## Trojans Took Beating From Vandals On Monday

The Trojans, though working hard and setting a fast pace, were not quite good enough for the men in orange last Monday.

With Tony Calderoni getting away to a good start in the first part of the game and Kulai playing real ball, the Mine boys set a lead that was never very seriously threatened. The Trojans played their first ragged game of the season. They were set back time and again by the old five man defense, which the Vandals have perfected.

A newcomer to the Trojans' lineup was John Gillies, who has secured his release from the Elks. Watch this Gillies brothers combination, it should be good. The familiar red shorts of Mr. Woodman were to be seen in the Vandals' guard line. Welcome back Eric!

The Trojans may show better stuff when they regain their old McDonald-Dodsworth guard line. Tony helped his average somewhat by piling up 14 points. Kulai was not far behind with 12.

Vandals: Samaan 1, Gourlay, T. Calderoni 14, F. Calderoni 4, Kulai 12, Horne 4, Woodman. Total 35.

Trojans: J. Gillies 2, B. Gillies 11, Gordon 7, Shields 3, Dresser 6, Arne. Total 29.

The girls' game showed interest and excitement from the start.

Beginning slowly, the game never got very active until the last few minutes. Hard checking and poor shooting on both sides resulted in a low close score. The Mine girls showed better teamwork, but still have a long way to go. One good shot and one fluke by Pat. Loudon was the main reason the Aces came close to victory. Pat. is one of the hardest players in the league and without a doubt one of the most popular. Aces: Pinckney 2, Simpson, Carrick, Loudon 4, Rogers, Dresser. Total 6.

Mine Girls: Y. Cannon 2, Calderoni, Roberts 2, Muir 3, Wilkinson, Arscot. Total 7.

Mrs. Carrick had the misfortune to injure her ankle in the second half and was replaced by Nadine Wenerstrom.

In the first fixture of the evening the Vandals B, again came through to win. Lacking Heinkey and White, the boys couldn't seem to get together for the first part of the game. They came along in the final minutes however to win 21-28.

Phillips played his best game of the season so far, to score 11 points. Bill Pinckney was also in the running with 10. Southey starred for the high graders with 8.

Russ McMillan showed again in the Vandals' line up. The old timers returning make the fans feel at home again. Vandals: Whittaker 6, Powell 2, McMillan 4, Southey 8, Windle 6, Graham 2. Total 28.

Warriors: Phillips 11, Pinckney, 10, Dominato, Chcnoski, J. O'Neill, W. O'Neill. Total 21.

## J. McDiarmid Leaves The District For Vancouver

Mr. John McDiarmid, well-known citizen of Alice Arm and Anyox, left by the steamship Catala on Monday last for Vancouver. It is probable that he will spend some time in the Provincial Home at Marpole. Mr. McDiarmid has spent nineteen years in Alice Arm and Anyox, and his period of residence in B. C. extends over 25 years. He can tell many stirring tales of the "good old days" in this district, when ore and lumber were shipped out of Alice Arm in considerable quantities, and a large population enjoyed a period of real prosperity.

Prior to coming to British Columbia, Mr. McDiarmid was connected with a large publishing house in New York, and travelled extensively through the United States, South America, the West Indies and other parts of the world. He can recall the colorful days when cattle were raised in parts of South America for their hides alone, and when the famous railroad across the Andes was constructed. He has a wealth of information collected on his travels which many people would envy, and a fund of stories for which he will always find ready listeners.

Mr. McDiarmid spent some time in Anyox, leaving in 1923 for Alice Arm. For the past few months he has been confined to the Anyox Hospital, and his many friends hope that he will be greatly benefitted by the change to the south.

## Elks Are Planning Unique Concert

Rehearsals are being held for a concert, to be sponsored by the Brother Bills. A little investigation has elicited the information that about 25 or 30 of our local damsels are turning out for chorus practice.

It is also whispered, that the local musicians, inclined to favor music of the vintage of cowboy days, have got together and expect to show up Cy. Hopkins and his Calgary band. Johnny Haywood and Jack Buntain have also been seen packing guitar cases around.

It is some time since Johnny "rassled" that boulder in the Concentrator and lost most of the digits of his left hand. We can vouch for his artistry in spite of that handicap.

Support a worthy cause and also have a good time. Buy a Halloween Dance ticket.

## Work Stopped On The Dolly Varden Railway

Orders were received at Alice Arm two weeks ago to stop repair work on the Dolly Varden railway. Speeders at present can be operated to 6-mile.

During the past two weeks the road to the cemetery has been repaired. This road was in an impassable state due to washouts of the North-east Fork creek. The road has been cleared through to the cemetery.

Yesterday, work was commenced on the streets around town, which are being cleared of brush, etc. in the residential district.

## When Do Bears Hole Up For The Winter?

A certain young gentleman of Anyox while "hunting" in the vicinity of Carney Lake last Sunday afternoon, came upon a small black bear. The young "hunter" said that he did not know who received the greatest surprise, he or the bear. At any rate, as the bear was a good hundred yards up the hillside he was unable to get a "shot" at the animal. Upon proceeding to a better position the bear scampered away and the young man returned, bitterly disappointed at not being able to get a "shot" at the bear—with his camera.

## Northern B. C. Sport Circles Loses Nina Gurvich

The death of Nina Gurvich of Prince Rupert, occurred last week in Prince Rupert General Hospital.

Nina shared the reputation of a well known family and was a popular and well liked figure in Coast sporting circles. His premature demise at the age of 22 brings to an end a colorful and promising sporting career.

Death was caused by an injury to the kidneys in one of his beloved sports, boxing. His decease will come as a shock to those former Rupert friends who now reside in Anyox.

## Inspects Government Work At Alice Arm

Hugh MacDonald, government road superintendent, with headquarters at Stewart, arrived at Alice Arm on Thursday, accompanied by E. R. Oatman, government agent at Anyox, in order to make an examination of the work undertaken here. They inspected work done on the Dolly Varden railway and also the cemetery road. They left the same evening for Mill Bay, Naas River.

Remember to buy your ticket for the Halloween Dance on Monday next.

Miss C. Irvine, of the Prince Rupert Daily News, was in town for a few days.

## Anglican Church W. A. And Guild Hold Card Party

A social evening and card party was held by the Women's Auxiliary and Guild of Christ Church in the Parish Hall on Wednesday evening October 24th. The first part of the evening was taken up with the playing of bridge and whist. The bridge prize winners were: Ladies' First, Mrs. G. Warwick, Ladies' Consolation, Mrs. C. Eklof; Gents' First, Mr. R. Lavery, and Gents' Consolation, Mr. H. Henderson. The whist prizes were won by: first, Mrs. W. Pinckney and consolation Mrs. J. Samaan. Mrs. G. H. Stewart, President of the W. A. Guild, presented the prizes.

A delightful supper was then served, which was followed by several musical and vocal numbers. The programme included the following: The Sword Dance and another Highland Dance by Miss Honore Warden; vocal solos were rendered by Mrs. W. Pinckney, Rev. A. Abraham, Mr. T. Marks and Mr. R. Lavery. The accompanist's were Mrs. H. W. Parker, Mrs. J. Samaan and Mr. W. Reid.

A goodly number of people were present and everyone voted the evening a wonderful success.

## Anglican Y. P. A. Hold Interesting Debate

A very interesting debate was held by the Anglican Young People's Association, of Anyox, on Thursday October 18th. The subject being "Resolve that Bachelors should be taxed." Ted Kergin upheld the affirmative and Miss Dorothy Plumb represented the negative side. The debate was held on parliamentary lines and Arthur Dodsworth acted as Speaker of the House.

The affirmative maintained that bachelors should be taxed according to their income and the money collected in this manner, used to assist in raising the new generation. As marriage is considered "man's best state," such a tax would, no doubt promote more marriages and thus help the present congestion.

The negative, held that bachelors should be left alone and not be given inducements to marry, as such a tax asked by the affirmative infers. It is not justice to tax a single man more than a married man just because he happens to be a bachelor.

On a division the resolution was upheld.

Mrs. D. Casey left on Wednesday for a visit to Prince Rupert.

J. G. McRae, Hospital Inspector, arrived on Monday and left again on Wednesday.

## Mr. Harry Smith Entertained On Attaining His 75th. Birthday

Mr. Harry Smith, pioneer resident of Northern British Columbia and for the past eleven years, a resident of Alice Arm, attained the age of 75 years on Thursday October 25th.

This auspicious event could not be allowed by his many friends to pass unobserved and it was resolved among his close friends to honor him with a birthday party, at the Alice Arm Hotel to which everyone was invited.

A large number were on hand, and at 9 p.m. Mr. Smith took his place at the head of the table in the dining room, where confronting him was a huge birthday cake, adorned with exactly 75 candles.

The room was very prettily decorated and all the guests wore colored paper hats and were presented with paper ticklers and balloons.

Mr. O. Evindsen gave a brief address to which Mr. Smith replied and the huge cake was distributed to the guests, together with sandwiches and coffee. Several other short speeches were made after the repast. Then the guests formed a ring with Mr. Smith in the centre and all joined in lustily singing "Auld Lang Syne" and "For He's a jolly good Fellow."

Later in the evening, cards were played and community singing carried on.

In his remarks during the evening Mr. Smith drew attention to a pleasant surprise he had received during the day, when he received a bouquet of flowers from the youngest young lady in town, Miss Joan M. Larsen—a gift from the youngest to the eldest—and which he deeply appreciated.

Too much praise cannot be given to Mr. and Mrs. O. Evindsen of the Alice Arm Hotel, for the splendid preparations made to entertain the guests, and thanks are also due, to several other friends who assisted.

Mr. Harry Smith is a well known citizen of British Columbia, he is a pioneer of Vancouver Island and also the north coast. He arrived at Prince Rupert in 1908, and was at Stewart in 1909 where he was for many years a prominent member of the community. His many old friends throughout the north and also the south, will be pleased to hear that he is enjoying the best of health and looking forward to many more birthdays.

An At-Home was held by Miss Agnes Kruzich on Tuesday evening, October 23rd. The evening was spent in the singing of old and new songs. Vocal solos were rendered by Miss Teresa O'Neil and Mr. A. Yelland. Others present were, Mrs. A. D'Attilio, Mrs. C. Kruzick, Miss Eleanor Wilson, Miss Netta Robertson, Miss Pauline D'Attilio, Miss Rita Henderson, Mr. S. Skril, Mr. J. Plut and Mr. C. Cummant.

Numerous public bodies in the southern part of the province, led by the Automobile Associations and supported strongly by the Vancouver press, are hysterically demanding that the impoverished Provincial Government spend millions of dollars without delay in hard surfacing their roads. The chief insistence for this expenditure is because they can travel only from 35 to 40 miles an hour on some road sections and they wish to travel at 60 to 65 miles. In other words, they are vociferously demanding that the government construct hundreds of miles of expensive hard surfaced roads so that the speed hounds can get a thrill. Not a word was said by these speed mad motorists or the Vancouver press, in favour of building roads into the outlying mining sections of the province, so that our mineral wealth can be developed, and hundreds or thousands of men placed in employment. Those who are yelling the loudest for smooth, hard, dustless roads will be the first to condemn the government for failing to give transportation facilities to the mining industry should a slump occur. The government no doubt fully realizes the fickleness of those who are seeking road favours and will not be stampeded into any big expenditure of money that fail to develop the industries of the province. Speedways for these always-in-a-hurry fiends will be perfectly in order when all the outlying sections have been adequately supplied with good road transportation.

**Gold Nuggets Found In Well In Interior**

The village of Vanderhoof and its environs are in a high fever of excitement and there appears, from reports at hand, to be a mad scramble for claims as the outcome of the discovery of gold nuggets in the slush from well-drilling operations on the Cameron farm north of that town.

The gold recovered is in a coarse form, with nuggets the size of split peas, according to reports, the values running very high in the slush taken from the drilling operations.

The gold was recovered at a depth of sixty feet and it is likely a shaft will be sunk to this level by several of those who have located.

Mrs. Talksme: "I was outspoken in what I said at the club today."

Mr. T.: "I can't believe it. Who outspoke you?"

**Why It Is Necessary To Have a Will**

This is the third of a series of legal articles written by Mr. Carl M. Stewart of Anyox. They have proved, as we predicted, helpful and instructive to our readers and we feel sure that the information contained in them each week is appreciated.

It is strange how many people will struggle for a lifetime to accumulate property and an estate and yet they will not take five minutes to set down on paper what they want done with their estate when they die.

When a person dies without a will we find that the law sets out a division of the property among the heirs. The court then appoints a party called an Administrator to administer or distribute the property according to the regulations set out.

To make sure that all the heirs are given their share and that no one can turn up at a later date and claim some of the estate, after it has been divided, the court must be very careful.

Here is where your trouble starts. None of the estate can be divided for one year. It is a long time to wait. In the case where there is a will it can be distributed at once.

The party administering the estate has to be bonded. In the case of a will no bond is necessary.

The biggest problem is to make sure that the people claiming the estate are the true heirs and that there are no others, that have not yet been heard from. This procedure is called proving the heirship. None of this is necessary in the case of a will, the property being at once turned over to the party or parties named in the will.

This proving of heirship is a long and expensive procedure and is a waste of both time and money.

To illustrate what this means I am giving an actual case showing what had to be done.

My grandmother died leaving a small piece of property and without a will. Under the law the property would go to her children, one of them my mother who had died one year before, her share going to her children.

Here is what had to be supplied in the way of proof:

Proof of my grandmother's marriage. Proof that her husband was dead, otherwise he would have had a share. Proof that there were three children only of the marriage. Proof that one child died in infancy. That left my mother and uncle. Proof of my mother's marriage. Proof of the number of children of her marriage. Proof that one had died without leaving any heirs.

The balance of the property that did not go to my uncle was then ordered to be divided among my brothers and sisters. Three of them were under age—under twenty-one years—and their interest had to be held by the official court guardian for them until they were twenty-one years of age, tying up the whole property on that account.

Bearing in mind that we had to go back over fifty years to get some of these proofs and where no registrations could be found, affidavits had to be secured from someone who knew, it is not surprising that

**Canadian Copper Now Going To Great Britain**

The export of copper and products has assumed a new complexion in the past two years. Formerly it went chiefly to the United States but now chiefly to the United Kingdom.

The total export of copper during the twelve months ending August, 1932, was \$20,392,000; 1933, \$15,720,000 and 1934, \$22,440,000. The exports to the United States in these three twelve-month periods were \$13,859,000, \$1,215,000 and \$2,587,000; to the United Kingdom \$3,920,000, \$8,180,000 and \$13,847,000.

It took well over a year, to get this little property cleared up and cost three hundred dollars. The three hundred dollars could all have been saved and the property transferred in two weeks' time if there had been a will.

I have often heard it said by men that their wives and children would get their property anyway, even if they had no will, but they completely overlook the time and money that will be wasted in their getting it. Further, and it is hard to get folks to realize this, but the share that goes to the children is not given to the mother to look after... far from it. It is transferred to the official court guardian, who holds it in trust for the children until they reach the age of twenty-one. If money or such is needed an application has to be made to a court judge and the official guardian has to consent to anything that is to be done. Surely nobody would purposely leave a situation like that for their family to work out.

Every move that is made costs money. It only takes five minutes to make a will.

Next week we will show how the property is divided and you will probably be surprised.

Anyox, B.C. CARL M. STEWART

**The Minerals of British Columbia**

This Province offers excellent opportunities for useful and profitable investment. British Columbia has produced **OVER \$1,352,000,000 WORTH OF MINERALS.**

The gross value of mineral production for the six months ended June 30th, 1934, exclusive of gold premium, is estimated at \$18,667,691.00, an increase of 50.5 per cent. over the estimated value of the production in the corresponding six-month period of 1933.

**GOLD PRODUCTION:** Gold production showed a decided increase; a total return in Canadian funds to the gold producers of British Columbia during the first six months for 1934 being approximately \$5,028,124.00, an increase of 81.3 per cent. over the return in Canadian funds received during the first half of 1933.

## Prince Rupert District Can Now Export Logs

Export of 30,000,000 feet of hemlock logs from the Prince Rupert district this year, has been sanctioned by the government. Previous to this ruling the export of hemlock logs has only been possible from crown granted timber, or by special permission in connection with surplus cut. Japan is a ready market for hemlock and takes large quantities annually from Washington and Oregon.

As Prince Rupert forestry district has no crown grants it has previously not been able to share in this export trade. The move is expected to stimulate employment in the area and to help port business by affording part grain and part lumber cargoes.

## Survey Parties Busy Mapping Canada's Mineral Wealth

In an attempt to determine the economic possibilities and to find the key to the potential wealth known to exist across Canada's mineral front, twenty-two geological field parties of the Canadian Department of Mines, strategically located, have been mapping and investigating rock structures. Very shortly the work of the season will be completed and the accumulated data will then be transferred to maps and reports for the guidance of prospectors, engineers and operators. Six geological field parties have been making surveys to which present and later geological work will be referred.

Under the Canadian Pacific five years' free scholarship award to McGill University, Reside McCallum, of Montreal; David B. W. Reid, of Winnipeg, and Albert Grant Asplin, of Lethbridge, all sons of company employees, are announced as this year's winners. The scholarships are renewable every year up to five years if the holders are entitled to full standing in the next higher year.

"There is very clear evidence of a return to prosperity in Canada due to a greater feeling of confidence," was a recent declaration of Lord Iliffe, owner of more British trade papers than any other publisher in the United Kingdom, interviewed aboard the Empress of Britain.

From every state of the Union and every province of the Dominion delegates to the 110th communication of the Sovereign Grand Lodge of the Independent Order of Oddfellows assembled in convention at the Royal York Hotel, Toronto, recently. They were greeted by the Lieutenant-Governor of Ontario and the Mayor of Toronto.

## Canadian Silver Production Increased In July

An increase of more than 40,000 ounces was shown in production of silver in July when it totalled 1,237,340 ounces, as compared with 1,188,447 in July last year, the Dominion Bureau of Statistics reported. The output for the seven months ending July, amounted to 8,949,008 ounces, an increase of 2.9 per cent over the corresponding period of 1933.

The average price of silver in July was 46.31 cents, and at this price the output was worth \$566,279.

Photographed in a group for the first time since they were "shot" in their arrival in Canada a few years ago, His Excellency the Governor-General, Her Excellency and their elder son and daughter were snapped on board the Empress of Britain just before Lady Passborough and her son and daughter sailed for Europe recently.

Appropriation of one dollar was made recently by the Vancouver City Council as the nominal price for the purchase from the Canadian Pacific Railway of 1 1/4 acres of right-of-way property at Kitsilano Beach, near the British Columbia city.

The first McIntosh apples of the season for distribution throughout the Dominion from Victoria to Halifax went out recently over Canadian Pacific lines in trains of 45 cars. The fruit is reported to be in wonderful condition and this season's product will maintain the great reputation that British Columbia has won for its apples.

## YOU, too, can make them better...with ST. CHARLES MILK

### DELICIOUS COFFEE!

If you like coffee—you'll like it better with St. Charles Milk! It's smooth as velvet—rich—creamy!

### SPANISH CREAM—DE LUXE

Blend 1 1/2 cups each St. Charles Milk and water. Add 2 tablespoons granulated gelatin, and allow to soften 15 minutes. Scald in double boiler. Beat yolks of 3 eggs with 1/2 cup granulated sugar and 1/4 teaspoon salt. Pour hot milk slowly over egg mixture. Return to double boiler, cook slowly keeping water well below boiling point (200 deg. F.). Stir until mixture coats on spoon and is slightly thickened. Add 1 teaspoon vanilla. Pour hot custard over 3 egg whites stiffly beaten. Beat constantly while mixing. Pour into wet mold. Chill. (Serves 8.)

WHAT made the old fashioned farm cooking so good? Why, real cream, fresh rich milk—and plenty of it!

And many women have re-discovered this secret, by using Borden's St. Charles Milk.

St. Charles is fresh whole milk, with all the cream, evaporated to double richness! It's rushed from inspected farms to spotless Borden plants and sealed in sterilized tins while the sweet creamy flavor is at its best!

Write for a free copy of "The Particular Cook's Cook Book" full of new and appetizing dishes to make with St. Charles.

Look for the Gold Cow.

This label is your guarantee of quality.

**Borden's ST. CHARLES MILK**  
Made in British Columbia

## Anyox Notes

Mr. and Mrs. N. B. Marshall returned on Monday from a holiday visit to the south.

Mrs. A. A. Todd returned on Monday from a visit to Vancouver.

Mrs. H. A. Powell and daughter returned on Monday from the south.

F. Dodsworth senior, returned home on Monday from a visit to Vancouver.

Mrs. C. Musser left on Monday to join her husband at Bralorne Mine.

Miss E. McGuire left on Monday for a month's vacation to Vancouver.

Mrs. L. Gillis left on Monday for a visit to Vancouver.

Miss H. Wall left on Monday for the south.

R. Church was a passenger to Vancouver on Monday.

Mrs. J. H. Worsfold arrived on Monday from Prince Rupert on a visit to her daughter and son. Mrs. E. Baker and H. Worsfold.

Mrs. W. Feyer returned on Monday from a visit to Vancouver.

Dr. J. T. Mandy, Government Resident Mining Engineer for this district, arrived on Monday and left again on Wednesday.

S. J. Jabour, Northern representative of the Sun Life Assurance Co, arrived on Monday from Prince Rupert.

## Successful Dance Held By Mine A. C. L.

A very enjoyable dance was held at the Mine Hall on Tuesday evening, October 23rd. A new orchestra, which has recently been formed in Anyox, provided the music and it was well received by the large number of people present. A very dainty repast was served during the evening. The committee in charge of this pleasant affair plans to hold a series of dances during the coming winter.

A birthday supper in honor of Lee Henderson was held at the home of his mother, Mrs. F. Henderson, on Wednesday evening, October 24th. The honoured guest received numerous gifts from his many friends present at the supper.

## BASKETBALL PERSONALS

The Calderoni family.

So much has been said and written of this basketballing family, that anything more may seem superfluous.

In view of the fact that all four are playing ball this year, a review may be of interest.

The girls, Helen and Julia, have both been star members of star Anyox teams in the past. Helen, who's shooting accuracy is still the wonder of hoopdom, has been playing almost since she can remember. Both girls are now playing for the Mine and present a united front as the best guard combination in the ladies' league.

Freddy, veteran of many rep. teams, ranks second only to Tony as the most consistent ball player in town.

Tony, the shining light of local ball, is the brains of the fast, smooth working Vandals of this year. A top-notch since "since way back when," Tony is generally conceded to be the cleverest forward ever to play ball in Anyox. A real sportsman, Tony is probably the most popular of Anyox athletes.

Taken individually or collectively, the Calderoni family would have to be reckoned with in any ball league.

"You say your son was cured of his wildness by an operation?" asked the great surgeon. "Yes, that's what I said" replied the wealthy man. "That's interesting; what was the operation?" demanded the surgeon. "I cut off his allowance and made him go to work," said the wealthy man.

## H. M. SELFÉ OPTOMETRIST

OFFICE---Opposite Liquor Store

## B. P. O. ELKS

Dominion of Canada and Newfoundland  
ANYOX LODGE No. 47

Meets every second and fourth Monday of the month

Hall for rent for dances, social functions, etc. on application to club manager

## Where to Go and What To See There

"Good Dame" is listed for the show tonight. One of those surprise pictures that show a new side to your favorite characters. If you like Frederic March and Sylvia Sydney, take it in. If there is any one who does not like this combination, see it anyway, you'll like it after this one.

Gym. class 6:30 till 8 Sunday night. It's good for what ails you, but don't forget church.

The big dance on Monday. You simply can't miss this. If you have to miss it, buy a ticket anyway. You may be up at the hospital yourself some day and you will have the consolation of knowing that your dollar bought those new slippers.

Wednesday is basketball night. Spooks vs. Mine Girls. Vandals B vs. Foundry. Elks vs. Trojans.

If you don't think basketball is worth a dime, read the report on last Monday's games in another column.

On Friday the Vandals A will battle the Trojans. Vandals B will take the Rovers into camp (we think) and the Mine girls will meet the Spooks. Look these Spooks over. They'll haunt you!

Saturday again. Why not stroll down to the Gym. to watch the kids knock the shuttlecock for a loop? Please don't forget your "Herald!"

## Alice Arm Notes

Mrs. H. W. Butler and daughter Jean arrived on Monday from Prince Rupert to join Mr. Butler here who arrived last week to take charge of the Government Telegraph Office.

J. C. Studdy, who has been in charge of the local Government Telegraph Office for the past six years, left on Monday for Alert Bay where he will be in charge.

H. Powell, field engineer for the Consolidated Mining and Smelting Company, left on Wednesday for the south after examining mining properties in the Upper Kitsault Country.

Mrs. J. McColl arrived from Anyox on Saturday to spend a few days with her mother, Mrs. H. Nucich, leaving again on Monday.

The Herald is \$2.00 a year.
