AROUND TOWN

By Don Anson

Lynn K. Sully has been elected first vice-president of the B. C. Association of Real Estate Boards.

Anyone interested in a rock hunt at Princeton on Sunday, May 14, meet at Shop-Easy, Abbotsford at 6:30 in the small hours of the morning.

Water towers usually look ugly but I think Aldergrove has got quite an attractive one. Maybe it's the color which blends with the countryside.

Once again an Aldergrove girl will be crowned May Queen at Fort Langley. This time it will be Christine Warnerdam from County Line School. Blond, blue-eyed and I'm sure an excellent Queen of the May.

It is said that the average person blinks his eyes 25 times a minute and scientists say that each blink lasts an average of one-fifth of a second, thus, if he averages 40 mph on a 10-hour motor trip, he drives 25 miles with his eyes shut. I believe I've seen some people doing it!

The Art and Handicrafts Show to be held in the Park Hotel, Abbotsford, starting May 11 promises to be an excellent affair. Pete Swensson is going to be among those who will put on an exhibition and the Fraser Valley Rock and Gem Club is entering a display.

Congratulations to James Wibberley, son of Les Wibberley, Boundary Road, who has just been promoted corporal in the R.C.A.F. James is serving overseas as a radar technician at No. 3 Fighter Wing.

Over seven hundred first aid boxes have been sold by the Sea Cadets who, incidentally have their annual inspection May 11. Many trophies have been given by groups and individuals including a fine shield by Abbotsford Canadian Legion for best division.

One of the things I like about Canada is the use of first names and I was amused to hear our school superintendent chide Principal Don Hanson for introducing him at school assembly as Mr. H. D. Stafford. "I'm not ashamed of the name Harold," he said. In years to come I think even the handle "Mister" will be dropped from common usage.

Siren on Thursday called firemen to a fire at Tommy Fenton's Angling Road, where a stove backfire had blown embers into the kitchen.

A.V.F.D. put out the fire with little damage.

Celebrating his 82nd birthday on Saturday and stating he feels as well as he did 20 years ago is Dr. William Forsythe of Boundy Road. He informs me he has every intention of passing the century mark or dying in the attempt.

MOST PINS—Winners of the High Aggregate bowling trophy for the Langley Mixed Merchants' League this year were Bell and Thorp's team seen here with their trophies presented at the Elks' Hall, Langley, on Saturday. Left to right are: Helen Goertzen, Pete Goertzen, Ross Nault, Diane Hansen, Buster Nault and Allan Hansen. Seventh player missing from the Photo is Mel Felske. (NEWS Photo)

Plans In Hand For Football At Aldergrove High

In the Education Week issue of this paper the story broke that the first steps towards Canadian football in Aldergrove had been taken.

It said that the B. C. Lions would grant financial assistance to a school team at Aldergrove High if they could show some community support. This high school would be the first in this area to get a team.

Plans have gone considerably further and include a large banquet, tentatively set for June 10 in Aldergrove, when some officials and players of the B. C. Lions will be invited. Students are making many plans along with their PE teacher and have committees set up for this purpose. They hope to enlist the support of community organizations to bring this game to Aldergrove.

Quoting from the write-up of March 8 issue, by J. O. Sheffield of the high school staff: "If we get Canadian football at the high school, this game could be the spark that would bring about the development of the school ground as the recreation center for the community."

Further information will be given as plans develop.

HONOR FOR BRIAN

Brian Olund, son of Mr. and Mrs. E. Olund of Mt. Lehman Road, was chosen from School District No. 34, to attend Parliamentary Sessions and other lectures in connection with "Adventures in Citizenship" and left by air for Ottawa on Sunday.

May 2 and 3 last year had maximums of only 50 degrees, but that week was not quite as cool as the one just past. Both were wet with 1.40 inches last year and 1.43 inches this year.

Zoning Meeting For Thursday

A discussion on zoning for Aldergrove and the proposed industrial area will take place tomorrow, May 11, in the Aldergrove Fire Hall.

Municipal planning officer, Ken Major, has been invited to take part in the discussion to which all persons interested are asked to attend. Meeting is scheduled for 8 p. m.

Woman Seriously Hurt In Head On Car Crash

A serious car accident half an hour after midnight on May 6 badly injured an Aldergrove woman.

Injured is Mrs. Harvey Krentz, who suffered skull injuries, broken jaw, two broken legs and severe internal injuries. The accident occurred between Coghlan and County Line on Trans Canada. Mrs. Krentz, who was driving a Dodge station wagon, was hit by a car driven by Donald Griffith, a 20-year-old bank clerk from Greenwood. Griffith received cuts to his face and chest injuries.

Both cars, which hit head on, were demolished, and while police were taking details, their own car was struck in the rear by a car driven by John Kozmik of Chilliwack against whom charges will be laid

Harvey Krentz was driving a short way behind in a truck and witnessed the accident. His wife was taken first to Langley Memorial Hospital where she was attended by Dr. R. Mout and later to Vancouver General Hospital where she remains in a serious condition.

The Krentz's have three young children and operate a poultry farm on Trans Canada just east of Aldergrove.

A.H.S. Students Awarded First Aid Certificate

Four students from Aldergrove High School received their St. John's Ambulance First Aid certificates last Wednesday.

The awards were presented by Reeve D. W. Poppy at school assembly to Arthur Jackson, Patricia Doherty, Marlene Helsing and Barbara Watt. In citing the awards W. E. Rogers, Civil Defence officer for Langley district, exhorted all students to follow up instruction received at school with written and practical examinations in first aid and home nursing which, he said, would entitle qualifiers to certification. Further courses, he said, would entitle them to the St. John medallion.

Matsqui School Bus Injures Two Young Boys

A serious accident occurred shortly after 8 o'clock Tuesday morning when a Matsqui school bus travelling east along Huntingdon Road hit two young boys.

The accident happened at the junction with Le Feuvre Road South. Details were not released at the time of going to press, but it is known that one boy received serious hip injuries and was taken from MSA Hospital to the Royal Columbian Hospital. The other boy was taken by police to MSA Hospital. Both boys are pupils at King School, Aberdeen Road.

Delegation From Aldergrove Will Seek Liquor Store Here

For many years Aldergrove Chamber of Commerce has been requesting a liquor outlet in Aldergrove, and on each occasion a reply has been received from the Liquor Control Board that the size of the population did not warrant a liquor store.

Speaking to Chamber members at Monday's meeting Jim Rhodes, MLA for Delta, suggested that a delegation to Victoria would be the best means of pointing out the necessity for a liquor store here. Accordingly, a brief has been drawn up and a delegation consisting of Jack Scott, Oscar Ollinger and Jim Paris will journey to Victoria in about two or three weeks. Together with the M. L. A. the delegation will present the case for Aldergrove to Col. McGougan, liquor board commissioner.

Two new members were nominated by Jeff Rowley. They were Ed Anderson of Blue Bird Cafe and Cornelius Hunenstyn, Aldergrove Cleaners. Jim Paris was welcomed as a new member.

In the absence of president Joe Breier, on holiday, the meeting was chaired by Dr. Stanley Findlay.

A letter has been written to Council pointing out the poor condition of the sidewalk between Super-Valu and the Post Office, and asking for replacement either with blacktop or concrete.

The drain outside the Post Office came in for criticism from Jim Paris and council will be asked whether this can be capped with concrete instead of wood. It was pointed out that there seemed no reason why Council should not install modern standard catch basins. A further request to Council demanded grading for the road going through Eugene Haid's subdivision. This road, said Oscar Ollinger, was now impassable in bad weather and nothing has been done to it for two years.

Once again, Highways Department is to be asked to install a traffic light at the Jackman-Trans Canada intersection. It will be pointed out that a dangerous situation exists here and several accidents have occurred.

Chamber members were asked to support Aldergrove High School in its project of bringing Canadian football to Aldergrove. It was stated that B. C. Lions were putting up $500 for equipment provided this were matched locally. Many projects for fund raising were being started by the school including a car wash scheduled for Aldergrove on Sunday, at the Super-Valu. Members of the B. C. Lions Club, who may be speaking in Aldergrove include Wayne Robinson and Willy Fleming. They will appear at a public banquet on June 10.

A meeting of the Town Planning and Industrial committees will be held at the Fire Hall on Thursday at 8 o'clock to discuss zoning of the district. Ken Major, municipal planner, will be present and the meeting is open to the public.

Introduced by English teacher G. R. Hickey, Dennis Schmahl recited his speech which recently won the senior A. H. S. public speaking contest. His amusing and satirical talk on school rules at Alderbush was much appreciated and drew the remark from the president, "Now we know what really goes on."

Recent slogans for Aldergrove submitted by members were not thought very appropriate by the executive and it was suggested that maybe A.H.S. students could produce something better. The slogan "Pooches Paradise" was vetoed and brought forth a question from Jack Scott who asked Slim Sorenson why some of the new fire hydrants were so low. Slim replied that this was to give the little dogs a chance.

Next meeting, on June 12, will be Ladies' Night. No reply has yet been received from Hon. P. A. Gagliardi, who has been asked to be guest speaker.

Langley Police Court News

Two charges levied against a Vancouver man brought heavy fines in Langley Police Court last week. Wayne Bruce Whiteway was fined $250 for driving while impaired and a further $100 for driving while under suspension.

John Chard, Aldergrove, was fined $15 for changing lanes without signalling while Charles Jacobs, Abbotsford, paid $10 for speeding.

Charles Horace Bishop, Murrayville, was assessed $25 and costs for failing to yield right of way.

Two Vancouver youths just out from prison, Douglas Gordon Foster and Louis Guenette, were up on two charges each of breaking, entering and theft and possession of stolen goods. They stole a sports car in Vancouver that had been entered in a rally, drove to Fort Langley and broke into a store, stealing a TV set. They then hid the TV in the bush and the car in the Indian reserve and took the ferry across the river where they were apprehended and returned to Langley to face charges. Each was sentenced to eighteen months definite and 1 year indefinite.

Bradner Gets Bowlers Night

Change of venue will take place this year for the annual Aldergrove Bowling Banquet and dance.

This year, the bowlers will go to Bradner Hall on May 27 for both banquet and dance. In previous years the dance has been held in the gymnasium of H. M. C. S. Aldergrove.

Abbotsford bowling banquet will be held tonight in the Matsqui Community Hall.

John Conder Elected Mayor

New mayor of Langley City is John Conder, who was returned by acclamation Monday. The vacancy was caused by the death of Mayor J. A. Penzer on April 5.

Conder has been an alderman since Langley was incorporated as a city in 1955.

The only candidate for the vacant aldermanic seat was S. R. (Dick) Warner, a Langley butcher who was also elected by acclamation.

WHAT WE NEED!

Maybe demon drink is responsible for many broken families but then so is gasoline spirit when used in the wrong way, and so is gambling when it becomes a fetish.

Aldergrove is pressing for a liquor store and will continue to press as long as people take their custom elsewhere just because we have not got this amenity.

It is highly probable that Aldergrove will get another Bank in the near future. Here again is something the town needs. It also needs another super-market to provide competition and it badly needs a furniture store.

The cry, "There's no entertainment in Aldergrove" has been answered. We are getting our entertainment. The cry for water has been answered. If the people make their wishes known through members of the Chamber of Commerce and if the Chamber feels that the need is there, then the people will very likely get what they want with the possible exception of the Jackman Road crossing. And even this is not a closed book.

Another thing is certain, Aldergrove needs more "do-ers" and fewer "wait and see-ers."

It needs people with strong nerves, backbone, instinct for combat, the hide of a rhinoceros and the willingness to work like a dog for an occasional rain-washed bone.

Letters TO THE EDITOR

Editor, The Aldergrove News:

As one who is making his total living from the production of eggs, I find myself very interested in the subject of where the money comes from, and where it goes in our business.

When examining costs of feed, I find each poultryman with 1,000 hens paying, at least, $1,200 more each year for his feed, because of the Wheat Board regulations. We are the only producers in Western Canada, who are still compelled to buy grain from the Wheat Board since their regulations were relaxed last year. This is our biggest ill, as it is our greatest added cost.

Under the free marketing of eggs, we in British Columbia, have received, for the last four years, 7¼c per dozen more for our eggs, than our competitors in the Prairie Provinces. This pays us approximately $1,300 per 1,000 hens more than received on the Prairies. This alone has allowed us to stay in business. Compulsory marketing of eggs cannot possibly increase this, but will surely reduce it, besides having to pay all the costs of administering the Board.

The last time we had controlled marketing of eggs in the lower mainland, eggs went down in price to 9c per dozen, and stayed there until the poultrymen, and the Egg Pool, as it was then called, went bankrupt. Do you want this to happen again? The vote is now up to you.

Vote against Compulsory Marketing, and save your egg industry from chaos.

Crickeiers Lose First Match

By poor batting Langley Cricket Club threw away a fine chance of opening the 1961 cricket season with a win on Saturday.

Their opponents, Kerrisdale, were put in to bat and after hitting 60 for the loss of only six wickets were all out for the meagre total of 69 runs. Ed Batchelor took the last four wickets for only ten runs while Art Griffin took 3 for 23. Langley's fielding was generally good and some fine catches were taken.

In reply the local club, obviously suffering from lack of practice, could only amass 46 runs and lost the match by 23 runs.

At the start of the game acting mayor John Condor bowled the first ball to Reeve Poppy after which both teams were introduced by Captain Gerry Brown.

A friendly game between the Langley Club and a Victoria side was played at Victoria on Sunday when once again Langley suffered defeat.

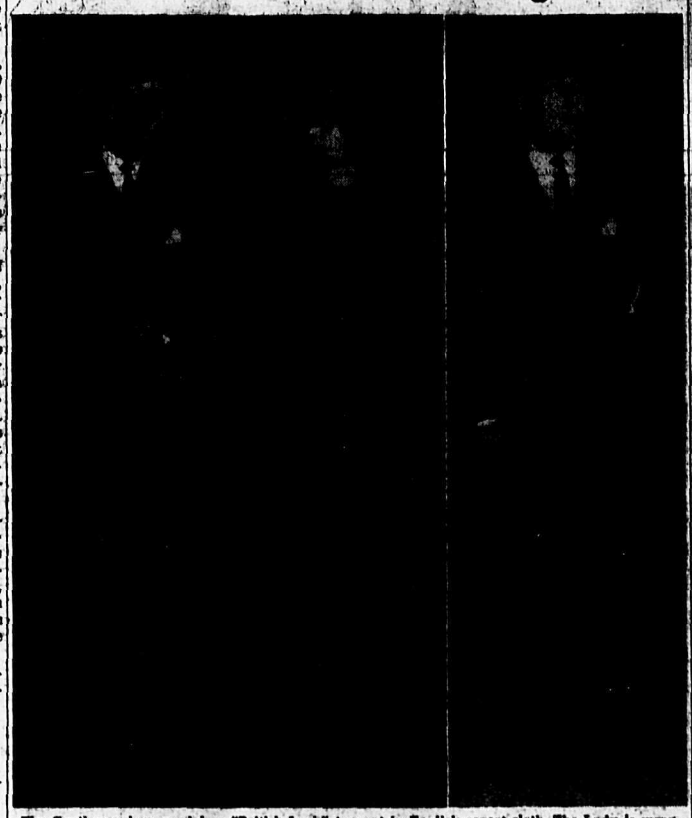
"British Look" Latest Fashion In Men's Clothing



The Gentleman here models a "British Look" topcoat in English covert cloth. The Lady is wearing the new collarless cardigan suit, tailored in lightweight Harris tweed. Both outfits were shown in the recent Tip Top Tailors style shown at Casa Loma, in Toronto. The material in the suit, at right, is an English dark grey pin stripe worsted. Jacket is three button, single breasted, worn with plain bottomed trousers and square cut vest. Felt hat is typically British, having a wide-rolled brim with pinched front. Shirt has short, wide-spread points.

At a style show recently presented by Tip Top Tailors in Toronto's picturesque Casa Loma, the "British Look," latest development in men's stylings was introduced.

Not to be confused with the tweedy or ultra-formal clothing so often associated with Britain, the "British Look" reflects the flavour of international styling. It borrows the best from Britain, France and Italy, adapted by U. S. and Canadian designers for North American demand.

This new look takes in sportscoats as well as suits. The shapelier silhouette shows a well-defined waist line, a generous chest expression and fuller but still natural shoulder. Jacket fronts are 3-button single breasted and gracefully cut away, with natural placement of buttons. There is wider lapel treatment. Pockets and vents, both side and centre, are man-sized and functional.

Trousers worn with the "British Look" are usually self-supporting style with plain or single pleated front. They are trim, straight hanging and cut with or without cuffs.

Jackets are fairly short, in keeping with the trend toward shorter lengths. Present models are shown with slanted flap pockets, the flaps being moderately wide. Matching vests in straight-bottomed style will often be worn with the "British Look" suit.

Topcoats that complement this style are trim and shorter.

Shades and patterns loomed by British mills bring out the "British Look" to fullest advantage.

Pin stripes, chalk stripes, and bold checks lend themselves particularly well to the suit. Nevertheless more subdued patterns are also very effective in creating the appearance of British good dress and good taste.

Sports outfits in the new look are a happy combination of well-defined, moderate sized checks loomed in mixture colourings.

As could be expected, British style accessories are the natural partners for "British Look" clothing. Shirt makers are featuring British stripings, tab collars and the "London Look" collar, a short point modified spread type in plain shades and stripes.

In ties, English Foulards and Regimental Stripes add an authentic effect. Handkerchiefs are white or solid colour, loose fold, draped from the breast pocket for the casual touch.

The all-out Britisher favours a black bowler hat, cane or rolled umbrella. For the present, most Canadian men will probably not take on "bowler and cane." But a fedora with medium width brim, narrow band and moderately high pinch-crown tops off the "British Look" extremely well.

Canadian men will be hearing and seeing more about the "British Look". It gives the wearer the feeling and appearance of dignified good dress.

Two Langley businessmen will celebrate their first anniversary of business with an open house on Saturday.

Aldergrove Officers Completes Survival Training Course

Flying Officer Luke Nakashima, 24, of Aldergrove, has successfully completed the RCAF Survival Training Course at Edmonton and the NWT.

The three week course was designed to teach students how to keep themselves alive and well in the event of a crash or forced landing in the wilderness.

Theoretical studies were completed at Edmonton and then F/O Nakashima spent the remaining time in the Rockies foothills, using only parachute teepees and brush lean-tos as shelters while surviving on emergency rations. After which the last week of the course was spent living in an igloo on Cornwallis Island NWT. Instructors, including an Eskimo resident of Cornwallis Island, taught survival skills throughout the course. Subjects included signalling search planes, emergency shelter construction and living-off-the-land techniques such as netting fish, trapping and snaring.

On completion of the course F/O Nakashima returned to his base at Comox BC, where he is employed as a navigator on CF-100 aircraft. Born in Vancouver, he was educated at Taber, Alberta, and Abbotsford BC, and is a BSe graduate of the University of BC. F/O Nakashima's parents reside at 1122 Station Road, Aldergrove, B. C.

Aldergrove High School News

By Tiny Traas

"Dress-Up" Day:

On Wednesday, May 3, the annual "dress-up" day was again attempted. Yes, it was—at least by the girls, who were like a bouquet of spring flowers, but the boys were like . . . well, they were as could be expected—not any different than usual, except for a very few who wore jackets and ties, displaying some school spirit. Boys, if you think that wearing a stiff collar is so bad, you should try to walk on high heels all day!

To show that the girls' efforts were appreciated I will quote one of the teachers who said, "Keats said 'a thing of beauty is a joy forever' — revised, 'a thing of beauty has a boy forever'." Very *flattering, isn't it?*

Assembly-Mr. Stafford, Speaker:

On this same day, an assembly was held at which Mr. H. D. Stafford, district superintendent of schools, was guest speaker. Before he addressed us, Mr. Rogers, Civil Defence coordinator for this area, introduced Reeve Poppy, who presented certificates to four students. A St. John's Ambulance First Aid course has been completed by Pat Doherty, Marlene Helsing, Barbara Watt and Arthur Jackson. They may well be proud of this worthwhile accomplishment.

Mr. Stafford then addressed the students in order to as he stated "share ideas with you." His topic was "Priorities—First Things First." In his short but interesting speech he pointed out that the ingredients which make up priorities are "acquisition of knowledge, courage, self- discipline, sense of values, ability to distinguish between good and bad, and faith in oneself, in the goodwill of mankind, and above all, in our Creator."

He concluded with a quotation from the Bible, "Ye are the salt of the earth, the light of the world." He said, "The kind of salt you are going to be, and the kind of light you will produce, will depend on your choice of priorities."

4 Teachers Will Leave:

Mr. Stafford also announced that this year four members of the teaching staff will leave us. They are: Mrs. Blankenstein, Mr. Campbell, Mr. Miller and Mr. Medvedsky We all wish them the best in their future jobs.

PINE GROVE

Recent visitors at the home of Mr. and Mrs. George Taylor were Mr. and Mrs. Jack Bachen of Livingstone Road. Other visitors recently at the Taylor home were Neil McLeod of Sidney and Rod McLeod of Nanaimo. They were accompanied by Mrs. Taylor's brothers, Walter and Albert Forslund, of Lochiel.

Mr. and Mrs. Henry Stewart attended the christening in Vancouver, at St. Giles' Church, of her niece, Kathryn Diane, infant daughter of Mr. and Mrs. Peter Klassen. Afterwards, a reception was held at the Klassen home for the immediate family.

Mrs. Kish had as guests Saturday her son and family, Mr. and Mrs. Frank Kish of White Rock.

At the weekend, Mr. and Mrs. Stewart and family motored to Coquitlam to visit the former's brother, Hector and his family.

Mrs. Tom Reid of Wells, B. C., is down visiting old friends in the district. She is house guest of Mr. and Mrs. L. T. Davis of Mt. Lehman for two weeks.

Attending the Old-timers' Banquet in Matsqui Community Hall last Friday evening were Mr. and Mrs. John Heywood, Mr. and Mrs. Sid Fleet, Alec Fleet and Mr. and Mrs. A. Peardon.

Notice To Egg Producers
Re EGG MARKETING ACT
The proposed Egg Marketing Act cannot exclude Alberta eggs from our market, or give us as good a price as we now receive.

Under free marketing of eggs, we have received 7¼c per dozen more than received in Alberta during the past four years. This is $1,300.00 more per 1,000 layers kept. We cannot possibly increase this with compulsory marketing, but only stand to lose a great deal of it.

Wage Increase Set For Matsqui Police

Approximately 50 per cent of demands for increase in Matsqui municipal police wages has been granted as the result of a conciliation board decision.

Retroactive to January 15 the new salary scale will be as follows, present wages in brackets: probationers, first six months $319 ($285); probationers, second six months $335 ($312.50); third class constable $360 ($337.50); second class constable $380 ($357.50); first class constable $400 ($377.50); corporal $420 ($397.50); sergeant $440 ($412.50); staff sergeant $460 ($422.50); and police clerk $360 ($337.50)

Although favourably inclined towards a change over to R. C. M. P. policing the attorney general's department has written to Reeve J. A. Murphy stating that a change cannot be expected in the near future owing to shortage of staff.

School Tax Cut By $20,000, 1961

Ratepayers in School District No. 34, Abbotsford, will pay $20,000 less for schools in 1961 despite a substantial increase in the operating budget

This has come about because of big increases in the basic and capital debt grants from Victoria.

Last year, the basic grant was $751,381, but in 1961 it has risen to $896,962. The total budget for the school district, however, has risen to $1,806,563 from $1,442,244 and therefore the provincial grants will more than meet the increase.

Art Exhibition Starts Tomorrow

The M.S.A. Community Arts Council are sponsoring an arts display in the Park Hotel. A one-man photography display by Pete Swennson will be shown in the hotel lobby while remaining arts and crafts will be on display in the basement. Dates chosen for this event are May 11, 12, 13 and 14, both afternoon and evenings.

For further information phone UL 3-7097.

Plan Summer School For Langley This Year

Langley School District will operate a summer school from July 10 to August 11 in the Langley Jr.-Sr. High School. Although the primary purpose of the Summer School is to assist students to make up a subject that they have failed, there will be other courses to enrich the education of students who have passed all their subjects.

Remedial academic courses will be offered in English, Mathematics, Social Studies, Science and French for all high school grades.

A special feature of the summer school will be a course in instrumental band music for all students above Grade VI who may wish to become members of the Langley High School band.

PAINTING IN THE PARK

Painting in the Park will be run this year by the Summer *School under the instruction of* Mrs. Inga Morris, a practicing artist who operated such a successful night course for adults last winter.

In addition courses will be offered in *Industrial Arts, Ceramics* and Pottery and Physical Education.

A special feature of the summer school will be off-campus excursions. Each Thursday for 5 weeks there will be Day Camping Tours. These tours will be open to students 12 years of age and up. Students will bring their own box lunches. Transportation and supervision will be supplied by the summer school.

Because reading is the key to knowledge, a special course in Reading Improvement will be offered for all students above Grade IV.

TOUR OF THE HISTORIC CARIBOO

The Langley Summer School is planning a week-long camping tour of the Cariboo country. The first tour will be limited to 40 boys of the high school age. The complete cost of the trip including transportation, food and camping accommodation will be $30 per student.

All classes will be held in the Langley Jr.-Sr. High School from 8:30 a. m. until 12:30. Registration forms are being provided to all principals and counsellors. Registration must be completed and fees paid by June 30.

Fees for all academic courses are $20 per course. Painting in the Park will cost $10 this year. The five Day Camp Tours will cost a total of $10 per student.

OTTER

The monthly Institute meeting for Otter W. I. was held on Tuesday afternoon in the Credit Union Hall with seven members present.

Letter was read from Nakusp W. I. with regards to the Narrow Lakes Dam. Homemakers there are very perturbed about losing their homes and their lovely valley—the best in B. C. in their opinion—and are enlisting sympathy and help. Report from the Home Economics Convener, Mrs. Flowerdew Jr. was given, and it is felt soft toys should hold a place in our Sale of Work display this fall so the Conveners were given full speed ahead to include them.

This Institute celebrates its 40th anniversary this August and the ladies are planning on a big day early in September. The afternoon hostesses were Mrs. Flowerdew and Mrs. Murphy. Mrs. Larson was asked for her report on the District Convention held in Aldergrove last week, at which over 80 members and delegates attended.

The Otter Credit Union met in the hall on North Otter Road with almost a full accounting of *directors present. First quarter* reports for the year were read. Two new membes were admitted. The supervisory committee reported on the chapter meeting held in Orange Hall in April, *stating* there will be some changes to Credit Union laws coming up in the near future. The Otter Women's Guild also held one meeting during the month at the home of Mrs. J. MacFarlane, with one new member attending. Lunch was served at the close of the meeting.

Mrs. George Sturmey and Miss Margaret Bennett of Victoria were guests at the home of the former's parents, Mr. and Mrs. R. King, at the weekend.
