodstuffs destroyed each year through lack of market. Those holding government bonds could more easily endure a cut in interest rates than could the unemployed lose their monthly meagre pittance.

The Hon. Mr. Jones gave a very lucid and detailed account of how the finances of the province have been conducted for the past twenty years. In his opinion it has been an orgy of spending, each government trying to set new spending records. The result is that we are paying interest on a stupendous amount of money, and that is one big reason for our present financial difficulty. It does not mend matters to look back and bemoan past mistakes. It should, however, teach all future governments a lesson. "As ye sow so shall ye reap," is as applicable today as 2000 years ago, when Christ gave that imperishable advice to his followers.

**Canadian Copper Exports Increased In 1932**

Besides the increased export of copper to Great Britain in 1932 there were large increases also to France, Germany, Italy, Belgium and Sweden. The total export was valued at \$12,597,666 as against \$9,278,441 in 1931.

Don't place trip wires in the grass of the other fellow's path, you may have to travel it yourself.

**How New Government Taxation Policy Effects Taxpayers**

The budget brought down in the Provincial Legislature last week by Hon. J. W. Jones, minister of finance was not such a bitter pill as had been expected. However, it is bad enough in such times as these, when money is scarce and the majority spend many anxious hours trying to solve the problem of paying their taxes.

Following are some of the outstanding news items in connection with the budget:

No increase in taxation on any income under \$5,000. Above \$5,000 a new graduated surtax ranging from 1 to 18 per cent.

Succession duties increased 25 per cent.

School tax outside school districts cut from 5 to 2 mills.

Municipalities' grants of liquor profits and pari-mutuel taxes cut by \$640,000.

Government estimates expenditures at \$22,729,593, including \$2,421,620 for sinking funds. Revenues estimated at \$20,497,591, but as full sinking fund provision will not be made, government does not expect actual deficit.

A new salary scale will effect cuts ranging from 4 to 20 per cent. in place of the present cuts ranging from 3 to 17 per cent.

Cabinet ministers' salaries will be cut from \$6225 a year to \$6000, members indemnities from \$1,800 to \$1,600. Two years ago ministers received \$7,500 and members \$2,000.

Departmental expenditures have been cut by \$8,900,000 since 1930-31. Next year's departmental costs will be lower than those of 1920 by \$530,000, although population has grown 221,000, or 42 per cent. in that period. These expenditures will be 50c per capita less than in 1916.

The provincial net debt on November 1, 1932, was \$120,622,000, an increase of \$9,117,000 in the year, due to unemployment costs.

In the same time sinking funds increased \$2,401,000. The theoretical surplus of these funds is \$2,950,000, or \$578,000 greater than the surplus a year ago. Yearly earning powers of sinking funds are \$98,700 in excess of requirements.

The total cost of unemployment relief up to the end of 1932 was \$16,939,300, of which the province paid \$6,819,700.

Revenues fell in the last fiscal year by \$5,926,000, which is chiefly responsible for the last deficit

"Let me prove to you that advertising brings results!" "I know," groaned the manufacturer. "Yesterday I advertised for a night-watchman—last night my shop was broken into."

Teacher—"Which is farther away, Africa or the moon?"  
 Small Boy—Africa.  
 "Africa? What makes you think that?"  
 "Cause we can see the moon and we can't see Africa."

You may join at the Beach or Mine Libraries. Beach or Mine Counters, or with the Secretary

**MINING IN BRITISH COLUMBIA**

Among the Canadian Provinces, British Columbia is the leading producer of Silver, Lead and Zinc

In this Province, about 45 per cent. of Canada's Silver, 97 per cent. of the Lead and 93 per cent. of the Zinc are produced.

British Columbia has produced approximately \$1,300,000,000 worth of minerals.

About 200,000 square miles of unexplored mineral-bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

ADDRESS ENQUIRIES TO:  
 THE HONOURABLE THE MINISTER OF MINES,  
 Parliament Buildings, Victoria, B. C.

## Lapse of Miner's Licence Will Not Lose Him His Property

Hon. W. A. McKenzie, minister of mines, introduced an important amendment to the Mineral Act in the Legislature last week, providing that when a free miner's license lapses on May 31, he will not, by reason of such lapse, be put in a position of risking all right, title or interest, in his mining property as is the condition under the present "Mineral Act." He may take out a special free miner's certificate at any time during the period of six months after May 31, which special certificate will re-vest him in title. In other words he is given six months' grace, as now is the case with this important additional protection—that during this period he is fully protected providing he takes out a special certificate and pays the penalty attending the obtaining of that certificate. No one can locate his ground; no one can take any mineral values from his mineral claim; no one can in any way enter upon his mining property during the six months that he is allowed to remedy the lapse of his certificate which may have occurred on the previous May 31. After six months all right, title and interest in the claim is lost.

### Here and There

Coal from Alberta mines for 1932 totalled 4,870,030 tons, an increase of 300,000 tons over 1931.

A cod with a silver spoon engraved "C. P. R." in its stomach was caught recently at the fish float, Port Alberni, B.C. The spoon probably fell overboard from one of the company's coastal liners.

A trip that formerly took two days over rough trails is now done in 30 minutes by airplanes when fish from Northern Manitoba lakes are transported to rail head for distribution all over Canada and the United States.

One of the largest sailings of the cruise season was recorded recently when the Empress of Australia sailed from New York on a Mediterranean cruise with a list of 400 passengers. Many socially prominent Canadians were on board.

The National Sea Flea Hockey Club's tour of Europe overcame all hitches and sailed recently from Halifax by Canadian Pacific liner Montcalm. They are the Allan Cup holders and will play in London, Paris, Berlin and Prague.

Twenty-six year old veteran of the northern British Columbia and Alaska route, the old Princess Royal, once the pride of the Canadian Pacific's B.C. Coast Steamships fleet, has been sold out of the service to the Island Tug and Barge Company.

Edmonton's recapture of the Carnival Throne, the Edmonton Hustlers' triple victory in the ladies' hockey series, and spectacular ski jumping by youngsters of 12 to 15 were the outstanding features of the Banff Winter Carnival recently concluded. Miss Violet Davis, of Edmonton, was crowned the 1934 Queen.

Canada's fifth annual mid-winter golf tourney, over the spring-like fairways of the Oak Bay Victoria Golf links for the E. W. Beatty Trophy, started February 21 with an entry list of 75 men and 65 women. They came from England, Scotland, United States, British Columbia and the Prairie Provinces.

"I've just been reading some statistics here—every time I breathe a man dies."  
"Gosh, man! Why don't you use Listerine?"

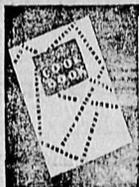

If you can't sing as you go along life's road, don't help the thunder to growl and drown the other fellow's singing.

### ST. CHARLES MILK improves all Soups and Creamed Sauces!

Thousands of thrifty housewives know that they now can get that rich, creamy blandness in their cooking without overstepping the dictates of economy. ## Close Scores Feature First Play-off Games Basketball

Continued from Page 1  
Vandals and Concentrator met in the second series of games to decide the winner of the basketball Cup.

This ding-dong battle had all the earmarks of going to the millmen. Their shooting was good and their checking very close, but the boys from the hill were not to be denied. Even in the last few minutes, when they played one man short, they continued to score. A feature of the game was the scoring by Falconer of four penalties out of five. Dwyer and MacDonald played well for the millmen, while Walmsley and Calderoni starred for the miners.

The teams: Concentrator, Dwyer 7, MacDonald 8, Falconer 6, Dodd 2, Steele 4. Total 27. Vandals: G. Anderson, J. Walmsley, J. Gourlay 5, Calderoni 13, H. Jack 10. Total 28.

The High School had tough luck in their bout with the Mechanics through losing the services of Benny Wendall in the first few minutes of play. However, they put up a splendid game, and like the game losers that they are, were not a bit discouraged when the final score showed 28 to 18 against them. They made the mistake of trying too many field shots, when passes may have shown better results.

Dodsworth starred for the winners. Accurate, fast and resourceful, he played a brilliant game. Buntain, although closely checked, worked well, as did also Lockie Gillies.

The teams: High School, A. Dodsworth, Patrick Gordon 2, D. Gillies 13, H. Dresser, W. Shields 2, Wendall. Mechanics, W. Gourlay 2, Watson, J. Buntain 10, L. Gillies 7, C. Dresser 2, F. Dodsworth 7.

## AND THEY'RE LAUGHING YET

This is a true story from the new Cariboo gold field:

A mine superintendent, needing three miners, wired to a hiring agent in Vancouver: "SEND ME THREE MINERS AT ONCE. WHITE YOUNG AND SKOOKUM."

Some time elapsed during which the agent in Vancouver made a diligent search. Then came the reply: "SKOOKUM OUT OF TOWN. CAN'T LOCATE OTHERS. SEND ADDRESSES."

With a howl of joy the mining superintendent displayed the reply to a shift boss. It was the joke of the century. The shifter registered only the most earnest concern. "Fer God's sake," he said, "don't hire that guy Skookum. He's the laziest bohunk in the north!"—Vancouver Financial News.

## Anyox Notes

Miss P. Brisbane left on Wednesday for a visit to Vancouver, where she will recuperate from a recent illness.

Mrs. B. Thomson and daughter Marie arrived on Wednesday from the south.

Father J. Hammond arrived on Wednesday from Prince Rupert.

Constable T. Brunton and Mrs. Brunton and family left on Wednesday for Massett, Q.C.I., where they will reside.

A young matron in whom the shopping interest was strong, asked a German butcher the price of hamburger steak.

"Twenty-five cents a pound he replied.

"But" said she, "the price at the corner store is only twelve cents."

"Vell," asked Otto, "Vy you don't buy it down there?"

"They haven't any," she replied.

"Ya, Ya," said the butcher, "Ven I don't have it I sell it for ten cents only."

Fish caught in the sea fisheries of Canada in 1932 totalled 711,917,800 pounds valued at over \$11,000,000. Of the total catch British Columbia accounted for 327,631,900 pounds; Nova Scotia, 194,788,800 pounds; New Brunswick, 98,594,800 pounds; Quebec, 67,164,300 pounds and Prince Edward Island, 23,738,000 pounds.

The Place Viger Hotel, Montreal, centre for thirty-odd years of the French-Canadian political, legal and social life of the Province of Quebec, has been given a further lease of life under Canadian Pacific direction until October 1. It was to have closed its doors permanently January 31, but many and powerful representations brought about the respite.

A record-breaking ride through the Rockies on their three-car special clipped four hours from the regular trans-continental train schedule in what Canadian Pacific Railway officials believe to be the fastest run ever made for the 505 miles from Vancouver to Field recently. The run, made for the Colbourne-Jones Company playing "Too True to be Good," started four hours after the regular train had left Vancouver and caught up with it at Field.

Of the 4,046,512 pounds of canned pineapple consumed in Canada between April 1 and November 30, 1932, all but 158,583 lbs. came from countries within the Empire, nearly half the total being from the Straits Settlements.

Illiteracy in Canada is near the vanishing point. According to the last census in 1931, 92.34 per cent. of the population of Canada over five years of age could either read or write. Students enrolled in Canadian schools in 1931 numbered 2,542,747.

The Canadian Pacific Railway Company's tax bill for the year was almost six million dollars, bringing its total contribution to Canada's tax collections since incorporation to about \$116,000,000.—E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway, in his review of 1932.

"Through intelligent education the economic and social futility of war will eventually be recognized," is the view of Sir Norman Angell, British economist and dispeller of war illusions. He sailed recently by Canadian Pacific liner "Montrose" after a lecture tour in the United States.

With roughly half of the total fishery wealth of Canada, British Columbia produces 28 varieties of fish commonly marketed, though only two of these, salmon and halibut, could be said to be widely

known. A vast opportunity lies in popularizing many other varieties of fish with first class food value. It is another avenue for inter-provincial trade, little developed as yet.
