## New Plans Made For Carrying On Basketball Games

Following the games on Wednesday evening there was a meeting of those interested in basketball, with Vice-President Lazorek in the chair. Beginning at 10:15 the crowd debated ways and means until 11:25 with the result that a new series will start next Wednesday with the Odd Fellows, Celts and Ex-High contending among themselves. A fourth team will be allowed to enter if it can be guaranteed by next Wednesday and Messrs Harman and the indefatigable Secretary Winkelmann will try their oratory on the A. C. L. Council to get two playing nights a week. The girls will clash in the first league fixture and possibly the Midgets and Mites will lead off the program. It was observed that a good many people are missing a lot of fun by not attending the games, and that the absence of a gallery does not encourage enthusiasm.

Davie Wilson who was making a farewell appearance received applause and a vote of thanks for his continued efforts in the furtherance of local sports.

A letter of condolence was directed to be sent to the President, Mr. Richard Deeth.

## Plans Made By Anyox League of Nations

The local executive of the League of Nations Society met on Wednesday evening to discuss plans for a programme for "League of Nations Day," and to devise ways of increasing membership. President, the Rev. James Dewar reported that the United Church of Canada was organizing the young people into Juvenile Societies. The secretary, Mr. Fred Graham, told of efforts made during the last drive for membership. It was decided that other organizations be asked to send delegates to confer with the present executive which includes Mrs. A. S. Bailie, Mrs. W. F. Eve, Mrs. W. R. Lang, Mrs. J. A. McMaster, and Messrs. B. M. Buck, C. F. Clark and T. J. Kirkwood.

Among the arrivals from the south on Wednesday, were: J. MacDonald, J. W. Stephen, J. P. Watson, H. Gouldbourn.

Mrs. R. Roberts was an arrival from the south on Wednesday.

## Many Toronto Brokers Arrested By Police On Thursday

Special to the Herald

Toronto, January 30th.—Police officers, acting under instructions from the Attorney-General of Ontario, today arrested ten representatives of four well known stock brokerage houses. They were dealers largely in mining securities of the standard stock and mining exchanges.

The brokers, who are charged under the criminal code with conspiracy to defraud, are D. S. Patterson, M. Stobie and Charles J. Forlong, all members of the firm who offices were raided. Others were Austin Campbell, vice president, and Edgar McLean, general manager of the Patterson Co. W. T. Shutt, secretary-treasurer, Jas. Heppleston, general manager, and G. Drupo, chief accountant of the A. E. Moysey & Co. William J. Smart, president of Homer L. Gibson & Co., and Maurice J. Young of the same firm. The men are being held on bail of \$100,000.

After making the arrests, police officers continued their operations by raiding the offices of the four firms, seizing the books and other documents necessary for investigation.

The firms of Stobie Forlong and Solloway Mills, now assigned, have been asked to discontinue trading on the Vancouver and Toronto stock exchanges.

## Parliament Opens With Speech From Throne

Expressing gratitude for the recovery of King George from his illness, Lieutenant-Governor R. R. Bruce read his speech from the throne at the opening of the Legislature on Tuesday.

Amendments to the Government Liquor Act are generally expected to involve the creation of a three-man liquor commission were forecast in the speech but no indication of the extent of the amendments was given.

Other legislation includes acts to licence fish canneries and public carriers and to regulate stock brokers along lines already followed in other provinces.

The speech pointed out that the past year had been one of prosperity for the province, with total productive value surpassing all previous records

## ANYOX NOTES

Nick Zitko, E. C. Stone, J. Hutchinson, and W. Robertson, arrived in town on Monday from Vancouver.

Among the arrivals from Prince Rupert on Monday, were: J. C. Blain, W. Paterson, H. E. DeWolfe, and F. F. Gill.

W. Laing arrived on Monday and left again on Wednesday.

T. J. Shenton, mine inspector, arrived from Prince Rupert on Monday and left again on Wednesday.

Mrs. W. Fayer arrived in town from Prince Rupert on Monday.

Mrs. Cowdell left on Monday for Prince Rupert.

Mrs. J. S. McRae, who has been spending holidays with her son, Mr. V. S. McRae, left on Monday for Vancouver.

W. Ungerman left for Prince Rupert on Monday.

Mrs. M. Thompson and son, accompanied by her mother, Mrs. Parks, left on Monday for the south.

Rev. James Dewar was an outgoing passenger on Wednesday.

J. G. Miller left for the south on Wednesday.

Mrs. T. Garvey and child left on Wednesday for the south.

Mrs. L. Surggin and family were out-going passengers on Wednesday's boat.

Mrs. J. Ferguson and child left for the south on Wednesday.

Mrs. N. Todd left on Wednesday for Vancouver.

E. Brett was a south-bound passenger to Vancouver to Wednesday.

G. C. Martin and D. Wilson left on Wednesday for Vancouver.

Mr and Mrs. McRostie arrived home on Wednesday from the south.

Mrs. Garrick was an arrival from the south on Wednesday.

D. Cavalier arrived on Wednesday from a visit to Prince Rupert.

The department of lands, Victoria, has announced an increase in the fire protection tax for 1930, the rate of taxation on timber land for the present year's protection fund being raised to three cents.

First sailor—This butter is so strong it could walk over to the coffee and say, "How do you do?"

Second Sailor—Yes, but the coffee is too weak to answer.

## Large Crowd Enjoyed Skating at Larcom

On Sunday one hundred and thirty two people took advantage of the trip to Larcom Island which was arranged by the Anyox Community League by the courtesy of the management of the Granby Company. Messrs. McRae and Herrin had previously reconnoitered the situation. Favored by brilliant sunshine, and a vast expanse of clear ice, scores of enthusiasts displayed varying degrees of skill on skates. The older generation were seen to advantage. Having left Anyox at one o'clock, the party returned a little before five. For many an early dinner, church, and the Anyox Orchestra's concert rounded out an enjoyable day of rest.

## Twenty-three Tables at Card Party Catholic Hall

The Catholic Ladies Society held another social evening on Wednesday when twenty-three tables of players enjoyed whist and more came in for a few hours' dancing. The winners were:

First prizes: Mrs. T. Gorman and Mr. Jack Humphries.

Consolation: Miss Mary Dodsworth and Mr. C. McIntyre.

## Anyox I. O. D. E. Will Hold Regular Meeting

The regular monthly meeting of the Collison of Kincolith Chapter, I. O. D. E., will be held in the Union Church basement, on Tuesday, February 4th. All members are kindly requested to attend.

## Alice Arm Notes

Art. Beaudin returned on Monday from a business trip to Vancouver.

Chas. Sunburg returned home on Monday from a visit to Prince Rupert.

Jas. Wier arrived on Thursday from Anyox where he has spent almost the past year.

The Mine Club will hold their annual dance on Friday, February 14th.

The next Elks' card party and dance will be held on Friday, February 21st.

Among those leaving for the south on Wednesday, were: Mr. Boucher, R. Lavery, Chas. Carson, G. Nickerson, Mr. Ford, Mr. Work, P. A. Bigham, R. Willis, A. Lope.

## Basketball Games Of Anyox Are Getting Warmer

With warmer weather basketball gets hotter. The Ex-High team however, which took the floor Wednesday night was burning rather low and allowed the Celts to pile up points. The scores were:

Celts: Davis-5, Calderoni-23, Armstrong-14, Hill-2, Dodsworth. Total-44

Ex-High: Gillies-11, Barclay-4, Mikeli-2, Brown, Watson-1, Kent, Total-18.

The Beach Girls almost registered a victory, the whistle cutting them off when a single point would have tied up the score. All their points were counted on free throws, the High School girls rolling up a total of eight fouls. The teams were:

Students: L. Dresser, P. London-2, B. Lee, M. Marriott-2, M. Dresser-2, F. Dodsworth. Total-6

Beach: A. Kruzick-1, A. McDonald, P. O'Neill-4, T. Gordon, T. O'Neill. Total-5.

The third game was of the "grudge" variety and produced a good deal of rough play. Several times hostilities seemed imminent and the referee came in for a share of the unfavorable comment from the racketeers and their sympathizers behind the wires. The Mine's menace did not, however, deter the I. O. O. F. who steadily rolled up points to win at 31-14.

Mine: F. Anderson, I. Davies-4, G. Allen, J. Lazorek 8, Deane-2. Total-14.

Odd Fellows: Dresser-8, McDonald-4, T. Cloke-5, Steel-14, E. Barclay. Total-31.

Norton Youngs refereed all games and returned home safely.

## Card Party Held Alice Arm Athletic Club

A very enjoyable card party was held at T. W. Falconer's Hall on Saturday evening under the Auspices of the Alice Arm Athletic Club. Bridge was played at each table, there being five tables. At the conclusion refreshments were served and a pleasant evening brought to a close.

Winners were: Ladies' first prize, Mrs. W. M. Cummings; Consolation, Mrs. B. Wilson. Men's first prize, Mr. G. Anderson; Consolation, Mr. J. Graham.

The next card party will be held on Saturday, February 8th.

 E. MOSS, Editor and Publisher.

There has been a lot of discussion among the investing public since the province of Alberta has made serious charges against a well known brokerage firm. Recently, the Daily Province of Vancouver published a lengthy editorial dealing fully with the matter. Our columns are not large enough for us to quote the whole of the editorial, but below is published some of the most outstanding parts:

"In three of the Canadian provinces, recent dealings of brokerage houses are being investigated, and in Alberta charges under the criminal code have been laid against members of a prominent firm. Without discussing in any way the merits of the charges which are before the courts, The Province would like to express its approval of the action of those provincial authorities who have taken steps to clean up an involved and difficult, and, it may be, a dangerous situation.

"We approve an investigation into a situation in which everything does not appear to be exactly as it should be, but it is not at all necessary to become hysterical, or to suggestions contained in some newspapers that many other brokerage houses have been "trading on wind," that many "bankruptcies are imminent" and scandalous exposures over a wide territory will follow. If we get into a panic every time there is a big market slump or a few evidences of dishonest practice, we shall not get very far in the working out of sound practice and the establishing of sound conditions.

Nor is it necessary, or desirable, in this connection to condemn all the stock brokers in the country or the whole stock exchange business. The stock brokers of Canada, and particularly of Western Canada, passed through a number of very lean years. Recently they have had a number of active and even a few very hectic months. It is inevitable that when business is brisk and money is being rapidly made, men of all sorts will gather around to share in quick profits. Some of these may not be scrupulous. Others will be tempted beyond endurance by the great opportunities to make a killing. On a rising market there are few opportunities of weeding out the crooks and the parasites. But when a reversal occurs, the weak spots in the speculative fabric are disclosed, and it is only wisdom to cut away the undependable parts and repair the structure.

"The stock exchanges afford not only facilities for those who desire to buy and sell securities. In a young country like ours, they offer a feasible means of developing resources, and they put in the way of the multitude constant opportunities for sharing in the profits that come from the development of resources. There are wildcats and dishonest propositions—we have from time to time indicated some of them—and losses are suffered by the unwary. But here again it is not necessary to condemn a plan of financing utterly because some dishonest men take advantage of certain weaknesses in it, or because certain investors fail to take the most elementary precautions before handing over their money. It is well known that had it not been for the operation of the stock exchanges at Vancouver and Calgary, during the past two or three years, Turner Valley would not be the promising oil field it is today, and several developed British Columbia mines would still be nothing more than prospects. The stock exchange, rightly conducted, can be made a

**Alberta Farmers Favor Outlet to Coast From Peace**

Among a score of resolutions carried in the second day of the annual convention of the United Farmers of Alberta at Calgary was one which favored the hurried completion of a Peace River rail outlet to the Pacific coast.

The resolution urged the importance of the fulfillment in the near future of Premier King's promise that the line would be provided "as soon as it was humanly possible."

real factor in the progress of the country.

"One of the things which those connected with stock exchanges have to fight against is the almost invincible optimism of the public. The multitude are nearly always bullish, and it is greatly in their favor as human beings that they should be. But brokers, because they are closer students of the market than the public, and because they are often more or less behind the scenes and have better facilities, know that frequently the market bull is merely courting disaster."

*Department of Mines*

British Columbia, the Mineral Province of Canada, has produced approximately \$1,184,200,000.00 worth of mineral products.

Mineral Production year 1928 .....\$65,372,583.00  
 Estimated Production year 1929.....\$70,030,976.00

**The Preliminary Review and Summary of Mining Operations for the Year 1929**

Now is available, and may be obtained, together with copies of the Annual Reports, Bulletins, etc., upon application to

**THE HON. THE MINISTER OF MINES,  
 VICTORIA, B. C.**

**THE PUBLIC SETS THE PRICE**

A RECORD development and progress of every industry in British Columbia is the achievement of 1929. Public interest in these events was manifest on the Vancouver Stock Exchange. In 1929 \$129,748,630 worth of shares were bought and sold on the Vancouver Stock Exchange.

Such a volume of business requires an almost perfect system. The operation is governed by the laws of supply and demand. Buying and selling orders meet on the "floor." These orders set the price, and the Public controls the orders. The trading concerns securities of known value, and these securities represent undertakings on the threshold of a great era of industrialization of Western Canada.

No undertaking can list its securities on the Exchange without passing an examination. First principles of Stock Exchange operation are alike

in London, New York and Vancouver, and are strictly adhered to. The Vancouver Stock Exchange, as an institution, owns no stock in any enterprise . . . sponsors no stock flotation . . . favors no broker . . . expresses no opinions about individual stocks. It accepts no responsibility for rise and fall of prices.

No progressive country, looking to its industries and natural resources for the production of National Wealth can be without a Stock Exchange. Like electricity, water, roads, transportation it ranks as a Public Service, disinterested, neutral.

The purpose is to make trading efficient, to broadcast prices instantly from the "Floor." The Public sets the price. And the Exchange lives up to the ideal, expressed in its charter passed by Provincial Parliament in 1907, as long as it fulfills in every way the duties given it to perform.

This advertisement is published by Members of the Vancouver Stock Exchange in order to disseminate information concerning the functions of a Stock Exchange and the Business of Buying and Selling Securities.

## Several International Questions Come Before Parliament

Parliament has been summoned to assemble at Ottawa on Thursday, February 20th. for the fourth session of the sixteenth Parliament. The date, a week later than last year, it is said to be due to the desire to have the three federal by-elections concluded and to conclude other conferences and arrangements before the House meets.

The volume of business in sight is large, and may be said to be contentious in many cases, especially in view of the fact that, this being the fourth session of the parliament, there is usage for dissolution and a general election although no indication of such has been given by the government.

The tariff will probably come in for chief attention, especially in view of the fact that the United States Congress is expected to dispose of its tariff revision.

Another proposal certain to evoke discussion is that of the United States for a large armed force along the border to enforce prohibition. Linked up with this question is the one previously discussed of prohibiting the export from Canada of liquor cargoes to the United States.

As for the armed force along the border, such is looked upon as a potential hazard to the present harmonious international relations. Whether Parliament will sanction the co-operation mooted is doubtful.

The St. Lawrence waterway project will also come up this session, although there is nothing to show so far, that the treatment will be legislative.

The fourth international question will have reference to the Sockeye Salmon Treaty, which was held up last year.

## Output of Premier Gold Mining Co. Up To Normal

An official report by Premier Gold Mining Company Ltd., covering operations for the first ten months of 1929, states that 255,790 tons of ore were mined during the period. This ore contained 2,076,000 ounces of silver and 87,000 ounces of gold. Production continued at the normal rate and extensive development work was carried out by the company during the period, including the completion of the 5 1-2 mile aerial tram connecting the Porter-Idaho and Prosperity properties with tide-water.

The mill at the Sullivan mine of Consolidated M. & S. Co. is treating 5,200 tons a day. The daily tonnage will shortly be increased to 6,000.

## Swanson Bay Plant Is Closed Down

Production of the kraft and sulphite plants of the Pacific Mills at Ocean Falls has been interfered with and nearly two hundred men will be idle at the coast paper town until early in February, as a result of a break in the large steel penstock which feeds the water to the turbines in the big pulp and paper mill.

Following the break, all possible efforts are being exerted to make repairs. It has been necessary to have steel delivered from San Francisco before the reconstruction can start. The penstock is 300 feet long and 12 feet in diameter.

## The International Dog Sled Derby at Quebec

Prizes aggregating \$4,250 will be among the trophies to be competed for in the International Dog Sled Derby to be held at Quebec City, February 20-22. Teams entering will cover a course of about 40 miles each day making a total of around 121 miles in all. This is the high light in the Quebec Winter Sports season beginning late in December and continuing until March. The event terminates with the Dog Derby Masquerade Ball at the Chateau Frontenac which hostelry is headquarters of the sports season. All the most prominent dog mushers of the continent figure or have figured at one time or another in the Derby and it is generally regarded as the biggest thing of its kind in America. Since 1922 when the

contest had its inception, times have been consistently cut down. In that year the course was completed in 15 hours, 36 minutes, but last year Leonard Seppala, hero of the dash to Nome, made it in 11 hours, six minutes, 33 seconds. Lay-out shows Chateau Frontenac; upper inset, Emil St. Goddard, three times winner of the Derby; lower inset, Leonard Seppala, last year's winner in record time.

### LAND ACT

#### Notice of Intention to Apply to Purchase Land

In the Alice Arm Division of the Land Recording district of Prince Rupert and situate about two miles up the North-east Fork road from Alice Arm, adjoining the North-east Fork of the Kitsault River.

Take notice that I, Cornelius Marshall Smith of Alice Arm, B. C., occupation, miner, intend to apply for permission to purchase the following described lands:—

Commencing at a post planted at the North-west corner of Lot 57, Kitsault Flats, thence 20 chains westerly; thence 20 chains southerly; thence 20 chains easterly; thence 20 chains northerly and containing 40 acres more or less.

ADVERTISE IN THE HERALD

### Secretary Van. Stock Exchange Gives Outline

Holding the view that the public generally does not appreciate the exact service which a stock exchange gives to a community, A. E. Sprague, secretary of the Vancouver Stock Exchange, has briefly outlined the evolution of exchange practice.

"With the founding of the first joint stock companies for the purpose of floating legitimate business enterprises, some method of trading in stocks became absolutely necessary," stated Mr. Sprague. "Such a situation led to the founding of the London Stock Exchange more than 150 years ago. The exchange gave a service in permitting investors to remove their funds from one business and place them in another. It informed investors of the market value of their holdings and kept money in circulation.

"The principles of trading have not changed. With the tremendous growth and improvement in methods of financing companies, stock exchanges are today one of the basic needs of our modern commercial life. The operations of the Vancouver Stock Exchange are founded on a charter passed and approved by the Provincial Government. Principals are fundamentally the same as those in force in London, New York and other great financial centres."

This week's prize for brightness goes to the boy who, on being asked how old a person born in 1890 would be now, inquired: "Man or woman?"

Making love does not take so long as it used to, according to a woman writer. And it doesn't stay so long, either.
