Rain Halts Progress Of The Anyox Tennis Championships

The energetic secretary of the A. C. L. Tennis Club, Mr. Ross Oatman, is kept busy these days arranging cancelling and re-arranging the various games of the Anyox Open Tennis Championships. Jupe Pluve is upset once more. However, Sunday last saw the second game of the semi-finals in the Men's Doubles played between F. Dodsworth Jnr. and Fred Gordon against O. G. Macintyre and Ross Oatman, the latter winning 6-3, 6-2, 6-2. The youngsters, however put up a good game against the veterans, and some good play was witnessed by the spectators. The winners now meet A. McDougall and Frank Gordon in the final, the latter pair having defeated Cavers and Cavers, 4-6, 6-4, 8-7, 5-7, 6-4.

In the semi-final of the Ladies' Single M. Leighton defeated Mrs. Smith 6-2. 7-5.

In the Ladies' Consolation Singles, eligible to those defeated in the first round of the Championship L. Dresser defeated K. Blakey 6-4, 6-4. B. Lee defaulted to Mrs. Carrick, Mrs. Stretton won from Flora Cavers 6-0, 6-0, Vera Eve defeated M. Cavers 6-4, 6-1.

In the second round of the Men's Consolation Singles W. Cavers defeated H. P. Kent 6-3, 6-2. A. E. Field won from R. O. Cutler 6-3, 6-2. J. Dixon defeated F. Gordon 6-1, 6-3. R. Duffy defaulted to Donald Gillies. In the semi-final A. E. Field defeated W. Cavers 6-3, 6-4, 5-7, 3-6, 6-3.

Delhi Sailors Entertained By Canadian Legion

A hundred and fifty men of the Flagship Delhi were entertained by the Anyox Branch of the Canadian Legion, at a Smoker in the Elks' Dug-out on Tuesday last. A musical program was enjoyed, songs being rendered by the visitors and by members of the Legion. Community singing, accompanied by the Legion Orchestra, was keenly enjoyed, the men of the battleship mustering many fine voices.

Comrade T. J. Kirkwood occupied the chair and extended a hearty welcome to the visitors, expressing the pleasure of his fellow members of the Legion at the opportunity of entertaining their comrades of the navy. Rear-Admiral R. P. E. E. Drax with a group of officers, visited the hall and warmly thanked the Legion for their hospitality.

Anyox gardeners and housewives are extended a cordial invitation to exhibit their produce at the Exhibition at Alice Arm on Monday next.

Granby Co. Entertain Officers From Delhi

Promptly at 1.30 on Monday afternoon last, the H. M. S. Delhi, Flagship of the West Indies Squadron, slid into Anyox Harbor and dropped anchor. A large number of people were on the dock to witness her arrival, and all Anyox joined in welcoming the big and stately war vessel.

At eight o'clock that evening the ships' officers were entertained by the Granby Company officials at a dinner in the Pioneer Mess.

By the courtesy of the Community League, the men were entertained at the Picture Shows on Monday and Tuesday evenings. On Monday evening a big dance was held in the Gymnasium, at which over two hundred sailors were present.

On Tuesday afternoon a football match took place between the Delhi and Anyox teams, and on Tuesday evening over a hundred and fifty men were entertained at a Smoker given by the Anyox Branch of the Canadian Legion. A large number of men, as well as officers, were loyally entertained at the homes of residents. Regret was expressed by everyone that the visit was so short. The ship left at 6 a. m. on Wednesday for Esquimalt.

Pop Eyed Fishermen View Gigantic Ogopogo

There is a real, authentic ogopogo at Trout Lake near Anyox. It was actually seen by two reputable strictly sober citizens, on Sunday the 21st. These men—Tom Gorman and Dick Lavery—were out with a fishing party at the lake, and were peacefully angling from a raft when the monster appeared right close to them. It was estimated to be from 7 to 9 feet long, and wide in proportion. Mr. Allan McDonald and his daughter Jean were with the party, and keen regret is felt that Mac, who is always canny, cautious and conservative, did not catch sight of the dreaded apparition.

Father LeRay Will Conduct Catholic Church Services

Rev, Father Le Ray O. M. I. of Stewart has just received word that Anyox and Alice Arm, has been added temporarily to his ecclesiastical jurisdiction. As a result, for the next few months, Father Le Ray will have to divide his time between Anyox and the Stewart-Hyder district. He will arrive at Anyox on Monday September the 5th. The Catholic Church of Anyox has been left vacant since the departure of Father Wolfe O. M. I. for Natal South Africa.

Cash Prizes For Competition at Big Exhibition

Plans are all made to make the big Exhibition at Alice Arm on Monday next, September 5th. an outstanding success.

The Exhibition will open at 1 p.m. Sports will be held in the afternoon and a dance at T. W. Falconer's hall in the evening.

It is expected that a large number of Anyox visitors will attend the Exhibition and that Anyox gardeners and housewives will bring or send a considerable number of exhibits. It is hoped that everyone both in Alice Arm and Anyox, who has anything to exhibit, will make a special effort to help swell the amount. Every exhibit helps towards success.

Eight cash prizes of $1.00 each and one of 50c. will be given for certain vegetables and flowers in which there is strong competition.

Special prizes of $2.50, as stated last week, will also be given for the best collection of vegetables, and prizes of $1.50 and $1.00 for the best collections of wild flowers.

Exhibits should all be delivered not later than 10.30 a.m. on Monday morning. No exhibits will be received on previous day.

Sweden Wins International Softball Championship

On Thursday evening of last week, before a large crowd of spectators, the Olympic Softball Championship (of Anyox) was won by Sweden, with Scotland as the runners up. There was never any doubt as to the outcome. Sweden had a crack team, which romped through the preliminaries with the other nations in decisive fashion, Scotland, however, proved a snag. and a real hefty game resulted, the final score being 54 to 7. The Scots were mostly footballers, and it was evident that had the ball been larger the result would have been another victory for "The Land of Oatcakes and Porridge".

Rovers Pay Interesting Visit To Smelter Plant

On August 22nd the Anyox troop of Rovers were taken on a visit to the smelter, by the courtesy of Mr. Geo. Lee. The visit proved to be very instructive, as Mr. Lee explained in an easily understood manner the various processes through which the ore and other materials pass until copper is produced.

He explained the crushing, the work of the concentrator, how the lime, iron, and copper ore are mixed before going into the sintering plant, and its treatment there. He told how the furnaces and converters were heated, how the copper was melted, and how separated from other metals. The talk was very interesting and all the boys extend hearty thanks to Mr. Lee for his keen interest in their welfare.

Kidd Committee Report Recommends Drastic Curtailment

Slashing of the government service, abolition of whole departments and removal of others from provincial to federal control, including policing and fisheries, curtailment of free education and reduction of the number of seats in the legislature to approximately half their number, are recommended in the report of the Kidd Committee on government administration which was issued to the public on Tuesday.

Headed by Mr. George Kidd of Vancouver, the voluntary committee urges salary reductions in a wholesale manner, dismissal of civil servants to the extent of fifty per cent. in some departments and the formation of a committee to handle the unemployment situation without making any suggestions for relieving the unemployment problem.

The committee recommends repeal of the minimum wage law, curtailment of public expenditure by $6,000,000, reduction of the seats in the legislature from 48 to 28 and the number of cabinet posts to six. Abolition of the department of lands, agriculture and mines as

Dainty Dancers Delight Delhi Sailors

During intervals at the picture show on Monday evening, when the men of the Delhi were entertained by the Community League, an exhibition of Scotch dancing was given by the pupils of Mr. H. G. Laurie. These dancers appeared in full Highland costume, and danced their way right into the hearts of the sailors each time they appeared.

The Highland Fling was performed by six girls, and their grace and skill were much appreciated. The Reel O'Tulloch showed the results of careful training, and was charmingly executed. The Sheen Trews, by a group of six, was splendidly performed. The items proved very popular, and the girls performed again at the dance given for the sailors the same evening.

The girls taking part were: Ellen MacLeod, Jessie Brunton, Lillian Barclay, Bessie Barclay, Florence McLean, Margaret Smith, May Barclay. Credit is due to the able pianist, Mrs. James McMillan, who played with nice judgement and rhythm.

Delhi Football Team Draw With Anyox All Stars

One of the best games seen in Anyox was that between the team of the Flagship "Delhi" and the Anyox All-Stars, played on Tuesday afternoon before a large number of spectators. The husky visitors gave a fine exhibition of football. Their quickness with the ball and clever passing delighted the fans. The result, which was a 2-all draw, was scarcely an indication of the play, as the sailors appeared to have the best of matters most of the time.

They have a splendid goalie in Evans. His cool anticipation and confident clearing was a feature of the game. Horner, between the sticks for Anyox was no less confident. The two which got past him offered no chance at all. The visitors were strong in defence and had a speedy forward line, keeping the local lads on their toes all the time.

The Delhi's first goal was a fast low cross-shot by Barry at outside left, and the second was a spectacular effort by the centre forward, who headed the ball in from a pass by Riley, the inside right. Buchanan scored the first for Anyox from a mix-up near the goal, and the second was from a penalty taken by Morrison, just a minute from the final whistle. From a penalty awarded Anyox in the first half Dixon was unfortunate enough to drive the ball right at the goalie, who cleared.

The local boys put up a splendid game, the result being that football in Anyox received quite a boost.

J. J. Olds, A. B., handled the game very capably.

The teams: "Delhi": Evans; Turner, Caunt; Smith, Crisp, Render; Collett, Riley (Captain) Scrivens, Wallace Barry. Anyox: Horner; Calderoni, McDougall; Williams, Field, Hamilton; Buchanan, Donaldson, Dixon, Morrison, Peel.

Not Time To Post Notices

Owing to the change of visiting hours on the Delhi on Tuesday afternoon from 1.30 to 4, instead of 1.30 to 6 as previously advertised, many people were disappointed at not being able to visit the warship. The change was made by the ship's officers, and there was no time after the change was made to inform the public by posting notices, otherwise this would have been done.

The summer will soon be over. Why not finish the season with a visit to the Exhibition at Alice Arm on Monday next.

The anxiously awaited Kidd Report was made public by the government on Tuesday. A perusal of the synoposis shows that there is no "kidding" as to suggestions made by this commission to cut expenditures. If all the recommendations were followed there wouldn't be much left of the different government departments, except the tax collector's. The Kidd Commission favored the cutting of almost everything except the salaries of the cabinet ministers and members of parliament, and the abolition of the office of Lieut-Governor. They did, however, recommend that students attending normal school should pay the entire cost of education; also that all pupils over thirteen years of age attending school should pay a fee. This is hitting the poor man pretty hard. It means that if a married man or widow is unemployed or in financial difficulties and unable to pay, that their children are denied even a common education. This recommendation appears to be much too reactionary and is a big step back to the middle ages, when only the very rich received an education. The reduction of school teacher's salaries by twenty-five per cent. is also an unwise recommendation. If such a cut was made the best teachers would leave as soon as possible, and the rising generation, that will become the citizens of the province in a few years, will suffer a severe handicap through an indifferent education. Everyone is aware that government expenditures can, and must be curtailed, but the children should not be made to suffer too much.

We still have quite a number of subscribers on our books who are in arrears. We hope that they will pay in the very near future. Operating a newspaper is not a very lucrative occupation even in the most prosperous times. During the past three years, due to the falling off of advertising and job printing the financial situation is serious. We have reduced our subscription rate to as low a figure as possible. Your individual subscription does not make a great deal of difference, but when it is multiplied a hundred times it becomes a serious matter.

Customer (to butcher)—Those sausages you sent me had meat at one end and bread at the other.

Butcher—Yes, ma'am. In these hard times it's difficult to make both ends meat.

Skeena Winners Beaten By Challenge Team

A friendly game of football was played on Wednesday evening of last week between the team that defeated the Skeena Eleven and a selected challenge team, the latter winning by two goals to one. The boost given to football by the recent Skeena game, and the anticipated match between the famous Delhi team and the Anyox All-Stars, drew a nice crowd of spectators, who witnessed a fast and interesting game.

The first half closed with no score, but half way during the second half Williams, playing centre forward for the Skeena winners, scored a beauty. A few minutes later, Jimmy Boyd for the challengers, got one after a mix-up near the goal. The game now livened up considerably, both sides trying hard to snatch a victory and a few minutes before the close, Dixon secured the ball and made a brilliant run. Though closely pressed by Ion, he sent in a sizzler from close in and cinched the game for the challengers. Horner, in goal for the losers, made some brilliant saves. "Sparky" Johnston refereed.

The teams: Skeena winners: Horner, Dyer, Ion, Hamilton, Currie, Dodsworth, Gillies, Peel, Williams, H. Johnston, Flye. Challengers: Bell, Calderoni, McDougall, Ferguson, Field, Rigby, Buchanan, Morrison, Dixon, Donaldson, Boyd.

Fall and Winter Schedule C. N. Steamships

The fall and winter schedule of the Canadian National Steamships went into effect on Monday, August 29th. Under the new schedule there will be one regular sailing each week between Vancouver, Stewart, Anyox, Prince Rupert, Ocean Falls and Powell River. The fortnightly service between Vancouver and Queen Charlotte Island ports will be continued as usual.

Commencing August 29th. Steamship Prince Rupert will leave Vancouver each Monday during the fall and winter months at eight o'clock in the evening, instead of ten o'clock. Calls are made at Powell River, Ocean Falls and Prince Rupert where connection is made with the Eastbound passenger train. The ship continues to Stewart and back to Rupert before returning southbound. The ship will arrive back in Vancouver every Saturday afternoon at 1.30 o'clock.

Commencing September 9th. Steamship Prince John will continue her regular sailings for Queen Charlotte Island ports, every other Friday throughout the fall and winter season at four o'clock in the afternoon.

British Columbia's Pay Roll Is Well Over $131,000,000

Workers in British Columbia industries received $131,941,008 in 1931, according to the annual report of the B. C. Department of Labor. This compares with $167,133,813 in 1930, or less of a drop than might have been anticipated. Greater Vancouver payrolls were $58,964,435; the Mainland apart from Vancouver, $52,143,086; and Vancouver Island, $20,833,485.

A total of 4,088 firms reported to the Department, paying $96,296,567 in payrolls, to which is added $1,704,194 in late returns; $1,550,000 in industrial firms not reporting; $11,890,246 in railways; $5,500,000 in Federal and Provincial services; $2,850,000 in wholesale and retail firms; $3,400,000 for delivery cartage and specialty firms; $7,500,000 in ocean and express services; and miscellaneous payrolls to a value of $1,250,000; totalling $131,941,008.

The year 1929 was the peak one for employment in the Province. The last two years have shown expected decreases both in payrolls and numbers employed, but the figures are still considerably in advance of those of the last decade, taking 1921 as a comparison.

Nine firms in B. C. have individual payrolls of over $1,000,000 each; two pay between $2,000,000 and $3,000,000; one between $4,000,000 and $5,000,000; and one firm has a payroll in excess of $5,000,000 annually, it is reported.

separate organizations, and the grouping of these services under a department of natural resources. Merging of the departments of education, provincial secretary and social services under a minister of social services. Complete elimination of the departments of labor and fisheries with the work of the former being distributed among other departments, and control of the fisheries to be handed to the Dominion government. Policing of the province by federal police, and the abandonment of the Pacific Great Eastern Railway unless a sale is made in nine months.

Changes are also urged in the liquor control warehouses, and a reduction of twenty per cent. of all salaries of employees of the Liquor Control Board. Withdrawal of all government assistance from normal schools and placing of entire costs of maintenance and interest charges on buildings on the students. Drastic curtailment of the costs of the University of British Columbia and possible closing of the institution. Charge of educational fees against all children attending school after their thirteenth year, and reduction of teachers' salaries by twenty-five per cent.

The committee would eliminate provincial marketing efforts for agriculture and lumber; would stop all public works with the exception of maintenance of essential roads; would reduce the public ferry services and would stop government assistance in the construction of mining roads, trails and bridges, and would curtail the departmental technical services. It would also end government assistance to farmers' and women's institutes.

Delhi Football Team Entertained After Game

After the game on Tuesday the Delhi football team, with their officials, were entertained by the Anyox Football Association at a banquet in the Gymnasium. A large number of local footballers were present. Mr. J. Riley captain of the Delhi team expressed the pleasure of the visitors at their reception by their Anyox brethren, and voiced their keen enjoyment of the game just played. Speaking for the Anyox team and for the Association, Mr. J. Donaldson welcomed the visitors, and expressed pleasure at the opportunity of meeting the splendid sportsmen of the Delhi. The gathering was greatly enjoyed by all.

Labor Day Dance Postponed

The Labor Day Dance, sponsorsored by the Anyox Moose Lodge, which was advertised to be held on Monday next at the Gymnasium, has been postponed. Officers of the Lodge regret the postponement, but it was unavoidable.

Tragedy On Telegraph Line Narrowly Averted

Found in a dazed condition, soaking wet, hungry and cold after spending three days and nights wandering in the woods, and on the verge of collapse was the condition of Harry Owen of Alice Arm, when men on the government telegraph line between Alice Arm and Aiyansh luckily saw him.

Harry left Alice Arm a short time ago to work as cook for a repair crew working out of Aiyansh. The weather was wet and the fog hung heavy on the hills, and he lost sight of the telegraph wire. There was no trail whatever along the line and in a short time he was completely lost, wandering he knew not where. His timely rescue undoubtedly averted another tragedy of the northern woods.

According to all those who are acquainted with this section a man should not travel alone either in summer or winter. Deep and treacherous canyons abound; fallen timber makes progress almost impossible; no trails whatever exist, and a crippled or lost person would probably die before assistance arrived. This section is used neither by prospectors or trappers, and once the wire is lost even an experienced woodsman might travel for days before locating it.

ALICE ARM NOTES

Mr. and Mrs. D. Macleod and child arrived from Anyox on Friday for a week's vacation. They leave for home today.

Mrs. C. W. Ruckhaber and Miss P. Brisbane arrived from Anyox on Tuesday and are spending holidays with Mrs. J. Wier.
