Two Good Strikes of Copper Ore at Alice Arm

Jack Hauber and Wm. McLean who are doing development work on the Lucky Strike group of claims, near the Kitsault Glacier, have encountered a fine showing of ore during surface strippings. The ore is practically all metal, it contains considerably copper, but on account of the light color of the ore it is thought that it contains considerable nickel, and samples are now being assayed. The Lucky Strike is one of the most promising copper properties at the Kitsault Glacier, and some high grade copper ore has been located on the property at different times.

An 8-ft. vein of high grade copper ore has been located on the Vanguard property, by M. Peterson, who is at present working on the property. The ore was found in the tunnel at about 90 feet from the portal. This tunnel was originally driven as a cross-cut tunnel, but ore encountered at a distance of about 40 feet the vein was followed for a distance of 50 feet, and it was at this point that work was commenced this year, The ore has a depth of 90 feet from the big showings on the surface.

The fact that the vein has widened out to 8 feet will give considerable encouragement to the owners, and warrants considerable more work being done. The Vanguard property is owned by G. Strombeck, J. Strombeck, and M. Peterson. some exceptionally high. grade copper ore has been developed at different times, and the latest strike proves that large bodies of ore are in existence on the property.

Alice Arm Sunday School Hold Picnic

The annual Sunday School Picnic of the Anglican Church, was held at Camper's Point, on Friday July 27th.

The Anglican Church Mission boat, the "Northern Cross," conveyed everyone to the scene of festivities, three trips being made. The first boat load leaving at 1 p. m. Luncheon was served at 4 p.m. and everyone did justice to the large supply of good things to eat which were supplied by the ladies. Races were ran by the children, and included flat, sack and potato races. A tug-of-war was also staged composed of a team captained by Rev. Rushbrook and Mr. A. Olsen the latter's team winning.

The guessing contest prize was carried home by Miss Julia Whelan it being a jar of gooseberries, presented by Rev. Rushbrook, and several able assistants were on hand the following day at the consuming of the pie.

Several Anyox children and their parents, who are visiting at Alice Arm, availed themselves of the opportunity to attend the picnic.

Swimming was indulged in by a number of children and adults during the afternoon. Everyone helped in many ways to make the picnic as pleasant as possible, and consequently, everyone had a good time.

The arrangements were in charge of Mrs. T. W. Falconer, and Rev. Rushbrook, and were admirably carried out.

Alice Arm Logging Co. Makes Big Log Shipment

The tug boat "Cape Scott" arrived at Alice Arm last Saturday, from Ocean Falls and left the following day with approximately one million feet of lumber in tow from the camp of the Abbotsford Logging Company. The booms taken out were composed of 28 sections, and an additional million feet of lumber is in the water ready for booming.

The high lead system recently installed at the camp is working very satisfactorily, and about 75,000 feet of lumber is being dumped into the water each day. As soon as the other yarding engine is operating on the Illiance river. this figure will be increased to 150,000 feet per day.

Anyox Elks Celebrate Annual Flag Day

Children are Entertained

The Anyox Elks Lodge No. 47, were the big "Brother Bills" who entertained about 400 children of Anyox and Alice Arm, at the Anyox ball grounds, on Wednesday afternoon.

The parade started from the Elks' Hall, at 1.30, and it was a very pretty sight to see the children arrayed with flags, paper hats, and balloons, representing all colors of the rainbow. The Elks' Clown Band led the parade to the Recreation Park, and on arrival, Rev. J. Herdman gave a short interesting address on the flag and then the sports began.

The weather conditions were perfect, and the scene on the grounds was extremely pretty with the little kiddies in their holday clothes making the grand stand a bevy of color, with the grand old Union Jack waving above them. Refreshments for the children were there in abundance and everyone had their fill of ice cream, cookies, lemonade and candies.

The local Brotherhood of Elks, who go to such trouble each year to give the children of Anyox and Alice Arm such a right royal time, are to be congratulated on the splendid success of this year's celebration.

Following are those who helped towards the success of the day;

Elks' Clown Band: Messrs. H. B. Chapman, Chas. Gray, E. Waterman, M. Cranley, T. Bagwill, J. Blaney, H. Thorley, and E. Whittaker. Stewards of the day, were: Mrs. H. F. Kergin, Messrs. S. Armstrong, and R. Armour, Judges: Mr. F. Brown and Mr. W. Barton. Starter: Mr. F. Whittaker. Refreshment Committtee: Messrs. J. Thompson, F. Foxley, and S. Spragg. Alice Arm Launch Burned

The "Florence Mac" was burned to the water's edge in the early hours of Sunday morning last near Larkum Island while shs was en route from Anyox to Alice Arm, and but for the timely assistance of Mr. H. Selfe of Anyox, who, in his launch the "Olive S" was speeding to Silver City, a tragedy may have occurred. It was at the hour of 5 a.m. that Mr. Selfe noticed a launch ablaze to starboard, he threw his helm, increased his speed and raced to the rescue. He found eight perched on the rocks watching the flames lick up the boat. At considerable risk he ran his boat to the shore to enquire if all were safe and being answered in the affirmative, took on the castaways and brought them to Alice Arm wharf.

Home Town Commandments

Thou shalt honour thy home town with a neighborhood house. Thou shalt meet thy neighbors there on equal footing. Thou shalt work with them there for the common welfare. Thou shalt play with them there with all thy heart and strength and mind. Thou shalt know thy fellows better and thy friendships shall multply.

Investigate Before Investing

Your well-earned savings are worth keeping and guarded against a poor investment. Beware of the rapid-fire stock salesman, and his easy and oily promise of making you rich quick. Don't put your savings into any stock or loan proposition without having it investigated. If you are asked to buy stock in a proposition you know nothing about, we suggest that you turn the name of the company and salesman over to your banker, and he will look into it for you. Investigate, before you sign for an investment.

Trade at Home

The dollar that goes out of town never comes back, and the money spent at home is used to develop the town and help make improvements. If home trading were discontinued entirely there would be no towns in the country, and even the occasional dollar taken outside hampers the growth of the community.

Advertising

There's just one kind of a man or institution that cannot afford to advertise the one that has not honest goods. Advertising and "The goods" go together. Neither is of value without the other. Without advertising the best goods will not as a rule, reach the public. And without honest goods, advertising will bring no permanent success--nor will any other operation. But together they make an unbeatable team.

Anyox Notes

Mr. Theodore Asimus, accompanied by his brother-in-law and his two sons left Anyox on Sunday for Trout Lake, where they are camping. Fishing will be their main pastime.

Mr. E. Liddle, the popular violinist of Anyox, returned from the south on Monday, and his return has been anxiously awaited in musical circles.

The popular little cutter, "Pal O' Mine." formerly the "Primrose," returned from Alice Arm on Sunday last. Her new owners are more than satisfied with her behaviour,

A rather serious accident occurred during the week at the Mine, to one of the old timers, Mr. Carr, whose hand was severely injured. Latest reports from the hospital state that the patient is progressing favorably.

Mr. W. Martin was a southbound passenger on Monday last.

Mr. W. J. Sloan was a passenger on Monday's boat, his destination being Prince Rupert.

Among the arrivals at the Granby Bay Hotel during last week end, were Mr. H. W. Butler, of Alice Arm, and Messrs. C. Terman and H. Purdy, of Vancouver.

In a recent interview with the Rev. J. Herdman, of the Union Church, which was destroyed by fire, the reverend gentleman stated that whilst plans had been discussed and partly prepared for the erection of a new building, nothing definite had as yet been decided upon.

Mr. and Mrs. M. Macintyre, after a month's vacation at Alice Arm returned home on Saturday last.

Mr. John Conway, government agent, arrived back on Monday, from Prince Rupert, where he has been on official business.

Mr. Sam Herrin returned from his vacation at the sawmill, on Sunday last. Mrs. Herrin, Mrs. Cloke and children are still on vacation at the Sawmill.

Mike Thomkins, the well known hunter, has added to his many laurels during the past week. His latest achievement was the shooting of a magnificent eagle, which measured ten feet from tip to tip. He is having the claws mounted on oak shields.

Mrs. Wrisberg and family are spending their vacation at the Sawmill.

William A. Henderson was arrested for being drunk in a public place, at Anyox. He was let out on bail in the sum of $52 to appear next day. He failed to do so and forfeited his bail.

William Grice and John Jones were arrested for drinking liquor in a public place, and tried before Stipendary Magistrate E. H. T. Hyde. Each man was fined $50 and $2 costs or in default thirty days hard labor.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Smelter Win from Elks in Baseball Game

On Friday, July 27th, the Smelter and Elks came together in a well contested game of baseball. The Smelter playing in their early season form romped home with a 5-0 victory. The Elks were badly handicapped by the absence of several of their players, and were not able to put up as stubborn a fight owing to the change in the outfield.

In the third inning Sinclair reached first on an error, and was forced out at second, Matheson being safe at first; a two base hit by Fortin; a hit by Brown and a sacrifice by J. McKeown scored three runs. Again in fifth, the Smelter scored another run, Fortin going to first on an error, and was advanced round the bags by a sacrifice and a hit. The final run was scored in the seventh, when Brown got to first on a hit and came home when the next man up hit for one hit safely.

The Elks were unable to register a run although in the fourth two hits were made in succession and it looked as though they were due for some runs. However, Roberton after making the first hit of this inning was caught out stealing at second before Cy. Greenwell connected with the apple for a safety. The Elks were able to collect only 3 hits off of Fortin whilst the Gas-Eaters touched the horse-hide for 7 safeties.

Brown and Mckeown were the big stickers in this fracas, each, batting 1,000.

New Cup Presented For Anyox Tennis Tournament

A new tournament has been arranged and drawn for, the trophy being a cup which is being donated by the President, Mr. L. F. Champion. There will doubtless be very keen competition for this handsome prize, and it is rumoured that there are one or two "Dark horses" who may upset general expectation.

Canada Faces the Future With Confidence

CANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and grouchers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products.

Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work, but today they are independent.

We Must Cut Production Costs

Canada is meeting with the keenest competition in the marketing of her products. To hold her own and regain her place on the world's market, she must reduce cost of production.

The only way to do this is to increase production per acre, per cow or per other unit.

But improved quality, also, is essential to meet market demands.

The quantity and the quality of the products and the cost of production in competitive countries is beyond our control.

Prices of agricultural products are regulated by world supply and demand

Hence, decreasing production will not help the Canadian farmer.

Money in Mixed Farming

In recent years, at different points on the prairies, oats fed to steers have brought from 70c to $1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 99c as against the Fort William price of 57c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted.

The cattle embargo is now off. Steers are worth more money and certain to make good money for the Canadian farmer from now on.

Money in Pigs

The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying for feed, labor, interest and depreciation, the net profit per pig was still $4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

Poultry Pays

Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in carlots, shipping annually upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving ruinous glut in their local market.

There is a market for good Canadian horses, whether light or draught.

Grow Seed

Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada exports seed potatoes, but imports other seeds. She has the opportunity to grow seeds for herself and for export.

The Future

Ten years from now the pessimists of today will have been forgotten. Britain has removed the embargo against our cattle. She wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against us on the British market. Eventually, she will herself be an importer of many other food stuffs besides wheat from this country.

Canada has the men, the climate, the land, the stock and the potential markets necessary for agricultural success. Let us farm with all the industry and science we can muster. Let's get to work and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead.

Alice Arm Notes

Continued from page 1.

Wm. Wells and Wm. Campbell returned on Monday from the Naas where they have been doing some government road work, including the building of a small bridge.

Mr. R. Roman, of the Sunset rooming house, spent a few days in Prince Rupert this week.

Miss F. A. Wilcock arrived from Australia on Thursday, and is the guest of Mrs. E. Moss.

The Alice Arm Freighting Company received a covered wagon from Prince Rupert, on Monday in preparation for the wet weather.

Mrs. R. Lambourne, of Anyox is spending a week's holidays with Mr. and Mrs Manzer. Mr. Lambourne also spent the week-end, and left on Sunday with a fine string of trout which he was successful in landing.

Messrs S. Dumas and Art Beaudin have been busy during the week erecting a new building at the camp of the Abbotsford Logging Company. The building is 12 feet by 22 feet, and will be used as a warehouse and cook's sleeping quarters.

Mr. Wm. Cummings opened his store at the Post Office building this week. The front part of the building is being used for the store and it has been lined with V-joint and varnished, presenting a very neat and attractive appearance. A good range of goods have been installed, including well known drugs, stationary, novelties, etc.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. J. Lulich has sold his half interest in the Sunset Rooming House to his partner, Mr. J. Thomas, of Anyox. A two year lease has been taken on the premises by Mr. Richard Roman, who has been assisting in the operation of the bnsiness for the past few months.

Miss Nettie Hogburg is visting friends at Anyox.

Dr. and Mrs. Learoyd of Anyox spent a few days during the week, visiting Mrs. P. Whelan.

Capt. H C. Gerhardi of the Homestake Mining Co. arrived in town on Thnrsday from Vancouver and left the following day for the property. With the exception of saying that work would be continued throughout the coming winter Capt. Gerhardi had nothiug to say regarding future plans.

Mr. McMaster, who holds the position of bridge builder for the government arrived on Thursday, in order to construct the suspension bridge on the upper Kitsault. Mr. McMaster, is no stranger to Alice Arm, being here at the time of the construction of the Dolly Varden Railway in 1917. He has lately been constructing bridges in the Lillooet district.

See Al. Falconer for Freight nd Pack Horses.

Mr. A. Flaten arrived on Thursday from Prince George and will relieve Mr. M. D. Ross, manager of the Royal Bank, who is taking holidays.

Mr. J. Wheatley shipped a boom of logs of approximately 250,000 feet to the Big Bay Lumber Co. at Georgetown, during the week.

The suspension bridge across the upper Kitsault will have a height of about 65 feet above the river.

It is expected that Mr. H. F. Kergin who is returning on Monday, from Victoria will bring definite information regarding the construction of the Kitsault river bridge near the wing dam.

About 45 children and adults took advantage of the free trip provided by the Elks on Wednesday to participate in the "Elks Flag Day celebration at Anyox. A real good time was enjoyed by everyone and it was a day the children will long remember.

So many Gods, so many creeds,
So many paths that wind and wind;
When just the art of being kind
Is all the old world needs.

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.
