Good Progress Made In Local Tournaments

In the Ladies' Golf Putting competition held on Tuesday, Mrs. Wenerstrom was the winner of the 18-hole contest with a score of 30. Mrs. Fricker was the runner up with a score of 31.

In the 9-hole competition Mrs. Sheen and Mrs. Geo. Stewart tied for first place with a score of 16.

The Tennis Club tournaments are getting well advanced. During the playing for the championship of the men's doubles this week Oatman and Macintyre won from Cavers and Cavers 6-2, 6-4 in the second round.

In the semi-finals of the mixed doubles Miss Eve and Oatman won from Mr. and Mrs. Macintyre 6-2, 7-5; Miss Gillies and Dixon defaulted to Miss M. Dresser and McInnes.

In the semi-finals of the ladies' singles Miss Dora Grigg won from Miss I. Gillies, and Miss Mildred Dresser won from Miss Gordon.

During the playing of the semi-finals for the men's singles McInnes defeated Dr. James 6-1, 6-4.

Anyox Mosquito Fleet Has Active Season

Taking advantage of every spell of fine weather, the various craft housed along the Anyox waterfront pull out for short trips. Fishing is the favorite pastime. Possibly a picnic is planned, or it may be just a run for fresh air and a change. Some of the more ambitious boatmen have spent their holidays on the water.

The Kavema recently made a successful trip to Crescent Beach and return. Mr. and Mrs. G. Warwick, in their tight little craft went north as far as Juneau; Mr. and Mrs. R. T. Carrick spent a holiday on their craft and enjoyed every mile of the voyage, and Harold Spencer has just returned from a run to Port Simpson.

Renovation has given place to recreation, and daily some of these boats may be seen making off in all directions, putt-putting home in the evening.

John A. McLaughlin, for many years with Granby Consolidated, at Copper Mountain and who was three years in Russia, has been appointed consulting engineer of Cariboo Mountain Gold Mines, Limited, which has a property on Cariboo mountain. W. A. McKenzie, former minister of mines, is president of the company.

ALICE ARM NOTES

A. Paterson arrived from Anyox on Tuesday and is spending holidays at the Alice Arm Hotel.

P. H. Tidy, who has spent a short vacation at the Alice Arm Hotel is leaving for home today.

Norman Fraser, who has spent the past two months here doing development work on the mining properties of the Esperanza Mines Ltd. left for Prince Rupert on Monday.

William Pinckney, Arthur Deeth and Frank Dresser of Anyox, are spending holidays here. They arrived on Tuesday.

Wallace Henderson arrived on Saturday from Anyox to spend holidays here with Mrs. Henderson who arrived a few days previously.

Malcolm Campbell of Anyox spent the week-end with Mrs. Campbell and family, who are holidaying here. He was accompanied by his brother D. M. Campbell. They returned to Anyox on Tuesday.

C. O. Edwards arrived from Anyox on Saturday and is spending holidays at the Alice Arm Hotel.

J. A. Anderson arrived from Anyox on Tuesday and spent a few days with Mrs. Anderson and family.

Constable Geo. Blaney arrived from Anyox on Tuesday. He was accompanied by Mrs. Blauey.

J. O'Rourke arrived from Anyox on Monday and is spending a holiday at the Alice Arm Hotel.

J. Hauber is leaving today for Prince Rupert. From there he will prospect for gold bearing rock along the coast south for about two months. Later he plans to proceed to Moresby Island where he will prospect during the winter and next summer.

The annual picnic of St. Michael's Church will be held at Campers Point on Friday next, August 25th. The mission launch Northern Cross will convey everyone wishing to attend from the wharf at 2 and 3 o'clock p.m. An open invitation is extended to everyone. Bring along your own refreshment baskets. Contributions for ice cream and prizes can be left at T. W. Falconer's store.

Beach Defeat Colts In Championship Game

The first game of a five game series for the championship of the Anyox Baseball League was won by the Beach on Tuesday, when they defeated the Colts with a 5-0 score. The winning team of this series wins the handsome baseball cup for the coming year.

Miss J. W. Pickin arrived on Friday from Vancouver.

Close Call for Rangers In Mine Game

After having things pretty well their own way, especially in the second half, and doing everything but score, the Mine came out on the wrong end of a 1-0 score in the League game on Thursday the 10th. The game was full of action and furnished lots of excitement and thrills for the handful of faithful fans who attended. Hitherto lacking a forceful forward line, the Mine this time had an aggregation which was much more effective. Jimmy Horne, who has not played since the early part of the season, played a tricky game at inside left and filled a much-needed want. Herzl was replaced by Ernie Moore in goal, who has lost none of his sureness between the sticks. In the first half the nice combination of the Ranger forwards soon had the miners on the defensive, Buchanan booting in a fast one about fifteen minutes after the start. After the interval the Mine pressed determinedly and the play was chiefly round the Rangers end, but all the Mine efforts were of no avail. On the play this game was certainly the miners, and they are to be congratulated on their courage and their "never say die" spirit. They have shown a splendid sportsmanship throughout.

The teams: Mine, Moore; Graney Dixon; Clarke, Dyer, Martin; Horne, Ferguson, Phillips, Jim Horne, Jelbert. Rangers: Hunter; Calderoni, Hamilton; Galbraith, Francis, Shields; Peel, Donaldson, Buchanan, Ellison, Allan.

Seaplane Stationed At Anyox

Mr. J. McConnachie arrived at Anyox on Monday the 7th. in an Eastman Flying Boat from Vancouver. The plane also carried Engineer M. Prust. This fine 4-place machine will now be permanently established in the district, and will operate commercially, being available for prospectors, fishing, mining, private parties, etc. It will fill a much needed want in this district, where overland travel is often slow and arduous, and where transportation by water is not always available just when needed. The plane will carry a load of 550 pounds, exclusive of the pilot. A hangar is to be built for it at Anyox immediately.

E. Laughton returned on Friday to Vancouver after spending a holiday here.

ANYOX NOTES

Mrs. E Webster and child arrived on Monday to take up residence at Anyox.

V. S. McRae left on Monday for a holiday visit to Vancouver.

Mrs. H. Selfe and daughter Olive arrived on Monday from Vancouver, on a visit to Mr. Selfe.

Miss Yvonne Romer, of San Francisco, who has been on a two weeks' visit to Mrs. David Deane, left on Friday for her home in the Californian city.

Mr. and Mrs. T. Wilby and children returned on Friday from a holiday visit to Vancouver. They were accompanied by Mr. Wilby's mother, Mrs. C. Wilby.

Mrs. F. Buckle returned on Friday from a holiday visit to Vancouver and Victoria.

Mr. and Mrs. Donald Ritchie arrived on Friday from Prince Rupert.

T. Cloke returned on Friday from a trip to the south.

Miss Desjardins returned on Friday from a holiday visit to southern cities.

Miss D. Gallagher arrived on Friday from Vancouver.

Mrs. P. J. Lyne arrived in town on Friday from the south.

Mrs. J. Bodin left on Friday for a visit to Vancouver.

Mrs. A. W. Gigot and children returned on Friday from a visit to Vancouver and Victoria.

Mr. and Mrs. T. P. O'Brien and family left on Friday for a visit to the south.

Mr. and Mrs. H. Nye left on Friday for a visit to Vancouver.

Miss H. Calderoni left on Friday for a visit to Prince Rupert and other southern points.

J. Watson left on Friday for a visit to Vancouver.

Mr. and Mrs. Ken. Watson returned on Friday from a visit to Vancouver.

Mr. and Mrs. Jack McLean and children returned on Friday from a visit to Vancouver.

Mrs. L. Bosman left on Friday for Vancouver after spending a holiday here with Mr. and Mrs. K. A. Hunter.

Mr. and Mrs. C. H. Cameron and Mr. A. McDonald left on Friday for a holiday visit to Prince Rupert.

Be Careful With Fire

Everyone in Anyox is again reminded to be careful how they dispose of their burnt matches, cigarette butts, etc. Any lighted object carelessly thrown may cause the destruction of the whole town. It has nearly happened on previous occasions and can easily happen again. Be careful.

Popular Anyox Couple Are Married

The wedding took place quietly on Thursday evening, August 10th. at Prince Rupert, of Miss Margaret E. Lindsay, daughter of Mr. and Mrs. J. A. Lindsay, Park Avenue, Prince Rupert, to Alleyn Donald Ritchie of Anyox, son of Mr. and Mrs. George A. C. Ritchie of Brandon, Man., Rev. F. W. Dafoe D. D. officiating at the Baptist Church manse. Miss Mildred Lindsay was bridesmaid and S. J. Hunter, groomsmen. Otherwise only members of the bride's family were present.

Later a reception was held at the home of the bride's parents for a few intimate friends of the family.

Mr. and Mrs. Ritchie returned to Anyox last week, where Mr. Ritchie is in the employ of the Granby Company as an engineer.

Mrs. Ritchie, who spent most of her girlhood days in Prince Rupert, has been a nurse in the hospital at Anyox for several years. She is well known and popular both at Anyox and Prince Rupert.

Dance Held at Alice Arm Enjoyable Affair

A very enjoyable impromptu dance was held at T. W. Falconer's hall, Alice Arm, on Saturday evening last. A large number of Alice Arm people and Anyox visitors were present. Music was furnished by several musicians, a feature of the evening being the playing of several old-time dances, by Mrs. W. Henderson, which was greatly appreciated.

During supper, two Scotch dances were given by Miss Ellen MacLeod, who was dressed in Highland costume, and were thoroughly enjoyed by the audience.

Thanks are due to several Anyox lady visitors—who made arrangements for the dance—for the pleasant evening enjoyed and also to T. W. Falconer for the free use of the hall. At the close all joined hands and lustily sang "Auld Lang Syne."

Raft Built By Anyox Rovers Appreciated

The Anyox Rovers did a real job for the many bathers of Anyox when they built the splendid diving raft which is enstalled at Elks' Beach. Swimmers pronounce it just right. It is nice to dive from, easy to climb on to, and good to sit on and rest in the sun. Let us hope there will be plenty more warm days this season in which to enjoy that enticing raft.

During the first six months of 1932 Great Britain imported 17,091 tons of copper from Canada. In the same period of 1931 the total imports from Canada were only 640 tons, an increase of 2,570 per cent. Great Britain also largely increased her sales of copper from Rhodesia during the past year. It is expected that sales of copper from both Canada and Rhodesia will be still further increased during the present year. These figures show plainly that Empire trade is expanding, and will continue to increase as foreign countries raise higher tariff walls. Imports of lead and zinc from Canada have also shown a remarkable increase during the past year, as has also almost every other commodity produced in Canada for export trade. The result of the two Imperial Conferences is now being beneficially felt. Complaints have, however, been voiced in Great Britain by some manufacturers that their goods are practically barred from Canada by special tariffs. These complaints are being investigated, and if it is found that such is the case and the cause of friction not removed, trade between Canada and Great Britain is bound to show a shrinkage instead of an increase. No country, in these times of fierce competition, can afford to ignore its best customer when purchasing goods. Increased Empire trade can only be built up by striking a balance between imports and exports. If we sell our copper, lead, zinc and other commodities in Great Britain we should be prepared to take an equal value of goods in return.

If the mines of British Columbia had decreased their production such as the logging camps and sawmills have during the past four years, the province would be bankrupt and incalculable misery would have resulted for everyone in every line of business. Scores of towns from the international boundary in the south to Atlin in the north would have closed down and become deserted. Thousands would have been thrown out of employment that labor in mines, smelters and mills, and other thousands that furnish the mining companies with supplies and their employees with foodstuffs would necessarily find their occupation gone. Transportation company employees, both railway and steamship would have been greatly reduced, manufacturers, wholesale and retail houses, farmers, of all kinds in fact everyone would have

How Everyone Wishes For Inflation To Proceed

"What I want," said the farmer, "is inflation of the kind that will raise the prices of the crops that I sell, but will have no effect on the price of clothing or farm machinery."

"What I want," said the merchant, "is inflation of the kind that will raise the prices of the goods that I have for sale, but will have no effect on rent or other items of overhead."

"What I want," said the manufacturer, "is inflation of the kind that will raise the price on my finished goods, but will have no effect on wages or the cost of raw materials."

"What we want," said everybody at once, "is inflation of the kind that will blow up our own balloons, but will leave the other fellow's just the same size as before."—The Financial News.

Railway Earnings Show Big Increase

Traffic earnings of the Canadian railways for July show an aggregate gain of nearly a million dollars in comparison with the same month of last year and this is the best showing in many months on similar comparisons. Gross earnings of the Canadian Pacific Railway were \$473,000 higher and those of the Canadian National Railways were \$492,727 higher than in July of 1932, making a total increase of \$965,727 for the two railways.

B.C. Chamber of Mines Wish For New Ore Samples

Samples of ore from operating mines in British Columbia are being asked for by B. C. Chamber of Mines for the mineral exhibit to be made at the Canada Pacific Exhibition in Vancouver, August 30th. to September 6th. Any photographs of mining operations will also be welcome. Ore samples may be forwarded to the Chamber of Mines, freight charges collect, and should have the following information attached. Name of mine or mineral claims; class of ore; name of owner; name of nearest shipping point and distance therefrom; name of district or mining division.

John Pederson, well known throughout the North, is now interested in the Whitewater district and recently turned over 32 claims to Taseko Mather Lode Gold Mines, Ltd. Diamond drilling is proposed.

suffered severely. The mining industry is the sheet anchor of business in B. C. industry. Luckily the anchor held fast during the past four years, or the ship of state would have been swamped.

Try this Recipe for Dinner Tomorrow

HERE is a simple recipe for a delicious custard pie. Serve it to your family for dinner to-night and watch them come back for more!

CUSTARD PIE

- 1 1/2 cups St. Charles Milk
- 1 1/2 cups water
- 4 eggs, well beaten
- 1/2 cup sugar
- 1/4 teaspoon salt
- Unbaked pastry

Few Gratings Nutmeg

Dilute the milk with water and bring just to scalding in a double boiler. (Do not boil). Add sugar and salt to eggs, blend well. Pour the hot milk slowly over the egg mixture, stirring constantly. Cool. Pour into pastry, sprinkled with gratings of nutmeg and place in a rather hot oven to set rim and bake sides and bottom of crust. Then DECREASE the heat and cook at a low temperature until a silver knife inserted in centre comes out clean. The custard must not boil at any time or it will be watery.

Borden's St. Charles Milk is equally delicious in any recipe that calls for milk.

Borden's ST. CHARLES MILK
 UNSWEETENED EVAPORATED

The Minerals of British Columbia

The amount of Gold produced in British Columbia shows a total value of approximately \$227,000,000.

British Columbia offers excellent opportunities for profitable investment

NOTICE: Amendments to the "Mineral" and "Placer Mining" Acts were passed at the 1933 Session of the British Columbia Legislature having to do with the staking and working of mineral claims and placer mining leases, effective on the 1st. of July, 1933. Those interested should apply to the Department regarding same.

Copies of the Annual Reports of the Honourable the Minister of Mines and special bulletins, etc. may be obtained, free of charge upon application. A new PLACER MINING bulletin also is available, for which there is a charge of 25c. Same contains comprehensive and up-to-date information as to this phase of mining in British Columbia, together with a synopsis of the new mining laws. Applications should be addressed to

THE DEPARTMENT OF MINES
 VICTORIA, B. C.

Here and There

Almost \$20,000,000 was spent in the manufacture of toilet preparations, soaps and washing compounds in Canada in 1932. A recently issued official report states that the total value of the former produced was \$5,073,134, and of the latter \$14,734,549.

Forty boy scouts of Oregon and Washington made the first leg of their 8,000 mile trip to Budapest in the Princess Kathleen, Seattle to Vancouver. They are travelling C.P.R. across Canada to Quebec, whence they will sail for England on the Empress of Britain.

Alaska and the Yukon hold their popularity as summer playgrounds judging by the sizable list of passengers sailing north to Skagway in Canadian Pacific coastal liners. Many of them are mining and business men, but the majority are summer tourists attracted by the rate reductions for summer Alaska travel.

Forty-three years of "active, loyal, and efficient service", with the Canadian Pacific Railway closed June 30 with the retirement of W. A. Kittermaster, General Western Freight Agent, Chicago. He was succeeded by E. L. Cardle, Assistant General Freight Agent, and the office which the latter vacated was abolished.

For the first time since its foundation 25 years ago, a Governor-General of Canada was present at the annual closing exercises of the Boys' Farm and Training School, Shawbridge, Que., recently, when the Earl of Bessborough, accompanied by E. W. Beatty, chairman and President, Canadian Pacific Railway, attended the school and awarded prizes to graduates.

"There are tangible signs of business and economic improvement in Canada and the United States," Sir Josiah Stamp, Director of the Bank of England, President of the London, Midland & Scottish Railway, and one of Britain's leading economists said recently when he sailed for England on the Canadian Pacific liner "Empress of Britain" after a short visit to this continent.

Ten Honolulu youths between 14 and 17 years of age arrived recently at Vancouver on Canadian Australasian liner "Monowai" en route to the Yukon where they will spend the summer in scientific research and adventure. They will sail north to Skagway, go into White Horse where they will build boats for the run down the Yukon River to Dawson.

Motion pictures of herds of caribou swimming the swift current of the Yukon River and other striking studies of wild life in the far north have been garnered by Harry Pollard, Associated Screen News photographer, who returned recently in the Princess Norah to Vancouver after six weeks in Alaska and the Yukon. He went on to Banff and Lake Louise where he will photograph mountain scenery.

A total of 616,215 persons visited the 18 national parks of Canada in the fiscal year 1931-32. These great reservations cover an aggregate area of 18,000 square miles. Each has its own attractive characteristics. There are three scenic and four animal parks in Alberta, four scenic parks in British Columbia, one scenic park in Manitoba and one in Saskatchewan; one historic park in Nova Scotia and one in New Brunswick, one recreation park in Ontario and two island park units.

Completing a sensational successful visit to Canada and the United States lasting several months, the Oxford Group sailed recently aboard the Empress of Australia for England under the leadership of Rev. H. Allen Viney. Their Canadian visit terminated with a house party at the Chateau Frontenac at which 500 members were present.

The death at Vancouver recently of F. W. Peters, former general superintendent British Columbia district, Canadian Pacific Railway, severed one of the last remaining links on this continent with the pioneering railroad days of the early seventies. His service extended to nearly 52 years. He was born in Saint John, March 25, 1880.

THE HERALD
\$2.00 a Year

Here and There

Gasoline sold in Canada during 1932, according to figures compiled by the Dominion Bureau of Statistics, amounted to 503,452,000 gallons. Nearly half the total was consumed in the Province of Ontario.

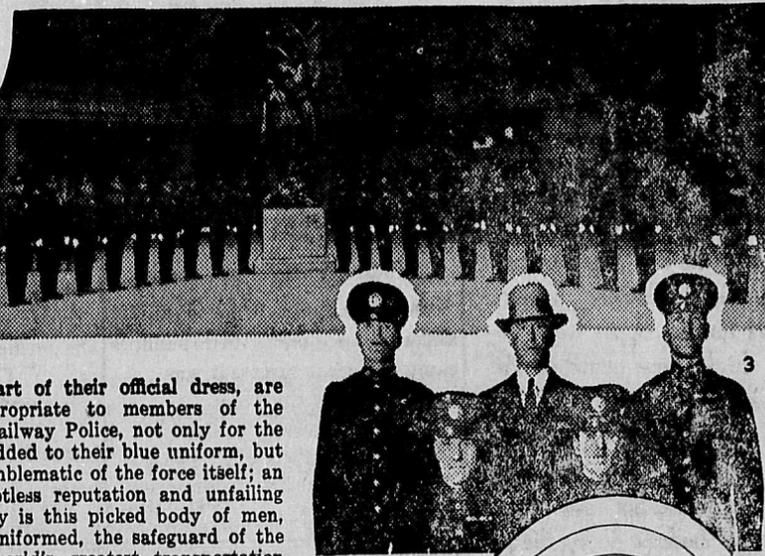

The recent Canadian census reveals that of the population of Canada fifty-two per cent. are of British origin; twenty-eight per cent. French origin; seventeen point five per cent. all other European races, and about four-fifths of one per cent. Asiatic.

The Saskatchewan Department of Natural Resources will liberate about 2,000 nine-week-old pheasants throughout the province of Saskatchewan during the coming summer. The birds are being held in captivity at Moose Jaw prior to liberation.

Despite a somewhat later season this year, crop conditions throughout the Prairie Provinces provide cause for optimism in the opinion of J. M. McKay, general agricultural agent, Canadian Pacific Railway. He based his view on improved moisture conditions and generous growth everywhere, which at some points was the best since 1928.

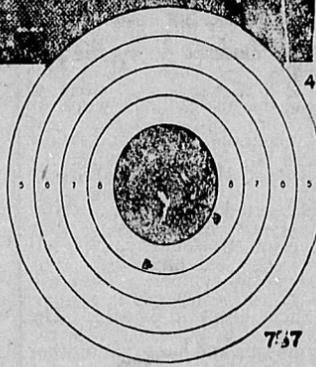

Never bawl out a person who bums a cigarette from you. She may be somebody's mother.

Great Railroad Has Fine Police Force

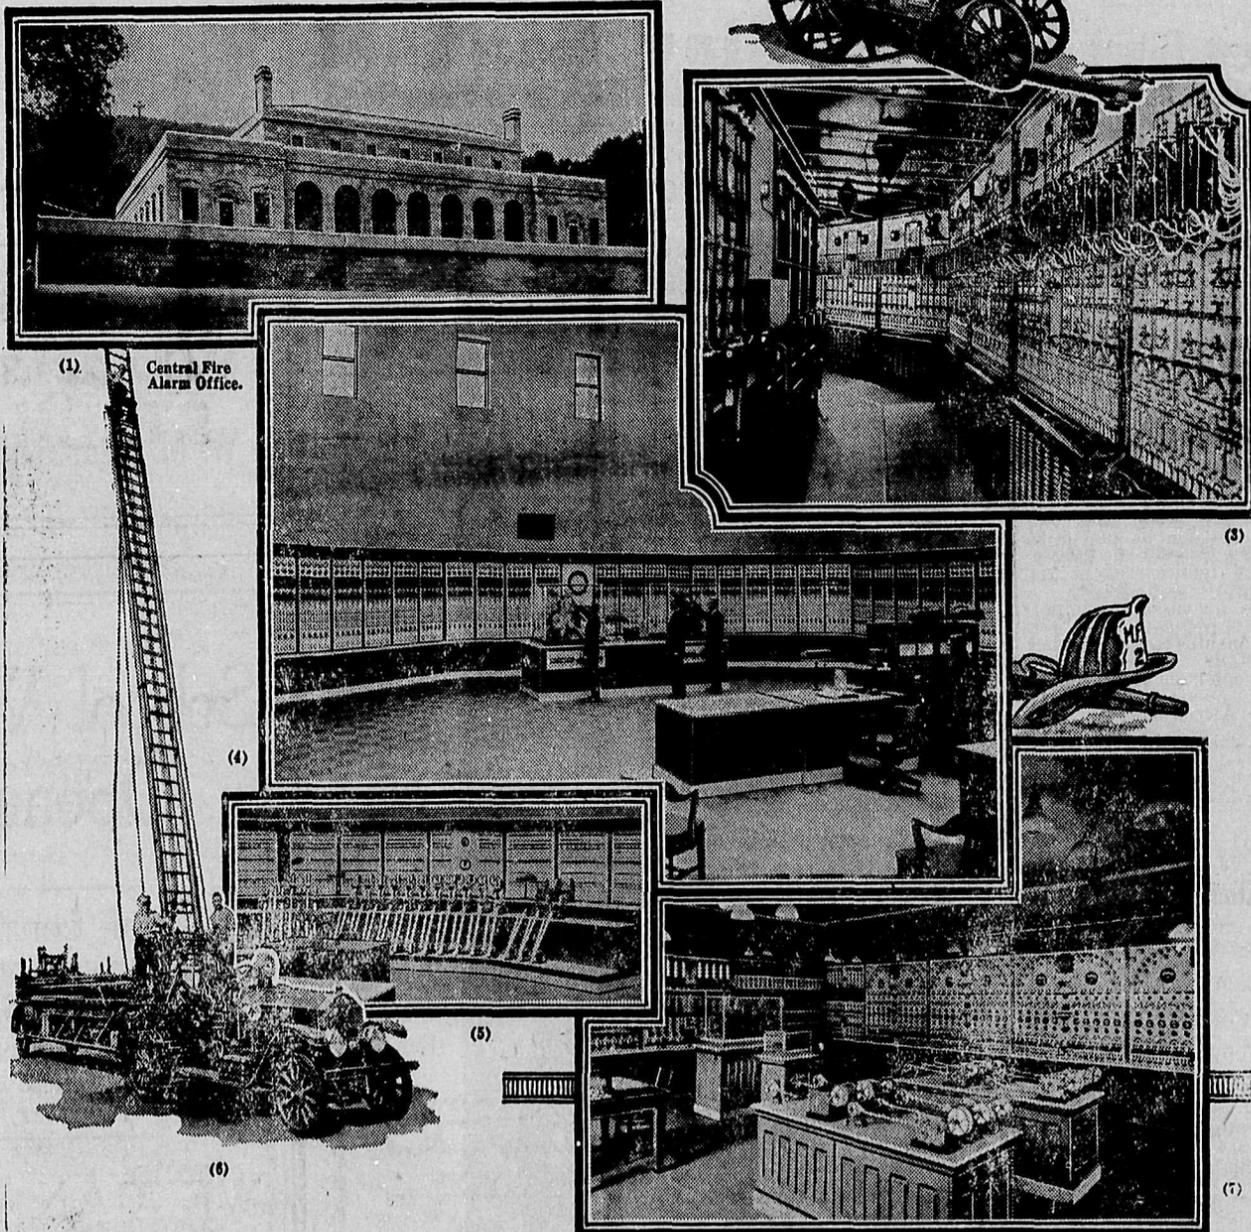

White gloves, part of their official dress, are especially appropriate to members of the Canadian Pacific Railway Police, not only for the smart touch thus added to their blue uniform, but because they are emblematic of the force itself; an organization of spotless reputation and unflinching courtesy. Not only is this picked body of men, uniformed and ununiformed, the safeguard of the property of the world's greatest transportation system and its thousands of patrons, but its members are friends and mentors to countless travellers in all part of the Dominion. Wherever the company has an interest, be it a great terminal, a wharf or a vast freight yard, "the man in blue" is to be found. Many of the constables and their officers are ex-servicemen and at their head is Brigadier-General E. de B. Panet, C.M.G., D.S.O., A.D.C., a distinguished Canadian soldier with a splendid record as a staff officer during the Great War. The force has won many trophies for first-aid work and also in revolver shooting, its Ontario team having captured the Canadian police revolver championship for the whole Dominion this year.

1. Ex-servicemen of the Canadian Pacific Ry. Police at the war memorial in Windsor St. Station, Montreal. 2. Brig.-Gen. E. de B. Panet chief of the Investigation Department, C.P.R. 3. The champion revolver team of the Dominion of Canada. 4. A fine revolver target, scored by Sergt. Bailey, Montreal.

World's Largest Fire Alarm System Inaugurated

1. The new Fire Alarm Central Office Building on Mount Royal. 2. The first hand operated Fire Pump used in Montreal in 1856, when it was kept in a volunteer station on Victoria Square. It is now in the historic collection in the Chateau de Ramezay. 3. A corridor giving access to the back of all switchboard panels, showing the rows of electrical equipment. 4. A view of the switchboards showing the two manually operated transmitters which send out the fire calls to all Fire Stations, Police Stations, Hospitals and Newspaper Offices, at one time. Operators are seen in position. 5. A view of the large bank of Box Line Recorders by which all calls come into the building, and are recorded on paper tapes. 6. One of Greater Montreal's modern Ladder Trucks and Hose Towers — note the man aloft. 7. The old Central Office Switchboard and Recorders which have served the City since 1909, photographed as the last line was cut over to the new Office, by the installing engineers of the Northern Electric Company, Limited

It's a far cry from the days of the volunteer hand pump and bucket brigade of 1850, to the fire fighting equipment of today, and the contrast is nowhere better illustrated than in this group of pictures of Montreal's new Fire Alarm Central Station, situated on the northeastern slope of

Mount Royal, which was officially opened by His Worship, Mayor Rinfret, on June 29th, when the new central office took over the supervision of all fire calls and the old board was reported "Dead" after twenty-four years' service. Owing to the phenomenal growth of the city in

the past few years the facilities of this old board have been out-grown. This two million dollar project has taken over two years to complete. It now holds a unique position in the fire fighting circles of the Empire, and indeed of the

world, since it is the largest Central Fire Alarm Station to be found anywhere in the world. It is designed not alone for today, but very wisely provision is made for expansion, with a view to the day when the whole island will constitute Greater Montreal.

Daughter of Mr. & Mrs. C. McMillan Weds

Miss Audrey M. McMillan, daughter of Mr. and Mrs. Charles McMillan, of Anyox, was married on Sunday, July 16th. to Mr. Armine T. Good, son of Mr. and Mrs. Arthur Good, of Mount Vernon. The wedding took place at the home of Mr. and Mrs. James Kerr, Seattle, the Rev. C. E. Van Hise performing the ceremony.

The bride was daintily gowned in imported white organdie, with a long veil of silk net held in place by a wreath of lilies of the valley and yellow rose buds. Miss Lois Thurlow, the bridesmaid, wore an orchid organdie gown and white hat. Russell McMillan, brother of the bride, acted as best man. After the reception the young couple left on a short honeymoon. They will make their home in Seattle. The bride's mother and her grandmother Mrs. J. K. Russell, and younger sister Virginia, together with about twenty five intimate friends, attended the ceremony. The bride is well known in Anyox, having resided in this district for seven years, leaving here about three years ago.

Anyox Sport Fixtures Are Cancelled By Rain

Our columns, which have been replete with sports news for several issues, will contain only a small amount of such items this week. The reason for this is the belligerent attitude of the weatherman. He frowned on golf, stopped baseball, and put a wet blanket on the tennis championships. A football fixture also had to be postponed and it takes something to do that! However, as soon as he smiles out come the tennis rackets and baseball bats, for there are important championships to be decided. It is the fervent hope of all lovers of sport in Anyox that a spell of fine weather yet remains, for them to complete the various schedules.

Ideal Holiday Conditions At Alice Arm

The town of Alice Arm and surrounding country never looked better than it did this week. The flowers are in full bloom: the berries, both garden and wild, are ripe; the fishing is good; everything is green and restful to the eye, and the weather has been warm. Tucked away among the mountains of the rugged north coast this beauty spot is an ideal holiday resort, and the many visitors from Anyox this year are all sorry to depart when duty calls them back to the routine of work in the smelter town.

Developing, Printing and Enlarging. All work returned on following boat. Wrathall's Photo Finishing, Prince Rupert.

SCOUTS CONVEY THANKS

Anyox, B. C.
August 15th. 1933

The Editor,
Alice Arm & Anyox Herald,
Alice Arm, B. C.

Dear Sir:
Would you please convey through the medium of the Herald the thanks of the Anyox Troop Boy Scouts, to all those who so kindly assisted to make their summer camp the great success it was.

On behalf of the Troop,
Sincerely yours,
ROLAND GALE,
Scoutmaster.

Cubs Enjoy Outing Larcom Island

During the past week the waters around Larcom Island have been emptied of fish—the Cubs caught them all, and how good those fish tasted. Twenty eager, bright-eyed Cubs started out on Monday morning last in charge of Cubmaster Bamforth, and didn't they enjoy the outing! Everything that Cubs should do was done, and those tanned youngsters are back, looking and feeling a hundred per cent better for a glorious holiday.

Long Trip In Small Boat

Mr. and Mrs. Geo. Warwick recently made a trip to Alaskan waters in their open launch. The furthestest point reached was Juneau, which is quite an undertaking for such a small boat.

With rising prices for wool and a vast Chinese market for wheat caused partly by advantageous monetary exchange, Australia is rising steadily to a greatly improved economic position, declared Warwick Fairfax, managing director of the Sydney Morning Herald, Australia's oldest newspaper, a traveller recently on the Canadian Australasian liner Niagara.

Meeting at a time when the nations of the world were never so much in need of close co-operation economically and politically, the fifth biennial conference of the Institute of Pacific Relations to be held at the Banff Springs Hotel, August 14-28, is regarded as a possible turning point in the affairs of all the nations bordering the Pacific.

Big Fish—Happy Fisherman

Hook a 35 pound musky for yourself like this one and then sympathize with J. A. Gibson of Toronto who fought for four and a half hours near French River Bungalow Camp 215 miles north of Toronto, to land it. It is the seventh musky to be caught near the camp by guests this season and was caught on Friday, July 21st, so fisherman's luck seems to be a complication of opinion. The scene took place late in the afternoon right in front of the outlying camp dock in full view of guests who lined the shore and started fires in order to see the finish, forgetting dinner and later celebrating the latest entry in the bungalow camp annual musky competition fittingly. Since every musky to date has practically been larger than the last, the winner of the challenge shield this year may become famous... if he can land it.
