VOL. III ALBERNI, B. C., MAY 21, 1910. NO 41

MOVE TO SAFEGUARD THE PUBLIC RIGHTS

Port Alberni Board of Trade Deals With Water Applications in General---The Alberni Land Company and Street End Privileges---Freight Rates.

The Port Alberni Board of Trade held its regular monthly meeting in the Permanent Exhibit building on Monday, May 16th.

The following were present: Messrs. A. D. MacIntyre (in the chair), Love, Ryder, Hilton, Wise, Porritt, Davey, DeBeaux, Ellis, Lowe, McNaughton, Griffin, N. Wood, Stroud, J. A. MacIntyre, Cooper, Blandy, Hanna, Maughan and Waterhouse.

Mr. Hilton reported for the Municipal committee that that body had drafted a resolution for submission to the Board and that letters had been written to the Deputy Water Commissioner and to the Minister of Lands asking that a time-limit be set for all proposed works in connection with water licenses.

Mr. Love moved the following resolution, as drawn up by the Municipal committee:

"That whereas there are several applications for water rights now pending:

"And whereas there is as yet no organised Municipal corporation in this district;

"Therefore this Board, as representing the interests of the inhabitants of this district, respectfully requests the Government to safeguard the interests of the people before granting any water licenses, by only granting licenses to persons or companies who will proceed forthwith to erect works to utilise the water, and by setting a reasonable short time within which such works are to be completed and the water granted utilised."

Mr. Stroud seconded and the motion was carried.

Letters were read from the Deputy Water Commissioner and the Chief Commissianer of Lands, promising to accede to the request of the Board in the matter.

Messrs. D. Lowe, J. A. Maughan, Wm. E. Ryder and Walter D. MacCombe were elected members of the Board.

A letter was read from the Ablerni Board of Trade advising the appointment of a Convention committee of six members to act with a similar committee from Port Alberni.

On motion of Messrs. McNaughton and Ellis the special committee appointed at the January meeting to secure the holding of the League meeting in this district, was thanked for its services and dismissed. Messrs. Carmichael, Waterhouse, Hanna, Cooper, Hilton and J. A. MacIntyre were appointed a special committee to co-operate with the Alberni committee in arranging the League convention.

A letter, dated April 14, was read from the League secretary suggesting that each branch league agree upon some particular road or trail to be endorsed at the League convention.

A letter, dated March 9, was also read from the Ucluelet league favoring an Alberni-Ucluelet-Clayoquot road.

The opinion of the meeting seemed to be divided between the Clayoquot and the Comox road as the one most needed for this district.

Mr. J. A. MacIntyre moved, seconded by Mr. Wise that, a committee be appointed to recommend what new roads are most needed in this district. Carried.

Mr. Wise moved, seconded by Mr. Hilton that Messrs Porritt, N. Wood and Hanna constitute the above committee. Carried.

A letter was received from G. H. Bird dated May 16, 1910, drawing attention to the New Townsite plan of the Alberni Land Co., which was about to be registered, and which failed to show the street east of Block 115 and running from Argyle Street northward to the waterfront. Mr. Bird also stated that his lease and deed from Anderson, & Co., showed a 66 foot street east of his property.

A general discussion followed in which most of the members present participated. A copy of the new plan was examined, and it was also ascertained that in addition to the blocking of the street referred to by Mr. Birl. only one street in 2½ miles of waterfront was shown running to the water's edge. It was understood from previous information given to the board that, in accordance with the Land Registry Act, streets should touch upon the waterfront every 600 feet, and a general feeling was expressed that the plan in its present form did not properly safeguard the public's interest, although some of the members consider it inadvisable for the board to countenance any interference with the proposed wharves and works of the E. & N. Railway Company. Particular attention was drawn to the street running westward to the property of the Alberni Land Co. and the Barclay Sound Cedar Co. built by the Government about four years ago; this street was not shown on the new map.

Finally Mr. Cooper moved hat the President, Mr. Maughan and the Secretary be appointed a special committee to secure information regarding streets at Port Alberni running to the foreshore and to report to the board at the next regular meeting, or at a special meeting if necessary.

Mr. J. A. MacIntyre seconded and the motion was carried unanimously.

The Secretary drew attention to the high cost of shipping in bulky goods—especially those of the class that incoming settlers were bringing—at present C.P.R. rates of $4 a ton by measurement from Victoria. this rate sometimes amounted to $40 a ton by weight, and he moved, seconded by Mr. Cooper, that the Transportation committee inquire into the matter of freight by measurement. Carried.

Mr. Cooper moved, seconded by Mr. Hanna, that the Secretary write to the Allberni Land Co., and the C. P. R. in regard to running a special excursion to Port Alberni at an early date. Carried.

The meeting then adjourned.

Memorial Service For the Late King

A United Memorial Service for the Late Kind Edward VII. was held in All Saints' Church on Friday afternoon by Rev. T. A. Fawcett assisted by Rev. Prof. Carruthers and Rev. G. A. Love.

The Masonic fraternity and the Alberni District Civilian Rifle association attended in bodies.

The school master, J. J. Howitt. and pupils also joined in the church parade.

Prof. Carruthers gave an eloquent address on the life of the late sovereign.

MINERAL ACT.
Certificate of Improvements.
Belvidere Mineral Claim and
Belvidere Claim Annex.

Situate in Clayoquot Division of Alberni Mining District.

Where Located—On Bear river.

Take notice that I, A.E. Waterhouse, of Port Alberni, B. C., Free Miners certificate B37027, as agent for the said A. E. Waterhouse and Barbara Von Brendel, Free Miners certificate B23861, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown grant of the above claim.

And further take notice that action under Section 37 must be commenced before the issuance of such certificate of improvements.

A. E. Waterhouse,
May 21, 1910. may21

SITUATION WANTED—A young lady stenographer and bookkeeper with some experience wants situation for the Summer or longer. Address, Miss M., care of Hewlings & Co., 1109 Broad street, Victoria.

FIRST FREIGHT TRAIN TO ENGLISHMAN'S RIVER.

Cars Taken By Ferry to Ladysmith and Over the New Track This Side of Wellington.

The first freight train to operate over the Alberni extension of the E. & N. railway from Wellington was scheduled for a run as far as Englishman's river this afternoon.

The freight consisted chiefly of cattle for P. Burns & Co., who have the contract to supply fresh meat to the construction camps

The cattle were loaded at Vancouver and taken over to Ladysmith on the car ferry. From there the cars were taken right through to Englishman's river as far as the rails are laid.

Work on the big bridge at Englishman's river is progressing rapidly and in less than a month the tracklayers will be hurrying on to French Creek where there will be another temporary hold-up on their operations because of another bridge to be built at that point.

Lawn Tennis Club Completes Its Plans

The Alberni Tennis court will be opened to the members of the club on Friday, June 3rd, when the mud court will be in a condition to play on. The two grass courts, it is expected, will be ready about one month later. The grounds have been levelled and fenced and give promise of being a very attractive and pretty spot for recreation. The committee is sparing no effort to bring the grounds to such a condition that they may become a credit to the town of Alberni. Intending members will greatly facilitate the committee by sending in their subscriptions, which are $5 for men and $2.50 for ladies. The ladies of the committee will inaugurate the opening of the grounds with a dance on the evening of June 3, in Brand's hall. Admission $1.00; tickets for which may be obtained from C. M. Pineo.

Grand Free-to-All

SMOKING CONCERT

Will Be Given In Brand's Hall

Tuesday, May 24th --- Empire Day

Commencing at 8 p. m.

The ALBERNI CONSERVATIVE ASSOCIATION will entertain with Smokes, Music and Refreshments. Political talks or references will be barred from the programme. The entertainment will be of a lighter and more convivial nature, and there will be an abundance of the best of it.

Everybody Invited.

How Farmers Can Practice Conservation.

Canada, being a nation of farmers, has to pay a very large seed bill each year. Last year our crops called for 33,000,000 bushels of seed grain—wheat, oats and barley, and we are constantly increasing our agricultural acreage. This being so, the economy of sowing good clean seed is at once apparent. The advantages to be derived from it are like the proceeds of a sum of money laid out at compound interest—they are cumulative in their effect and grow in ever increasing ratio. Some years ago a competition was carried on in some 450 places in Canada to see just what the actual results of using clean pure seed would be. If we reason from the results obtained from it, we find that our grain yield last year would have been increased by 190,000,000 bushels had clean seed been sowed on every acre under cultivation. Now, 190,000,000, bushels of grain would fill 1,500 miles of railway grain cars. It is such a large amount that it is hard for the mind to comprehend, but, at any rate, it goes to show that it would pay our farmers to be particular about the kind of seed they sow.

Alberni's Bright Propects.

(By W. H. Marcon in April Issue of the Westward Ho.)

To describe beautiful Alberni, and give some idea of its many advantages is a pleasant though difficult task.—so much may be said, that the limits of a magazine article will not allow of amplification.

Situated in the centre of Vancouver Island, on an arm of the sea that runs into the centre of Vancouver Island, on an arm of the sea that runs in from the West Coast, for a distance of forty miles, one travels the salt water right up to Port Alberni,—the scenery is constantly changing and large mountains line both sides of the Canal. An English Admiral had four of his warships anchored in Alberni Bay and though that was years ago, yet his prophecy that a great city would some day rise there, bids fair to come true, now that a commencement has been made by the advent of the E. & N. Railway now under construction.

After landing at Port Alberni one faces the Somass River, a magnificent stream, draining not only the Alberni Valley, (approximately five miles by sixteen miles,) but also the immense watershed contiguous to Sproat Lake, Great Central Lake and the tributary Ash River. The range of snow-capped mountains in the distance, as well as Mount Arrowsmith close by, add a charm and grandeur to the scene.

Active construction of the Railway is now in progress along the whole route from the present terminus on the East Coast; and the line is expected to be completed by the end of 1911.

The vast wealth of timber in the districts close in to Alberni and surrounding Sproat and Great Central Lakes assures a possible cut of one million feet a day for forty years; to do this there are being arranged for some half dozen mills which will be situated between Alberni and Port Alberni, these mills bring in their train sash and door mills, furniture factories, etc,

Farming will be an assured success so soon as the land is cleared, for grains of all kinds do well. Fruits and poultry, products of the farm and garden, bring good prices in the home market and the advent of the railway will in the future give access to Victoria and Vancouver as well.

As to prices of land, acreage varies from twenty to one hundred dollars per acre for uncleared land according to quality and location. Land is obtainable in lots of one acre and upwards. There are no free homesteads.

Sportsmen find their heart's desire in Alberni. In August the Tyee or King salmon ranging in weight from twenty-five to seventy-five pounds are very plentiful and a morning's catch of from four to ten is a fair average. The lakes, rivers and creeks give speckled trout up to six pounds each. Deer, duck, grouse, pheasants and some few geese are in season in fall and winter, while panther and wolf can be had a little way off.

Regarding rainfall, we have more than Victoria and less than Vancouver; frosts are light, skating being rarely possible and then only for a few days, the summer weather is unsurpassed.

In social advantages, we have several good Athletic Clubs, Churches, Bank, Newspaper, etc.

The outlook for the future is very bright, the coming of the railway and the lumber mills will of themselves bring in a population and newcomers may confidently look forward to a steady growth.

Sproat Lake and Central Lake Districts (a few miles away) offer to the sportsman, camper and mountain climber very great inducements. The fishing and shooting cannot be excelled. Sproat Lake has been called the Lucerne of Vancouver Island being quite equal to its namesake in Switzerland. A trip to the Great Interior mine at Great Central Lake is the event of a life time and one long remembered, not too difficult of access and the repayment in scenery is very great. An easy climb closer at hand is Mount Arrowsmith from Cameron Lake.

The steamer leaves Victoria for Alberni on the 1st, 7th, 15th and 20th of each month and there are daily stages and outos from Nanaimo. The hotels are good, the people hospitable and all newcomers are made welcome,

---

Son of a Queen enshrined in every heart,
Son of a Prince—who played a noble part,
Victoria the Great—blazons the scroll of Fame,
Albert the Good—a loved and honored name.
Thy name shall written be on history's page,
Edward the Peacemaker—adorned our age,
Half mast the Flag!—the King, the King is dead!
Dim is each eye—and bowed is every head.
With Peaceful Victories thou didst thy realm defend,
Our King's no more—We all have lost A FRIEND.

Take notice that B. Bekker of Alberni, occupation farmer, intends to apply for permission to purchase the following described lands:

Commencing at a post planted three quarter mile distant in a south westerly direction from P. Michelsen's pre-emption's northeast corner post, thence 20 chains east, thence 40 chains south, thence 20 chains west, thence 40 chains north following the shore of Trout lake to point of commencement containing full 80 acres. The purpose for which the land is required is agriculture.

Bertel Bekker.

Date, April 1, 1910,

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act 1909" to obtain a license in the Alberni division of the Alberni water district.

The name, address' and occupation of the applicant is A. E. Waterhouse, merchant. Port Alberni, B. C.

The name of the stream is Sproat river.

The point of diversion is at or below the outlet of Sproat lake.

The quantity of water applied for is 500 inches.

The character of the proposed works: Dams, flumes, turbines and electrical generation equipment.

The premises on which the water is to be used may be described as follows: The Alberni district and the towns of Alberni and Port Alberni.

The purpose for which the water is to be used is power, light and manufacturing.

The water is to be returned to Sproat river at some convenient point between the lower end of the falls and the confluence of the Sproat and Stamp rivers.

The difference in altitude between the point of diversion and the point of return is about sixty feet.

This notice was posted on the 14th day of April, 1910, and application will be made to the Commissioner on the 14th day of May. 1910.

The names and addresses of riparian proprietors or licensees who or whose lands are likely to be affected by the proposd works, either above or below the outlet are: Lot 149, A. E. Waterhouse, A. L. Smith et al, J. J. B. Howitt, Alberni; Lot 36, F. H. Stirling, Victoria; Lot 38, F. H. Stirling and A. L. Smith et al, Victoria and Alberni; Lot 140, E. M. Yarwood, Nanaimo; Lot 39, V. G. Greenup, Alberni; Lot 34, A. L. Smith, Alberni; Lot 84, A. L. Smith. Alberni; and the Dominion Government as wards for the Indians owning the Indian Reserve being north of Sproat River.

Arthur Waterhouse.
Port Alberni, B. C.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act 1909," to obtain a license in the Alberni division of Newcastle district.

The name, address and occupation of the applicant is Major William Best Greig, Ecclesgreig, Little Qualicum, B. C.

The name of the stream is Mosquito Creek.

The point of diversion is at a point distant about thirty chains bearing approximately south-west from Little Qualicum School House.

The quantity of water applied for is one cubic foot per second.

The character of the proposed works is a dam and ram.

The premises on which the water is to be used are: Lots 58 and 59 of lots on Qualicum beach recently purchased from the E. & N. Railway company.

The purposes for which the water is to be used are domestic and irrigation.

The land is light loam containing about seventy acres.

This notice was posted on the 6th day of April, 1910 and application will be made to the Commissioner on the 12th day of May, 1910.

So far as the applicant has knowledge there are no riparian proprietors or licensees who or whose lanks are likely to be affected by the proposed works either above or below the outlet.

W. B. GREIG,
Major, Indian Army,
Postoffice address: Ecclesgreig, Parksville, B. C.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Alberni division of the Alberni water district.

The name of the applicant in full is Colin Murray, No. 2014, E. Denny way, Seattle, Wash., U. S. A., Free Miners certificate No. 37001B.

The name of the stream is China Creek, about seven miles from Alberni.

The point of diversion is about two miles down stream from the lower line of the Duke or York Hydraulic Mining company's property.

The quantity of water applied for is 100 cubic feet per second.

The character of the proposed works is a dam and power plant for dredging and domestic purposes.

The premises on which the water is to be used are the placer mining ground for two miles up stream.

The purposes for which the water is to be used are dredging purposes.

The water is to be returned to the natural channel at a point 500 feet from the point of diversion.

The difference in altitude between the point of diversion and the point of return is about thirty feet.

The area of Crown land intended to be occupied by the proposed works is not yet computed.

This notice was posted on the 2nd day of May, 1910, and application will be made to the Commissioner on the 4th day of June, 1910.

COLIN MURRAY,
No. 2014. East Denny way, Seattle, Wash.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Clayoquot division of the Alberni district.

The name, address, and occupation of the applicant is M. F. Smith of Alberni, B. C., married woman.

The water to be applied for is not for mining purposes.

The name of the stream is Antler creek, on the south side of Taylor arm of Sproat lake.

The point of diversion is at or about the head of the falls on said creek.

The quantity of water applied for is 250 cubic feet per second.

The character of the proposed works is dams, flumes, turbines, etc., for the production of electrical power.

The premises on which the water is to be used may be described as follows: A dam or weir is to be placed across the creek at the head of the falls and the water conveyed to a power house at a point at the foot of the falls about twenty chains distant.

The purposes for which the water is to be used are the production of electrical power, and as an auxiliary to Black Canyon creek.

The water is not to be used for irrigation.

The water is to be returned to the stream at some convenient point at the foot of the falls, the difference in altitude between the points of diversion and return being about 1000 feet.

The area of Crown lands intended to be occupied by the proposed works is about ten acres.

This notice was posted on the 5th day of May, 1910, and application will be made to the Commissioner on the 13th day of June, 1910.

The names and addresses of any riparian proprietors or licensees who or whose property are likely to be affected by the proposed works either above or below the outlet are the licensees of timber limit 85.

At the last meeting of the Methodist conference, S. J. Booth was drafted to succeed Rev. G. A. Love at Port Alberni.

Once upon a time a fond mother disapproved of her daughter marrying. This was the more awkward because the young lady had picked the young man out. Also he had wealth. And the mother, who was widowed, had not the wherewithal to furnish her daughter with the variety of frocks and things which her youthful heart craved. "I might not object to the man so much," said the mother one evening, "if you would only let me see him. But here is a man whom I have never set eyes on, and yet one whom you insist on taking for a husband. I don't understand such secrecy!" The daughter replied: "If I ever introduced him you'd insist on marrying him yourself."

Mr. Justice Channell has a pretty turn of wit, which, on occuasions, is inclined to startle witnesses. Once, in reply to a question, a witness indignantly retorted that he had been "wedded to truth from infancy."

"That may be," said Sir Arthur, "but the question is, how long have you been divorced?"

Another time a little girl was before him, and he proceeded to ascertain whether she knew the nature of an oath. The child replied that she would go to heaven if she told the truth, but would go to the other place if she told lies.

"Are you sure of that, my dear?"

"Yes, my lord, quite sure."

"Let her be sworn," said the judge, "she knows more than I do."
