Officers Elected For Community League Council

A special meeting of the newly elected Council for 1932 was held on March 4th, for the purpose of electing the President, and also the First and Second Vice-presidents. A member of the Finance Committee to act with the president was also elected.

Members present were Messrs. Allan, Cavers, Cleal, Dresser, Faulkner, Field, Johnson and Kirby. Mr. Manning, past-president, also attended.

Mr. Cavers and Mr. Dresser were both nominated for president, Mr. Dresser withdrawing his name in favor of Mr. Cavers, who was elected by acclamation. In handing over the office of president Mr. Manning wished Mr. Cavers as great a pleasure in the office as he had experienced during the past three terms. Mr. Cavers thanked the Council for the honor they had conferred upon him, and also Mr. Manning for his good wishes.

Mr. Dresser referred to Mr. Manning's splendid record as president, and the excellent work he had done. Mr. Manning had not missed one single Council meeting nor Finance Committee meeting in his three consecutive years of service—an almost unbeatable record.

Mr. Dresser was elected as first Vice-President, and Mr. Faulkner as second Vice-President. For the Finance Committee, Mr. George Allan was nominated and elected.

The first regular meeting of the new Council was held on Wednesday March 9th., when chairmen of the various departments of the League were appointed as follows: Membership, A. H. Kirby; Recreation, George Allan; Arts and Crafts, D. M. Cleal; Forum, A. E. Field; Entertainment, Ed. Johnson; Building and House, F. B. Faulkner; Home and Service, F. Dresser.

The League will entertain the visitors from Premier at the St. Patrick's Dance, and will extend to them the usual courtesies at the Picture Shows, Pool Hall, etc.

Many matters were discussed and an active season in League matters is promised.

Mr. and Mrs. Henry Kronquist and family, who have resided at the Mine for a considerable time, left on Wednesday for Vancouver, where they will reside.

Celebrated Their Silver Wedding March 1st.

On March 1st, at their residence in Anyox, Mr. and Mrs. William Findlay Barclay celebrated the anniversary of their silver wedding, only the members of their own family being present.

Mr. and Mrs Barclay were married at Thorniebank, near Glasgow, Scotland, on March 1st., 1907. There are six children: Ernest, Jack, Stuart, May, Bessie, and Lillian. Jack, who has been in Toronto for almost three years, is progressing well with his studies in engineering and music.

Mr. and Mrs. Barclay moved to Canada about two years after their marriage, being in Toronto for ten years, in Copper Cliff and Sudbury for five years, and in Anyox since that time.

They take a keen interest in everything affecting the welfare of the community, and are greatly respected by everyone.

Their sons presented them with a beautiful silver flower basket, and their daughters with a silver cake dish. Many friends have since showered upon them congratulations and the best of good wishes.

Catholic Ladies Will Hold St. Patrick's Dance

The Catholic ladies are busy with their arrangements for St. Patrick's Day Dance, which promises to be as big aud successful as ever. With their usual thoroughness, the ladies are leaving nothing undone to ensure an enjoyable evening for everyone.

An attractive feature will be a display of dancing by some of the pupils of Mrs. McRae. Miss Agnes Kruzick will perform the Irish Jig, and a spectacular dance will be given by three girls. The event will be held in the Elks' Hall.

Tennis Club Will Hold Their Annual Meeting

The Annual General Meeting of the Anyox Tennis Club, will be held in the Recreation Hall, on Monday, March 14th. The financial statement will be presented, and officers will be elected for the ensuing year.

Other important business concerning arrangements for the coming season will be dealt with, and all members are urgently requested to be present.

Elks' Old Time Dance Proves Tremendous Success

Can this be 1932? A casual visitor to the Elks' Hall on Friday the 4th., would have good reason to think otherwise. He would have seen a large crowd of people zealously following out the real old-time dances. The graceful Valeta Waltz, the dainty French Minuet, the precise Military Two-step, the hilarious Quadrilles were danced with old-time keenness and grace. Who could resist the Polka, the Schottische, the Barn Dance? The Petronella and the Lightsome Reel call for memory work as well as skill, and these were put through just as of old. A sprinkling of fox-trots and waltzes were added for the sake of the modern dancers present, who thoroughly enjoyed the colorful spectacle afforded by the dances of by-gone days.

The music was furnished by Sid. Armstrong and his orchestra, Sid being a past master on the old-time tunes and tempos. Harry Hallcow was the efficient master of ceremonies, and the dance committee provided a pie supper which was a feature in itself. The Brother Bills fully maintained their reputation of never doing anything by halves, and are considering the staging of a similar event later on.

Former Resident of Alice Arm Passes

The death occurred at Prince Rupert General Hospital on Saturday last of Joseph Anselme Morin, known to many in Alice Arm, Anyox and the north coast as Sam Morin.

Deceased spent many years at Alice Arm. He also spent some time at Anyox during 1914-15. He left Alice Arm a few years ago for Prince Rupert, where he has since resided. During his residence at Alice Arm he was a general favorite, always an optimist and a pleasant word for everyone, and his large circle of friends will be sorry to hear of his death.

Interment took place at Fairview cemetery, Prince Rupert, on Tuesday, Rev. Father Webb, O. M. I. officiating.

Deceased was a native of the province of Quebec, and was 55 years of age. He was unmarried, and several relatives reside at Quebec.

Athletic Association Hold Card Party

A very enjoyable card party was held at the Club House on Saturday evening. It was held by the Alice Arm Athletic Association and was one of a series that has been given every two weeks during the winter months. Bridge was played at every table.

Mrs. C. Ripley was the heavy scorer for the ladies winning first prize, and Mrs. J. Larsen secured consolation. For the men, Mr. W. B. Bower carried off the championship, and Mr. W. M. Cummings held the low score card.

Refreshments were served, which terminated a pleasurable evening for all those who enjoy testing their bridge skill.

Tom Hadden Goes South For Special Treatment

Thomas Hadden, who has been employed at Anyox for the past three years, has suffered a slight nervous and mental breakdown. He was taken to Vancouver on Wednesday's boat, being accompanied by his brother Henry. Tom, who is of a very quiet and retiring disposition, has many friends in Anyox, who hope for his speedy return to health.

Mr. Sam Jabour Will Award Prizes For Essays

Mr. Sam Jabour, northern representative of the Sun Life Assurance Company, has donated three prizes for the best written essays on "Life Assurance and Savings." These prizes are being competed by the High School pupils of Anyox and keen competition is being taken. Three prizes will be given: $7.50, $5.00, $2.50. Awards will be made as soon as the essays have been completed, which will be some time before Easter exams.

ANYOX NOTES

Mr. C. J. Elgood, of the Canadian Bank of Commerce, returned on Monday after a visit to Vancouver. Mr. M. N. Bamford, who filled Mr. Elgood's position during his vacation, returned to Vancouver on Monday.

Mr. J. McGregor left Anyox recently for Vancouver on an extended visit.

Steamship Schedule Will Not Change Until June 8th.

Vancouver, March 5—Announcement is made today by G. A. McNicholl, general Passenger Agent, Canadian National Steamships, that the regular weekly steamship service between Vancouver and Northern British Columbia ports will be extended until June 8th, when the regular summer schedule will go into effect. Under the present service Ss Prince George leaves Vancouver every Monday evening at 8 o'clock and returns on Saturday afternoon after making calls at Powell River Ocean Falls, Prince Rupert, Stewart and Anyox.

When the summer schedule goes into effect on June 8th, three steamers will go into service, Ss Prince Rupert, will take the place of Ss Prince Henry and operate a weekly service from Vancouver to Skagway and intermediate points. Ss Prince George and Ss Prince Rupert will operate on a ten day trip from Vancouver to Skagway and return, with a regular round trip from Vancouver to Anyox and Stewart intervening.

Ss Prince Robert will leave Vancouver every Thursday evening returning the following Thursday morning. Ss Prince Rupert or Prince George will leave for Skagway on Monday evenings and for Prince Rupert, Stewart and Anyox on Wednesday evenings.

The regular service of Ss Prince John from Vancouver and Prince Rupert to and from the Queen Charlotte Islands will be continued.

The summer schedule will remain in effect until August 29 when the fall schedule will be inaugurated.

Badminton Club Plans To Entertain Premier Guests

At a meeting of the members of the Badminton Club held on Tuesday the 8th., tentative arrangements were made regardiug the proposed visit of the team from Premier, who are expected shortly. The Anyox teams will be selected a little later on. An Entertainment Committee was formed for the purpose of looking after the Premier visitors, this being composed of the following: Mrs. Johnston, Miss. F. Dresser, Mrs. Peters, Mrs. J. Smith, Mrs. Gale and Mrs. Fricker.

Operating Costs Alaska Juneau Ore 86c. Per Ton

A discussion on the mining of low grade gold ores as carried on at the Treadwell and Juneau properties at total operating costs of 86 cents per ton was presented recently by F. W. Bradley, president of the Bunker Hill and Sullivan and of the Alaska Juneau Mining Companies, to the Montreal branch of the Canadian Institute of Mining and Metallurgy.

Operations at the Alaska Treadwell mine have taken place under sea level, Mr. Bradley continued, and during the past ten years, 8,000,000 tons of rock have been taken out, with total operating costs, including sinking of shafts and clearing of rooms, etc., of 86 cents per ton. The ore body was 710 feet in length with an average width of 170 feet, and the above amount covered all preparatory costs.

During the past 10 years, the speaker went on, the average assay was $2.60 per ton. Of this amount $1 went to dividends, 10 cents to treating concentrator and 11 cents to overhead costs. The total operating costs of 8,000,000 tons of ore body was $1.31 6-10, the mining end accounting for 86 cents of this.

Port Churchill Open To General Commerce This Year

Winnipeg, Man., March 5,—Churchill townsite will be opened for settlement within the next few months. Decision of the Manitoba Government to throw the townsite open in the summer of 1932 was announced by Hon. Donald G. McKenzie, Minister of Mines and Natural Resources, following confirmation at Ottawa that the port of Churchill will be open to general commerce next August. For the federal Government, Hon. R. J. Manion, Minister of Railways and Canals, stated that Churchill would be in a position this summer to accept such commerce as was offered. Opening of the Hudson Bay Railway through to its terminus at Churchill will be a necessary part of the arrangements to bring Canada's new Hudson Bay port into regular operation. Churchill opened temporarily last September when two shiploads of wheat travelled over the Canadian National Railways to elevator facilities provided by the Dominion Government.

Despite a decided drop from 1930 building permits in Vancouver last year were reported to be the highest of any city in the Pacific Northwest. The year's total for Vancouver amounted to $10,066,-445. Seattle was second with $9,-415,010; Portland third with $5,791,830; Tacoma fourth with $2,449,325.

Will Open Fort Norman Oil Wells

Imperial Oil Ltd. is sending Ronald McKinnon to their well at Fort Norman to examine the condition of the wells and existing plant with a view to supplying fuel oil and gasoline for mining operations at Great Bear Lake, 300 miles east, according to A. M. McQueen, vice-president.

The company is preparing to meet the needs of the field, and would rush up a small plant this summer. It might be next year before a large refining plant could be operated.

Mr. KcKinnon, who spent two or three years at the wells, and who came out by dog team the last time, will go in by plane this month.

Aviation gas, which is made under stiff government specifications, could be produced at Norman if desired.

Snow Chases Deer From The Hills

Vancouver, B.C., March 5—Passengers returning from northern British Columbian ports on SS Prince Rupert, report the sighting of large numbers of deer. The deer have been driven from higher land by deep snow and are grazing near the sea shore.

"Now" said the professor, "pass all your papers to the end of the row; have a carbon sheet under each one, and I can correct all the mistakes at once."

Over $3,000,000 Worth Of Seeds Imported

There were imported into Canada last year to the value of $3.375,000 of which British Columbia bought its share. The imports of timothy and red clover seed ran into millions of pounds. There were 59,000 pounds of onion seed and 52,000 pounds of radish seed with like quantities in lettuce and similar vegetables brought in. Everyone of these can be grown to perfection in B. C. with its varied climates and ranges of altitude, so that there is an excellent opening for enterprise in this connection.

New York—Silver production in the United States in January dropped to the lowest point since 1921.

MINING IN BRITISH COLUMBIA

In 1930, among the Canadian Provinces, British Columbia was the leading producer of Silver, Lead and Zinc.

In this Province, 45 per cent. of Canada's silver, 97 per cent. of the lead, and 93 per cent of the zinc were produced.

British Columbia has produced over $1,260,-000,000 worth of mineral products.

About 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

A special report on placer mining in British Columbia is available, and may be obtained, together with copies of the Annual Reports and Bulletins (one of which contains a synopsis of the mining laws) upon application to

THE HONOURABLE THE MINISTER OF MINES, VICTORIA, B. C.

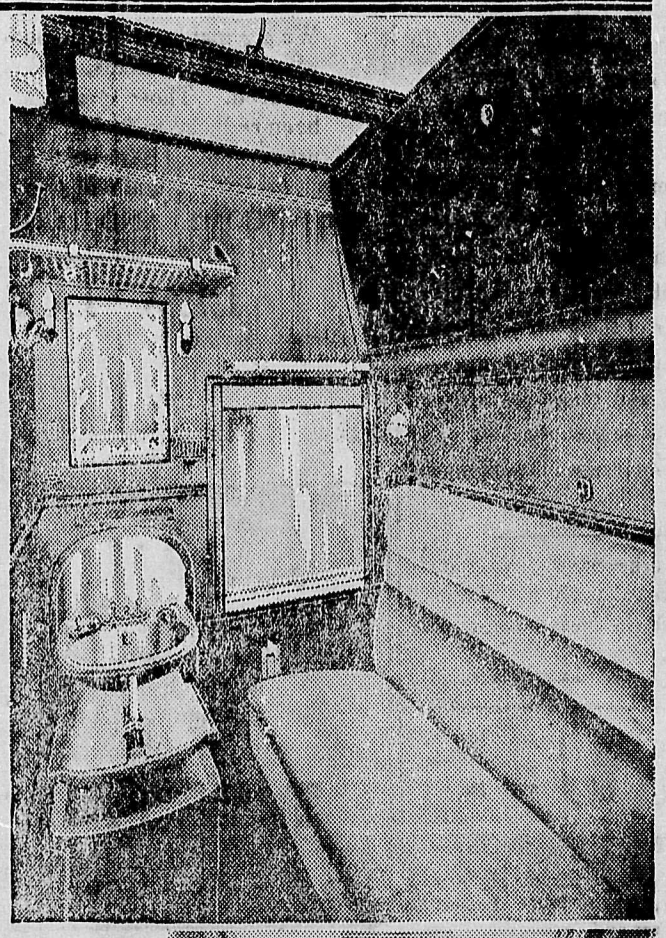
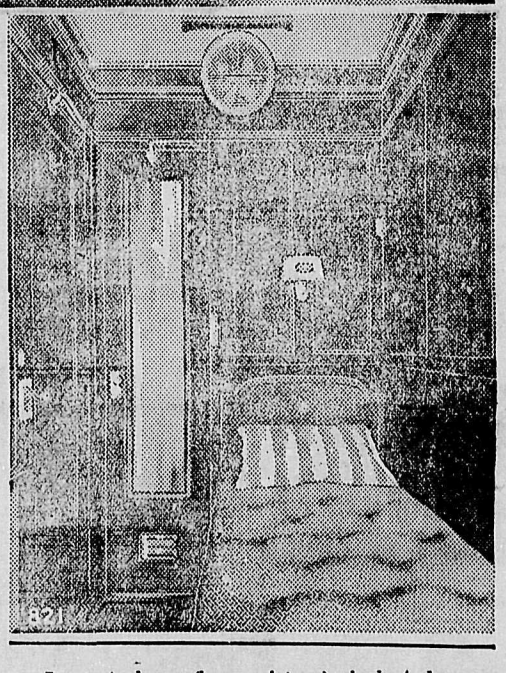
Overnight Bedroom Sleeping Cars Popular





'Please reserve bedroom on Canadian Pacific 11.59 p.m. train for Toronto," is a common call nowadays into the railway offices by the travelling public. The company reports a very heavy demand of late for this type of accommodation and this has necessitated operation of bedroom sleeping cars on the runs between Montreal and Quebec, Montreal and Toronto, Ottawa and Toronto, Toronto and Detroit, and Montreal and Detroit.

Privacy, comfort and the last word in convenience and luxury are keynotes of this latest development in overnight travel by Canadian Pacific as expressed in these single and double bedroom and compartment cars, which represent the equivalent of the finest of hotel accommodation. They provide all the luxurious appointments of individual private rooms with a real bed that assures deep and refreshing sleep. Each room has toilet, lavatory, electric fan, overhead ventilator with exhaust fan, reading lamp and other conveniences, the whole being decorated in restful colors. In the double bedroom cars an overhead bed may be opened from the wall, if desired, affording additional facilities.

Some further features of the sleeping cars may be enumerated, which make the hours of sleep so refreshingly delightful. Temperatures are controlled thermostatically throughout the train; roller bearings assure smoothness of motion; coil spring mattresses invite restful slumber; heavily padded carpeting harmonizes with interior arrangements, creating a general soothing effect. Berths are wide and long and unusually roomy. The service is presented to travellers as a masterpiece of transportation luxury and comfort. It is the realization of all those refinements of art and efficiency of which travel equipment designers long have dreamed. From the inception of this new service it has won increasing favor among travellers who distinguish between good average service and perfection in travel. The word "moderne" has its fullest and most inclusive expression in these cars.

In the women's dressing rooms attached to the sleeping cars there is real comfort and satisfaction. The most fastidious woman will find facilities such as she would expect to see in a first-class hotel. Mirrored dressing table and other toilet accessories provide maximum accommodation without overcrowding. Here are vanity chairs conveniently placed, ample artificial and natural lights in softly colored shades, spotlessly white lavatories with hot and cold running water, specially dispensed soap and a never-ending supply of clean linen. This affords the requisite pendant to refreshing sleep—perfect toilette.

The men are treated in like fashion. They too have commodious dressing rooms where they can foregather not only for the purpose of making their toilets but also for an enjoyable smoke before retiring or after they have slept. Their room is perfectly lighted, well ventilated amply supplied with lavatories of newest design and in decorations harmonizes with the general finish and furnishings.

Lay-out shows (lower picture) single bedroom car and (above) double bedroom car.

C. P. R. Traffic Appointments

Three important appointments in the freight traffic department of the Canadian Pacific Railway have been announced by George Stephen, newly appointed vice-president in charge of traffic. They are C. E. Jefferson, assistant freight traffic manager, western lines, Winnipeg, (centre of layout), who comes to Montreal as freight traffic manager; H. W. Gillis, assistant freight traffic manager, eastern lines, (right), who is appointed to western lines as assistant freight traffic manager; and Gerald Hiam, assistant general freight agent, Montreal, (left), who becomes assistant freight traffic manager, eastern lines.

Mr. Jefferson entered Canadian Pacific service in 1913 as percentage clerk in the freight tariff bureau, Montreal, and in 1915 was promoted assistant general freight agent, Montreal. He became acting general freight agent in 1921 and general freight agent, western lines, in 1922, and in 1927 he was appointed assistant freight traffic manager, western lines. His present promotion brings him back east.

Mr. Gillis worked his way up in Canadian Pacific service from call boy and messenger in 1905 through the ranks of the freight department in Montreal. From chief clerk in 1915 he was promoted to assistant foreign freight agent in 1919, assistant general freight agent in 1922 and assistant freight traffic manager in 1926. He now goes west in the same capacity.

Mr. Hiam joined the Canadian Pacific Railway in 1904 and after holding several positions in the foreign traffic department, vice-president's office and freight tariff bureau, Montreal, was appointed travelling freight agent, Toronto, and district freight agent, Fort William, in 1914. He went overseas to the war in 1915 and in 1919 was appointed district freight agent at Cleveland, O. He went to Saint John as division freight agent in 1926 and was appointed assistant general freight agent at Montreal in 1928.

Prices of Individual Lots, terms and all other particulars may be obtained from E. Moss, Sole Agent, P. O. Box 8, Alice Arm, B. C.

BUY NOW: WHEN THE PRICES ARE LOW

Present estimates indicate that British Columbia produced values of approximately $148,000,000 in its four primary industries in 1932. These estimates show; Agriculture, $51.000,000; forestry, $45,000,000; mining, $37,000,000; fisheries, $15,000,000. These lowered values compared with 1930 are due not so much to decrease in quantity production as to lower prices.

Salesman (wiping the perspiration from his brow)—I m afraid madam, we've shown you all our stock of linoleums. but we could get more from the factory.

Customer: Well, perhaps you had better. You see, I want something of a neater pattern and quite small. Just a little square for my birdcage.

Here and There

New Brunswick will be selected as the training ground for the Boston Bruins Hockey Club prior to the 1933 N. H. L. season About 40 players will go into the hunting camps some time around October 15.

Autumn sowing of all grains in Soviet Russia last year amounted to 95 400,000 acres, representing a decrease of 10.8 per cent from the official fall sowing programme mapped out by the government, according to a recent cable received by the Canadian Department of Trade and Commerce.

Week-end trips, so popular last year on Canadian Railway lines, will remain in force this year after February 29, the date set for their discontinuation. The Canadian Passenger Association has reached this decision under pressure of public demand. Under this arrangement, round trip tickets between any Canadian stations for any week-end are offered by the railways at the rate of one and a quarter times the regular single fare.

Two Alberta speed-skating records were smashed at the recent Banff Winter Sports Carnival. The 220 yards event was won by A. E. Hardy, of Saskatoon, in 20 seconds flat, 4-5 seconds better than the former Alberta record. The Three mile event was also taken by Hardy in 9 minutes and 2-5 seconds, being 23 and 3-5 seconds less than the former Alberta record. Miss Margaret J. Nicol, of Drumheller, was elected Carnival Queen and will reign over the Banff Winter Sports Carnival of 1933

Travellers in Canada at Eastertide will have the benefit of the same ticket privileges as were granted them at Christmas, according to a recent announcement made by the Canadian Passenger Association on behalf of the Canadian Pacific and Canadian National Railways. This concession will be fare and a quarter for round trip generally to the travelling public, between Thursday, March 24 and Sunday, March 27 with return available up to Tuesday, March 29

Fifty-seven 10-year leases of salmon and trout fishing rivers, lakes and streams in New Brunswick will be put up to public auction at the Parliament Building Fredericton, April 7 next, at upset prices ranging between $25 per annum and $12,000 per annum, is the announcement of Hon. L. P. D. Tilley, provincial Minister of Lands and Mines. They represent the pick of salmon fishing facilities on this side of the American continent.

At the close of a meeting of the directors of the Canadian Pacific held at Montreal, February 8, President E. W. Beatty announced that in order to help western farmers over the present period of depression the Company has offered to write-off interest on land contracts for the year 1931. This offer will be extended to the year 1932 on condition that the contract holder pays his taxes and one full installment on his contract this year. Further encouragement in the form of a bonus will be given to those who make payments on account of arrears of interest, the bonus to be in proportion to payment made. This should be of great assistance to contract holders on the Company's lands who have suffered through depressed markets or crop failures. (824)

ALICE ARM NOTES

Arthur Bower arrived on Monday from Prince Rupert, and will spend two weeks holiday with his parents Mr. and Mrs. W. B. Bower.

Leo Paulcer left town on Monday. He will be absent for some time and expects to spend the coming summer in the northern interior.

J. A. McDiarmid was taken to Anyox Hospital on Saturday suffering from chest and lung trouble. Latest reports state that he is slowly recovering.

A card party and dance will be held at Alice Arm Hotel on Saturday evening next March 19th. It will be given by the Junior Sports Club of the Alice Arm School. Cards will be played until 10 p.m. after which dancing will be enjoyed. Refreshments will be served and a silver collection taken for the purpose of repairing the swings and play grounds. Everybody welcome.
