ALICE ARM, B. C., SATURDAY, FEBRUARY 17, 1923

5 cents each.

Weekly Meeting of Anyox Community League Council

The regular weekly meeting of the Community League Council was held in the Recreation Hall, Wednesday February 14th. Present: Secy-Treasurer Lowry, councillors Mrs. McKay, Messrs. Noel Seidelman and Rowley. Mr. Lowry acted as chairman.

On the reading of the minutes of the preceding meeting, it was moved by Mr. Noel and seconded by Mr. Seidelman that they be adopted as read.

The Secretary's report stated that a Profit and Loss Statement for December, was ready, and had been posted in the Library and Pool Room. The Klondyke Night's Entertainment had incurred a small loss. The Mine picture machine was installed and had been tested that afternoon, and it was the intention to commence showing of pictures there on Friday, February 16th. In connection with the claim of Mr. J. H. Parker, Mr. Selfe had checked it up, and the amount of \$3.25 was all he had coming to him.

As Mr. Parker had requested that his dues for December and January should be returned to him, the Council decided that he could not claim December as he was then an employee of the League, but that the January collection would be returned to him.

The Annual Meeting of the League will be held on February 28th.

A letter was read from the Richardson Ball-Bearing Roller Skate Company, stating that they did not manufacture a two-wheeled rubber tire skate at present, that such a skate was not a success commercially, but rather for expert use and suggested that the regular metal or fibre wheel be used. The price quoted on these was \$3.00 per pair f. o. b., Chicago.

Mr. Seidelman asked to have a score board placed in the gym. so that all could see what the boys and girls were doing in the way of scoring.

The Chair asked Mr. Selfe what arrangements were made to handle the tickets, etc., at the Mine Hall. Mr. Selfe stated that it was his intention to look after this himself for the time being. The Klondyke Night was discussed, and while it was shown that a small deficit resulted, the articles made for this particular entertainment were worth something, and would more than meet the shortage as equipment for future purposes.

In connection with the Klondyke Night, Mr. Lowry thought that all those who had helped with the affair should be given some small token of appreciation, and asked the Council to endorse the proposal to issue passes to the picture show for one week. On Mr. Noel's

Another Logging Camp for Alice Arm

Mr. C. P. Riel, who is now operating a logging camp down the inlet, about one mile from Perry Bay, was in town during the week. He stated that operations had already commenced, and that falling was being carried on. He estimates to log about one million feet of lumber. At the commencement operations will be carried on by hand logging, but later it is proposed to put in a donkey engine to haul the logs. Mr. Riel has also secured a contract from the Granby Mining Company for a supply of sawn timber, to be used in construction work at Anyox during the coming summer and this will keep the local mill busy for a good part of the summer. In order to cope with the expected rush of business during the coming year Mr. Riel expects to instal a heavier engine at the mill, and also instal a planing mill in the near future.

Certificate for Anyox Optician

Mr. H. M. Selfe received this week, the certificate of the Board of Examiners in Optometry of British Columbia. Mr. Selfe passed the examination while south last month, and is now a registered optometrist of British Columbia.

motion, with Mr. Rowley as second, all who helped at the opening of the gymnasium, with the exception of the Councillors, will be given two passes for one week, commencing Thursday, February 15th.

Mr. Selfe told of arrangements made with Mr. Pound, of the Elk's Dramatic Club, for shifting the picture screen back two feet, so that additional room could be had for the performance of "Charley's Aunt," which will take place shortly. The Elks were to bear a share of the cost of this alteration in the proportion of 60-40.

Mr. Selfe reported on his recent trip to Vancouver, and what he had accomplished in the interests of the League while there. Pictures of the best grade obtainable had been booked through the best distributors. On most of these he had been able to get fairly good prices, and the League should benefit by his efforts while away. He had also gone into the question of bowling alleys, and found that it would cost somewhere in the neighbourhood of \$1500 to instal and equip the alleys contemplated. Mr. Noel thought that it would be a good idea to go further into this matter of bowling alleys, and believed that it might be possible to buy this particular lay-out on terms which would enable the League to pay the bulk of the price after bowling became revenue producing.

Basketball in Anyox Popular

Good Games are Played

Basketball is the king of sport in Anyox at present, if we might leave out snow shovelling, which is not a sport, but a necessity, these days of the cold February blasts. One man was heard to remark that the function of a stove at this time is to demolish the mineral resources of the province.

But returning to basketball, there is no coldness in that game. Sometimes the contest gets rather heated, and rough play is being indulged in, occasionally by accident and at other times, otherwise. To err is human, but the referees should call every foul they see, for how else are we going to have a good scientific game.

There are now three leagues running, and there is no governing body to whom a team may appeal for ruling. There should also be official referees appointed by that body. Several times in the past it has been a problem to get someone to referee a game, and it has fallen upon Mr. Cheshire, manager of the Gym. to take the whistle.

The Mine made a runaway with the C. M. C., 54-20, but we understand the latter played shorthanded. It was a little too rough for Fitz, so he retired. Cy., who has had his tonsils attended to will be in the line-up next time. Whittaker strengthens the Smelter team, but they have had bad luck with the basket. The Elks are a pretty strong aggregation, and are hard to beat. They all know something about the game, especially Bill Robertson, who besides playing himself, is coaching the High School boys and girls, and we must pat him on the back for the progress he has made as a coach. The girls are improving all the time, and the boys have not yet lost a game. Mr. Herdman and his Tuxis boys are out to break this triumphal march of the school boys.

GALERICUS.

Basketball scores on Wednesday night, were: Smelter 25, C. M. C. 21. Blues 7, Bluebirds 4. General Office 22, Tuxis Boys 15.

Other games played during the week were: ladies teams: Blues 16 High School 4. Browns 8, High School 6.

Senior Mens': Elks 23, C. M. C. 14. Elks 34, Smelter 21. Mine 30, Smelter 28 (at mine.) Mine 54 C. M. C. 20 (at mine.)

Intermediates: Smelter 13, Gen. Office 9. Stores 9, Coke Plant 7. High School, 22, Tuxis Boys 5.

The Mine Pinks defeated the High School Girls for the second time, in the Mine Hall on Tuesday evening, by a score of 15-10. The Pinks are composed of girls working in the Mine Dining Room, and they promise to develop into a fast

Alice Arm and Anyox Hockey

Alice Arm Win 5-4

The third hockey game to be played between the Anyox Mine Club and Alice Arm was played on Sunday afternoon, when Alice Arm journeyed to Anyox to try conclusions with the local team on their own ice. A good number of fans accompanied the team and they had the pleasure of witnessing a fast and interesting game.

Both teams played a good game and both teams made strenuous efforts to win. Anyox played better hockey than they did the previous week. The score at the end of the game was 4-4. Ten minutes overtime was played and Alice Arm came out winners with a score of 5-4.

Anyox were the first team to find the net, and Alice Arm quickly evened up the score. The local team again found the net, and at the end of the first period the score was Anyox 2, Alice Arm 1.

During the second period Alice Arm piled on three more goals, while the mine Club failed to place the puck in the desired spot, the score at the end of the period was Alice Arm 4, Anyox 2.

In the third period the local team took charge of the puck, and evened up the score by obtaining two goals, which gave both teams 4 goals each.

In the ten minutes overtime play, Alice Arm scored the winning goal and finished a fast and exciting game.

Anyox played a much faster game than they did the previous week, and gave the visitors no rest from start to finish. It was a hard tussle throughout, with every man on both teams going at top speed.

For Alice Arm Oatman scored 3 goals, Gus. Anderson 1, and Al. Falconer scored the winning goal.

Following is the line-up of the teams:

Anyox Mine Club: goal, Stubbs; defence, Wilson; forwards Ployart, Anderson, Carlson; substitute, Deane.

Alice Arm: goal, Ross; defence, T. W. Falconer; forwards Oatman, Al. Faltoner, Anderson.

Referee O. G. Macintyre.

Elks Hold Valentine Dance

The Elk's held a Valentine's Dance in their Hall, on Monday, February 12th, which was a very enjoyable affair, the floor space being utilized to capacity by a happy throng of dancers, who enjoyed the strains of Liddel & Coy., who can supply music dreamy or jazzy, at will.

The feature of the game was the snappy work of Sis Deane, who scored six baskets, and three penalty throws during the game. The other baskets being made by Miss Fannell and Miss Wilson.

ALICE ARM NOTES

A. Davidson left on Thursday, on a business trip to Vancouver.

The high winds during the week played havoc with the government telegraph lines especially the line running to Anyox.

This has been a cutting week. Some have been busy cutting wood. Some cutting ice. Others have been cutting swathes in the air with hockey sticks, and the wind also was cutting.

A large quantity of railroad equipment arrived on Monday from Vancouver for the Trethewey logging camp.

Good ice has prevailed throughout the week at the local rink, and the lights at night are just as bright as ever.

See Al Falconer for Wood or Coal

Jim Caivin has taken in supplies to his claims, which are situated about seven miles up the Kitsault River, and has started development work on the property.

The Alice Arm Freighting Co. intend to get out about 500,000 feet of lumber this winter. A good portion of this amount is already in the water.

There are now six hundred sacks of high grade ore at the Esperanza mine, ready to come down the hill for shipment to the smelter.

Ed. and Chas. Gustafsson left last Saturday to take out a quantity of piles down the inlet.

The coldest snap of the year was experienced during the week, and the wind didn't improve matters.

Harry Owen arrived in town on Saturday, from a vacation in Vancouver.

The outlook for the logging industry at Alice Arm is exceptionally bright. There is enough timber here to keep a dozen good sized camps operating steady for the next ten years, and from all reports this timber is going to be cut.

See Al. Falconer for Freight and Pack Horses.

With the vast timber and mineral wealth that is known to exist in this locality, coupled with the fact that Alice Arm is the natural outlet for the vast and fertile Naas Valley, no one need be skeptical of the future of this infant town.

J. M. Hockin, representative of

The taking over of the Copper Mountain property at Princeton, by the Granby Company, has created great interest in Mining circles throughout the province. An aggressive policy has been shown by the company during the past year. A sum of money amounting to \$1,200,000 has been authorized for the improvement of the Anyox plant. Three copper properties are under bond by the Granby Company in the north, and other likely properties are being continually investigated. Other mining companies come into the north and bond properties, and, should they prove a failure, or can not be developed through lack of capital, they damn the whole country and leave it. The Granby Company's engineers are on the look out for desirable properties in the north all the time, despite the fact that so far they have not secured a property that came up to their expectations. They realize that the whole country can not be judged by one property. They are in a position to operate a property more cheaply than any other mining company due to the proximity of Anyox plant, and future events will no doubt prove that the prosperity of this district will be due to a large extent to the farsighted policy of the Granby Company in acquiring properties and developing them into mines.

Financial and Market News

Financial and Market News gathered by private direct wires from the world's market centres by
Burdick, Logan & Company, Limited
737, Granville Street,
Vancouver, B. C.

Victory Bonds strong, and active market maintained throughout the week. Prices on long term bonds hardening as investors realize the necessity of putting their funds out at present interest rates over the long term of years.

Hon. Peter Smith, Treasurer of Ontario, has declared that Ontario's next bond issue will in all probability go to London, as he has been approached by London financiers with offers of cheaper money than he can possibly get in Canada. Ottawa dispatches indicate that the Dominion Government will pay off the 1923 Victory Loan on November 1st. by issuing new bonds in London. The rise of sterling this week points to a renewal of

Canadian borrowing in London, and thus investors with 1923 to 1927 Victory bonds should exchange for long term bonds without further delay.

Victory Bonds
War Loan 5 per cent.

1925	\$100.90
1931	100.10
1937	102.50

Victory Bonds 5 1-2 per cent.

1923	\$101.45
1924	101.40
1927	103.05
1932	103.30
1933	106.00
1934	103.55
1937	107.60
1927	103.30

Burdick Logan & Co. Ltd. have a list of long term Government Provincial and municipal bonds suitable for careful investors who wish to take advantage of the present situation. Victory Bonds should be mailed by registered post, and cheques will be sent by return of post for the day's price of the bonds plus the interest to date of receipt in Vancouver.

Canadian Pacific Railway earnings for December net after expenses was \$3,494,505 an increase over December 1921 of \$1,547,000. For the year 1922 net after expenses was \$36,301,001 an increase of \$2,909,950 over 1921.

C. P. R. shares pay \$10 dividends per annum, and this week showed strength on the New York Exchange.

Union Pacific's net earnings decreased \$1,820,092 in 1922. Union Pacific pays \$10 dividend.

Studebaker declared regular quarterly dividends of \$2.50 per share or at the rate of \$10 per annum.

American Tobacco declared the regular quarterly dividends of \$3.00 on the common shares, or at the rate of 12 per cent. per annum. American Tobacco is one of the strongest concerns whose shares are listed on the New York Exchange.

American Smelters earned \$4.92 a share in 1922.

U. S. Steel earned 27 1-2 million dollars in 1922.

May Department Stores (St. Louis) declared quarterly dividends of 2 1-2 per cent on the common stock.

Delaware & Hudson Railway declared regular quarterly dividends of 2 1-4 per cent. or at the rate of 9 per cent. per annum.

Canadian Pacific & Bell Telephone. Canada's leading investment stocks, showed steady advance in price through the week owing to strong investment demand. These stocks are held in increasing quantities by B. C. investors, the unbroken dividend record of both companies making their shares especially attractive. Both companies have paid dividends for over thirty five years, and their present financial condition is stronger than ever.

Copper

Copper Price advanced to 15 cents a pound delivered. Domestic Sales Good Although Slightly Less, owing to Price Increase—Believed 15 cent level Established. European Sales Encouraging.

Price of electrolyte copper has advanced 1-8 cent a pound to 15 cents delivered as result of strong buying of last week. Fair sales have been made at this price, but buyers are still marketing around trying to find under the market copper before making further commitments in quantity.

Boston—For the year 1922 the U. S. and Canada exported 725,000,000 lbs. of copper, an increase over 1921 of over 100,000,000 pounds. Germany was the largest buyer taking 210,000,000 pounds in the first eleven months of 1922. The exports for 1922 were the excess of 1918 and only exceeded by 1917.

Boston—Chile Copper Company produced 44,766,000 pound of copper at an average cost of 5.9 cents a pound in the last quarter of 1922. Net profits are expected of \$1,500,000 for the last three months of 1922.

Even with the purchase of the Chile Copper Company, the Ryan-Anaconda group has slightly less copper producing capacity than the group of companies controlled by the Guggenheims. Anaconda controls an annual production of 630,000,000 lbs. against 601,000,000 by the Guggenheims.

A small number of Premier Gold shares appeared on the Vancouver market, and were eagerly absorbed at \$4 per share of par value \$1. Premier pays 60 per cent. per annum in quarterly dividends of 15 per cent.

Toronto—Canada's production of steel for 1922 much lower than 1921. January, however, shows marked improvement.

Two little girls were playing house. One little girl said: "When I get big I'm going to get married and have six children." The other little girl said: I'm going to be a school teacher, and whip your children." The other little girl broke into tears, and said: "What did my children do to you."

High Grade at Cobalt

One side of a vein of the Keeley mine is plated with a sheet of pure silver from a quarter of an inch to an inch thick. This exhibition of sterling silver is twelve feet long, and is exposed for a height of eight feet, and may be higher. On the other side it is ore eight feet thick, running one quarter silver. No such sensational ore has ever before been located in Northern Ontario. Mining men with an international knowledge and experience say that this find in the Keeley, eighteen miles from Cobalt, is the richest silver deposit in modern mining history.

The vigilance committee of the Associated Advertising Clubs of the world reports that promoters of fraudulent oil stocks, swindled the public of more than \$600,000,000 last year. Barred from legitimate publications, many of them now publish their own newspapers. Sound education in investment matters and reasonable precautions in securing information from proper sources would save a large portion of this huge sum to the public.—Financial Post.

"I called for a little light on the financial question," said the man in the rural editor's sanctum. "Well, you have struck the right place," returned the editor. "If there is anything we are light on, it is the finances."

The heater is the most useful piece of furniture in the house these days, and also receives most attention.

Alice Arm Hockey Team

What's the matter with Ross in goal?

He's all right!

To E. R. Oatman lift your hat.

He's all right!

Al. Falconer would make a team alone;

T. W. Falconer can hold his own;

Gus. Anderson sure bangs them home.

They're all right!

Following is what one of our subscribers thinks of the killing of the "Beer by the Glass" measure by the provincial legislature.

BEERY BANTER

Beer by the glass, it did not pass,
Ye lords of legislation.

To sit beneath the moonbeams pale,
And drink with some fond Abigail,
A glass of skookum ginger ale;
Ye Gods! what dissipation.

What of that nose, the blooming rose,
The pride of all the nation?

Since from its light the soul has fled,
That cheery nose its glow must shed
And beerless grope its way to bed,
In beads of perspiration.

Don't look so blue, just as though you
Were crushed by some steam roller.

It doesn't matter what you drink,
You should'n't really stop to think;
Just pour it down like you're a sink,
And drink, drink Coca-Cola.

If scarce the beans within your jeans,
You can't get what you oughter;
You cannot go and buy your rum,
You're out of Scotch and on the bum,
Go boldly forth and fill your drum,
And drink there tons of water.

Here it is the middle of February and no big gold strike in the north reported yet for the spring stampede. Something wrong, somewhere.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependants, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

ALICE ARM NOTES

Continued from page 1.

McFeeley & McLennan, wholesale hardware merchants, Vancouver, was a visitor in town during the week.

W. Blackstock, of Hazelton, inspector of the Dominion Government telegraph lines, arrived on Wednesday, from Terrace, having come overland, via the telegraph trail. He leaves today for Anyox and will follow the telegraph line from there to Stewart.

ANYOX NOTES

Ed. Blundell, was a passenger south on Thursday's boat.

Mr. and Mrs. J. Parker left on Thursday, after residing in Anyox eight years. They will live in Seattle.

Cecil Parmitter returned on Thursday, from a 10 month's trip to Europe.

L. R. Clapp, assistant general manager, returned on Monday, from a trip to Princeton and Trail.

Born to Mr. and Mrs. Owen Lennon, (formerly of Anyox) at St. Vincent's Hospital, Portland, Ore., February 3rd, a son.

Union Church Services, Sunday, February 18. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

James Mallin, who last week was committed before Stipendary Magistrate Conway, at Anyox, for stealing a watch, the property of Niel McLeod, was taken to Prince Rupert and tried before Judge Young, who sentenced him to jail with hard labor for four months.

Opening of the
A. C. L. Gym.

A Klondyke Night was staged with Great Success

On Thursday night, February 8, we "mushed over the trail" to the new A. C. L. Gymnasium, which the League was officially opening with what was announced as a "Klondyke Night." The arriving travellers were met at the door by Mr. Kelley, who for 50 cents chechako money, doled out \$500.00 worth of another specie, backed by the Jim Crow Bank.

The scene inside the shack reminded one of a page from "The Trail of '98," or "The spoilers of the North." "The kid that tickled the ivories," was playing a jazzy tune, assisted by several other well known artists, some picking banjos, and others scraping gut, blowing brass, or beating them all with the drumsticks.

A gay crowd of dancers occupied the centre of activities, and on the sides were games, which called for the exclamation, "them days is gone forever." Some leather-lunged individuals invited the "come on" to woo lady luck on the wheel of fortune. A little farther on, a very serious "Bald faced kid" manipulated the "case" at the Faro Bank. "African billiards," which is known as "rolling the bones," was favored mostly by the ladies, in fact, this table reminded one of a ladies aid meeting.

Along one side of the hall, was the proverbial bar, but instead of the "poke of dust" we noticed several hot tamales being emptied from their husks.

It was a grand night, and particularly so for some of the players who carried off the bacon.

The prize winners with the biggest bank rolls at midnight, were: 1st. prize, Norman Fraser, with \$95,000.00 in wooden money; 2nd. prize, J. Sherman, with \$75,000.00 and 3rd. prize, Sid. Armstrong, with \$65,000.00.

Government Building
for Anyox this Spring

The provincial government has decided on the construction of a government building at Anyox, this coming spring, plans for which are now being prepared in Victoria. The building will be located between the A. C. L. Recreation Hall, and the Elks' Hall. Offices will be provided for the government agent, police court, cells etc., and also living quarters.

Things we don't hear about any more:

Provincial election.
International peace.
Abolition of the bar.
Free trade with U. S. A.
Anyox Beach skating rink.
Alice Arm Debating Society.
Alice Arm-Naas Valley road.
Groundhog to Coast railroad.
Street car system for Prince Rupert.
Terrace, Naas Valley and Fort Norman oil fields.
The closing down of the Granby Company's Anyox plant.

Northern Polytechnic
Institute of B. C.

Engineering, Commercial, Household and General Education.

Thoroughly up-to-date and practical courses given by qualified instructors.

Students prepared for recognized standard Educational, Engineering and Commercial examinations.

Evening classes conducted at Anyox and Prince Rupert.

For further particulars, apply to J. W. Esplin, Local Agent, Anyox B. C., or The director, Wallace Block, Prince Rupert.

MINERAL ACT.
FORM F.

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Bonanza Fraction" Mineral Claim, situate in the Naas River Mining Division of Cassiar District. Where located: East side, Kitsault River, Alice Arm.

TAKE NOTICE, that I, W. E. Williams, Free Miner's Certificate No. 56728-C acting as agent for J. D. Meenach, F. M. C. No. 47380-C, R. D. Brown, F. M. C. No. 47381-C, John Holmgren F. M. C. No. 47382-C, and Chas. Z. Frey Free Miner's Certificate No. 47383-C intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 16th. day of December A.D. 1922.

W. E. WILLIAMS

MINERAL ACT

NOTICE

Whereas I, Walter Jones, co-owner and agent, with power of attorney for the co-owners of the Alice group of mineral claims, situated in the Portland Canal District of Alice Arm, B. C.

And whereas the said J. McIsaac has failed to contribute his proportion of expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners have made the expenditure:

NOW THIS IS TO GIVE NOTICE to said J. McIsaac, that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said J. McIsaac shall fail or refuse to contribute the sum of \$80.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

Dated this 2nd. day of December, 1922.

WALTER JONES

The secret of
good beer lies
in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of \$734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

Production During last ten years, \$336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia
