MONDAY, JUNE 27, 1898.

EDITORIAL NOTES.

REMEMBER the Opposition party is pledged to the introduction of a fair measure of representation, so that all men in the province may be placed upon an equal footing. At present it takes six votes in some of the constituencies on the mainland to equal one vote in some of the constituencies on the island, thereby demonstrating the fact that partial representation only exists at present.

THE people of the upper and lower Okanagan districts can thank Mr. Donald Graham and the Opposition party for the speedy commencement of the Penticton-Boundary Creek railway, the construction of which will be under way in a few days. When the government offered a cash bonus of $4000 per mile to anyone who would build the road, Mr. Graham insisted on a provision being imposed that work should start at Penticton, and that the limit of time within which the bonus would be available should be fifteen months or until August next. The intelligent electors of the riding of East Yale will not overlook this fact on the 9th day of July.

THE cordiality of Mr. James Martin's reception at Boundary Creek cannot but have given him both gratification and encouragement. Both at Greenwood and Midway the meetings of electors were well attended and thoroughly representative. At neither was there anything but unanimous support of the Opposition candidate. If there were any opponents present they lay low. Mr. Martin's plain practical addresses were attentively listened to and well received. His candidature was heartily supported by several local men in both towns, but by none more ably than by Mr. Duncan Ross, whose terse and pointed sentences, clearly and deliberately spoken, were effective and convincing. The unobtrusive earnestness of Mr. Martin throughout his visit, was in marked contrast to that of Mr. McKane—since chosen to oppose Mr. Martin—and his friends, who left in their wake nothing but falsehood, froth and empty bottles.

SOLID FOR MARTIN.

The Opposition Candidate Cordially Received at Greenwood.

The first election meeting in the Boundary Creek district in connection with the present campaign was held at Greenwood last Friday evening. The notice had been too short to widely announce the intention to hold the meeting so that few outside of the town had heard of it, yet there was a numerous attendance and, too, a very representative one. Upon entering Rendell's hall, Mr. James Martin, the opposition candidate in the forthcoming provincial election, was received with a hearty round of applause. Mayor Wood was voted to the chair and he at once called the meeting to order. He said that as the meeting had been called to hear an address from Mr. Martin, he would only now state that he had known Mr. Martin for a number of years, and had always found him an enterprising open-minded, fair-dealing man. Should he be elected, as there was every reason to believe he would be, they would find him a very useful man and just the kind of representative the electors require.

Mr. Martin said that, as they were all aware, he had been chosen by the Opposition convention, held recently in Rossland, to contest the ensuing election as a straight Opposition candidate. At that convention a platform was adopted, to which he would now direct their attention. Taking its planks in their order he first dwelt upon the injustice done to the Boundary country by tacking it on to the Rossland Riding of West Kootenay Electoral District. Under the Re-distribution bill passed smaller electorates had been given two representatives. Wherever the government had felt sure of carrying a district they had provided for two representatives, but where they thought they might not succeed they had allowed for only one member. The electors of Rossland fully recognize that the Boundary country is entitled to separate representation and would make every effort to secure it as early as possible. As to the next two planks, he did not think that even government supporters could reasonably object to an adjustment of the representation of the province on a general equitable systems nor to reorganization of the Civil Service with a view to greater efficiency and economy in administration. As to spending money on public works—government supporters claim that in this connection the government is progressive. The Opposition does not object to borrowing money for necessary public works, nor to the government spending money in a legitimate manner, but it does object to the methods of the government, which are aimed to benefit individuals or companies rather than the general body of electors. He thought they were all agreed that it is necessary to discourage the immigration and employment of orientals. In this connection the illegal employment of Chinese in the Island coal mines was mentioned. The reservation of coal lands was next dealt with, and Col. Baker's interest in the B. C. Southern Railway company was mentioned as an instance where the government had neglected its duty of protecting the province and had instead squandered its lands for the benefit of one of the ministers. The repeated renewals of the B. C. Southern charter, so as to give Col. Baker an opportunity of selling it, were condemned by the speaker, who also pointed out that had it not been for the firmness of Hon. Mr. Blair, who compelled Col. Baker to disgorge 50,000 acres of the lands, the whole of those valuable coal lands would have gone to Col. Baker and his capitalistic associates Messrs. Jaffrey and Cox. It is disgraceful that they had to go to Ottawa to get Federal ministers to secure to the province the protection its own ministers denied it. The repeal of the Mortgage Tax is necessary, since it is a double tax—first upon property itself and next upon money borrowed on the property. The miners of these districts are submitted to an injustice in having to take out a Free Miner's License, before they may work in the mines, whilst the coal miners of the Island go free in this respect. Government control of railway rates is necessary, and it was a move in the right direction when the Federal government retained control of the transportation rates on the Crow's Nest Pass railway. He favored an increase in the tax on wild lands, much of which was held by speculators who who would neither improve it themselves nor sell at a reasonable price to others who would. The government had facilitated the acquirement of large areas of land for speculative purposes by individuals like Hon. G. F. Vernon, whilst intending settlers coming into the country were unable to get suitable land. The government also refrained from pressing for payment of arrears due by large timber owners, whilst small mill men were closely watched and compelled to pay up promptly. He agreed with the Miners' and other Labor Unions which support an 8-hours' labor day and a weekly day of rest as against the American system of working 10 hours a day seven days a week. How could they expect to improve the community if men have to work from Monday morning until Sunday night, with little or no time for recreation and self improvement.

Mr. Martin concluded a very practical address, which was attentively listened to and frequently applauded, by mentioning that he had been informed that Mr. John McKane, of Rossland, was to be his opponent at this election. Personally he liked Mr. McKane but not his politics. The Rossland "Miner" had first stated that a Government association was to be organized in Rossland but it was found that there as elsewhere, the government was so discredited that an Independent party was formed instead. But as in the case of the turkey which paraded as a peacock, one had only to poke up the Independent's feathers to find him the same old government buzzard. The government supporters at Rossland were getting desperate—they were like drowning men catching at straws. But the Opposition were going to beat them out of sight at Rossland, just as he was confident they would also do at Boundary Creek. If there were any government man present who would like to speak he invited him to do so now.

No one responding to Mr. Martin's invitation, Mr. Duncan Ross, who was called upon to speak, said that it was the policy of the Opposition to allow the freest discussion of public questions. During the ten years he had been in the province he had never known of an opposition meeting—and he had attended many of them—where such discussion had not been permitted. He had, though, been at Government meetings where every effort and every expedient had been used to choke off free discussion. He hoped that if Messrs. Turner and Eberts visit this district, they will do as the Opposition do in this matter, but should they do so here it will be only because the force of local public opinion compels it. They had before them the recent instance of the Chilliwack meeting where, after agreeing to give prominent Opposition speakers time to address the meeting, they broke their agreement and so choked off discussion. Mr. Martin, the opposition candidate for this district, is pledged to a platform which recognizes the right of the Boundary country to separate representation in the Provincial Legislature, and the necessity for political

[LS] THOS. R. McINNES.

CANADA.

PROVINCE OF BRITISH COLUMBIA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c.

To Our faithful the Members elected to serve in the Legislative Assembly of Our Province of British Columbia, and to all whomsit may concern,—GREETING.

A PROCLAMATION.

D. M. EBERTS, Attorney-General. WHEREAS We have thought fit, by and with the advice and consent of Our Executive Council of Our Province of British Columbia, to dissolve the present Legislative Assembly of Our said Province, which stands prorogued until summoned for dispatch of business.

NOW KNOW YE that We do, for this end, publish this Our Royal Proclamation, and do hereby dissolve the Legislative Assembly accordingly, and the members thereof are discharged from further attendance on same.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent, and the Great Seal of British Columbia to be hereunto affixed: WITNESS, the Honorable THOMAS. R. McINNES, Lieutenant-Governor of Our said Province of British Columbia, in Our City of Victoria, in Our said Province, this seventh day of June, in the year of Our Lord one thousand eight hundred and ninety-eight, and in the sixty-first year of Our Reign.

LOCAL AND DISTRICT.

Mr. Leslies Hill C. E., went through to James creek and Osoyoos last week.

Mr. Angus Stuart passed through Midway on Thursday's stage, on his way to Fairview.

Mr. Chas. Gire came over from Upper Grand Forks last Thursday and spent a day or two in Midway.

Mr. W. H. Norris, proprietor of THE ADVANCE, left for Vernon on Monday 20th inst He expects to be away about a fortnight.

Mr. G. B. McAuley, secretary of the Cariboo M. M.S. & Co., accompanied by Mr. W. H. Young arrived in Midway on Thursday,

Reminder is given that bids for fence rails and wild hay, must be at the Midway company's office not later than Thursday next 30th inst.

Mr. G. H. Maurer who will act as secretary for the Smuggler company in Fairview, is expected to arrive at that point in a few daws.

The C. P. R. surveyors resumed work at Midway last Wednesday and have since been engaged in running a line westwards up the Kettle River valley.

Mrs. McMynn and her little daughter Alice, went out on last Thursday's stage. They are going east to spend a few months visiting relatives and friends.

Work on the irrigation ditch in course of construction for Messrs. Lamb Bros. was well advanced last week under the supervision of Mr. W. D. Glaze.

Mr. E. J. Coyle, C. P. R. District Passenger Agent, Vancouver, came in from Penticton on Friday on a business tour to Boundary Creek district in the interests of his department.

A party of railway surveyors, in charge of Mr. A.B. Ross, reached Penticton last week, having just come down from Glenora. They are to push on with the survey of the V. V. & E. line eastwards towards Midway, the charter for which line is now held by the Mackenzie and Mann syndicate.

Mr. D. M. McDougall of Fairview has secured the contract for the building of the new road which will connect the Stemwinder claim with the Tin Horn mill at Fairview. This road is being built so that ore may be taken from the above mentioned claim for milling purposes.

As a result of the much improved prospects for business at Fairview, Shatford & Co, will within the next month start the erection of a very large store building on the Ellis townsite. This energetic firm whose business is constantly increasing, has establishments at Vernon. Fairview, Camp McKinney and Slocan.

Political meetings at which Mr. Donald Graham will be present, will be held at the following places on the dates specified, viz., at Trout Creek, June 27; Okanagan Falls, June 28th; Fairview, June 30; Keremeos, July 1; Rock Creek, July 4; Sidley, July 5; Camp McKinney, July 6th. As much interest is being taken in the approaching election no doubt large audiences will be present at all of these meetings.

A dishonest contractor and a still more dishonest overseer are responsible for the great amount of inconvenience to which the travelling public are put, who have to make use of the road which leads from Fairview to Camp McKinney. At a point near the bridge which crosses the Okanagan river the road for some distance is under water even at the present time. The annoyance especially to pedestrians has been a recurring one for the past four or five years, and it is about time for something to be done in the matter.

MINING NOTES.

From a recent run of 20 days by the Joe Dandy mill, which is owned by the Fairview Gold Mining company, and which mill has a capacity of 10 stamps, it is said $5,000 was the result of the clean up.

Mr. E. M. E. Munns, representing the Recordia Syndicate, of London, England, has lately had several men at work on a group of claims situate on Baker creek, a tributary of Rock creek. The work has been directed by Mr. J. Hole, who was also foreman for the syndicate on the Anaconda group near Greenwood.

The owners of the Morning Star, in Fairview, are engaged in taking out 600 tons of ore from the east vein on their property. This ore will be conveyed to the Joe Dandy stamp mill and there treated. There is a force of 10 men working on the claim. Although a depth of 140 feet has been reached by one shaft sunk upon this vein, the ore now being mined is being taken from nearer the surface, another shaft having been sunk to a depth of about 40 feet, from which drifts are being run, which will be continued a certain distance and then the ground will be stoped out. The vein which is well defined, is about five feet wide, and judging by its appearance the ore will upon treatment uphold the enviable reputation of the Morning Star.

(Continued from page 2.)

reform. He knew of no man more likely to carry out those pledges if elected—as it is certain he will be. (Applause.) Personally he had always been opposed to the present government's policy of favoring small districts, whilst it neglected the big mining districts of the province. Whilst he had always respected conscientious political opponents he had no respect, under existing conditions, for any local supporters of that government. This is no ordinary fight for us—it is a fight for our political rights, our political life, and any man who supports the the party that had denied these to the Boundary country is a traitor to the district. This government party had told them that they had only one tenth of the right to representation that a farmer of Esquimalt had; that Cassiar *was entitled to twelve times more* voting power than they. The election dates had been so arranged that Cassiar is to be a refuge for defeated Cabinet ministers, who are sure of election there. To make their election doubly sure ministers had inserted in the bill a provision to allow any one to register as a voter in that district right up to the day of election so that if necessary they might send up a sufficient number to enrol as voters and so carry the election. But the Opposition had made a stubborn fight and defeated this proposal. Mr. Martin had already covered the Opposition platform, so he would only now point out that the Redistribution Bill was not the result of a well-prepared plan of action, but was the refuge of a cowardly administration. The draft bill recognized the right of this district to its own member, but when at the dictation of a powerful company, which was opposed to the granting of the Corbin charter, it had to antagonize the public sentiment of the whole district, it became alarmed, and, being afraid of the Boundary Creek votes, it deliberately violated its solemn pledges and gerrymandered the district. He thefore repeated that any elector who supported that government was a traitor to the district. Although Mr. McKane is promenading in the ragged mantle of independence, he is simply in the field because it would look bad to allow the Opposition to carry the district by acclamation, for his supporters must know that they have no chance of returning him. He—the speaker—hoped that every man present would remain and assist in forming a strong committee. They intended to win this fight and to make the provincial government—not its nominee Mr. McKane—forfeit $200 for its temerity in running a government candidate in this district. (Applause.)

At Mr. Martin's suggestion organization was then proceeded with. Mr. Thos. Hardy was appointed campaign chairman and Mr. Ross secretary, and committees were chosen as follows:—

Voters' list committee, Messrs. D. Ross, H. B. Munroe, J. W. Grier, Alex. Currie and Jas. Kerr.

Transportation committee; Messrs. M. J. Phelan, W. F. Keith and D. C. McRae.

Special committee: Messrs, Thos. Hardy, A. S. Black and Geo. R. Naden.

The committees then settled down to discussion of details of the their work.

MEETING AT MIDWAY.

On Saturday evening Mr. Martin held a meeting at Midway. Despite the unavoidable shortness of notice, there was a good attendandance of residents and several prominent Opposition supporters also attended from Greenwood. Mr. E. Jacobs was voted to the chair.

Mr. Martin in his address went over much the same ground as he covered the previous evening at Greenwood, adding a few more facts to show the peculiar and unsatisfactory methods of the Turner government in dealing with public moneys and lands. As at Greenwood, Mr. Martin invited any government supporter, if any were present, to address the meeting, but no one responded, Messrs. Robt. Wood, D. Ross, Thos. Hardy, and Hugh Murray, spoke in support of Mr. Martin's candidature and against the government.

During the meeting the falsehood circulated by the Grand Forks "Miner" to the effect that Mr. Martin had promised to put in a big hardware store at Greenwood if given the support of Boundary Creek votes at the recent Opposition convention, was emphatically denied by Messrs. Martin and Koss. The proceeding terminated with votes of thanks to the visitors and chairman. A meeting was afterwards held by several local voters who arranged to take steps necessary to secure the polling of all available votes on July 9th.

OFFICERS OFCOMPANY:

- - - - PRESIDENT
D. A. HOLBROOK - - - - - - MANAGER
E. JACOBS - - - - SECRETARY-TREASURER

BANKERS:

BANK OF MONTREAL - - VERNON, B. C.

DESCRIPTION.

On the "D. A" is a vein about 20 inches wide, with a pay-streak of 4 to 12 inches; from this 8,653 lbs. of ore was shipped to the smelter, giving $103.15 gold per ton, silver 74 7-10 ozs., and 2 per cent. lead. A tunnel is being driven on this vein from which ore is being taken. On the same property is a larger vein (quartz) carrying galena and pyrites.

The "G. A. R." has a 30-foot shaft sunk on a 2-foot vein, heavily mineralized with an intimate mixture of iron and copper pyrites, galena, blende and silverglance. The finest pieces of wire silver found on Boundary Creek were taken from this shaft. Average assays from different places across the vein gave $8.00 gold, 50 ozs. silver; also $8.00 gold and 150 ozs. silver and one, the latest return—$15.05 gold and 196 4-5 ozs. silver per ton.

On the "Big Ledge" is a 10-foot quartz vein, mineralized with iron pyrites. This vein has been opened up by cross-cuts on the surface for 500 feet. A narrower vein has been opened up, being one foot wide, carrying considerable copper pyrites, and runs into the main ledge as a spur, on which a tunnel of 10 feet has been driven. Average assays gave $33 gold and 1 1-10 ozs. silver, and $19.35 gold 17½ ozs. silver, 2 per cent. copper

The "S. F." lies between the G. A. R and D. A., in the direction of the strike on the G. A. R. vein. This location has been made on a vein of pyrrhotite.

The "O. B." has two distinct veins one 25 feet wide which, from its strike and general character would seem to be the same vein as that on the Big Ledge, although sufficient has not been done to make this conclusive. The second vein has at present a width of nearly three feet. Assays have shown values in gold from $4.00 to $170.53, while a conservative sampling by Mr. S. S. Fowler, M. E. gave $20.00 in gold.

On the "S. H. B." are two converging veins of copper and iron pyrites, on which work is now being done. An average assay gave, gold $1.50, silver 16¾ ozs., copper 11.96 per cent., or $40.44 for all values.

The "Fred D." was located in December, 1895, more as ground for a basis for mining operations for the other claims than for its present value, although there is little doubt that the large vein on the O. B. runs through it. There is a small vein of galena on this claim.

The "J. A. C." has a large iron-capping running through it from the Anaconda, at a depth of a few feet. The ore carries a considerable percentage of of copper and $10 in gold.

The remaining six claims are all good prospects, but as yet very little development work has been done on hem.

This company is registered under the Companies Act, 1890, and amending acts, in the office of the Registrar in Victoria, B. C., for 1,500,000 shares at $1.00, non- assessable, of which a portion of the Treasury stock is now offered at 10 cents a share on application to the company.

Certificate of Improvements.

Notice.

GILT EDGE MINERAL CLAIM.

Situate in the Kettle River Mining Division of Yale District. Where located:—In Greenwood Camp, on the east of the Montezuma mineral claim.
