School Mill Rate Down By One Mill

The School Mill rate in the Municipality will be reduced by 1 mill in 1960, Langley School Board announced Tuesday.

This reduction has come about largely from increased assessment values from $16,882,989 in 1959 to $19,180,357 in 1960, and to increased government grants from $59,504 to $61,860 besides increased government sharing of costs.

Tax levy for capital, debt and non-shareable costs is reduced to $144,827 from $168,630 and with an apportionment of 81.07 per cent of total assessment values of City and Municipality this will mean, with the Basic Levy, that a total of $374,991 is required at 19.55 mills as opposed to $371,626 at 20.55 mills last year.

Langley City's mill rate will be reduced by 2.34 mills due largely to funds on hand accrued from previous years being applied this year. The City paid 1 mill more than the district last year.

Government basic operating grants have increased from $806,901 to $927,108. Other revenue includes increases of $425 on sundry grants and an increase of $1739 in expenditure covered.

District taxation in 1960 will be 31.22 per cent of total budget revenue whereas last year it was 34.10 per cent. Government grants have increased to 66.75 per cent from 63.59 per cent in 1959.

DATE PAD

May 5—Elks' Bingo in the Elks' Hall, 8:30 p. m.

May 6—Evangelist George Watmough will speak at Aldergrove Gospel Chapel, 3118 North Jackman Road, at 8 p. m. All welcome.

May 6 — Delta-Surrey-Langley Pioneers' Association Annual Reunion. Langley High School, Roberts Road, Langley. Annual meeting 8:45 p. m. Grand March 9 p. m.

May 6—Organization Meeting for Old Age Pensioners' Association, in Vasa Hall, 2 p. m. Everyone interested invited.

May 6—County Line PTA will sponsor a Mother's Day Tea and Sale, in the school.

May 6—Immanuel Lutheran Ladies' Aid will meet in the church at 8 p. m.

May 7—Aberdeen-Bradner Hospital Auxiliary will be holding a Tea and Sale of Home Cooking in the Aberdeen Hall from 2:30 to 5 p. m.

May 8—Official Opening of the new Aldergrove Gospel Chapel, 3118 North Jackman Road, at 3 p. m. All welcome.

May 9—Broiler Growers' meeting, Aldergrove Hotel, 8 p. m.

May 11—Beaver W. I. will hold their Birthday Tea in the County Line Hall.

May 14—Afternoon Guild of St. Dunstan's Church will hold a Mother's Day Tea and Sale in the church basement at 2:30 p. m.

May 18—Coghlan W. I. will hold their annual Spring Sale in the Coghlan Hall at 2 p. m.

Crash Outside Floral Shop

An accident occurred Wednesday outside Petersen's Floral and Garden Shop on Trans Canada Highway when a car driven by Edith F. Sheaves of North Surrey collided with a car proceeding in a westerly direction, driven by W. E. Snowdon of Aldergrove.

Mrs. Sheaves was making a turn when the crash occurred. She had three passengers in her car and two of them, Mrs. F. Lacey and Mrs. Rose Walters, were injured. They were treated by Dr. Stan Findley and released.

Damage to Snowdon's car was extensive.

Langley Police Court News

Appearing before Magistrate M. W. Mulligan at Langley Police Court a Clearbrook man, Jacob H. Lepp, was fined $10 for passing on the right of a car.

Speeding cost Guenter Rost of Aldergrove $15 and costs.

Walter Weslowsky of Langley was fined $20 and $3.50 costs for failing to take out a dog's licence. He also had to pay for the licence.

Six persons were fined a total of $42 for failing to take out trade licences.

Jean Campbell Sampson of Langley was fined $30 and costs for driving without due care and attention. She drove through a stop sign on the McClarty Road and hit another car at an intersection, resulting in extensive injuries to herself.

Passing through a stop sign meant a fine of $15 and costs for Hayden L. Williams of Langley.

Edwin Merle Caldwell of Vancouver paid $50 and costs of a charge of consuming liquor in a public place.

Two charges of supplying liquor to Indians against George Warren McEachern of North Surrey resulted in fines totalling $100 and costs.

HOUSEWIVES LEAGUE

There is a Housewives' League being organized in the district this year and teams are already formed in Matsqui, Abbotsford, Mt. Lehman and Bradner. They hope to have a team in Aldergrove also.

AROUND TOWN

By Don Anson

While eating in the Del-Air at Abbotsford last week I noticed two sparrows dining off dead insects on the grill of a Cadillac outside. I hoped they would switch to my lowly model but they were obviously snobs.

Quite a lot of activity in Aldergrove "Clean-up, Paint-up" week. Aldergrove Hotel went to town on their signs and I saw Pete Lamb having his fence painted. Mike's Corner Service at Otter is being renovated and many others were seen with brushes and pails.

No names but one bright person reported a serious accident in Aldergrove last week. The baker has been electrocuted, he said, and when asked for details said that Art Dingley was baking a plum cake when the "currant" ran up his leg.

Visitors to Aldergrove last week were Dr. and Mrs. Robert Forster who are on a holiday from Yorkshire, England.

A. V. F. D. was called to a small fire Wednesday evening which broke out in Nick Dediluke's Barber Shop on Jackman Road South. Heat from a stove had caused partitions of the wall to smoulder. Firemen soon had things under control.

Colin Carmichael of Bradner suffered a serious accident to his eye last week and as a result is a patient in the Royal Columbian Hospital. He is expected home in the next week or so.

Heard a coffee commercial advertising "that wonderful golden flavour." I, too, love the taste of gold, but not in coffee.

Young Bob Gubbe who broke his wrist over the Easter holiday while roller skating, is now on the mended list. He broke two bones.

Carl Christensen was chopping wood last Monday when the axe slipped. He severed several tendons and is reported to have chopped a knuckle off. He underwent surgery on the Monday evening but is home again now.

Constable J. D. Maxwell from Pickering, Ontario, has joined the District R.C.M.P. He received his training in Regina. He takes the place of Constable McArthur who left in March.

Seen on the Trans Canada Highway last week was a Scout from the A.A.A. who was helping another scout who had broken down.

Ashcroft Journal goofed last week. They told everyone to put their clocks BACK an hour. Consequently, many people had two hours extra sleep the next morning.

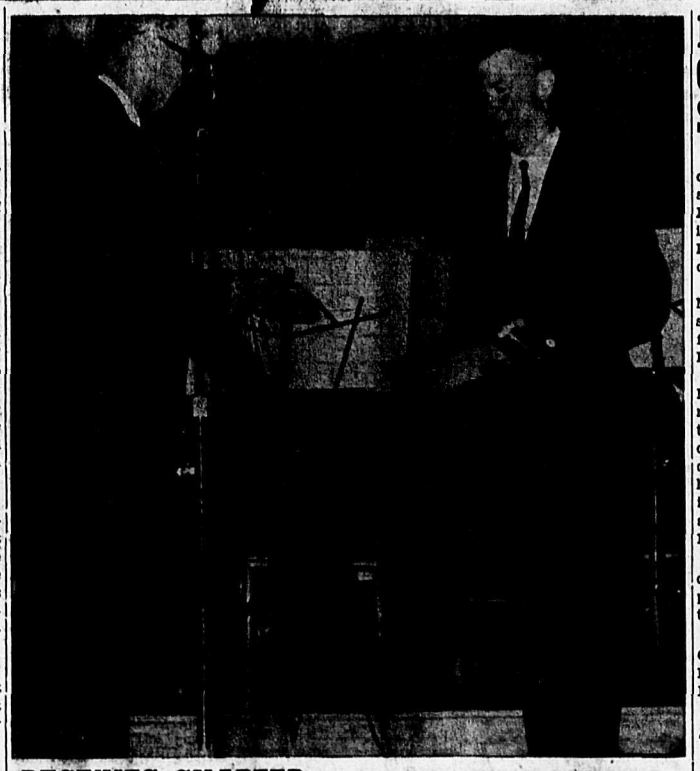
Incidentally, pity the American custom officers at Aldergrove Port of Entry. They have to start work at 7 instead of 8 but at least they get off an hour before midnight.

Someone swiped a propane torch from Aldergrove Automotive last week. Wilf Penill very generously says that if the said person comes back he'll give him the accessories to fit it and, incidentally, a black eye.

We nearly put 7¼ cows for sale this week, in the Want Ads, until it was realized that it should read "7 cows and a quota."

I hear the Auxiliaries' Council to Langley Memorial Hospital have voted to purchase emergency stretcher beds, so that patients who have to be put in the corridors will not have to sleep on matresses. Another fine effort!

A happy Sunday to all the mother's in the district.



RECEIVES CHARTER—In the above picture Mr. W. J. R. Peers, Provincial President of the Navy League of Canada is seen presenting Mr. Don Hanson, president of the Central Fraser Valley Navy League, with the charter for the local branch. The presentation was made during the band concert presented by the band of H.M.C.S. Discovery on Friday evening. (NEWS Photo)

Through School - Through College Identical But Not Twins

Bruce Granholm lives on Brown Road South and Tommy Johnson lives on James Road, Milner but the two are inseparable.

Both boys went to school at Langley High in the very first

Bruce Granholm

Grade 7 class. Both took the same courses and same grades right through until they graduated together in 1955. Not only were their studies the same but also their school activities. Tommy was president of Boys' Hi-Y while Bruce was vice-president. They were, of course,

Tommy Johnson

the staunchest of friends and after they took their senior matric at the same time it was no suprise that they both went to University.

At UBC the same pattern developed. Both entered the Engineering Faculty and took identical courses. Now they are graduating as Electrical Engineers (Scientists), also incidentally, the first time for this course.

Bruce is the son of Mr. and Mrs. George Granholm and is one of a family of 5, while Tommy is the son of Mr. and Mrs. R. W. Johnson and has one sister.

Both worked during holidays for their education fees but in this instance Bruce worked for Department of Forestry and Tommy for Department of Highways.

Still keping together the two young men now intend to take teacher training at UBC.

Outstanding school citizens, they were described by Aldergrove High School principal, Don Hanson, but it seems that unless they can arrange for two teachers at the same place then their paths will eventually divide.

High Schools In Track Meet

May 20 has been set for a track meet at Langley High School when both Aldergrove and Langley High Schools will participate in a full day of events.

A cross-country relay will start that day from Breier's Super-valu, each runner doing approximately one mile. The route will be via Jackman Road north to Roberts Road and then west.

In the event of rain the meeting will be postponed to the next suitable fine day.

No Rise In Municipal Taxes; Mill Rate Held At 44

Estimated municipal budget is $1,418,847 for 1960 which is $142,235 higher than actual expenses for 1959.

Mill rate for 1960 at 44 mills is unchanged. General purpose mill rate will be the 22.17 mills against 23.37 mills last year. School mill rate, as reported elsewhere, is down 1 mill from 20.55 to 19.55 mills. Taxation for debt is 2.28 mills against 1.08 mills in 1959.

Taxes are expected to raise a total of $840,446 in 1960. Last year they raised $780,099 and before that $631,619.

Taxation for special purposes will total $2,523 in Aldergrove, $1,860 in Fort Langley, and $743 in Murrayville for street lights and for sidewalks the figures are: Aldergrove $2,473 and Fort Langley $909. Fire Department services will cost Aldergrove $9,592, Fort Langley $4,897, N. W. Langley $7,848, Brookswood $6,923, and Central Langley $6,515.

On the General Revenue side the municipality expects to receive grants from Victoria and Ottawa amounting to $449,661. Last year grants amounted to $382,642.

Other revenue estimates include $42,400 for licenses and permits, $4,390 rentals and concessions, $15,400 police court fines, $12,950 interest and penalties, $500 Centennial museum, $40,700 recoverable debt charges and $2,400 miscellaneous.

Estimated expenses are general government $108,650, police protection $45,550, law enforcement $10,000, property inspection $15,630, other protection $2,135, fire zones $37,775, street lighting $5,276, public works $330,275, sanitation $2,660, health $3,900, social welfare $293,000, education $374,991, community services $19,397, debt $85,205, capital $60,454, sundry expenses $18,067, airport $2,000 and special area expenditures $3,382.

Tax Penalty Dates As Before

The subject of penalties for late payment of taxes again came up before Council last week.

Reeve Poppy reported that the Percentage By-law remains in force from year to year and it was not necessary for Council to pass a new by-law each year unless they wished to change the date on which penalties were added.

Both Councillors Booth and Flowerdew suggested that Council should give consideration to changing the dates for penalties, but Councillors Jensen and Hogben thought otherwise.

A motion brought by Booth and Flowerdew that the first 5 percent of the penalty be added to the taxes on August 1 and the second 5 percent be added on September 16 was defeated.

ALDERGROVE WEATHER STATION
Reported by Norman Green. Weather Observer

	Max.	Min.	Rain
Apr. 25	61	39	
Apr. 26	65	40	
Apr. 27	73	38	
Apr. 28	66	35°	
Apr. 29	63	38	
Apr. 30	62	41	
May 1	64	35°	

° Ground Frost.

Means for the Period:
Maximum—58-60 degrees
Minimum—39 degrees
Precipitation—0.84 inches.

Our total precipitation in April was 4.23 inches, slightly above the average 4.12 inches. Sixteen days were wet (average 13) and twelve were sunny (average 13).

The mean temperature was 48.3 degrees, exactly one degree above average. Last April had a mean of 47.2 degrees.

Only three nights were frosty (average 7), the least number for April in nine years. In 1958 there were four. Ground frosts occurred on twelve nights (average 15).

April 21 was a cold day for late in the month, with a high of 50 degrees and a low the following night of 29 degrees, giving a mean of 39.5 degrees, eight degrees below normal, but compare the following two: April 28, 1954. High 42 degrees, Low 29 degrees, Mean 35.5 degrees; April 30, 1954, High 52 degrees, Low 24 degrees, Mean 38 degrees.

Lethbridge last week had four days (April 24-27) below freezing. Their low on the 27th, 12 degrees, was lower than our coldest winter day (Jan. 3rd, low 13 degrees).

Police Criticism Out Of Order Says Reeve

William Bell, public relations officer for Grosvenor-Laing Ltd. spoke out of turn at a recent Fort Langley Board of Trade meeting, when he criticised the local R.C.M.P. service, thought Council last week.

Bell had stated that the R. C. M. P. service was inadequate and suggested that a local police force would be less costly than R.C.M.P.

Reeve Poppy suggested that Mr. Bell was overstepping the mark in criticizing something that comes under the jurisdiction of the Attorney-General and local Council. He said that 'if Bell had a complaint he should take it up with the proper authorities and not make it the subject of a Board of Trade speech.'

The Reeve also noted that local police forces in other municipalities were more costly than the R.C.M.P.

A letter has been sent from Council to General Sir Ouvry Roberts, president of Grosvenor-Laing, regarding the matter.

Water Engineer Contemplates AHS Water Well

The engineering firm of Willis and Cunliffe which is making the Aldergrove water survey has approached the School Board to see if they are willing to make surplus water from Aldergrove High School available to the municipality for a community water supply.

While it is estimated that the High School well can provide 30 gallons per minute, it has never yet been test-pumped.

The School Board has made no decision but is considering different proposals. The well, being on school property, belongs to the government, so an approach would have to be made to Victoria before anything is decided.

School secretary L. V. E. Mercer stated that the Boards decision would probably rest on complete adequacy of water for the High School.

ATTEND CONVENTION

Among the 1200 delegates from all parts of the province who attended the annual meeting of the British Columbia Teachers' Federation were local teachers E. Rice, B. Richardson, R. A. Maize, D. Forrest and J. Redekop.

Large Audience For Naval Band

Band concerts are something new in Aldergrove. The town played host Friday to a famous band when that of H.M.C.S. Discovery, the Vancouver naval establishment, came out here to present a concert on behalf of R.C.S.C.C. Columbia, the local Sea Cadet Corps. The band was sponsored by the Students' Council of the Aldergrove High School, to aid the Sea Cadets in getting necessary equipment.

From comments heard after the concert the versatility of this band seemed to make a deep impression. They played every type of music during the evening including traditional marches, ballet music, polkas, overtures, Broadway hits and popular modern music which the announcer said the cadets would "dig," and which was dedicated to them. This announcer was a humorous addition to the programme and raised many a chuckle. Some fine solos were rendered by individual members of the band which was under the leadership of Commissioned Officer Les Palmer. The final offering on the programme was a "Grand Military Tattoo," a piece for which the audience gave special appreciation. As a matter of interest the trumpet soloist plays first trumpet in the Vancouver Symphony Orchestra.

Some three hundred and thirty people attended the concert and many more had purchased tickets.

During the intermission the Commanding Officer of R.C.S.C.C. Columbia, Lieut. John Thomson, was signally honoured when Commander Ross, Officer Commanding H.M.S. Discovery, presented him with a long service and good conduct award. When speaking of Lieut. Thomson's accomplishments Commander Ross referred to the "wonderful corps" of which Lieut. Thomson is in charge. The Commander said they had "made tremendous progress" and paid tribute to his efforts and those of his officers. Also present was Lt. Cmdr. Pungman, Liaison Officer, Sea Cadets and Lt. Cmdr. D. G. Pearce of H.M.C.S. Aldergrove.

Following this presentation Mr. W. J. R. Peers, president of the B. C. Mainland Division of the Navy League of Canada, presented Mr. Don Hanson, president of the Central Fraser Valley Branch of the Navy League, with the charter for this organization. Although formed some time ago, this was considered an appropriate time to make the presentation. Also present from the Mainland Division were Mr. H. E. Wade, the secretary, and Mrs. Wade.

TRUSTEES IN PERPETUITY

School Board Accepts Local Man's Operettas

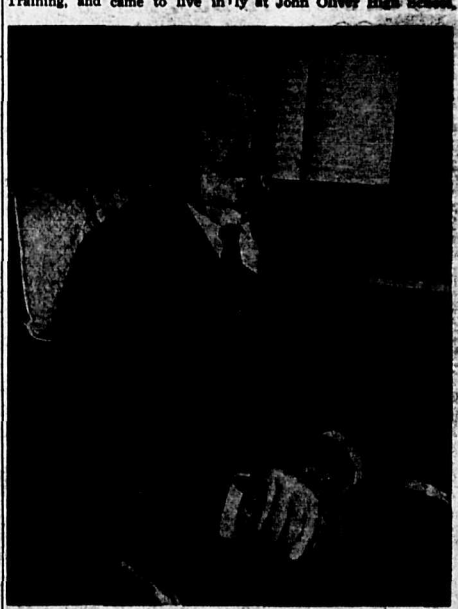
Langley School Board has accepted trusteeship of five operettas written by a local man.

John F. (Pop) Leonard who will be 80, next birthday was born in London, England and came to Canada in 1899, homesteading in Salmon Arm. He became a teacher in Industrial Arts, then known as Manual Training, and came to live in Cloverdale in 1930, then Langley in 1937. Many local people remember him as a teacher and a lover of music.

Eighteen years ago he had to retire owing to arthritis and he then started writing music for the students he so loved.

Altogether he has written five operettas, each of about 2½ hours duration. First production was "The Maids of Hamelin," then "Bow Bells," "The Girl of the Bandolier," "Rajah of Singh," and "Fort Langley."

Sherwood Robson, well known Vancouver conductor, previously at John Oliver High School, put on all five of these operettas and showed personal preference for "The Maids of Hamelin."



Langley High School recently produced "The Girl of the Ban-

PROVIDE FOR PARKS!

The district tax is being held at the 1959 level of 44 mills and everyone on the council is happy with the exception of Councillor Eric Flowerdew who voted against it.

This, however, was not unexpected as Councillor Sid Hogben observed that "Councillor Flowerdew has voted against every budget as far back as he could remember."

Our Eric had a pet peeve against this budget—there was no money set aside for parks.

We have to take the side of the minority here. It should not be left to communities to do all the spade work for parks. The Municipality would have no parks at all if it hadn't been for those people like Trevor Beggs of Aldergrove, Roy Seney of Fort Langley and the Boy Scouts to name just a few.

It's all very well for Reeve Poppy to say that Langley District is fortunate in having the Garden Club, Rock Club, night school classes, square dancing groups and crib leagues for recreation but what have these excellent organizations got to do with parks.

Facilities for organized sport in B. C. are totally inadequate and to have a fit nation, something other than car driving, fishing, cribbage or drive-in theatres is needed.

It has been proved that the average European is fitter than the average Canadian and there is no doubt that recreational facilities combined with a far stronger "team spirit" have gone a long way to bringing this about.

When a nation becomes "watch" conscious instead of "play" conscious, something is wrong. Now is the time to set aside something however small to combat this.

As Flowerdew pointed out last week, Surrey and Matsqui are spending thousands on parks and swimming pools and Langley City has now granted $15,000 towards a recreational project.

We feel that the Municipality could do a tremendous amount of good just by acquisition of land and using their equipment for levelling and clearing purposes. Parks do not mean just playing fields but the two should go together. How many towns and communities in the world today bitterly regret that they forgot all about open spaces when they grew up?

We are growing up! Don't let's forget them.

YOU AND YOUR TEETH

This is the 5th of a series on oral health prepared by the B. C. Dental Association.

Adults may be shocked to learn that most children make better patients than their parents. Parents with preconceived notions are often prone to "sweet talk" the youngster in a manner that the child recognizes as being phony. In many instances, the parent omits some of the "unpleasant" features, and in so doing, gives the child the impression (after the visit) that the parent hasn't been honest with him.

Parents should stop worrying about "How shall I approach this subject to make things easier for my child?" The dentist is really the person most qualified to explain dental office procedures to the child—and he should do this on the first visit. In turn, the parent's responsibility lies in seeing that the child is taken to the dentist before he has a toothache.

This resolves the problem into one in which the parent can, and should, tell the child that the dentist is merely going to "look at your teeth" and that he might even "take some pictures."

It should be made clear that nothing unpleasant is involved in this visit. The word "hurt" should be studiously avoided. It should be treated as a matter of no more anxiety than a visit to the barber, the shoe store, or the family physician.

Experience has proven that children alone with their dentist turn out to be very good patients. Often more so than their over-anxious parents give them credit.

Teachers Propose School Finance Revision Plan

A plan designed to equalize school finance procedures throughout the province has been proposed by the B. C. Teachers' Federation. It was recently submitted to the provincial cabinet by a delegation headed by Federation president Reg Cox. The plan has been evolved after 12 years of study by the Federation.

The teachers' plan advocates the establishment of a basic "foundation program," the cost of which would be estimated for each district on the basis of teachers' salaries and operational expense.

Basic provincial government grants for the school districts would be the difference between the cost of the foundation program and the yield from a fixed number of mills upon available assessment. The number of mills would be the same throughout the province. In this way each school board would have the funds available at a standard rate of taxation to adopt the foundation level of expenditure.

It would be free, however, to levy taxes at more or less than the standard rate, and thus furnish a program superior or inferior to the foundation program. The plan recognizes that there are districts in which local taxation is relatively unproductive. In these, supplementary payments by the provincial government would be made according to a fixed schedule.

Each school district would estimate the taxable assessment per teacher employed, and a province wide median would be worked out. Districts where the assessment per teacher equals or exceeds the median would receive no supplementary grant. But in deficient districts, a provincial grant would make up the difference.

The existing system of capital grants—by which the provincial government contributes a minimum of fifty percent, would be continued with certain changes. Local school boards would be able to proceed by their own decisions and at local expense with capital projects which are not approved by the provincial government as shareable. They would have the right to set up out of current revenue, reserves for capital expenditure. Needed school construction would not be held up by delay in marketing debentures.

The teachers' proposal differs from the present system in several ways: Actual salaries being paid and other operating costs of schools would become part of the basic formula. Supplementary grants would be placed on a specific formula and there would be annual or biennial revision of the amount of the basic grant.

The preamble to the plan states that three pressures are acting to cause school costs to rise. They are increasing school enrollment, inflation and a demand for improved quality in education. So long as these pressures exist, school finance planning must be in terms of increasing expenditure.

The teachers specify that money must be found to meet justifiable increased costs; and at the same time control must be exercised against extravagance. They state that effective control lies ultimately with the electors through their franchise. Such control is best exercised at the local level. Therefore, major responsibility should remain with local school boards.

The Federation maintains the primary purpose of provincial grants should be to equalize the resources of local school districts. Local wealth in B. C. districts varies so greatly that very substantial provincial grants to some districts are needed to produce adequate equalization.

The Federation maintains substantial provincial grants need not imply rigid, detailed provincial control, provided that the grants are determined by an objective formula, and the amount of expenditure beyond the grants is met through local taxation.

Scouting activities

Chris Johnson, Q. S.

1st MURRAYVILLE TROOP

The executive of the Murrayville Court of Honour was elected at a recent Court of Honour meeting. The members of the executive are: Alec Bishop, chairman; Norman Mowles, scribe; and Eldy Johnston, treasurer.

Murrayville held their annual Father-Son banquet at the end of March. Five boys were presented with their Second Class badges at the banquet. They were: Tim Winter, Ian Walker, Dennis Gauthier, Ricky Barichello and Marvin Goss. Queen's Scout Alec Bishop received his Red and White "B" cord in addition to his Camper's badge at the last district day. Richard Labelle was invested at a recent meeting.

1st MILNER TROOP

P. L. Wayne Jardine earned his Dairyman's badge and was presented with same on April 18. This is the first proficiency badge to be earned by a member of this troop.

The Scouts held a hike to Garibaldi Park in order to pass firelighting and cooking tests.

On the meeting of April 25, D. C. Greer was present for the opening of the meeting.

The troop is planning to form a baseball team in the near future.

1st LANGLEY 'FALCON'

The Falcons held their last indoor meeting of the season on April 27 in order to complete an ambulance course. While the 1st Aid session was underway, A. S. M. Wrightman instructed the others in semaphore signalling. 1st Langley suffers an acute shortage of competent semaphore signallers as was observed last district day. 1st Class training and a discussion on camping completed the evening.

A small work party spent most of the afternoon of Sunday, April 24, giving rocks a bath. This is eccentric behaviour, even for 1st Langley, but there was method in their madness. The boulders are being prepared so that several stone fireplaces can be built at the Otter Road Scout Park.

The Falcons are organizing a softball team which held its first practice last Saturday.

SKIP SAYS

Last weekend saw some 31 Scout leaders from all over the lower mainland attend a training camp in the Langley area. A picked group of Scouters served on the Headquarters Training team and as Patrol Leaders. The theme of the course was Scouting in the outdoors and gave many of the newer leaders their first taste of camping. Queen Scouts Alec Bishop, Chris Johnson, Roddy Brookes and Graham Friberg were on hand as Service Scouts.

The camp started on the Friday evening and continued through to Sunday afternoon. Demonstration, followed by practical experience, was the mainstay of the training, plus the use of the Patrol System.

The following leaders from the Langley area attended the course as trainees: F. Thompson (Murrayville), G. Harris (Murrayville), J. Farrow (Ft. Langley), A. Price (Glenwood), D. Gorsuch and G. Johnson (Sperling) and A. Mansell (Glenwood).

"FRED GREER SHIELD"

1st Murayville Troop won the shield at the last district event, Operation Lost Camp, and will retain it until next September (when we will probably have to take it away from them!) Just who gets the shield next fall will depend a lot on the summer activities the troops have. So let's see Scouting, and especially the "out" in Scouting, continue all summer long.

OTTER

A large crowd attended the opening held at the Neil K. McDonald lumber yard at Otter and the Hi-way. Coffee was served and ladies were presented with bouquets of daffodils. The children were also remembered with balloons and candy. Clarence Doyle, County Line Road, won the grand prize of the power saw while Mr. Halverson of Bradshaw Road and Mr. Jolliffe of Otter won $10 and $5 certificates respectively.

Mrs. J. MacFarlane spent the latter part of the Easter weekend in Vancouver.

Mrs. John Thomas spent some time in Langley Memorial Hospital, ill with pneumonia, during Easter week.

A patient in Langley Memorial Hospital for one week was Mrs. Jens Larsen, who returned home Friday where she will recuperate further.

A lovely shower was held at the home of Mrs. Sigrid Farrell on Friday evening, when she entertained in honor of Miss Loretta Reynolds, a bride-elect of May 14. The bride-to-be was assisted in opening the many lovely gifts by Mrs. Jean Groves, sister of the groom, and Miss Jeanette Reynolds, from a decorated container decked with bells and streamers. When the luncheon was served, Miss Reynolds cut the special bride's cake which was made and decorated by the hostess, Mrs. Farrell.

For the Nonce

By Portia Packer

I've often wondered how you can instil a moral consciousness into people who weren't born with the capacity to appreciate right from wrong.

It is that great and lovable personage, Mrs. Eleanor Roosevelt, who said of herself, "I may look like Methuselah, but I feel no older than my youngest friends."

Long ago and lost in obscurity is the custom of "Blessing the Pens." Presumably, any pen, so blessed, would never write mean or scurrilous things.

The custom of shaking hands was originally a precaution against treachery. When two strangers met, each would clasp the other's right hand so that neither could wield a weapon.

Did you think rock and roll had gone out of style? Then you have never watched a herd of cattle running down a hillside to their pasture below. Now there is shake, rattle and roll at its very best!

"Cuisine '30"—a TV program on Channel 2 at 1:30 every Friday is tremendously popular. Why not get your name on their mailing list. The recipes are free. The address is 701 Hornby St., Vancouver 1.

My mother says: "If there is life on other planets, I hope they treat their Old Age Pensioners better there than they do here!"

Rock Club Meets At Vasa Hall

Rockhounds gave accounts of their experiences on a recent 3-day trip to Shaw Springs, on Friday at the Vasa Hall.

All agreed that the expedition was highly successful although some of the ladies deplored the arduous task of mountain climbing on one particular day.

Whereas weather in the Valley over Easter was cold and windy, those who ventured out on this, the first big trip for the local Rock Club, enjoyed fine weather throughout, and a further party will leave for the same area on the Dominion Day holiday.

The Fraser Valley Rock and Gem Club decided Friday to become members of the Lapidary Rock and Mineral Society of B. C. and will thereby participate in all provincial functions. Wes Veale and Grant Turner were appointed delegates to attend the Society meeting at Shaw Springs on May 24.

Mrs. Paula King showed some of the numerous rocks she had obtained during her stay in Palm Springs, California.

Many guests and potential new members attended the meeting.

TELEPHONE DIRECTORIES

At the recent Council meeting Councillor Flowerdew drew the attention of the members to the fact that the B. C. Telephone Company is issuing separate directories for the Lower Fraser Valley and Upper Fraser Valley. He suggested the Company be requested to print one directory only for the entire Fraser Valley. A motion was passed to this effect and a letter ordered to be sent to the Company concerned. This closely follows a resolution to the same effect endorsed by Aldergrove Chamber of Commerce.

Council Studies Erosion Problem

A Glen Valley resident, Mark Falconvitch, complained to Council that erosion is taking place along the edge of his farm at the corner of County Line and River Roads. He states that it is eating into the land at such a rate as to endanger the C.N.R. tracks shortly. Falconvitch feels that a lot of it is caused by vibration from the C.N.R. trains.

Before applying to Council he had contacted the Dyking Commissioners and the C.N.R. but without results. He had also contacted the Dominion Public Works who had promised to look into the matter. He asked Council's support in his efforts to get work done to protect the south bank of the Fraser River. Councillors Hogben and Roberts motioned that this matter be referred to Council for further consideration. Councillor Wellman stated that approximately 6 to 8 miles of foreshore in Langley is affected and he understood work could be carried out on a shared basis with the Senior Government, the local contribution being 25 percent.

Council will take up this matter with W. McLennan, M. P., and will also find out what action is being taken by the District of Maple Ridge to control erosion on the north bank of the Fraser River.

Council Backs 24-Hour Service

Councillor E. Flowerdew drew the attention of the Council at the last meeting to the fact that Aldergrove Chamber of Commerce is studying the possibility of having the Aldergrove Port of Entry open on a 24-hour basis.

On the motion of Councillors Flowerdew and Wellman Council went on record as supporting this effort and a letter to that effect was sent to the Chamber.

Councillor Hogben pointed out that most traffic counts at this entry have been made during the winter months and suggested that counts should be made during the summer when the traffic volume is higher.

B.C. Sportsman's Show Expected Record Crowds

Commencing today at 1:00 p. m. running each night there-after from 6:00 to 10:30 p. m. with another matinee on Saturday, May 7 from 1:00 until 10:30 p. m., thousands of British Columbians and tourists alike who have interests in the outdoors of British Columbia, will gather at the Marpole Curling Rink, Heather Street and S. W. Marine Drive for the Annual B. C. Sportsman's Show.

A massive variety of entertainment and exhibits are planned, featuring the Western Canadian Casting Championships every night from 8:00 to 8:20 p. m., and a breath-taking outdoor living fashion show for the ladies from 9:00 to 9:25 nightly; as well as dog training, fly-tying, skin diving and casting demonstrations also, a trout pool with live trout for the catching will be available to the children and adults alike at all hours of the show.

The B. C. Government will have a magnificent display covering the Travel Bureau, the Fish and Game Branch, and the Parks and Campsites Branch, and all areas of outdoor sports will be covered including rock and gem collecting, camping and outdoor living, hunting, fishing and boating, water skiing and skin diving.

In addition to the Government's display, all Fish and Game Clubs in the area and the B. C. Council of Divers will be represented to dispense free information as to their own location and best sport obtainable in it.

A host of exhibitors will be present displaying products and services all the way from tents and trailers to worm hatcheries, featuring gunsmiths, sporting goods stores, skin diving firms, boat outboard and inboard motor firms, dehydrated food companies, airplanes, photo centres, resorts, department stores, the B. C. Automobile Association, frozen food lockers, outdoor vehicle dealers, tackle manufacturers and sporting magazines.

A large attendance is expected with the tremendous jump in the interest in fishing, hunting, boating and skin diving, particularly in the last five years.

Tickets may be obtained at the door or from any member of any lower mainland Fish and Game Club.

When osteoarthritis of the hip is incapacitating, radioactive cobalt may help. This is the word from British physicians, who explain that after a simple operation the cobalt is placed temporarily in the head of the thigh bone.

Last Rites For Alex Klemola

A resident of County Line for a number of years was Alex Klemola who passed away at his home 26077 Kendall Road, R. R. 3, Aldergrove on April 26, 1960.

He was born in Kauhave, Finland 61 years ago. He lived in Vancouver prior to coming to the Langley district 18 years ago where he farmed on Kendall Road. He was a member of the Aldergrove Vasa Lodge.

He is survived by his wife, Elsa, also brothers and sisters in Finland.

The funeral was held in the Chapel of the Columbia Funeral Home, Langley, on April 30. Rev. Canon T. E. Harris officiated and interment was in Murrayville Cemetery.

PEARDONVILLE

Fire sirens sounded in Peardonville Friday evening as the fire engines rushed to the scene of the fire which destroyed the home on the Frank Schreiner farm on Ross Rd. south. A summer kitchen nearby, as well as the house was burned.

Mrs. Tom Ridewood and young son, Rocky, of Vancouver, spent a few days Easter week with her parents, Mr. and Mrs. C. Driver.

Mrs. Fred Sloggett Jr. of Bradner accompanied her parents, Mr. and Mrs. Oscar Olson, to Langley Friday afternoon to visit her husband, who is a patient in Langley Memorial Hospital recuperating after undergoing surgery. Miss Alice Olson is presently staying with her sister in Bradner during his absence.

Mrs. Sloggett also accompanied her parents and Jim to Stratton Sunday afternoon when they visited the Art Mathers home.

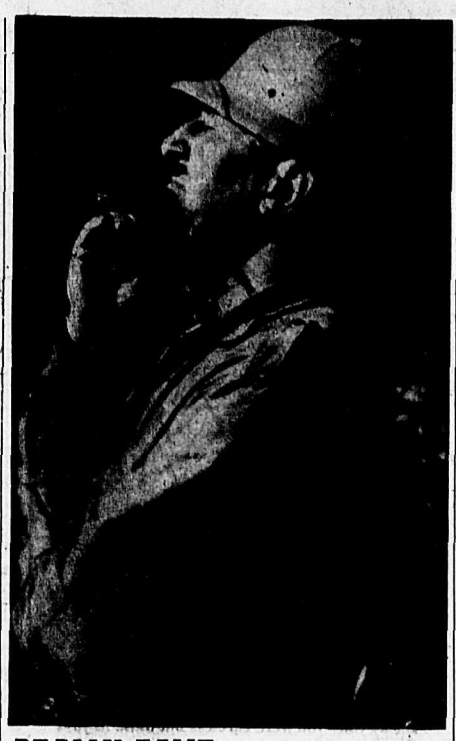
Miss Irene Brooks of Vancouver spent the weekend with her parents, Mr. and Mrs. Selkirk.

The softball team of Peardonville School was the stronger when they played North Poplar Friday. The score was 9-6.

Church Parade Commemorates Atlantic Battle

On Sunday, May 8, the personnel of H.M.C.S. Aldergrove with their families and friends, will attend St. Dunstan's Church for a service in memory of the Battle of the Atlantic.

This is an annual parade for the Navy and at H.M.C.S. Naden, in Esquimalt, it is held on the upper playing field where several thousand spectators attend. The service honours those Canadians who gave their lives in the six long years of the sea war 1939-1945.



REALLY TAME — Art Money, a Bradner bulb farmer, makes friends with all birds and consequently he always has many around him. They continually enter his house and he knows many by name. Seen above a chick-a-dee has just taken a nut from Art's mouth. The bird did not seem to mind the camera a bit although only 6 feet away. (NEWS Photo)

Infant Garden Plants Need Help to Reach Sunlight

When the garden soil has been made ready in the spring, it is time to sow seed. This is a simple task but if carelessly performed it can result in serious losses, of seed, growing time and labor.

Like you, seeds need air, water and food. These must be available in the top inch of garden soil to which the first stages of their struggle for existence will be confined. It is always a struggle, and seeds need your help to overcome the hazards which they encounter in getting a start in life.

Seeds may drown if water stands too long over them because of poor drainage. When there are vacant spaces in low spots in a row, with otherwise a good stand, drowning is probably the cause. Water excludes oxygen from the soil and should never stand more than half an hour on the surface of the garden.

A cold spell may delay germination, enabling moulds and fungi to attack the dormant seeds, to weaken or destroy them. This can be prevented by using a disinfectant such as spergon or arasan. Take as much of either as you can lift on the end of a toothpick, drop it into the seed packet and shake it well to coat the seed. Always do this when seeds are sown early, before the ground warms up, for diseases are most dangerous then.

Seeds may be sown too deep. Small seeds should be barely covered, even the large seeds not more than an inch. And the greatest hazard of all, as research with soil conditioners is proving, is the danger of being buried alive under a soil crust which seed sprouts cannot penetrate.

If your garden contains clay, a hard rain may compact it sufficiently to imprison the seed. The tiny sprout often faces an impossible task in attempting to break its way to the sunshine.

If you have a compost pile, there is no better way that you can use the humus from it than in preparing a special soil with which to cover seed. This should be mixed with sand, half and half. In addition to making sure that the seed sprouts will be able to emerge, this loose soil will hold moisture and keep the soil beneath it from drying out. It is therefore especially desirable in hot weather.

In Heavy Garden Soil, Cover Seeds With a Porous Soil Mixture.

PROTOTYPE IN ABBOTSFORD

New Invention May Change Colour World

By Don Anson

Abbotsford will go down in history as the birthplace of the most revolutionary development of modern times in the world of colour, if two local business men get the credit for an incredible machine they are now completing.

Invented by Ronald Young, paint store owner, and built with the financial and moral support of Arie de Ruiter, this machine matches the colour of any sample submitted on a screen and at the same time analizes the colour content of the sample. The formula can be read directly off the machine or the latter may be tied in with a dispenser to give dial-a colour, push button, dispensed paints, inks or dyes.

The colour on the screen of a prototype machine can be changed from black to white to green to orange to purple or any other colour in any tone by operating four levers. The changes may be made instantaneously or so gradually that the changes are almost imperceptible.

Mr. Young's idea was born out of the need to supply his customers with any colour of paint, quickly and efficiently. "The thousands of colour chips now generally used, make colour selection and matching a monumental job and even an impossible one in many cases," he says. "This machine will match her drapes, rugs, clothes, complexion or even an idea in her mind. She can even play with the levers herself until she gets the colour she requires."

After two years of development work on his ideas, Young was considering shelving the project, due to lack of finances and difficulty in getting parts manufactured. At this time Mr. de Ruiter offered to procure the materials and parts needed at his own expense and the two men entered partnership on the basis of a gentleman's agreement.

Some development work is still required to be done, but no technical difficulties remain and measures are being taken fully to protect the invention prior to considering bids from an already eager market in the paint and colour card industries.

Ronald Young, 39 year old, was born in London, England, and came to Canada in 1948. He worked 11 years with Marconi's and has many inventions credited to him. He has also spent 4 years with Canadian engineering firms on design work. He is seen on the left of the photograph with Arie de Ruiter, a well known local Hatchery owner.

(News Photo)

O.O.R.P. NEWS

An exceptionally large crowd attended the O. O. R. P. Spring Tea and Sale held in the United Church Hall on April 22.

Mrs. Emily Elmore, in charge of entertainment, brought out a varied group of talented local residents who received loud applause for their efforts from the audience.

Mrs. Mildred Genberg who so capably convened this 10th annual tea, would like to thank all who helped in any way to make it a success.

Thanks are also extended to the many entertainers, especially to the Hula Hula dancer, Miss Fifi, imported for the occasion from Hawaii-(in other words, Fred Elmore!)

Dennis Schmahl contributed two accordian solos, Barbara Josok danced the Sean Triubbas and an Irish Jig. George Hogg, a talented young whistler delighted those present with his selections. Mrs. Malcolm (Donna) Macdonald sang three songs which were greatly appreciated. Four young ladies from the Langley Majorettes gave a baton twirling display. They were Colleen and Carolyn Blair, Frances Rooke and Gail Barkhausen.

Winner of the door prize was No. 8, Mrs. Appleton. The raffle was won by the following: 1st. Mrs. Robinson; 2nd, Mrs. H. Dams; 3rd, Mrs. N. Eden. Those in charge of the tables were: sewing, Mrs. Estelle Corbett and Mrs. Gardiner; parcels, Mrs. Doris Swensson; plants, Mrs. Edna Eve; home cooking, Mrs. Betty Loucks and Mrs. Ada Wilson; serving tea, Mesdames Marion Reeve, Marjorie Francis, Mary Miller, Mary Johnson and Ann Hurchman. Working hard in the kitchen were Mesdames Alice Fletcher, Irene Larson, Cora Williams, Florence Gunn.

In charge of the raffle was Mrs. Margaret Penzer. Mrs. A. Watt took charge of the door tickets.

Mrs. Florence Legault and Mrs. Mildred Genberg welcomed the guests as they arrived.

Detention Home For Juveniles In Valley?

A meeting has been held to discuss the possibility of building a juvenile detention home for holding juveniles while their cases are awaiting disposition.

Reeve D. W. Poppy, who attended this meeting said that a report had been prepared on the need and probable cost and it was stated that young offenders should not be placed in custody with hardened criminals.

The report recommended a 15-bed home at a cost of $10,000 per bed to be financed and operated by the participating municipalities in the Fraser Valley.

Further meetings will be held to discuss this subject.

United Church News

The April meeting of the Women's Federation of the United Church was held April 18 with 15 members present.

Hilda Brown and Betty Gilbert took charge of the devotional period. The program, conducted by Mildred McIntosh and Connie Johnston, dealt with the work of the churches and schools in Angola, Africa. A quiz followed.

It was reported that at the present time there were no United Church people in the hospital.

The Baby Band Tea date was set for June. Dagne Johnston told the meeting that the Spring Tea had netted $50.18.

The Federation was asked to gather good used clothing for overseas relief. The church congregation would be asked to aid in this work. All clothing could be left in the vestibule of the church.

The Jara Smith Circle met in the hall Thursday, April 28. There were 13 members present and two new members were received. General business was transacted.

Lucky You

Lucky you—you were careless but those in your path were not

Favorite Recipes

By Aimee M. Lewis, Home Economist

"Something more than just another dessert" can well describe this cake. It suggests a new way for featuring the abundant orange and date supply found in markets this month. The orange juice and orange rind are mixed with sugar and cooked to pour over the baked cake while it's still warm. Whipped cream or dairy sour cream is the final topping. Dry ingredients can be sifted together and dates and nuts can be chopped in advance to make mixing easy.

ORANGE BLOSSOM DATE CAKE

2 cups sifted enriched flour
¾ tsp. salt
½ tsp. soda
1 tsp. baking powder
½ cup shortening
1 cup sugar
2 eggs
¾ cup sour milk
½ cup chopped dates
½ cup chopped nuts
½ cup orange juice
⅔ cup sugar
1 tsp. grated orange rind

Grease a 9-inch square baking pan. Sift together flour, salt, soda and baking powder. Cream shortening and 1 cup sugar together until light and fluffy. Add eggs and beat well. Add sifted ingredients alternately with sour milk, mixing well after each addition. Stir in dates and nuts. Pour batter into baking pan. Bake in a moderate oven (350 degrees F.) for 25 to 30 minutes. Combine orange juice, ⅔ cup sugar and orange rind, and heat to boiling. Pour over warm cake. Serve warm with whipped cream or dairy sour cream, if desired.

Here is a recipe that won a $25,000 prize.

VEAL AND DUMPLINGS

Coat 2 lbs. veal or beef round steak with mixture of ½ cup enriched flour and 1 tsp. paprika. Pound mixture into steak, cut into 2-inch cubes, brown meat thoroughly in ¼ cup salad oil, transfer to 13x9x2-inch pan or large skillet and add 1¾ cup of small cooked onions; combine 1 can cream of chicken soup and 1 can water in skillet used for browning. Bring to boil and pour over meat. Bake in moderate oven 350 degrees about 45 minutes until meat is tender. Top with 15 dumplings, increase oven temperature to 425 degrees. Bake for 20 to 25 minutes to deep golden brown. Serve with sauce made by heating 1 can of cream of chicken soup and 1 cup sour cream just to the boiling point.

Butter crumb dumpling: Mix together two cups flour, 4 tsp. double acting baking powder, ½ tsp. salt and 1 tsp. poultry seasoning into mixing bowl. Add 1 tsp. celery seed, 1 tsp. dry onion flakes, 1 tbsp. poppy seed if desired. Add ¼ cup salad oil and 1 cup milk, stir just until moistened. Drop rounded tablespoons of dough into a mixture of ¼ cup of melted butter and 1 cup breadcrumbs, roll to coat with crumbs.

Livestock Prices In Vancouver

Market strong on 92 head of cattle on offer. Receipts from Peace River, Interior, Vancouver Island and Fraser Valley.

Choice grain fed steers 22.80 to 23.00, good grain fed steers 21.85 to 22.35, medium grain fed steers 20.75 ao 21.50, choice light grain fed heifers 21.00 to 21.75, good light grain fed heifers 19.25 to 21.00, good grain fed Holstein heifers 19.60 to 20.75, common veal 17.00 to 20.50, good bulls 14.85 to 16.10, good beef heifery cows 17.00 to 20.50, best Holstein cows 13.85 to 15.60; best Guernsey and Jerseys 12.00 to 13.75, cutter Guernseys and Jerseys 10.50 to 11.50, one cow of doubtful health 6.25.

Today we had one truck load of the best steers on offer since the sales started.

Gospel Chapel Opening Sunday

Official opening of the Aldergrove Gospel Chapel, 3118 North Jackman Road, Aldergrove, will be held at 3 p. m. Sunday. Speakers from various parts of British Columbia are expected to be present. All are heartily invited.

For many years the congregation has been conducting services at Aberdeen, two miles east of Aldergrove, along the Trans-Canada Highway. The Aberdeen Gospel Hall became overcrowded and the new location at Aldergrove was selected on Jackman Road, just across from the post office. Under the supervision of L. Tomlinson, who volunteered his services freely, the new chapel was completed. The pulpit of light-coloured wood was made and donated by W. D. Hyde of Abbotsford.

Speaker last Sunday morning was Evangelist John Aitken, formerly of Winnipeg and Toronto. The evening meeting was jointly conducted by Evangelist Mun Hope and J. E. Wall.

Guest speaker at 8 p. m. Friday at the Aldergrove Gospel Chapel, 3118 North Jackman Road, will be Evangelist George Watmough of Los Angeles. Portugal missionary V. Sobral is expected in June.

PATRICIA

The annual meeting of the Patricia Community Club was held in the hall last Wednesday evening.

Frank Corbett was elected president; A. Antonsen, vice president; Mrs. Charlie Mears, secretary-treasurer. Directors are: Mrs. Desmarais, Messrs. Kneusse, DeRoye and Voight. Some new members would be very much appreciated so how about joining?

A whist drive was held after the meeting and first prizes were won by Mr. and Mrs. Voight, consolations going to Mrs. Mears and Mr. Antonsen.

The Fuite brothers have moved to Ladner where they purchased a home.

Mrs. Helen Carson of Detroit, U.S.A., is visiting her cousins, Mrs. Askew and Mrs. Harris.

Mrs. Jessie Mitchell is visiting her son, Rev. Robert Mitchell and family in Longview, Oregon.

Recent guests at the F. Ferguson home were Mrs. L. McLeod of Bellingham, Mr. and Mrs. C. B. Lindsay of Vancouver, Mr. and Mrs. Lindsay Archibald of New Westminster, Mr. and Mrs. Bruce Hughson, Linda, Brenda and Colleen of Haney; Mr. and Mrs. Jim Green of Mt. Lehman.

Leah Chadsey of Quesnel returned home after spending some time with her grandparents, also Carl Seabrook of Sault St. Marie.

Miss Marie Pepin, nurse-in-training at St. Paul's Hospital, Vancouver, spent a couple of days with her parents, Mr. and Mrs. Alex Pepin.

Mr. and Mrs. Ross Ashton and family visited friends in Kamloops during the holiday week.

Mr. and Mrs. McCrostie of Vancouver were recent guests of Mr. and Mrs. James Brown.

Nineteen members and five visitors attended the regular meeting of the Patricia W. I. on Wednesday. Mrs. Clamp gave a very interesting report on the conference held in White Rock in April. She was appointed delegate to the Provincial Conference at U. B. C. at the end of May.

The Provincial Board has asked for the quilt block book with which Patricia won first prize for the province of British Columbia, in the Tweedsmuir Competition. The hostesses were Mrs. William and Stan Robinson. The prizes donated by them were won by Mrs. Evans and Mrs. Goin.

Next meeting will be held at the Premo Giacomazzi home. Mrs. Shirley Giacomazzi will be co-hostess.

After the meeting a very successful miscellaneous sale was held.

Collecting for the Red Cross were W. I. members Mesdames Rammell, Clamp, Peterson, W. A. and F. Johnston.

Mr. and Mrs. Dick Clamp, Mr. and Mrs. Jack Scott, Marilyn and Barbara, spent a few days in the Okanagan in the holidays.

Mrs. Witt entertained several friends at a wiener roast in honour of her daughter, Betty's birthday last Saturday evening. Miss Lois Witt, R. N., who is on the staff of the Prince George Hospital visited her mother for a few days last week; also Miss Barbara Eppton of Prince George.

Mrs. Armstrong had her son-in-law and daughter with their family for the holidays. They are the Pinnertys of Penticton.

Promising results in patients with severe Parkinsonism, or shaking palsy, are being obtained with stereotactic surgery. This is a technique in which certain critical areas of the brain are destroyed—with negligible injury to vital nearby structures—by means of electrodes whose placement deep in the brain is precisely determined by mechanical guides.

The cause and cure of arthritis is unknown. It is the great crippler of all races, in all climates.

HERE'S HOW . . .

MAKE A BEACH BACKREST

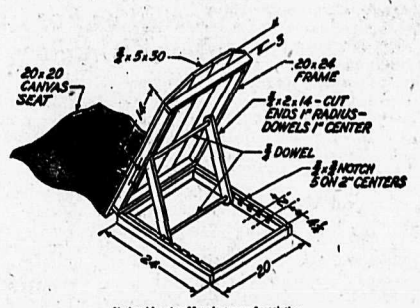
A folding, adjustable backrest for beach or lawn use is made of lumber ¾-inch thick.

Make two 20-by-24-inch frames, using lumber 2 inches wide. The long sides of the base frame are double thickness, the inner boards notched for backrest adjustment. Fasten all frame joints with glue and 6-penny finishing nails.

The backrest boards extend 8 inches top and bottom.

Props are ¾ by 2 by 14 inches. Bore 1-inch dowel holes 1 inch from the end of each prop. Insert an 18¼-inch piece of 1-inch dowel in the lower holes, allowing it to extend ¾ inch beyond the props. Pin the dowels in place with 4-penny finishing nails. Bore dowel holes 14 inches from the top of the backrest frame. Insert a 20-inch piece of dowel through the frame and props, pinning it to the frame, but allowing the props to swing.

The canvas seat is fastened with upholstery tacks to the lower edge of the back boards.



National Lumber Manufacturers Association

School Board Given Operettas

(Continued from page 1)

doller," which was specially written for junior students.

"Fort Langley" was written for B. C.'s Centennial and in this Leonard received assistance with the lyrics, from Miss Joan Buckley. He also had much help in reading and playing of manuscripts from Leonard Woods of Langley.

"Pop" Leonard felt that expenses of publishing and marketing these plays was too excessive and as he wished all schools to get some benefit from them he decided to give them to Langley School Board, under trusteeships with no strings attached.

He has stipulated that although he owns the copyright, all schools can make use of them and only in the event of large profits being made will he want any payment and then only something between $50 and $100. He has no objection to the Board eventually publishing the plays in book form and a legal document will be drawn up giving the School Board full powers of trusteeship.

One of his local pupils was Mrs. Hazel Harrower of Roberts Road who used to teach at Murraville.

Mrs. Harrower remembers vividly practising in the annex of Langley Central School with 18 others. The players, she said, jokingly called it "The Chicken Coop." She played in the first of "Pop's" productions and has since played violin in all with the exception of "Fort Langley."

"He is a wonderful man," said Mrs. Harrower, "and he has a wonderful wife."

BRADNER

In the semi-final of the Packenham Cup Langley Borsato's beat the Bradner Red Shirts by a score of 6 to 1 on Sunday, so they came to a stop in that contest.

A farewell party at the home of Mrs. G. Main was in honour of Mr. and Mrs. E. Williams and Mrs. J. Williams who have left the district. The E. Williams' have gone to Alberta, south of Edmonton and Mrs. J. has gone to Abbotsford. The two elder daughters are staying with their maternal grandparents, Mr. and Mrs. H. Emerson, until the end of the school year.

The senior Mrs. Williams was presented with a sweater. The E. Williams' received a chenille bedspread and a thermometer.

Three Bradner couples attended the wedding in New Westminster on Saturday evening of Barry, elder son of Mr. and Mrs. W. Smorenberg to Miss Irene Tierney of Whalley. They are Mr. and Mrs. R. J. Nicholl, Mr. and Mrs. Gavin Griffiths and Mr. and Mrs. John Visser.

New Nylon Adds Luxury Look To Lounge Wear Collections

There's a trend towards more elegant lingerie and lounge wear costumes for the home, and never have lounge wear manufacturers come up with more lovely creations.

Lingerie and lounge wear is always an important gift item, for any occasion. Now, added to the wonderful style factor is the introduction of a brand new nylon fabric, made of Agilon, to the field.

The new styles by Rogers Lingerie typify this trend to luxurious looking costumes for the home.

In designing its most beautiful collection ever, they have used Agilon, developed by Deering Milliken, of Chemstrand Nylon. It is softer, more porous, more absorbent and actually opaque.

The Grecian-style gown, above left, shows deft use of Agilon nylon. The dull matte finish and fluid quality of the cloth drape the bodice and adds flattery to the sweeping, bias cut skirt. This particular gown comes in a wide variety of colors — white, sparkling champagne, aqua frost, red pepper and Venetian blue.

The luxurious mood created by Agilon is well illustrated by the ensemble pictured at right. The overblouse is appliqued with imported lace, and soft chiffon re-embroidery frames the neckline. Tapered legs are dipped at the sides and dotted with chiffon floral motifs. A deeply-pleated Agilon over-skirt flows from the softly-shirred cummerbund to wrap this long-stemmed beauty. Colors are white-French pink, and white-French blue.

Rogers lingerie is the exclusive manufacturer of Agilon Tricot lingerie. It's available at most leading stores.

Work Started On New Hotel

Two major building projects costing a total of $368,000 are under way.

One is a three storey apartment block at Pauline Street and Boundry Rd. Contractor is HUB Construction Co.

Excavation has started for a two storey hotel on Pauline St. The hotel is being built by the Park Hotel Co.

MENNONITE CHURCH NEWS

WEST ABBOTSFORD CHURCH

A womens conference held in Yarrow Sunday was well attended. Guest speakers were Miss Wiens from Vancouver, who has spent 3 years as a nurse in Korea and Miss Toews, missionary to the Congo in Africa.

A film on the work being done by the Mennonite Disaster service was shown here Sunday evening.

The Sunday School will be presenting a special service Sunday morning for the mothers. There will also be a dedication service for babies.

Peter Peters has left for Manitoba where he will be joined by Alvin Epp in serving the MCC for the summer months.

CLEARBROOK M. B .

Baptismal service was held in the church Sunday when 20 people were baptized and joined the church.

Those baptized were as follows: Mr. and Mrs. Gosner, Mrs. Gosner Sr., Mary Ann Friesen, Margaret Friesen, Ingrid Sawatsky, Irma Funk, Agnes Heidebrecht, Katie Siemens, Betty Thiessen, Elaine Reddikop, Dorothy Willms Esther Franz, Janet Peters, Mrs. Jacob Dyck, Alfred Thiessen, Henry Rempel, Jake Suderman, Henry Suderman and Will Driedeger.

There will be a mission sale in the MEI auditorium on May 10 at 7:30, proceeds of which will go for the support of the MEI.

SON BORN

Born to Mr. and Mrs. Jerry Dueck, a son, David John, on April 23, weighing 9 pounds. A brother for Rodney, Cathy and Darryl.

MEMORIAL SERVICE ON MAY 29

Canadian Legion Branch No. 21 will hold a Memorial Service in Murrayville Cemetery at 2:15 p. m. on May 29.

Fire Destroys Empty House On Ross Road

Totally destroyed by fire last Tuesday evening was the farm home belonging to Frank Schreiner off the Huntingdon Road on Ross Road South.

Cause of the fire is unknown. A neighbor reported the fire as the house was unoccupied. By the time Matsqui Fire Dept. arrived on the scene flames had enveloped the building. Also destroyed was a summer house but other outbuildings were saved by the firemen.

The house was leased and recently vacated and the owner was redecorating the place before moving in himself.

Fortunately the loss was covered by insurance.

John Itcush Passes Away

John Itcush, late of 2132 Clearbrook Rd. S., passed away at the MSA General Hospital on April 27.

Funeral services were held from the Garden Chapel Funeral Home on April 30 at 2 p. m. with Rev. N. Dreger officiating.

Mr. Itcush was born in Austria on Feb. 20, 1888. He was married to Miss Pearl Zaremba in Saskatchewan in 1913 and they had lived in this district for 27 years.

He is survived by his wife, Pearl, and one daughter; Helen, at home.

Pallbearers were J. Fleming, J. Lohmann, F. Lowen, L. G. Kettle, J. W. Ried, D. Logan. Interment was in the Hazelwood Cemetery.

JUBILEE

The Pioneer Girls' Club held a special meeting on Saturday evening at the home of Mrs. D. Sheppard. They are working on their Mission Badge so Miss Warkentin showed slides of India which she had borrowed from her cousin, Miss Katie Siemens, who had just arrived from India on April 23.

The Club has planned a hike along the Fraser on Friday after school, weather permitting. They hope to cook their dinner out.

A birthday party was held at the home of Mrs. M. Susani on Thursday evening in honor of Mrs. Susani and Mrs. William Love on the occasion of their birthdays. There were 19 ladies present and winners of contests were Mesdames Katy Hogg, Killan, Wolfe, Klaus and Miss Wiebe. Lunch was served by Mrs. Hogg and Mrs. Bileski. China cups and saucers were presented to the guests-of-honour.

Mrs. Peter Braun's sister, Mrs. Mary Doerksen of Grunthal, Manitoba, visited the Braun's; also Mr. Braun's sister, Mrs. Sarah Loewen of Linden, Alberta.

Weekend visitors at the Harry Thiessen home were Mr. and Mrs. Roy Goossen of Bradner, Mr. and Mrs. Vincent Barkman of Mt. Lehman and Mr. and Mrs. Harold Giesbrecht of Whitemouth, Manitoba.

Weekend visitors at the Snowdon home were Mr. and Mrs. Sam Clarke and Winnifred of Vancouver.

Visitors at the Bileski home were Mr. and Mrs. Lambert and family of Whalley; also Mr. and Mrs. Turchyn.

Paul Seymour of Whalley was around calling on old friends and neighbours at the weekend.

Mr. and Mrs. Edgar Thiessen have motored to Ashland, Oregon. Jake Thiessen left with them and Miss Ruby Braun is looking after their store while they are away.

Johnnie Satchell is still a patient in the MSA Hospital at Abbotsford.

A new monument at Solferino, Italy, commemorates the birth of the Red Cross idea and honours Henri Dunant, the founder of the Red Cross.

Local Merchants Donate Prizes

The North Poplar PTA sponsored a Bingo game Friday evening. They raised $50 which went towards the purchasing of curtains for the school.

Eighteen prizes were donated by the following Clearbrook merchants: Dueck Lumber, Clearbrook Furniture, Pinecrest Service, Clearbrook Hardware, Clearbrook Barber, Clearbrook Photo Studio, Clearbrook 5 and 10, Friesen Electric, Clearbrook Economy Grocery, Funk's Super Market, Mac's Barber Shop, Sherman's Cafe, Clearbrook Bakery, Clearbrook Drygoods, George Bartsch Jewellers, Davis Equipment, Village Furniture and Penner's Pharmacy.

Matsqui Police Court News

Charged with impaired driving in Matsqui Police Court last week were Clifford Thom of Shalath, B. C., and Raymond Thom of Lytton who were fined $150 and $6.50 costs each.

Leo Wiese of Sardis was fined $50 for exceeding the speed limit.

Henry Wiebe of Abbotsford and Peter Palacan of 150 Mile House were each fined $45 for exceeding the speed limit.

Seventeen other persons paid a total of $375 for exceeding speed limits and other minor traffic violations.

MT. LEHMAN

Robby Hanna telephoned his mother last Friday that he had graduated from the air base at Centralia, Ont., and was being sent to Winnipeg for further training. Jim Mullen left at the weekend to take his preliminary tests at Centralia.

Mr. and Mrs. H. Robertson are the proud parents of a daughter, Sandra Madeliene.

Mr. and Mrs. Tom Smith and family have rented their place on Olund Road and left at the weekend to manage a large farm at Dewdney.

Mr. and Mrs. Angus Ryder, with Mrs. N. L. Wohlgemuth, visited Mr. and Mrs. Robert Sidle at Whalley last weekend.

Miss Dorothy Edge of Vancouver was home for the weekend.

Mrs. D. R. Nicholson of New Westminster spent last weekend at the D. G. Nicholson home.

For picnics in the woods, frozen cans of tomato or fruit juice can serve a dual purpose. Wrap unopened cans from your freezing compartment in foil and arrange around perishable foods in your picnic basket. When "let's eat" time rolls around, use the chilled juice (it takes three to four hours to thaw) as a refreshing beverage.

Socred WA Meet At Ness Home

The monthly meeting of the Abbotsford Social Credit W. A. was held at the home of Mrs. A. Ness, Walnut St., last week.

Mrs. John Schultz, who was elected delegate, reported on the Mae Bennet convention which was held in Vancouver in February.

Mrs. Gloria Gardiner, who is head of the education committee, spoke about the obscene literature that was available on the news stands and it was unanimously decided that a resolution be sent to our local council of women to have this literature banned.

Plans were formulated for a Bake Sale to be held on May 7 in one of the Abbotsford stores.

Refreshments were served by co-hostesses Mrs. J. Schulz and Mrs. F. Siemens.

PLANNING COURSE ARRANGED FOR MAY 16-21

Members of the Council and the Planning Officer will attend a Planning Course being held at the University and adjacent municipalities from May 16 to 21.

The Canadian Arthritis and Rheumatism Society treats patients in their own homes on the doctor's advice.

Speaker Urges Ban Nuclear Explosions

Guest speaker at the meeting of the Local Council of Women held in the Old Age Pensioners Hall in Abbotsford last Thursday was Mrs. William Riddell of Burnaby, who is the chairman of the woman's committee on radiation.

She spoke on the damaging effects of radiation from nuclear explosions.

She urged the ladies to write their member of Parliament, taking a stand against nuclear explosions.

Last Rites For Infant Girl

Funeral services were held for Carol Elaine, infant daughter of Mr. and Mrs. Henry Dyck of Townline Rd., at the Garden Chapel Funeral Home on Sunday May 1, at 5 p. m., with Rev. A. Friesen officiating.

She was born Feb. 25, 1960, and passed away April 29.

She is survived by her parents, Mr. and Mrs. Henry Dyck; one brother, Leonard; maternal grandparents, Mr and Mrs. John Friesen, Old Yale Rd.; paternal grandmother, Mrs. Katherina Dyck, Victoria Rd., Clearbrook; and a number of aunts, uncles and cousins. Henry Wiens was the pall bearer.

Interment was in Babyland Mennonite section of Hazelwood Cemetery.

Aldergrove High School News

By Philip Green

On May 20 a track meet for the Langley and Aldergrove High Schools will be held at Langley. This track meet will be for house competition. There are four houses in each school. The highlight of the meet will be a relay race beginning at Aldergrove and ending at Langley High.

It is good to know that Roger Friesen will be back at school soon after his unfortunate accident there recently.

In two weeks' time the Spring Awards Day assembly will be held. This annual assembly features the presentation of scholarship, activityship and sportsmanship awards donated by the Students' Council. Also, trophies will be awarded to the outstanding boy athlete and outstanding girl athlete during the 1959-60 school term.

PINE GROVE

Pine Grove Garden Club met in the community hall last Tuesday evening and there was a good attendance. There were visitors from Mission who are expert growers of Rhododendrons. Guest speaker was Mr. Alyne Cook of Vancouver, who spoke on rhododendrons. He also showed colored slides of New Zealand flowers and some of England's finest gardens.

The business meeting was short and consisted mainly of a discussion on a plant sale to be held in the community hall on the evening of the second Saturday in May.

Some of the members showed vases of primulas they had grown. One very interesting primrose shown was called 'Jack in the Green," a most unusual one.

Many children from this community are thrilled at being among the first students to attend the new Clearbrook Junior High School, opened for classes since the Easter holidays.

Mt. Lehman Junior League boys have got off to a very good start in the baseball season, having won both games that they have participated in so far.

Mr. and Mrs. Jim Peardon and two sons left early Tuesday morning by car for their home at North Bay, Ontario, where Jim is stationed. They had been spending the past six weeks here as guests of their parents. Monday evening Mr. and Mrs. A. Peardon held a farewell dinner for them with Jim's sister and family, Mr. and Mrs. Eldon Bartsch and baby of Abbotsford also present.

IN MEMORY—A portable anaesthetic machine dedicated in memory of RCAF Nursing Sister Muriel Kerr who was killed while carrying out a mercy flight at Prince Rupert, was presented to the R. W. Large Memorial Hospital in the small northern community of Bella Bella, 350 miles north of Vancouver. Making the presentation of the equipment donated by all personnel of RCAF Station Sea Island, is Wing Commander J. V. Watts, Commanding Officer. Doctor David Preston, right, administrator of the 35 bed hospital accepted the machine along with Chief Charlie Moody, head of the local Indian band at Bella Bella. (RCA Photo)

Hospital Auxiliaries Council President Gives Year's Report

Speaking to the Langley Memorial Hospital Society annual meeting on April 20, Mrs. Dorothy H. Myers, president of the Auxiliaries Council, stated that she was "indeed proud" to submit the report of the Women's Auxiliary Council. She gave credit for most of the year's work being done by her predecessor, Mrs. P. Y. Porter.

She went on to say, "As you know, our primary purpose in Auxiliary work is to add to the comfort and welfare of hospital patients and to that end, 1st—to raise funds by any means having approval of the Board of Management of the Hospital; 2nd—to foster good relations between the hospital and the public; 3rd—generally to co-operate with the Board and Officials of the hospital.

Now to enlarge on these three items: 1st—Fund Raising. Each Auxiliary chooses whatever function they deem best suited to their own situation. Several hold card parties, one held a very successful fowl supper this year, another sells Easter Eggs, others have bazaars, garden parties and teas. All these go to swell our Council Treasury. Then as you all know, we have "Our Baby"—the Superfluity Shop, which this year brought in $2,265.85. Our Annual Tag Day was held in May and we had a booth at the Fall Fair. We were very happy this year to have two 9-year-old boys, Terry Scott and Richard Stearns, assist us in raising money. These two boys collected and sold bottles to the amount of $6.80. With this Miss Ward purchased an Overbed Cradle for the Children's Ward. Our total receipts for 1959 amounted to $6,050.30.

"Our sewing is not such a vital part of our work now as in the past, however, the Thimble Club does look after the needs of our Nursery and this year sewed flannelette into diapers and baby shirts, Fort Langley made up towels, and Otter, slippers and nighties.

"Our own project which we have had to discontinue was the selling of our Baby Birth Certificates. This was frowned upon by the Department of Vital Statistics as interfering with registration.

"Special thanks to Langley Auxiliary this year for their work in renewing the Hospital Library.

"Our Annual Council Meeting was held in June at Esperanza, thanks to Mr. and Mrs. Alwyne Buckley, our hostesses were the Thimble Club and Fireside Auxiliaries and was well attended.

"One very special event took place this year when, upon learning of the withdrawal of Mrs. Miriam Armstead from our district, we decided to hold "Open House" and wish her every happiness in her new home. This we held at "Newlands," through the courtesy of Mr. and Mrs. Clive Rogers, in Oct. Langley Memorial Hospital Auxiliaries will not soon forget the work done by Mrs. Armstead and the late Mr. Armstead.

"Christmas again was a busy time for auxiliary workers. They decorated the large trees at the Hospital, did the hallways, arranged attractive plates for the Christmas trays for every patient and I wish to thank all those who helped in this work and a special thanks to the Boy Scouts for the individual trees in the wards.

"Our purchases for the Hospital this year have included Portable X-Ray, a quantity of small instruments, lawn mower, etc., totalling $3,617.17.

"I was happy to represent the Council at the Provincial Convention in October. Their motto was "Progress with Purpose"—"Do not make small plans, there is no magic in them to stir men's minds." Let us take this as our motto and so fulfill the second and third points of our purpose. In this way we shall be able to have a larger and better Langley Memorial Hospital and Auxiliaries. Please come in ladies and join the Auxiliary nearest you, we need you, and to those of you who are already members, thanks for your help in the past and I trust you will continue to work with me for the good of our Hospital."

Egg Producers Sign Petition

To date well over 400 poultry producers of the Lower Mainland of B. C. have signed petitions addressed to the Provincial Minister of Agriculture, requesting a plebiscite be taken on a marketing board for eggs. These signatures represent only those engaged in egg production, and are owners of a total of over 825,000 laying hens.

The Petitions will be submitted to the Minister at an early date when a number of petitions not yet completed are turned in. These are expected to increase the total to some extent.

The Directors of the Western Poultry Federation have called a meeting of Poultrymen for 8 p. m. Thursday, May 5, in the North Poplar Hall, Clearbrook Road, N. Clearbrook, when the Plebiscite Committee will make its report.

PINE GROVE

Thursday evening two representatives of a New Westminster plywood company, sponsored by a local firm, showed colored film on construction and materials, such as the making of plywood from the time the Douglas fir was cut to the finished product. The Pine Grove W. I. ladies served refreshments.

These Crops Give Harvest That Lasts All Summer

Sowing Data on Long-Harvest Crops

	Days to Table Size.	Grow for 4-Portion Serving.
HARDY KINDS:		
Broccoli	70	2 ft.
Celery	140	1 ft.
Collards	75	1 ft.
Kale	60	1 ft.
Leek	90	2 ft.
Parsley	70	6 in.
Parsnip	95	2 ft.
Salsify	100	2 ft.
Swiss chard	60	6 in.
New Zealand spinach	60	6 in.
TENDER KINDS:		
Cucumbers	45-70	1 ft.
Eggplant	90	1 ft.
Peppers	60-90	1 ft.
Tomatoes	60-90	½ ft.

Parsnips

Peppers.

Egg Plant.

Vegetables which are most rewarding to the home gardener are those which, once mature, can be harvested the rest of the season.

These do not require succession planting, and two of them—parsnips, and salsify—can be harvested all summer and winter. It is important, of course, not to sow too much, for surplus vegetables cost both work and money and are usually wasted.

Take especial care with the greens—parsley, Swiss chard and New Zealand spinach—which are often overplanted. Instead of a row of each, to divide a row among the three will suffice for many families. All are among the richest of vegetables in vitamin A and should be eaten often, say nutritionists.

The time for planting all these crops is definite. Sow seed of the hardy ones just as soon as the soil can be prepared. Plants, even of the hardy ones, should not be set out until the danger of frost is over, and that is also the time to sow, or set out, plants of the tender varieties.

It is not so easy to determine how much to sow, because the harvest lasts from the time they are large enough to use, until frost kills the plants. This is an indefinite period, but will usually average about 12 weeks. To estimate the space sufficient to supply the table for this period multiply the figure given in column two of the accompanying table by 12, then again by the number of times per week the vegetable will be served on your table.

To obtain the yields for tomatoes and cucumbers estimated in the table, both must be trained on stakes or fences, to reduce the ground space occupied. If vegetables are to be grown for canning, additional space must be provided. Where catalogues offer both early and late varieties of a vegetable, space should be divided between them, to get both an early harvest and the heavier yield which the slow-maturing kinds usually give.

Sports Day For North Otter

The regular meeting of the North Otter PTA was held April 25, with Mrs. D. Martens presiding.

A report of dental work done was made by Mrs. Jantzen. Miss Plitt informed the group that her choral group from the North Otter School won first place in their class at the Port Coquitlam Musical Festival on April 8. She also reported she is preparing the group for an outdoor concert at a later date, weather permitting.

The annual school Sports Day will be held on May 27 with races and games as usual. Prizes will be given. Mr. D. Martens donated ribbons and Mr. Houston donated the money for printing them.

A social was held after the meeting which was enjoyed by all.

The Canadian Arthritis and Rheumatism Society depends on bequests, public donations, or United Appeals for its funds.

COUNTY LINE

Miss Dorothy Conroy of Vancouver spent the weekend with her sister, Mrs. D. Simpson, and family.

Word was received over the weekend by Nels Oss of the death of his father, Mike Oss, of Orion, Alberta. If he had lived four more days, until May 4, he would have been 87 years old.

Mrs. Otto Gutzke of County Line is a niece of the late Mr. Oss, who visited her and his son only last year, for most of the summer.

You can Enjoy low cost, Automatic Oil Heat

Standard Oil Company's heating equipment finance plan now makes it possible for all home-owners to enjoy the advantages of clean, safe, economical oil heat. The benefits of this plan are available to you whether you intend to make a completely new installation, convert your present heating system to low cost oil, modernize your oil burning plant for more efficient operation, or just replace a burner, furnace or tank. Simply call any recognized oil equipment dealer listed in the Yellow Pages of your telephone directory (Oil Burners) and ask for details or a free descriptive folder.

• Only 10% down
• Up to 5 years for repayment
• Attractive, low interest rate, with no "hidden" charges or "extras".

Adding The Professional Touch

The home or family bar is generally a repository of gadgets but the newest is one that lends a real professional touch—the Golden Pourer, produced and marketed by Mr. Boston Distiller, Inc. The pourer is 24k gold plated, readily washable and interchangeable on all the company's fifths and quarts. One important thing it does is eliminate corks which occasionally stick or crumble. It pours freely, opens and closes automatically, is sanitary and counter-balanced. This is one way to guarantee the drink will reach the glass and not the bar. It's become a popular holiday gift item.

OTTER

The Boys' and Girls' Hobby Club at South Otter Chapel held their closing program for the season on Tuesday evening, April 12.

The children sang choruses and there was a display of handwork for the parents to see. A film concluded the program.

On Sunday afternoon, April 10, there was a special missionary service held at the Otter Gospel Chapel when Missionary A. Goertz, Mrs. Goertz and three children were present. Mr. Goertz showed colored slides of Nigeria and told of their work there.

The young people of the Otter Chapel enjoyed the day together when they went to Stanley Park on April 18. There were three carloads.

The regular monthly meeting of the Scout and Guide Group Committee was held at the home of Mr. and Mrs. A. Fast on April 20. There were 20 people present. There are large enrollments of both boys and girls and all are progressing favorably. The May meeting will take the form of a family night for all. Watch for more about this later.

Holiday visitors at the home of Mr. and Mrs. W. R. Isherwood were their son-in-law and daughter, Mr. and Mrs. Ronald Fraser with their children, Patty and Colleen from Grand Forks.

Mrs. Sigrid Farrell, accompanied by the Misses Joan Greenwood and Eileen Lightfoot of Langley, motored to Vancouver on Sunday to attend a luncheon in honor of Miss Loretta Reynolds, at the home of Miss Moyra DeWolfe, who will be maid of honor at the forthcoming marriage of Miss Reynolds.

A Guild meeting of the Otter Credit Union was held last Wednesday evening at the home of Mrs. J. MacFarlane, when Mrs. Harding and Mrs. Patterson of Vancouver attended. The latter gave a short talk on Co-operatives in the East; she had travelled to Nova Scotia and Prince Edward Island, reviewing the remarkable progress the natives there had made of their little towns, by all working and thinking co-operatively. There are many subjects to be taken up by Guilds, including true labelling of goods, what constitutes good produce and why, stated Mrs. Patterson. A lunch was served by the hostess at the close of the meeting.

Mr. and Mrs. H. E. Larson have returned home after spending the Easter holiday season at Sterling Creek, at the home of Mrs. R. Williams.

NORTH COGHLAN

Mrs. Rennie visited her mother, Mrs. French, a former resident of Coghlan for many years and now living in New Westminster. Mrs. French, who is recovering from an illness, is visited regularly by a Victorian Order nurse.

Mrs. Merle Christensen had the misfortune to injure her ankle and Carl, her son, was in the Langley Hospital having had a severe injury to his hand. We wish them both a speedy recovery.

At the election of officers of the White Rock Choral Society Rev. G. B. Splitt was elected Choirmaster. Mrs. Harbidge, a former resident and Coghlan W. I. member, was elected president.

Mrs. A. Brooks was under the doctor's care recently.

The sympathy of the community goes to Mrs. Klemola on the passing of her husband, also to Mr. and Mrs. Kaethler and family for the fatal accident which befell their little son.

The pear trees and cherries are in beautiful bloom, the Italian prunes are just passing; the Japonica is making a show and the dogwood is just coming to perfection. The bloom on the fruit trees presages a good crop this fall.

We noted with interest the article about the moving of the 20 million dollar collection of Art treasurers in Ottawa to the new Lorne Building, a national gallery named after a former Governor-General who founded the gallery. It is now posible to ship an exhibition to communities of almost any size where there is an interested group who will house and take care of it. Kitimat, Dawson Creek, Kapuskasing, Rimouski and Arvida are a few of the outlying centres where such exhibitions have been shown. May we look forward to the day when Aldergrove will have the honour of such a showing. These exhibits are insured with Lloyd's of London. Last year, 47 travelling exhibitions had 227 showings in 90 centres across Canada, denoting we are gaining an Art appreciation.

There was a very good turnout at the whist drive Saturday evening, which was sponsored by the Coghlan School PTA, and the committee in charge would like to thank all those who helped to make it such a success. The committee members were Mesdames G. Godman, Jake Wall, Englot, and Edward Ashman. Ladies' first prize was won by Mrs. Earle Crosby and the consolation went to Mrs. Angus McCuaig. Gentlemen's first prize went to Jake Wall with Howard Craig winning the consolation.

Johnny Craig, son of Mr. and Mrs. Howard Craig, has cut the tendons of his right hand with broken glass. The hand must be in a cast for three weeks.

Mrs. Art Brooks is in Langley Memorial Hospital.

The little son of Mrs. Marion Wiebe and grandson of Mr. and Mrs. Luca has suffered a hand injury necessitating stitches.

PEARDONVILLE

Gordon Murray has returned to work in Ladner after spending several weeks at the Murray home here.

Miss June Patterson and friend went for a drive before starting work Friday afternoon. Near Bellingham they had the misfortune to become involved in an accident. Although the car was wrecked we are pleased to report June and her passenger suffered only from shock.

Mr. and Mrs. James Thompson of Vancouver were weekend guests at the home of their parents, Mr. and Mrs. E. L. Patterson.

Mr. and Mrs. Doug Kissock and Randy of Vancouver visited the P. Kissock home at the weekend.

Mr. and Mrs. George Spencf and family of Williams Lake are visiting at the Penner home.

Mr. and Mrs. Halstead of Newton were Saturday visitors at the J. Kissock home.

Mr. and Mrs. G. Peardon and Jean, Mr. and Mrs. J. Kissock, Linda, Carol and Bruce and Mrs. S. Peardon and Cheryl visited the

Aldergrove Activities

By Mrs. W. Orwick

Karen and Evelyn Jones of Coquitlam spent the Easter holidays with their grandparents, Mr. and Mrs. F. Erickson.

Sorry to hear Kenny Legault got a nasty cut right to the bone on his finger last week.

Visiting the A. Angrignons last week were Mr. and Mrs. S. Parsons of Duncan.

Mr. and Mrs. E. Gibson and family were in Vancouver during the holiday visiting Mrs. Gibson's father, Mr. Carlson.

Mrs. A. Angrignon's sister and father, Mrs. R. Muir and Mr. W. S. Rennie, were visiting here last week.

Janet and Gladys MacLean from Lone Butte have been visiting friends and relatives here during the past week.

Our heartiest congratulations to Mr. and Mrs. Walt Makela on the birth of a 6 lb., 13 oz., daughter Saturday at Langley Memorial Hospital, a sister for Doug, Brian and Barry.

NO SECONDER

Acting on a letter sent to the Council, Councillor Flowerdew moved that a grant of $20 be made to the B. C. Amateur Sports Council to assist amateur athletes to participate in trials and sporting events, but no seconder was forthcoming. The letter was ordered filed.

Dick Peardon home in Whalley Sunday on the occasion of Dick's birthday.

Arthritis is the oldest disease known to man. Prehistoric fossils of animals show evidence of its crippling effects.

HOSPITAL W. A. NEWS

Women's Auxiliaries Council of Langley Memorial Hospital met in the Nurse's Home on *Monday evening. All auxiliaries* brought interesting reports of their activities. Milner held a smorgasbord and cleared $100; Langley held a tea in the Masonic Hall; Brookwood made Easter Eggs; Otter held a whist drive in March and cleared $36.

Tag days are planned for Langley on May 12 and Aldergrove on Friday, May 13.

The Auxiliaries' Council voted to purchase emergency stretcher beds for the hospital so that patients will no longer have to lie on mattresses directly on the floor.

The Thimble Club of Langley is in charge of the Superfluity Shop in the Ayers Block, Langley, for the month of May. Bring *your rummage to them—they* will be glad of it.

The annual meeting of the Auxiliaries' Council will be held at the Alwyne Buckley home, "Esperanza," in June.

Otter W. A. to Langley Memorial Hospital met Friday at the home of *Mrs. Evan Howse*, Old Yale Road. Fourteen members were present and arrangements were made for the Tag Day to be held in Aldergrove Friday, May 13. A smorgasbord is also planned for June. Watch for further news of this.

EXPLORER ACTIVITIES
By Kathy Francis

On April 6, the Explorer group went on a "Bird Walk" in the nearby woods. Swallows, robins, killdeer and woodpeck*ers were only a few of the birds* they saw. On the way home they sang some songs. When they reached the hall some of the mothers had a very nice supper for them. The spaghetti and meat balls, potato salad, Pork and beans, fruit salad, cocoa and pie and tarts for dessert tasted extra good after the walk.

After some songs and games, the girls left for home, promising to watch for different birds and mark their bird calendars. These will be returned in June for comparisons.

The beds of marigolds in front of the hall have been planted by the Explorers.

Every year, arthritis and other rheumatic diseases slice over $70 *million in wages alone off total* Canadian income. They cost the country nearly 10 million workdays annually, according to The Canadian Arthritis and Rheumatism Society.

The Canadian Arthritis and Rheumatism Society has a memorial fund for bequests from friends as tributes to the deceased.

More than 225,000 men, women and children of all ages participated in Canadian Red Cross water saftey services and projects yast year.

The Canadian Red Cross will have to collect 500,000 bottles of blood in 1960 to meet transfusion therapy demands of Canadian hospitals.

Bowling Scores

As a result of last Wednesday's *semi-final play-offs, six* teams will contend tonight for the two Aldergrove League trophies.

O.I.C.'s had top score with 3333, followed by Boo Boo's 3311, Lucky Strikes 3192, Termites 3132, R. & B. 3115, Blow Hards 3109, Fordomatics 3074. Out of the finals are Rexalites 3047, Inkspots 3009, Wing Dings 2995, Die Hards 2994 and Navy Blues 2961.

Bowling will start tonight at 7:30 o'clock and 5 games each will be played.

Abbotsford League Banquet will be held in Matsqui Hall on Wednesday, May 11, and Aldergrove Banquet will follow on Saturday, May 28.

Final Whist For Aberdeen PTA

Aberdeen PTA held its final whist drive for the term at the school Friday evening with eight tables in play.

Lucky winners of the grand prizes were Mrs. P. Jones, who won a pair of sheets and pillow cases; and Oscar Vidman, whose prize was a fishing tackle box (or tool box.)

The regular prizes went to Mrs. A. Gledhill and Dave Teichroeb, with consolation *prizes going to Mrs. Lovell and* Al Hickman. (Al became very fond of table No. 2.)

Travelling prizes were taken by Mrs. Vidman and Rudy Evanoff.

The PTA thanks everyone for coming all year and looks forward *to seeing them all in the* fall.

The bake sale sponsored by the PTA April 30 in the Sully Building went over very successfully.

Cricketers Hit Out First Game

A fine prelude to the cricket season took place Saturday when Langley hosted a team from Vancouver Rowing Club for a prac*tise game.*

Spectators were treated to an afternoon of hard hitting cricket at it's best with 300 runs being scored in the two innings.

Rowing Club batted first and were all out for 129 runs. Both Mike Dean and George Johnson took four wickets apiece, the latter for only 25 runs.

In reply, Langley sailed into the opposition bowling and with 61 not out from Rod Sharp in a *big hitting display Langley* passed opponents score with loss of only 5 wickets.

Further practise was held at Bear Creek Park on Sunday when Langley and Surrey joined forces in a composite practise rather marred by the poor con*dition of the pitch.*

VISIT EUROPE

Bon voyage to the Henry Penners who are leaving next week for Europe. They are planning to go by boat and will be away about two months. They hope to visit England and most of the continent.

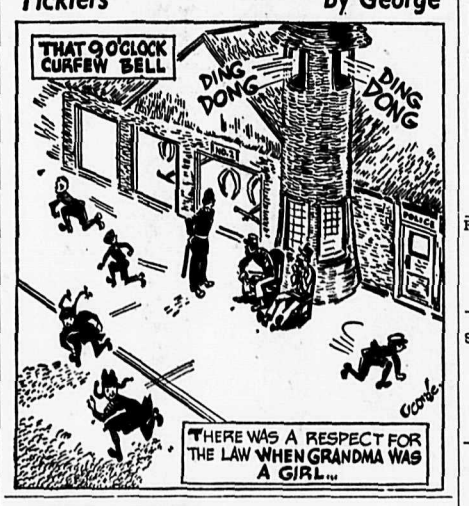
Ticklers By George



HERE'S HOW...

MAKE A PLAY POOL

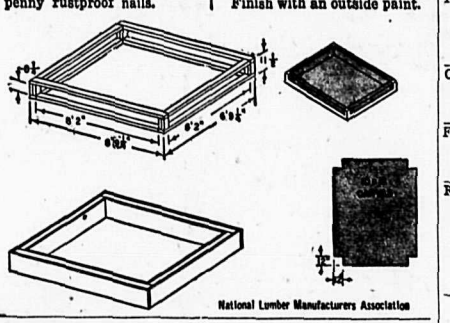
Hot summer days can be more enjoyable for the youngsters with an outdoor play pool. The pool as shown is 11½ inches deep, but the depth can be varied.

Use 2 by 4's for the frame and 1 by 12's for the sides. Cut the frame to the dimensions shown. Use a miter box to be sure the ends are square. Assemble the frame with 16-penny rustproof nails.

Make the sides as shown. Fasten the sides to the frame with 6-penny rustproof nails. Round all sharp edges and sand the frame smooth.

Complete the pool with a heavy-gauge waterproof canvas. Notch the corners as shown. Position the canvas and fasten with screw eyes slightly larger than the grommets in the canvas. If desired, install a drain plug.

Finish with an outside paint.



National Lumber Manufacturers Association

Under 21
by Dan Halligan

Dear Dan: I'm 13 and will graduate this month. My problem is that my best girl chum said she wouldn't be caught dead going without a so-called escort to the dance but she has a boy taking her. I haven't been asked by a boy and doubt if I will. However, I feel it's all right to go without a boy and wonder what you think.—No Date.

Dear No Date: What may apply in one school may not apply in another. Therefore, I can't give you a definite answer except to say you should ask your principal or class advisor. I agree if a girl can't get a dance date, that shouldn't keep her from attending the dance. However, if you do attend as a single, I think several of you girls should go in a group. You'll each have moral support and it will look better.

Dear Dan: I'm a tiny 17-year-old girl who likes a boy named Jim. He's a swell guy and wonderful to me but even though I've known him for three years, he just won't ask me for a date.

He asked me for a picture about a month ago which I gave him and whenever he sees me walking along the street and he's riding, he'll always offer me a lift. Now that you know my problem, may I ask how you get a boy to date you? I've never had this problem before and just don't know what to do.—Helpless.

Dear Helpless: Jim evidently has relegated you to the "kid sister" role and while that's an honor of sorts, it doesn't do much for a girl's social life. I doubt if Jim will be asking you for a date anytime soon so it's going to be up to you. Isn't there a dance coming up at school you can invite him to? How about a party or backyard picnic at your home? You've got the guy and the yen, so now get the plan in action.

Dear Dan: I'll bet you never had a problem like mine to answer before. The girl I've been dating for the past eight months is 20, good looking, has a nice personality and loads of friends but she can't hold a job and she's always borrowing money from me.

She's had three jobs since I've been dating her and has quit all three because, according to her, there was no challenge with them. I can understand a person leaving one job to better himself or herself but three jobs in eight months makes any guy wonder.

Like I said, she's always borrowing $5.00 or $10.00 from me and right now is into me for about $90.00. Understand, Dan, I'm not kicking about the money but I just can't figure her out. Have you got any ideas?—Puzzled.

Dear Puzzled: I've got one idea but they say it isn't nice to kick a lady. Your girl is very immature and I doubt if she'll ever get with it until someone wises her up. True, her jobs may be not quite as exciting as she had hoped but after all, she's not supposed to be pioneering her way to the moon when she's pounding a *typewriter. It's time you sat the* girl down and wised her up, both for herself and for whatever future you may have together. As matters now stand, she'd make a terrible wife.

THE MAIL BAG:

I.L.B.: I refuse to answer your *question of what sort of a gift to* get your eighth-grade steady boy friend for his graduation. When parents allow a seventh-grade girl to date steady, they're sticking more than one neck out and if you really want to give this boy a gift, tell him you don't want to go steady any longer.

Sick and Hated: If you'll send *me your name and address, I'm* sure I can offer you some help. In the meantime, I think you should try and quit feeling so sorry for yourself. Most of your problem is you.

(Dan Halligan will be glad to answer questions submitted by teenagers and children. Send *them to him. Dan Halligan, c/o* Aldergrove News. For personal replies, enclose a stamped, self-addressed envelope.
