VOL. IV PORT ALBERNI, B. C., DEC. 24. 1910. NO 20

Fires First Shot of Scott Act Campaign In Alberni.

Dudley H. Anderson, who is in charge of the Methodist church in Port Alberni, preached on the liquor traffic and the Scott Act last Sunday night, and paid some marked attention to local conditions. In the course of his sermon Mr. Anderson said :

"There are a great many evils in the world, but the greatest of all is strong drink.

"Upon hundreds of thousands of tombstones you could inscribe these words : 'Ruined by Strong Drink.'

"That drunkenness is a sin all will admit. The bible says that no drunkard shall enter the kingdom of God. That drinking in moderation is an injury to the body is the conclusion of those who have given the subject close thought and careful study. Let us hear what the medical profession has to say about the effects of alcohol on the body."

Here Mr. Anderson read statements of some of the most prominent medical authorities in England, Germany, the United States and elsewhere, showing that even moderate drinking was harmful to the body.

Continuing Mr. Anderson said : "In the light of this testimony we can see that what Sir Victor Horseley, M. D., the celebrated brain specialist of England, says is true, when he declares that 'there is no such thing as moderate drinking—it is all immoderate.' Not only is it harmful to drink moderately, but let us remember that by such drinking we are helping to support the traffic as a whole. We become responsible for its existence inasmuch as we give it countenance by our patronage, and being responsible for its existence we must be taxed with responsibility for all the evil which it brings upon the individual, the family and the nation. Let me also remind the drinker who professes to be a Christian that the drink traffic is ever undoing all that Christ sought to do in the world. How can we patronize it? How can we pray, 'Thy Kingdom come, Thy will be done on earth as it is done in Heaven,' and then go and do that which is calculated to hinder the incoming of that Kingdom ?

"With these facts before us I submit we have no right to license such a business. As one has said, 'to license the sale of liquor is contrary to the function of the law, which is to suppress evil.' I maintain we have no right to sanction a traffic whose very existence entails the physical, mental and moral impairment of the race, for who can say that strong drink ever added anything to one's honesty, virtue or piety, while thousands can aver it has robbed them of one or all of these qualities.

"As true patriots, putting aside religion altogether, we should heartily hate that which has wrecked so many lives, clouded so many minds, palsied so many hands, and desolated so many homes of our beloved country.

"But, although we have no moral right to license the sale of liquor, we have a right to prohibit it, and this, I trust, when the public conscience is sufficiently aroused, will be done everywhere as it already has been done in many parts of our fair Dominion.

"Prohibition is not, contrary to British freedom. It is right to prohibit wrong, as the wise parent does among his children in the family. Let the demand of all true patriots and earnest Christians be prohibition.

"What has been accomplished by the temperance party in our Province? Let us briefly review the work that has been done.

"They have done their best to obtain a local option law for B. C. from our Provincial government but failed. That is they failed in the light of the demand made upon them ; in the light of British fair play they succeeded by obtaining a majority of nearly 3,700 votes. Eighteen constituencies carried the vote with about 4,000 majority, while seventeen small constituencies went against a local option law by a majority of only 500 votes. They next appealed to the Dominion House to pass an amendment to the Canada Temperance Act, otherwise known as the Scott Act, to make it applicable to B. C. This was done, and we now have a Local Option Law that will enable each city by itself, and each county by itself, to vote on this question, and on a day when no election is held."

Mr. Anderson here gave some of the points of the act for purposes of information.

Continuing the speaker said : "Since the Provincial government has, at least for the time being, refused to give us what we consider our right, we must seek the accomplishment of our end by recourse to the Canada Temperance Act. Let every man who has at heart the best interests of the community enter energetically and enthusiastically upon this campaign, which has already opened, and must spread to this place in the near future.

"Look at our own town and sister town of Alberni. Surely conditions are not satisfactory. There are too many saloons, and, although things are better than they were, there is yet too much drunkenness for such small places. The manifest delight of the new liquor law is to prevent drunkenness as much as possible, and if those in the business would but enter into the spirit of it, seek to make it effective there would be less agitation for prohibition. Some say we don't need a policeman in Port Alberni. I have come to the conclusion that wherever strong drink is sold there is need of an officer of the law not only to take charge of the poor unfortunates who have lost the power of self-control, that the disgusting spectacle may not meet the eyes of the men and women that walk our streets, and more especially the boys and girls in whose young lives is wrapped up the future of our nation, but to see that the traffic itself does not overstep its legal bounds.

"The people of our sister towns are laudably interested in their material welfare. We rejoice in their growth—in the increase of tneir wealth—in the evident signs of future prosperity. Let us not be less interested in their moral well-being, and let that interest practically manifest itself, when the time shall come, in a united demand for local prohibition by an appeal to the Scott Act.

"Let it be the ambition of all that the report may go abroad that here we have clean and exemplary towns, fit places to which parents may bring their sons and daughters to live, without having to run the gauntlet of intrusive temptation."

HEARTY Christmas Greetings to
Our Friends and to such valued
Enemies as we may have.
A Merry Christmas to all and a
Happy New Year.

"Here's to 1911.
May it be the best
you have ever seen,
and the worst you will
ever see."

ALBERNI HARDWARE CO.

Port Alberni Team Wins ---Draw For Cup.

Had the Parksville team won the football match, the final of the schedule, on Saturday last, it would have been presented with the Sloan cup, emblematical of the championship of the West Coast of Vancouver Island.

But the Parksville boys, though they played a hard, fast and determined game, did not win. The Port Alberni team, which played a better game, won by a score of one goal to nothing.

This result made the two teams equal in points for the season—a draw for the cup.

On Saturday evening the executive committee of the League met and decided that the draw should be played off on the Alberni grounds on Saturday, December 31.

The Parksville players and a number of supporters were entertained at a dance given in Whyte's hall on Saturday night.

Next Saturday night the Port Alberni team, win or lose, will entertain the visitors at a dance to be given in Waterhouse's hall.

The Parksville people will remain over Sunday and Monday. On Monday afternoon there will be a rugby match, Parksville vs. Alberni and the railway engineers.

On Monday night the Engineers will give a dance in Whyte's hall in honor of the visitors and their friends.

Rules and By-Laws of the Licensed Hotel Keepers Assn.

The Licensed Hotel Keepers' association of Alberni district has adopted the following by-laws, to which all individual members have subscribed their names :

Section 1. The name of this association shall be "Licensed Hotel Keepers Association of Alberni District, B. C."

Sec. 2. The objects and purposes of the association are to maintain and uphold the dispensing of pure liquors only, to arrange and require said liquors to be sold at a regular and equitable price, to enforce or compel all liquor dealers in the vicinity to strictly observe the conditions of the "Liquor Act," or any further laws enacted by the authorities in control, to enforce these by-laws and to encourage harmony, conscientious dealings, and the support and good will of the community.

Sec. 3. The officers of the association shall consist of a President, Vice-President, Secretary, Treasurer, and a Board of four Directors, each of whom are elected by a majority vote of all members present at the annual election to be held the first Monday in January of each year.

Sec. 4. It is the duty of the President to preside at all meetings to report infractions of the rules and call meetings for the purpose of investigating such infractions.

Sec. 5. The Vice-President will preside in the absence of the President.

Sec. 6. The Secretary will keep the minutes of all meetings and attend to all correspondence.

Sec. 7. The Treasurer will keep a correct record of all funds belonging to the association, he will make such disbursements as directed at the meetings and furnish a report when called upon by the other officers.

Sec. 8. The association will meet for consultation and business on the first Monday of each month, at a place designated at each meeting held previously. Four members constitute a quorum.

Sec. 9. The dues will consist of one dollar ($1.00) a month, which amounts will be placed in a general emergency fund and shall only be expended as mutually agreed upon and voted on at the regular meetings.

Sec. 10. It is the duty of each member of this association to protect the lawful interests of its members, to assist in the prosecution of dead beats, those making an effort to defraud hotel keepers, and to mutually agree to refuse the sale of liquors to any one objectionable.

Sec. 11. Any member convicted of an infringment of these by-laws or the "Liquor Act," or of such other laws or rules as placed on the minutes, after an investigation by the association will be subject to suspension from the association for a term of three months for the first offence, and to expulsion from the association for the second offence.

Sec. 12. All licensed hotel keepers in the vicinity of Alberni District are invited to become members of the association.

Sec. 13. Each member will be required to sign a copy of these by-laws, wherein he agrees to abide by them.

Sec. 14. The office of Secretary and Treasurer may be held by one person, and such officer is exempt from the monthly dues.

Sec. 15. These By-Laws may be amended or extended at any general meeting by giving one month's notice of such intention.

Committee Reports To Board of Trade on Incorporation.

The special committee, composed of A. D. Cooper, A. E. Waterhouse, A. Carmichael, R. F. Blandy and Dr. Hilton, and appointed to investigate the possibilities of incorporating the town of Port Alberni, reported at the regular meeting of the Board of Trade held on Monday of this week.

The most interesting and important findings of the comm ttee were read by the secretary as follows :

The Alberni Land company controls the situation entirely as regards a petition for incorporation on account of its dominant interest in the land surrounding the town.

A tentative estimate placed the minimum revenue of a city at $15,000 in land taxation, while the government revenue from any probable city area, if left unincorporated, for 1911 would be $9,000. This would probably be increased by over $3,000 in the following year.

The idea of a district municipality was discarded by the committee for financial reasons.

The chief disadvantages of incorporation would be a possible increase in land taxation, and the loss of government expenditure on roads. In 1910 the government had spent $7,700 south of Roger creek, but less than $3,000 per annum in previous years.

As far as could be ascertained an assessment of $1,500,000 and a revenue therefrom of $15,000 per year would be sufficient to incorporate upon. Many municipalities in British Columbia have been operated and are being operated on less assessment and revenue.

Mr. Waterhouse, chairman of the committee, stated that the work done by the committee had merely been preliminary, and suggested that the views of the Alberni Land company should be ascertained definitely before the board made any decision as to plan of incorporation. He moved "That the board authorize its special committee on incorpation to open negotiations with the Alberni Land company to ascertain its views as to incorporation." The motion was seconded by Joseph MacIntyre.

A. Carmichael, local representative of the Land company, announced that the company had recently passed a resolution favorable to incorporation, and would be pleased to receive a proposition from the Board.

After a lengthy discussion, in which it was contended by some members that the committee should make a definite proposition to the company, the resolution was carried on the understanding that the committee would act in that spirit.

J. MacIntyre and R. H. Wood were added to the committee.

A resolution passed by the Alberni Board of Trade with regard to the establishment of "Emergency Calls" in the West Coast telegraph stations was endorsed.

E.&N.Railway Engineers Hold "Break-Up" Dinner.

All that music, oratory, laughter and applause, that resounded through the Somass hotel and was heard for some distance outside the building on Friday night of last week, was caused by the E. & N. railway engineers, their assistants and a few selected guests.

The occasion was a "Break-Up Dinner" of the engineers, some of whom will leave the work before the end of the month, the others to follow shortly afterwards, their work on the Port Alberni extension of the E. & N. railway being practically finished.

To begin with, the menu was a treat, the dinner being served in the best style of the Somass, and that is going some. But it was not so much the bill of fare as the bill of company that made the affair the happiest of its kind that ever occurred in Alberni district.

Carl Thorald Apenes, with R. A. Bainbridge, division engineer, on his right, occupied the chair, and R. J. Burde the vice-chair. Among the invited guests were: Dr. A. D. Morgan, Dr. C. T. Hilton, J. A. Murdoch, C. Culliton, Leonard Frank, F. H. Swayne, A. E. Waterhouse, Nat. Rolph, H. H. Browne, C. E., Capt. J. D. Milliken.

The toast list was tactfully arranged and brought out the best eloquence and wit possessed by the speakers, to say nothing of the wonderful and choice flow of language from the chairman.

Between toasts there were songs, all original songs, composed for the occasion, and these were more mirth provoking even than the witticisms of the speakers. S. Bennett, L. Preston, W. Marshall. R. Lees, W. Prior, Dr. Hilton and A. E. Waterhouse contributed to the musical part of the enjoyment.

Port Alberni, B. C., Dec. 24, 1910.

The Land Company, the People and Incorporation.

It is quite apparent that if the people interested in Port Alberni desire to convert the unorganized town into an incorporated municipality within the next year or two they will have to do it along lines suitable to the Alberni Land company which exists in far-away London, Eng., and directs its local agents from there.

The progressive people of the new town—and that is nearly the entire population—want incorporation, and the Land company is willing to cooperate, but there is a general feeling that the ideas of the company will not be altogether agreeable to the present residents.

The company wants to know what plan the people want and the people want to know what plan would be acceptable to the company, one waiting for the other to open the jack-pot. It is like a case of two men trying to make a deal when one hesitates to put a price on his property because he is afraid he might put it lower than the other fellow would be ready to accept, while the other fellow is afraid to offer what he thinks is fair because the owner might be willing to take less.

The Land company, by virtue of being the majority property owner in the proposed municipal area, is in a position to block any incorporation movement that is not agreeable to it. The company, no doubt, is more anxious than it makes believe to see the town incorporated. Since it has secured agreements of sale and substantial deposits on lots that form a large part of the proposed municipality, and has the best of prospects of turning the remainder over befere incorporation can be effected, it stands to benefit greatly by the proposition.

While the company is still in a position to name the terms of incorporation it is not likely to have much more than an ordinary holder's taxes to pay after the municipality has been formed, the taxation falling on the people who have taken out agreements of sale.

By reason of owning a lot of surrounding property, and perhaps also, because of the improvement work it is morally obliged to do within the proposed municipal boundaries, and which could be shouldered onto the municipality, the company is naturally desirous of incorporation.

As strong as the company's desire is it need not be looked to for any considerable amount of concession on terms of incorporation. Its well earned reputation for patience or slow moving, whichever it may be named, ought to be enough to convince the people that they will have to show their hand first. Let them show it with the least possible delay. There might not, after all, be such a wide difference of opinion as seems to be suspected on both sides, and if there is it will do no harm to learn the measurement.

To the special committee of the board of trade which is handling the negotiations for the people the Pioneer News suggests that it get into touch with as many as possible of the holders of deeds or agreements of sale who are either not members of the board or who reside in other places. There are many such who should in some way be consulted.
