ALICE ARM, B. C., FRIDAY, JULY 25, 1930

5 cents each.

Political Situation Is Fully Discussed by J. C. Brady

The most brilliant speech of the present political campaign was that given by Mr. J. C. Brady, conservative candidate at Alice Arm on Tuesday evening. In a masterful manner, that showed he was thoroughly conversant with every phase of the political situation he addressed a large and appreciative audience for two hours and ten minutes. He criticized, ridiculed and pitied the Mackenzie King government, and described the platform of the Conservative party when they are elected to power.

Mr. J. Trinder was chairman of the meeting, and in a few opening remarks, asked the audience which they would rather have to represent them at Ottawa, a man who admitted that he did not possess an education, and knew nothing of politics, or a man such as Mr. Brady, who was well fitted in every respect to represent them.

Mr. Brady in opening his address stated how pleased he was to again address an Alice Arm audience, and stated that the reason why he could not visit more often was because of the large area of the Skeena riding. It is, he said, 7½ times larger than Belgium, and larger than either Ireland or Scotland. It comprises five provincial ridings, which is an immense area for one man to cover. He stated that all his time was taken up with parliamentary affairs, six months of the year is spent at Ottawa, and the other six in touring the constituency, investigating the needs of the people. He had visited every remote part of this vast riding and was thoroughly conversant with the obstacles and hardships pioneers were subject to.

Mr. Brady stated that his efforts had been instrumental in getting the government to construct miles and miles of telegraph lines in the northern interior for the benefit of settlers. He had worked hard for aids to navigation along the coast wharfs, floats, etc. and the Liberal party were now claiming the credit. He deplored such a policy, and said that Mr. Hanson had followed in his footsteps.

The balance of the speech was occupied in explaining the national political situation. Mackenzie King, the speaker said, in his opening speech at Brantford, stated that the government was going to the people on three issues: 1st. the policy and record of past years; 2nd. the Dunning budget, and 3rd. that King and his ministers might be sent to London for the Imperial Conference. In dealing with these subjects I will go to the ministers of the cabinet for my information the speaker said. Their reports I have with me.

In dealing with Mr. Hanson's popularity, Mr. Brady said that it is significant that not one cabinet minister has spoken in the Skeena riding in support of the Liberal candidate, which is an exception. Hon. H. H. Stevens and Senator

ANYOX NOTES

Among the arrivals on Friday from the south, were; Mr. Murphy, Mr. Wilkins, C. Cameron, Mr. McDonald, S. Herrin, R. M. DeFassett, Mr. Curry, C. Kelly, H. Bardwell, Mr. Cameron.

Mrs. N. R. Redman, accompanied by Miss Finlay, returned home on Friday from holidays in the south.

Miss Mayers was an arrival from the south on Friday.

Mr. and Mrs. Tait arrived on Friday from the south.

Lieut.-Col. Ross Napier arrived on Friday from the south.

Mrs. A. Davies arrived home from holidays in the south Friday.

Mr. and Mrs. J. T. Bayden arrived from the south on Friday.

T. Simpson and C. Westgarth left on Friday on a visit to England.

Mr. and Mrs. A. W. Gigot and family left on Friday for holidays in the south.

Mrs. C. P. Ashmore and son left for holidays in Vancouver on Friday.

Mr. J. Grigg was a southbound passenger on Friday.

Mrs. F. Dodsworth left on Monday for a visit to England.

ALICE ARM NOTES

J. Peacock returned home on Monday from a prospecting trip to the Taku Country. He found the district pretty well staked and on account of the low prices of metals did not bother to locate any mineral claims.

Jack Hoadley arrived in town on Monday from Victoria, and will spend summer holidays with his brother, F. H. Hoadley.

Rev. J. B. Jennings will hold Sunday School at 11 a.m. on Sunday at T. W. Falconer's hall. Evening Service will be held at 7.30 p.m.

Bert Wilson, accompanied by his son Lloyd left on Monday for Juneau, where they may locate. Mrs Wilson will reside for the present at Alice Arm.

Mr. and Mrs. Gus Anderson who have enjoyed a few months' holiday this summer, are again conducting the Kitsault Cafe, and patrons are assured of the same high class service as formerly.

Don't forget the annual picnic of the Anglican Church Sunday School, tomorrow at Campers Point. First boat leaves at 10 a.m. Everyone is welcome.

Olof Hanson Gives Address In Anyox at Big Smoker

Two Political Smokers were held in this district during the week by Mr. Olof Hanson, Liberal candidate. The first was held at Anyox on Thursday evening and the second at Alice Arm on Friday afternoon.

At the Anyox gathering it was pointed out that the affair was not a political meeting, but a smoker for the boys.

Mr. Gonzales, Prince Rupert barrister, gave a brief speech, pointing out Mr. Hanson's record for the last 23 years in Northern B.C., as a laborer and later as a business man who employed from 1000 to 1600 men in winter, and he emphasized the fact that Mr. Hanson always played 100 per cent fair with his employees and anyone he did business with. He also pointed out that though Mr. Hanson was not, and did not pretend to be, a platform orator, he certainly could and did "Talk Business" in such a convincing manner that he got what he wanted for Northern B.C., and the Skeena riding, giving several instances to prove this statement.

In referring to Mr. Hanson's opponent in the coming election, Mr. Brady, Mr. Gonzales said he would not and could not say anything against the work of Mr. Brady, but he was very emphatic in his prediction that the Liberal Party, under Mr Mackenzie King, would be returned to power, and that it would be very foolish of the people of Northern B. C. to vote for a member of the opposition who

would be powerless to do much for his constituency.

During the passing round of refreshments and cigars, several musical numbers were rendered by the orchestra, with everyone joining in the chorus. Mr. Walter Stenton also obliged with a solo and an encore.

Mr. "Bill" Asselstine, Mill Superintendent for the Premier Gold Mining Company, then gave a short talk. "Bill" was a scream and in less than no time had the crowd roaring with laughter. He would start out to tell a funny story and would end up talking politics, or starting on politics would end up by nearly raising the roof with a story that had everyone roaring with laughter.

However, Mr. Asselstine did manage to say a few words in regard to the Tariff. He said he was in favor of a "Protective Tariff" for Canadian Industries, but not the high tariff of the Conservative party which made it absolutely prohibitive for anyone to import goods manufactured outside of Canada. He said the tariff as he favored it was the tariff policy of the Mackenzie King Government, which was reasonable, and yet afforded the protection that Canadian Industry needed, but at the same time was not a high wall which Canadian Manufacturers could hide behind. As he put it, he did not see why Canada should have such a high tariff wall that Canadian producers could sell their

Alice Arm Pupils Pass Examinations Examines the Tidewater Molybdenum

Mr. F. H. Hoadley received a telegram from Mr. H. C. Fraser, school inspector, on Wednesday, stating that both Alice Arm entrance class pupils had successfully passed their examination. Their names are Lillian Moss and Barney McGuire. Miss Florence Studdy of grade 9 also successfully passed, and Miss Lois Studdy of grade 10 has passed in composition, algebra, geometry, French and chemistry, she thus receives partial standing. Mr. Fraser's inspectorate received the three highest marks in the province.

Mr. Hoadley, who has taught school at Alice Arm for the past year is to be congratulated upon the success attained by his pupils. He has consented to teach school here for another term.

Owing to lack of space this week, due to the political campaign, several important items were unfortunately omitted.

D. S. Tait, of Victoria, secretary of the Dalhousie Mining Co., and Mr. Earle Wilmont, of the Department of Mines, Ottawa, arrived on Saturday at Alice Arm, and left again on Monday. During their stay they made an examination of the Tidewater Molybdenum, property, which is being developed by the Dalhousie Co. They were well pleased with everything they saw. Owing to lack of space this week a full report of their visit will be published in next week's issue.

Alice Arm Polling Booth

The polling station for Alice Arm next Monday, will be at Geo. Beaudin's Blue Front Rooming House. Polling hours from 8 a.m. to 6 p.m. W. B. Bower will be returning officer and J. Fiva polling clerk. Be sure and cast your vote

Mrs. C. Coats of the Granby Stores was a southbound passenger on Friday.

Mr. Olof Hanson Visits Alice Arm

On Friday last, Mr. Olof Hanson, liberal candidate for the Skeena riding, paid a visit to Alice Arm. He was accompanied by W. Asselstine of the Premier mine, Mr. Gonzales and J. Grier of Prince Rupert. A hurry-up meeting was called at the Alice Arm Hotel during the afternoon, at which Mr. Hanson and the visitors addressed those present.

As we have published their Anyox addresses, which were much along the same lines, it is not necessary to repeat them here.

Mr. Harry Smith was chairman of the meeting, and gave a short opening address. He praised the past record of the Mackenzie King government, and in his opinion the people could not do better than elect Mr. Hanson as their representative. He has chosen British Columbia as his home, he said, and he has made good.

Following the addresses of the visitors, short speeches were made by Chas. Harmon of Anyox, and J. Fiva and Morris Peterson of Alice

Anyox Pupil Wins Governor-General's Medal

To Miss Amy MacDonald of Anyox, goes the high honor of winning the Governor-General's gold medal for entrance class examination. She holds the honor of obtaining the highest number of marks of any pupil in the province, having a total of 553 out of a possible 600. A total of 7169 pupils wrote for the examinations.

Miss MacDonald is to be congratulated upon her wonderful achievement, and her instructor Mr. D. J. Hartley is to be congratulated, Anyox is proud of both, and justly so.

Anyox Polling Booth at Gym.

Voters at Anyox Beach are advised that Polling Booths for the election on Monday, July 28th., will be held in the Gymnasium. The polls will be open from 8 a.m. to 6 p.m.

Arm. They were unanimous in their opinion that Mr. Hanson was the best man of the two candidates to represent this district at Ottawa.

Olof Hanson Addresses Anyox Audience At Big Smoker

goods at high prices in the Canadian protected market, and yet have these same manufacturers export their goods to other countries and sell them at a considerably lower price. To use Mr. Asselstine's own illustration, running shoes that are sold at \$1.50 per pair in Canada, but which can be marketed in England at a profit for two shillings and sixpence.

The orchestra then rendered a few more popular airs while sandwiches, etc. were being passed around, and after several humorous stories were told, Mr. Hanson addressed the gathering for a few moments.

He said he was highly pleased with the welcome he had received at Anyox, and was very glad to be able to meet all the boys in the friendly spirit that prevailed at the Smoker, and realizing that it was a Smoker and not a political meeting, he would make his remarks as short as possible.

He said that he had been nominated, not so much as a Liberal, but as a Labor man that the Liberals were satisfied to have him represent them in the House.

He pointed out to those present that after he had travelled through many countries in both North and South America he had decided to settle down and make his home in Canada, and that he had become a Naturalized Canadian and had adopted the country on account of British protection, equality and freedom.

Mr. Hanson also said he knew he was not an orator of the well-educated class, and could not make a speech in the way that his opponent could, not having received his education in a college or University. He said that he and Dunning, who was responsible for the Dunning Budget, had been neighbors on the prairies, and that they had both been educated in the school of hard knocks.

Mr. Hanson went on to say that he had a good business and was a busy man, but he would be pleased to represent Skeena District at Ottawa, if the people elected him on July 28th, and that he would serve the people to the best of his ability, but, on the other hand, if they did not care to have him represent them he did not mind, for as he had said before, he had plenty of work to do, and that he was not in politics for financial reasons, so it was up to the people of this District whether they elected him or not, either way was alright with him.

Considerable enthusiasm was shown, and it was evidenced in the fact that when the meeting started at 8.30, over two hundred people were present.

A bounty of \$1 per ton is to be given by the government to enable western coal to reach Winnipeg and other markets. This will apply to Fernie coal.

Alice Arm is Requested To Send Ore Samples To Vancouver

The Herald has received a communication from Mr. Frank E. Woodside, manager of the British Columbia Chamber of Mines, Vancouver, asking for ore samples for exhibition purposes at Vancouver. In an open letter to mining property owners, he states that:

"The Canadian Pacific Exhibition will be held at Hastings Park, Vancouver, from August 6th. to the 16th next. We are endeavoring to gather together a collection of new mineral samples for an exhibit from all the mines and prospects in British Columbia and would very much appreciate receiving a sample of ore from your property. A representative sample of say 5 or 10 pounds would be quite satisfactory for the purpose. This could be forwarded to us freight charges collect.

"We should also be pleased to receive any photographs of your property which might be of interest to mining men.

"There are valuable prizes given at the Exhibitions for the best displays of ore. When forwarding ore samples please enclose the following information: Name of mine or mineral claim; class of ore produced; name of owner; name of, and distance from nearest shipping point; name of mining district or division in which it is situated.

"Send in your samples to the British Columbia Chamber of Mines, 402 Pender St. West, Vancouver, and help boost the mining industry in British Columbia. Prospectors

There is a possibility that Canada's gold production in 1930 may exceed that of the United States, and that Canada may thus take second place among world producers. The Canadian output in 1929 amounted to 1,927,295 ounces, valued at \$39,840,722.

and operators in Alice Arm District are asked to deposit their samples with Mr. A. D. York, Secretary, Alice Arm Branch, so that they can be forwarded to manager in one lot."

Frank E. Woodside, Manager

Here and There

(555)

Prince Iyesato Tokugawa, president of the Japanese House of Peers, and his son, Hon. Iyegaso Tokugawa, Japanese Minister to Canada, met recently on board Canadian Pacific liner Empress of Russia. The Prince was on his way to London to attend the inter-Parliamentary Conference and took the opportunity to see his son who had come to Victoria from Ottawa to meet him.

Leaping into shark-infested waters in the China Sea halfway between Hong Kong and Shanghai, Carpenter Tom Ellworthy, of the S.S. Empress of Russia, saved the life of Mrs. Makareff, passenger on the ship who had jumped overboard in a fit of dementia. The woman strongly resisted efforts to rescue her and 4th Engineer Deane went to Ellworthy's assistance, the two men succeeding in bringing her back aboard ship after long and exhausting struggles.

Beating the world's record in passenger traffic operation, Western Canada comes into the limelight this year with the 1252 mile continuous run from Fort William to Calgary of the Canadian Pacific locomotive number 2500. A number of locomotives of this class are now being built by the railway, equipped with roller-bearing boxes which will still further facilitate engine operations on long runs.

The season's first climb of Mt. Temple, 11,600-foot peak in the Rockies, was made last week by Dr. Thorington of Philadelphia, well-known writer and Alpinist, and W. Kerr, of Vancouver. Edward Feuz, doyen of Swiss guides in the Rockies, was in charge of the climb which started out from Chateau Lake Louise at three in the morning and reached the summit at ten.

With the opening of the New Pines Hotel at Digby and of the Algonquin Hotel at St. Andrews-by-the-Sea at the end of June, the tourist season in the Maritime Provinces is now in full swing. Reservations at both hotels are very heavy, forecasting a prosperous season.

Difficulties met by Canadian and United States motorists when taking their cars to Europe have been overcome by facilities afforded by the Canadian Pacific Railway, under which the owner can ship his car as baggage between Canada and European points in either direction. The Company arranges for the necessary customs and registration documents for every country to be visited, driving licenses, license plates, and membership in the Royal Automobile Club. The car is unloaded within an hour of the ship's arrival and is furnished with oil and a small supply of gasoline and made ready for the road. There is no red-tape and no bond or other financial guarantee required.

Believed to be the largest salmon ever taken by fly on the Medway River, Cape Breton, Archie Joudry, Baugsote Club guide, took a fish recently that weighed 32 lbs, was 42 inches long and with a girth of 21 inches. The fish has been photographed for reproduction in the Saturday Evening Post.

The railway grade crossing problem is not a problem of the railway's making but essentially a "social problem" and responsibility for its solution rests upon society as a whole. In the opinion of W. P. Portland, Chief of the Bureau of Safety, United States Interstate Commerce Commission.

Surplus Copper Stocks Are Showing Big Increase

The metal markets continue their downward price movement. World production of copper in May was 147,353 tons as compared with 144,298 tons in April, and surplus stocks on this continent made a gain of 7,308 tons to a very high total of 308,646 tons, the highest in many years, states the July Letter of the Canadian Bank of Commerce. Consumption was disappointing at levels which it was anticipated would bring forward a new buying movement and prices were again fractionally reduced, but a good export business has been developed and prices firmed to 12 cents a pound. There has been a constant though gradual decline in quotations for both lead and zinc. Stocks of lead are moderate, being less than a month's normal requirements, and demand continues fairly good. Stocks of zinc, however, are the largest in history. The price of silver has consistently declined during the past month. While it is steadily being supplanted as a monetary metal and thus fluctuates for much the same reasons as other commodities, it is still widely used for transactions in the Far East, and any falling off in value has repercussions on the purchasing power of the countries concerned and on trade generally.

Worst of Depression Is Expected Over

New York—Consensus in Wall Street is that the lowest level of the metals business for this year has passed. The steel industry, which first feels a revival of general business as it feels a recession, is reported by men in it as having touched bottom, and from now on the rate of operations is expected to

Everybody Sees

The ravages of the Forest Fire, but not everybody realizes that seventy per cent. of our fires in 1929 were preventable; in other words, they were due simply to carelessness. Pressure of public opinion has gone far to eliminate carelessness in other directions, but carelessness with fire is still amazingly prevalent.

Prevent Forest Fires. You Can Help!

British Columbia Forest Service

C. P. R. Traffic Appointments

Three important appointments in the freight traffic department of the Canadian Pacific Railway have been announced by George Stephen, newly appointed vice-president in charge of traffic. They are C. E. Jefferson, assistant freight traffic manager, western lines, Winnipeg, (centre of layout), who comes to Montreal as freight traffic manager; H. W. Gillis, assistant freight traffic manager, eastern lines, (right), who is appointed to western lines as assistant freight traffic manager; and Gerald Hiam, assistant general freight agent, Montreal, (left), who becomes assistant freight traffic manager, eastern lines.

Mr. Jefferson entered Canadian Pacific service in 1918 as percentage clerk in the freight tariff bureau, Montreal, and in 1915 was promoted assistant general freight agent, Montreal. He became acting general freight agent in 1921 and general freight agent, western lines, in 1922, and in 1927 he was appointed

assistant freight traffic manager, western lines. His present promotion brings him back east.

Mr. Gillis worked his way up in Canadian Pacific service from call boy and messenger in 1905 through the ranks of the freight department in Montreal. From chief clerk in 1915 he was promoted to assistant foreign freight agent in 1919, assistant general freight agent in 1922 and assistant freight traffic manager in 1926. He now goes west in the same capacity.

Mr. Hiam joined the Canadian Pacific Railway in 1904 and after holding several positions in the foreign traffic department, vice-president's office and freight tariff bureau, Montreal, was appointed travelling freight agent, Toronto, and district freight agent, Fort William, in 1914. He went overseas to the war in 1915 and in 1919 was appointed district freight agent at Cleveland, O. He went to Saint John as division freight agent in 1926 and was appointed assistant general freight agent at Montreal in 1928.

Political Situation Fully Discussed By J. C. Brady

Continued from page 1

Gideon Robertson had both assisted him in this election. It is the liberals' duty to expound their policies to you, he said.

In 1926, the speaker said, the Mackenzie King government appealed to the country on free trade and low protection for Canada. Under this policy, they said that Canada must prosper and flourish. In 1920, under the Conservatives, we exported 350 million pounds of bacon, 26 million pounds of butter, 160 million pounds of animal products. Last year we exported 22,629,000 pounds of bacon, less than 50 million pounds of animal products. Last year for the first time in forty years we exported no bacon to Great Britain, and we imported 40 million pounds of butter. Each year Great Britain imports the enormous amount of 900 million pounds of butter, but we have lost the market.

Mr. Brady was of the opinion that the Canadian farmer is being forced out of business. They can't sell to the U. S. A. and the government is not protecting their domestic market. We are importing vegetables from the West Indies, butter from New Zealand and coal from Russia, and taking employment away from our own people. We imported 250,000 tons of Russian coal last year and 500,000 tons this year, which was produced by a low wage scale, which Canadian miners could not compete with. The greatest fear today he said is not sickness or accidents among they working classes, but the dread of unemployment.

The speaker read a list of woollen mills closed down in Eastern Canada due to foreign competition, and stated that the Liberal Government's low tariff policy is responsible for it and also our small population. He said that in 1920 our population was 8,728,000, today it is 9,588,000. In that time there were 2,173,000 births and 938,000 deaths. Immigrants coming into the country totalled 1,130,000. If these immigrants had stayed here and our own people had not left for the United States we would have a population of 11,250,000 instead of 9,588,000. In the meantime our taxation was increasing. Last year we imported \$900,000,000 worth of goods from the United States and sold them at less than \$500,000,000.

In dealing with taxation and unemployment, Mr. Brady said that last year our taxes had increased to the enormous sum of \$395,000,000. He blamed the Liberal Government for the big army of unemployed, and was due to their policy during the past nine years. He stated that despite re-

AN EXPLANATION

During this week Mr. J. C. Brady held three meetings in this district, Alice Arm, Anyox Mine and Beach. As we are publishing a report of his Alice Arm meeting in this issue we did not think it necessary to also report his Anyox addresses, which were much along the same lines. Our readers probably understand that it takes time and money to publish political addresses for both parties. Each party clamors for publicity, but they want it free. Sometimes they forget that we have advertising space to sell, or that a subscription would be acceptable.

Anyox Cubs Visit Alice Arm

The troop of Anyox Cubs, in charge of Scoutmaster Gale spent the week-end at Alice Arm. The weather was ideal and the boys greatly enjoyed their tramps through the woods, fishing etc. They left for home on Sunday afternoon.

presentations, King has declined to assist the unemployed, but recently made the statement that the matter will be taken up following the Imperial Conference.

The speaker dealt with past constructive legislation of the Conservative party. He deplored the shipping of our minerals in a more or less raw state to the United States, and gave figures to show that we lose a lot of money by such methods.

Golf Club Hold Interesting Tournament

In an interesting golf competition between the President's team and Vice-President's team, which was held on Sunday, July 20th. the latter team was victorious by the score of nine games to four.

In spite of the rain which was falling all day, some very good games were played between the various members of the teams, and the evenness of the teams was illustrated by the fact that there was only a difference of eleven strokes in the net score of each team.

The results are as follows:

W. R. Lindsay,	Score	Hand.	Net
President	121	32	89 0
J. L. Stewart	101	32	69 0
S. Peters	83	4	79 0
F. T. Larson	114	34	80 0
H. E. Doelle	117	34	83 1
H. L. Patterson	110	26	84 1/2
L. H. McKay	131	36	95 0
D. MacLeod	117	36	81 1
S. Armstrong	121	36	85 0
Dr. MacDonald	117	36	81 0
L. H. Wenerstrom	121	36	85 1/2
