Elks Team Win Anyox Baseball Championship

Are Conceded Third Game Necessary to Win

The first game of the play-off series was played on Thursday, last week, when the "Brother Bills" took the Smelter into camp to the tune of seven to three. Seven mis-cues by the Gas Eaters was the cause of their downfall. Red Fitzpatrick was in fine form for the winners, allowing only five hits, and fanned four. Brother Benny and Hugh Wells shared the pitching burden for the losers. Benny worked until the sixth, allowing six hits and whiffing nine, while Wells fanned three.

The teams were:

Smelter: Wells c., Ben Fitzpatrick p., Sinclair 1st. b., McDougall 2nd. b., Chenoski s.s., McKeown 3rd. b., Bas. Fitzpatrick l.f., Stewart, c.f., Loeske r.f.

Elks: Cody c., F. Fitzpatrick p., Cramb, 1st. b., Sheen 2nd. b., Greenwell s.s., Smith 3rd. b., Watson l.f., Campbell c.f., Barney Fitzpatrick r.f. Umpires: W. Olsen and C. Ferguson.

The Elks made it two straight in the series for the cup on Sunday evening, winning from the Smelter five to two, in five innings, when darkness put an end to the game. Wells was on the mound for the losers and pitched fine ball, but was accorded poor support. Red Fitzpatrick worked hard for the Elks and although a bit wild at the start, managed to settle down in the last three innings. Bob Stewart made the big hit of the game in the second inning, when he connected with one of Rusty's slants for three bags. The umpires were: W. Olsen and C. Ferguson.

Being unable to field a team for the remaining games of the play-off for the Anyox Baseball Cup, owing to three of their players leaving town, the Smelter Club have conceded the cup to the Elks. The Elks had won the first two games and needed one more to cinch the title.

Football Teams Draw

The Mine and Smelter football teams played to a one all draw at the Ball Park, on Tuesday evening. The game was a sudden death one for the championship of the Anyox Football League. Both teams were in excellent form, and a draw was well earned by both sides.

Developing on Monarch Property

Mr. J. B. Bower returned on Thursday from the Monarch property, on the Illiance River, and on which he has been doing development work. Although no plans have been made, it is possible that the property will be more fully developed next summer. The Monarch contains some of the finest ore showings in the Illiance valley.

Anyox Ladies Play Second Game

Followed By Banquet and Dance

The second game between the Married and Single ladies, took place according to schedule, on Monday evening. The contest managed to go six innings before darkness descended. The score ending in a tie, fourteen each. The married ladies got away to a good start in the first frame, when they chased five runs across, five more in the third gave them a big lead, but the single girls were not to be so easily beaten, and fighting all the way, they managed to make enough runs to earn them an even break. The married ladies used three pitchers, viz: Mrs. Dwyer, Mrs. Wenerstrom and Mrs. McQuarrie. Miss McMillan went the entire distance for the single girls. The teams were:

Married: Mesdames Dwyer, Cody, McQuarrie, Wenerstrom, Gray, Henderson, Campbell, Crone and Ferguson.

Singles: Misses Rashleigh McMillan, R. Moffatt, J. Moffatt, S. Calderone, J. Calderone, Deith, Pomeri, Kane and Scott.

W. Olsen was the Umpire.

Following the game, the two teams repaired to the Elks' Dugout where a sumptuous supper was served. Several complimentary speeches were made by members of the teams.

At 9.30, dancing was commenced at the Elks' Hall, and was continued until 2 a.m. A large number of people were present and made the dance one of the most successful of the season. The music was exceptionally good and was supplied by the Elks' orchestra, composed of J. Austin, piano; S. Armstrong, violin; S. Steele, trombone; P. Stivenard, cornet, and E. J. Waterman, drums.

ANYOX NOTES

Mr. H. D. Southam, of the school staff, arrived on Thursday, from holidays spent in the south.

Miss V. Deane was an arrival on Thursday, from a vacation spent in Vancouver.

Mr. Benny Fitzpatrick, of local baseball fame, left town on Thursday for Vancouver where he expects to reside.

Mr. G. Gay returned on Thursday from holidays spent in Vancouver.

Mr. and Mrs. E. J. Conway and child arrived home on Thursday, from a vacation spent in the south.

Mr. L. Moerkerken, who has been on the staff at the smelter for the past nine years, left on Thursday for Vancouver.

Mr. P. Lungren returned on Thursday from a trip south.

Mr. and Mrs. F. E. Patton, arrived home on Thursday, from a month's vacation in the south.

Mrs. F. Woolston and child arrived back in town on Thursday.

Continued on page 4.

ALICE ARM NOTES

Shower Baths for ladies and gentlemen. First-class Service. J. Laidlaw, Alice Arm Electric Laundry.

Mr. S. Wickwire left for Stewart on Saturday, where he will spend the next few months.

Mr. James Nick was a passenger on the Awake on Saturday, for Stewart, where he expects to spend the coming winter.

Mr. J. Conway, government agent at Anyox, arrived in town on Thursday, on business.

See Al. Falconer for Wood, Coal and Lumber.

Mrs. P. Whelan and family left on Saturday for their home at Anyox, after spending a summer vacation here.

Miss V. C. Riel left on Monday for Anyox, where she will attend High School during the coming term.

Mr. and Mrs. Chas. Wing spent last week-end at their summer residence at Silver City.

Among those from Anyox spending the week-end over Labor Day at Silver City, were: Messrs. B. Shelton, Dr. H. Simmons, W. F. Eve and J. C. Stroud.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. C. H. Homer, provincial assessor, arrived on Thursday from Prince Rupert, on business.

Mr. and Mrs. J. G. Ellis returned to Anyox on Thursday, after spending holidays at Silver City.

Mr. O. J. Hutchings arrived from Anyox on Tuesday. He is here in connection with work on the Red Bluff property.

Mr. G. W. Bruggy made the round trip to Stewart on the Awake, last week-end. George is an old resident of Stewart, and was busy renewing acquaintances.

Misses Edith and Fosey Fraser, who have been visiting their parents, at the Esperanza Mine, left on Thursday, for Los Angeles, California. Miss Fosey Fraser was formerly on the staff of the Vancouver General Hospital, but will now accompany her sister Edith to California.

Mr. R. G. Gordon, who has taken the position of school teacher at the local school, arrived on Tuesday, from Prince Rupert. Mr. Gordon is a northern sour-dough, having been born at Whitehorse, but during the past few years has resided in Prince Rupert with his parents.

See Al. Falconer for Freight and Pack Horses.

Mr. S. F. D. Roe, manager of the Royal Bank, arrived on Thursday, from a vacation spent in Vancouver and Victoria.

Mrs. J. Livesley arrived from

Dance Held at Alice Arm

A dance was held at the Coliseum on Friday evening of last week. From every point of view it was very successful. A large number were present. The orchestra composed of Mrs. T. W. Falconer, piano; Mrs. J. Laidlaw, saxophone; Mr. C. Hutchinson, clarinet, and Lorne Falconer, violin played exceptionally fine music. Refreshments were supplied by the ladies, and a very pleasant evening was brought to a close around 2 p.m.

Spends Holiday and See Lots of Bears

Mr. F. C. Graham, who is in charge of the first-aid station at Anyox smelter, returned to Anyox on Thursday, after spending a few week's holiday at Silver City. Fred was scheduled to leave on Tuesday, but the engine of his launch "Gretna," proved to be beyond all his first-aid efforts, and the "Awake" was called upon to take the patient to Anyox.

Mr. Ed. Ashton, who, since his overland trip from Terrace, has been prospecting McGrath mountain, accompanied Fred to Anyox. Speaking of bears, both of them declared the woods in the vicinity of the salt chuck was full of them. During the week, they counted ten in one day.

Carnival Queen Leaves

Miss Gladys Dodd, the local candidate for Queen of the Carnival at Prince Rupert, sailed on Thursday for that city.

Tacoma on Thursday, to visit her daughter and son-in-law, Mr. and Mrs. E. Ness, who are sick in Anyox Hospital.

Mr. Barney Turbitt was a round tripper to Stewart, on the Awake last week-end.

Miss Zorka Sutilovitch spent a few days in Anyox during the week, the guest of Mrs. P. Whelan.

Mr. J. O. Trethewey arrived home on Tuesday from Hazelton, where he has been inspecting the Sunrise property, in which he holds a large interest.

Despite the hundreds of fish that have been caught in the Illiance river this year, there are still a few left, as was proven by Mrs. E. M. McCoy and Mrs. J. Wheatley, who spent a few days last week-end at Copper Creek. The ladies returned with 182 trout, which must be admitted is not bad fishing.

Now that darkness settles over our peaceful little town somewhat earlier, the petty thieves are getting bolder, but someone is going to get it pretty soon in the spot where the chicken got the axe.

NOTICE

A tent fly, dishes, etc. were taken from the residence of Mr. D. W. Cameron, on Monday night. Unless all goods taken are returned on or before Sunday, September 7th., the parties who took them will be immediately prosecuted.

Local Tennis Experts Play Tournament

Spend Week-end Over Labor Day at Stewart

At the invitation of the Stewart Tennis Club, Anyox and Alice Arm players paid a visit to the mining town at the head of Portland Canal last week-end. They left on Saturday morning and returned on Tuesday evening, on the Awake.

Although tennis playing was somewhat marred by the showery weather, everyone spent a very enjoyable time, and were loud in their praise of the hospitality of the people of Stewart.

Arrangements had been made for a full day's tennis playing on Sunday, but this was found impossible, owing to rain, and only eight games were played. Playing starting at 2 p.m. During the evening, a card party was held at The Club.

The weather on Monday decidedly better, and tennis playing was indulged in throughout the day. Anyox again carried off the honors with nine points, while Alice Arm and Stewart obtained six each. Several games were abandoned owing to lack of time.

During the afternoon, a baseball game was played between Stewart and Alice Arm. The latter being assisted by several Hyder players. The honors of the game went to Stewart.

A horse race, Stewart vs. Hyder, was also held, the former winning with a horse formerly owned by the Alice Arm Freighting Co.

On Monday evening, a big dance was held at the Stewart Hotel. Over seventy-five couples were on the floor, and an enjoyable time was spent until the wee sma' hours.

Those comprising the tennis teams who made the trip, were:

Alice Arm: Mrs. H. F. Kergin, Mrs. A. Falconer, Messrs. T. W. Falconer, Barney Gray, Al. Falconer, R. F. McGinnis.

Anyox: Mrs. W. F. Eve, Mrs. W. McTaggart, Mrs. L. F. Champion, Miss R. Champion, Messrs. R. Cole, H. Baillon, F. C. Townsend, W. McTaggart.

Sporting and Trapping Licenses

The new regulations, relative to the issuance of sporting licenses has just been issued. The fee for British subjects is as follows:

License to shoot birds and deer, \$2.50. License which includes big game, \$5.00.

For non-British subjects the fee is \$10.00, and this license includes everything.

Trapping licence, \$10.00 and are issued only to British subjects.

Licenses can be obtained from Mrs. L. B. Cummings, deputy mining recorder, Alice Arm.

The season for ducks and geese opens on September 15th. and closes December 30th.

Mining Man Says Craze for Bonds Is Injuring West

Maurice D. Leehay, the well known Seattle attorney, who has a large Alaskan clientele, was in Juneau on legal business recently and gave a talk before the Juneau Chamber of Commerce in which he made a plea for the encouragement of honest speculative investments and for confidence in "our own resources." The Empire quotes Mr. Leehay's speech at length, which in part, follows:

"The present bond buying boom, or craze, is hampering the development of the West and Alaska," said Mr. Leehay.

For the first time in many years Mr. Leehay said, money for investment in developing enterprises, mining and other kinds, is scarce. On the other hand there is plenty of ready money in the country. The savings banks have larger deposits than ever. But these funds are being invested, not in mortgagees and similar development papers, but in bonds. Western money is flowing to eastern bond markets and put into eastern securities. The Eastern capital, formerly available for Western enterprises is being put into bonds. The result, he said, is that we of the West are suffering.

Admitting that he did not know of any steps to be taken to relieve the situation he had described, Mr. Leehay said he believed the bond investment craze, like the farm land, real estate, irrigation securities, and oil stock booms, would soon subside. He ascribed the source of the craze for bonds to the war-time bond selling campaigns.

The preachers of thrift have been carried to an extreme and much further than is justified, he declared. Economy is advisable; frugality is commendable, but the dearest town in the world is the one in which all its money is tied up in savings accounts.

He pleaded for intelligent support of speculative investments. Speculators, he said, built America, extending its domain from the Atlantic seaboard to the Pacific,

Two Marmot River Properties Shipping High Grade Ore

Portland Canal News

A No. 3 tunnel has been opened on the Porter-Idaho property, from which high-grade ore, assaying \$220 per ton is being sacked for shipment. This is in addition to the ore being extracted from No. 2, and from the high grades left standing ready for stoping in No. 1 tunnel. Ore is now being taken out and sacked faster than the pack train of 36 horses can, even with a trip a day, bring it down to the beach.

Since the first shipment of 30 tons, another shipment of some 60 tons has been accumulated at the beach, which will be shipped south during the week-end on the S.S. Mogul.

Efforts on the Fraser property, the latest high-grade discovery on Marmot river, are being bent toward getting out as great a tonnage as possible from the surface before the snow causes a cessation of this character of mining. A contract was let this week to Owney McFadden for packing out the ore, and he has put ten head of horses on the job, taking down about 2500 pounds of ore daily to the beach. The mine lies at an elevation of about 4200 feet, and the pack train makes a round trip daily. Production to date has been about 30 tons.

Big Ontario Gold Production This Year

Production of gold from the mines of Northern Ontario for the first six months of the current year reached an aggregate of \$11,750,000, according to preliminary estimates. The income from investments, bonds and bank deposits, and from premium on gold sold for New York funds, brought the total income of the gold mines to well above 12,000,000 for the half year.

A broad mind isn't necessarily deep.

and made it the richest country in the world. The honest speculator, the man who represents his position truly, who is not out to corral the nickels and dimes of unsuspecting widows and guileless individuals, will come among you. Don't knock him. Investigate of course, and if he is worthy, get behind him, he said.

Post Office Building, Alice Arm**BRITISH COLUMBIA****The Mineral Province of Western Canada**

Has produced minerals valued as follows: Placer Gold, \$76,962,203; Lode Gold, \$113,352,655; Silver, \$63,532,655; Lead, \$58,132,661; Copper, \$179,046,508; Zinc, \$27,904,756; Coal and Coke, \$250,968,113; Building Stone, Brick, Cement, \$39,415,234; Miscellaneous Minerals, \$1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of \$810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641, and for the year 1923, \$41,304,320.

Production During last ten years, \$350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

Price of Copper May Increase Is General Opinion

Late advances in quotations indicate that the red metal appears to be strongly on the upward trend. It is likely recent advances reflect the improved European situation more than is the case with lead. An anticipated condition that the stocks of copper would show a material increase when announcement of June deliveries were made and that this would cause a further weakening of the price and probably a lower quotation, failed to materialize when the June statement showed that the production fell short of deliveries by about 3,000,000 pounds. The June production figures showed a drop to 205,000,000 pounds a 20,000,000 pound reduction. But these figures are for refinery production. Reduction in surplus copper for the first six months of 1924 has averaged 14,500,000 pounds monthly so that by the middle of the year surplus was estimated at 222,000,000 pounds.

An interesting contribution to current expression on the subject was a statement made a short time ago by Ira B. Joralemon, formerly assistant general manager of the Calumet & Arizona and New Cornelia. His views as set forth have been received with enthusiastic acclaim in some quarters, and with jeers of derision in others. Mr. Joralemon said.

We are only entering the age of electricity, but that time will be short, because electricity cannot live without copper. At the intense rate of production that must come, the copper supply of the world will last hardly a score of years. One big power project, such as those proposed on the Colorado river will take 300,000,000 to 500,000,000 pounds of copper, which is one-sixth of the world's annual production.—Mining Truth.

Small Per Centage Of People Obtain Riches

Do you believe in statistics? If so do you know that figures prove that out of a 100 men at the age of 25, starting out life with equal opportunities, that at the age of 45 their position in life is as follows:

- 3 are wealthy.
- 65 self-supporting, but without resources.
- 16 dependent upon relatives and friends.
- 16 are dead.
- At the age of 65 their positions have changed, and we find that
- 1 is rich.
- 3 wealthy.
- 6 self-supporting.
- 54 dependent upon relatives and friends.
- 39 are dead.

Do these figures mean anything to you? To us they suggest many things, but, foremost of all, the necessity of self analysis without delay—self examination—and a firm resolution to set as an objective a place within the favored 4 per cent.

When a man walks a mile he takes an average of 2,263 steps.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
