## Alice Arm Liberal Association Formed

A well attended meeting of the Liberals of Alice Arm, was held in the Coliseum, on Wednesday evening, May 17th. The meeting was called for the purpose of forming an Association and electing officers. Mr. C. P. Riel acted as chairman. The following officers were elected:

Hon. President—H. F. Kergin, M. L. A.  
President—C. P. Riel  
Vice-President—S. Dumas  
Secretary—W. Cummings  
Treasurer—G. W. Bruggy  
Executive Committee—A. Falconer, W. McDonald, J. Fiva.

After the election of officers the question of sending a delegate to the Provincial Liberal Convention to be held in June, came up for discussion, and it was decided to leave the matter in the hands of the Executive Committee to devise ways and means of raising the necessary funds, at a future meeting.

The Association is off with a good start, twenty new members having joined during the meeting. All supporters of the Liberal party are requested to attend the next meeting and help along the good cause. A local Liberal Association has been needed for a long time, in order to help further the interests of the district, and now that one is formed it is up to the supporters of good clean government to help it along.

## New Ore Body at Esperanza

### Property is Looking Good

More ore has been encountered at the Esperanza mine, which is situated about one mile from Alice Arm. The ore was found in the upper workings and the vein is 2 feet in width. The tunnel in which the ore was found is the oldest tunnel at the mine, and was driven in 1911 in order to strike some out-croppings in the creek bed, but did not reach the ore.

Mr. Elge, manager at the mine, decided a short time ago to lengthen the tunnel, and struck the ore after driving a few feet. It is expected that a considerable body of ore will be developed, but work at present is suspended on this particular showing, owing to the large quantity of water coming in the tunnel. Work will be resumed as soon as the ground dries out.

The Esperanza has all the appearances of developing into a shipping mine of considerable proportions, in the near future. Systematic development work is being steadily prosecuted, with very encouraging results.

## Anyox Baseball

### Elks Win in Opening Game of Season

If the opening game of the Anyox Baseball League is any criterion, the fans are in for a season of real good sport. Notwithstanding the fact that the ground was not in the best of shape, nor had the ground some time prior to the opening day been favorable for consistent practice, the game was splendidly contested by both teams and was sure an exhibition of the grand old game. For the Smelter, Fitzgerald and Stewart did the battery work while Draudson and Robertson held down the same same positions for the Elks. Both pitchers were steady and had good support, the fielding being remarkably free from errors. There were eight hits off Fitzgerald and four off Draudson according to the score card. The Elks batters connected with the ball when their hits counted. Sherman handled the snappiest play of the game when he stopped a hot grounder and nipped the batter nicely at first. He also scored the only tally for the Smelters. Downs for the Elks got three nice hits, and he crossed the plate for two of the Elks total, Thorley scoring the other one. The game went seven innings, the score being 3 to 1 in favor of the "Brother Bills." The innovation of a paid umpire met with the approval of the fans, and Ed Waterman handled the game extremely well, and if he keeps starting the players away prompt on time through the season and keeps them moving through the games, it will give great satisfaction, because good ball must be all snap.

The line-up was as follows:

Elks		Smelter
Draudson	P.	Fitzgerald
Robertson	C.	Stewart
Thorley	1st. b.	Roye
Downs	2nd. b.	Sherman
Greenwell	3rd. b.	Madder
Canpbell	L. F.	Gray
Bagwell	R. F.	Davis
Menzies	C. F.	Hayes
Dow	S. S.	Macintyre

The sympathy of Anyox this week is extended to Mr. and Mrs. W. Crear, who this week lost their infant son Alexander, who died in the Hospital on the morning of May 16th. The baby was born on February 6th, and was home only a short time when he took sick and was taken to the hospital where he got the best of attention, and had every appearance of being well enough to go home, but on Sunday night had a relapse and passed away on Monday morning.

Internment took place at the cemetery, on May 16. Rev. J. B. Gibson, Anglican Church, conducted the Service.

## Alice Arm is Going Ahead

### Town Has Great Future

Two new organizations have been formed in Alice Arm within the last two weeks; new stores are going up; new mining companies are coming in; new bodies of ore are being found; new trail systems are being considered, and new people are arriving. Why all this excitement? the stranger may ask, and the answer is: because Alice Arm holds the key to the rich mineral belts of the Kitsault and Illiance Valleys; it is the gateway to the rich agricultural and mineral lands of the famous Naas Valley, and the natural deep sea port for the Peace River wheat lands and the Groundhog coal fields. Is it any wonder new stores are going up, and new people are coming in to investigate the possibilities of this future city of the Pacific Coast? Alice Arm has received some jolts in the past and has weathered them magnificently, and the people who have shared her fortunes and misfortunes stand ready to reap the reward of their optimism and perseverance.

## Anyox Football

### Smelter Wins Game from Elks by 4 Goals

A soccer team representing the Smelter took the Elk's team into camp last Friday night to the tune of 4 goals to nothing. Just what happened to the antlered herd on this particular occasion has not yet been satisfactorily divulged, nor do the alibis ventured offer any real explanation of the result. The Smelters had an easy time, but the Elks made it just that easy for them by playing ragged football throughout the periods of the play. At half time the score was 1 to 0 in favor of the "gas eaters," who started kicking down hill. It was expected that when the positions of the teams were reversed for the second period that the Elks would soon equalize this, but the dope was all wrong, and kicking against the grade the Smelters landed three more, and stopped the Elk's from scoring. Joe Hart with the whistle, kept pretty close tab on the play and gave the fans no chance to crab at his decisions.

Here's the way they lined up:

Smelter: goal, Farrell; backs, McKenzie & Kirkland; half-backs, Gilmour, Stewart and Barton; forwards, Brown, Dodd, Sherman, Mahoney and Fitzpatrick. Elks: goal, Gray; backs, Roberts and Robertson; half-backs, Crear, E. N. Ballion and Wilson; forwards, Armstrong, Cane, Robertson, Fitzgerald and H. T. Ballion.

## Community League Council Meeting

### A Large Amount of Business Transacted

The regular weekly meeting of the Community League Council was held in the Recreation Hall, on Wednesday evening, May 17, at the usual hour. In the absence of the President and Vice-President, Messrs. Williscroft and Conway, Mr. Armour was appointed to the chair. Councillors present, were: Mrs. McKay, and Messrs. Morrow, Murdoch, Simpson, Buzelle, and Barr.

After the minutes of the previous meeting were read and approved, and the secretary's report read, the Council took up the request of Mr. E. Waterman for a refund of an equity held by him in the orchestra instruments taken over by the League some time ago, and for which there is still an amount owing at the Granby Company's Stores. It appears that the Council agreed to return the amount of subscriptions received, toward payment of the instruments when these were first secured, and though Mr. Waterman did not contribute the amount requested in cash from his pocket, he held that he and his associates in the orchestra had contributed as a result of their labor \$102.00, which was paid to the store as a result of dances given by them, and contended that he was entitled to the amount asked for. Considerable discussion took place over the matter, and Mrs. Eve, who was present volunteered some history in connection with the instruments and payments made on the same.

Mr. Murdoch thought that Mr. Waterman was entitled to the full amount of his claim and moved that he be paid. This was seconded by Mr. Simpson and carried.

The secretary was then instructed to take charge of the instruments. Mr. Buzelle suggested that whoever wanted the use of them in future should pay some rental, but a motion by Mr. Murdoch, which was seconded by Mr. Simpson, was approved by the Council, to the effect that no charges should be made for the use of the instruments when required for anything in connection with A. C. L. activities. Mr. Selfe suggested that the instruments be appraised.

In connection with a certain part of the ball grounds, Mr. Simpson thought a few loads of gravel would be beneficial and might prevent a serious accident. The matter was left to the secretary to remedy.

The Chair suggested that a rubber stamp be secured for the Library, for the purpose of stamping all magazines and periodicals, requesting patrons not to remove them from the Reading Room.

This was approved by the Council.

Mr. Buzelle wanted to know how much money was taken in at the first ball game through subscriptions. The secretary reported an amount of \$18.25.

The question of where the Granby News was to be published in its new form was asked by the Chair. The secretary informed the meeting that it had not as yet been decided, but it would probably be printed at Prince Rupert for the time being.

Mr. Buzelle moved that the secretary interview the management of the Granby Co. for the purpose of ascertaining whether or not it was't possible to get a reduction in the price of the soccer and baseball goods lately purchased by the League. This was seconded by Mr. Barr and passed by the Council.

On the question of paying umpires and referees officiating at the baseball and soccer games, Mr. Simpson took a decided stand, and wanted to see this done away with. It was finally decided to await the presence at the Council of a member of the Ways and Means Committee.

The members of the Theatre Orchestra waited on the Council and asked for an agreement of four months duration so that they could make some improvement in their equipment, and be sure of steady employment for that length of time. Mr. Selfe was asked to give his views on the matter, and stated that the patrons of the show as well as he himself were very well satisfied with the music of Messrs. Hayden and Martin, who were satisfied with a verbal assurance, but Mr. Simpson felt that it would be better if a written agreement were drawn up, and which the Council would expect to work both ways, Messrs. Hayden and Martin giving the Council the assurance that they would have first call on their services for the same length of time. This was agreed to and the musicians decided that in the future their aggregation would be known as the A. C. L. orchestra.

Mr. Murdoch brought up the question of an outing to Alice Arm or some other place, for the kiddies of Anyox, this coming summer. Continued on page 3.

## Building Brisk at Alice Arm

Another building is in the course of erection at Alice Arm. Mr. Wilson, who arrived last week from Vancouver is busily engaged in erecting a store on Telegraph Street to be used at a butcher shop as the smaller store at the rear end of the lot will not be large enough to handle the business this coming summer. The building is being rushed with all possible speed.

**This is for the Benefit of all Logging Liars**

A whole lot of "con" stories have been told around the bunkhouse stoves of the logging and mining camps throughout the west regarding the celebrated Paul Bunyan and his remarkable feats of strength and skill. The stories, however, that has been told about Paul since he came west has sometimes been exaggerated, and this has caused one of our subscribers to send the following letter.

The letter is from Way Point from "an old logger on the job," and is for the edification of all loggers in this neck of the woods who claim to have broken records or to have known men who broke them in handling logs.

"Having worked with Paul Bunyan on some of his biggest jobs, it gets under my skin to read some of the atrocious suggestions that have been written about him of late. Anyone can see with half an eye that they are absolutely impossible. Back in 1820 I was with him when he wrecked the Bridge of Gods, because it had been condemned as a menace to river traffic. I came west with him the following year, when he signed a contract to clear the prairie of timber and level it off in ninety days, which he did ten days before the specified time. I also accompanied him to the coast and was with him when he dug the Portland Canal.

The speediest job I ever saw him do, though, was in a contest with an Irish woods boss from one of the southern pine camps. This Irishman had worked up a local reputation and thought he was riding astride the world until he sent a challenge to Paul stating that he was the better faller of the two and demanding a match. They decided to meet in the redwoods. Thousands flocked there to see these two supermen.

"The referee picked out two big redwoods, each 34 feet in diameter and 240 feet high, and the men took their places. The starter's whistle popped and before the echo had died away Paul had burned out three saws and flattened the edges of five axes putting in his undercut. Grabbing a new 40-foot saw he started to put her down. So fast did he saw that it took 17 men to keep him supplied with saws, and there was a stream of melted steel pouring out of the saw cut. As fast as one melted Paul put in a new one. He perspired so much that the spectators had to take to the trees to keep dry, and

finally when the tree cracked the sweat was so deep that Paul was treading water and sawing.

"Well, when that tree leaned to an angle of 65 degrees Paul grabbed a bucking saw and ran up it 20 feet and bucked off a log, then another 20 feet, and by the time the tree was down it was all bucked up into 20 foot logs, and Paul had done a swan dive from the last one, 80 feet in the air. They looked around and were surprised to see the Irishmen's tree still standing with a cut about 20 feet deep in it, and him missing. However, he had written on a paper the following: 'As a logger I'm a good bull-cook.'"

**Catholic Ladies Give Card Party and Dance at Anyox**

The card party and dance held at the Catholic Hall last week was a very successful affair. Twenty-five tables were set for cards, and so large was the gathering that accomodation could not be found for everyone. Ice cream, cake and coffee was served, and prizes awarded to winners of card games. After cards, dancing was indulged in and a most enjoyable evening was spent.

The ladies of the Catholic Church wish to thank all those who helped to make the party such a success.

**ANYOX BRIEFS**

Mrs. Jas. Wier left last week to spend a vacation in California.

Mrs. D. Reddich was a south-bound passenger last week on the Prince George.

Mr. and Mrs. H. Speight are on a six month's trip to England.

Wm. Logan has gone to Vancouver in order to obtain special treatment for his eye which he injured recently at the mine.

Sid Miller, who has been confined to the Hospital for some time is around again. Sid is well pleased with the treatment he received while in the Hospital.

Mr. J. Lowry left last week on a trip to Vancouver.

The Busy Bees of the Anglican Church will hold a Sale of Work and Home Cooking on Saturday afternoon, May 27. Afternoon tea will be served.

Mrs. J. F. Cloke entertained a number of friends at her home, on Thursday afternoon, May 11, when a very pleasant time was spent.

Shipments of Premier ore is arriving regularly every week.

Summer sports are now in full swing, and the outlook is bright for a season of good sport. All the players are in the pink of condition. Napoleon Draudson, one of the Elks famous twirlers says he is in better form than ever. LOOK OUT BOYS.

Mining machinery for the Mamie property which is situated on Hudson Bay mountain, near Smithers has arrived, and is being transported to the property. The shipment includes a complete compressor plant and water wheel for the change to power work after a year of hand drilling in driving the original tunnel. It is expected that everything will be ready for operation by June 1st. About 25 men will be employed.

A town is just like an auto going up hill—when it refuses to go forward it goes backward.

**Anyox Community League**

Council meets every Wednesday Evening, at 7.30 p.m. Every second Wednesday of month at Mine Hall; every first, third and fourth Wednesday at Recreation Hall.

If you can suggest anything to better conditions, tell it to us at the meetings.

**RE SPECIAL TIMBER LICENCES**

The attention of Timber Licence holders who are taking advantage of the provisions of the 1921 Amendment to the Forest Act, whereby arrears of licence fees accrued prior to 31st. December, 1920 have been funded and made payable in annual instalments, is specially directed to the fact that any renewal fee which became due in 1921 is not included in the instalments above mentioned, and such 1921 and all subsequent renewal fees must be paid within one year after the date of expiry of the licence in order to maintain the right of the holder to obtain a renewal of the Licence.

# Anyox Parent-Teacher Association Meeting

Interesting Address by Mr. Pinder-Moss

The regular May meeting of the Anyox Parent-Teacher Association, was held on Friday evening, May 12th, in the New School. A good turnout of members were present to enjoy a programme provided by the school staff. The teachers were fortunate in securing Mr. John Pinder-Moss, organizer of the Polytechnic, as speaker for the occasion.

In a very informative and illuminating address, Mr. Pinder-Moss stated the case most effectively for technical education. Developing his subject from the observation that all nature adopts business principals, as indicated by systematic building by birds, and by the fact that the brain of primitive man drove his hand to provide the necessities of life. The speaker showed how this co-operation of knowledge and practice would increase the efficiency of our present system of education. The age when the masters taught their apprentices skilled craftsmanship had passed, and now the necessity arises for our present day schools to prevent the boys and girls from being forced to enter their chosen trades ineffectively equipped to meet the practical problems of business life. Technical education not only effects a happy choice in one's career, but it puts into practice, in school days the pupils' acedemical knowledge and furnishes the natural means of working harmony of brain and

hand, which is most fitting for future men and women of practical affairs. Under this system interest is easily sustained, and discipline readily maintained.

In no centre in America continued the speaker, could there be better opportunities or facilities available for the encouragement of this form of education. With the establishment in Anyox we hope of a wood-working and household science center in connection with the schools in the near future, the "Tech" idea will be fostered and will develop and flourish we feel sure.

Very delightful musical numbers were provided in the form of a vocal solo—Japanese Love Song, by Mrs. E. J. Conway, and a violin selection—Henry VIIIth. Dance, by Mr. Parker. It was a treat indeed to enjoy this part of the programme.

Considerable pleasure was afforded the patients of the local hospital on the evening of May the 9th, when the P. T. A. members put on some of the sketches from our last Dickens' Evening, and we are glad to thank those who made that pleasureable occasion possible by their unstinted time and effort.

CONTRIBUTED.

# SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS**

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands acquiring rights from purchasers who failed to complete purchase involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING**

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

# Community League Meeting

Continued from page 1.

Mr. Buzzelle thought that it would be a good thing if they could be taken to the Hot Springs on the Naas River. Mr. Simpson thought that the whole matter should be left to the Ways and Means Committee to deal with, but the Chair suggested that a committee be appointed for the special purpose of dealing with the business. This was done and the Committee consists of Mrs. McKay and Messrs. Buzelle, Warwick and Murdoch.

## Farewell Party at Anyox

On Tuesday evening, the residence of Mr. and Mrs. C. W. Farnell, was the scene of a farewell party to Mr. & Mrs. R. Wilkinson, who, owing to Mr. Wilkinson's health are moving to Arizona.

Among those present besides the guests of honor, were: Mr. & Mrs. A. W. Seaton, Mr. and Mrs. J. F. Wilson, Mr. & Mrs. A. Jenkinson, Mr. and Mrs. T. B. Wharton, Messrs. F. Graham, J. Wilson, and W. Legg.

The evening was spent in playing whist, the prize winners, being: Mr. and Mrs. Seaton, booby prize, Mrs. Wilson and Mrs. Jenkinson, and F. Graham.

After the cards, Mrs. Farnell served a dainty supper.

Gus Webber left for his ranch in the Naas Valley on Sunday.

O. M. Watson is in charge of operations at the Kitsault wing dam.

Logging operations are now in full blast at the Wheatly logging camp across the bay.

The Calendar says its May, but the weather is November.

See Al Falconer, for Wood or Coal

Prospectors and owners of mineral claims are reminded that Wednesday, the 31st. day of May, is the last day for renewing Free Miners' Certificates.

### ANYOX NOTES

FOR RENT at Alice Arm. Two-Roomed House. Furnished; including cook stove and heater, bed, dishes, table, etc. \$30 per month. Apply The Herald.

Mr. and Mrs. Wilkinson left on Thursday, for Arizona.

Mrs. C. Wing left on Monday to visit her brother, who is seriously ill at Tacoma. Mr. Hillberg, who is also a brother, left with Mrs. Hillberg, on Thursday for Tacoma.

Donald McLean and Dan McPhail were out-bound passengers, on Thursday.

On Wednesday, May 24th, the Launch "Awake" will leave Anyox at 9 a.m. for Alice Arm. Returning, will leave Alice Arm at 7 p.m. Return Trip \$3.00.

Alex Nisbet of the No. 2 Power House left on Thursday, and will be away a few months. He is expected in some circles to bring back a bride with him

Thos. Gillispie, an old resident of Anyox returned on Thursday from Australia where he spent the winter. Conditions in Australia, he says, are far worse than they are in Canada.

Mrs. C. Kerr arrived from Vancouver, on Thursday, to join Mr. Kerr. He has left the bachelor quarters in the Yellowstone apartments and taken a house.

Mr. H. Wilby and Mr. Pamp- lin will conduct the Evening Service in the Union Church tomorrow night, May 21st.

Mr. and Mrs. Crear wish to thank their friends in Anyox for their expression of sympathy and kindness during their sad bereavement.

"Mothers' Day" Services were held in all the Churches last Sunday. We announced last week that although the Rev. J. Herdman had gone out Services would be held as usual, but on Sunday it

was unusual, for a lady preached the sermon, which was appropriate to Mothers' Day, and very ably delivered by Mrs. Bromley. Which gave decided proof that woman can take her place in most any line of endeavour.

During the night of Thursday, May 11th, the Pool Room at the mine was broken into, by breaking down a door. No other cash being available they stole a subscription of \$2.50 for the Herald, which was in an envelope. The low-bred dirty bum.

Subscriptions to the Herald can be taken at the Cigar Stand, General Store, or from Mr. J. M. Eplin. Subscription Rate, \$2.50 a year; \$1.50 for six months.

### ATLIN ELECTORAL DISTRICT

NOTICE IS HEREBY GIVEN that, I shall, on MONDAY the 19th. day of June, 1922, at ten o'clock in the forenoon, at the Government Office, Anyox, B.C., hold a Court of Revision for the purpose of revising the voters' list of the above named Electoral District, and of hearing and determining any and all objections to the retention of any name or names on the register of voters for the said district.

Dated this 8th. day of May, 1922, at Anyox, B. C.

JOHN CONWAY,  
Registrar of Voters,  
for the Atlin Electoral District.

### MINERAL ACT

#### CERTIFICATE OF IMPROVEMENTS

##### NOTICE

Athos, Portes, Arnes, D'Artagnon and D'Artagnon No. 1 Mineral Claims, situate in the Naas River Mining Division of Cassiar District, about twenty miles up the Kitsault River on east side.

LAWFUL HOLDERS: J. D. Meenach, Free Miner's Certificate No. 40876-C; R. D. Brown, Free Miner's Certificate No. 40877-C; John Holmgren, Free Miner's Certificate No. 40878-C; Chas. E. Frey, Free Miner's Certificate No. 40879-C.

Take notice, that I, William E. Williams, Free Miner's Certificate No. 44378-C, agent for the above-named lawful holders, intend at the end of sixty days from the date thereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above mineral claims.

And further take notice that action under section 85 of the Mineral Act must be commenced before the issuance of such Certificate of Improvements.

Dated this 20th. day of March, 1922.

W. E. WILLIAMS,  
Barrister-at-law  
Prince Rupert, B. C.

TOBACCO DEPARTMENT

### The Secret of a Good Smoke

lies in a good Pipe. There is as much difference between an ordinary Pipe and a genuine Briar, as there is between Laundry Soap and a cake of Pears.

We have just received a Complete Stock of the following well known Pipes:

"Peterson Patent." "B. B. B."

"G. B. D." "Loewe's," and the

famous "Dunhills"

CALL AND LOOK THEM OVER

## BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of \$734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

Production During last ten years, \$336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,  
VICTORIA, British Columbia
