5 cents each.

T. S. Baxter Speaks On Behalf of Mr. J. C. Brady

Mr. T. S. Baxter thrilled a large and appreciative audience at Alice Arm on Thursday, July 10th. He dealt exhaustively with the tariff question, and showed how the evils of a low tariff was strangling the prosperity of the country. The meeting was held in support of Mr. J. C. Brady, conservative candidate for Skeena, and who has represented us at Ottawa for the past four years.

The meeting was held in T. W. Falconer's Hall. Mr. J. Trinder as chairman, opened the evening's oratory with a few remarks and introduced Mr. Baxter, to the audience. A short report of the meeting was published in our last issue, but time did not permit a very lengthy article.

Mr. Baxter, who has spoken here on previous occasions, quickly showed that he had not lost any of his former vigor. He spoke on one subject only, the tariff question.

This, he dealt with very exhaustively. A side issue of this question was the unemployed situation, made such because according to the speaker to remedy the first would be to eliminate the second.

Mr. Baxter left with the idea that each one of us after the meeting understood the tariff question as he started with single definitions of the terms, Protective Tariff and Revenue Tariff. Just put the "only" in the correct place and you understood "revenue only," still rings in our ears.

From this he progressed in emphatic style to show how by encouraging foreign imports to raise revenue, the government aggravates the unemployment situation. Taking the farm machinery as an example, he pointed out that we spend 200 million dollars per annum on American goods of this nature, thus taking a 200 million market away from Canadian manufacturers, 60 per cent of which sum would go to the workers employed. This argument was further illustrated by using the now crippled wool and cotton manufacturing industries as examples, of the devastating effect of low tariff.

The point that under a lower tariff, articles would cost less than under a high one, Mr. Baxter said was not true, though he only illustrated his argument with one instance—that of the aforementioned machinery which under the reduced tariff costs more than before. To prove the part that high tariff must be effective, and an improvement on a comparatively low one, the speaker cited the case of the U. S. A. which country has always been a high tariff country.

The effort on the part of the
Continued on page 4

Enjoyable Dance Alice Arm Hotel

An enjoyable and entertaining dance was held at the Alice Arm Hotel on Saturday evening. A large number of week-end visitors from Anyox were present, and together with the Alice Arm people they filled the spacious dining room.

A feature of the evening was the splendid music of a seven-piece orchestra, who accompanied the Anyox visitors. Their tireless efforts and excellent rendering of the latest dance music was greatly appreciated.

An excellent supper was served by the Hotel management and everyone spent a most pleasant evening.

Smelter Win From Mine At Football

In the fifth game of the Anyox Football League the Smelter defeated the Mine by two goals to one. Both teams seemed inclined to use rough tactics, with the result that the referee, Jack Evans, had his hands full trying to keep order.

One minute after the start of play J. Dixon registered the first counter for the Mine. The goal was the result of a beautiful combination and perfect understanding between the Mine centre-forward and centre-half. Twenty-two minutes later Donaldson scored the equaliser from a free kick, awarded as the result of a foul against Steve Peel.

Three minutes before half-time, Hunter, Smelter goalie, made a spectacular save, the best yet this season. Half-time score, one each. Upon resuming play the Mine forwards pressed very hard, W. Dixon giving the fans several thrills, and it was only through good goal keeping on the part of Hunter that the Mine was prevented from running up a score. With seven minutes to go Buchanan put the Smelter one goal ahead with a shot that was the result of a rush upon the Mine goal.

It was noticed that the Mine had made several changes on account of injuries received by Dyer and Allen in previous games. Allen is probably out of the game for some time to come.

The Sunday School Picnic

The annual picnic of the Alice Arm Anglican Church Sunday School will be held at Campers' Point, on Saturday, July 26th. Everyone is invited to attend. Contributions for ice cream will be appreciated. Ladies please bring refreshments.

Mr. Sinclair, manager of the Canadian Bank of Commerce and H. M. Selve, optometrist of Anyox, were week-end visitors to Alice Arm.

Community League Hold Dance Larcom Is.

On Wednesday evening, July 16, the Community League held a dance at Larcom Island. It is estimated that about two hundred people took advantage of the opportunity to get out for the evening.

The water being clear and inviting a number of young people made a point of having a swim either before or after the dance. For the benefit of the swimmers three large beach fires were built, adding much to the enjoyment of the evening.

Everyone had a good time, and the efforts of the Community League in putting on affairs of this kind are greatly appreciated by all.

Smelter Football Team Defeat Celts

On Thursday evening, July 10th., the Smelter eleven, under the capable management of Jimmie Deeming, defeated the Celts by a score of 2-nil. The game was a little disappointing as far as the score was concerned, as it was figured by many of the fans that it should have been a tie game, both the Smelter goals being somewhat lucky. The first goal was a low ground-shot, the ball climbing the post three feet before deciding to twist into the net. The second goal was headed in by Dunn, the Smelter Centre-forward, in the second half of the game.

For the Celts, Archer and McDougall showed wonderful form, while Freddy Williams and Bert Field gave the usual high-class exhibition. McConachie and McColl did not seem to shine with quite their usual brilliance. Jimmy Elliott did his darndest to get his Celts going in order to at least equalize the score, but it just couldn't be done.

Officers Elected For Ladies' Conservative Association

A meeting of the Conservative ladies was held on Monday afternoon in the Hotel Parlor, when an association was formed.

Officers elected, were: President, Mrs. C. O. Fricker; Vice-President, Mrs. T. J. Kirkwood; Secretary-Treasurer, Mrs. J. A. D. Stewart; Executive Committee, Mesdames Lang, Eld, A. H. Stewart, Patrick, J. McMillan.

Mr. J. C. Brady will give an address on Wednesday afternoon at 3 o'clock, in the Gymnasium Lounge Room July 23rd. All ladies are cordially invited. Tea will be served.

Meeting of Alice Arm School Board

The annual meeting of the Alice Arm School Board was held at the school on Monday evening. T. W. Falconer was elected chairman.

The minutes of the last annual meeting and the financial report for the past year were read by the secretary Mr. Al. Falconer and were adopted by the Meeting.

H. F. Kergin, whose three-year term as trustee expired, was nominated for re-election. E. Moss was also nominated. The latter being elected by a vote of 19 to 6. The School Board now comprises: Al. Falconer, secretary, O. Evidson and E. Moss, trustees. Mrs. L. O'Connor was re-elected as auditor.

It was decided that the local school tax should be \$1000.00, the same amount as last year. The secretary stated that the bank balance to date is \$93. 59.

Since the re-organization of school districts, the only assistance this district receives from the government is \$580.00 per year toward the school teacher's salary. The other \$620.00 being derived from local taxes.

Pleasant Evening Spent At Larcom Island

The first impromptu dance of the season, was held at Larcom on the night of Wednesday the ninth. Mr. Ed. Ashton has the building in good repair, and though most of the dancers wore tennis shoes, everybody joined in the fun.

The speedboat "Marjorie" and the "Alice Arm" transported the entire party from Anyox in about twenty minutes. A few went for a swim in the bay, while the others inspected recent improvements.

At 9.30 the dance was in full swing. The portable gramophone providing ample music to fill the small but comfortable hall. The dancing was terminated by the supper waltz, when refreshments, accompanied by Mr. W. F. Eve's excellent coffee were greatly enjoyed. The remainder of the evening was spent in community singing, accompanied by Mr. Frank Gordon on his banjo.

Those present included Misses Margaret Bow, Marjorie Cloke, Vera Eve, Teresa Gordon, and Mrs. L. McKay, Messrs Wm. Cloke, Jack Cloke, Tom Cloke, Frank Gordon, Fred Gordon, Harvey Grant, Austin Lindgren, L. McKay, Thomas Stretton and J. Bow.

Among the departures on Friday were: E. Kitchen, L. A. Goedbloed, O. Smith, C. Wilson, S. Gregorich, H. Snorro, T. Brooks, E. Collins, E. Brent, Father Lowery, J. C. Bigum, T. S. Baxter, H. McIntyre.

Concentrator Win From Mine 3-1 In Baseball Game

In a regular game of the Anyox Baseball League, played on the evening of Friday July 11th., the Concentrator managed to win from the Mine team by a score of 3 to 1, but they had a very close call.

It was a real baseball game, with plenty of action, and it was anybody's game right up until the last ball was pitched.

The base umpire came in for considerable razzing in the fifth inning when he made two very bad decisions in succession at second and third base, calling two of the Concentrator boys safe, with two men already out. That was plenty to get the Mine boys peeved, but it nearly broke their heart when Charlie Musser came up to bat and got a nice single that brought in the two men that had just discovered that Santa Claus was in town. But it was a very tough bit of luck for the Mine team, as the score, on the play of the game should not have been more than one run for each team.

The lucky ticket for the box of chocolates given away was number 90945.

Over 300 Enjoy Larcom Island Picnic

On Sunday, July 13, the Anyox Community League held a public excursion to Larcom Island, and it is estimated that fully three hundred people took advantage of the trip, which was made possible by the courtesy of the Granby Company, who kindly donated the use of the "Granby" for the day. Three capacity loads of people were taken to the Island during the day.

The day proved warm, but showery. During the rain most of the crowd sought shelter in the various buildings. In between showers, many indulged in a swim; and great was the appreciation of the coffee provided gratis by the Community League.

Altogether, it was a very enjoyable day, and another excursion to Larcom will be welcomed by all.

The success of the day was due in no small measure to the untiring efforts of Messrs. Manning, Gourlay, Dresser, Dodsworth and Ashton and Committee, who certainly put the trip over in a very convincing manner.

It has been decided by the baseball teams that two games a week was too much for a two team league, so from now on there will be only one game played each week, on Friday nights.

Plans for the great Northern Highway from Hazelton to the Yukon and Alaska are commencing to take shape. Survey parties are already in the field for the Provincial Government. The Alaska Government are also surveying possible routes through Alaska. The building of this trunk motor road through to the Yukon will be a splendid investment for the province. It will attract thousands of American tourists yearly, who will be able to step in their car at home, and travel to the enchanting land of "the midnight sun" at a minimum expense. It is safe to say that these tourists will spend millions of dollars in the province. The attraction of summer tourists, while beneficial, will not be the greatest benefit that the province will derive from the construction of this great motor road. It will open up for development purposes the rich and vast mineral areas of the Stikine river and Atlin districts, and in a few years prosperous communities will exist, where today the lone trapper and prospector holds sway. Our now isolated northern coast towns will be connected to the Northern Highway by branch roads. Due to the comparative short distance of Alice Arm from Hazelton and the favorable topographical nature of the country, after crossing the Illiance-Naas Divide, it is probable that Alice Arm will have connections with the road system of the North American continent at an early date. When this happy day dawns we shall emerge from the mining camp stage to a town of affluence. Alice Arm will become the distributing point for the rich fertile lands of the Naas and Cranberry river valleys. Rich in agricultural lands, water powers, furs, timber and minerals. We shall witness an influx of tourists, if we advertise our attractions, and when the prices of metals decline we shall not feel such ill effects as at the present time.

NOTICE

NOTICE is hereby given that the partnership hertofore subsisting between us the undersigned as Alice Arm Freighting Company in the Town of Alice Arm, County of Prince Rupert, Province of British Columbia, has on the latter day hereunder subscribed been dissolved by mutual consent. All debts owing to the said partnership are to be paid to Miles Donald at Alice Arm aforesaid and all claims against the said Partnership are to be presented to the said Miles Donald by whom the same will be settled.

DATED at Alice Arm, B. C., this 9th. day of June, 1930.
 MILES DONALD.

Canada Must Solve Unemployment Problem

Ottawa, June 28; (Special to the Herald.) Canadian industry is following the progress of unemployment relief legislation adopted by the Government of the United States it is stated by Government officials here. So far, though the unemployment situation in Canada has reached the serious stage, no comprehensive attempt at relief has been made.

Press dispatches from the United States show that the whole country is aroused by the problem, and that determined efforts are to be made to remedy it. Large public works and construction schemes have been undertaken in order to produce employment. With the advance of the season it is expected that the jobless American will be reabsorbed in his old pursuits said James J. Davis, United States Secretary of Labor recently.

"It is absolutely necessary to our national prosperity," said Mr. Davis, "that we set before us as a goal, regular employment, at liberal wages for all our working population."

Store Manager—"What do you mean by arguing with that customer? Don't you know our rule: "The customer is always right?"

Floorwalker—I know it. But he insisted that he was wrong."

A woman who appeared as a witness in court was told by the judge to talk as if she was at home. The case is still going on.

Nearly \$28,000,000 was voted by the Ontario Legislature recently for hydro-electric development work to be undertaken this year in the province for the Ontario Hydro-Electric Commission, a provincial government organization. Over \$18,000,000 is to be spent on the extension of the Niagara hydro system, upon which many millions have already been spent to provide cheap electric power over a wide area of rural and urban territory.

"There is a very large amount of capital in England ready for investment and it is felt in that country that it should go to Canada," said Major L. A. Jones, economic editor of the London Morning Post, who landed recently at Saint John from S.S. Duchess of Atholl, on a trip to Canada for the purpose of fostering better economic relations between the Dominion and the Motherland.

Four new game refuges adding 500 square miles to the existent 640 square miles of game sanctuaries in New Brunswick are to be established in that province for the purpose of preservation of the game supply, according to information given out by Hon. Charles D. Richards, Minister of Lands and Mines.

Fish caught by commercial fishermen in Canadian waters last year had a value of about \$55,000,000. Over 100 countries bought fish and fish products from the Dominion in 1929, valued at \$38,000,000. More than 80,000 persons find employment in Canada in the fishing industry.

The wild rose is now the floral emblem of the province of Alberta. The provincial parliament has enacted the legislation making this flower which grows so profusely all over Alberta, the provincial symbol. Choice of the emblem was put up to the school children of Alberta and the wild rose captured most votes, with the tiger lily next in favor.

Homestead entries taken out through the Dominion Land Office at Edmonton during the month of March last broke all records for that month with a total of 277 homesteads and 19 soldier grants which compares with 230 homesteads in March, 1928, the previous record March.

Educational Books Can Be Received From Victoria

The Herald has received a communication from the Mr. H. Killam, superintendent of Public Libraries' Act, Parliament Buildings, Victoria, requesting publicity of the work being carried out by the Public Library Commission.

Mr. Killam states that: "For a number of years the Provincial Government has carried on a work which has as yet been little heard of. There are only six public libraries in the Province; therefore most of the people have not the opportunity of getting from such institutions the worth while books which are constantly being published.

"For readers of serious literature, and for students, a collection of books, known as the Open Shelf Department, now numbering between 11,000 and 12,000 volumes, is available for borrowing by mail. The Government pays the out-going postal charges, while the borrower pays the return charge. No other expense is incurred by the borrower.

"It has been impossible to have a catalogue of the whole collection published, but a number of lists on various subjects have been printed, and other lists will be issued as funds allow."

The Herald has received a catalogue of books available to borrowers, and other catalogues will be published at an early date. If you wish a catalogue, forward your request to the Public Library Commission, Parliament Buildings, Victoria, B. C. Here is an opportunity for anyone to acquire first class instructive books at a very small cost.

Few Women Candidates In Political Contest

Ottawa, July 12th. (Special to the Herald.) Women have enjoyed the franchise in Dominion affairs since 1917, though it was not until 1921 that the unrestricted franchise was given them. Still that is nine years ago.

Add to that fact another, which is that women represent some 56 per cent of the voting strength of Canada at the polls on July 28.

Then consider that in all the 245 electoral divisions of Canada not a woman has been given a nomination by either of the chief parties in a "safe seat."

Miss McPhail, who has sat in the House since 1921, is progressive, and even she—unless someone drops out before nomination days—is up against an uncertain three-cornered fight.

Half the seats in Canada are reasonably safe for one part or the other. That is, nomination is about tantamount to election. Both parties are pleading strongly for the votes of women but, obviously there has been no real concern on the part of the constituency organizations to see them in Parliament.

Visitor: "I suppose everyone in the hotel dresses for dinner?"

Chambermaid: "Oh, yes, madam: meals in bed are charged extra."

"Lady of Snows" Gets Hot

Rudyard Kipling, poet of Empire and incidentally coiner of the phrase "Our Lady of the Snows" as a description of Canada, has now another view of the Dominion. Making a flying trip to this country he struck Montreal in the middle of a heat wave that boosted the thermometer into the nineties and made the poet wonder how he ever got the idea that Canada was

a land of snow and ice. "My chief impression of Canada, judged by the past few days, is heat," he said, interviewed on board S.S. "Duchess of Bedford," on which he is returning to England. Cut is reproduction of a crayon sketch of Mr. Kipling from the gifted pencil of Kathleen Shackleton, Canadian artist of high repute. (Copyright 1930, by Canadian Pacific Railway).

Everybody Sees

The ravages of the Forest Fire, but not everybody realizes that seventy per cent. of our fires in 1929 were preventable; in other words, they were due simply to carelessness. Pressure of public opinion has gone far to eliminate carelessness in other directions, but carelessness with fire is still amazingly prevalent.

T. S. Baxter Speaks on Behalf of J. C. Brady

Liberal Government to allow British made goods of certain kinds to enter Canada free, in the hope that Britain would buy Canadian wheat, seemed according to the speaker, a joke in the face of the fact that all of the items were such odd ones that we rarely import them from Great Britain.

The trade treaties with Australia and New Zealand, negotiated by the Liberal government showed very poor statesmanship and tact, and have done the Canadian dairy industry untold harm. Now we import 40 million pounds of butter and we used to export 24 million pounds.

In dealing with the unemployed situation directly, Mr. Baxter made much of Mr. Mackenzie King's "5c. speech." This savored, he said, of destructive criticism. Constructive criticism is more needed. A definite highway and railway construction programme was hinted at to alleviate immediate needs. A special session of parliament promised to deal with the unemployed situation as soon as the conservatives came into office.

In closing, he mentioned a few of those things for which previous conservative governments were responsible. His address terminated with the statement that the conservative party pledged itself to a tariff system sufficiently high to allow the Canadian manufacturer cost price preference. A preference being given to Empire goods if not detrimental to our industries.

Ladies Form Own Group In Golf Club

The lady members of the Anyox Golf Club formed their own group on Monday, and the following officers were elected: Honorary President, Mrs. Chas. Bocking; President, Mrs. G. Lee; Vice-President, Mrs. F. S. McNicholas; Captain, Mrs. D. Dean; Secretary, Mrs. C. O. Fricker; Committee, Mrs. W. Simpson, Mrs. J. L. Stewart, Mrs. F. Larson.

It was decided that Wednesday should be ladies' day on the course. The season started on Wednesday with a medal Handicap match. Eleven players took part, and the prizes for the two low scores were donated by Mr. C. H. Smith. The following are the scores of the first three:

	Gross	Hand.	Net.
Mrs. Fricker	63	18	45
Mrs. Lawn	51	5	46
Mrs. Dean	70	18	52

ALICE ARM NOTES

W. K. Gwyer, district engineer of the Public Works Department, and J. A. Anderson, district supt. spent several days in town during the week.

Messrs. Wright and Hinton, B. C. Land surveyors of Prince Rupert, were visitors in town during the week.

Dr. James of Anyox, spent the week-end in town.

Miss Alice Kergin left on Monday for Prince Rupert.

Mr. and Mrs. L. Sick left on Monday. They plan to settle in the Peace River Country.

N. Fraser, who has spent several weeks developing holdings of the Esperanza Mining Co. left on Monday for Prince Rupert.

Harold Eld of Anyox was a week-end visitor to Alice Arm.

Mr. and Mrs. C. Kruziak and daughter Agnes, arrived on Thursday from Anyox and will spend a month's vacation here.

Gus. Anderson arrived home on Monday from a prospecting trip into the Stikine country. He thoroughly enjoyed the trip.

Billy Wilson arrived from Vancouver on Monday to visit his father and sister Verna.

Mrs. T. Kydd arrived on Saturday from Anyox, and is spending a vacation with Mr. and Mrs. E. Yard.

Miss Christine Nucich, who has been spending holidays with her mother, left on Monday for Vancouver.

Miss Edna Edgar, who has spent the past two months here, visiting Mrs. B. Wilson, left on Monday for Prince Rupert.

ANYOX NOTES

Mr. and Mrs. T. Evans returned home on Monday from a holiday in the south.

F. Coles, piano tuner, arrived from Prince Rupert on Monday.

Dr. James, Mr. Wilson and T. Kydd returned from Alice Arm on Monday.

Rev. and Mrs. J. S. Brayfield left on Monday for Prince Rupert and from there will sail on the Prince Henry to Vancouver.

Mrs. Johnson and sons were passengers on Monday for Vancouver.

Mrs. W. F. Barclay and family are spending holidays at Silver City.

M. J. Sheen arrived home on Monday from holidays spent in the south.

Mr. and Mrs. J. Thompson and daughter left on Monday for holidays in Vancouver.

Mr. and Mrs. E. Carlson and G. Carlson left on Monday for Vancouver.

S. McDonald was a south-bound passenger on Monday.

Master John Dodsworth left on Monday for Vancouver and two weeks at Camp Artahan.

Mrs. Thompson and daughter arrived from the south on Friday to spend her holidays with her parents Mr. and Mrs. Ballantyne.

W. J. Greer, W. R. Love, H. McIntyre, Mr. Lamont, and Mr. Robinson arrived on Friday from the south.

Mr. W. Blackburn returned home on Friday from a visit to southern cities.

Mr. and Mrs. Kril were among the arrivals on Friday.

Miss I. Gillies returned home on Friday from a visit to Prince Rupert.

Rev. and Mrs. O. Carlstrom arrived from the south on Friday and left on Monday.

Mrs. S. Peters and son were southbound passengers on Friday for Victoria to visit relatives.

Mrs. G. Adams and daughter left on Friday for Alberta on holidays.

Mr. and Mrs. D. MacDougall were passengers on Friday for Vancouver and Seattle.

Mrs. A. Wardrope and family left for Victoria on Friday.

Miss Bow left on Friday for Vancouver, after spending holidays with her mother.

Mrs. C. H. Archers left for the south on Friday.

Mrs. C. MacIntyre and family left on Tuesday for Queen Charlotte Islands where they will reside.
