## Alice Arm Welcomes New Year With Big Dance

Gaiety, geniality and goodfellowship, plus the splendid music of the Alice Arm orchestra and the excellent refreshments provided, were outstanding events of the New Year's dance at the Alice Arm Hotel on Wednesday evening.

All thoughts of trade depressions, low prices for metals and other troublesome things were relegated to the background, and everyone abandoned themselves to the pleasurable task of giving the old year a final kick and welcoming in the new with music and mirth.

The dining room of the hotel was thronged with dancers from an early hour, and at the hour of midnight all joined hands and speeded the old year to oblivion by singing "Auld Lang Syne" and as the New Year dawned everyone was busily engaged in the time honored custom of wishing everyone else a "Happy New Year." The passing of the old year was represented by Jerry O'Connor, arrayed as Old Man Time with the scythe, followed by Ronald Evindsen, as the young and promising 1931.

Refreshments were then enjoyed by everyone and the hot coffee and delicious vivands, supplied new energy to the eager dancers and during the next few hours, fox trots, one steps and waltzes followed one another without intermission. But somewhere about three o'clock even the most energetic began to lose their vim, and shortly after, one of the most enjoyable New Year dances ever held at the Hotel was brought to a close.

Everyone present were the guests of Mr. and Mrs. O. Evindsen, and the thanks of all were extended to them. This was done during one of the dances when all joined hands and forming a circle placed the hosts with their daughter Alma in the centre and lustily sang "For they are Jolly Good Fellows."

## I. O. D. E. Will Meet On Monday

The Collison of Kincolith Chapter I.O.D.E. will hold its regular monthly meeting on Monday, January 5th, in the Legion Club Room at 7.45 p.m. Nominations will take place.

The speaker for the evening will be Mr. W. F. Eve, subject: "Parliamentary Procedure."

## Preliminary Mining Review For 1930 Shows Industry In Very Healthy State

### Estimated That \$11,000,000 Was Paid In Dividends Last Year From B. C. Mines

New high record outputs of silver, lead and zinc, in 1930 in part compensate for a 19 per cent decrease in the gross value of the mineral production of the Province, mainly caused by very much lower average metal prices and a decreased coal output. Dividends for the year are estimated at the substantial sum of \$11,000,000 and development, scouting and prospecting activities were well maintained considering the worldwide business depression of the current year.

These encouraging statements regarding the mining industry of the Province are contained in Bulletin No. 3, Preliminary Review and Summary of Mining Operations in British Columbia during 1930" now released for distribution by Honorable W. A. McKenzie, Minister of Mines.

In commenting on the bulletin, Mr. McKenzie pointed out that the results were very satisfactory and that the outlook for the future was encouraging. While the closing of

certain mines has caused some unemployment, he considers that mining has weathered the storm of depression in a better way than might have been expected.

Although some mines were closed down, five new mines were brought into profitable production during the year. The Resident Engineers' reports show a surprising amount of activity in prospecting, scouting and development in their Districts.

Coal production shows a further decline, but Mr. McKenzie hopes that the low point has been reached and that in 1931 coal sales will increase.

That British Columbia is still a fertile field for the prospector is shown by a number of new discoveries made during the year, two of which give promise of importance; both of them were immediately optioned by large operating companies and active development commenced.

An important outgrowth of the

mining industry is the construction near Trail by the Consolidated Company of the \$10,000,000 plant to manufacture chemical fertilizers. Early in 1931 the first units of this plant will commence production and this will be an important addition to the industrial activity of the Province.

The bulletin (No. 3, 1930) is compiled by John D. Galloway, Provincial Mineralogist, and contains a comprehensive statistical review of the industry for the year. Concise reports by the Resident Engineers give useful information on mining activities in their respective districts; and an estimate of coal production by the Chief Inspector of Mines is also included in the bulletin.

The gross value of the mineral production of the Province for 1930 is estimated at \$55,164,515, a decline from the output in 1929 of \$13,080,928, or 19.15 per cent.

The following table shows the estimated production for 1930 and comparative figures for 1929:

### ESTIMATED MINERAL PRODUCTION FOR 1930

(1929 Final Figures Shown by Comparison)

Description	Production 1929		Estimated Production 1930		
	Quantity	Value	Quantity	Value	Increase
Gold, placer, oz.....	6,983	118,711	9,100	154,700	35,989
Gold, lode, oz.....	145,339	3,004,419	154,000	3,183,457	179,038
Silver, oz.....	9,918,800	5,256,270	11,800,000	4,534,268	722,002
Copper, lb.....	101,483,857	18,375,682	92,000,000	11,928,720	6,446,962
Lead, lb.....	302,346,268	15,269,696	320,000,000	12,605,120	2,664,576
Zinc, lb.....	172,096,841	9,268,792	250,000,000	9,043,250	225,542
Coal, tons (2240 lbs) .....	2,251,252	11,256,260	1,878,000	9,390,000	1,866,260
Structural Materials....	—	3,921,768	—	3,400,000	521,768
Miscellaneous minerals and metals.....	—	1,773,845	—	925,000	848,845
Totals		\$68,245,443		\$55,164,515	\$13,080,928

### And Still No Frost or Snow

Here we are at the third of January and enjoying September weather. Not a particle of snow lies on the ground, and no frost holds the soil ironbound. The beautiful weather of the past week has been appreciated by everyone, and whatever happens now in the way of frost or snow, we can at worst experience only a short winter, in comparison with those of past years.

Mr. Harry Smith has been appointed local agent for the estate of the late Mr. J. Stark in this district. He received definite word from Vancouver this week.

### Leaves Anyox For Flin Flon

Mr. Ivor Bassett, who has been testman at the concentrating mill since the latter part of 1926 left on Wednesday for Northern Manitoba. He has accepted a position from the Hudson Bay Mining Co. in the research department of the concentrating mill at the Flin Flon mine.

### Important Basketball Meeting

An important meeting in connection with the Men's Senior Basketball League will be held in the Recreation Hall on Monday next, January 5th at 7.30 p.m. Players are requested to be present.

### Disorderly House Occupants

#### Fined This Week

On Saturday, December 20, at the Anyox Police Court, Rose Morris was fined \$50 and costs for keeping a disorderly house and Margaret Smith and Lenore Lehman, occupants, were each fined \$25 and costs. E. Anderson was fined \$10 and costs or 15 days on a charge of being found in a disorderly house without lawful excuse.

You are only going through life once. Why not keep in touch with what is going on around you? Subscribe to the Herald, and obtain all the news of the district.

## Anyox Celebrated New Year's Incoming Joyously

An extraordinary large number of people were present at the Elks' New Year Frolic and Dance on Wednesday evening to speed old 1930 on his way and welcome young 1931, from whom better times are expected.

Almost a record number attended the dance, and the gorgeous decorations; the large crowd and the excellent music combined to make a very animated scene. The Gymnasium was decorated in the colors of the Elks' Order—purple and white—and the massed colors and fascinating designs were greatly admired.

Music was supplied by Harry Ward's Orchestra, and the splendid music, combined with the festive season was responsible for even those with the stiffest joints joining in the gaiety and stepping a fox trot.

At the hour of midnight all joined hands and voices in singing "Auld Lang Syne," and no one had any qualms in bidding farewell to the passing year with its low prices for copper and short time, and all were ready to welcome young 1931, who, it is hoped will deal more kindly with us.

And the supper that followed. It was a banquet. Cold roast turkey, and lots of it, and all the trimmings. When it had been partaken of, everyone felt capable of dancing until breakfast time, and some probably would, but the tired orchestra was forced to call it off.

It was an excellent night's entertainment and the Brother Bills of Anyox Lodge again lived up to their reputation, that as entertainers they are second to none.

## Choral Society Will Meet On Tuesday

The members of the Choral Society will meet on Tuesday, January 6, at the United Church Hall to commence rehearsals for their second concert of the season. It is hoped that all members will turn out Tuesday and make a good start on the many new items of the proposed program.

If your subscription to the Herald is overdue, will you please pay as soon as possible, as it takes money to place the week's news in your hand each week.

**"Bright Lights" Will Shine at Theatre Tonight**

The legion of admirers Dorothy Mackail has recruited, particularly since talkies introduced her voice in "The Barker" and "The Captive Woman," will see her in her latest picture "in her true colors." She will be seen in a Technicolor film.

The picture is "Bright Lights," a First National special dramatic film, with music and dance numbers incidental to the romance and drama surrounding the evolution of a celebrity from a muscle-dancer in an African dive.

Seen in natural color film, Miss Mackail not only gets the full benefit of her typical English ruddy complexion, blue eyes and blonde hair, but she takes on a very becoming roundness characteristic of the Technicolor film, which lends depth and stereoscopic effect.

Frank Fay, Noah Berry, Daphne Pollard, James Murry, Tom Dugan, Inez Courtney and many other favorites have important roles in "Bright Lights," which Michael Curtiz directed. It was written directly for the screen by Humphrey Pearson, author of "On With the Show."

"Bright Lights" will be the feature attraction at the Anyox Theatre, Saturday, January 3rd.

**Mild Christmas Throughout Canada**

Ottawa—Canada, poetically termed "Our Lady of the Snows," went without her oft heralded "White Christmas" this year. From ocean to ocean and from the rugged Arctic shores down to the United States boundary weather ruled generally "fair and mild." Snow fell at only widely separated points across the country. Christmas Day's lone sub-zero temperature was listed at Dawson in Yukon Territory where it was only two degrees below zero.

**News Items From The Provincial Capital**

Victoria, December 27, 1930. Recent plebiscites on the sale of beer by the glass have resulted in favor of the measure. In the Similkameen district, Coalmont approved it by 47 to 10 and Hedley 44 to 8. In North Okanagan four out of five centres gave 329 in favor and fifty against the sale of beer. At Chase 114 were in favor and 21 against. The biggest test is to come in Victoria on January 10th. In the general referendum the capital city voted down the beer parlors by about 2,000 majority. After several attempts the necessary petition for resubmission has been secured.

Seventy-two out of the 75 municipalities of the province have signed agreements with the government for funds to be spent on unemployment relief. These involved the expenditure of \$1,728,196 on public works, one half the cost being borne by the municipalities and the other half by the Dominion and Provincial Governments in even amounts.

The Department of Agriculture has been active in supplying pure bred livestock to farmers' Institute this year. They have secured 41 bulls this season as against 33 last year with other stock in proportion. The Department buy these animals for the Institutes and pays transportation costs. The farmers pay half or one-third down and the balance on yearly instalments.

The Liquor Board has urged British and European exporters to this province to ship their goods in cases made of B. C. timber. As practically the entire packing case business of Great Britain uses imported lumber, this has already had the effect of starting many inquiries here for box shooks and packing case lumber for the British and European market. It is believed that the result will be greatly stimulated, as if used for one purpose it may easily be used for others.

Canada's fishing grounds are said to be the most extensive in the world. On the Atlantic coast there is a shore line of 5000 miles, and on the Pacific a shore line of 7000 miles, and there are 15,000 square miles of inshore waters.

**Will Not Refine Copper At Trail**

One result of the participation of Consolidated Mining & Smelting Co. Ltd., in the financing of the Ontario Refining Company, along with International Nickel of Canada, has been the removal of all copper refining operations formerly carried on by the Trail smelter and refinery, to Eastern Canada.

This was revealed when it became known that in addition to blister copper from Granby Consolidated, which was formerly refined by Consolidated, Ontario Refining Company has purchased the remainder of the copper refining equipment of the Consolidated Mining and Smelting Company, and this equipment is now incorporated in the copper plant.

Prior to this year Consolidated Mining and Smelting Company was the only producer of refined copper in the Dominion, with a capacity for refining 15,000 tons annually.

Mineral production per capita in British Columbia in 1929 was \$116 and for Canada, \$32.

**STEAMERS SOUTH**

*Aristocrats of transportation*

CANADIAN NATIONAL offers many luxuries and comforts which add pleasure to your trip South by Steamer or East by Train.

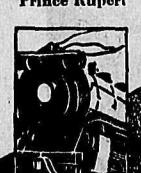

S.S. "Prince George" or S.S. "Prince Rupert" leave Anyox for Prince Rupert and Vancouver via Stewart, Wednesday at midnight.

Regular services to North and South Queen Charlotte Islands. Particulars of sailings, rates, etc., on request.

Passenger trains leave Prince Rupert for Edmonton, Winnipeg and points East every Monday, Wednesday and Saturday at 11:30 a.m.

**Canadian Buffalo Increasing**

Ottawa, Canada: December 27: (Special to the Herald). The herd of 10,000 buffalo in Wood Buffalo Park near Fort Smith, N.W.T. is made up of the 1,500 wood buffalo for which the reserve was originally set aside; the 6,673 animals shipped north from Wainwright, Alberta, and the increase from those animals, which are thriving exceedingly.

It is reported that an American bride insisted on saying "Yes" instead of "I will" at the marriage ceremony. This is hard to believe. Surely she said "Yeah" or "O.K. by me," or even "And how!"

**Here and There**

(676)

Up to December 15 more grain had been delivered to ships at West Saint John than during the entire month of December, 1929, and this traffic bids fair to exceed that of last season for Mediterranean and other European ports, according to information gathered at Canadian Pacific Railway headquarters. In addition to grain at seaboard, 1,500,000 bushels were in transit at mid-December, with further orders coming in daily.

Holders already of two Dominion championships, the first aid team of the Canadian Pacific Railway's Toronto freight offices added further laurels to their crown by taking, in face of stiff opposition, the silver challenge shield of the company's eastern lines championship, and a week later journey to Winnipeg where they captured a third Dominion trophy by defeating Weston Shops, winners of the western lines championship, by 35 points. Winning team was: W. T. Warren, (captain), A. T. Curle, H. H. Braid, C. W. Sellen, W. J. Turk and C. W. Macey (spare).

By the throwing of a switch in the Saskatoon power house of the Saskatchewan Government Power Commission a new era for many towns in central Saskatchewan was recently introduced. This act marked the energizing of the new high tension power line to Shellbrook and the lighting up of that town and of a number of intervening towns by electricity supplied from the central electric station in Saskatoon. About 400 miles of power lines will be functioning shortly and a hundred towns will be effectively lighted and supplied with power.

More than half a million Christmas trees have been shipped from the Province of New Brunswick to points in the United States. The supply of Christmas trees from New Brunswick for United States comes entirely from privately-owned lands as the exportation of such trees cut on government-owned lands is forbidden.

During the past two years forty Danish families, comprising 165 persons, have bought farms in Nova Scotia. Twenty-five of these families made their purchase this year. These farms are situated along the Gulf Shore from Pugwash to Antigonish, in Hants County from Walton to Cheverie, and throughout the Annapolis Valley as far west as Bridgetown.

In the first nine months of 1930, more than 380,000 pounds of mail were carried by air mail services in Canada. One-half of the services operate out of Montreal. Two new services are projected. One will cover the route from Amos to Siscoe, newly settled districts in Northern Quebec, and the second from the Peace River to North Vernon, in the North-West Territories. There are 500 aircraft flying in Canada, with 717 pilots, of whom 403 are commercial. There are 72 air harbors.

Six ships recently took large consignments of British Columbia apples to the British Isles. The apples were brought from the Okanagan Valley, the principal apple-growing district of British Columbia.

## Noted Economist Passenger on "Duchess of Bedford"

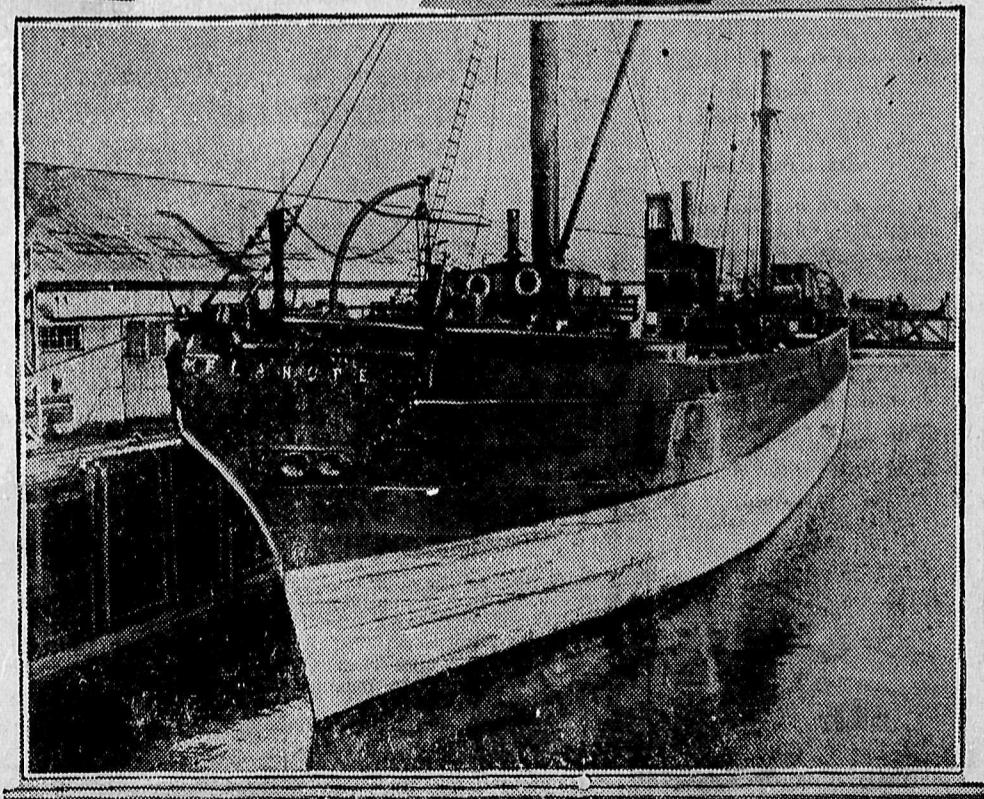

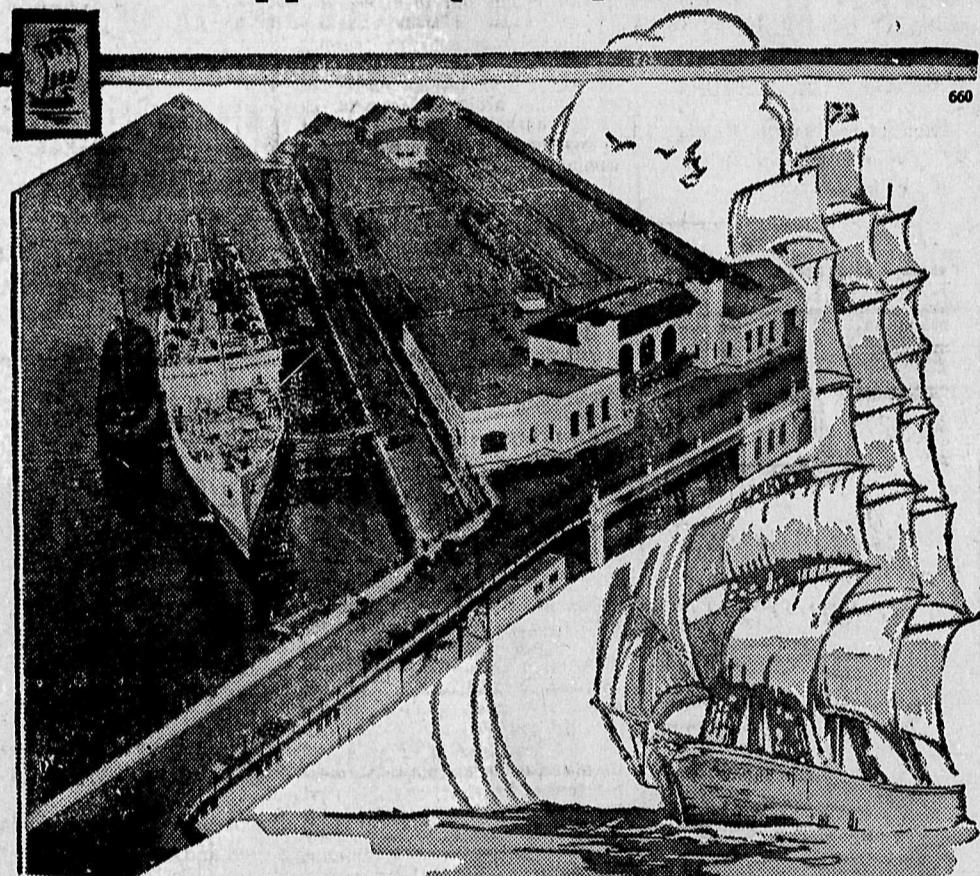

Among the distinguished passengers on the "Duchess of Bedford" on her last run from England prior to undertaking the two popular West Indies winter cruises organized by Canadian Pacific Steamships, was W. W. Swanson, M.A., Ph.D., Professor of Economics at the University of Saskatchewan. The Doctor, who is one of the best-known figures in the public life of Western Canada, is regarded as an authority on its economic and sociological problems and has made several visits to Britain, Russia and other European countries to study agrarian problems. He is one of the authors of a recent volume on the economics of the production of wheat and is a well-known writer and lecturer on this and allied subjects. A native of Oshawa, Ont., he graduated at Queen's and later at the University of Chicago, and served on the faculty of Queen's from 1908 till 1916, when he accepted his present appointment. He has served as chairman on two Royal Commissions appointed by the Province of Saskatchewan; one on Livestock Marketing, and the other, which reported this year, on Immigration and Land Settlement. He is also chairman of the Committee investigating the Dairying Industry in that province.

Prof. W. W. SWANSON, M.A., Ph.D.

## Old Clipper Ship's Departed Glory

The "Melanope", once a speedy and beautiful sailing ship, now tends the Empress of Asia and Empress of Russia, present-day liners of the Canadian Pacific fleet at Vancouver in the capacity of coal hulk. Grimed, blackened and scarred by the years, there is little about this soiled hulk to suggest the glory of a clipper ship, yet such was the "Melanope" before an accident at the bar of the Columbia river left her abandoned to an unkind fate. It is recorded that a Liverpool apple peddler, a woman, put a terrible curse on the old ship

on her maiden voyage, after she had been put off the vessel into a towing tug. Ever afterwards when the trim ship had a mishap superstitious sailors blamed the "apple woman" until the "Melanope" became associated, wherever seamen gathered, with the Liverpool peddler and her vindictive curse. In above lay-out, bottom, the "Melanope" is shown as she appears today. Centre, the artist has tried to show how she once looked in all her glory of tall masts and spreading canvas while top, the "Melanope's" hulk is shown alongside the Empress of Asia, coaling her on her visit to Vancouver.

## NESTLÉ'S MILK

## Bonanza Fund Reaches Nearly \$2,500

Up to the present time the sum of \$2476.20 has been subscribed to the Bonanza Relief Fund. The money has been attained from the following sources:

Subscriptions through pay roll deductions .....	\$1876.70
Subscriptions paid in cash .....	337.00
Vancouver staff of Granby Company .....	164.00
Alice Arm List .....	83.50
Badminton Club .....	15.00
	\$2476.20

The fund is still open for contributions, and further donations will be gratefully received.

Owing to the large number of contributors it has been found impossible to publish the names of each individual subscribing, but the committee wish to extend their thanks to everyone for their generosity.

A final allotment of the funds has not yet been made. This delay has been caused by the fact that it was necessary to make enquiries from dependents of those killed as far away as Europe. As soon as all information has been gathered a final distribution of the fund will be made, and all dependents of those killed will be dealt with as fairly as possible. A statement regarding the distribution of the fund will be published at a later date.

## Pioneer Mess Dinner And Dance Enjoyed

The Annual Dinner and Dance held at the Pioneer Mess in the Hotel on Monday night was indeed a very popular and happy event. A large number of guests attended and the gaily decorated hotel was a scene of much jollity. A splendid dinner was ably served by the pretty waitresses who were kept extremely busy attending to the constant flow of guests. Fancy hats, and all kinds of novel instruments were soon in evidence amid the loud bangs of the cracklers provided.

The dance that followed was held in the Library and Joe Peel's New Victor Orchestra played excellent music until the early hours of Tuesday. The dancers were in a very merry mood and everybody had a real good time. Floor Manager, Syd Hopkins found he had all his work cut out to make himself heard above the din of the jolly crowd.

The Committee of the Pioneer Mess are to be congratulated on the success of their annual event which obviously grows in popularity each year.

James Anderson left Alice Arm on Wednesday in order to spend a few days with his brother J. Anderson at Anyox.

## This District Need Not Fear Future

We have now started off on another year. The new year was born in depression, but it is very possible it will die in prosperity. Poor beginnings often have good endings. A feature of the general depression is the remarkable manner in which the mining industry has successfully carried on. Last year a total of \$11,000,000 was paid in dividends by mining companies operating in B.C. despite the low prices of metals and poor markets. The present stage of stagnation will not last much longer. It can't, for the burden on the various governments will become too heavy. As soon as normal prosperity appears, the mining industry will be the first to feel the effect. Prices will rise and rising prices means a search for new mines, and Alice Arm district has many properties that can undoubtedly be transformed into producing mines economically. No, we have nothing to fear for the future. We have the mineral and if mining companies are given proper encouragement by property owners it will be mined as soon as conditions warrant.

### ANYOX NOTES

W. Horn arrived back on Monday from Prince Rupert where he spent Christmas.

The following also arrived from Prince Rupert on Monday: Mrs. Stone, Miss E. E. Roe, Miss Morrison, J. W. Sleigh, H. De Wolfe and M. H. Ryan.

Miss Hardy was a southbound passenger to Vancouver by the Catala on Monday.

Gym classes will commence again tomorrow afternoon at 4 o'clock when the ladies will take their exercises. Other classes will adhere to their usual hours.

Christ Church W. A. and Guild will hold a card party in the Church Parish Room, Friday January 9th at 8 p.m.
