ALICE ARM, B. C., FRIDAY, AUGUST 5, 1932

5 cents each.

Popular Anyox Couple Are Married At Alice Arm

A quiet wedding was solemnized at St. Michael's Church, Alice Arm on Saturday, July 30th. at 12 noon, when Miss Doris Harrison Greenwood, eldest daughter of Mr. and Mrs. J. Greenwood of Victoria was united in marriage to Mr. J. McConnachie of Anyox. The ceremony was performed by Rev. W. B. Jennings, of the Anglican Church Mission launch, Northern Cross.

The groom was supported by Mr. Don. McLeod of Anyox, and the matron of honor was Mrs. James L. Stewart of Anyox. The bride was attired in a blue-tailored costume with hat to match.

Following the ceremony a sumptuous wedding breakfast was partaken of at the Alice Arm Hotel, which was attended by several friends of the bride and groom.

The table was laid for eight guests, and was tastefully decorated with white carnations, rosebuds and ferns.

The bride and groom arrived from Anyox accompanied by several friends on board Mr. J. L. Stewart's new launch, Playmate, and the ceremony was held shortly after their arrival. The wedding was a complete surprise to many of their Anyox friends. The happy couple are spending their honeymoon in the Alice Arm district and later will return to Anyox where they will reside.

Both the bride and groom are very popular at Anyox. The bride was previously a member of the Granby Bay schools teaching staff and the groom, who is a member of the Concentrating Mill staff has been a resident of Anyox for about nine years.

A Large Number Attended Dance Saturday Night

The dance held at the Alice Arm Hotel on Saturday evening, had many outstanding features, the principal of which was the large attendance, the general jollity, and the excellent orchestra. Far into the back ground was pushed such vexing questions as copper and silver prices, close-downs, rainstorms etc. Everyone seemed anxious to spend an evening's enjoyment, and their wish was gratified.

In addition to a number of Alice Arm people, about fifty Anyox visitors were present. Music was supplied by Harry Ward's orchestra, and the floor throughout the evening was crowded with dancers.

Rain Changed Plans Of Sunday School Picnic

The annual picnic of the Alice Arm Anglican Church Sunday School, which was planned for Campers' Point on Saturday last, was abandoned as far as holding it outdoors was concerned, owing to the heavy downpour of rain.

As an alternative, it was held in the Club House, and during the afternoon Rev. W. B. Jennings gave a first-class exhibition of lantern slides, which was greatly appreciated by the children. Following the pictures, the children indulged in an ice cream feast, after which they were taken for a trip down the inlet by the Rev. Jennings on the "Northern Cross."

On their return, refreshments awaited them, followed by more ice cream and candy, and in spite of the rain the children thoroughly enjoyed themselves.

A large number of adults and children attended the picnic and great praise is due Rev. Jennings and the ladies who assisted in providing a real enjoyable afternoon for the children.

Results of Qualifying Round For Golf Handicap Competition

The Qualifying Round for the Golf Handicap Competition, for the Charles Bocking Cup, was played on July 31st. and August 1st. when the following players qualified:

R. O. Cutler, J. Ion, S. Armstrong, D. Macleod, P. O'Neill, F. S. McNicholas, Geo. Stewart, W. Simpson, F. F. Brown, E. R. Oatman, W. Moffatt, J. Dixon, S. Ellison, J. Moffatt, A. T. Koenan, W. Montgomery, Geo. Lee, W. Cavalier, Sid Peters, J. M. Dunn, H. L. Patterson, J. McColl, H. R. Taylor, M. J. Sheen, D. McKenzie, F. Pearson, C. O. Fricker, F. Person, C. Harman, H. E. Doelle, J. Murdoch, F. C. O. Edwards.

The lowest net score in this round was made by M. J. Sheen, with 61, W. Cavalier being next with a net of 64.

The girls of the Anyox Rangers wish to extend their sincere thanks to all the Alice Arm people who so kindly extended many courtesies during their recent holiday visit. The many kindnesses and favors which were shown them were very greatly appreciated.

A. J. Arland arrived on Friday last from the south.

Don Ritchie, of the Mine staff left on Monday for a visit to Prince Rupert.

GIVEN NEW POST

S. J. Hungerford

Who has been appointed Acting President of the Canadian National Railways, following the resignation of Sir Henry Thornton, who was appointed Chairman and President in 1922. Mr. Hungerford was also appointed a Director of the C. N. Railways, on Tuesday last, August 2nd. in place of Sir Henry Thornton, whose resignation took place last Saturday. Mr. Hungerford is one of the best known railway officials on the Continent, having worked his way to the top through the operating department. He is held in high esteem by the labor unions because of his straightforward dealings in negotiating various schedules.

Playmate Is New Addition To Mosquito Fleet

J. L. Stewart of Anyox is the owner of a trim craft in the form of a raised deck cruiser, named the Playmate. She has a length of 30 feet and a beam of 8 feet, and power is derived from a 24 h.p. Ballyntyne gas engine. She has sleeping accommodation for four persons, is electrically equipped and has all other modern conveniences. She was brought north from Vancouver by Mr. and Mrs. F. G. Bristow. They left on Saturday night, July 16th. and made the trip in seven and a half days running time. Owing to stoppages, however, they did not arrive in Anyox until Monday, July 25th.

Lady Golf Players Will Commence Tournaments

The Hidden Hole Tournament which was scheduled to take place on Friday, the 29th. was postponed on account of weather conditions, and will be held this week-end.

On August 19th. the Qualifying Round for the Ladies' Open Championship will be played. The championship gives to the winner the fine cup which was presented by Mrs. Charles Bocking.

Exhibition Will Be Held Next Month

Although the exact date has not been definitely fixed, the Alice Arm and Anyox exhibition will be held early in September, probably on Labor Day, Monday, September 5th. It will be held in G. W. Bruggy's Store building, permission having been recently received from Mr. Bruggy.

Committees will be formed next week to take care of the exhibits and sports, and as soon as this has been done things will begin to move to make this year's exhibition an outstanding success.

In an early issue we will publish a list of the various vegetables, fruits, flowers, canned goods, etc. that will be eligible for exhibition.

This year the produce of Anyox gardeners will be welcomed, and it is hoped that the smelter town will show the Alice Arm people what strides gardening has made there in recent years.

C. O. Fricker Will Meet Sid Peters for Anyox Golf Championship

In the final of the Open Challenge Golf Tournament, which qualifies to meet Sid Peters, the present champion, C. O. Fricker defeated H. R. Taylor 3 up and 2 to go, after a very closely contested game. The match between Fricker and Peters will take place, weather permitting, on Sunday, August 7th. This Open Championship of the Club carries with it the handsome cup presented by the Granby Stores.

In the final of the First Flight of this series, J. McConnachie defeated M. J. Sheen 3 up and 1 to go.

In the Second Flight, in which Dixon and Cundill advanced into the finals, Dixon proved the winner by 3 up and 2 to go.

Miss Isobel Orr Weds In Vancouver

Miss Isobel Orr, formerly on the staff of the General Office at Anyox, was married in Vancouver on July 11th. to Mr. Murdoch H. J. Rose. The wedding took place at St. Andrews' Church, the Rev. Dr. J. S. Henderson officiating. The wedding breakfast was held at the Hotel Georgia, after which the bride and groom left for a week's cruise on the west coast of Vancouver Island. They will reside in Vancouver.

Send your films direct to Wrathall's Photo Finishing, Prince Rupert. Low prices for good work. All orders returned following mail.

Celts and Mine Draw In Football League Game

The heavy, threatening weather did not deter the Celts and Mine when they met in a League fixture on July 28th. and played to a 3 all draw. Each side played good football all the way, and the game was full of incident.

Jim Dixon, for the Mine, showed a real sporting spirit when, on a penalty which was considered doubtful, he purposely kicked the ball wide. The Celts' goalie had tough luck when the ball bounced high, and aided by a treacherous breeze, eluded his efforts to grasp it and rolled into the net. The Celts started one man short, and early in the game Wool twisted his ankle and had to retire, leaving only nine men to play. The Mine lost a player who was penalized and sent off.

For the Mine, Curry shot a beauty which dropped between the goalie's hands and the top bar—a difficult one to stop. Morrison also got one with a fast shot from close in. For the Celts, Arthur Horner scored twice, and Jack Buntain got the equalizer just before the whistle. The game was featured by splendid kicking and nice passing. Bob McMillan was the efficient referee.

Local Pupils Who Successfully Passed Recent Examinations

Following is a list of the High School pupils of the Granby Bay School who successfully passed the recent examination, with the number of marks obtained:

Phyllis Bushfield 692, Frank Dodsworth 616, Isobel Gillies 618, Emily Nelson 654 Edna Owen 722, Two other pupils passed with partial standing and two passed with supplements.

The following entrance class pupils were passed on teachers' recommendation: Margaret Arscott, Arthur Deeth, Harold Dresser, Fred Hartley, Edward Healy, William Owen, Helen Simpson, William Wilson. Those writing entrance class examinations and passed were: William Dunn 360, William Shields 363.

Alma Evindsen of the Alice Arm School entrance class passed into Grade IX with a total of 375.

BIRTH AT ANYOX

Born to Mr. and Mrs. R. C. Gegg, at the Anyox General Hospital, on Sunday, July 31st. a daughter.

Dr. J. T. Mandy Outlines Mining Activities Of District

Dr. J. T. Mandy, resident mining engineer for the north-western mining division in his report in the Summary and Review of mining for the first six months of 1932 states that:

"Persistence, fortitude, optimistic outlook and constructive activity to meet the exigencies of prevailing world conditions has been a markedly encouraging feature of all branches of the mining industry in this District during the period under review. This activity is a potent factor in the general welfare of the District and far reaching in its effect on promoting adjustment and restoring prosperity.

"The principal producers, the Granby Company at Anyox and the Premier Company in the Portland Canal area, have continued in active operation on the same basis pertaining at the end of 1931. The advent of the 4-cent United States copper tariff will temporarily affect shipments from Anyox until other arrangements, which are being formulated, can be completed. At both these operations important consideration is given to the retention of a maximum number of men in employment.

"An exceptionally late and heavy winter snowfall in the interior regions has retarded the commencement of seasonal exploration and development operations and the initiation of prospecting activities in these sections. These phases of the industry have been focussed almost entirely on lode and placer gold".

His report covers operations in the Taku Country, Queen Charlotte Islands, Portland Canal, the coast south of Prince Rupert, and Atlin. He also gives very valuable information to those who are considering engaging in placer gold mining.

Canadian Silver Production Declines

The Dominion Bureau of Statistics reports that the production of silver in Canada during May declined 13.8 per cent to 1,418,384 ounces as compared with the April output of 1,645,094 ounces. In May, 1931, the Canadian production was 1,785,940 ounces.

The reason politics makes strange bedfellows, is because they all like the same bunk.

Mine Defeat Rangers In League Fixture 2 to 1

Fast and open play featured the game between Mine and Rangers on Tuesday the 26th, when the former balanced their account by winning 2-1. The evening was moist and cloudy and the ball greasy, as usual. When will Jupe Pluve be kind and give us a light, dry evening?

Morrison had an excellent line-up in spite of recent depletions. Dixon and Curry have donned the black and gold, and a new boy named Henry Larson is snappy and sure at right wing. Rangers were minus Dodsworth and Buchanan, and there was an obvious weakness in their ranks which did not help matters. However, Jimmy Donaldson held his men together and played a wonderful game himself. He had tough luck with a lovely shot from away out which struck the top bar. Williams was always cool and resourceful, and never tired. He was unlucky, however, to kick a penalty right at the goalie.

Owen, at outside left for the Mine, played a fast and tricky game. Jimmy Boyd had a birthday, as he scored both tallies for the Mine and came through the game without a mishap. The Rangers' goal came from a scramble in the goal mouth. In the second half the Mine pressed hard and Joe Taylor made some close saves. J. Evans was a most efficient referee.

More Encouragement And Support For Football Is Needed

Where are all our football fans? Is football no longer appreciated in Anyox? Has interest died out or is it just apathy? There are three teams playing in a series of league games in Anyox. Each team has eleven men, with reserves, and a manager. There is a representative Football Association. Every man is keen and ready to do his best when called upon. The game calls for equipment, preparation, referees, linesmen. The schedule is adhered to faithfully, wet or dry. Why not turn out and see the games, and at the same time encourage the players and the sport?

If you have the idea that it isn't good football, you're dead wrong. Anyox beat Prince Rupert last year in four straight games, and practically all these men are playing this season. Every game is well worth watching. So turn out to the games! Show the boys that their efforts are appreciated. We have everything but the spectators—give the sport the encouragement it deserves.

Sign in a Western restaurant: "If the steak is too tough for you, get out. This is no place for weaklings."

Exports of Canadian Copper Increase In June

The export of copper from Canada made a sharp advance in May, the total being 243,400 cwt. at \$1,339,000 as compared with 110,200 cwt. at \$945,000 in May, 1931. The chief purchaser was the United States, although it was a decrease from \$838,000 to \$773,000. The British purchase increased from \$92,000 to \$326,000 and other large importers were Norway, Belgium, France and Germany, reports the Dominion Bureau of Statistics.

The export of lead also increased, the amount being 173,239 cwt., compared with 169,884 cwt. in May 1931. The value, however, was much less, being \$256,049 last month and \$344,698 a year ago.

Here and There

Four guests at the French River Chalet Bungalow Camp recently brought in four muskies totalling 73 pounds, of which the largest weighed 26 lbs. and the smallest twelve. Fishing at this popular resort is most successful this season, and there will be keen competition for the Canadian Pacific trophy.

Native Sons of Glasgow enroute to the big Convention of their Association at the Scottish city have been travelling across Canada via Canadian Pacific Railway from Victoria and points in Western Canada, Ontario and Quebec, for the sailing of the "Duchess of Bedford". Members will gather from all over the world for a monster celebration July 15-22.

John Findlay, who is by way of being the all time big game hunter of the world, arrived at Vancouver recently aboard the "Empress of Russia", enroute to England "for a little rest." He adds to his big game hunting the disciplining of Malay head-hunters, who disregard the white man's laws. "One raid we made," said Mr. Findlay, "left a trail of twenty dead men."

Canadian Pacific low rate bargain return trips, which have been a very successful feature of the company's operation this year, will include one to the Maritime Provinces July 22, when Nova Scotia and New Brunswick will be covered in round trips to take in most of the show places of the two provinces. The trip will be varied by a sea passage in the fast new steamship "Princess Helene" across the Bay of Fundy to the Land of Evangeline.

Canoe Trips in Canada Lakes and Rivers Provide Numerous Attractions

Opportunities for an Enjoyable Vacation Almost Unlimited

THE requirements for a successful and satisfactory trip by canoe; suitable water, picturesque country and an excellent summer climate, can be found almost anywhere in Canada. The innumerable lakes and rivers make the choice of trips almost unlimited. One can travel for hundreds of miles on any of the great rivers, journeying from lake to lake and portaging where rapids impede or heights intervene. Having decided upon the

kind of trip to be made, whether one requiring much effort and experience, or one quite free from rapids and portages, the canoeist has only to select his route.

Easy of Access

Although railways and the automobile have provided a means of rapid transport, there are countless places in the quiet of the forest, out of reach of either. It is such places, approachable only by canoe, that invite the adventurer to partake of the wonders of nature. The railways and the development of good roads have however made the majority of canoe routes in Canada easily accessible, and one need not travel far from the majority of Canadian cities before reaching the embarking point of an enjoyable trip.

Forest Beauty

In certain parts one may follow the streams for a long summer outing and never see a village or dwelling, yet civilization lies so close that return is easily possible. Waterfalls, rapids large and small, lakes of singular beauty hidden deep in the forest, and islands covered with pine and spruce trees are among the interesting features encountered en route. In some places one may travel hundreds of miles without meeting obstacles of any kind.

There is a remarkable contrast between the conventionality of modern life and the full naturalness of life in the great forest, where one may relax, amid the beauty of natural surroundings. A strange appeal of imagination comes to one while following the routes of the historic explorers and contentment prevails

amid the constant change of beautiful scenery.

Fish and Game in Abundance

Canadian lakes and rivers are renowned for the variety and abundance of their fish. Brook and lake trout are numerous, the latter often weighing from fifteen to thirty pounds while other species of fish are plentiful. Eastern Canada is well provided with waterways, well suited to travel by canoe. Canal systems, rivers large and small, rapids, falls, lakes, stillwaters and all the requirements for an enjoyable canoe trip, await the devotee of the paddle. Whether it be a cruise through a well settled region, or an adventurous journey through the wilderness, the canoeist will find an almost unlimited number of lakes and streams.

The waterways of western Canada, in days gone by, assisted materially in unveiling the mystery of the great country between lake Superior and the Pacific Ocean. Radiating from lake Winnipeg, are routes of romantic interest. Nestling among the mountains of the coast are many beautiful lakes, also streams that wind through the hills, where sport for the angler and hunter may be found.

Free Information

The National Development Bureau of the Department of the Interior at Ottawa, has prepared a series of four booklets entitled "Canoe Trips," copies of which may be had by our readers, free of charge. The series covers the Maritime Provinces, Quebec, Ontario and Western Canada. Further detailed information is available to those who require specific data on any particular trip.

Wild Animals Friendly on Banff-Windermere Highway

MAMMA BEAR AND KIDS, LAKE LOUISE

BIGHORN SHEEP STOP CARS NEAR BANFF

CINNAMON BEAR NEAR BANFF

BOZO BEAR TRAFFIC COP

"The Friendly Road," by David Grayson, which is well-known to many lovers of nature, depicts incidents and friendliness of people along country roads and in the rural districts. There is, however, a road in the Canadian Rockies the friendliness of which is not due to mortals as in Grayson's book, but to the friendliness of animals. Animals termed wild, but in this instance a word that cannot be applied to those on the Banff-Windermere Highway. There is possibly no more beautiful road than this which runs from Banff to Lake Windermere, in the Columbia River Valley. The distance of 104 miles is spectacular and the scenes are constantly changing. The views from the high passes looking down into valleys, thousands of feet below, tiny lakes surrounded by al-

pine meadows, rivers crossed and recrossed, and glimpses of cascades tumbling down slopes from dizzy heights are intriguing and beautiful.

To this natural beauty is added that of seeing the animals in their natural haunts. Rocky Mountain sheep are seen on the road along Vermillion Lakes not far from Banff. They are so tame that often motorists have to slow down as they will persist, almost to the point of danger, in standing in the middle of the highway.

Bozo, a black bear, is a friend to many motorists on the Banff-Windermere road. He comes out on the highway as if he had sole right to it. He does not resent these invaders in the least and really wishes to

show his friendliness. Sometimes he has lunches handed to him and the remarks of "nice old chap, fine old fellow," please him tremendously, and he will try to come even nearer. Bozo no doubt had many dreams during the winter of summer tourists, and possibly has figured out in true bear fashion just how to get the most out of the tourist season.

Deer are seen, also, on this famous highway, though not as often as other animals. They are regular visitors to Banff, and are frequently seen on the streets of the village. There are hundreds of miles of smooth motor roads through the Canadian Rockies, and devotees of the open road are visiting this region in increasing numbers annually.

Herald Ads. Will Bring You Business

A Study of Our Summer Clouds

By our Anyox Correspondent

Anyone who has studied the various cloud effects which have been noted this "summer" will admit that they have been remarkable. Remarkable for their persistency; for the gloom they cause; for the amount of moisture they can hold; and for the way this moisture is precipitated on the least provocation. This precipitation occurs on every day of the week, and at almost every hour. So thick, black, heavy and foreboding have been these clouds that the sun scarcely ever broke through them. This phenomenon has, however, been noted on rare occasions, and its effect has been to delude people into putting on light summer garments, only to wish they hadn't. Anyox and Alice Arm offer wonderful opportunities for anyone desirous of studying the color, size, and moisture carrying properties of summer clouds.

Wait for our next article on "Blue Skies and Sunshine."

Stanley V. Crompton Will Marry In Japan

Mr. Stanley V. Crompton, who left Anyox about a year ago to take up a position with a mining company in Korea, is to be married on August 15th. The bride-elect is Miss Phyllis Ann Dodd, only daughter of Mr. and Mrs. L. A. Dodd, of Princeton. Mr. Crompton is stationed at Taiyudong, Korea, and the wedding is arranged to take place at Kobe, Japan. Miss Dodd left Vancouver on Saturday last by the Empress of Japan for the Orient.

Rovers Pay Instructional Visit To Post Office

As part of the educational campaign now being carried out for the Anyox Rovers, a visit was paid to the Post Office on July 18th, through the courtesy of Mr. W. F. Eve, the postmaster. The regular routine of the various branches of postal work was carefully explained.

Mr. Eve showed how mail was received and despatched; how registered mail was dealt with; the function of Money Orders, etc; and how the big outside offices were operated. A surprising amount of detail was pointed out, of the existence of which the general public knows very little. The visit proved a real education as to Post Office methods and was much appreciated. Those in the party were: "Chief" R. O. Cutler, J. Cloke, C. Bushfield, C. Dresser, B. Loudon, A. Teabo, I. Davis and L. Kirby.

Canadian clearance figures indicate that Canada has contributed over one third of the total amount of wheat entering into international trade during the past two months.

"KIKI"

Saturday, August 6th.

A United Artists Picture with Mary Pickford and Reginald Denny,

This famous international stage success is brilliantly enlivened by the genius of the world's greatest screen comedienne. There are hilarious lines and situations. A new roguish Mary Pickford comes to life in this gay picture of real entertainment. Kiki is the type of part Mary has always longed to play. She is a pretty little madcap in the chorus of a Broadway revue. Her harum-scarum tactics are the despair of everyone. She raises a row during the final rehearsal and is fired by the stage manager. She is, however, kept on, and on the opening night of the Show she gets involved in a series of comic difficulties. The picture is packed with laughter, love interest, and droll situations. Do not miss this special show on Saturday.

"The Ruling Voice"

Tuesday, August 9th.

A First National Production with Walter Huston, Loretta Young, Doris Kenyon, David Manners.

Racketeering versus the love of a daughter comprises the theme of this picture, which was favorably received at the Winter Garden on Broadway. Walter Huston, as the father of the "System" as well as of Loretta Young, triumphs over himself in his effort to win back the respect of his daughter. She returns from a finishing school abroad, and a new note begins to appear in the ruling voice. He candidly tells her the nature of his business and she disowns him. The action, plots and situations from now on hold the audience spellbound. It is a splendid drama, superbly acted. David Manners, as the fiancee of Gloria, supplies with her, the incidental love interest of the story.

ANYOX NOTES

Mrs. Warden who has been in ill health for some time, returned home from Prince Rupert on Monday.

T. Stretton returned on Monday from Winnipeg. He was called there recently owing to the serious illness of his father.

T. F. Singleton returned on Monday from a visit to Mrs. Singleton and family, who reside near Victoria.

Mrs. J. Wilson and Master James Reid left on Friday last for Ioco.

H. H. Spencer returned on Friday from a holiday spent at Port Simpson.

Mrs. J. D. Ferguson and daughter returned on Friday last from Vancouver.

Frank Sanderson and M. Loftus left on Friday for Vancouver, where they will reside.

Government Launch Birnie Visits Alice Arm

The launch Birnie of the Federal Government Marine Department, paid a visit to Alice Arm on Wednesday. She tied up at the government wharf and left early on Thursday morning.

The Birnie is engaged in recharging the beacon lights in the Observatory Inlet and Portland Canal sections. She carries a crew of seven men.

ALICE ARM NOTES

Mrs. H. Ward and family arrived from Anyox on Saturday and are spending summer holidays here.

Mrs. K. MacDonald and daughter arrived recently from Anyox and

are spending summer holidays here.

Wallace Henderson arrived on Tuesday from Anyox and will spend holidays here with Mrs. Henderson, who arrived same time ago.

Miss Alice Kergin arrived home on Monday from Stewart and Prince Rupert, where she has spent several weeks' holiday.

A. McLean, accompanied by his daughter, Miss M. McLean, arrived on Monday from Prince Rupert and left for Anyox on Tuesday.

Miss Mildred Johnston, who has been spending holidays with Mrs. N. Fraser, left on Monday for Queen Charlotte Islands.

During the stay of the government launch Birnie at Alice Arm on Wednesday, Second Officer D. R. Barclay took the opportunity to visit Mrs. Barclay and family, who are spending a vacation here.

Mr. and Mrs. H. F. Hoadley, who were recently married at Prince Rupert, arrived in town on Friday, and spent the week-end with Mrs. Hoadley's father, Mr. J. C. Studdy.

J. Sleeman, who was in charge of operations at the Toric mine, for the Britannia Mining Co. when they were developing that property, arrived in town on Saturday from Britannia Beach. He left during the week for the Toric, and will make an examination of the mine, the buildings and equipment.

Candies, Stationery, Proprietary Medicines, Toilet Articles, Etc.

W. M. Cummings, Agent for all Vancouver Daily Papers
Post Office Building, Alice Arm

A TREAT

IS IN STORE FOR YOU

PHOENIX is the perfect Lager. Pour it... watch it foam! Three things make such goodness possible—good malt and hops, careful brewing, thorough ageing.

PHOENIX LAGER

Victoria-Phoenix Brewery Limited, Victoria
