ALICE ARM, B. C., SATURDAY, AUGUST 18, 1923

5 cents each.

## Alice Arm Mining Active

### Homestake Concentrates on Trail Work

Work at the Homestake Mine, at present consists of trail work, all men being taken from the mine in order to complete this work as quickly as possible. J. Fiva has taken a contract to construct permanent camp buildings and work will commence at once. There will be two log buildings each 14 feet by 24 feet inside measurement, one will be used as a bunk house and the other as a cook house and dining room. Sixteen men are employed by the company.

### New Tunnel on Sunset Augurs Well

The new tunnel recently started on the Sunset property, by the Keystone Mining Co. is in a distance of eight feet, and shows the ore vein to be ten feet wide. The vein will be drifted on for a distance of 40 or 50 feet and a cross-cut will then be driven to both walls. This vein runs north-east and south-west, and can be traced on the surface for a distance of four claim lengths. A new trail is very much needed for the transportation of supplies as the old trail is practically worthless. Only two miles of trail is required.

### Verona Promising Property

Development work done on the Verona property, on Roundy creek, this summer, by Mr. Tom McRostie has proved extremely satisfactory. A surface cross-cut driven across the ore vein, at a depth of thirty feet, shows from 24 to 30 inches of high grade silver-lead ore. Several other surface cuts have been driven on the vein with gratifying results. The great drawback to the property, is the absence of a trail from tide-water; should a trail be built, considerably more work would be done, and the prospect of shipping ore would be considerably improved.

### Vanguard Lead Widens

The ore ledge on the Vanguard property, at the Kitsault Glacier has widened out to 14 feet, ten feet of which is high grade copper ore, estimated by Mr. M. Petersen, who is working on the property, to average six or seven per cent copper. The balance of the ledge carries considerable iron, but is expected to contain considerable silver values. The Vanguard ore in addition to copper values carries good values in gold and silver.

### Rich Strike on Last Chance

A strike of high grade silver ore has been made on the Last Chance property, by Messrs. A. McPhail and P. Morley. A surface cut having a depth of 14 feet was driven across the ore ledge, and proved the ore to be 12 feet wide, carrying high values in silver. A second cut has been started, and as

### Pretty Floral Wedding Celebrated at Anyox

A wedding of interest to many residents of Anyox, took place at Christ Church, on Wednesday evening, when Miss Phyllis Grigg, became the bride of Mr. T. Russell Jones.

The bride, who wore a dress of white satin, with overdress of georgette and pearl trimmings, and wearing a veil of orange blossoms and carrying a bouquet of Ophelia roses, was attended by Mrs. Alma Waite, as matron of honor, who was gowned in blue satin and georgette. Miss Violet Eaton was bridesmaid, and was attired in a charming peach Crepe de Chene dress, with a large picture hat, and carried a bouquet of carnations and sweet peas.

Miss Dora Grigg acted as flower girl, and was charmingly attired in pink organdie, and carried a basket of sweet peas. Mr. Harry Thorley was groomsman.

The bride entered the Church to the strains of the Wedding March, played by Miss S. Brentzen. The ceremony was performed by Rev. J. B. Gibson. During the signing of the register, Miss Mable McKay sang "Beloved it is Morn."

After the ceremony, a reception was held at the home of the bride's parents. At the wedding breakfast, Rev. J. B. Gibson proposed the health of bride and bridegroom to which the bridegroom responded. Mr. Harry Chapman proposed a toast to the Matron of Honor and Bridesmaid, which was responded to by Mr. Harry Thorley.

Mr. W. F. Eve then proposed the health of the bride's parents, Mr. and Mrs. J. Grigg, to which Mr. Grigg replied in suitable terms.

The gifts were numerous, and space forbids the publication of a complete list. The bride's gift to groom was an onyx diamond ring. Bridegroom's gift to bride, a white fox fur. Bridegroom's gift to bridesmaid, a string of pearls; to groomsman, a silver cigarette case; to matron of honour and Miss Violet McKay, white pearl gold brooches; to flower girl, signet ring.

much work as possible will be done before the snow comes. The owners at present are very reticent regarding the strike, until more work has been done, but according to all reports, a big strike of high grade ore has been made, particulars of which will be published later.

### Numerous Properties Being Developed

Numerous other properties are being developed by their owners throughout the whole district, and the work being done this summer will enhance the value of several of the older properties and also place a number of the newer one's in the limelight. Each season's work proves more conclusively than ever that Alice Arm has "the goods" and will be second to none among the mining camps of the future.

### Weekly Meeting of Anyox Community League Council

After several weeks of no meetings, the majority of the councillors being on holidays or working overtime, the Council met on Wednesday night, with Mr. Callanan in the chair.

On the reading of the minutes of the preceding meeting, it was moved by Mr. Seidelman and seconded by Mr. Jones that they be adopted as read.

The Secretary's report dealt with expenses and receipts covering the celebrations in connection with Dominion Day and the trip of the baseball players to Ketchikan. The total receipts for the ball game, field sports and dance amounted to \$468.65, the expense aggregation \$450.90, leaving a balance of \$17.75 to the good. The manager of Recreation Hall had been granted an advance in wages by the Finance committee, reserving the right to adjust this at the end of six months in any manner they might consider best. In connection with the request of the Granby Company for the use of the gymnasium for a period of two months, the Secretary asked to have this endorsed by the Council as a body, as individually they had all agreed to the arrangement when first brought to their attention. It had also been suggested that Labor Day should be recognised in some way this year and a field day for those taking an active part in baseball, football and basket-ball should be held with a dance in Recreation Hall in the evening.

The Council endorsed the arrangements made with the Granby Company for the use of the Gymnasium at a monthly rental of \$100.00.

Communications from J. Pinder-Moss, Harry A. Harvey and J. F. Lee were read. Mr. Pinder-Moss wrote informing the Council that the prize for swimming offered by the League had been won by a Mrs. McIntosh of Prince Rupert, and that no one had made the necessary marks for the prize offered in the electrical class. Mr. Pinder-Moss wanted to know if the League would make these prizes a yearly donation. It was thought that subject to the will of each Council this might be done.

Mr. Dwyer moved and Mr. Seidelman seconded a motion that the Council continue to donate these prizes. The letter from Mr. Harvey asked about chances for a musician in Anyox and the Council agreed that the letter be filed. A letter from Mr. Lee requested the Council to consider a refund to his wife of a like sum that was received by Mr. Waterman last year. Mrs. Lee had been a member of the Mine orchestra and was entitled to a refund. In this connection the Secretary read a voluntary letter from Mr. A. E. Grigsby, who had organized the orchestra, and who wrote from Jerome, Arizona, after the Council had paid Mr. Waterman the \$20 in 1922. The Council agreed that Mr. Lee should be forwarded a copy of this letter for his information.

Owing to lack of space—continued next week.

Mr. R. P. Wilmot auditor of the Liquor Board was a visitor to Alice Arm and Anyox during the week. This was Mr. Wilmot's first visit to Alice Arm, and he was much surprised at the size and activity of the town.

### Big Dam at Anyox is Nearing Completion

Under the able guidance of Mr. W. Faust, the New No. 2. Dam is rapidly approaching a state of completion. The activities for the past two weeks have been centered upon the last lift, and the coping and walk across the top of the Dam from Buttress No. 1. to Buttress No. 21. There remains only five more of these to be placed to have this work completed.

Other interesting features are the excavations underway on both sides of the creek, particularly that on the east side where the siphon spillway is to be placed. This is the first Siphon Spillway to be constructed in western Canada and it adds fifty per cent to the efficiency of the structure, it is being watched with a great deal of interest by other concerns who are considering the construction of dams it is also believed that several dams now having the roll-way type of spillway, may be altered and have siphons installed.

The work on the dam was seriously delayed by the ravage of the recent fire, but now it is forging ahead and early completion is looked forward to.

### Geological Party Now at Alice Arm

Dr. Geo. Hanson, Dominion geologist arrived in Alice Arm on Saturday, accompanied by Messrs. Harry Gunning and Heber Jones. Dr. Hanson has spent considerable time in the district during the past two summers, in connection with geological survey work.

The party left on Tuesday for the Illicane River valley, and will spend 10 or 12 days in this district going as far east as the Nass Divide, they are now camped at 11-mile.

A geological survey will also be made on Roundy creek and some work done in the Kitsault valley if time can be spared.

During the present summer Dr. Hanson has made a survey of the mineral belt between the Nass Valley and Terrace, starting from Aiyansh.

### Kitsault River Bridge Will be Built

#### Dam to be Lengthened

Mr. H. F. Kergin, who returned on Monday, from a visit to Victoria, states that in regard to the lower Kitsault river bridge, that the bridge will be built at the site of the wing dam, and that \$5,000 has been appropriated for the extension of the dam, and that this work will commence almost immediately. The bridge will be built from the end of the dam, and building material will be assembled this fall. Plans for the bridge are now ready, and it is possible that construction will be commenced as soon as all danger from high water is passed. Work on bridge, however, will not commence until the completion of the upper Kitsault suspension bridge, and the Bear river bridge at Stewart has been completed, as until that time, expert supervision can not be obtained.

Mr. J. C. Byrn who has been working on the construction of the new dam left for Vancouver on the Cardena.

Mrs. R. H. Manzer and children left on Thursday, for a short visit to Toronto.

\$2.25 a Year  
Alice Arm and  
Anyox. \$2.75 to  
all other points.

### Enjoyable Dance Held at Alice Arm Hotel

One of the most enjoyable dances of the season was held in the Alice Arm Hotel, last Saturday evening, when over sixty people tripped the light fantastic. The greatest praise and appreciation is due for the excellent music rendered by an efficient orchestra, composed of Mesdames T. W. Falconer, and W. O'Neill, and Messrs. R. F. McGinnis, E. R. Oatman and C. E. Hutchinson, Mr. G. Bruggy, as floor manager, was as usual, in top form and kept things going at full speed at all times. The Alice Arm folks were pleased to see so many of the Anyox visitors respond to the invitation, and have to thank them for their assistance in adding greatly to the success of the occasion. Dainty refreshments provided by the ladies, were as usual, appreciated by all.

### ANYOX NOTES

Recent arrivals at the Granby Bay Hotel, include Messrs. J. A. Macfadyen, G. Hanson, H. C. Gunning and R. H. B. Jones, of Vancouver, Mr. J. T. H. Thompson of Victoria, and Mr. G. A. Gerocinros of Salt Lake City.

Mrs. Robert Armour left for Victoria last week to attend the funeral of her grandfather, Mr. Andrew Kelley, who was one of the original pioneers of the province. The late Mr. Kelly, who was eighty eight years of age, was widely respected in Victoria where for several years past he has been living in retirement. In his earlier days he spent several years in Australia, during the gold rush. He was a well known figure in the Cariboo District, where he leaves a host of friends to mourn his loss.

Chief Constable Minty who has been on an official visit to Anyox left for Stewart on Saturday last.

Southbound passengers on the Cardena on Monday last included Messrs. P. Duby, R. Greenwell and J. Christoff, all bound for Prince Rupert.

Anyox passengers per the Cardena on Monday last included, Messrs. D. Monahan, W. Moffett H. McKinnon and R. McGregor.

Mr. J. Robertson left for the south to join his wife in Vancouver from whence they will proceed to Victoria to spend their vacation.

Mr. F. E. Gigot of the General Store left last week for a month's vacation which will be spent in the Kootenay District.

Master Elvin Johnson who has been on a visit to his uncle Mr. R. Strand, returned to Prince Rupert on Monday last.

Quite a number of Anyox people, who have been holiday making at Alice Arm returned home on Sunday per the "Awake" among them being Mr. and Mrs. Manzer and family, Mr. and Mrs. E. Armstrong and family, Mrs. Foxley and family, Mrs. G. Booth, and Mr. and Mrs. Chas. Gray and family.

Mr. J. C. Byrn who has been working on the construction of the new dam left for Vancouver on the Cardena.

Mrs. R. H. Manzer and children left on Thursday, for a short visit to Toronto.

Continued on page 4.

**All Work and No Play Makes---**

The people that feel sorry for themselves because they cannot see their way to take "prolonged vacation" will feel a lot better if they will let the bars down long enough now and then to get a little fresh air. There is something radically wrong about a man that cannot see his way clear to take a day or two off and go fishing if he so yearns. The lakes and streams around Anyox abound in fish, and the few dollars lost in wages will be more than compensated for by the injection of new life and vigor, obtained from a few day's holiday in the great out-of-doors that surrounds us on all sides. Take a day off, get out of the rut; and forget work, and you will feel like a new man on your return.

**Co-operation Gets Results**

Are we in earnest as to what we want to make Alice Arm bigger and better? Results in any enterprise are generally proportionate to earnestness shown by those who are interested. We seem to be pretty well based as to our faith in Alice Arm, but are we manifesting the enthusiasm we should to get the results we desire? Faith and enthusiasm, directed by intelligence and good judgement, accomplishes wonders when concentrated. Now is the time for Alice Arm to concentrate and co-operate. Our citizens seem to be in accord as never before along lines to secure the results desired. It is not possible for any community to reach 100 per cent in co-operation, but the nearer we can reach this figure the better it will be for the future prosperity of all concerned. Faith and concentrated earnestness is what we need right now. Discussions and criticisms must be made openly and fairly, with the spirit of give and take in order to get together on

plans to make Alice Arm bigger and better. To do this we must learn to have faith and confidence one with another, in community affairs. Help hold up the hands of those who are trying to do things worth while.

Some people think it real smart when they ridicule another man's mining property. A little more co-operation among the local mining property owners would be of benefit to everyone.

**Vancouver Hook Roasts 'Em**

In a withering article this week, The Hook goes on record in denouncing "Yankee Mail Order Matrimonial Bureaus". Proofs are adduced where one Fraser Valley farmer sent money to get a blooming bride, and was met at the C. P. R. train by a withered, rouged hag who called him "dearie", and who insisted upon marriage. It cost the man half a year's crop says The Hook, to get rid of her and she was arrested in a city police raid two weeks later. The same article states that loggers and others have been duped by distant American matrimonial agencies, and sensational disclosures are made by this paper. One "Mail order bride", says The Hook, came all the way from Michigan, and instead of being blooming and young, was faded and painted. She explained that the original photo was taken some years ago, but "that was his affair."

**Lumber is Manufactured in Province Whenever Possible**

British Columbia is not following an open policy on the question of exporting unmanufactured timber. At least the government is not, states the minister of lands, Hon. T. D. Pattullo, who points out that in every instance where it is possible British Columbia timber is cut and manufactured at home. Only a very small percentage of unmanufactured timber is sent out of the province. The government's policy of assisting the industry has placed lumbering well ahead in this province.

**Southern Highway is Paved**

The British Columbia section of the Pacific Highway has been completed as a paved road and on Labor Day, September 3, the event will be celebrated by a grand opening at Cloverdale. This now means a paved highway from Vancouver to Seattle. Despite the criticisms directed against Hon. W. H. Sutherland, minister of public works, for undertaking all the work this year, now that the job is finished he is the subject of hearty congratulations. It is conceded by good roads enthusiasts all over the province that the paving of the Pacific Highway will benefit every section of British Columbia, though the great increased tourist traffic. Meanwhile, the minister is not forgetting the newer districts, and an unusual large amount of work on settlers' roads will be completed before the season ends.

**Erection of Provincial Govt. Offices at Anyox**

Workmen have been busy during the past week preparing the site of the new government offices which are to be erected near the Beach Recreation Hall. The contractors are Messrs. Greer, Beaty and Douglas. It will be a two storeyed building, the ground floor being utilized as police head quarters and the first floor will contain the government Agent's office, Police office and Court House. It is expected that the building will be ready for occupation before the winter sets in.

**Omineca District Gets Big Road Appropriation**

An appropriation of \$46,000 on public works in the district of Omineca for settlers roads and bridges is announced this week among a list of authorizations made by Hon. W. R. Sutherland, minister of Public Works.

**Anyox Community :: League ::**

GENERAL MERCHANT**BRITISH COLUMBIA****The Mineral Province of Western Canada**

Has produced minerals valued as follows: Placer Gold, \$76,542,203; Lode Gold, \$109,647,661; Silver, \$59,814,266; Lead, \$51,810,891; Copper, \$170,723,242; Zinc, \$24,625,853; Coal and Coke, \$238,289,565; Building Stone, Brick, Cement, \$36,605,942; Miscellaneous Minerals, \$1,358,839; making its mineral production to the end of 1922 show

**An Aggregate Value of \$769,418,462**

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641, and for the year 1922, \$35,158,843.

**Production During last ten years, \$339,280,940**

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

ANYOX LODGE No. 47

Meets Every Monday, 8 p.m.  
Elk's Hall**SYNOPSIS OF  
LAND ACT AMENDMENTS**

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enrollment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING ACT, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

**Anyox Tennis Club**

During the last week Tennis players have been very busy, some very good games having been played both in the Ladder Series and also in the men's open singles cup games. In the Ladder series special mention must be made in reference to the game between H. Bullion and O. G. McIntyre. The calibre of tennis in this game was of a very high order and was full of exciting rallies from beginning to end. McIntyre by better placing and more steady play, winning. The first round of the cup games has been, with the exception of two games, played off, and up to the present no startling results have taken place, the winners coming through as expected.

In the Ladies Ladder series practically no games have been played for some time, owing to so many of the contestants being away. The season is now getting near to its close and as many Ladder games as possible should be played, in order that everybody may have a good chance as possible of winning the prizes. To become eligible for participation in these prizes, not less than ten games should be played in the Men's singles, and five games in all other events.

He who grins in clowns disguise,  
Often hides an aching heart—  
Sadness sometimes worldly-wise,  
Dresses for a motley part;  
Cap and bells to cheat the ears,  
Chalk and paint to hide the tears;  
Lest the world divining pain,  
Turn to gape and stare again.

Every man is a free agent, and he can, if he exerts his WILL shape his own life and be the master of his fate, if he refuses to take advantage of this privilege, he will become the slave of the combined thoughts of others, and they will shape his destiny for good or evil.

**Proposed Moose Lodge  
at Anyox**

Mr. W. F. H. Thompson, the District Supervisor of the Loyal Order of Moose, is visiting Anyox with the purpose of instituting a Lodge of this Order. In a recent interview with Mr. Thompson, "The Herald's" correspondent gathered that the Supervisor was more than gratified with the progress made and promise of support that had been made to him. Before the Local Lodge can get its Charter it is necessary to have a membership of 50 and to this end a meeting will shortly be held at which the fraternal and social advantages of this Order will be fully explained. The Charter Fee has been fixed at \$10.00 with a monthly subscription of \$1.25 and should attract quite a large number of men who at present are not members of any Lodge.

The Loyal Order of Moose is an international fraternal society, consisting of more than 1600 lodges in the United States, Canada and throughout the world. The Headquarters of the Moose are at Mooseheart Illinois, 35 miles west of Chicago, here they have an estate of over one thousand acres of land. Mooseheart is a home and training school for dependent children of deceased members of the Order. At the present time there are over a thousand children being educated and trained under the very finest of conditions. Any reader of the Herald wishing for further information can obtain same from Mr. W. F. H. Thompson, district Supervisor L. O. O. M., Granby Bay Hotel, Anyox.

After the institution, the initiation fee will be \$12.50 until the Charter is closed, when the Lodge initiation Fee will be \$25.00.

**Hard Fought Football Game Won Smelter**

The Elks having to discontinue running their team owing to several of their best players not being available for the rest of the season. The Football League have arranged that the Smelter and Mine shall play a series of three games to round out the second half.

The first game took place on the evening of August 9th. It was a hard fought battle for supremacy; the Mine were handicapped by the absence of several of their regular players but nevertheless made the smeltermen play all out. The only goal of the game was scored in the first half by Westwood on a well placed pass from Ed. Ross. Score halftime, Smelter 1, Mine 0.

On resuming it was a ding dong struggle, both teams being evenly balanced. During the last ten minutes the Mine tried hard to equalize, but the Smelter defence proved too good and the game ended in a victory for the Gas Eaters. Score 1-0. For the Smelter J. Mair, Ed. Ross, and Westwood, played star games, whilst special mention should be made of the play of Currie, Twaddle and McKeown for the Mine.

Line Up: Mine: Goal, Corckle; Backs, Pynne, Lange; Half Backs, Cane, McKeown, Currie; Forwards, Twaddle, Evans, Barnes, Frost, Halverson.

Smelter: Goal, McDougall; Backs, Mair, J. Kirkland; Half Backs, Rowan Ross, J. Mnir; Forwards, A. Kirkland, Wilson, Westwood, Greenwell, Armstrong.

MINERAL ACT  
(FORM F.)

## CERTIFICATE OF IMPROVEMENTS

## NOTICE

"Homestake," "Homestake No. 1," "Homestake No. 2," "Homestake No. 3," "Homestake Fraction," "Homestake No. 1 Fraction," and "Tip Top" mineral claims, situate in the Naas River Mining Division of Cassiar District. Where located: Kitsault River, Alice Arm.

TAKE NOTICE that I. A. C. H. Gerhardi, F. M. C. No. 78027-C, acting agent for Arne Davedson, F. M. C. No. 47481-C, Arthur F. Smith, F. M. C. No. 73743-C, Gustaf Pearson, F. M. C. No. 72515-C, and Harry M. Mann, Free Miner's Certificate No. 67886-C, intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85 must be commenced before the issuance of such Certificate of Improvements.

Dated this 6th, day of August, A.D. 1923.

Mr. L. McAlister returned on Sunday from Alice Arm where he spent two week's holiday with Mrs. McAlister and family.

Virginia Herman was charged before Stipendiary Magistrate John Conway with vagrancy, and was fined the sum of \$25.00 and \$2.00 costs in default 30 days hard labor.

William Watts was also charged with an offence under the Liquor Act viz attempting to purchase liquor with another person's permit and was fined \$50.00 and \$2.00 costs or in default 30 day's hard labor.

Homer Martin was charged before Stipendiary Magistrate J. Conway with being drunk in a public place at Anyox, was fined \$50 and \$2. costs or in default 30 days hard labor.

Inspector Parsons of the Provin-

cial Police at Prince Rupert was in Anyox during the past week on a tour of inspection.

Anox passengers on the Prince George on Thursday, included Messrs. C. McKeown, G. McKenzie M. A. Dupuis, and M. D. Deane.

Mr. A. S. Nickerson of the general Store, returned from his vacation on Thursday.

Mr. E. R. Winder, of the Canadian Bank of Commerce returned on the Prince George after a month's vacation in the south.

Provincial Police Officer, A. Dryden and Mrs. Dryden left for Prince Rupert on Thursday last.

Mr. Fred Whittaker returned on Thursday from a trip to Vancouver.

Mr. H. Crawford, of the local bank, left on Thursday for holidays in Vancouver.

Mr. and Mrs. Russell Jones left on Thursdsy, for their honeymoon, which will be spent in Vancouver.

## ALICE ARM NOTES

See Al. Falconer for Wood or Coal

Mr. Jack Murdock arrived home on Monday from a holiday trip to Edmonton. Jack states that after obtaining first-hand information regarding the difficulties of the average prairie farmer, Alice Arm looks good to him.

Gus Webber and Geo. Wolschegel of Naas Valley came in over the Telegraph trail on Monday. They are in the party of Dr. G. Hanson having worked with him throughout the summer.

Messrs. Geo. Johnson and Linus Johnson, who are cousins to J. Fiva, arrived in town on Monday, from Greenwood, and left during the week for the Homestake property.

Mr. Art. Beaudin has commenced the construction of a store, adjoining the Welcome Pool Room. The building will measure 11 feet by 24 feet.

Mr. and Mrs. J. Laidlaw spent a few days in Prince Rupert during the week.

Mr. C. W. Homer, provincial assessor, arrived in town on Thursday.

Mr. Carl Winerstrom, hook-tender at the Abbotsford Logging Co., received injuries to his leg on Thursday, while at work, which necessitated his removal to the Anyox Hospital.

Mr. Kirkwood, of Anyox Mine, arrived during the week to join his wife and family.

Mrs. N. Gurvich and four sons arrived from Prince Rupert on Monday, and is the guest of Mrs. N. Sutilovich.

Mr. C. J. Harrington and three daughters arrived on Tuesday, from Anyox and are spending holidays here.

See Al. Falconer for Freight and Pack Horses.

Mr. T. McRostie left for Anyox today, after spending several weeks in the district on his various mining properties.

Mr. H. F. Kergin returned home on Monday from a trip to Victoria.

A Cinderella Dance will be held at the Alice Arm Hotel this evening. Dancing 8.30 to 12. Good music. No refreshments, but a good time for everyone.

Mr. J. O. Stenbraten, known throughout the Yukon, Alaska, and British Columbia as "Stampede John," arrived in town recently after an absence of three years. He lately returned north from the mining camps of Nevada, Colorado and California; he gave Stewart the "once over" and came on to Alice Arm. John says that in all his travels, (and he has travelled some) he has never seen a mining camp that has the mineral showings that Alice Arm has. He predicts a great future for the camp and intends to stay right here and help develop it.
