Also among the wounded is Dr. Schumacher who supports a foot incased in a cast. Should add to the insistance of Good Dental Health when the Doctor puts his foot down.

CONCILIATOR REQUESTED

At a Boundary Health Unit meeting called to discuss meat inspection, the opinions of the slaughter house operators and the health authorities were so divergent it was suggested that the Provincial Government be asked to institute a numerical amount of regulations of inspection so all concerned would have to go along with it.

The area to be controlled would be that of the lower Fraser Valley now serviced by the Boundary Health Unit.

The B.C. Division of the National Union of Public Employees has made an application for the services of a Conciliation Officer on behalf of the Langley Municipal Employees Association.

Only matter under dispute between the parties is the establishment of the new hourly rates in the Collective Agreement with the Outside staff of the municipal Hall.

MATSQUI POLICE AWARD TRAFFIC SAFETY SHIELD

The Matsqui Municipal Police, who have been conducting an extensive course on Traffic Safety, are now instituting an award to the Elementary Schools in the municipality, who attains the best traffic record. The shield presented by the Police Department will be awarded each year.

In the past years there have been lectures given to the schools on traffic safety. These lectures involve pedestrian and bicycle manners in relation to traffic, also the proper behaviors and attitudes. The students of the schools are given examinations and graded accordingly. Any infractions, whether they are on the way to and from school to which the student is attending.

Chief Smith stated these lectures have made a marked difference to the children. Also that they hope, in the future to cover Junior High.

The presentation of the Traffic Safety Standard Shield, although it adds an extra burden on the force, is hoped to add to the incentative to make children safety conscious.

Holding the Traffic Safety Standard Shield presented by the Matsqui Municipal Police are Constable F. Clark (left) and Chief Constable R. C. D. Smith.

J. "Jay" W. HARTLAND

PROVINCIAL WINNER of recent provincial finals of Jaycee Teenage Safe Driving Road-e-o, sponsored by Imperial Oil, is J. "Jay" W. Hartland, 18 year-old graduating high school student of Vancouver. He won over winners of local road-e-o competitions staged by Jaycees in 33 B.C. communities.

Second place winner in the provincial finals was Lloyd Forcier of Cloverdale with third place going to Patrick Leslie of New Westminster.

Webber Scores Urban Sprawl as Wasteful

The Aldergrove District Chamber of Commerce held its Ladies' Night Dinner meeting, Monday, June 11th in the St. Ann's Catholic Hall.

There were around 70 persons present to partake of the turkey dinner catered to by the St. Ann's Catholic Women's League.

Dr. S. P. Findlay presided over the meeting and opened with grace before dinner. Dr. Findlay called upon, George Mussallem, Ex-Officio of the Lower Mainland Chamber of Commerce to propose the toast to the Ladies. Mrs. Fred Dams answered for the ladies.

Dr. Findlay then addressed the members and guests and thanked Bert Hayes, chairman of entertainment for his capable handling of the dinner. Dr. Findlay then called on Mr. Mussallen to introduce the guest speaker, Mr. Ken Webber, Chairman of the Planning and Land Use Committee.

Mr. Webber first dwelt upon the lack of interest in one of our resources, Land Use. Mr. Webber claimed we have misdeveloped our regions by not planning proper areas for garbage disposal, commercial and residential zoning and the lack of Municipalities to co-operate in planning these various and pertinent matters relating to Land Use.

Mr. Webber also spoke upon the Urban sprawl and the effect it has on regional servicing. He explained that due to the sprawl the cost of development suffered a considerable upward trend.

In addition Mr. Webber stated that we should look to future Industrial land development to preserve land. The planning of suitable land for parks and recreation was also advised. This is due to the increase of Canadian and American tourists. He estimated that a development such as Cultus Lake should be completed every two years to absorb the increase in the use of parks at the rate it is being used today.

Mr. Webber in closing suggested there should be, citizen, appointed committees, municipalities and other forms of government, participation. That a local budget be set to cover such planning. That there should be a representative from the Chamber of Commerce to a Land for Farming meeting which is to be held in Langley.

Reeve Poppy thanked Mr. Webber.

Dr. Findlay then opened the meeting for anyone wishing to put forward questions on the subject.

Further business for the evening was light. A letter was read from the Department of Highways with an explanation why signals could not be installed on Trans-Canada Hwy. and Jackman Road. The reason stated that due to a count made Sept. 1st 1961 traffic volume fell short of warranting installation.

An announcement was read to the effect that the Chamber would sponsor a display to be held July 13th, 14th, and 15th by the Fraser Valley Rock and Gem Club. Further information will be available at a later date.

Dr. Findlay complimented the Chamber on their work. Then he announced there would be an interval of three months before the next meeting. The next meeting is proposed for Sept. 10th 1962.

Pictured above are two pickets bearing placards in protest against the employment of Non-Union workers at the site of the construction of Aldergrove's new Post Office building.

ERRANT CATTLE BLAMED IN CAR CRASH

Cows, breaking out of pasture, Friday June 8th at about 11:45 p.m., resulted in the killing of a cow and causing considerable damage to the car driven by Paul Norgaard, 1904 Coghlan Rd.

Norgaard was proceeding down County Line Road, when suddenly he noticed two cows on the road. Unable to stop, Norgaard's car struck one of the cows. The R.C.M.P. were notified and upon arriving at the scene had the animal destroyed.

Mrs. Ira Day of County Line road was the owner of the errant cows.

Special Council Meeting Discusses Water System

A special meeting was held June the 4th to discuss the Aldergrove Water System. The Reeve and two council members, together with representation from the Chamber of Commerce and Mr. Holden, engineer, from Willis and Cunliffe Engineering Ltd. were present.

A resume of developments that have taken place were discussed along with problems encountered. Reeve Poppy explained work required to rehabilitate the new well into operation and the cost to rehabilitate the old one.

In order to defray costs it was decided that more people should be persuaded to become customers, eliminate competition by requiring private systems in the Aldergrove area to meet P.U.C. standards. Also endeavour to get all possible commercial users on the system including the new proposed shopping centre..

A plan of the Aldergrove Water System is being prepared showing locations of main pipe lines and shut-off valves. The latter being for emergency purposes.

The odour and discoloration of the water from the alternate well is due to organic matter in the water source area. Tests by the Boundary Health Unit revealed that the water is safe for use. Flushing of the system and other measures are expected to control the odour and colour.

Another meeting of council will be held on Friday to hold further discussions on the Water System.

Council Jottings

By-law recommended by the Boundary Health Unit for the regulation of vehicles carrying water for human consumption.

The water must be from a source approved by the Boundary Health Unit Inspector.

Adequate chlorine powder to be added to each tub full at the time of collection.

Tank to be tightly closed during the conveyance of the water.

Request from Aldergrove-Boundy Road re-drawing of land at lots 7 and 8 owned by Mr. Haid—Supt. Merrill states that the water should go to the Boundy Road ditch. The property sitting west of this point should all drain in a northwesterly direction through Mr. Ollinger's property. There is a fall of 4 feet. As this is on private property permission would have to come from the party or parties involved.

The ditch on Boundy Road has been cleaned out.

Aldergrove and District Chamber of Commerce in a letter to Council requests—

Improvements in vicinity of Aldergrove.

1 That lanes behind the business establishments be black topped.

ANSWER—No policy on lanes at present in regards to black topping— gravelling of surface likely if necessary.

2 That Robert's Road be black topped. Extention of the Jackman Road to the municipal border.

ANSWER—To be investigated by Supt. of Works and put on list for action at a later date in its turn.

3 That consideration be given to extending the McInnis Road to the Station Road.

ANSWER—Mr. Merrill to report on this request.

In a second letter a request was made to give consideration to the building of a sidewalk from Trans Canada Highway to the new post office in Aldergrove.

Council replied that it was a policy to share 50—50 this cost with property owners and the municipality.

In a third letter, the chamber felt that a surface pumping station at Boundy Road and 271st Street might prove to be an eyesore—They hope that it will be placed underground.

ANSWER—Pump house to be of frame construction—easily removable if necessary.

Prepayment of taxes—

A letter from the Matsqui municipal clerk advises that in adopting the prepayment plan, they were influenced by the thought that because it was necessary to borrow money for current expenditures the ratepayers should be allowed to benefit from the interest being paid from these expenditures.

A rate of 5% was established. About 5% of the tax levy in 1961 and in 1962 was collected through this plan.

Prepayment has not caused any inconvenience or has it increased the cost of adminstration in any way.

Even if a greater number took advantage of prepayment no problem was expected. Majority of people benefiting by this scheme are those who budget for their taxes such as pensioners. Only one large taxpayer has taken advantage of it—Trans Mountain Oil Pipeline.

Chief benefit received has been in public relations.

What kind of a medical plan is it that doesn't include medicinal whiskey?

Hassal.-Rockwell Exchange Vows

St. Andrew's Anglican Church in Langley was the setting for a very pretty wedding on the evening of May 18, when Lana Lillian Hassall, only daughter of Mr. and Mrs. John Hassall Jr. solemnly exchanged vows before Rev. Cannon T. E. Harris, with Gilbert Dale Rockwell, eldest son of Mr. and Mrs. E. H. Rockwell of McInnis Road, Aldergrove.

The charming dark-haired bride entered the church with her father, portrayed in a floor length gown of imported lace over taffeta. The fitted lace bodice featured a sabrina neckline and lily-point sleeves with alternate bands of lace and tulle, fashioning the billowing skirt. A dainty jewelled coronet held her shoulder length veil and she carried a bouquet of cascading red roses and stephanotis.

The only bridesmaid, Joan Forster of Glen Valley was sheathed in cocktail length gown of yellow chiffon over taffetta with matching accessories, and she carried a bouquet of trailing cascading salmon pink carnations.

Supporting the groom was his brother-in-law, Grant Allen of Vancouver, and ushers were Lorne Houston of Fort Langley and Calvin Hugh of Kelsey Bay, Vancouver Island.

After the ceremony, some three hundred guests were received at the Fort Langley Community Hall, which was tastefully decorated with pink and white streamers and bells.

The bride's table was fashioned with a white heirloom hand crocheted tablecloth and centred with a three tiered wedding cake. Mr. Henry West proposed the toast to the bride to which the groom ably responded.

For her daughter's wedding, Mrs. Hassall chose a two piece worsted grey dress with a petal hat of chiffon in shades of blue accented with white accessories and a corsage of pink carnations and lily of the valley.

Mother of the groom, Mrs. Rockwell chose a flowered silver blue ensemble with contrasting accessories and a white carnation corsage.

For going away outfit, the bride wore a two piece pink wool suit with white accessories, pink petal hat and a salmon pink corsage. Her only jewelry was cultured pearls, a gift of the groom.

After a brief honeymoon to the Okanagan and the interior of B.C. the newly weds have taken up residence at Kelsey Bay, Vancouver Island.

POLICE—HEROES OR VILLAINS

The true functions and necessity of a well-run police force in our communities across Canada, has seldom been considered by the majority of the public. Most people regard them as a necessary evil without realizing the many responsibilities which are put before them.

We hear, from an individual, how he was "nailed" for excessive speed. Of course, it wasn't fair. These people seldom realize that the same speed, whether it is their car or that of another, may be the cause of the loss of life or property to themselves.

Not only in traffic, but in the investigation of offences covering numerous crimes against the public, lies the responsibility of the police. Along with apprehension, there is the educating of the public to a safe and considerate attitude to the rights of their fellow men.

Failing to come to the light of the public is the participation by the forces, on a voluntary basis, in safety, sports, recreation and many other phases of assisting the people. For example: should a person come to odds with the law through circumstances, other than deliberate violation, the policeman is the first one to put forward all evidence which might merit investigation.

The public should realize the police work done, is for their benefit. It is not a form of persecution that they delight in doing. We should be honest with ourselves and appreciate their protection, not point our fingers and claim our innocence. If we co-operate and observe our laws we will learn the value of our men in the uniform of the police forces

IT'S THE LAW

Every person who, being in possession or control of a motor vehicle. permits the motor vehicle to be driven or operated by a minor who is not the holder of a subsisting driver's licence permitting such operation, is guilty of an offence against this Act.

Strawberry Growers To Hold Field Day

Strawberry Growers are invited to attend the Strawberry Field Day this coming Thursday June 14. The field day is to be held on Lulu Island, and of interest on display , will be many large plantings of all varieties of strawberries.

With parking at a premium there will be car pools organized at the following places.

Abbotsford Court House—10:30 a.m.

Aldergrove Hotel—10:45 a.m.

Brown Road and Trans Hwy—11:00 a.m

Everyone is urged to make use of these pools to relieve the congestion of parking at the site. It is also suggested that a stop for lunch on the way would be advisable.

In the process of planning is a field day at the Agassiz Sub-Station in Abbotsford. Notification will come at a later date.

Letters TO THE EDITOR

Dear Sir:

With reference to the forthcoming Federal election, it is believed most United States citizens are fully aware that participation in foreign political elections or plebiscites subjects them to loss of their United States nationality. However, it is in the interest of those few who may not be aware of their own nationality laws that we seek your aid. It is hoped that you will regard the following as a news item and will arrange to publicize it once or twice prior to the forthcoming Canadian election. Your co-operation in this matter will be greatly appreciated.

"The United States Consulate General cautions all United States nationals that by participating in the forthcoming Canadian election they will automatically lose their United States nationality under Section 349 (a) (5) of the Immigration and Nationality Act, 1952, the pertinent portion of which is as follows:

"... a person who is a national of the United States whether by birth or naturalization, shall lose his nationality by—

"(5) voting in a political election in a foreign states or participating in an election or plebiscite to determine the sovereignty over foreign territory."

Very truly yours,
Hayden Raynor
United States Consul General

Dear Sir:—

Now that most of the political shouting is over and we realize that TV windbagging has become a part of our daily lives,, until June 15th, we have this coming weekend to really THINK and make up our minds on how we shall vote on Monday.

We have been dished up with everything from Karl Marx theory of "state-above-people", to more of the same muddling drift towards economic chaos and status-quo thinking as we have been having for the last 30 years,—and the fresh new hope that we can again regain our personal freedoms from debt and economic insecurity with guaranteed security for ALL Canadians.

Those who don't vote, for whatever reason, cannot be regarded as very good citizens. Some folk are just too lazy to either think or vote and yet make the loudest squawks when they get the kind of government they deserve. or when their freedoms are taken away from them by the state, as has happened in some alien states.

"Surrender your freedoms to us and the state will MAKE you work at something, as determined by the commissars", is basically what the Karl Marx left-wingers tell the voters. You have that choice.

"Stay on the old cow-path with us, while the rich get richer and the rest of us get poorer. We promise you this, that and everything else that should have been yours years ago", is the common line handed out by both of the old-line parties.

But—"Come along with us to Victory, to Freedom AND Security", is what Social Credit sings from Atlantic to Pacific with ever increasing crescendo and enthusiasm and they have the sane answers to solve our economic and social stalemate which frustrates so many Canadians in all walks of life today. It is time to THINK.

Elections A Headache In Old Barkerville Days

Any returning officer who thinks the current federal election is a headache should read about elections held in B.C. almost 100 years ago.

At Barkerville for instance, in 1866, the loser was named winner and a man was destined to be a premier of B.C. almost lost his seat. It took three weeks to straighten the mess.

Barkerville is the old gold rush camp, 60 miles East of Quesnel which is celebrating its centenary this year. It is now an historic park. Barkerville Restoration Advisory Committee, in co-operation with the Department of Recreation and Conservation, has reconstructed most of the old town so visitors can see it

Old files of the "Cariboo Sentinel, published at Barkerville, are aiding the restoration project with sidelights on how our pioneers lived. The issues of September and October, 1866, are pertinent today.

In that year voters were electing a legislative council for the colony. Signs stated that a voter must have resided in the district for at least three months. (Doubtless this permitted many Americans to vote. They had swarmed to the Cariboo when the California gold rush petered out.)

Chinese and Indians were prohibited from voting. That was sum and total of the regulations.

The candidates were one T. Harris and one G. A. Walkem, who had served two years and was seeking re-election. Neither represented a political party. Walkem was a 30-year old lawyer who came here in 1862 from Montreal. Both were buying votes from miners with free lunches and liquor—right up to polling time. The "Sentinel" notes, "In some cases the unwilling victims were hurried to the polls before they had time for reflection."

Barkerville and its two neighboring settlements. Richfield and Cameronton, mustered 706 votes October 2, giving Harris a lead of 12. But it was too early to celebrate—Soda Creek, Quesnelmouth and Cedar Creek were still to be heard from.

Six days later, these results were in and Harris had won with a majority of four.

Seven days after that, Walken protested the election. He said 34 persons who voted had not put in the required three months' residence. Returning officer W. G. Cox conducted an enquiry and sure enough, 22 names were struck out. By October 22, the "Sentinel" was able to report Walkem as the winner by 18 votes.

Harris' people said all 22 were district pioneers who had absented themselves from the district briefly in recent months, but the law was the law.

In the years to follow, Walken worked hard for confederation and when the union with Canada was consumated in 1871, he became the member for Cariboo in the provincial legislature.

He went on to become B.C.'s third premier (1874-1876), a triumph he was to achieve twice. He was returned to that office in 1878 and held it until the close of his career in the legislature in 1882.

ALDERGROVE WEATHER STATION

Means for the Period
Maximum—67°
Minimum—47°—48°
Precipitation—0.63"

From April 24 to June 6, a period of 44 days, no maximum was above normal. The high of 73° on the 7th was only the second this year to reach the seventies.

The three days, June 2, 3, and 4, with maximums of 57°, 55° and 56° were cooler than January 29, 30, and 31 which had 57°, 56°, and 58°. The latter three were all sunny.

Wednesday and Thursday, June 6 and 7, were the first two consecutive sunny days since April 18.

Only three June nights in 1952 and one in 1954 had lower temperatures than the 34.6° recorded on the 6th.

Hot, dry weather began last year on June 11. Following is a comparison between the period April 1 to June 10 this year and last, with averages in parentheses. Precipitation:—1962—10.61"; 1961—8.47" (8.31).
WET DAYS—1962—42; 1961—40 (31); SUNNY DAYS—1962—18; 1961—25 (31); DAYS 70° or more —1962—2; 1961—13.

In 1961 the maximum had reached 80° three times by June 10.

Puzzled about the difference between hardwoods and softwoods? Generally hardwood comes from broad-leaved trees. Most softwoods come from evergreens.

Council Comments

By Crusader

It is disturbing to observe the increasing tendancy of the majority of the councillors, to disregard this municipality's by-laws.

At a recent council session this occured three times. One of the three was of a serious nature.

Any by-law is about as good as the conscientiousness of those who are entrusted to uphold it.

If those who formulate the by-laws consistantly break them, then they are issuing an open invitation to any taxpayer, so inclined, to do the same.

Why bother to observe them when your chances of getting away with it are so good?

There was a time when such an act would produce a considerable period of council debate on the issue, also a reminder that the municipal by-laws should be upheld regardless of the ignorance or connivance of the individual concerned.

But that was before the introduction into the discussions of such ideas as "even an INCONVENIENCE to a taxpayer should be considered."

What has brought about this milquetoast attitude on the part of the councillors? Could it be considered as being good politics?

For those of you who wish to play this game of breaking the by-law, which now seems to be Before you are caught, be sure Before you are caught, be sure to have your project well on the way to being an accomplished fact. Then you will have little to worry about.

GOOD GOLF

The backswing

Par IS attainable if you master the fundamentals. Ranking high among these is the backswing. Check your swing for these essentials:

As club moves back, body turns naturally. Left knee bends slightly as weight shifts from left to right leg.

Wrists cock naturally about halfway in the backswing. Wrists are fully cocked at top of swing; left shoulder is under chin.

At top of backswing right hip is completely out of way; hands at this point are under the club shaft, which should be parallel to the ground. Weight is almost entirely shifted to right foot.

Right elbow is close to the body. The left arm forms an almost straight line.

Clearbrook Ball Teams Show Diamond Know-How

The outstanding team to date in the Clearbrook Area Baseball Leagues are the Bantam Girls (14 and under) Clearbrook Sports Shop team. They have played 10 games and won all of them. They have two games left to play and are practically impossible to beat out for top spot in league play. Under the capable tutelage of Const. Clark, Matsqui Police and John Block, these girls have a commendable record. There are seven teams competing in the league.

* * *

In the five team Midget Boys League (12 and under), the Duecks Building Supplies team have wound up top men in their league play. They won eight games in an eight game schedule.

The Midget Boys are divided into two divisions A league and B League. The winners of the A division and the B division meet in a play-off for the Area Championship. Play-offs are scheduled to start June the 14th at the Clearbrook M.E.I. grounds

Again Const. Clark and John Black have piloted a team through a record season.

* * *

The Pee Wee baseball is on its final games in league play. Top team in a two Division league is the one coached by four Matsqui Police Constables. The team has a 6-1 record with one game on hand and are the numerical League Champs.

The team is coached by Consts. Forde, Montgomery, Dawes and Heppner. These men share coaching duties because of shift work.

"Bill McLennan has given excellent service and cooperation to all of us in this constituency."

INTERNATIONAL LONGSHOREMEN'S AND WAREHOUSEMEN'S UNION, LOCAL 502:
(Unanimous Resolution Passed May 16, 1962)

"We wish to compliment W. "Bill" McLennan for the improvement he has been instrumental in getting from the Government regarding docking facilities in New Westminster and Surrey, and because he has seen fit to endorse the dredging operations of the Fraser. The river channel has been improved 100%."

ALDERGROVE NEWS, MAY, 1961:
"M.P. Has Our Blessing"

"One will usually find that a member of the legislature has a pet project in mind. Sometimes this project is always uppermost in mind and sometimes it is the reason for standing for parliament."

"Our Conservative member of federal parliament, W. A. McLennan, has such a project always in mind and that is the opening up of the Fraser River for ocean going vessels as far as Mission."

"He deserves the strongest support from everyone in the Fraser Valley because without a doubt the project could bring nothing but benefit to all."

MAYOR BETH WOOD
MAY 11, 1962:

"Bill McLennan has worked faithfully and well on behalf of New Westminster."

CANADIAN LEGION CORPS-VET
APRIL, 1962:

"Veterans of Canada can be most thankful that political boundaries simply do not exist when measures affecting their welfare appear on the 'orders of the day' at Ottawa. This wholesome climate has apparently become an established custom—particularly during and since World War II. However, the party in power undoubtedly sets the pace for implementing such legislation. As such we can give top marks for the Progressive Conservatives. They have certainly lived up to their election promises."

Socreds Triple Candidates For Federal Ridings

Weyburn, Sask—June 7—After 20 years of government planning by Premier Douglas, Saskatchewan has stayed in the back forty with a decreasing population and the lowest growth rate in Canada, national Social Credit leader Robert N. Thompson said here today.

Speaking at a public meeting in Weyburn, Mr. Thompson said Saskatchewan once had been the biggest, most active province west of Ontario, but under socialism had failed to keep pace with the rest of Canada.

Canada itself is suffering from too much handout welfare which has encouraged inefficiency and bureaucracy and has effectively retarded initiative and expansion.

"There is no higher principle than that of helping those who need help," Mr. Thompson said, "but surely it can be done without loss of freedom for all concerned, and without causing the recipient to lose his self-respect because he is being treated like a charity case.

"To provide extensive welfare assistance in a stagnant economy such as Canada's we can be sure of a certain loss of individual freedom unless a way is found first to place a fire under the economy's rear end.

"But the lazy government simply borrows more money, puts it together with your taxes and people who need it, oblivious to mind and redistributes it to the long term consequences."

The consequences, Mr. Thompson said, are rapidly-increasing government debt and increased taxes which prevent agriculture and industry from expanding.

"And without that expansion, no additional money is fed into the economy, no additional jobs are provided and nobody gains from the endless circle of still greater government spending out of steadily rising taxes.

"We end up with theoretical freedom from want at the expense of most of our other freedoms," he added.

"In which countries does the highest standard of living exist? In the communist or socialist countries? No. Only in nations which have fought to retain the freedom of individual enterprise has a high degree of economic and human achievement been attained.

"Built as they have been on a quicksand of debt and a morass of economic undernourishment, Canada's own welfare programs have been powerless to halt recurring recessions because business has no margin of profit under increasingly competitive conditions to pay its employees more."

As a result, he said, many working men are unemployed or must accept wage cuts.

The strike weapon becomes stagnantly dependent on the Government rather than on healthy domestic and foreign markets.

"The choice on June 18 will be the old-line parties with the loss of freedom that results from fulfilling promises without first making them financially possible, or the proven system of individual enterprise which can provide the security that only a healthy economy can give, without loss of individual freedom," Mr. Thompson said.

Last week we greeted Petty Officer Daniel Norgaard, who has arrived from Victoria with his wife and family to take up residence at Matsqui. An electrical technician, Petty Officer Norgaard was serving aboard the frigate H.M.C.S. New Glasgow, and now joins the electrical staff at Matsqui.

Wayne Vliet, twelve year old son of Petty Officer and Mrs. M. Vliet is making rapid recovery after a painful accident he suffered while playing baseball, Friday evening last, in the Aldergrove Elementary School play grounds. He was treated in the hospital for concussion and strained back, but was released on Saturday evening, and is improving steadily.

Recent birthday party hostesses were, young Lynette Milton, and little Debbie Green, daughter of Leading Seaman and Mrs. J. Green.

Socialism Fails To Keep Pace - R. N. Tompson

Minnedosa, Manitoba, June 6—Social Credit is now a national party with a solid backing of support across Canada, national leader Robert N. Thompson said here today.

Speaking at a public meeting, Mr. Thompson said Social Credit had nominated 232 candidates for the June 18 election, nearly three times the number nominated in 1958.

"Social Credit's solid success in Quebec has already made history, and there is a constantly growing trend towards Social Credit in many other areas of Canada where it was not originally expected so soon.

"The substantial number of candidates and growing support means that Social Credit can play a key roll in Canada's next Parliament with its badly-needed policies of a balanced federal budget, decreased taxes to permit economic expansion and an agricultural program designed to develop strong home and foreign markets," he said.

Mr. Thompson said that Saskatchewan was one of the most interesting and important provinces on the election scene.

"Nowhere else is the true issue of this election being fought so bitterly, and in the midst of discontent and confusion the people of Saskatchewan are helping to determine whether Canada will sink even further into planned welfare economy or decide on a policy of individual enterprise and buoyant economic growth."

Mr. Thompson said that Social Credit now has the candidates and support to form an effective government in Ottawa.

"Canadians who believe strongly in individual initiative and freedom from government control can vote Social Credit with confidence on June 18," he added.

Let's fill them with people who will speak strongly for B.C.

In the House of Commons, in Ottawa, vital decisions are made which affect every Canadian. Decisions about jobs . . . about money . . . decisions about your family's security and future. But in the House of Commons, British Columbia has only 22 seats out of 265. That means a small minority must speak out and fight for the things that will keep British Columbia moving ahead. Yet how often in the last four years have you heard strong voices raised on your behalf? Now's the time for a change. Our Province is unique. It's great potential must be developed. Our story must be told in Ottawa if we are to prosper! In British Columbia we have proof of Social Credit's ability to get things done. We'll get more things done for B.C. with Social Credit Members of Parliament.

JUBILEE

The Pilgrim division of the Jubilee Pioneer girls had their annual three mile hike Monday, May 27. Girls participating were —Kathy Chalmers, Ruth Falk, Dorothy Froese, Linda Laxton, Margarite Loewen, Ruth Scott, Colleen and Mary Stewart, Carol and Sandra Susani, Anna Shephard, Edith and Jean Trail, accompanied by their guide Mrs. Shirley Warkentin. The group hiked to Fort Langley where they toured the museum, this was followed by a hot dog lunch in the Fort Langley Park.

Mrs. Candace Pinzel of San Francisco is visiting at the home of her aunt, Mrs. Hill.

Sand Added To Rations

Adding sand to a steer's rations produced an increase in daily gains, in a recent experiment carried out at the University of Iowa. The trial was conducted to show the effects of adding roughness to high concentrate rations.

Finely ground feeds tend to depress rate of gain, feed conversion, and milk production. In such circumstances, physical stimulation or scouring of the rumen lining often has a beneficial effect on the performance of ruminants. This phenomena is called the "roughness factor" by Dr. W. M. Beeson of Purdue.

When blasting sand was added to a high concentrate ration, in the amount of 2 per cent, daily gain of steers was increased 15.3 per cent and feed conversion improved by 10.2 per cent. Steers fed a ration which included some hay or coarsely ground corncobs, did not benefit from added sand. It was felt that the "roughness factor" was supplied by the hay and corncobs.

Memory, Memory

A freight train en route to Cleveland, Ohio, was several miles out of the station when crew members noticed that seventy-one cars and the caboose had been left in Indianapolis, Ind.

Sluth's Sluth

Sheriff of La Crosse, Wis., found a footprint at the scene of a crime, located the cobbler who put the new heel on the shoe that fit the print, pasted together scraps of 70 claim checks so the cobbler could recall the name of the teen-ager who owned the shoes and caught the burglar.

Eater's Prayer

The last sentence of the invocation before the annual dinner of a Philadelphia, Pa., gourmet club was: "Lord, grant us good digestion."

Charlie Camilleri

Whether serving as conductor, composer or accordion soloist, Charlie Camilleri is equally proficient. His compositions include the musical comedy, Sailor Beware; the orchestral work, Mediterranean Suite; and the soundtrack music for the film, Roots of Heaven. Since coming to Canada in 1959, Camilleri has done much work on CBC radio. This summer he can be heard each Wednesday on his own Trans-Canada network show and on Moon River, a new Saturday evening network show featuring the orchestra of Lucio Agostini and the Gino Silvi Singers.

Vote For Canada On the 18th

In 1953, 67.8% of eligible voters cast ballots in the General Election. In 1957 this rose to 75% and in 1958, 80.5% of the 9,131,200 eligible voters cast ballots. This last figure is most creditable indeed but leaves no room for complacency. Even with this high rate of participation, there were still more than 1¾ million Canadians who failed to exercise their franchise on March 31, 1958.

The measure of our appreciation of our democratic form of government is to be found in the percentage of eligible voters who cast their ballots on election day. Democracy—true democracy—cannot survive indifference. If a muscle is not used it atrophies. In the same way if the rights and privileges of democracy are not exercised then they, too, will wither away and die.

This is the challenge that faces us today as we approach another election on June 18. Here is another test of the vitality of democracy. Here will be counted once again, those who recognize the rights of democracy and accept the responsibility of exercising that right. A continued effort must be made to ensure as close to full participation as possible.

It is not enough merely to mark a ballot. Canadian men and women should take this opportunity to inform themselves on the issues of the election and the personalities involved. Participation for the loyal Canadian in politics starts with the nomination of candidates and here citizens can play an important role in seeing to it that knowledgeable individuals and individuals of principle are chosen to represent each party in each riding. In this age of communication there is little, if any, excuse for not knowing a great deal about the candidates, about their characters, about their policies which they advocate. By mental ability and about the means of TV, radio, press, platform, politics and the rest we are provided many excellent opportunities to assess the relative merits of the parties and the people who are their spokesmen. Ignorance of political matters in this day and age is strictly culpable.

During the next few weeks, Canadians will be constantly reminded of the responsibility, privilege and opportunity which is ours: 1—To be informed concerning the issues and candidates; 2—to make sure that our name is on the list of electors; and 3—to vote on June 18.

Calgary and Aldergrove Introduced the Hard Way

A Calgary visitor Donald Brennemen, and William Smilsky 248 Otter Rd. met under poor circumstances, when they were involved in an accident on the Trans-Canada Hwy. ½ mile west of County Line Road, Friday June 8th around 11:40 a.m.

Smilsky turned on his signal lights in preparation to making a left turn off the highway. Unaware of the fact that his signal lights were not functioning Smilsky thought all was clear. Brennemen at this time pulled out to pass a truck ahead of him and crashed into the rear of Smilsky's car.

Smilsky's car was not badly damaged but the Brennemen car had to be towed away. No one was injured in the accident.

Mather Comments

By Camille Mather, MLA, Delta

Election day is Monday, June 18th, and here are a few thoughts about voting and government, from earlier times—.

• • •

"Your every voter, as surely as your chief magistrate, exercises a public trust"—Grover Cleveland, 1885.

• • •

"A straw vote only shows which way the hot air blows."
O. Henry, 1902.

• • •

"While the people retain their virtue and vigilance, no administration, by any extreme of wicked ness or folly, can very seriously injure the government in the short space of four years".
—Abraham Lincoln, 1861.

• • •

"They have such refined and delicate palates
That they can discover no one worthy of their ballots,
And then when someone terrible gets elected
They say, There, that's just what I expected".
—Ogden Nash, 1931.

• • •

"He cast his vote, mistrusting all elected but not the law".
—Karl Shapiro, 1941.

"Slavery is but half abolished —while millions of freemen with votes in their hands, are left uneducated".
—Robert Charles Winthrop, 1857.

• • •

"For where's the state beneath the firmament
That doth excel the bees for government?"
—Guillaume de Salluate,—1575.

• • •

"The less government we have the better, the fewer laws and the less confided power".
—Ralph Waldo Emerson, 1856.

• • •

"Because in the adminstration it hath respect not to the few but to the multitude, our form of government is called a democracy. Wherein there is not only an equality amongst all men in point of law for their private controversies, but in election to public offices we consider neither class nor rank, but each man is preferred according to his virtue or to the esteem in which he is held for some special excellence; nor is anyone put back even through poverty, because of the obscurity of his person, so long as he can do good service to the commonwealth".
—Thucydides, 4049 B.C.

Sperling C.G.T. Holds Dedication

By Mrs. George Campbell

Sperling C.G.I.T. held a Dedication to Missions Service and Mother and Daughter Banquet at Sperling Church on the evening of June 9th. Heather Hockin led with the members of the group taking part. The Rev. T. E. C. Roberts pronounced the Benediction.

The Mothers and the members of Sperling United Church Women were guests of the girls at the banquet which followed. Special guests and members of the group were introduced by Beth Henderson. Mrs. Campbell presented the prizes won by Beth Henderson—first, Donna Lightfoot, second—and Glenys Smallman,—third. Glenys Smallman proposed a toast to the Mothers and Mrs. Hockin to the girls. These were responded to by Mrs. Moss and Linda Williams, respectively.

Presentations were made to Mrs. Campbell, Mrs. Haney and the guest speaker, Mrs. A. O. Howard from South Burnaby

Mrs. R. Toms served with the help of three of last year's graduates, Monica Campbell, Gwen Rea and Joy Woolley. The fourth 1961 graduate, Lila Haney played the organ.

STRICTLY FRESH

Isn't it funny how a day always seems more spring-like after you get a haircut?

To do nothing is a most tiresome job because it is impossible to quit and take a rest.

ALDERGROVE COUPLE OBSERVE SILVER WEDDING

Mr. and Mrs. Fred Drager, Aldergrove, celebrated their Silver Wedding Anniversary on June 9th. Mr. and Mrs. Drager were married 25 years ago, at the Bethleham Lutheran Church in Vancouver.

The Dragers moved to Aldergrove in 1944 and have lived on the same location ,where they first settled. The Dragers have four children and six grandchildren.

Mr. Drager stated: "Of special note was the violent thunderstorm during the ceremonies, which helped cement the memory in their minds.
