Large Crowd Enjoyed Annual New Year Dance

"Happy New Year." Hand in hand and close together, round the full size of the hall, stood the gay dancers at the Gym at 12 o'clock on New Year's Eve, to speed the parting year with "Auld Lang Syne" and to hail the advent of 1933. The occasion was the annual New Year Dance, an event sponsored and managed by the Anyox Brother Bills.

It was perhaps, the brightest, biggest and best of all such celebrations so far. A huge crowd was on hand, the decorations were most distinctive and the supper was all that could be wished. Added to this was most enjoyable music and a charmed atmosphere which nothing could dispel.

Responding to the wishes of the Elks for a prompt start, the crowd began to arrive early and soon after nine o'clock the fun was on. The beautiful decorations were worked out in the Elks' colors of purple and white. The Merrymakers Orchestra surpassed themselves with the quality of the music. During the supper interval the Canadian Legion Orchestra took charge and delighted the crowd with some special numbers.

The novelties distributed during the evening were well selected, there being no annoying confetti, streamers, etc. to litter up the floor and impede dancing. Altogether it was a most memorable evening, and can be counted as one of the most successful of those functions held by the local B. P. O. Elks.

United Church Ladies' Aid Elect Officers

The Beach Ladies' Aid of the Anyox United Church held their annual meeting on Thursday, December 29th. Reports of the various committees were given, and these showed that a very good year's work had been accomplished. The following officers for the New Year were elected unanimously: Hon. President, Rev. E. Baker; President, Mrs. F. Bristow; First Vice-President, Mrs. Dunwoodie; Second Vice-President, Mrs. J. Dunn; Secretary, Mrs. R. C. Cormier; Treasurer, Mrs. P. Forde; Pianist, Mrs. J. Dunn; Silent Membership Convener, Mrs. J. MacMillan.

Alice Arm Gaily Greets The New Year

A merry throng, including almost everyone in Alice Arm, was present at the New Year's dance held at T. W. Falconer's hall on Saturday evening in order to bid farewell to the old year and welcome in the new.

Everyone was imbued with the joyous New Year spirit and everyday cares, such as silver and copper prices, unemployment, relief scales, and winter snows, were pushed far into the background, as waltzes, foxtrots, schottische etc were danced with joyous abandon.

Music was supplied by the Alice Arm Orchestra, and throughout the evening the spacious floor was covered with dancers. At the hour of midnight, during a circle 2-step, all joined hands and sang "Auld Lang Syne", after which handshaking and wishing everyone a "Happy New Year" was carried out.

Firecrackers rent the air, and sky rockets flared upwards in a vociferous welcome to the new year, which everyone hopes will at least be more kindly disposed than the old.

Hot coffee, sandwiches and cakes were enjoyed with the dawn of 1933. Alice Arm had again celebrated the time honored custom of giving the New Year the glad hand, with hopes of reciprocation.

At the close, three hearty cheers were given to Mr. T. W. Falconer, for the free use of his hall, and also the ladies who kindly provided refreshments.

Basketball Personnels

"Tony" Calderoni.

"Tony," as he is known to all Anyox, is one of the smoothest products of the local hoop industry. Due to his clean style of play, his effortless handling of the ball, his unerring eye, and his constant smile, Tony is a big favorite with Anyox fans. He first wore the colors of the High School, then those of the famous Celts, and now he rightfully belongs to the Vandals and is playing his fifth season as a maple court specialist. His team has now defeated the other three of the League quartet, and are in a fair way to make a bid for the top. We believe that Tony now holds the record for the most points scored in an Anyox game, with twenty-eight to his credit.

Dansical Musical Comedy Was Enjoyable Event

An evening of enchanting entertainment was handed out to the large crowd, who attended the Dansical Musical Comedy in the Recreation Hall on Wednesday last. This novel and delightful comedy, entitled: "Our Own Home Town", was presented by a numerous cast of Anyox young people, under the direction of Mrs. V. S. McRae, who deserves great praise for her efforts to provide a means whereby the young people could express their various talents. That this was accomplished was amply proved.

Three episodes occupied the evening, the first consisting of "Baby Days," in which the youngest children held the stage. To enumerate the many charming and delightful turns given, would more than fill this column, but the work of these dainty little tots, and of the bigger children, captivated the audience.

In the second episode the children had grown to school age, and some fine individual items were presented. The story went on to the presentation of a circus, and mention must be made of the splendid work of the Misses D. Doelle, M. Owen, L. Barclay, I. Wynne, and M. Dunn. These all performed their parts admirably. Surprises were opened up in the circus acts. Jean C. Lee and Florence McLean, as clowns were excellent. Margaret Smith as a Toe Equestrienne showed nice balance and grace, while Winnie Teabo brought down the house with her splendid acrobatic display. The proprietor of the circus, Dan Jnr. (Miss Ida Wynne) performed well the "Tapping Galop," and the Jiggers, Lorna Stretton and Kathleen Pamplin, were fine in their Speciality Tap number. Shirley Manning, who with Jean C. Lee gave a "Badinage" number, danced delightfully.

The "Winter Carnival" scene disclosed some beautiful costumes, and the various songs and recitatives were well given. Episode three opened up with a chorus and dance by a group of young ladies whose beauty and charm would have done credit to a large city. Miss Barbara Lee took the part of hostess of the cabaret, while the bibulous waiter, Mr. Ted Kergin, elicited much laughter with his song: "Pink Elephants," and his antics throughout. An acrobatic dance,

I. O. D. E. Review The Season's Activities

The regular monthly meeting of the Collison of Kincolith Chapter, I. O. D. E., was held in the Canadian Legion Club Rooms on Tuesday January 3rd. Regent Mrs. C. O. Fricker being in the chair. The regular routine business was transacted and the activities of the Chapter for the past few weeks were reviewed.

The splendid doll's house with its fine furnishings, was disposed of at a community function held in the latter part of December, and the Chapter extends its heartiest thanks to all who assisted in swelling the funds thus raised. The members of the Relief Committee, together with all interested friends are also thanked for their splendid work in assisting needy people of the district and also the unemployed.

"Adagio," by Shirley McRae and Mr. S. Barclay was performed in finished style. In the "Irish Dance" Agnes Kruzick has a lightness and grace which is all her own, while Miss M. Cavers gave the "Collegiate Ten-step" most daintily. "Spoons" was given as a Group Tap number. A pleasing item was the "Spanish Dance" by Mr. Lorne Falconer, cook at the cabaret, and Miss B. Lee.

As a glorious finish to the long programme there was a "Moth and the Flame" dance by Miss Mae Barclay and Miss F. Cavers. This number reached perfection in its setting, its fine costumes and clean finished style. As the Moth, Miss Barclay danced with a grace and freedom which would have done credit to the professional stage. Miss Cavers filled well with the minor part of the Flame.

Outstanding in the first part of the programme were Nancy Gigot, Moyra Manning, Masters Manning and Smith and Jack Lindsay, the latter being an Italian purveyor of fruit and candies.

Great credit is due to Mrs. A. Pynn for her work as accompanist. Playing for all the rehearsals, Mrs. Pynn was an invaluable help to the success of the evening. Messrs. Pynn and Manning assisted greatly in the work behind the scenes, and the lighting effects were looked after by R. MacMillan and L. H. Wenerstrom. The Musical Comedy will be re-acted on Friday, January 13th.

Wm. Hindmarsh Died From Result Of Accident

An accident with fatal results occurred in the Crushing Plant at Anyox about 7 o'clock on Monday evening last, when Mr. W. Hindmarsh lost both legs through an explosion of powder. First aid was promptly rendered by the crew at the concentrator and by Mr. Fred Graham, and the injured man was quickly conveyed to the hospital.

After the necessary operations had been performed he appeared to recover from the tremendous shock he had sustained, but passed away about 4 a.m. on Tuesday. "Bill" as he was familiarly known, had many friends in the smelter town, where he had resided for four years and four months, and his sudden death was a great shock to them.

In May of 1930, through an accident, he suffered an injury to his foot, from which he did not recover for over a year. His parents reside at 3702 Tenth West, Vancouver, having previously lived in Nanaimo. He was 24 years of age, and a member of the Anyox Lodge of the B. P. O. E. An inquest was held on Wednesday by Coroner G. S. Macdonald, a verdict of accidental death being returned. The body was conveyed to Vancouver on Wednesday, a number of members of the Elks' Lodge being on the dock to pay their last respects.

Second Term of Night Schools Has Commenced

The second term of the Anyox Night Schools started January 2nd. and will continue for the months of January February and March. The fee for the remainder of the year is \$2.50 and new students may enroll in the following classes: English for new Canadians, Mine School, Thursday, 7 p.m., and Mine School, Saturday, 10 a.m. Sewing, High School, Wednesday, 7.30. Practical Electricity, High School, Monday, 6.30. Commercial subjects, High School, Thursday, 7.00. Mathematics, Beach Drafting office, Tuesday 7.00. Mechanical Drawing, Beach Drafting Office, Thursday, 7 p.m. There is still time to enroll and get the benefit of the second term of these classes. Anyone interested is urged to attend.

C. J. Oswald, auditor for the Granby Company, arrived on Monday.

 E. MOSS, Editor and Publisher.

We have already passed one week of the New Year, and now that everyone is back to their everyday business following the festive season, there is time to try and read the future and speculate if business conditions will improve during the next twelve months. Although the future gives no guarantee of any big boom, it is very probable that business in B. C. this year will show an improvement over last year. The preference obtained for many B. C. products in Great Britain and the rest of the Empire is expected to stimulate trade during 1933. Our lumber, fruits (boxed and canned,) canned salmon, minerals, etc. all enjoy a preference over foreign producers in Empire markets, and it is up to us to take advantage of it.

Our gold production showed a big increase last year, and the production this year is expected to far surpass last year. New properties are being developed, some with extraordinary good results. Prospectors are busy staking claims in all gold bearing districts, and this year will see many new properties developed, and many now being developed will be shortly producing.

Unfortunately the prices of all other metals are at a low ebb, especially silver and copper, which at the present time are down to record low prices. This district, unfortunately, is dependent upon chiefly these two metals for its livelihood, and while the usual amount of copper is being produced at Anyox, the future is cause for some anxiety. When the price of these metals will rise, no one can tell. One person's guess is as good as another. All we can do is to hope for a speedy price recovery, and in the meantime face the future with courage.

The provincial government recently drew the attention of the public to the advantage of buying as much as possible of goods made or grown in B. C. If B. C. goods are not obtainable then buy Canadian, and thirdly buy Empire made goods. If everyone in B. C. insisted on B. C., Canadian or Empire goods it would greatly stimulate provincial trade. Buy goods made at home first, then buy from within the Empire, for it is the Empire that is Canada's best customer today.

We'd all get more mileage in life if we'd never shift our mouths into high gear until we're sure our brains are turning over.

Buy B. C., Canada, Or Anyox Community Empire Goods League

British Columbia citizens can create new jobs for their fellow citizens if they will buy at home, buy in Canada, and buy Empire goods, in that order, Hon. W. A. McKenzie said at Victoria last week in an instructive address on the aims and efforts of the Tudor Rose League, of which he is a member.

Work for 30,000 additional coal miners in Canada would have been given last year if Canadians had bought at home some of the 13,532,000 tons imported, mostly from American channels. This added work would have given a livelihood to a total of 120,000 men, women and children, most of whom were on relief. Similarly, British Columbia imported 250,000 tons of coal, up five times from imports of a decade ago. This would have given a full year's work to 500 British Columbia miners, each with an average of three dependents. Victoria City, he said, by importing 10,000 tons of outside coal, removed opportunity for 50 Vancouver Island miners to work 200 days last year.

Canada Enjoys Favorable Trade Balance

Canada's favorable export balance of trade for the calendar year 1932, will be slightly over \$50,000,000. This figure is arrived at by returns made to government departments with the last few days of the year estimated by trade experts.

Canada's total exports of domestic goods is estimated at \$498,301,000. It also exported foreign goods estimated at \$8,018,000. The imports during the year are estimated at \$455,877,000. Since this includes the goods afterwards re-exported, the export balance is the difference between the total exports (domestic and foreign) and the total imports.

Canadian Copper Exports To Britain Growing

Canada led all other countries in exports of copper ore, regulus matte and other unmanufactured copper to the United Kingdom last year. Her share being 11,420 tons of total requirements of 26,659 tons.

Canada stands second among the exporters of lead to the United Kingdom.

China, British India and the United States were the purchasers of Canadian silver bullion in November, the total export being 1,045,273 ozs. valued at \$296,325. Silver in ore etc., in quantity 106,982 ounces at \$30,203, went to the United States. The silver export of late has been a little less than a year ago.

MINING IN BRITISH COLUMBIA

Among the Canadian Provinces, British Columbia is the leading producer of Silver, Lead and Zinc

In this Province, about 45 per cent. of Canada's Silver, 97 per cent. of the Lead and 93 per cent. of the Zinc are produced.

British Columbia has produced approximately \$1,300,000,000 worth of minerals.

About 200,000 square miles of unexplored mineral-bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

THE HONOURABLE THE MINISTER OF MINES,
 Parliament Buildings, Victoria, B. C.

Imports of Copper Into Great Britain

Imports into Great Britain of copper bars, blocks, slabs, ingots, and cakes in October totalled 22,572 tons, in the preceding month 17,788 tons were imported and in October, 1931, the total was 11,280 tons. The October imports consisted of 24.6 per cent from Chile, 9.9 per cent from the United States, 7.7 per cent from Australia and 57.8 per cent from other countries. Copper in plates, sheets, strips, etc. and rods imported during the month amounted to 1,653 tons as compared with 2,055 tons in September and 3,563 tons a year ago.

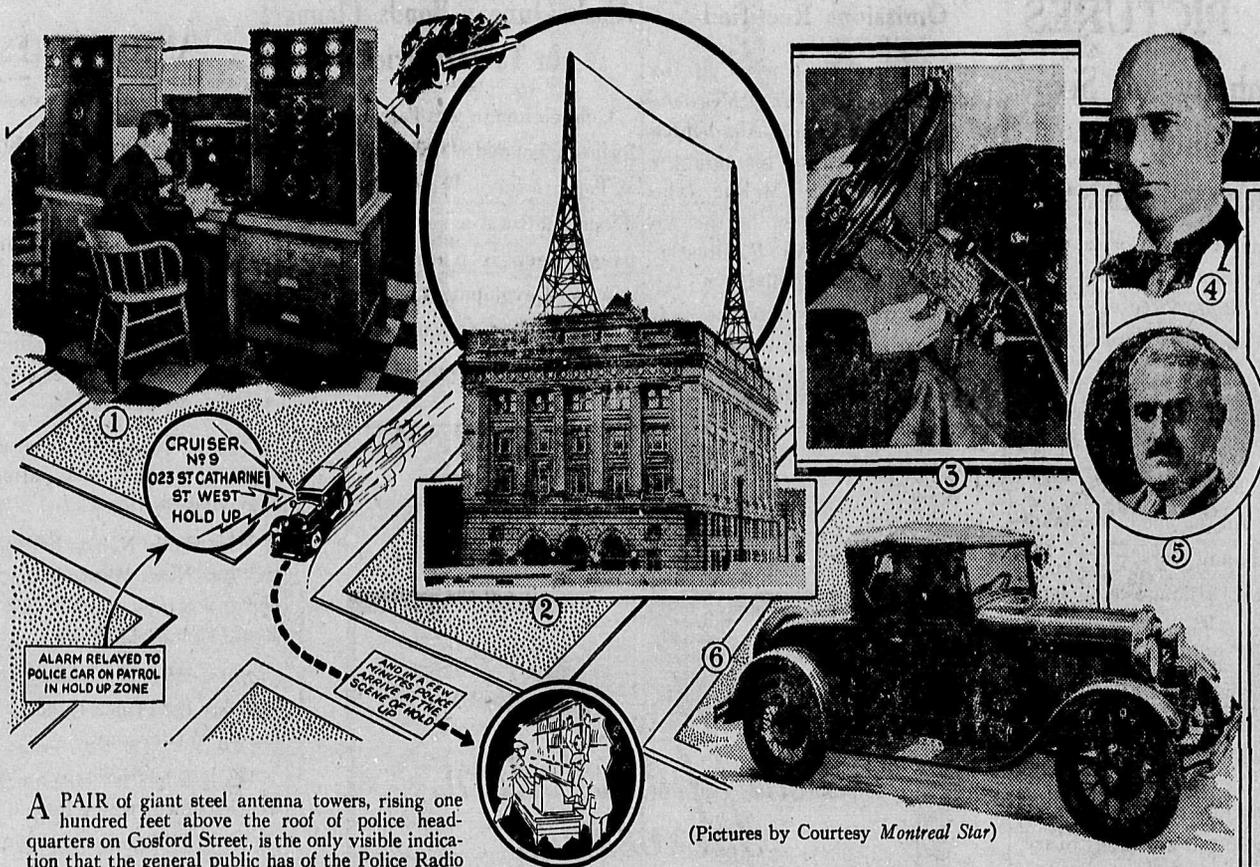

Tremendous Wheat Ship-From Canada

The export of wheat in October amounted to 40,192,415 bushels valued at \$21,471,209. This is the highest for any month in the last two crop years. The August export was 18,289,832 bushels and September 26,874,237. The total for the three months was 85,356,484 bushels at \$48,360,209.

The export of wheat so far this crop year is very much in advance of last year.

A 30,000-foot tunnel, 10x10 feet, at an elevation of 5,080 feet, is proposed at Bingham, Utah, which will give gravity haulage facilities to a number of mines now using hoists. The cost is placed at \$2,000,000.

Montreal's "Radio Police" Get The Air

A PAIR of giant steel antenna towers, rising one hundred feet above the roof of police headquarters on Gosford Street, is the only visible indication that the general public has of the Police Radio System which will be officially put into operation this week by Fernand Dufresne, Director of the Police Department of Montreal.

That the new radio system will be of value in the suppression of crime is indicated by the fact that while the preliminary tests were being carried on during the installation of the system a call came over the air to the test car driven by a police officer who made the first radio arrest in the Montreal area. Several other arrests have since been effected during tests.

Canadian Pacific Welcomes Co-operation But Opposes Compulsory Arbitration

E. W. Beatty K. C., Chairman and President Makes Vigorous Protest Against Proposed Arbitral Board in Presenting Company's Case Before Senate Committee Considering Legislation to Implement Duff Report.

WELCOMING the suggestion of co-operation and voluntary agreement, but vigorously protesting against the proposed Arbitral Board and compulsory arbitration, E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway, recently stated the case for his Company before the Senate Railway Committee considering legislation to implement recommendations made by the Royal Commission on Railways and transportation in Canada.

Against the principle of compulsory arbitration embodied in part III of the Bill the Company must enter its most vigorous protest," Mr. Beatty declared. "An examination of the subjects enumerated in Section 19," he continued, "will show that the jurisdiction of the Arbitral Tribunal embraces matters of so great importance as to amount to virtual control in all major branches of its undertaking. Take alone the subjects of joint terminals and the pooling of traffic. The former are the nerve centres of railway operations, and the latter involve the whole benefits received from such operations. It is to be open to either party to propose measures involving these vital matters, and, if agreement is not reached, both the principle of the proposal and the terms on which it is to be carried out are to be left to arbitration. It will be noted that every one of the subjects involve questions of policy, questions of administration, and, underlying both of those, questions of finance, and, for that reason, they are in my submission, not fit and proper to be determined by arbitration. The Company welcomes the suggestion of voluntary agreement as to such matters. They are quite properly the subject of voluntary co-operation, but the Company is startled by the suggestion that they may be forced upon it by an authority not responsible to its shareholders. Control by a tribunal constituted as proposed should not be imposed upon a privately owned railway company operating in competition with the Government Railways.

"The sweeping character of the arbitration feature of the Bill is shown by the provisions of Section 17, which declares that it is

to extend to all disputes between the two companies. Probably this expression was intended as incidental to the measures of co-operation enumerated in Section 19, but, in any case, it opens up a very wide field of jurisdiction.

"As to the Arbitral Tribunals, it will be observed that whether they consist of three or five members, the Canadian Pacific is in every case to have a voice in the appointment of only one member of the Board. In the last analysis, therefore, the Company will be completely divested of control of its property in favour of an outside authority. I cannot too strongly urge upon you the serious nature of this feature of the Bill, as well from the standpoint of public policy as of the rights and interests of the shareholders of the Canadian Pacific.

"To control of its undertaking as provided by the existing statutory law, the Company takes no exception. Regulations through the Board of Railway Commissioners and the control of rates, facilities and services in the interest of the public is a proper subject of legislation, but Part III of the proposed Bill is a very different matter.

"If it be the view of Parliament that co-operation shall be controlled and directed by another and independent tribunal, whose decisions shall be final and binding on the Canadian Pacific, then I would suggest, for your consideration, that the Government of Canada and the Canadian Pacific should enter into an agreement for a period of years by which the Company would agree to this form of administration upon receiving protection to the holders of its securities and shares; that consideration being given because of the relinquishment of the control of their own property during the term of such agreement."

In leading up to his statement of the Company's position, Mr. Beatty pointed to the great part the Company has played in the up-building of Canada and argued that the proposed Arbitral Board was in fact an invasion of the Company's charter rights,—rights granted it in return for constructing the road and thus making Confederation an established fact.

"During the fifty years of its existence the Company's undertaking has expanded with the growth of the country," he said, "until its property investment now represents more than \$1,100,000,000, held by not less than 180,000 share and security holders, over 50,000 of whom are Canadians. Since 1902 the Company has is-

sued \$270,000,000 Ordinary Capital Stock at an average premium of 42%, receiving therefor \$382,616,000 all without expense to the Dominion, direct or indirect. At that average price, a dividend of 5% yields a return of only 3.53% to the shareholders on their investment. It is my submission to your Committee that the magnitude of their undertaking and its importance to the country entitle them to consideration in any legislative measure affecting their control of their property. They have provided Canada with a transportation service on land and sea that is unexcelled in the world, and there is no part of her settled territory and no phase of her commercial life and welfare that is not touched by the operations of the Company and concerned in the continued success of its enterprise. As the Royal Commission has said, the Company is Canada's largest taxpayer. Its tax bill during the last ten years averaged more than \$7,000,000 per annum, and since its incorporation it has paid upward of \$116,000,000 in taxes. During the last fifteen years it has contributed to the Federal exchequer the sum of \$25,500,000. As a citizen it has contributed its full share to institutions of a public nature for the advancement of social and commercial welfare."

The Company, he contended, has been the foremost agency in Canada in the work of colonization, immigration and development, and as a war effort had been able to advance or guarantee to the Empire cause more than \$100,000,000, and to furnish means of transportation for approximately 1,000,000 soldiers and 4,000,000 tons of war supplies.

Mr. Beatty referred to the consolidation of the Government railways ten years ago. The Canadian National had at once begun an active and aggressive campaign of competition backed by the credit and resources of the Government. To alleviate the situation arising out of that competition the Bill proposed close co-operation between the Canadian National and the Canadian Pacific in order to effect necessary economies.

"So far as the Canadian Pacific is concerned," he continued, "we would accept a statutory direction that we should co-operate because we are willing to co-operate. We are satisfied that a fuller measure of co-operation will be secured from three causes, first, the necessities of the situation; secondly, the statutory direction by Parliament that this should be a matter of policy by the private com-

pany, and, thirdly, because of the creation of a board of trustees specially charged with the duty of carrying out the policy of Parliament in this respect.

"I observe in some of the addresses delivered in the Senate upon the bill that some phases of the measure were advocated or accepted in the belief apparently that there was no other alternative which would bring about the economies so sorely required. Quite obviously, there is only one way in which the maximum economies are obtainable and that is unification for the purpose of administration, whether for a limited number of years or for a long term. The Royal Commission has considered and rejected such a plan for reasons they have explained in the Report, but there can be no doubt of its very great advantages from the point of view of economy and efficiency.

"I am not an alarmist, nor am I a pessimist so far as Canada is concerned. I commend, however, to the committee the conclusions in the last paragraph of the Report of the Royal Commission as to the effect on the Dominion's finances and on the Company's position unless we take heed of the present grave situation and adopt drastic measures to correct it. I have already said that I regard the Railway problem as the most vital domestic problem confronting the Canadian people. In spite of its importance, there is a great lack of understanding of what the real facts are, and in consequence there has been until recently very widespread apathy about it."

Mr. Beatty pointed out that the Royal Commission had found that the identity of the two railways should be maintained, but that there should be a maximum of co-operation with a continuance of competition. A maximum of good will would be necessary to reconcile competition and co-operation, and he believed that better results could be obtained through friendly efforts than through an Arbitral Tribunal.

"The very fact that a higher authority exists will tend to relax these efforts by weakening responsibility," he declared. "I urge this in the interest of both companies. And it is a peculiar commentary on the logic of the Commission's findings when we read that consolidation for the purpose of administration is rejected because it would put too great a power in the hands of a few men. This menace, in their judgment, is overcome by putting it into the hands of one man." 878

THE PICTURES

"Symphony of Six Million"

SATURDAY, JAN. 7th.

Irene Dunne, Ricardo Cortez, Gregory Ratoff, Anna Appel. An R. K. O. Radio Picture.

This is the story of two human souls amid the city's clash and tumult—the great, imperishable drama of all people, even as you and I—loving, living, dreaming life's triumphs. All the fine human emotion that Fanny Hurst poured into her immortal "Humoresque" magnified to create for ever the stirring rhapsody of a city sheltering its children. In direct, sure strokes, the lives of the simple men and women who inhabit New York's teeming Ghetto, are painted. It is a love story for all the family to see.

"THE DARK HORSE"

TUESDAY, JANUARY 10

A First National and Vitaphone hit with Warren William, Guy Kibbee, Bette Davis.

This picture is Hollywood's screaming satire on politics. It gives the ludicrous low-down on galloping grafters, pork-barrel politicians and scheming spellbinders. Warren William is a philandering political boss. Bette Davis is his smart secretary who thought women's place in politics was in the boss's arms. Guy Kibbee is the dummy candidate who was too dumb to be crooked. This picture is the biggest laugh in a year of political jokes. By all means see it on Tuesday.

Omissions Rectified

In our report last week of the rendition of Handel's "Messiah" by the United Church Augmented Choir we omitted to mention the names of Mrs. V. S. McRae, who very capably sang part of the soprano solos, and Mr. F. Dresser, who officiated as organist.

Another sign of business revival is that people have started worrying about their debts again.

Alaska-Juneau Bonds Claims In Taku District

Gold claims in the Taku district formerly bonded by Noah Timmins of Toronto have been taken over under bond by Alaska-Juneau Company which is planning an early start on Development. The property is on the Canadian side of the Alaska-Yukon side of the boundary

ANYOX NOTES

Chas. McLachlan returned on Monday from a holiday visit to Vancouver.

Miss Helen Young returned on Monday from a vacation spent in Vancouver.

Master Dick Wynne returned on Monday to Vancouver, where he will resume his studies.

Master W. Tudhope returned to Vancouver on Monday, after a holiday visit to Anyox.

Miss Emily Nelson left on Monday for New Westminster, where she will resume her studies at the Royal Columbia College.

Mrs. W. B. Jennings left on Monday for Prince Rupert, returning on Wednesday.

W. J. Johnston left on Monday for the south, where he will undergo special medical treatment.

Herbert Johnston arrived on Wednesday from Vancouver.

Returning to Anyox from Vancouver on Wednesday were J. A. D. Stewart, D. M. Campbell, F. Matix and A. Waters.

D. Cavalier returned on Wednesday from a visit to Prince Rupert.

Returning on Wednesday from a visit to Prince Rupert were M. Comadini, D. Mazzai, and Matt Yurovich.

BEATTY MEETS SCOUTS

Honesty, courage and modesty are the cardinal virtues that make for success and they should be the ideal of every Canadian boy, said E. W. Beatty, chairman and president of the Canadian Pacific Railway, in addressing the Montreal District Scout Council at their headquarters in that city recently. Mr. Beatty was speaking in his capacity as president of the Canadian General Council of the Boy Scouts' Association and at a function at which he had been presented

with a copy of the new Scout song book, "Songs for Canadian Boys." The appeal of this book is to all classes of boys and girls, to adults and to the English-speaking world generally. Some of the finest poems in the language are included, making the book an anthology in itself. The songs include those common to the Empire, songs of Canada, England, Scotland, Ireland, Wales, the United States, French-Canada, France, sea songs, sea chanties, scouting and marching songs, choruses and miscellane-

ous songs. The French-Canadian song group have scholarly English translations by J. Murray Gibbon. It is a book that would adorn the shelves of any library. Mr. Beatty made a complete inspection of the Scouts' Montreal premises and evinced lively interest in the toy shop where hundreds of old and damaged toys were being put into shape and renovated for distribution among the poor and destitute children at Christmas. Photograph shows him among the boys at work in the shop.
