## Silver Crest Co. Commence Season's Work in North

Another shipping mine will be added to the list in the district during the coming summer, as soon as equipment is installed on the Saddle property at Hastings Arm, by the Silver Crest Mining Co. who are operating the property.

A complete tramway, consisting of steel towers, buckets, cables etc. left Vancouver on May 11th. It is the intention of the company to instal the tramway as soon as possible. A camp will be established at the top of the hill; compressors will be installed, so that mining can be carried on economically.

Development work on the Saddle will consist of a drift on the vein which has been traced for some 900 feet. This drift will give a depth of over 200 feet below the collar of the shaft where such good results were obtained during last season's development work.

The company will also again carry on development work on the Silver Crest at Stewart. This property lies north of the Big

Missouri, and diamond drilling will constitute the major portion of the work this year. Drilling will commence as soon as snow is off the ground.

The Silver Crest Mines Ltd. is in a very strong financial position.

They have \$40,000 in the treasury for immediate needs, and as development work warrants, there will be available any reasonable amount to carry out the completion of their plans.

The Silver Crest has now among its stockholders, quite a number of the old Big Missouri backers. Among these may be mentioned Mr. Gregory and Mr. DeHaset. The latter being one of the directors of the Silver Crest Company.

P. E. Peterson, of the firm of Brewer and Peterson, consulting mining engineers of Vancouver and Victoria, will again be in charge of operations, and under his capable management big results can be expected.

## Development Work on Musketeer Group Commenced

The Musketeer Group, which is controlled by Messrs. R. D. Brown, Fry, and Holmgren of Seattle, will be developed this year. Ed. Pickett will be in charge of operations, and he left yesterday with two men, to commence work.

The Musketeer lies between the Wolf and Tiger. It adjoins both properties and is located in the heart of the rich silver belt of the upper Kitsault Country. It has some splendid surface showings of ore, and these will be developed by open cuts.

The location of the Musketeer is considered one of the best in the camp. On the north is the Wolf, whose wonderful surface showings compare with anything on the continent, and which has been proved by diamond drilling to carry good values at depth.

On the south it adjoins the Tiger, where development has been instrumental in developing a large tonnage of milling ore, in addition to shoots of extremely high grade.

Some development work was done on the Musketeer in 1920, but since that date, it has been neglected. It is expected, however that this year's work will considerably enhance the property and that the Musketeer will soon be in the producing class.

## Alice Arm Chamber of Mines Meeting on Monday

The regular monthly meeting of the Alice Arm branch of the British Columbia Chamber of Mines will be held in the School House on Monday evening next, May 21st. All members are requested to attend.

## Celebrated Preacher Will Conduct Mission

Commencing on Sunday, May 27th. and continuing until Sunday, June 3rd. both days inclusive, Father I. Morarity, the celebrated preacher, will conduct a Mission at the Catholic Church. Services on Sundays will be held at 9.45 a.m. and 7.30 p.m.; on week days at 9.30 a.m. and 7.30 p.m. A cordial welcome is extended to all.

## GRAMOPHONE FOR SALE

A McLagan Gramophone in first-class condition, with 140 records, composed chiefly of classical music. Gramophone has nice tone and is a bargain. For further particulars and price apply Mrs. T. J. Kirkwood, Anyox Mine. Phone No. 248.

The Herald printing plant is equipped to handle any class of printing from a visiting card to a mining prospectus. A fair price and prompt delivery.

## Interesting Lecture Given on Democracy by Professor

To a large audience on Monday night Professor Boggs presented the case for the "necessity of revising our whole scheme of democratic life so that knowledge rather than prejudice may be the deciding factor in our life."

He pointed out that the dissatisfaction of leading thinkers with the meagre achievements of democracy is traceable to the two great difficulties which beset the upward progress of government by the people. These difficulties are firstly, the deliberate concealment or perversion of truth by those whose advantage is served by the obstruction of knowledge; secondly, the indifference of the average voter.

The remedy, said the professor, lies in an enlightened public opinion

to which is given full freedom of expression. Democracy, to protect itself, must guarantee the "free interchange of ideas." As an epoch-making example of the power of public opinion, Professor Boggs described the proceedings of the Institute of Pacific Relations as the "first real attempt of peoples rather than governments to achieve political co-operation."

Concluding, the lecturer traced the uphill fight of the Anglo-Saxon race to the advanced stage of self government which it has achieved today, reminding his audience that further progress depended upon the acquisition of knowledge, abandonment of prejudice and a rational constructive use of the franchise.

## Work Done by Commu- nity League Extolled By President

As Chairman of the meeting in Recreation Hall on Monday night Mr. O. G. Macintyre used the opportunity to present some interesting facts concerning the Community League to a large audience. He showed that the movement had grown out of a desire among the residents to determine the nature of their leisure time activities. The League, said Mr. Macintyre, now enrolls 61½% of those on the Beach pay roll. He made an earnest plea to non-members to affiliate at once. To date, he said, the League has disbursed some fifty thousand dollars in Community welfare work, including library facilities, gymnasium upkeep, athletics, and picnics, etc. This year again the league will maintain a boat service to Larcomb Island. Plans for a new and better gymnasium are ready. Suggestions and discussion will be welcomed at all council meetings. Dramatics which have been allowed to languish will be revived again. Mr. Macintyre also exhorted his hearers to note the example afforded by the hotel garden and to adopt a scheme of beautification with the idea of making Anyox "a finer, nicer, prettier place to live in."

## Anyox P. T. A. Meeting On Monday

The regular May meeting of the P. T. A. will be held on Monday evening at 8 o'clock in the public school. Business will include the selection of a Nomination Committee. Mrs. McMaster will present a report of the last convention and Mr. Fordyce-Clark will speak on "Modernising the Curriculum."

## Night School Winter Term Successful

The night school classes held at Anyox during the past winter experienced a very successful season, and the attendance of pupils was very encouraging to the instructors. Following is a report of the attendance and number of classes operating:

Number of night sessions during season, 524.  
Total number of hours, 1048.  
Total number of school days, 222½—approximately 1½ years.  
Number of teachers employed, 10  
Number of subjects taught, 10.  
Number of classes conducted, 13.  
Aggregate attendance for the season, 68,958.40.  
Average attendance per night, 131.60.  
The number of males enrolled in the classes were 157; females, 40; making a total enrollment of 197.

## ALICE ARM NOTES

E. Aabusson, a former resident of the camp, arrived last week and has taken his old position at T. W. Falconer's store.

A. McGuire, manager at the Silver Cord property arrived home on Monday from a business trip to Vancouver.

L. H. Hinton, who has been doing survey work at the Esperanza, left on Thursday for Prince Rupert.

A. C. H. Gerhardi, general manager of the Toric Mine, left on Monday for Vancouver.

W. G. McMorris, president of the Kitsault-Eagle Silver Mines Ltd. arrived on Thursday from Vancouver, and will make an inspection of the Silver Cord property.

## T. W. Falconer Elected Conservative Candidate Much Business Carried At I. O. D. E. Meeting

The conservative convention for the purpose of nominating a candidate was held at Anyox on Wednesday evening. The name of T. W. Falconer of Alice Arm was the only one before the meeting and he was elected unanimously as the standard bearer for the Conservative cause of the Atlin riding in the forthcoming election.

T. W. Falconer is well known in the north. He was one of the pioneer business men of Stewart and later in 1915 moved to Alice Arm and erected one of the first business blocks in the town, where he has since resided.

The meeting also elected officers for the Atlin Conservative Association for the coming year, which are as follows:

Hon. President, Hon. R. B. Bennett.  
Hon. 1st. Vice-President, Hon. S. F. Tolmie.  
Hon. 2nd. VicePresident, J. C. Brady.  
President, E. Love of Stewart.  
Secretary-Treasurer, J. Scott of Stewart.

Executive Committee: J. F. Callbraith of Telegraph Creek; C. Sands of Atlin; J. A. Anderson of Alice Arm; E. Blundell. H. Selfe, I. Bassett, G. A. Warwick, H. B. Porteous of Anyox.

## Railway Open For Traffic

The Dolly Varden railway track is now clear of snow to Camp 8, and gasoline speeders are now being operated to end of steel.

## Much Business Carried At I. O. D. E. Meeting

Collison of Kincolith Chapter I. O. D. E. will attend an Anniversary service in the United Church on Sunday, May 27. This decision was reached at the May meeting on Tuesday.

Mrs. McLachlan was elected Echo Secretary and the Chapter voted a donation to the Cenotaph to be built in Prince Rupert.

Following an interesting address by Professor Boggs, refreshments were served to a large number of members and guests who welcomed the opportunity of hearing the distinguished visitor. It was in anticipation of this lecture that the meeting was postponed until Tuesday.

The musical program for the occasion included a piano solo by Mrs. McKay and vocal numbers by Mrs. Pinckney with Mrs. Kent as accompanist.

## Marriage of Popular Anyox Couple

In the presence of relatives and intimate friends on Monday evening Rev. Father Champagne read the marriage service whereby Miss Rita McDonald, daughter of Mrs. J. McDonald of Anyox, became the bride of Mr. Jack Turnbull. The bride who was given in marriage by her brother Cyril, was attended by Miss Nancy Wilson, while Mr. Jack Hill acted as groomsmen. A delightful reception followed the ceremony, a large number of friends showering the happy couple with good wishes. Mr. and Mrs. Turnbull will reside in Anyox.

Speaking in the House of Commons at Ottawa, D. J. Cowan, M. P. for Port Arthur, urged the encouragement of capital investments in the development of the mining, pulp and power industries of Canada, which afford full-time employment, three shifts a day, and are not seasonal industries. He added: "I believe if Canada, without losing one bushel of her wonderful western wheat crop, can continue to develop her mining industry, now more than half the annual value of the wheat crop; if she can continue to develop her pulp and paper industry, now more than half the value of the wheat crop to the limit of the market to absorb that paper; if she can continue to develop her white coal that never goes on strike; then I say to you she is marching along the lines toward that destiny that these rich natural resources entitle her to among the nations of the world."

The Anyox Community League is worthy of the support of every resident in Anyox. President O. G. Macintyre, at a recent meeting stated that sixty one and a half per cent. of the Beach residents were members. This is not enough; it should be a hundred per cent. membership. The Community League activities are many and varied, and whether or not one pays his small monthly due he reaps a benefit. Fifty thousand dollars have been spent by the League since it was organized, and the people of Anyox have received their money's worth. The officers of the League are giving their time lavishly to make it even more efficient than in the past, but to succeed they must have the whole-hearted support of everyone. If you are asked to take out a membership ticket, dig up cheerfully, or better still, walk right up and say you appreciate what is being done to make conditions better in the camp during the leisure hours. You'll feel better and make the officers of the League feel better by your individual boost.

We were the recipients of several congratulatory remarks during the

week, regarding the publication of a portion of the speech made by Dr. H. T. James. These remarks made by a number of our subscribers are appreciated, for they show that our efforts to publish a paper that has the interests of this district at heart are not lost. We have always striven to give our readers a full news service of anything pertaining to the district's welfare. Through hard times and easy we have carried on, and with the co-operation of the people of Alice Arm and Anyox we expect to carry on long after the Alice Arm district is among the big producers of the province.

Bim—I was shocked to know that he had eloped with your wife. I always thought he was your best friend.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407, making its mineral production to the end of 1926, show an

**Aggregate Value of \$988,108,470**

The substantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for five years, 1921-1925, \$214,726,650; for 1926, \$67,188,842.

**Production Last Ten Years, \$429,547,755**

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

**THE HON. THE MINISTER OF MINES,  
 VICTORIA, British Columbia**

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

### Directors Elected For George Copper

P. M. Linklater of Victoria was elected president of the Consolidated's George Cold-Copper mines subsidiary at the annual meeting of shareholders held April 14th. at the head office in Vancouver.

The board was re-elected as follows: George M. Kilburn and Mel. O'Brien of Vancouver, Consolidated Mining and Smelting Co., engineers; W. B. George, Mrs. W. B. George of Stewart, B. C.; Jack Mullen of Ingenika, B. C.; and Richard Jones of Victoria.

"The diamond drills were started last year, and work was continued until late Fall," the managing director's report presented to the meeting said. "Two holes were drilled to depths of 1,174 and 1,027 feet, and more diamond drilling will be resumed this year."

### Tie Contracts Let For Stewart Railway

Contracts were let this week, says the Stewart News of May 4th. for 5000 ties for rehabilitation of the Canadian Northeastern Railway, to be delivered on the right-of-way between Stewart and Bitter Creek, and the work of cutting them has commenced.

The sawmill and camp equipment are aboard the Chilcoot, which is expected in at any time.

A caterpillar tractor broke through as far as Bitter Creek roadhouse yesterday and the road should be open for trucks within two weeks, although in the timber around Bitter Creek there is still over two feet of snow.

**ANYOX NOTES**

Professor Boggs, the famous lecturer, arrived on Monday from Vancouver.

Miss Abramson and Miss W. M. Sutherland arrived on Monday from Vancouver.

Among the arrivals on Monday, were: A. Gobni, C. Platsowe, C. D. Ascension, A. Poole, Miss Hilditch, Mrs. Doire.

Rev. C. D. Clarke was a south-bound passenger on Monday.

Mr. and Mrs. R. M. Riblet, who have spent a short time here returned south on Monday.

Mrs. Patrick, who left last week for Vancouver, is attending the conference of the United Church, which is being held in that city.

Robert Creelman arrived on Thursday from Vancouver,

Billy Holland arrived on Thursday from the south.

Mrs. D. MacKenzie arrived home on Thursday from a visit to the south.

F. Appleyard arrived on Tuesday from Vancouver.

Frank Hill returned to town on Thursday, after an extended vacation spent in southern cities.

P. E. Peterson, general manager at the Saddle Mine arrived in Anyox on Thursday in connection with the season's work.

T. Spring, was an arrival from the south on Thursday.

Mr. Jack Hill formerly of the Drug Dept. of the Granby Stores said farewell to Anyox and a large circle of friends on Thursday. He will be greatly missed in athletics especially basketball.

Professor T. H. Boggs left for the South on Thursday. This was the professor's first trip to this section of the province. While here he was shown over the plant, manifesting great interest in the workings. On Wednesday afternoon Dr. Boggs delighted the spectators at the tennis courts with a flashing display of form in company with Messrs. Macintyre, J. L. Stewart, and McRae.

**New Mining Magazine Issued in Vancouver**

We have received the first number of the "British Columbia Miner," which its publishers announce is devoted to the interests of the mining industry of Western Canada in general and B. C. in particular. It is well printed and illustrated and is a most readable production.

The B. C. Miner is brought out by the responsible firm of Gordon Black Publications Ltd., 616 Metropolitan Building, Vancouver, B. C., publishers of the British Columbia Lumberman, and the B. C. Municipal News.
