E. & N. TRACK-LAYERS REACH THE SUMMIT

More Men and Faster Work From the Top of the Hill Down to the Terminus---Railway Wharf Will Soon Be Ready.

The track-laying gang on the Port Alberni extension of the E. & N. railway was increased this week, and more rapid progress will now be made.

The rails will be laid as far as the Summit today, and the construction train locomotive is billed to sound its whistle at that point this afternoon.

The grade from Cameron lake to the Summit was rough and much cutting and ballasting work had to be done which accounts for the delay in getting that far with the steel. From the Summit to the terminus there is but very little work that will give as much trouble as that just passed, and August 15 is set as the time limit for the track-layers to reach Port Alberni.

Bridge work is so far advanced that there will be no more delay on that account. The Culliton Brothers, bridge contractors, expect to be able to remove the last of their outfits from the work within five weeks.

Work on the railway wharf at Port Alberni is nearing its finish, and the structure will be ready for ships and freight by July 1.

Joint Church Service on Coronation Day

A service will be held in All Saints church, Alberni, on June 22, Coronation day, to mark the great event of the Empire, the Coronation of King George V in the Abbey church at Westminster.

The special psalms will be xx, ci, cxxi. The special lessons Joshua i to v. 10; Romans xiii to v. 11.

The Rev. Mr. Reid and Rev. Mr. Miller, representing the Presbyterian and Methodist church respectively, will read the two special lessons and will be assigned seats in the chancel.

There will be a short reading describing the details of the Coronation ceremonies.

Service will begin at 9 a. m. and last about 45 minutes.

All are cordially welcomed.

Organized bodies are invited to attend officially and will have special seats allotted them.

With a rod, reel, line and fly, S. H. Toy landed from the Somas river on Thursday afternoon a fish weighing 7½ pounds and measuring 30 inches in length. There is no dispute about the weight and measurement of the fish, but there is a difference of opinion as to what kind of fish it is, trout or some kind of salmon.

Mail Is Burned on Gasoline Boat

The gasoline launch Ganges, which since the sinking of the steamer Iroquois had been carrying the mails between Sidney and Nanaimo was destroyed by fire on Monday morning at Ganges harbor.

The Ganges had been delayed and reached Ganges harbor on Sunday night. She tied up to the wharf. On Monday morning when the crew were starting the engines the fuel caught fire, and the flames spread with great rapidity, enveloping the vessel in quick time. The mail on board was burned. The burning vessel was hauled away from the wharf to prevent the fire spreading, and was beached fifty yards away, where the fire completely destroyed her. The launch, which was owned by Mowat Bros., the storekeepers at Ganges, was not insured. She is a total loss.

For Fishermen.

The Alberni Hardware company will give a prize of a steel trolling rod, equipped with full nickeled trolling reel, to the party catching the largest game fish with rod and line in Sproat lake.

The competition closes on November 15, 1911.

A statement of the catch must accompany the entry as follows:

Name of the fisherman.

Part of Sproat lake caught in.

Witness of catch, if any, if not vouched for.

Time of day caught.

Length of fish and weight.

Class of fish.

The fish must be weighed in by a merchant in either of the towns, and endorsed on the specification stating the hour of weighing.

Freak fish, eels, whale killers, sharks or sea lions barred.

There will be a Coronation entertainment in the Port Alberni public school next Wednesday afternoon commencing at 2:30, when the Alberni District Brass Band will appear for the first time in public. There will be a musical and elocutionary programme. The members of the band have been putting in extra practice on patriotic music, and from all accounts are in shape to acquit themselves most creditably.

Liberals Win In Nova Scotia

The Nova Scotia general elections on Wednesday resulted in a victory for the Liberal government, which has carried 27 of the 38 seats in the province. Halifax elects three Liberals with a majority for the highest of 1056 and for the lowest of 705.

A notable feature of the election was the defeat of three members of the government: Hon. C. P. Chisholm, commissioner of works and mines; Hon. B. F. Pearson (without portolio) in Colchester, and Dr. Leblanc (without portfolio) in Yarmouth. Premier Murray had a large majority in Victoria.

The Liberals in Nova Scotia will now have five years more to add to their 29 years of rule.

The Conservatives in the last legislature numbered five, with one independent. They now number eleven. At the last election Liberals were elected by acclamation in Victoria and Antigonish, but at this one all seats were contested.

Methodist Principles.

The Saskatchewan Methodist Conference closed on Tuesday night after a successful week's session. A strong stand was taken on the prohibition question. Recommendations were made that electoral candidates be asked to take sides on the question, and in case of refusal, that a third candidate be put in the field. In the event of one man accepting the principles of provincial prohibition, temperance voters will be urged to support him, regardless of party affiliations.

The conference also voted strongly in favor of church union.

Prize For Potatoes.

The following communication was recently received by the Department of Agriculture at Victoria with regard to the One Thousand Dollar Stilwell Trophy to be given for the best exhibit of potatoes at the American Land and Irrigation Exposition, to be held at Madison Square Gardens, New York, November 3rd. to 12th., 1911, viz.:

"At the American Land and Irrigation Exposition to be held at Madison Square Gardens, New York, November 3rd. to 12th., 1911, there is a One Thousand Dollar Trophy offered for the best exhibit of late potatoes. The exhibit does not necessarily need to belong to one individual, but may be exhibited by a Department of Agriculture, Farmers' organization or by a district. The main point is that the One Thousand Dollar Stilwell Trophy is to be given for the best exhibit of potatoes represented by marketable quality, smooth appearance, flush eyes and uniformity of size. The yield of each variety per acre, which acre must be officially surveyed, must be sworn to by the grower, and attested by two or more reputable witnesses.

It will readily appear to you that the winning of a trophy of this character will advertise your Province at this great exhibition extensively. We are confident that splendid potatoes can be grown in Western Canada, and are very anxious that one or all of the four Western Provinces shall take this matter up in a systematic and careful manner, supplying a creditable exhibit so that, if possible, you may win the handsome trophy referred to.

Will it not be possible for your department to take up this matter. We would like to have a reply from you stating what you would be prepared to do in the way of gathering this exhibit."

For supplying liquor to C. F. Hutton, an interdicted person, Stanley Russell was, on Wednesday, at Nelson, B. C., fined $100 with the alternative of nine months in jail by Police Magistrate Irvine. The fine was paid.

Reciprocity and Fruit.

To the Editor:

Dear Sir,—The Board of Directors of the B. C. Fruit Growers' Association held a meeting at Kamloops on June 3 last, particularly to consider the proposed reciprocity agreement.

Some time has elapsed since this agreement was brought down in the House at Ottawa. The interval has given time for consideration of all the probable results of free trade on our fruit and vegetable industry. The resolution, of which a copy is enclosed, comes then with peculiar strength as the product of serious consideration on the part of our foremost fruit growers.

Whatever may be the effect of reciprocity in its various other items, it is the unanimous opinion of our Directors that it will have a detrimental effect on our fruit industry and it is therefore to be vigorously opposed by all the legitimate means in our power.

Yours very truly,
R. M. Winslow,
Secretary.
R. H. Agur, President.

THE RESOLUTION.

"Whereas, there has been introduced in the Federal House a bill to promote reciprocal trade with the United States,

"Whereas, the proposed reciprocal agreement will permit free trade in fresh fruit and vegetables,

"And whereas, the proposed reductions in duties will have the effect of reducing the prices of our products in Canadian markets,

"Be it resolved, that we the directors of the British Columbia Fruit Growers' association put ourselves on record as condemning the proposed reciprocity agreement between Canada and the United States, as being detrimental to the fruit industry of British Columbia.

"And be it further resolved, that copies of this resolution be forwarded to the Minister of Agriculture of British Columbia; to the boards of trade of the Province; to the agent general of the Province in Great Britain; to all the members of the Dominion House from British Columbia; the press generally, and he federal ministers of agriculture and finance at London."

A report received by the Presbyterian General Assemply, in session at Ottawa on Saturday last, on evangelism and social and moral reform, presented by Rev. Dr. Pidgeon, Vancouver, contained the following paragraph:

"The Protestant church is deserting the congested section; it is losing its life by seeking to save it. It is slowly but surely moving away from the masses of the people and forsaking them to Romanism, judaism or paganism."

R. L. Borden, leader of the Opposition in the Dominion House, started from Ottawa on Monday last on a western tour, accompanied by Andrew Broder, member for Dundas; T. W. Crothers, West Elgin; Col. Hugh Clark, member for Center Bruce in the Ontario House, and George H. Perley, M. P. for Argenteuil.

An enthusiastic and crowded meeting in Nelson, B. C., with the exception of a dozen persons, voted unanimously in opposition to the Dominion Government's reciprocity policy on Friday of last week. The speakers were A. S. Goodeve and Hon. Thomas Taylor, minister of public works. The latter confined himself to provincial issues.

The Canada Gazette gives notice of the incorporation of the Canadian Vickers, Ltd., with a capitalization of $5,000,000, the head office to be at Montreal. The company is given power to undertake all branches of shipbuilding, including the construction of warships.

The minimum penalty for any infringement of the "Bush Fire Act" is $50. The Government is determined to put a stop to open disregard of the act.

A few days ago a vessel on the Atlantic coast, with 300 passengers on board, collided with another ship, and was rapidly sinking when "wireless" came into play, and a distant passerby was called to the rescue. The ship went down, but not a soul was lost. This is becoming a common story. Thus one of the terrors of the sea has been overcome.

A Boston girl who was watching a Sedgwick county farmer milk a cow adjusted her glasses and said, "It is all very plain except that I don't understand how you turn it off."

Fifty Years Ago.

(Victoria Colonist. June 13, 1861.)

Several Titchina Indians, whose place of abode is on the straits near San Juan harbor, made complaint yesterday at the police barracks that a large number of Eucluelet warriors from Cape Mudge had encamped at Cordova Bay and were preparing to make a descent upon the Titchina village. The complaining aborigines seemed half frightened to death at the prospective "cleaning out" they were to undergo at the hands of their enemies and begged for protection for themselves and families. Chief of Police Smith assured them that every possible precaution would be taken to prevent the contemplated raid. They withdrew apparently more at ease.
