5 cents each.

Mine A. C. L. Dance Was One Great Big Success

Mr. and Mrs. F. McNicholas Given Warm Welcome

On the evening of Friday, July 13th. the mine added another to its ever growing list of successful and popular dances.

That the mine reputation for fun and pep is not a fallacy was amply proven.

With the addition of two saxophones to the popular Revellers', together with paper hats and noise makers, not to mention the zestful and merry spirit prevailing, the evening will make Anyox history.

Bob Brown crooning the "Kiss" Waltz; saxophones sobbing an obligato; lights dim, a synthetic moon beaming on the colorful spectacle of gliding paper hats all colors of the rainbow. is enough to send any reporter sourrying for adjectives.

The "Rhineland" with its hopping, whirling and stamping of feet was another popular dance.

The high spot of the evening however, came with the entrance of Mr. and Mrs. F. McNicholas. The deafening ovation which greeted the newly weds was testimony of the esteem and affection in which this happy couple is held.

When the applause finally subsided, Mr. McNicholas who was obviously moved by the reception, responded that they were glad to be back amongst their Anyox friends.

To Mr. Bob Brown, Mr. Tim Waterland and Mr. Harry Bamforth, must be extended great credit for their work in making the dance enjoyable.

The Revellers, with Tommy Stretton and Jack Buntain doubling on sax's, exceeded themselves, if that were possible.

2 o'clock brought the Home Waltz" with many regretful sighs and promises of the many Beach people who attended, to attend the next Mine Dance at all costs.

Sixteen Players Qualify For Challenge Tournament

The following are the names of those players who qualified for the Tournament to decide who would win the Lovsted Cup and challenge Sid. Peters for the 36 Hole Open Championship Cup: A. W. Gigot, H. R. Taylor, T. J. Kirkwood, D. McKenzie, W. Henderson, A. White, H. L. Paterson, W. Cavalier, J. Dixon, L. H. McKay, R. O. Cutler, T. Stretton, A. T. Koenen, F. F. Brown, F. Persin, and M. J. Sheen.

Elks' Flag & Children's Day Will Be Held July 25th.

Grocery Dance Will Be Given In the Evening

Wednesday, July 25th. is the Big Day. The Elks invite every boy and girl in Anyox and the adults also to take part in their 14th. Annual Flag and Childrens' Day.

The day's programme will start with a very colorful parade that will leave the Elks' Hall promptly at 1 p.m. There will be flags, balloons, clowns, in fact everything that goes to make a perfect parade. There will be prizes for the best decorated wagons and carriages, so remember to decorate yours. This wonderful parade will wend its way to the ball park, where a large number of race events and other sports will take place.

The best item on the programme is yet to be mentioned. To insure a successful day there must be "eats." What boy and girl does not like ice cream and candy! The "Big Brother Bills" in charge of this very important part of the programme are working hard to see that there will be plenty of ice cream soda pop, candy, and other good things to eat on hand when the big day arrives. Everything possible is being done to make this Flag Day the best ever. Boys and Girls do not miss this Big Day.

New Ore Find Made On Lucky Strike Group

J. Hauber, who is at present developing the Lucky Strike Group of claims in the Upper Kitsault Country has forwarded information to the Herald, that he has made a new strike of copper-gold ore of considerable importance on this property. The ore vein recently located, is stated to be twenty feet wide. Assay returns give values of 4 per cent. copper and from \$4.00 to \$5.00 gold per ton.

W. J. Crawford, a former resident of Alice Arm, was a passenger going north on the Catala on Monday. He was returning from a trip to the Barkerville district, from where he had removed all his transport equipment.

L. Veegl, F. Eras, L. Medonico, D. Domenic, O. Kovacvich, H. Sundeni, P. Rishedi, E. Mellingsen, T. Hendrickson, W. Kupinger and L. Watmouth. arrived on Friday from Vancouver.

The Anyox Golf Club Hold Challenge Tournament

The qualifying round for the Anyox Golf Club Challenge Tournament was played on Sunday July 8th. The lovely weather brought a large number of the male members outdoors and some very low cards were turned in. Sixteen players qualified for the Tournament. It is interesting to note, that the highest score able to qualify this year was that of 93, while a low score of 82 was turned in by A. W. Gigot.

The winner of this tournament wins the Lovsted Cup and he also plays Sid Peters for the 36 Hole Open Championship Cup. Four flights have been formed to compete for other prizes. Two of said flights are made up of those members who qualified for the Challenge Tournament; and the other two flights are made up of those players who did not qualify.

Bonanza Leads The Softball League

Some very good softball games have been played recently. All the teams have shown improvement since the beginning of the season. The Bonanza Nine is leading in the League, but from the vast improvement that has been made lately in this great game by the other teams in the running, it looks like the boys from Bonanza will have to go some to hold their honored position. The standing at present is as follows:

	P.	W.	L.	Pct.
Bonanza	6	5	1	833
Ex-Rupert	10	8	2	800
Millers	7	5	2	714
Adanacs	8	5	3	625
Roustabouts	7	4	3	571
Foundry	10	4	6	400
Grinders	8	1	7	125
Waterfront	8	0	8	—

Large Number Entries For Tennis Championships

A keen interest is being shown this year in the Anyox Open Tennis Championships, which are sponsored by the A. C. L. Tennis Club. All of the five senior events have a large quota of entries. In the Ladies' Open Singles there are twelve competitors; Ladies' Open Doubles have ten players; Mixed Open Doubles have twenty-four entries; Men's Open Doubles have twenty-four entries; and in the Men's Open Singles twenty-two players have entered their names.

F. Hill, R. Harrison and K. A. Morrison arrived on Friday from a holiday in the south.

Annual Meeting Alice Arm School District Held July 14th.

Teacher's Salary Remains At \$1000.00 Per Year

The annual meeting of the rate-payers of the Alice Arm School District was held at the School House on Saturday, July 14th. at 7.30 p.m. Mr. O. Evindsen was elected chairman by acclamation.

The first business before the meeting was the election of a trustee for a 3-year term to fill the vacancy caused by the retirement of J. C. Studdy. On nominations being called for Mr. Studdy was re-elected by acclamation, others present who were nominated declining. Nominations were then called for the position of auditor for the coming year, and W. B. Bower was re-elected by acclamation, no other nominations being made.

The annual report for the past year was presented to the meeting written on the blackboards, some of which was given verbally by the secretary, W. M. Stephen. This report showed that at the commencement of the year there was a balance in hand of \$81.88. Expenditures during the year amounted to \$587.97, leaving a balance in hand at the end of the year of \$193.91. Following the usual discussion the report was adopted by the meeting.

The estimated expenditures for the coming year were then read by the secretary, and caused considerable discussion before being adopted with a slight change. In this year's estimates the teacher's salary had been set at \$850.00 for the coming year instead of \$1000.00 as was paid last year. It was explained that the government would pay \$669.00 as part payment of the \$850.00 salary, and that \$181.00 would be paid from the local assessment. After considerable discussion as to the merits and demerits of reducing the teacher's salary a motion was made that the teacher's salary be increased \$150.00, which would provide a salary of \$1000.00 a year, the teacher to do the janitor work in connection with the school and in lieu of these services to be provided with free rooms, light and fuel above the class room. On a vote being taken the motion was carried.

The estimated expenditure for the coming year was then increased from \$350.00 to \$500.00. This latter sum will be raised by local assessment, \$331.00 of which will be paid as a part of the teacher's

Short Stories of The Softball Diamond Sluggers

Because of a postponed game on Wednesday, a doubleheader was played on Thursday July 12th.

Both games were packed with action and heavy hitting was a big feature. The first was played between the Foundry, Mine and the Roustabouts. The Roustabouts romped through the first four innings nicely, but got caught in the fifth stanza by the Foundry who slammed out four runs to put themselves in solid. The Husky Scrap Iron men finished on the long end of a 13-9 score.

Johnson and Yelland occupied mound and mitt in their usual capable manner for the winners, while Bill Ion and Vincenzi were doing the honors for the Roustabouts.

The second swat-and-steal was staged by X-Rupert and Waterfront.

While the Stevedores put up a good brand of ball, the X-Rupert boys seem invincible.

The nine from the fish city started a merry-go-round and got away with almost everything but murder. In the third they garnered nine runs which broke the heart of the Waterfronters, who never showed signs of overtaking the Rupert boys from then on.

Slim Moore in one trip to the plate unwound his long frame and his grin to drive out a three-bagger for three runs. The game ended at 12-4 which is becoming a typical X-Rupert score.

Falconer and Gibson did good work as Waterfront battery, while Allan and Casey were X-Rupert winning combination.

salary, and the balance, \$169.00 plus the \$193.91 on hand at the beginning of the year is available for light, fuel, repairs and other expenses necessary for the upkeep of the school.

A motion was made that the estimates of \$500.00 for the coming year be adopted. The motion was carried.

The matter of charging the teacher \$7.50 per month last year for room rent, when the estimates submitted last year did not mention any such charge, was brought up at the meeting during the discussion of this year's estimates.

As no more business was brought up for discussion the minutes of the meeting were read by the secretary and approved by the meeting.

East. Corporation Buys Engineer Mine

Engineer gold mine, perhaps the most widely discussed of British Columbia's mines a few years ago, was bought at sheriff's sale on the 3rd. instant at Prince Rupert by the Mining Corporation of Canada, one of the big operators in the East. The judgement creditor was John G. Harris, of Toronto, who had a claim against the property of \$207,000.

Production of the Engineer has not been large, about \$250,000, but considerable development has been done. It was the object of litigation when the owner, Alexander met his death with 300 others when the Princess Sophia sank in the north some years ago. Engineer Gold was a great feature when Charles V. Bob of New York, operated it, with Andrew Sostad of Vancouver in charge, and produced high grade gold that sent the price from \$5 par to \$108 a share.

Successful development of Engineer will greatly help Atlin district, where other properties are located. Adjoining it is the Gleaner property owned in Vancouver, and a few miles away is Norgold which is coming ahead.

U. S. A. Copper Stocks Being Reduced

Recovery in the copper trade in the United States has been rather slow, because of the very depressed situation into which the industry fell and because copper is primarily employed in more or less permanent goods for which demand depends on revival in the heavy, rather than in the light industries, says Moody's Survey. Unofficial copper statistics indicate that so far in 1934 the industry has been holding production to a moderate level, with the result that stocks on hand have been consistently reduced. The NRA code should prove helpful in further reducing inventory without harming the price, which has been quite stable this year in the vicinity of 8 cents a pound. Another favorable factor is the apparent desire of the Federal Administration to revive private, long-term financing, which might be expected to stimulate greater demand for capital goods.

Dividend payments in June by Canadian corporations to their stockholders established a new high record for this month, and the total of over \$41,000,000 was the second highest on record in the Dominion.

Dunwell To Ship Concentrates To Anyox

Stewart News.

Negotiations which have been under way for some time between the Dunwell Mines Co. and the Granby Co. management at Anyox, for the shipment of siliceous ores by the former to the latter, seem to have culminated in the accumulation at the dock of some 500 tons as a trial shipment.

Actual details seem to have been concluded by the arrival from Anyox on Sunday last of manager W. R. Lindsay, and his spending the day at Dunwell, at the conclusion of a week's examination and sampling by Mr. Buckle one of the Granby engineers, assisted by Mr. Barker, sampler at Anyox.

Stewart Board of Trade Will Give Dinner In Honor of W. J. Asselstine

The Stewart Board of Trade held its meeting, preceding the annual meeting in the Bank of Montreal Chambers on July 3rd. at which a great deal of routine business was dealt with, concluding which the committee consisting of Messrs. Haack, Russwurm and Newell were appointed to arrange for a dinner to W. J. Asselstine, M. L. A., on Wednesday evening next.

Nominations were then opened for officers and council for the ensuing year. Results were as follows. President, E. T. Applewaite; Vice-president, H. Zeffert; Secretary, P. S. Jack. Council: Messrs. M. P. Murphy; H. W. M. Rolston; H. P. Gibson; A. Russwurm; D. J. McLean, W. R. Tooth; W. J. Asselstine; J. Haati; Wm. Newell; W. D. Smith.

Britannia Co. Produces Zinc When Copper Prices Low

In a statistical report on lead and zinc production in Canada in 1933 is the following: "Officials of Britannia mine (near Vancouver,) when faced with the difficulty of marketing their copper at a profit, turned their attention to another body of ore in the mine which was known to be low in copper but relatively high in zinc content, with considerably better values in gold than the average, in the hope that a process of recovery of these metals could be evolved. The problem was successfully solved and Britannia mine became for the first time a producer of zinc concentrates."

In the first five months of this year power consumption in Canada has shown a large increase every month. The average daily output of electric power in May reached the highest level in the industry's history.

Oil Production In Alberta Shows Increase

Production of oil in Alberta for the first five months of 1934 shows a considerable increase over the same period of 1933. The total to May 31 this year was 547,282 barrels, of which 523,865 was naphtha and the balance crude oil. In 1933 the production for the five months was 357,431 barrels, of which 331,306 was naphtha and the balance crude oil.

Provides Millions of Meals Yearly

About 13,500,000 meals a year are served to travelers by the Canadian Pacific, which is the equivalent of saying that it provides 37,000 every day and 259,000 every week of the year. This gigantic total is made up of about 4,200,000 in dining cars and station restaurants; 4,450,000 on Atlantic and Pacific steamships; 1,350,000 on inland and coastal steamers; and 3,500,000 in the company's hotels and bungalow camps. Lay-out shows first-class dining saloon on "Empress of Australia"; lunch for two on typical trans-continental Canadian Pacific flyer; and kitchen on C.P.R. dining car with the men in action behind the guns.

BERYL AND BANANAS

To which should be added another "B"—Bermuda. Perhaps it seems strange to link "a silicate of beryllium and aluminium, which", as the dictionary puts it, "when transparent flashes blue and green," with the familiar yellow fruit that, so surprisingly, when you find it growing, is upside down and green.

It is strange. But then it is just as strange to leave the snow and ice of Canada and less than 60 hours later to find oneself in the gentle, sub-tropic warmth of Bermuda.

"Beryl", as a metaphor, expresses the transparent beauty of the seas around Bermuda; bananas are the least strange of the many luscious fruits with which the island abounds. It is a fascinating combination of ancient and modern that one reaches by 20,021 ton Canadian Pacific Duchess liners sailing from New York every Wednesday and Saturday. No motors are allowed in the island—yet there is an ultra-modern Diesel-electric railway. A "cow's breakfast" hat, a sketch of a shirt, and nondescript pants held up by a one-strap "gallus" suffice laughing darkies for costume, yet five minutes from where the Duchess of York and Duchess of Atholl dock is the up-to-date Hamilton Hotel, Bermuda's largest hostelry. Only a 20 minute walk separates ship and Princess Hotel, while short drives or launch trips reach many other delightful inns and guest houses.

Canadians in increasing numbers are making Bermuda their winter playground, more so since the

inauguration last year of steamship service by trans-Atlantic liners.

(A) Stepping from ship to street. (B) "Have a banana!" A bright-hued chameleon winked a bright eye and dodged when the young lady approached the tree—otherwise it was just like picking an apple in the orchard back home.

(C) Ancient and modern! The palatial Hamilton Hotel is in effective contrast with the horse-drawn carriage.

ALICE ARM

Alice Arm Notes

Mrs. C. W. Ruckhaber arrived on Saturday from Anyox and is spending holidays with Mrs. J. Wier.

Miss Lillian Moss, who has been attending high school at Prince Rupert, arrived home on Monday. She was accompanied by her brother Arthur, who has spent a few weeks' at Prince Rupert.

Mrs. M. Campbell and son arrived on Saturday from Anyox and will spend six weeks' holiday here.

Constable George Blaney arrived on Tuesday from Anyox on official duties.

Fred C. Graham arrived on Tuesday from Anyox for the summer holidays.

Geo. Allan, arrived from Anyox on Tuesday for a holiday. Mrs. Allan arrived here some few weeks ago.

Miss Ellen MacLeod arrived on Tuesday from Anyox and is spending holidays with Mr. and Mrs. J. Larsen.

Wm. Parmeri who has been in charge of the transfer business of B. Turbitt, for the past seven weeks during the latter's absence, is leaving today for Prince Rupert. He plans to spend a few days at Anyox visiting his sister, Mrs. Sorrenti before returning south.

Mr. and Mrs. W. H. Montgomery and family arrived from Anyox on Saturday for summer holidays.

Wm. McLean and Vernon Wagar returned last week-end from a prospecting trip to the country adjacent to the head of Hastings Arm.

Rev. W. F. Delap will hold services at St. Michael's Church on Sunday July 22nd. as follows:

Holy Communion at 10 a.m.

Sunday School at 11 a.m. and Evening Service at 7:30 p.m.

The swings, rings etc. in the School playground have been repaired this week and are now in a safe condition. The Alice Arm School Board wishes it to be known that the swings etc. are available for use of children from Anyox during the holidays.

The annual picnic of St. Michael's Church Sunday School will be held at Campers Point on Saturday July 21st. The mission launch Northern Cross will convey everyone wishing to attend from the wharf at 2 and 3 o'clock p.m. An open invitation is extended to everyone, including all Anyox visitors. Bring along refreshment baskets. Contributions for ice cream and prizes can be left at T. W. Falconer's store.

Messrs. A. Nicholls and E. H. Lohbrunner of Victoria, who have spent the past four weeks in the Alice Arm district, studying the plant life and collecting specimens of plants and ferns, including those in high altitudes, left on Monday for Victoria. They collected a large number of various plants, which they will cultivate in the nurseries. They found that there are twenty varieties of ferns in the district, one being extremely rare.

Anyox Notes

M. J. Sheen left on Monday for Lakelse Lake, where Mrs. Sheen and family are spending holidays.

Arthur Deeth was a southbound passenger on Monday on holidays.

W. B. Maxwell, left on Friday for a visit to the south.

Mr. and Mrs. T. Tracy arrived on Monday from the south.

Master Richard Wynne returned on Monday from Vancouver, where he has been attending school.

John Dodsworth returned on Monday from a visit to the Boy Scout Camp at Port Simpson.

Miss J. Morley arrived on Monday from the south, on a visit to her mother Mrs. D. L. McIntominey.

Mr. and Mrs. J. Lazorek arrived on Monday from Vancouver.

Miss M. Lambert arrived on Monday from the south and is visiting Mrs. W. Todd at the Mine.

R. Campbell, J. Whittaker, O. Mandilid, F. Soper, W. Tracy and L. L. McKay arrived on Monday from Vancouver.

Mrs. H. Ward and son Richard left on Monday on a visit to Victoria.

Miss Joan Adams left on Monday for a visit to Prince George, B. C.

Mr. and Mrs. P. Peterson and son left on Monday for a visit to Vancouver.

Mrs. C. Loewen, Mrs. D. McKenzie, and Mrs. Sid. Peters left on Monday for a visit to the south.

D. Cavilier, E. Stone and J. Charlie were south bound passengers on the Catala on Monday.

Alex Jones left on Monday for a holiday visit to Vancouver.

Maxwell Patrick left on Monday for a holiday visit to Vancouver, Victoria and Seattle.

Ivor Davis left on Monday for a holiday visit to the south.

Chas. Graham, Mine Inspector, left on Friday for Prince Rupert.

Mr. and Mrs. F. S. McNicholas arrived on Friday from the south. They were met at the boat by many of their friends, who wished them a long and happy married life.

J. Gillies arrived on Friday from a visit to Vancouver and Seattle.

Mrs. F. Ubell arrived on Friday from the south.

W. H. Manuel, travelling Auditor for the Canadian National Railways, arrived on Friday from Prince Rupert.

Chester Holman left on Friday for a visit to his family, who live in the Fraser Valley District.

R. Graham left on Friday for Stewart.

P. Gordon left on Friday for a visit to the south.

Mike Santel left on Friday for a holiday to Prince Rupert and Terrace.

T. Oldham, A. MacNeil and C. Snowdon left on Friday for a visit to Vancouver.

Anyox Motor Traffic Jams?

With the addition of Mr. W. R. Lindsay's new Oldsmobile; Mr. F. S. MacNicholas' new Hudson "Teraplane" and Mr. Tom Kirkwood's Chevrolet, the total motor vehicle population of Anyox has risen to the amazing number of twelve. (Yes, we counted the motor cycles.)

It is not to be wondered at that rumor has it that a traffic light signal will be installed outside the Pool Room and that Constable Geo. Blaney is to be supplied with a motor cycle in order that he may chase traffic offenders.

Sale of Roses Much Greater Than Last Year

The 23rd. anniversary of Alexandra Day was, as usual, celebrated on July 2nd. by the sale of roses. As previously stated the money realized from the sale of these roses is devoted to the work of caring for sick and crippled children.

The committee of the I. O. D. E. report that the collections received this year greatly exceed those of last year. They take this opportunity of extending sincere thanks to the people of Anyox for their most generous response to this worthy cause.

CARD OF THANKS

We desire to take this opportunity of expressing our sincere thanks to everyone who so willingly assisted us in re-building our home, and also to many other kind friends who assisted us in various ways, following the destruction of our home by fire, and wish to assure them that their help in such a time of need is greatly appreciated.

Mr and Mrs. J. Sauer.

Maybe International Cup Will Come To Anyox

A beautiful and fetching sight was seen in Granby Bay one summery evening last week, as a little full-rigged skiff held its own in real sailing ship style against a stiff off-shore breeze.

On closer scrutiny it was noticed that she luffed and tacked and scudded quite efficiently. Some observers claim she did all three at once! The curly head in the stern is thought to have belonged to 2nd. Rover Mate Bill Pinckney. We are wondering if the Sea Rovers plan to bring the America Cup to Canada.

INFORMATION WANTED

Information is requested as to the present address of Miss Jessie Stassie who was matron at the Anyox General Hospital a few years ago. Will anyone who knows her present address please forward it as soon as possible to Mr. Dan MacLeod, Cedarvale B. C.
