Social at Alice Arm School

Standing of Pupils Given

In order to give a pleasant ending to the school term which has just concluded, an ice cream and cake social was given to the children on Tuesday afternoon, at the Alice Arm school. Abundance of ice cream, cake and lemonade was on hand and the children thoroughly enjoyed themselves.

A number of parents and others interested in the welfare of the children were present. A phonetic lesson was given by the tots of the receiving class, and the manner in which the children acquited themselves speaks volumes for their teacher, Mr. W. G. Gray, who has had charge of the school since January.

Readings were also given by various pupils, which were executed in a very creditable manner.

Following is the standing of the pupils at the conclusion of the annual examination which takes place at the end of the term. The number of the grade is given into which the pupils have passed.

Grade VIII.

Alice Hogberg	Repeat
Christina Nucich,	835
Fransis Barrett	796
Verna Wilson	741

Grade VI.

Lorne Falconer	718
Charles Wilson	711
Kathleen Bruggy	705

Gordon Anderson	600
Kirk Falconer	509

Grade III.

William Ness	588
Jean Falconer	545
Emily McGuire	495

Grade II.

Victor Wagner	Repeat
John McGuire	Repeat
Juanita Falconer	525
Lillian Moss	515
James Ness	495
Chester Falconer	490

Mr. Wm. Bunting Wins Lawsuit in Vancouver

Mr. William Bunting returned to Alice Arm on Thursday, from a trip to Vancouver. While in Vancouver Mr. Bunting was successful in winning a lawsuit against Jack Hovland and Louis Watkins of Stewart, for ten percent commision on the sale of the Uuicorn Group, on the Salmon river to Trites and Wilson.

Mr. Bunting experienced no difficulty in winning his case.

The bond price of the property was $100,000 with a cash payment of $5,000. So that as soon as the final payment is made Mr. Bunting will have collected the sum of $10,000.

Closing Meeting Anyox Parent-Teacher Association

The closing Meeting of the Anyox Parent & Teachers' Association held in the Catholic Hall, kindly lent for the occasion by Father Fleck, was attended by a large gathering of Parents and friends.

The Meeting, which was mainly of a social character, also took the form of a concert under the direction of Miss Leitch who had so ably carried ont the duties of convenor of the Music Committee during the past year.

The following excellent programme was rendered-

1. Pianoforte Solo, Dr. Harper, Selection composed by himself.
2. French Song and Dance, 8 small children, Pupils of Miss Leitch.
3. Vocal Solo, "The Valley, by the Sea". Mrs. John Conway,
4. Reading, "A Matrimonial, Adventure". Mrs. Laurence.
5. Vocal Duet, "Life's Dream is O'er". Mrs. Morning and Mr. Hagerty
6. Folk Dance, Irish Jig, Edna Herrin and Teresa Gordon, Accompanist Mrs. Herrin.
7. Two Songs, Dream Once Again," "Mother O' Mine" with setting. Dr. Harper, and Mr. W. F. Eve.
8. Violin Selection, Mr. Liddell accompanied by Mr. Haesler.
9. Vocal Duet, "My Pretty Jane." Messrs. Wilby Bros.
10. Pianoforte Duet, "Tarantella" (Raff.) Miss Leitch and Dr. Harper.

One of the features of the evening was a presentation to the retiring President (Mrs. W. H. Hoffman.) The Principal of the School (Mr. R. H. Manzer) who acted as chairman, took occasion, in a few happy remarks, to congratulate the Association on the success of their selection of a President who had so capably carried out the duties of this difficult office during the initial two years of its existence. He further commented on the excellent spirit which had been displayed in the work of the Association by complying with the fundamental idea of the Constitution which was to co-operate harmoniously with the teaching staff of the school. Accompanying the presentation was a written address to Mrs. Hoffman and subscribed to by the Association, as follows:—

"In presenting you with a complete set of the Works of Charles Dickens, the English Novelist, we, the members of the Parent and Teachers Association of Anyox, ask you to accept it, on this, the eve of your departure from Anyox, as a tangible token of our personal esteem, and a recognition of your work as president of our association during the first two years of its existence. This Set consists of twenty volumes, and also contains an account of the life of the Novelist. We wish you every success and all happiness in your new home in Allenby, and feel sure that your influence there will always be felt in the cause of education."

Mrs. Hoffman suitably replied and the audience joined in singing "For she's a jolly good fellow".

Refreshments under the supervision of Mrs. Mcknight, ably assisted by Mesdames Harrington, Cloke and Selfe, were dispensed throughout the evening, which was brought to a close with an enjoyable dance.

Anyox Sport News

The Miners were again triumphant against the Smelter on Tuesday and now have a sufficient lead to warrant them comfortable riding for the remainder of the Season. Tuesday's game was very disappointing to the Smelter Rooters as they expected to again get into the winning column. Fortin their new pitcher works very nice in the box and although hit freely gives promise of doing wonders ere the season ends. The game was full of sensational fielding with honors due J. Ferguson of the Mine, who played Short Stop, four times he knocked down sure hits when the Smelter had men on bases, The Smelter made 11 hits to the Mine's 10 but poor base running on the part of the Gas-Eaters robbed them of any possible chance of victory. Anderson, Fortin, Mealey, Cecil and Ferguson polled out some nice hits.

The Intermediate All-Stars are leaving for Rupert on Sunday to play the Seniors of that city. Although they have not definitely decided on their line-up, you may rest assured it will be the strongest available. Frank Hueggle is manager and is putting lots of pep into the bunch. Wednesday they practiced with the All-Stars Seniors and both teams had a good work-out.

The All-Stars picked to play Ketchikan had another work-out Wednesday and are sure rounding into shape. It's a very hard proposition to fill the in-field as every position is keenly contested. The outfield is a fight between Stuart, Downs, Anderson, and Campbell, four would be hard to beat. Greenwell and Cody are chosen as catchers and should give a good account of themselves. This is the best team Anyox has ever fielded in the last five years, and on Saturday June 30th. just watch the boys go.

Chapman's Cricket Team seems to have sunk into oblivion, but another little paragraph wouldn't do us any harm. It seems that several of his stars have joined the local ball teams, amongst them Fred Whittaker. Whittaker claims that cricket is too strenuous. Thursday he stubbed his toe on the new pitch tearing the cocoanut matting, this caused Captain Chapman to give him his release, and ever since Fred has been knocking Ye Olde Game.

Alice Arm Liquor Store Opened Yesterday

The Alice Arm Liquor Store opened for business yesterday morning with Mr. C. Hutchison the official dispenser of the bottled happiness in charge. A large stock of goods arrived on Monday's boat, and these adorned the shelves yesterday for the eyes of the thirsty one's to gaze upon. The store has been excellently fixed up, there being lots of room in the front store, and also ample storage space in the rear for unpacking etc. Living rooms have also been provided upstaits for Mr. Hutchison. A good steady business was done throughout the day yesterday.

Sudden Death at Anyox

The sudden death occurred on Wednesday evening, at Anyox, of Mr. Robert Lindsay. Deceased with a number of friends had walked to the New Dam, and on their way home, Mr. Lindsay remarked that he hated to go down these hills again. He had no sooner spoken the words, than he collapsed and died instantly. Death was due to heart failure.

Baseball Players Batting over 200. Up to and including June 21st.

S. S. Cardena on Run Next Week

The new Union S. S. Cardena is due to arrive at Anyox and Alice Arm next Monday, replacing the Chelohsin. She will leave Prince Rupert at 11 p.m. on Sunday evening and will call at Anyox and Alice Arm, from the latter port will sail to Stewart. It has been decided that the Cardena will include Stewart in her regular run each week.

It has been said that God made the country, man made the city, and the devil made the small town. Sometimes one is apt to believe that there is a lot of truth in this assertion.

ALICE ARM NOTES

See Al. Falconer for Freight and Pack Horses.

Cleaning and Pressing—Mrs. P. Nordi.

Mr. A. Falconer is now in a position to supply fire-wood cut to any length. Dry slabs $4.50 per load. Green slabs $4.00 per load. One load of wood averages 1½ ricks.

Miss. Haslett, who has been appointed presiding examiner of entrance class for the local school, arrived in town on Tuesday.

Mr. Geo. Young left on Thursday for Stewart in connection with government road work.

Mr. W. G. Gray, the local school teacher, who has been here since January, left on Thursday for Vancouver. He does not expect to return.

Messrs. Wm. Bunting and Elmer Ness left yesterday to look over the Horseshoe Group on McGrath mountain. Mr. Bunting expects to leave on Monday on the Cardena for a short visit to Hyder and Stewart.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr, Teabo of Anyox arrived in town on Thurday for a few days He expects to return next week with Mrs. Teabo and family.

Mr. G. W. Nelson of Anyox arrived on Tuesday and left yesterday for the Hill Billie mining claims, accompanied by Mr. Lee. They will do the necessary assessment work on the property.

Mr. J. O. Trethewey, of the Abbotsford Logging Co. arrived in town on Thursday, on a business trip.

Mrs. R. H. Manzer and Mrs. W. H. McLeod, of Anyox arrived on Thursday to spend holidays here. Mr. Manzer expects to arrive today.

See Al. Falconer for Wood or Coal

Mr. J. G. Johnson arrived from Seattle on Thursday, and leaves today for the Yukon and Nome mineral claims, of which he is owner. The Yukon and Nome are situated on the upper Kitsault, and contain some good mineralized ore veins. Mr. Johnson is planning to sink a shaft and expects to be working on the property for some months. The property is near the Moose on the east.

Mrs. A. Morton and Mrs. J. Weir, of Anyox, arrived on Tuesday, and is spending holidays with Mrs. P. McDougall. They expect to return to Anyox today.

The Herald's Second Birthday

The Herald this week commences the third year of its existence. Two years ago after receiving all kinds of advice for and against, we decided that this district could support a weekly newspaper, and our predictions have been proven. The last two years have been an up-hill fight. Business has not improved as quickly as we anticipated, but we are still here, and the prospects for the future are gradually growing brighter. We have endeavored to give our readers a good, newsy, local paper, and in this we think we have succeeded. We wish to thank all our subscribers and advertisers for their patronage in the past, and can assure them that just as soon as conditions warrant, that the Herald will be enlarged, and new features added, and in the absence of unfair competition we expect to continue publishing as long as a mining property is operating in the district. We wish to remind all those who subscribed to the Herald at its inception that subscriptions are again due.

Peace River Railway Terminus

The Portland Canal News of Stewart published a strong editorial showing the advantages to be obtainable by the C. P. R. in making Stewart the Pacific terminus of the Peace River Railway. While no official word has been given by the C. P. R. regarding the building of a railway from the Peace River country to the coast, there is no doubt that such a road will be built sometime in the future, and it is probable that the terminus will be north of Prince Rupert. Railway companies have a habit of changing their terminus on the coast, before definitety deciding, and the rule may hold good with the proposed Peace River railway. We would like to see the terminus at Stewart if it is not possible to have it at Alice Arm. It is a fact not generally known that engineers working for the C. P. R. surveyed a route at Alice Arm from tide water to the interior a few years ago, so it is possible that Alice Arm may become the terminus if the road is ever built. There will be no need of a tunnel at the head of the Kitsault River to cross the divide into the interior, a low pass being obtainable. The harbor is one of the finest in the world, free from wind, and capable of anchoring the entire British navy. Every accessible harbor in the north will probably be surveyed throughly before a terminus is decided on, and Alice Arm has a first-rate chance of securing the prize,

The Copper Market

Financial and Market News gathered by private direct wires from the world's market centres by
Burdick, Logan & Company, Limited

Vancouver, B. C.

Special to the Herald

Copper Buying Good With Price 15 Cents.

Domestic demand and buying are good, but large fabricators have not come into the market in earnest as yet. It is expected that within the next ten days larger users will begin to cover on third quarter requirements as they are not believed to be covered much beyond the middle of July.

Foreign demand is good and good sales are being made to France, Germany and England. Continued rise in price both of standard and electrolytic copper have encouraged domestic producers greatly and it is probable that price will be advanced abroad.

At present only about two agencies are still willing to sell at 15 cents delivered. It is not improbable that with European prices advancing and buying orders coming in fair volume domestic price will be advanced to 15 1-8 cents delivered, Wednesday.

Price of Electrolytic copper for domestic shipment is 15 cents a pound delivered to end of August with most producers unwilling to sell at that price. Price of Lake copper is 15 1-8 cents. Price aside ship New York is 15.10 cents. Prices for European destination asked by American producers vary between 15.30 and 15.35 cents c. i, f. Hamburg and London.

TWO FORD BIRTHDAYS
The Man will be 60 and the Company 20

Detroit—On June 16th. Ford Motor Co. celebrated its twentieth birthday and on July 30th. Henry Ford will celebrate his sixtieth.

To the end of 1921 the company produced and sold 5,406,537 cars and trucks. Production in 1922 was 1,351,333 and for five months this year 717,434. Output for 16 days of June is estimated at 85,000, making a grand total for the 20 years of 7,560,304 or at the average rate of 378,015.

Sales through 1921 totalled $2,963,515 608, For 1922 sales are estimated at $700,000,000 and for five and one-half months this year $400,000,000, making a grand total for 20 yearsof $4,093,708 or at the average annual rate of $204,675,785.

Ford profits, despite expectation to the contrary, do not show such surprising percentage of sales when based on averages for 20 years. Profits through $1921 were $432,443,888. The estimate for 1922 is $125,000,000 and for five and one-half months this year $50,000,000, or a grand total for 20 years of $607,443,888. This is at the average annual rate of $30,372,194; against average sales of $204'675,785, or approximately 14.8 per cent. Profits against the $28,000 original cash investment are many thousand per cent. Eor every dollar of the original $28,000 actually used in starting the business, $21,678 has been returned in profits.

Revenue From Forests Increasing

Hon. T. D. Pattullo, minister of lands announces the income from the forest branch for the month of May, as $258,431, an increase over May, 1922, of nearly $10,000. The revenue is made up from the sale of timber, scale and Royalty, timber licences and leases.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,542,203; Lode Gold, $109,647,661; Silver, $59,814,266; Lead, $51,810,891; Copper, $170,723,242; Zinc, $24,625,853; Coal and Coke, $238,289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous Minerals, $1,358,839; making its mineral production to the end of 1922 show

An Aggregate Value of $769,418,462

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1922, $35,158,843.

Production During last ten years, $339,280,940

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from entment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Premier Mine is Canada's Largest Silver Producer

The Premier Gold Mining Co. of Stewart, was the largest producer of silver in Canada for 1922, with an output of 4,474,367 ounces. The Nipissing mine in Northern Ontario comes second with 3,423,115 ounces; Consolidated Mining & Smelting Co., of Trail, 2,116,351 ounces; Mining Corporation of Canada, 1,462,269 ounces; and Conigas, 1,158,900 ounces.

English Syndicate After Premier Alaska

Mr. B. Guggenheim, of New York arrived in Vancouver last week, from a business trip to Japan. He is financing the development of the Premier Alaska at Stewart,

Mr. Guggenheim says an English syndicate which recently acquired the Forty-Nine and Bush properties at Stewart, is also negotiating for the Premier Alaska.

Mr. Guggenheim remarked that he is so well satisfied with reports from the property, that he has no expectation, for the present time at least, of selling.

Bates—I read where scientists are getting leather from sharks now.

Gates—This pair of shoes I am wearing now cost me $12.

Where the Copper Comes From and Where it Goes

World production of copper in 1922 reached 987,540 short tons, compared wiih 591,290 tons in 1921, 1,078,235 tons in 1920, and a high war record of 1,579,675 in 1917. Total North American contribution was 578,900 tons, of which United States produced 511,970, Mexico 29,842, Canada 25,300, and Cuba 11,788. South America produced 192,428 tons. Europe's contribution reached 73,769 tons, Spain and Portugal leading with 40,234 tons and Germany coming next 18,739 tons. Japan produced 60,365 tons, Australia 13,754 tons, Africa 59,616 tons, and other countries 7,716 tons.

In Canada, the leading contributor was the Granby Co., who produced 31,963,565 pounds, and the balance of the Dominion's output—1,243,952 pounds—was supplied by the Consolidated Mining & Smelting Co., at Trail.

The leading contributors in the United States were Anaconda, with 141,722,610 pounds; Utah Copper 84,777,712 pounds, Inspiration 69,834,115 pounds, Miami 67,454,447 pounds, Calumet and Hecla 62,018,051, Mohawk 44,172,060, Kennecott 41,972,000, United Verde 40,888,000, United Verde Extension 31,640,714, and Calumet and Arizona 30,830,615.

Of South American mines, Chile leads with 134,595,395 pounds being only about 7,000,000 behind Anaconda.

Export of copper from the United States last year is placed at 727,997,644 pounds, and imports were 427,063,785 pounds.

Estimated consumption in the United States was 1,091,397,000 pounds. The amounts used in leading manufactured lines are estimated as follows: electrical, 269,000,000 pounds; automobiles, 144,000,000; telephones and telegraphs 120,000,000; light and power lines, 97,500,000; wire and rods, 97,500,000; buildings, 73,900,000; bearings and bushings, 42,000,000.

Hollinger is World's Richest Gold Mine

The Hollinger Mine of Northern Ontario, which is the richest gold mine in the world, has produced gold to the value of about $67,000,000, and has distributed $20,530,000 in dividends. The mine produces $150,000 for each foot in depth, and the expectation of the management is that it will prove profitable to a depth of 3000 feet. The average gold production is over $1,050,000 per month.

Pat Daly Married

Mr. Pat Daly, of Sewart, sprung a surprise on his friends last week when he arrived from the south with a bride. Pat was married recently in the east.

FOUND—A scow, 12 ft. by 26 ft. with a depth of 42ins., floating adrift in the inlet of Alice Arm. Owner can obtain possession of same by applying to Mr. J. Wheatley, Alice Arm, after paying for cost of advertising and care of scow.

Alice Arm Notes

Continued from page 1.

Miss Verna Wilson leaves today for Anyox, where she will spend a week's holiday.

Miss. Doris Griegg of Anyox arrived on Tuesday to spend a few days in town.

The tug boat McCulloch, of the Big Bay Lumber Co. Georgetown was in port on Wednesday, in order to tow the boom of logs of the Alice Arm Freighting Co. to Georgetown. These logs were cut and boomed last winter, and there is approximately 250,000 feet of lumber in the boom.

The Power of Suggestion

A new device for saving passenger trouble has been adopted by the Dining-Car Service of the Canadian National Railways. Throughout the coaches on all trains to which Dining and Cafe Cars are attached, little dodgers are now distributed before each meal, with several suggestions for a suitable combination of dishes. These dodgers are printed in both English and French. This gives the patron of the Dining-Car a little time to decide upon what he will order later, and eliminates the tiresome necessity of studying a large menu-card. If the traveller is accustomed to set a limit of price upon his meals, there is no need whatever to exceed it. The prices for a complete menu for Breakfast, Dinner and Supper are most moderate, ranging from 35 cents to $1.25. Having made his choice according to pocket-book and appetite, upon entering the Dining-Car, the traveller will find himself served as quietly and satisfactorily as he would be in any well-appointed home.

FIRST CLASS ROOMS
For Rent, by Day, Week or Month.
Reasonable Rates.

ANYOX NOTES

Union Church Services, Sunday, July 1. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

Mr. John Conway returned on Thursday, from New Westminster, where he has been attending the Masonic Grand Lodge.

Miss Lucy Teabo arrived on Thursday, on a visit to her parents Mr. and Mrs. Frank Teabo.

Mr. D. M. Stewart of the Great West Life Assurance left on Thursday for the south.

The S. S. Griffco arrived on Saturday from the south with a full cargo of coal and general freight. She left for Stewart on Monday night, and will return on Thursday to load copper for the south.

Colonel Crabbs and Mr. H. S. Munroe left on Monday, on the Azurite, on a tour of inspection of the Outsider property, at Maple Bay.

Mr. Dan O'Connell, a teacher at the local schools, left on Thursday for the south. Dan will be greatly missed on the line up of the Elks football and baseball teams.

Mrs. D. Roye, was a south-bound passenger on Thursday.

Mr. Hockin, representing McLennon & McFeely was a visitor to town on Monday's boat.

The Anyox Brass Band gave an open air concert on Sunday evening at the Elks' Park, which was listened to with great enjoyment by a very appreciative audience. Mr. Varnes is to be congratulated on his ability to whip such an aggregation into shape with what assistance has been given him, and the people of Anyox should consider themselves very fortunate in not having to go out of town for such music as was provided for their benefit on Sunday evening.

Sanitary conditions and Safety First methods are brought to the notice of Anyox families at all times. We wonder if some people realize what it means to let their dogs wander around the Anyox Store in the manner in which they do. The staff of the different departments are keen on keeping their displays in a first-class condition. Why not help them out.?

The Anyox Community League and other organizations are doing all they can to make the Dominion Day sports a big success, and to give the Ketchikan ball team a hearty welcome to our town. Let us all get behind and make it a big day.

Rev. J. B. Gibson was a passenger south on Monday.

It is rumoured that Art. Nickerson and Bob Stewart are starting up a business on their own account very shortly, but both of them are keeping quiet on the subject at present.

Mrs. J. Wilson and children left on Thursday for a trip in the south.

Miss Tassic, matron of the hospital, is back again supervising the hospital staff.

What is the matter with Pete Draudson this year.? He is a big drawing card to any baseball game. Look him up "Brother Bills." He did good work for you last year.

A big bunch of excursionists made the trip on the Awake last Sunday to Alice Arm and Silver City. Ideal weather prevailed.

The Awake will leave Anyox on Sunday evening with the Anyox Intermediate All Star Ball Team. They will play a Rupert team on the 2nd.

One day when a farmer and his men were digging potatoes a tramp came along and stopped to watch the workers. The boss being short of help, asked the vagrant if he wanted a job. The man of leisure replied: "Sure what do I have to do?"

"Dig potatoes."

The tramp started to walk away, and with a look of disgust replied, "Let the man who planted them dig them. He knows where he put them.

A rich man, lying on his death bed, called his chauffeur who had been in his service for years and said:

"Ah Sykes, I am going on a long and rugged journey worse than ever you drove me."

"Well, sir" consoled the chauffeur, "there's one comfort. It's all down hill."

The secret of good beer lies in purity---
That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.
Insist Upon CASCADE

Did You Think
What the Smoke-filled valleys meant to you last year?
What the timber charred, burned, and blackened means to YOUR future?
That the wages paid last year for the tie crop along the Grand Trunk was approximately $383,000?
That the forest will remain a source of revenue to you if kept green?
Then be careful with fires. Do not destroy your own livelihood.
PREVENT FOREST FIRES IT PAYS
