## Outlook For Copper Is Good Says Rhodesian Magnate

London—"I still retain the utmost confidence in the future of copper," said A. Chester Beatty, chairman of Rhodesian Selection Trust, at the annual meeting, "and I think we may reasonably anticipate that when world conditions tend toward recovery the copper market will be the one of first to respond. You will notice that in the two heavy depressions, the bad panics of 1907 and 1921, copper still maintained a fair price. This, to my mind, was attained by co-operation in restricting production. When we consider that the consumption of copper, based on the first six months of 1931, has been at the rate of about 1,000,000 tons per annum, whereas the consumption in 1929 was 2,000,000 tons, in other words that consumption in the first half of 1931 was about 50 per cent. of the 1929 figure, you will see that this compares very favorably with the position in other industries and particularly when compared with the steel industry. It is inconceivable to my mind that in the progress of civilization in which electrical development will provide such a prominent part, there will not be a steady and gradually increasing consumption of copper."

## Anyox Golf Course Notes

In the mixed two-ball Foursome Tournament played October 18th. Mr. M. J. Sheen and Mrs. D. Deane were the winners with a net score of 83. Sid Peters and Mrs. D. Campbell followed closely with a score of 84, while Don. Cavalier and Miss M. Leighton secured the third prize with a score of 86. The tournament proved very popular, 52 players taking part.

In the First Flight of the Open Championship series just concluded Harry Cathro was the winner, with Doug. McConnachie as runner-up.

## Miscellaneous Shower For Bride-Elect

On Wednesday, October 14th. a miscellaneous shower was held in the Oddfellows' Hall in honor of Miss Eunice Thomas, the bride-elect of Mr. Austin Lindgren. The affair was in charge of Miss P. Brisbane and Bronwen Flye, and

## Anyox Couple Were Married on Sunday Last

The Anglican Church at Anyox was the scene of a pretty wedding on Sunday, October 18th, when Miss Eunice Thomas, whose home is in Wales, became the bride of Mr. Austin Lindgren, for several years a resident of Anyox. The Rev. J. S. Brayfield performed the ceremony.

The bride, who was given in marriage by her brother, Mr. Stanley M. Thomas, was very charming in a gown of pastel pink satin, with a hat of lace and satin to match. Her bouquet was of bronze Chysanthemums.

She was attended by Miss Bronwen Flye as bridesmaid, who wore a gown of green chiffon, with green crinoline hat to match, and carried a bouquet of autumn flowers. Mr. Sidney Hopkins assisted the groom as best man.

The choir of the church sang the wedding hymn, and Mrs. A. R. Kent, the organist, played Mendelssohn's Wedding March. After the ceremony a reception was held at the home of Mr. and Mrs. J. Shields, the bride's table being decorated with a two-tier wedding cake and many beautiful flowers. The usual toasts were honored. The happy couple left on Monday's boat for Vancouver and district, where the honeymoon will be spent. They will return to reside in Anyox.

## ALICE ARM NOTES

A. Bower who has been spending holidays with his parents Mr. and Mrs. W. B. Bower, at Alice Arm, returned to Prince Rupert on Monday.

The work of repairing the government telegraph line between Alice Arm and Aiyansh terminated this week. The entire gang arrived at Alice Arm on Thursday.

A card party will be held at the Club House this evening, commencing at 8.30 p.m. Everyone invited.

numerous beautiful and useful gifts were presented to Miss Thomas by her many friends. Little Sylvia Reid and Kathleen Teabo gave a pretty dancing number, and also made the gift presentations. Songs were rendered by Mrs. Pinckney, and the remainder of the evening was spent in dancing.

## Mr. Alex. N. Davie of Anyox Passes Away Suddenly

Alexander Newlands Davie, a resident for many years of Anyox and Alice Arm, passed suddenly away at Anyox on Saturday last at 1:20 p.m. The cause of his death was heart trouble. The suddenness of his passing cast a gloom over the whole town. His friends numbered practically everyone in the district, and his bright and cheery presence will be sadly missed.

Shortly before his death, the late Mr. Davie had complained of not feeling very well. He, however, called at the Post Office on his way to lunch, and it was there that he was taken suddenly ill, and passed away within half an hour after the seizure.

Deceased was 54 years of age, and his home was at Polton, Midlothian, Scotland. He is survived by a sister, who resides in Scotland.

A funeral service was held at the Anglican Church on Wednesday evening at 8 p.m., Rev. J. S. Brayfield officiating. The Church was filled to capacity and many were forced to stand outside. The coffin was covered with beautiful floral tributes, from Mr. and Mrs. W. F. Eve, Vera and Bubbles Eve, Mr. Fred C. Graham, Mr. J. Peacock, Mr. and Mrs. J. Wier. Mr. and Mrs. E. Moss, Miss Polly Brisbane, Mr. and Mrs. A. Morton, Enoch Lodge No. 99, A.F. & A.M. Anyox Lodge No. 47, B. P. O. Elks, Mr. and Mrs. J. A. Anderson, Mr. and Mrs. W. B. Bower, Children of Mr. and Mrs. J. A. Anderson.

The body was taken to Prince Rupert on Wednesday's boat for interment. The funeral service will be conducted by Tsimpsean Lodge A. F. & A. M. of which the late Mr. Davie was a member. W. F. Eve and B. M. Buck accompanied the body south.

## BIRTH AT ANYOX

Born to Mr. and Mrs. M. Czepil. at the Anyox General Hospital, on Saturday, October 17th. a daughter.

Jim Anderson, who has spent the past summer in the Atlin country, with a gold dredging outfit arrived at Anyox on Wednesday in company with his brother J. A. Anderson.

## The Basketball Season Commenced This Week

Basketball will start Friday, October 23rd. For the opening night three games are planned: intermediate boys, ladies and senior men's.

The Basketball Commission met on Friday the 16th, and on account of his long experience in basketball, Mr. G. M. Lee was appointed chairman. The other members of the Commission are R. L. Healy and H. R. Taylor.

It was arranged that boys' games would be played fifteen minutes for the first half and ten minutes for the second half; ladies' teams will observe the regulation four 8-minute period; senior men's the regulation two 20-minute periods. Teams are limited to eight signed players.

It was decided that each team supply a referee. The following were mentioned: Mine team, J. Lazorek; Celts, N. Youngs; Sheiks, L. Gillies; Store, N. R., Redman. Finals, play-offs, and an occasional game will probably be taken by Mr. Lee.

A system is being planned whereby the inactive period at half-time will be avoided.

A new rule regarding throw-ins was adopted. Infractions of same will be treated as a technical foul.

Each night games will start at 7.30, and a strenuous endeavor will be made to have them run continuously.

## Norma Shearer Will Be On the Screen On Tuesday

Norma Shearer returns to the screen after an absence of more than six months in "Strangers May Kiss," her new Metro-Goldwyn-Mayer, starring vehicle which will show Tuesday at the Anyox Theatre.

During her vacation from the camera and microphone, Miss Shearer was honored by the award of the Academy of Motion Picture

Continued on page 4

## Church Service Alice Arm

Rev. W. B. Jennings will hold Evening Service at the Anglican Church tomorrow at 7.30 p.m. Sunday School will be held at 11 a.m.

## The Kitchen Band Will Make Their Debut On Monday

A treat is in store for the people of Anyox on Monday the 26th, when a Grand Concert will be given in the Recreation Hall under the auspices of the United Church. The programme is full of interesting items.

An enjoyable feature will be the dancing by the dance pupils of Mrs. V. S. McRae. Some beautiful and dainty numbers will be given by the tiny tots, as well as by older girls. The Anyox Amateur Orchestra, under the leadership of Mr. J. Peel, will make its first appearance this season. There will also be vocal solos. The piece de resistance, however, will be the first appearance in Anyox of the Hidden Kreek Kitchen Cabinet Band. This is something altogether unique and about which we are not going to tell, except that they have been practising "religiously" (?) for some time, and are worth going a long way to see and hear.

This smartly uniformed band of "Kitchen Musicians," with their weird home-made instruments, will play their way right into the hearts of their audience.

## ANYOX NOTES

F. Buckle arrived on Monday from Prince Rupert and northern points.

Mr. and Mrs. Harold Elsmore returned on Monday from a holiday spent in Prince Rupert.

Mr. Geo. H. Halse, President of the Northwest Telephone Company arrived in town on Monday.

John E. Lee was a passenger on Monday's boat to Prince Rupert.

Mr. and Mrs. Austin Lindgren left on Monday for a holiday visit to Vancouver.

M. J. McLeod returned on Wednesday from a visit to Prince Rupert.

Mr. and Mrs. Kenneth Hunter arrived on Monday from Vancouver.

Frank Dodsworth returned home on Monday from a vacation spent in Vancouver.

W. Trouson returned on Monday from a holiday spent in the south.

J. A. Anderson, superintendent of Public Works Department arrived on Wednesday from a business trip to Stewart and Prince Rupert.

### Anaconda Company Cuts Fuel Costs

Changes now in progress at Butte and Anaconda will shortly cause coal to be entirely supplanted by natural gas as a fuel for the Anaconda Copper Mining Company's mines, mills and smelters. The gas comes from the Cut Bank field through the 220-mile pipe line just completed by Montana Power Company.

Anaconda has been using about 100,000 tons of coal a year at the smelter and 36,000 tons at Butte. Coal has been used in the mines only for hoist heating. Haulage has been electrically powered for many years, as had operation of the Butte, Anaconda & Pacific railroad, hauling ore to the smelter.

In dispensing with coal the Anaconda company is relieved of the necessity of storage of some 20,000 to 30,000 tons of fuel against possible snow blockades of coal trains. This storage tied up much capital and resulted in a further loss through depreciation by weathering.

Just how much gas the Anaconda company will use will depend on the number of mines and furnaces in operation from month to month. Engineers have figured, however, that the Anaconda company gas requirements average "will amount to double the entire combined natural gas consumption of Oregon, Washington and British Columbia."

Psychology is where the astute police give out the robbery loss at double the actual figure, thus stirring up a suspicion among the assistant thugs that they were short changed.

### Buffalo Steaks Will Figure On Menu This Fall

Winnipeg, Man., October 9—Buffalo steaks, tongues and tails, delicacies which figured on the plainsman's menu in Western Canada many years ago, will again be available for Canadian householders and for diners in hotels and dining cars of the Canadian Railways, according to an announcement from Ottawa, received by the Canadian National Railways that another 1,500 animals from Canada's great Buffalo herd at Wainwright Park are to be slaughtered in the late fall and early winter.

At the end of March this year there were more than 6,000 animals in the Wainwright preserve. To this number has since been added the annual increase of about 20 per cent, with the result that the Park is again overtaxed as to its grazing possibilities and thinning out of the herd has been decided upon by the National Parks branch which controls the buffalo experiments. This is not the first time that it has been found necessary to reduce the Wainwright herd. On several occasions, large numbers of the animals have been slaughtered and their products have been marketed.

Young man (dancing with a very attractive young lady at a dance)—Do you know that sap, the manager? He is about as dumb an egg as I ever saw.

Young Lady (gradually finding her voice)—Young man, do you know who I am? I'm the manager's wife.

Young Man—Oh—oh—do you know who I am?

Young Lady—No.

Young Man (leaving hurriedly)—Thank God.

### British Columbia Is Most Prosperous Province

According to figures just issued by the Dominion Bureau of Statistics, British Columbia stands first in per capita wealth among the provinces with \$4,474. Alberta is second with \$3,148 of national wealth per resident. The total national wealth of Canada, apart from undeveloped resources, is placed at \$30,840,000,000 for 1929, an increase of \$1,210,000,000 over 1928.

### Here and There

Ontario gold production for the half year to June 30 reached \$20,608,195, the greatest on record. Indications are that the output for the full year 1931 will be well over \$41,000,000 in value.

Working at the rate of a mile a day and employing a daily average of 450 men, completion of rockballasting in the Ontario district from Windsor to Smiths Falls on the Canadian Pacific tracks was announced recently.

Canadian hens are working much harder than their ancestors of ten years ago. In 1920, statistics show that 6010 birds produced an average of 122.1 eggs apiece. This average rose steadily until in 1930 it was 178 eggs per bird.

New Brunswick moose and deer will make their debut on the talkie screen this Fall while the famous moose calls of New Brunswick guides will be recorded in sound for the edification of millions of patrons in thousands of theatres across the continent.

The site of the first cheese factory in Canada, located in Oxford County, Ontario, will be marked with a cairn as an historic site. There are now more than 2,800 factories in Canada making butter or cheese, and the cheese production exceeds 150,000,000 pounds yearly.

"Generally satisfactory", is the comment on wheat grading in the Prairie Provinces, according to reports coming in from the Agricultural Department of the Canadian Pacific Railway at Winnipeg. Wheat cutting in the West was virtually completed by the middle of September and rather more than half of it was threshed at that time.

Playing spectacular golf, F. G. Hohlitzel, of the Lambton Club, Toronto, defeated Phillip Farley, Ontario amateur champion, in the finals of the Prince of Wales Trophy, played at the Banff Springs Golf Course in September. Sixteen players from all over Canada and the United States, qualified for the title fight.

Award of three scholarships at McGill University to minor sons of Canadian Pacific employees has been made to M. M. Madge, D. K. Gowans and Keith W. Shaw. The scholarships provide for five years' tuition in architecture and chemical engineering, all fees being met until the recipients have taken their degrees as Bachelors of Science.

"We are coming to realize that most of our national problems have an international background and can only be solved by international co-operation," declared Hon. Vincent Massey, former Canadian Minister at Washington when sailing recently on the Empress of Canada at the head of the Canadian delegation to the forthcoming conference of the Institute of Pacific Relations at Hangchow, China.

"Jim" McKenna, dean of passenger travelling agents and friend of presidents, passengers and porters from Saint John to Victoria and from Montreal to New Orleans, with over 4,000,000 miles of railway travel to his credit, died recently at Quebec in his 79th year. His intimate knowledge of the Chinese whom he accompanied across Canada earned him the sobriquet of the "Chinese Ambassador" and "The Mandarin." 778

## THE MINERALS OF BRITISH COLUMBIA

Total Mineral Production to the end of 1930 valued at \$1,237,847,847.00, made up as follows.

Gold, placer.....	\$78,588,949.00
Gold, lode.....	140,868,011.00
Silver.....	102,435,047.00
Copper.....	265,871,528.00
Lead.....	163,617,773.00
Zinc.....	87,772,190.00
Coal and coke.....	330,293,688.00
Structural materials.....	62,538,833.00
Miscellaneous minerals, etc.....	5,861,828.00
TOTAL.....	\$1,237,847,847.00

The Annual Report of the Honourable the Minister of Mines for the year 1930 now is available, and may be obtained free of charge, together with copies of special bulletins, maps, etc., upon application to:

## CANADIAN NATIONAL

### Stocks of Refined Copper Show Increase

New York—A new high record for the history of the industry was established on September 1 when stocks of refined copper in North and South America were reported 455,855 tons, an increase of 15,358 tons since the beginning of August, according to the monthly report of the American Bureau of Metal Statistics.

Stocks of blister copper, however, declined in the month from 179,658 tons to 176,105 tons. Total stocks of refined and blister copper in North and South America on September 1 amounted to 631,860 tons, against 620,075 tons on August 1; 600,827 tons on July 1 and 589,245 tons on June 1.

### Noranda Mine Is Big Gold Producer

Precious metal production at Noranda Mines Ltd. is keeping up at an approximate rate of \$5,000,000 a year, according to an official statement issued by J. Y. Murdoch, president, following a visit to the mine by the board of directors. He points out that, in view of the many misleading rumors being circulated, it was thought advisable to make a statement on the work and results since the annual meeting.

Canada's total wool clip is about 21,000,000 lbs. annually, while Canadian mills use at least twice as much as this every year, and Canadian consumption of manufactured woollens equals about four times the clip.

### CANADA OFFERS PARADISE TO HUNTERS

With the fall of the leaf and the tang of autumn in the air the fishing rod is laid aside and the Nimrods look to their rifles and shotguns, as the hunting season is ushered in. True to her reputation as one of the world's greatest playgrounds, Canada offers a wide range of sport, furred, feathered and horned, to all who care to penetrate its far-flung hinterlands. From coast to coast, all along the vast system of the Canadian Pacific Railway, there are countless established points of entry into the woods and mountains, readily accessible to those in search of game. The shores of countless lakes, rivers, and creeks, abound with all varieties of duck and goose and are not infrequently the scene of the termination of successful expeditions after moose, elk and deer of all kinds. New Brunswick rivals Ontario and Quebec as moose territory, while further west, the towering Rockies offer their tribute of bear, mountain sheep and mountain goat. Bear are also plentiful in the Ontario northland and in certain parts of Quebec. With a view to preservation, various changes have been made this year in the game laws of all Canadian provinces, but even with the new restrictions a broad period of hunting is offered and the invading army from Canadian centres, as well as from the United States, is already starting on its expeditions.

## Mining Institutes Will Hold Meeting

The annual western meeting of the Canadian Institute of Mining and Metallurgy will be held jointly with the Mining Association of British Columbia in Vancouver, November 25 to 27. A feature of the meeting will be a symposium on the gold mining opportunities and potentialities of the province. It is expected that Hon. W. A. Gordon, federal minister of mines, and Dr. Charles Camsell, deputy minister, will attend.

## B. C. Industry Benefits From Relief Camps

Provision for the Government relief work camps has involved an immense amount of buying which is being done through the Department of the Government Purchasing Agent, V. W. Rollins. Purchases have already cleaned up the cooking ranges, wheelbarrows, picks and shovels in different parts of the province. The packing and canning establishments have benefited. Owing to the closing of logging and mining camps many of these institutions found themselves with a large quantity of last year's pack still on their hands. Purchases for the relief have cleared them out so that they are able to place in a new lot and thus provide more employment in doing so. This follows the government's policy of using British Columbia goods to the fullest possible extent.

## Forty-five Airplanes in B. C.

Latest figures show 45 airplanes registered in British Columbia. Of these 38 are in commercial service, four are used for instruction, and three are privately owned. About 20 are seaplanes and the balance landplanes. Those who own private planes are W. M. Archibald, mines manager of the Consolidated Mining & Smelting Company at Trail; Bernard Boe of Vancouver; and Eve Brothers of Victoria. There are airports and landing fields at Vancouver, Victoria, Swanson Bay, Chilliwack, Cranbrook, Grand Forks, Trail and Fernie.

## Canadian Gold Output Still Increasing

Canada goes on increasing her gold production with every prospect in view that she will this year surpass her own previous high records when final figures for 1931 are recorded. Ontario and British Columbia are accounting for most of the increase. Ontario alone this year is producing at a rate that suggests a total for the year in the vicinity of \$41,000,000, or nearly as much as all Canada produced last year.

## Here and There

Montreal with 996,000, Toronto with 627,582, Winnipeg with 217,587; and Vancouver with 245,307, show as the four largest cities of the Dominion on the Federal Government census returns for 1931.

Saskatchewan ranks second to Ontario as an egg-producing province with an estimated production last year of thirty million dozen eggs. Total value of poultry products to Canadian farmers in 1930 was \$30,000,000.

United States motor traffic to New Brunswick for the current season up to July 31 was 12 per cent. heavier than for the corresponding period of last year, according to a tabulation just issued by the Provincial Government Bureau of Information and Tourist Travel.

What is regarded as probably the highest park in the world is the National Park on Mount Revelstoke in the Canadian Rockies, on the main line of the Canadian Pacific trans-continental system. It covers an area of 100 square miles and is above the clouds. There is a new motor road to the summit of the mountain.

Evangeline Memorial Park, Nova Scotia, with its chapel and museum dedicated to the memory of the heroine of Longfellow's poem and of the Acadian pioneers, has been visited by more than 94,000 tourists since it was opened in 1924, it is announced from Dominion Atlantic Railway headquarters.

Steady development of young Canada's interest in farming has increased to the point where a Canadian Council on Boys' and Girls Club Work has been formed to co-ordinate the junior agricultural movement as a whole. The programme has been broadened to include practically every line and department of modern farming in Canada.

Harassed official of the Canadian Pacific Express Company at Vancouver played nurse recently to a mother and her family of 14 when "Fanny," a sad-eyed retriever, carried by the company from Nelson, B.C., became the mother of 14 puppies. Hurry-up calls were put through for the consignee, a Vancouver youth, who was overjoyed to find the unexpected parcel.

When Dr. Josef Wielawski, surgeon of the S.S. Polonia, suffered an attack of appendicitis his life was saved by the intervention of Dr. A. B. Taylor of the Canadian Pacific liner *Duchess of Richmond*, who attended him after a boat had been lowered and the stricken physician taken on board the *Duchess*. The incident occurred recently when the *Duchess of Richmond* was 300 miles off the coast of Ireland.

With a jammed rifle and a rearing grizzly a few yards distant, Dr. L. B. Kingrey, of Portland, Oregon, guest at the Banff Springs Hotel, on a hunting expedition in the Palliser River section of the Canadian Rockies, had a narrow escape. The huge animal delayed its attack long enough for the doctor to clear his rifle and shoot it. His bag on the hunt was two grizzlies, four black bears, three goats and two elk. (781)

Among recent guests at Banff were Congressman and Mrs. Frederick R. Lehlback, of Washington, D.C., and Newark, N.J., on their way to the convention of the National Federation of Federal Employees at Seattle. They expressed themselves delighted with their stay at the Banff Springs Hotel, punctuating a journey from Montreal to the Pacific Coast over Canadian Pacific lines.

H. M. King Prajadhipok of Siam, accompanied by Queen Rambai Barni and a numerous suite, has been seeing real western life, with the Banff Spring Hotel as headquarters. He was recently made a member of the Trail Riders of the Canadian Rockies, following a pack-train expedition, and also attended a rodeo staged for him at Mrs. "Bill" Brewster's dude-ranch, at Kananaskis, Alta. His Majesty has also devoted considerable time to photography, golf and fishing. (773)

## Norma Shearer Will Be On the Screen On Tuesday

Continued from page 1

Arts and Sciences for having contributed the outstanding performance of last year in "The Divorcee." Ursula Parrott, who wrote the story from which that film was made, also is the author of the novel from which her new vehicle was directed by George Fitzmaurice.

Robert Montgomery and Neil Hamilton share leading honors and the cast includes Marjorie Rambeau, Irene Rich, Hale Hamilton, Conchita Montenegro, Jed Prouty and Albert Conti.

The story concerns the vivid career of a woman who follows the man she loves to all corners of the earth and wins out despite a series of bitter disillusionments.

## Ten Thousand Working In Relief Camps

The statement on employment relief during the past week shows that there are in the province over 50,000 registered unemployed. Of these approximately 10,000 have been distributed along the road camps, of which there are 160 either fully constructed or under construction. The regular road camps of the Public Work Department are being utilized to the fullest possible extent.

The recorded water power resources of the Dominion, as based on actual surveys, are estimated by engineers at 43,000,000 h.p. At the end of 1930 the total installation in operation was 6,125,000 h.p.

## GRANBY STORES

## Prize-Winning Apprentices

Considerable interest has been aroused by the performance of four young apprentices at the Canadian Pacific Railway's Angus Shops, Montreal, who captured three first prizes and one second, between them, at the Canadian National Exhibition, Toronto, 1931, in the exhibit of mechanical drawings and designs. The quartette are pupils of Charles Bulley, instructor of apprentices and John Burns, works manager.

Picture shows, left to right: C. R. Baddeley, 23, machinist apprentice since 1928, who took first prize in the Electrical Section, as a first attempt.

A. W. Faulconbridge, 23, joined as carpenter apprentice in 1925, took first prize in the Structural Section and second in the Steam Section in 1931 and first in Internal Combustion and third in Steam in 1930. In 1929, he was first in Steam and second in Structural.

Philippe Landry, 26, joined as shop boy in 1922 and became carpenter apprentice in 1925, took first prize in Internal Combustion, having been second in Structural in 1930 and second in Hydraulic in 1929.
