## Forest Fire Rages At Alice Arm All Week

### Fire Checked By Rain and Heroic Efforts of Willing Workers

The worst forest fire the people of Alice Arm have ever experienced occurred during the early part of the week. The fire started about four miles down the inlet, near the old Molybdenum mining camp, on Sunday afternoon, and before it was brought under control it had covered an area of over three square miles and destroyed one of the finest stands of timber in the district.

Fanned by a strong wind on Sunday afternoon the fire spread with alarming rapidity, and it was soon evident that measures would promptly have to be taken in an endeavor to control it.

Fire Ranger S. Briggs, acted speedily. In a short space of time he had a force of 80 men on the scene. Owing to the high winds carrying sparks high in the air and dropping them all over the country, coupled with the dense clouds of smoke, which drove the fire fighters back, the work of holding the fire on Sunday was extremely difficult.

When the wind subsided in the evening, a better opportunity was given to combat the blaze, and the army of half-cooked smoke-dried fire fighters worked like demons.

Throughout Sunday night the fire burned furiously, and for a length of two miles along the shore, the woods were a sea of flame, and as the giants of the woods came crashing down millions of sparks made an awe inspiring scene, and the onlookers realized the destructive power of a forest fire when raging at its height.

On Monday, the high wind of the previous day had died down, and the fire fighters, led by Fire-Ranger Briggs, were given a chance to combat the blaze. Wide swaths were cut through the woods, and the fire stopped from spreading.

Early on Tuesday morning the hottest spell of the year was broken by a heavy rain, which continued until the following day, and all danger of the fire spreading was over.

Chief Fire Ranger Grittan arrived on Tuesday morning from Prince Rupert, and took charge. He was determined to extinguish the fire, and on Wednesday a force of forty men were working in the woods.

This force was augmented throughout the week. Yesterday a small army, comprising nearly every able-bodied man in town, were called to the scene of conflagration. A large number of business men were among those who left yesterday. It is the intention of Fire Ranger Grittan to continue to fight the fire until all danger of spreading is past.

## Death of Well Known Anyox Resident

The death occurred on Friday August 8, at the Anyox Hospital, of Mr. Fred Woolston. The cause of death was Bright's Disease. He had been sick for some time.

Deceased was a resident of Anyox for a number of years, and his many friends were shocked to hear of his death. He leaves to mourn his loss a wife and young son, his father and mother and brother residing in Victoria.

Funeral Services were held at the Anglican Church, on Thursday Rev. J. B. Gibson officiating. A large number of friends were present, and following the ceremony the remains were forwarded to Victoria for burial.

The heart-felt sympathy of the community is extended to Mrs. Woolston and son in their sad bereavement.

## Gasoline Explosion On Alice Arm Launch

The danger of exposing a light in the vicinity of gasoline was vividly illustrated during the week when the launch "Billy Mao" blew up and caught fire with three men on board.

The launch was on the ways, and a leak in the gasoline tank was being repaired by Messrs. Roy McKinley, owner, Sam Wickwire and William Cody. As they descended below the explosion occurred. W. Cody was blown off the boat, and R. McKinley and S. Wickwire were thrown into the engine room. Cody received slight burns on hands and face, and was the only one injured.

The boat caught fire, but the hull was saved, and the engine is undamaged. Mr. R. McKinley will immediately undertake repairs.

## Alice Arm Logging Co. Ships Nine Million Feet

The big tug boat Cape Scott arrived in port during the week, and took out logs totalling approximately 2,000,000 feet b. m. from the camp of the Abbotsford Logging Co. This makes a total of 9,000,000 feet shipped by the Abbotsford Co. to Ocean Falls this year.

### WANTED

Anyone knowing where-a-bouts of Mr. A. Blue, please communicate with Mr. Geo. Blue, 25, Hastings St., Vancouver, B. C.

Fifteen men arrived from Anyox yesterday, and two pumps were sent up in the early part of the week.

Latest reports last night were to the effect that although the fire was still burning, no immediate danger of spreading is anticipated. No chances, however, will be taken as the risk is too great, and a patrol force will be kept until all danger is past.

## ANYOX NOTES

TO LET: One room with two beds, and one room with single bed with or without board—Apply Miss B. Crawford, Box 33, Alice Arm.

WANTED. Bright Youth to work in Printing Office. Good opportunity to learn printing trade and newspaper work. First-class working conditions.—Apply The Herald, Alice Arm.

Col. J. T. Crabbs, president of the Granby Co. left for the south on Thursday accompanied by Mrs. Crabbs. He spent several weeks in Anyox and made a thorough examination of the big plant.

Mr. E. J. Conway was a passenger south on Thursday.

Mrs. J. B. Haffner left for the south on Thursday, on a vacation.

Mrs. F. Woolston left on Thursday to accompany the remains of her husband to Victoria.

One of our well-known sportsmen of the younger set, has recently imported from an eastern kennel, a dog whose breed still remains a matter of conjecture. It answers to the name of "Deucy" and is reported to be very wild.

Mrs. T. H. McNichol arrived on Monday's boat to join her husband at the Mine.

Miss Brummit arrived on the Cardena on Monday, and will spend a few weeks visiting her sister Mrs. R. Manning of the Mine.

Mrs. Rookharbour was a passenger for the south on Monday.

Mr. O. G. McIntyre was a passenger on the Cardena on Monday, en route for Queen Charlotte Island where he will join Mrs. McIntyre and family.

Mr. J. Dowling was a south-bound passenger on Monday's boat.

Ole was fishing again on Sunday and caught some more sill-

Miss Drummond was an arrival on Monday for a visit to her sister Mrs. Pynne of the Mine.

Mr. and Mrs. Austin were passengers south on Thursday

Mrs. J. Murdock and son returned home Thursday after spending her holidays in the south.

## Big Copper Production In Province

The amount of copper produced in 1923 shows, as compared with the previous year, a substantial increase in quantity, with a slight increase in the market selling-price. The production was 57,720,290 lb., which is 25,360,394 lb. more than the 1922 output; the value for this year is \$8,323,266, which, compared with \$4,329,754 made in 1922, shows an increase of \$3,993,512.

## Engineer Mine Being Developed

Another big mine, and one which undoubtedly will be among the biggest shippers of the province is being developed in the Atlin country says Mr. J. A. Stephen, who arrived in Alice Arm recently from that point. This property is the famous Engineer mine, which was closed down for a number of years due to litigation. Eastern capital is now developing the property with a force of seventy men. Plans are being made for the construction of a large mill, power plant, and other work. The Engineer mine is said to be one of the richest gold properties in Canada and some fine samples of ore were brought out by Mr. Stephen.

## Anyox Elks Not Nominating Fair Candidate

Saturday's Prince Rupert News stated that the Anyox B. P. O. E. had nominated a candidate for Carnival Queen. This is evidently a mistake on the part of the Rupert representative who visited here last week, as the Anyox Elks Lodge is sponsoring no candidate.

## Anyox Ladies' Ball Game Called Off. Dance Held

The Ladies baseball game which was scheduled for last Wednesday had to be postponed owing to rain, Monday will possibly be the day it will be played providing there is no senior game on that date.

Jupe Pluvius could not put a stop to the dance which was carried off according to schedule at the Elks Hall. A large crowd were in attendance and tripped the light fantastic until the small hours of the morning. Refreshments were served by the ladies at eleven o'clock in the Dugout. Taking it all around the dance was a huge success and much credit is due the ladies for the manner in which the affair was carried off.

The orchestra consisted of J. Austin, piano; S. Armstrong violin; and J. Cameron, drums.

### CARD OF THANKS

Mrs. Woolston and son wishes to express their heart-felt thanks to the Doctors and Nurses at the Anyox Hospital for the kindness shown to the late Mr. Woolston during his recent illness, also to the members of the Masonic Lodge and to their many kind friends for their kind words of sympathy during their sad bereavement in the loss of a dear husband and father.

## Leaves Alice Arm For South

Mr. H. Sykes, machinist at the Granby Co's repair shops at the wharf, left on Thursday for Prince Rupert, where he has taken a position as engineer on a government boat.

## Toric Property Bonded

### Development Work To Start Immediately

In our last issue we stated that the Homestake Mining Co. were taking over the Toric property. During the week, agreements were signed, and the property will be developed by the Homestake Mining Co.

The bonding price of the property is \$100,000. No cash payment has been made. The first payment is due one year from the signing of the agreement, and the final payment the following year. The Homestake Co. will drive 45 feet of tunnel per month during the first year, making a total of 540 feet.

The tunnel will be commenced near the railway grade, and is expected to strike the ore ledge at a distance of 300 feet from the portal.

A compressor plant will be installed, capable of operating one drill. Camp buildings are now under construction, and the property will be operated throughout the coming winter.

It is also the intention of the Homestake Co. to continue development of the Homestake mine at the Kitsault Glacier, which property they have operated intermittently for the past few years.

The Toric property is considered to be one of the most promising properties in the whole of Alice Arm District. The property contains several good ore ledges, and high grade ore carrying over 9000 ozs. silver per ton has been found. Samples taken across 22 inches on the No. 2 ore ledge have given returns of 103 ozs. silver per ton. Another sample taken across 3 feet gave 107.4 ozs. per ton.

The owners of the property are Messrs. J. Strombeck, G. Strombeck, and Al. Miner. It was located in 1914 and consists of four claims. It adjoins the North Star on the east, which joins the Dolly Varden. The high grade found on the Toric lies about 3000 feet north-east of the Dolly Varden Glory Hole.

## Anyox Rifle Club Score

Following are the scores made by members of the Anyox Rifle Club during the week.

Mrs. McTaggart	89	85	174
J. Beckett	91	81	172
R. O. Cutler	85	87	172
Geo. Lace	89	82	171

### The Forest Fire

Despite the propaganda broadcasted by the Provincial and Federal governments, and the unceasing campaign that is being carried on by the press throughout the country, the burning of our forests goes on unabated. During the week the town of Alice Arm, and the valuable timber wealth surrounding it were both threatened with destruction from a fire that was started by careless campers. If the fire had not been checked by the heavy rain which fell when it was at its worst, the timber wealth surrounding the town would have been wiped out, and our living would have vanished, and possibly our homes. No one would leave a fire burning on the veranda of one of our leading stores, and cause possible damage running into thousands of dollars, yet the same people will unthinkingly leave a fire burning in the woods, which would probably cause the loss of timber worth millions of dollars. It should be realized that the timber in the district is drying out, and each year the danger of fire increases. We were lucky this time, but the next time, we may not be so fortunate.

### Granby Co's June Copper Production

The Granby Co. produced 3,100,000 pounds of copper during June of this year.

Subscribe to the Herald

### Granby Co. Produced 57 Per Cent. of Provincial Copper Last Year

The Granby Company at Anyox produced about 57 per cent of the total production of copper in British Columbia last year, while the Britannia, on Howe Sound, is responsible for about 38 per cent of the total. The remainder of the output of the province is divided between Belmont Surf Inlet mine in the Skeena district, the Ross and camp, Boundary-Yale division, and the Tidewater Copper Company on the west coast of Vancouver Island.

The copper production in 1923 in British Columbia was 57,720,290 pounds, or about 25,000,000 pounds more than in 1922. Its total value was \$8,323,266 as compared with \$4,329,754 the previous year.

### Future Price of Silver Will Be Higher

Experts agree that the price of silver will continue to rise. The cause is attributed to renewed European demand for new coinage, now that a settlement has been made between the great nations.

The average price of silver for the year 1920 was 100.9 cents an ounce, and for 1921 it was 62.65 cents, for 1922 it was 67.52, while for 1923 it was 64.87 cents.

### Big Canadian Railway Mileage

Canada has one mile of railway to every 220 people, a larger mileage in proportion to population than any other country, with a total mileage of nearly 40,000. The government owns or controls a mileage of 22,600—the Canadian National Railways—making it the largest public owned system in the world.

**Anyox Baseball and Football**

Continued from page 1.  
 Three games of baseball have been played since we last went to press. The Mine and Smelter met twice, the result being one tie game and one win for the Smelter. The third game brought together the Elks and Smelter which turned out to be a win for the former.

**Smelter and Mine Tie**

In Thursday night's encounter, both teams used two chuckers. Fitzpatrick started for the Gas Eaters, but retired in favor of Wells in the fifth. Anderson made his debut on the mound for the miners and pitched excellent ball, but was forced to retire because of a sore arm. Darkness put an end to hostilities in the seventh with the score six all.

**Smelter Defeat Miners**

On Saturday evening, the Smelter took the miners into camp to the tune of seven to two. Cecil Ferguson had one bad inning—the third—when the Gas Eaters got to him for six bingles, which with two errors thrown in netted them six runs. Fitzpatrick was in good form for the winners, although the miners got to him for several nice hits he managed to keep them well scattered.

**Elks Win From Smelter 8-1**

On Monday evening, the Antlered Herd retained the League leadership by administering a drubbing to the Gas Eaters. The score was eight to one. Benny Fitzpatrick started on the hill for the winners, but two runs in the first inning and four in the third was too much for Benny, so he was chased and Wells took up the burden. The "Bills" gathered two more counters off Wells in the seventh when Greenwell and Cody scored on Hall a two-base smash. Wells scored the Smelter's lone tally in the fourth, when he tripled to left centre and scored on Loeske's single.

**Close Race Made By Baseball Teams**

The baseball race has been a tight one this year, and there still remains a doubt as to which two teams will be in the play-off series. The Elks are assured of a place after Monday night's win. The Smelter will have to win one of their two remaining games in order to finish second in the League standing. By winning both they can tie the Elks for first place.

The total amount of lead produced in 1923 was 96,663,152 lb., valued at \$6,321,770. This represents, as compared with the previous year, an increase in quantity of 29,215,167 lb., and in value of \$2,841,454.

If a man fails to get what he really deserves he ought to be thankful.

**BRITISH COLUMBIA**

**The Mineral Province of Western Canada**

Has produced minerals valued as follows: Placer Gold, \$76,962,203; Lode Gold, \$113,352,655; Silver, \$63,532,655; Lead, \$58,132,661; Copper, \$179,046,508; Zinc, \$27,904,756; Coal and Coke, \$250,968,113; Building Stone, Brick, Cement, \$39,415,234; Miscellaneous Minerals, \$1,408,257; making its mineral production to the end of 1923 show

**An Aggregate Value of \$810,722,782**

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641, and for the year 1923, \$41,304,320.

**Production During last ten years, \$350,288,892**

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**  
 Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

**ALICE ARM NOTES**

See Al. Falconer for Freight and Pack Horses.

Mr. J. A. Stephen, district road engineer, arrived from the Atlin country on Thursday, where he has spent the past two months.

Mrs. C. W. Bagwill arrived on Thursday from Anyox and is the guest of Mrs. P. Whelan.

Mr. G. Young arrived home on Thursday from a visit to Stewart.

Shower Baths for ladies and gentlemen. First-class Service. J. Laidlaw, Alice Arm Electric Laundry.

Mrs. Helen Nucich arrived home on Thursday from a short business trip to Prince Rupert.

Mr. Gus. Strombeck left on Monday to do development work on the Vanguard property.

Mr. and Mrs. J. B. Gillespie of Anyox are spending a week's holiday at the Alice Arm Hotel.

Mr. C. G. Nason arrived from Vancouver on Monday, to relieve Mr. S. F. D. Roe, manager, who is spending a vacation in the south.

Mr. and Mrs. E. J. Waterman and family of Anyox arrived on Sunday at Silver City, where they will spend two week's holiday.

Mr. F. F. Brown, government liquor vendor of Anyox is relieving Mr. C. Hutchinson, who is taking a week's holiday in the smelter town.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. Geo. Clothier, district mining engineer left on Monday for a short visit to Victoria. He will return here some time next week.

Mr. J. O. Tretheway left on Monday for Vancouver.

Mrs. McSavaney, who has been visiting her father, Mr. W. A. Wilson, left on Monday for Vancouver, where she will make her future home.

Mr. S. F. D. Roe, manager of the Royal Bank, left on Monday for a three week's vacation, which he will spend in Vancouver and Victoria.

Mrs. E. Ness, who has been sick for some time was removed to Anyox Hospital on Monday for treatment.

Mr. Grittan, provincial fire ranger, arrived on Tuesday, to take charge of fire fighting operations down the inlet.

See Al. Falconer for Wood, Coal and Lumber.

Mr. F. D. Rice is surveying the Bunker Hill property, which is situated near the La Rose mine.

Mr. R. Willmott, travelling auditor for the government liquor board, was a visitor in town during the week.

Mr. J. Swanson, mine superintendent at Anyox is visiting Mrs. Swanson who is spending a vacation here.

Mr. J. Ellis, of Anyox, is spending four week's holiday with his wife and family at Silver City.

Mrs. Fred Watson and daughter left on Sunday for their home in Anyox, after spending a vacation with Mr. and Mrs. N. Fraser, at the Esperanza mine.

Miss Fosey Fraser R. N. arrived from Vancouver on Monday, and is spending a vacation with her parents, Mr. and Mrs. N. Fraser at the Esperanza mine.

The mining industry of Alice Arm received a boost during the week, when the Homestake Co. bonded the Toric property. The developing of this property is only the commencement of a mining boom which is coming to the district. The present year and the following will undoubtedly place Alice Arm again in the limelight as a mining camp second to none on the continent.

FOR SALE—White enamelled bed, with mattress, \$6.00. Apply Herald Office.

Young Jack was talking to the new visitor soon after her arrival. He eyed her critically for a few moments, then looked up and said: "So you're my grandmother, are you?"

"Yes, dear. On your father's side," remarked the old lady smiling.

"Well, you're on the wrong side; you'll find that out," replied Jack.
