## AROUND TOWN

by LOYD McINTOSH  
This coming issue will be put out by the students of the Aldergrove Secondary School. This is an Education Week feature. So anyone with news of interest, give the guys and gals a break. Get your news in early please.

Our modern day inventions continue to amaze me. Take for instance the wonder soaps of today. You can take a greasy bean pot, dump it in water, wash a frying pan and the pot is clean. Also a certain liquid detergent cleans much better than a powder can. I didn't even know they were cleaning with powder cans.

There are some people who will dance any style and others who are a little reluctant to do some steps. Then there are those who draw the line and absolutely refuse to dance to some styles of dancing. I am not implying Father Sorel is chicken, but the twist, thumbs down.

Harry Larsen, one of our ardent bowlers, is now wheeling a Don's Taxi cab. If he shows half the interest in cab driving as he does bowling, we should be in for even more efficient service.

Hello to Flannigan and to the Admiral Sure could use help on paper night.

Mrs. Margaret Larson guessed last week's puzzle. Here we thought this one would be tough. It was a picture of a cigarette in a man's mouth. Well here it goes again. I hope this one will really stump the readers.

## MSA SEARCHES FOR QUEEN TO ENTER PNE

M.S.A. district residents will again try to find a Queen to represent the district at the P.N.E. Organizations in the area are to be asked to sponsor a candidate for the contest, tentatively scheduled for the latter portion of June.  
Failure to place an entry in the Miss P.N.E. contest this year will result in loss of the franchise held by the district. The contest will be sponsored for a second year by the Central Fraser Valley Fairs Association. The committee has made preliminary plans for a Queen's ball at which time the contest winner will be crowned.  
Committee members are Mrs. F. Clarke, Mrs. A. H. Dueck and Mr. Bob Clarke.

## Man Jailed For Stolen Goods Possession

Three Abbotsford juveniles appeared in Matsqui juvenile court last Thursday. Each youth appeared on similar charges of breaking, entering and theft. Magistrate W. A. Walker passed similar sentences of one year's probation. The charges were laid in connection with break-ins at the homes near Abbotsford and in Clearbrook.

An Abbotsford juvenile was fined twenty dollars and ordered to pay restitution when found delinquent in the theft of car parts.  
A Semenkiw, of Abbotsford, was sentenced to two months in Oakalla Prison Farm for possession of stolen goods valued at less than \$50.

## Students Take Over News Next Issue

The Aldergrove News will be staffed by students from the Aldergrove Secondary School, for the issue during Education Week, March 3-9.

These students will be collecting news, writing editorials and other articles in the paper. However it is up to the readers to give them all the assistance they can. Get your news from the districts in early also any other news which is slated for the students issue.  
Here is the staff for the next issue.

Editor—Earl Hockin; Assistant Editor—Lena Trass; reporters, Laura Nordholm, Pat Barbeau, Sandra Johnston, Jenny Mastalar, Judy Berry, Betty Anderlini and Joanne Moeller.

SOD TURNING—Pictured above is Davie Fulton, Minister of the Department of Works of Canada, turning over the first sod at the site of the drug addict centre, which will soon be under construction. In the background (to the right) is Reg Bickford, architect for the federal department of public works. Ceremonies took place February 22nd. This centre will be constructed on King Road in Matsqui municipality.

## Reduce Staff-Flowerdew Show Us How-Wellman

It was suggested to municipal council by Councillor Eric Flowerdew, that a reduction in staff at the Langley municipal office could be effected. A general plan of increased efficiency would make this possible according to Councillor Flowerdew.

He stated that Matsqui municipality, with a similar population and slightly few miles of roads, was running more efficiently.

Reeve Poppy—We supply a better service information to council members and residents than does Matsqui.

Councillor Wellman—Show us where we can economize, where are the loopholes, before making this suggestion.

Councillor Blair—I do not see

that this suggestion is unreasonable. Reeve Poppy appointed a committee of Councillors Blair and Booth to revue the situation.

Councillor John Wellman

## Fulton Performs Sod-Turning Ceremonies at Addict Centre

A large crowd of spectators gathered to witness the official Sod Turning Ceremonies at the site of the Drug Addict Centre, which is to be under construction in the immediate future.

Mr. Bickford, District Federal Architect for the federal Dept. of Public Works, acted as Master-of-ceremonies for this historical occasion.

Mr. Bickford welcomed the many public dignitaries and guests present.  
Among the speakers were: Councillor Neufeld, on behalf of the Matsqui Municipality, for Reeve Murphy who was unable to attend; Harold Hicks former member of Parliament, who was one of the main persons responsible for obtaining the centre for the area; Commissioner Allan McLeod, Dept. of Justice, Penitentiary Service Branch; Rev. A. B. Patterson, M.P. for the

constituency; and Davie Fulton, Minister of Public Works.

Mr. Fulton in his address gave a summation of the purpose of the centre. He said that the centre was to be built as a step in the rehabilitation of those, who are under sentence for Criminal action and under the addiction of narcotics. The Minister also stated that Canada is a pioneer. Some statistics of the construction and its intended scope of occupancy. He said that the building would be constructed of prefabricated concrete, at a cost of four million dollars. This type of construction of the building would enable possible expansion or alteration should the need arise.  
There will be space for 450 occupants. The building will be divided into blocks of 25 with individual rooms, which will give the staff an opportunity to work with groups according to their needs. There will be 300 men and 150 women a maximum capacity. The men and women will be housed in separate wings.

The benefit to the area will be considerable. However the minister stated that the greatest benefits will be derived by the persons who would otherwise be confined in an ordinary prison with little chance of rehabilitating themselves.

There was an experimental project put through last year according to Mr. Fulton. Sixteen addicts were released on probation after treatment. The results of this experiment were very encouraging as none of those released had been involved in trouble. Mr. Fulton stated that if this previous experiment was conducive of success, the value of the Drug Addicts Centre would be phenomenal.

W. Harold Hicks

Councillor J. G. Neufeld

## Two Arrested for Attempted Theft

The R.C.M.P. surprised two men, attempting to break into the Surrey Gas Station, early Tuesday morning. The two fled from the scene but were apprehended when pursuing constables enlisted the aid of a police dog. They were found hiding in the bushes nearby.

Carl Schenkeveld, age 31, of 184th st. N. Surrey, and James George Perry of 36th ave. Langley entered a plea of guilty to charges of attempted breaking and entering in magistrate's court. They were remanded for one week for sentence.

## Aldergrove Dentist Laid To Rest Feb. 22

Funeral services were held for Dr. Cyril George Watson, late of 2972 271st Aldergrove, Friday February 22 in the St. Dunstan's Anglican Church, Aldergrove. Reverend N. Calland officiated. Dr. Watson passed away Feb. 19th at the M.S.A. hospital, in his 71st year.

Dr. Watson was born in Ireland on August 5th, 1892. He came to Canada 46 years ago, and was an Aldergrove resident for the past twelve years. Dr. Watson was a dentist but was only practising on a semi retired basis for the past few years.

## Council Jottings

The Surrey municipality Council is to be approached to see if any action can be obtained in having Sunnyside Road, in the south western section of the municipality, projected about one half mile across the Langley Surrey border.

If Surrey will construct this half mile of road it will open up an excellent paved route to the King George Highway, Crescent Beach and White Rock.

Approximately 9,000 yds. of gravel was spread on municipal roads during the month of January.

There are 7.84% of the population of Langley municipality on social assistance.

The municipal Council was advised by the Provincial Dept. of Highways that all but 2 to 2 1/2 miles of access roads to the new Trans-Canada Highway would be paved by their department.

All roads now paved will have the pavement extended to the T.C. Highway. The service roads made necessary by the cutting off of a section of the municipality such as Brown Road, south of the new highway will remain gravel. Councillor Woolley contended that these should also be paved as in some instances, municipal equipment would have to travel many extra miles each time to reach and service them.

Councillor Booth—The Provincial Grant for the roads in the municipality has no relation to the extent of our roads. We Continued on back page

He was a member of the Maple Leaf Masonic Lodge No. 74, A.F.A.M.

He is survived by his loving wife, Mico; two sons, Cyril, Cloverdale; Hubert, Seattle Washington; two daughters, Mrs. R. (Maureen), Lewis, San Jose, California; Mrs. J. (Donna) Petrie, Enumclaw, Washington; twelve grandchildren and one sister in England.

Pallbearers were—Lars Sole way, Jack Garden and Dr. Gordon all of Vancouver; Norris Mold, Aldergrove; Jack Robinson of Comox; Rev. Bernard Knite of Duncan.

Interment was in the Masonic Cemetery, North Burnaby. Henderson's Funeral Home, Abbotsford were in charge of arrangements.

Doug Taylor

February 27th has been set as the meeting date for the Central Fraser Valley Fairs Association.  
The general membership have been requested to attend the meeting to hear committee reports. All committees have been instructed by president Douglas Taylor to outline the needs for the adequate preparation of the 1963 Fall Fair.  
1963 Building plans will be made at that meeting.

## Recreation Commission Plans 'The Langley Walk'

The Langley Municipal Recreation Commission is organizing and sponsoring "The Langley Walk". This is not a new idea. The Langley Municipal Recreation Commission had the "Walk" in mind last February, just a year ago; and now feel the time is ripe for such a healthful event.

"The Langley Walk" will be held Sunday April 28th 1963. The Aldergrove Park will be the starting place and the proposed route will go to Fort Langley Park where there will be a checking station, then to Milner and will finish at the Langley City Park. The exact route will be in the next issue. There will

be NO AGE or time limit. It will be strictly a FITNESS test not only for the people of Langley but we hope for participants ties as well as from our friends at the south of the border, the Washingtonians all are welcome. We expect to have the Radio and TV stations cover "The Langley Walk", which we hope, will become an annual affair. Everybody that makes it will receive a "Ribbon from the Commission. Watch your local Newspapers for further details about the "Langley Walk". You have two months to get into shape, bring out your walking shoes, get used to them.

Pete Swensson—Rec. Director

## Safety Begins IN the Car

## Aldergrove Vets Apply For Legion Charter

Over thirty interested ex service personnel met at the Vasa Hall, Saturday, February 23rd, to discuss the possibilities of forming a branch of the Royal Canadian Legion in Aldergrove.

Two ranking members of the Legion were present to offer their assistance and advice on the formation of a branch here. Fred Robinson, Zone Commander for this area, and Larry Harrison, Assistant Secretary of the Pacific Command, outlined such matters of requirements, membership eligibility, and other steps which are required to obtain a charter.

The main purpose of a legion in Aldergrove was brought to the attention of the gathering. It was expressed that services to pensioners and other veterans could be handled more thoroughly where the need is better known as some of those in need hesitate to apply to other branches. In addition to this the formation of a legion here would enable members to take some of the load off the neighbouring legions who are now doing work of a scope which is a constant strain upon their time and should be shared so that the burden is not so heavy on them.

Membership was another matter of primary importance in having a legion in Aldergrove.

Many ex servicemen are not legion members. Not only do they miss the comradeship of a legion but should occasion arise where they need assistance, it is impossible to know in what streets they are. The main aim, membership wise, was to obtain non members or members who are no longer in a branch having dropped out due to having no legion in this immediate area.

Men and women, who have served in the armed forces and are not members of the legion, or who have been members, but failed to remain members when moving to this area, are needed in the legion immediately. The

legion is in need of members, but ex service personnel need the Legion. The services a legion offers is not confined solely to the veterans and their families. The legion sponsors sports, parties, and many other community projects. Help the Legion Help You. Join Now.

It was further decided at the meeting that a temporary slate of officers be elected. These officers would act in this capacity until such a time that the Aldergrove Legion receives its charter. The slate of officers were: President—Len McNeenie; Vice president—Joe Provost; Secretary—Bob Crawford; Directors—Slim Sorenson, Tom Stevens, John Taylor and Bill Brown. Bill Brown and Tom Stevens will serve on the membership committee; Slim Sorenson and John Taylor will serve on the Ways and Means committee and Joe Provost will be in charge of Welfare Services.

Members wishing to join or requesting information may contact Secretary Treasurer, Bob Crawford at 856 8858 or any of the other officers. Get Your Applications In Before March 6th.

## Pool Canvassers To Meet Feb. 28

The result of canvassing in the business section of Aldergrove for the swimming pool fund is very gratifying, \$1,500 being pledged during the first two days. Canvassing in this section is continuing.

All prospective canvassers for the whole Aldergrove area are urged to attend the name selection, meeting in the Anglican Church basement, this Thursday February 28th at 8 p.m. This is a must!

Any person not yet contacted in this regard will be most welcome, as many more such workers are still required.

**LETTERS TO THE EDITOR**

**Editorials..**

**ECONOMIZE—CREATE UNEMPLOYMENT**  
 During the last Langley Municipal Council meeting a councillor suggested a plan to increase efficiency to enable a reduction of staff. This would enable the municipality to economize.

With unemployment at its peak and government officials busy fostering plans to alleviate this condition, it hardly seems feasible that finding means to increase the ranks of unemployment is a wise move at this time.

Municipalities are approaching the senior governments under the premise of grants for winter works projects to assist in obtaining employment for the unemployed. Does this suggestion of the councillor indicate that the unemployment situation in Langley Municipality is not too serious? Is it possibly a means to swell the ranks of the jobless in order to present a case of a more dire need in the municipality? This may tend to make them more generous in their grants.

Only as a last resort should our municipal fathers consider reduction of staff necessary. Increase efficiency yes—but to create more cases of social welfare, No. These staff reductions should only be considered if and when other positions are available. Even the thought of creating more cases of needy residents should be quashed. Surely more thought should be given to the matter, as another councillor suggested.

Perhaps the need of a more efficient plan in the operation of the municipal hall is needed. However, before steps are taken to reduce staff, the possibility of absorbing them into other departments, that are not able to operate efficiently due to under strength, should be considered. We are in need of social workers and possibly other departments need more help.

As to the insistence of pay increases, on the part of municipal employees, the cost of living does go up. Maybe the threat of a reduction in staff or their pay may go a long way toward increasing efficiency.

Dear Sir:  
 We have been following a series of articles written by Arie de Ruiter, who seems to be interested in nothing but chickens and eggs and in, what he calls, an egg control board.

Who is this gentleman and who does he think is in worse shape, the B.C. or the Alberta poultry farmers?

The egg producers in B.C. are doing very well compared with what we are getting for our eggs here.

If this Mr. de Ruiter is so anxious to make the industry better, how would he like to look just a little farther than his own back yard?

Yours truly,  
 Mr. and Mrs. J. D. Edmonton, Alberta.

Editor,  
 Aldergrove News,  
 Dear Sir:  
 Regardless of what Messrs Diefenbaker, Pearson and Douglas say the real issue before the voters on April 8th, is not nuclear arms, nor anti Americanism nor pro Britishism. No, the real issue, and let's not have any smoke screen thrown up to cloud the issue by scheming politicians: it will be the issue that has faced us for ninety years! "To be or not to be", as Shakespeare phrased it. To borrow or not to borrow is our most important issue facing our senior government. We came a step closer to facing this issue in 1934 when the Bank of Canada, was formed. It has been given a very minor role in government financing. Now is the time to take the necessary steps to elect a Social Credit Government, who will take pleasure in using the Bank of Canada as it was intended to be used.

It is just downright stupid for people to think that creating the money our government needs will cause inflation, when we accept the fact that we can borrow the amount we need even though it means paying back the amount eventually, without fear of inflation.

Social Credit, has pressed for this legislation for thirty years with very little encouragement from ANY party. All we heard from all sides was "funny money".

However when others talk of the same thing it is dignified by monetary control.

What Social Credit asks for is not new to government financing.

Our Senior governments have created money before. During the first world war from 1914 to 1917, we created seven and six million dollars in Canadian notes with no backing but the credit of Canada; under Mr. White, the then Finance minister.

So well did the Finance Act of 1914 function that the Hon. W. S. Fielding, Liberal Finance Minister in 1925, said in his report to Parliament,—"The act was adopted as a war measure and no doubt it was exceedingly useful in financial operation during the first world war. It may be said that the war being over we no longer need the act, but experience has shown that the act is still required, indeed I, (Mr. W. S. Fielding) am inclined to think that something of this kind will have to become a permanent part of our financial system."

Liberals and Conservatives, have controlled the government for the intervening forty years but they still have continued to borrow and sell our country into monetary slavery all the while. When in heaven's name will the tax payer ever wake up and get the sand out of our eyes. Let us use common sense and start financing our government through the use of the Bank of Canada, to develop municipal Banks, where your city and my town and our municipalities can acquire the money for government housekeeping chores without taxing ourselves and future generations into the poor house.

Yours truly,  
 Jack Burrows

 On Wednesday, February 13, and every second Wednesday of each month thereafter, the truck from the Welfare Industries of First United Church will be in your district to pick up your salvage at Aldergrove United Church.

Goods that are urgently required are articles of clothing, furniture, appliances, sporting goods, dishes, shoes, toys, etc. Your donations of these articles will help to give employment and clothing to those in need.

For any further information, please apply to the United Church in your district, or write the Welfare Industries of First United Church, 111 Victoria Drive, Vancouver 6, B.C.  
 (11) HARRY MURPHY, Manager

Editor,  
 Aldergrove News,  
 Dear Sir:  
 The general topic of conversation of Canada's residents during the past week is the one regarding the dissolution of our federal parliament. We have apparently been living with the illusion that we, as a nation, are in close harmony with regard to the country's major policies. This has proved to be a myth of massive nebulous proportions. The end result will in all probability show that the people of Canada will rise to the occasion, and in their anger, prove, regardless of politicians, that the people of Canada in general are normal and will demand from their elected representatives a much better sense of values.

There seems little doubt that our leaders have failed in their responsibilities to their electors and that the policies they have promoted are not the wishes of the majority of the people. This failure of our leaders to keep abreast with the electors wishes is borne out by the simultaneous bolting of cabinet ministers and the resignation of some of our most valued men. Our government, as a whole, is in a sorry state indeed.

The picture of 'Diefenbaker' frantically struggling to maintain leadership obviously lost amid the confusion, is a matter for the immediate concern of us all. It is not our duty to ridicule his belated efforts. A parliament without the essential dignity is but incomprehensible. Let 'Diefenbaker' keep his and let us keep ours.

At the time of dissolution, the parliament consisted of four parties, the two larger, conservative and liberal, according to their own words are not too clear in their policies on the necessity for the defence of Canada, of nuclear weapons. The two smaller or parties, Social Credit and N.D.P. have, ever since their inception, demanded a non-nuclear role. However, regardless of nuclear or non-nuclear, there is the thought that if Canada has made commitments, we the people, should stand behind them.

With the exception of 'Diefenbaker's' much touted 'Bill of Rights' and his claims of the year ever in 1962, we can also look in retrospect, at his many failures, which include, the failure to ratify the 'Columbia River Treaty' and we must not forget the dismal of the B.C. Doukhabor Sons of Freedom problem, which at this time remains unsettled. The same Conservative party will claim, and rightly so, many accomplishments in their term of office and will, as all parties do, fail to list their omissions.

In all fairness to the Conservative party, it is quite revealing to believe that the Liberal party, as based upon their past performances, would have done equally as well. They have been no more capable, or no more reliable than the present government party. They could of course improve, as could, the Conservatives.

This brings us to the two smaller parties, who in their present stage might prove un-acceptable. With the exception of an overwhelming eager desire and a longer view on the social needs of the country, plus agrim determination there is little difference. Should we give them the chance they ask for, will they be more capable and sufficiently responsible to govern this Canada of ours in a satisfactory manner.

To many Canadians, the necessity of an election at this time will prove of doubtful value. There is the thought that the election costs of \$13,000,000 will add a further charge to the already-overburdened taxpayer

**DRUM BEAT**

By—TOM GASCOIGNE

Up to this time, the political onslaught for the votes of the people has not reached the proportions expected. The political fur, more often fuzzi, has failed to fly. Each party is standing back, hopefully expecting some other party to take the lead. They do this in the hope that the party that does take the lead will miscalculate the will of the people, and in so doing, will provide to the opposing party an acceptable point for their own platform.

Unfortunately most of us are gullible and we will accept any statement presentable manner. This is due in part to our natural inherent belief that most people are fundamentally honest, even the politicians. There is no doubt that there are many honest men in the service of our country, in fact most of them are, although sometimes it seems that they are inclined to be carried away under the impetus of party loyalty. They apparently forget that their first loyalty is towards the people of Canada as a whole, not to those that elected them or to the party to which they belong. Right?

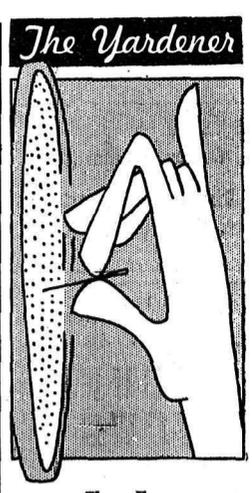

Actually the programs of all the parties are quite similar, the principal problem is that of approach and timing. The people of Canada make certain demands and these demands must be met by the Government or the government will, in time, be disbanded by the people. And at the present moment such a condition prevails. To many, politicians seem utterly stupid and should never have been elected, and yet, without sufficient thought we will again elect, for members of parliament, people of insufficient experience and mental calibre.

**Art Work For Belbriggan Bay**

No dramatic presentation would ever be a real success without the work of the Art Department. All Art classes are presently engaged in creating appealing and original posters to advertise Belbriggan Bay—the walls of the Art Room have been transformed by dozens of these colourful paintings. The first step in beginning the Art work for this play was to build a miniature stage, complete with the exact settings to be used when the operetta is presented. Classes are now hard at work painting realistic scenery, while one group of students is making a life-like parrot which is used on stage for the play. All the programme covers will also be made by the Art classes and should be very attractive when they are finished. As the saying goes, "the proof is in the pudding." Why not come to Belbriggan Bay on March 8, 9, or 11, and see for yourself?

## ... Susie's Sallies ...

By ADA MAE DUECK

In the "most embarrassing moments" section felt very sorry for the local businessman who inadvertently drove off with the wrong car last week. He says he had visions of being locked up the rest of his life on a charge of theft. However all worked out for the best. Never did find out what the owner of the "lost" car felt when he found out his auto had disappeared. Can't tell who the involved parties were, am sworn to secrecy and he is bigger than I am, besides he just bribed me with a chocolate bar.

So true: You may not agree with the government but you sure have to hand it to the income tax department. T4 slips and income tax forms may be seen in great abundance these days and so complicated they seem this year. Now, not only do the income tax department want our money we have to work hard to give it to them. Should be a new form put out with only three questions, how much did you make, how much did you spend, what do you have left—send it in.

Verse in an autograph album that also applies very often to columnists: I dip my pen into the ink,

I grasp your album tight,  
But for my life I cannot think,  
Of one single word to write.

If it is said that women can't make up their minds, it is more true for the men that design clothes for these women. One group of fashion designers have shown new lines with free flowing backs almost cape backs, and fitted dress and coat fronts, a second group have smooth backs and wind blown looking fronts, a third group are showing the very casual look, not fitted anywhere. The only two things they agree on, the first that hemlines must be lowered to the bottom of the kneecap, the second is that waistlines are anywhere but at the waist. Some of the fashions remind one of nightmare's caused by eating too much before going to bed at night. Perhaps the only answer is not to pay any attention, women should wear what looks best on them and forget the dictates of Paris, Rome and New York.

**POWER AUTHORITY SLATES DAM INSPECTION**

A routine inspection of the three-year old Mission Dam on the Bridge River will be undertaken by B.C. Hydro engineers next month.

G. F. Green, manager of B.C. Hydro's production division, said "crews will be checking the general condition of dam sections normally underwater, with particular attention to repair made last spring. The earth-fill dam, which backs up Bridge River water to form Lake Carpenter reservoir, was completed in 1960.

During a similar inspection last March, it was found there was a settlement in one section of the dam. Additional fill was placed on the dam to compensate for the settlement.

"Our instrument readings at the site indicate the dam is now functioning properly," Mr. Green explained, "but regular inspections must be carried out on all new dams."

## Legion J.O.T.P. Clinic Planned For April

B.C.'s first province-wide clinic for track and field coaches and officials will be held at Victoria April 16-19 inclusive.

The clinic has been organized by officials of the Royal Canadian Legion as part of the Junior Olympic Training Plan, now entering its third year.

Object of the three-day meeting is to provide training for those organizing, coaching or administering track and field events in B.C.

David Abbott, the 1963 JOTP program director, will conduct the clinic with the assistance of Geoff Royal, national director of the Royal Canadian Legion's sports program.

Others taking part will be Dr. Peter Mullins, head track and field coach, University of B.C.; R. J. "Bus" Phillips, athletic director, UBC; Mrs. D. Clements, former Canadian sprinter; Doug Clements, former Canadian distance runner; John Minichello, coach of Vancouver Optimist Club and assistant track coach, UBC; Lloyd Henderson, assistant director Victoria "Y"; Don Sleen, three-time Canadian

## BRADNER SOCCER CLUB WINS McMATH TROPHY

With the only goal of the game coming in the last six minutes of regulation time, Bradner won the McMATH Trophy on Saturday morning by edging out the hard-fighting team from the Canadian Legion in Abbotsford. Mr. McMATH Sr., the donor of the trophy presented the cup to the Captain of the winning team. Game played at Bradner was one of the hardest fought of the season and was refereed by Allan Legg. The season now ends for all boys in this age group. Nick Serdar coached the winning Bradner boys this season.

Next Saturday morning at the Abbotsford Sr High grounds, the smaller boys will hold their All Star game with films of the game to be shown later. John Bryde and Tom McMATH will

best players being picked to manage the teams with the play against Langley in the near future.

## SCHOOL DISTRICT NO. 34 MAKES EDUCATION WEEK PLANS

Schools in District No. 34 are making plans for Education Week programs. It is expected that Open House will be held in all district schools with other plans in progress. The Good Shepherd school for Retarded children will be open to the public from 9 a.m. to 12 noon.

A meeting dealing with the McDonald report on colleges will be held March 8. Speaker at the meeting will be Dr. W. J. Hartnick professor of education at the University of British Columbia.

## Legislative Report

**By Camille Mather, M.L.A. Delta**  
There has been a great deal of heat engendered these last few days over the matter of campaign funds. An article appeared in a Trade Magazine suggesting that highway contractors were expected to pick back with funds for public relations programs to the department, or for campaign uses. In a recent tax case it was found that part of the money found its way to the

campaign coffers for the Social Credit party.  
These are only two matters that have come to light to date and the whole situation is a most serious one.

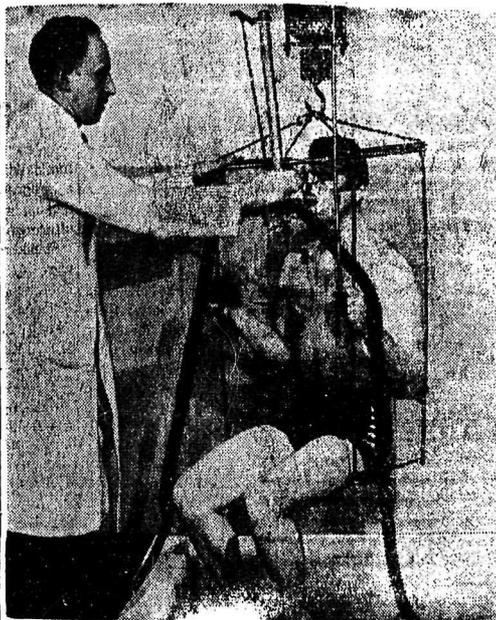

The method of collecting for the fund, the administration and the position of the persons concerned is felt to be questionable. The head of the fund raising organization is purported to be Mr. Einar Gunderson, a man very closely associated with the Crown Corporations of our Province and with agencies directly concerned with our economy.

The information gathered indicates the sum of over \$200,000 has passed through this fund in less than two years. It is logical to assume that any industry making a substantial donation is going to expect favours in return. When these favours lie in the realm of contracts or orders for government, the whole smacks of most unconstitutional behaviour.

Campaign funds are necessary—no doubt of that. The only remedial action is to put the collecting of this money on a basis of equality for each political party.

There should be a limit on the amount each party be permitted to spend. This could be on a per capita basis or a set sum that could vary in the different constituencies. Collections should be duly listed. Campaign expenses must be open to scrutiny and available at any time.

The unpleasant atmosphere of graft in governmental operations has done much to give politics the bad name that exists today. This can be changed by legislation designed to protect the candidate, the party, and the voter.

**DUNKING CHAIR** permits research scientist (left) to determine the amount of body fat as he studies the relationship of overweight to the effectiveness of the heart muscle. Because fat tissues are heavier, the test is a true indication of the subject's fatness or leanness. The 1963 Heart Fund supports scientific study of blood-fat and its relationship to heart disorders.

The annual turkey dinner of the Peardonville W.I. honouring their husbands was held Saturday in the Odd Fellows Hall, Abbotsford. Honoured guests were Mr. and Mrs. Dave Scharfner. Mr. Scharfner showed films of their recent round world trip.

## WHAT'S NEW IN THE AUTOMOTIVE FIELD?

Not much says the B.C. Automobile Association, particularly if you are thinking of the names of cars today and during the early years of the horseless carriage.

Meteor? A car by that name was first manufactured in 1902. Comet? 1907. Falcon? 1909. There was a Continental 1907. A Rambler came out in 1900. An Ambassador came out 1921. A Special appeared in 1906. A Metropolitan showed 1917. there was a Dart in 1911, a Newport in 1916, Riveria in 1907, an Electra in 1913, a Classic in 1917, and a Hawk on the market in 1914.

The model may be new but the name is out of the past.

Substitute Lard  
Although it is best to use lard in recipes where spices, almond flavoring or other flavor-giving ingredients are added, if you remove one tablespoon of lard from each half-cup used in the cooky recipe, lard may be substituted for other shortenings.

Beware of exhaust fumes in slow moving or halted traffic jams; SHUT OFF HEATER.

Life With The Rimples

By Les Carroll

By Legionaire

The monthly General Meeting this month brought a better turnout than we have had for some time. There seems no doubt that the remainder given on our local radio programme on the preceding Monday and the Tuesday helped a lot. It is quite easy to forget a particular Tuesday once a month, and a reminder at the time removes any excuse of forgetfulness by those who hear it. President Bill Monckton has every intention of getting the business done at these meetings without any avoidable waste of time. Normally, it should be possible to finish by 10 p.m. and this would allow for more informal discussion and social chat over the coffee and sandwiches provided by the ladies.

Mr. Norman Sherritt attended the meeting as a guest, and gave a talk on the Scholarship set-up in the two Langley High Schools. A resolution was afterwards passed to set up a Bursary Trust Fund of \$600. Comrade George Johnson was nominated Chairman of the Bursary Committee. A Notice of Motion was handed in at the meeting to amend the Branch By-laws to permit the employment of a Secretary-Manager and this will come up at the meeting on 12 March. A resolution was passed empowering the Executive to employ a Secretary-Manager on a temporary basis pending the amendment of the By-laws.

MEMBERSHIP Paid-up membership to date is 230. This is over half of the 1962 membership, but means that we have a large number of cards in the office waiting to be picked up. So if one of them is yours, please save us the work and postage of sending reminders. We welcome comrades S. Tyers and R. A. Watson who have joined us recently. Comrades E. G. Cripps, F. Jackson, J. S. Rubach and A. M. Thompson were initiated into the Legion at the last meeting.

WELFARE Comrades Edwin Sweatman, and understanding in a job well done in 1962. A Few Comparative Figures YEAR 1949 No. of beds—37 Admissions—1470 Deaths—48 Births—273 OR In-Patients—859 Out Patients—298 YEAR 1952 No. of beds—49 Admissions—2114 Deaths—59 Births—311 OR In-Patients—700 Out-Patients—529 YEAR 1962 No. of beds—53 Admissions—2833 Deaths—91 Births—416 OR In-Patients—959 Out-Patients—1461

DELEGATES HEAR U.B.C. DEAN OF AGRICULTURE

Seventy delegates from lower mainland organizations attended a program in the Park Hotel, dealing with the Future of agriculture in the area.

Speakers at the all day sessions were Mr. J.W. Wilson Executive Director of the Lower Mainland Regional Planning Board of B.C. Dean E.D. MacPhee, of the DR. J.K. Freisen of the Department of Extension.

The program gave delegates an opportunity to discuss the problems associated with the use of land in the Valley.

Discussions dealt with a summary of agricultural land use and drainage, urban sprawl and taxation.

Dr. Freisen spoke during the luncheon on the UBC Department of Extension.

Check your car's horn, glass, brakes, exhaust and lights every week, beginning NOW.

John McComb and Jim Marriott are in Shaughnessy. We are very sorry to hear that Jim had to lose a leg. Van Hedland is still making progress in the Pearson. We have also heard of seven other local vets who are in Shaughnessy but who are not members of the Legion. They will be visited and receive gifts from the Branch just as if they were. Every veteran needs the Legion. The Legion needs every veteran.

That which a fool does in the end, the wise man does in the beginning.—Richard French

LANGLEY HOSPITAL NEWS

Recently our year closing report was tendered to the Board of Trustees. It mainly dealt with the physical aspects of the hospital's business and does not have any reference to the cost of operation or the statement by the auditors. The latter will be finalized and presented to the Annual General Meeting of the hospital Society which is to take place on Monday, April 1st, '63 at the hour of 7:30 p.m. in the Activity Room at the Langley Central School. Due notice for this meeting will be duly advertised, and direct notice will be mailed to each of the membership.

The report was very interesting and showed some very enlightening facts. Once again we have done the seemingly impossible, for with the same number of beds in the year 1962, we admitted the highest number of patients to date—2833 for care and treatment—an increase of 17 over 1961. It is interesting to compare our first full year of operation, 1949—with a bed capacity of 37 compared to our present 53. We admitted 1,470 patients—which is approximately one half of those admitted in 1962.

The total patient days for 1962 were 21,208 with an average patient day stay of 7.8 days. There were 91 deaths during the year which is quite high for a hospital of this size. Babies born within our walls in 1962 were 413—with 18 premature babies and 4 sets of twins during the year. The total of 413 babies born, showed a drop of 13 from the previous year; however, this is still high compared to the 275 born in 1949.

Once again, medical, surgical, and pediatric admissions showed the greatest increase, but this year, probably the greatest percentage of this extra load was absorbed by the staff of the Maternity Department. I should draw your attention to this fact was in 1962 that we started to admit female medical and sur-

gical patients to the maternity end rather than admitting to beds in the hallways. The occupancy average per day was 52.4 patients, in the hospital.

We have a heavy year in the Operating Department, treating 2420 patients both "in" and "out" patients—an increase over any former year. Compare this with the 1949 total of 1,157. A large percentage of this O.R. increase was in Outpatients due to accidents—the balance was almost equally divided into minor or major surgery.

Nursing Staff turnover was a constant problem during the year with procurement of replacements becoming increasingly difficult. It was not until late in October that replacements for May resignations were obtained. During this period of time we had to rely on local relief nurses to whom we extend our thanks for their wonderful assistance. By December the permanent staff was once again up to full strength.

A great problem during the year was illness of members of all staffs—no less than 326 days of sick time was reported from the two nursing staffs—this was duplicated to about the same degree in the other staffs.

From these facts and figures you will readily recognize the problems that beset us during 1962, there were so many things that we were not able to solve, but have not these frustrations in a greater or lesser degree been our lot in the last few years? Most likely these will be with us in 1963, especially shortage of beds and facilities and no doubt, a measure of staff illness and turnover.

However, we can feel justly proud of the fact, that despite all difficulties and problems we have such a fine record of care and help to all those who needed it and when they needed it the most.

A great deal of thanks and appreciation must go to the Board of Trustees for its support and understanding assistance during the year. This must be extended also to the medical staff, nursing and technical staffs, administration and lay staffs for co-operation, willingness, support

Butterscotch Crowns The Cake

When you're expecting a gathering of the clan—friends, relatives or neighbors—treat them to an old Scottish favorite, a butterscotch frosted cake. As traditionally Scotch as the thistle, butterscotch has a sweet mellowness all its own, and the tawny frosting lends opulence to the simplest cake. With butterscotch morsels, you can whip up a light and delicious frosting in minutes. Thanks to the morsels, the frosting captures all the old-fashioned butterscotch flavor while by-passing all the old-fashioned risk of burning sugar. Make your cake from a mix if you're short of time, and just blend the easy-melting butterscotch morsels with cream cheese and confectioners' sugar for the frosting. To give the cake a special flair, set a tiara of walnuts into frosting swirls around the top. Creamy Butterscotch Frosting 1 1/2-ounce package (1 cup) butterscotch morsels 1 package (8 ounces) cream cheese, softened 3/4 teaspoon salt 2 1/4 cups sifted confectioners' sugar (approximately)

Melt butterscotch morsels over hot (not boiling) water. Blend cream cheese and salt. Stir in melted morsels until smooth. Gradually beat in sugar until of spreading consistency. Yield: Frosting for two 8 or 9-inch cake layers.

**WORLD FAMOUS SHORTHORNS COME TO CANADA**

In a transaction of world interest a pair of Ontario cattlemen announce the outright purchase of the renowned Bapton Shorthorn herd, of Perthshire, Scotland. Louis Codesky and W. W. Donaldson, operators of Louada Manor Farms, of Peterborough, Ontario, are the principals in this important transaction. The Bapton herd consists of some one hundred and thirty animals, most of which will come to Canada in the spring of 1963. A few will be retained at Denend Farms, owned by Messrs Codesky and Donaldson, and located in Perthshire.

In recent years, Bapton-bred Shorthorns have been in keen demand, and have been exported to Canada, United States, South Africa, New Zealand and Australia. Easily, their most notable export was the bull, Bapton Constructor, purchased by Louada in 1956 at a record price of \$50,000. Several years later, this bull wrote another chapter in Shorthorn history, when he was flown back to Scotland, to Denend Farm, after an unparalleled record of production in Canada. His sons, some selling as high as \$30,000., have gone to all parts of Canada, United States and a few to Argentina and a few to New Zealand.

The Bapton herd, designed for Canada, will include the 1962 Perth Champion, Glamis Benefactor, purchased at 5,800 guineas (approximately \$17,400). It includes, likewise, some of the tried, proven and outstanding cows of the Shorthorn breed.

When this acquisition is added to Louada's existing herd, already internationally famous, the trend will be accelerated toward the establishment of this country as a world wide source of Shorthorn cattle of foundation calibre. For the past century, Canada has been basically a Shorthorn importing country. That role appears to be in the process of being reversed. There is every reason to believe that Canada will become a net exporter of Shorthorns on a world wide scale, in the near future.

True rest is not that of torpor, but that of harmony, not resting from duty, but finding rest in it.

Ambition is often inflammation of the wishbone.

**EGG RECIPE**

4 eggs (for 2 or 3 people)  
4 Frankfurters or other Continental sausage  
Pinch mixed herbs  
Seasoning  
Butter  
4-6 slices toast  
Water  
Oil  
**METHOD**  
Cook sausages and cut up in one inch pieces. Beat eggs, add water, herbs and seasoning, then add sausages. Cook all together as omelette, wrap twice over firmly. Cut up and serve on toast. Cooking in oil allows them to be eaten when cold.

**FORCED SALE OF CLEAR TITLE?**

Your home — that wise investment and worthwhile achievement — is it secure against future uncertainties? What would happen if you did not outlive the term of your mortgage — would your family be turned out by an enforced sale, with a cruel loss of both home and equity?

Make your home a stronghold by the ingenuity of modern life insurance planning through the Sun Life of Canada. A Sun Life mortgage cancellation policy will pay off your mortgage in the event of your death and preserve the savings you have so diligently invested. Mail the coupon today, or phone

**You Said It**

"Gat"  
This short, ugly word meaning a pistol or revolver is gangster slang. Dr. Richard J. Gatling patented a six barrel, handcrank machine gun in 1862. He attempted to sell his invention to either the North or South during the Civil War, but without success. He did, however, interest European armies in its destructive powers. The abbreviation of his name has hung on to the day.

THE NEWS 856-8170

**Agricultural News**

A well attended meeting of the Langley Agricultural Association was held in the club house on Friday February 15th. The president, Jack Lee, called the meeting to order at 8:15 p.m. The minutes of the January meeting were read and accepted.

A delegation from the Horsemen Recreation Club, Cliff Davidson and Alex MacFarlane met with us to discuss their need for an all weather riding arena. The regulation size is 80 by 208 feet, which would allow for competitive horse sports events. There would be bleachers and stalls beyond the supporting pole. A committee was appointed to work with the horsemen and bring in a report at our next meeting. Ben Anderson, Chairman, R. Barichello, W. Blair, W. Rooke and Reg Lightfoot were named.

Mr. Ralph Barichello reported that a very cordial meeting had been held with the school board officials and plans are tabled for another one at a later date prior to the fall fair. It was agreed that our series of whist drives this year would be "Progressive" so all would have an equal chance at the series prizes to be awarded in May. Don't forget to get your scores in to Mrs. Chester before the deadline. Your co-operation and participation in this event is welcomed.

Directors and their friends are holding a social evening and bingo party in the club house on Friday March 8th. Mrs. Lewis and Mrs. Lightfoot are the hospitality convenors.

Plans are under way for a larger bingo evening to be staged around the end of March—

Look for further details after our March meeting

Entry forms are in the hands of the secretary Mrs. T. Chester for a contestant to enter the Miss Rodeo contest to be held in conjunction with the Cloverdale Rodeo. Single Horse girls aged 16 to 20 years are eligible to compete for the title of Miss Rodeo Queen.

A detailed outline booklet from the Lower Mainland Regional Planning Board was turned over to Tom Farquhar who will study the report and bring in an outline at our next meeting.

Committee chairmen were asked to line up their various sections of the prize list and bring in their reports at the March meeting. Final appointments to various committees will be made by the board of management during this month.

The Board of Management for 1963 is Gordon Berry, Ralph Barichello, Jack Lee, Wallace Mufford, William Blair, Robert Armitstead, Tom MacBlain, Herb Johannes, Mrs. R. Cope land and Mrs. T. Chester.

The next meeting will be held in the club house on Friday March 15, 1963 at 8:00 p.m.

Its one thing to raise beans, but another to spill them.

## United Church News

The Evening Unit meeting of U.C.W. was held Monday February 18th with 14 ladies present. Mrs. W. Davis called the meeting to order. The worship service was conducted by Mrs. D. Reimer and Mrs. A. Jeffrey after which the meeting was divided into groups and a lively period of questions and answers followed. Mrs. W. Snowdon and Mrs. C. Jeffrey carried on with the program and we continued to study from "The Word and the Way." A film strip, "Korean Witness" was shown.

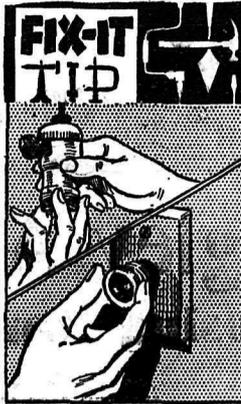

The appeal for used clothing was well responded to and approximately 500 lbs was picked up by the truck for which First United Church tender their grateful thanks. The truck will continue to call each month.

Layettes are urgently needed for Korea and also for our Indian hospitals, also useful bedding.

World day of prayer will be held Friday, March 1st at 2 p.m. at the Anglican Church. The next business meeting will be held March 11, at 1:30 p.m. Mrs. N. Hall and Mrs. A. Angignon had charge of the social hour.

### AFTERNOON UNIT OF U.C.W.

Meeting was held February 21st at 1 p.m. in Memorial Hall. Mrs. Black in the Chair. 20 members present and 4 visitors. Mrs. Black opened the meeting with a prayer followed by de-

### ALDERGROVE ACTIVITIES

Mr and Mrs. R. Caplette entertained for the N.D.P. Club, Aldergrove, on February 19th with seven tables in play. Mrs. P. A. Ness and Mr. Nordin won first prizes for Whist, while consolation were taken by Mrs. M. Larson and O. Ovtisland. Thanks go out to Mr. and Mrs. Caplette for entertaining, a dainty lunch being served at the close of the evening.

### OTTER

Mrs. Nellie Marshal is recovering from an infection, and is confined to her home at present.

Mrs. J. MacFarlane attended the Manager's Co-operative Conference held in Burnaby last week.

The Otter District Credit Union held their annual banquet last week when tables were set for approximately one hundred guests. League Director, A. G. Vranckaert from Vancouver, gave a short regime of Credit Union for their delightful repast. After the banquet, guests were entertained by a number of tunes whistled by George Hogg, who was accompanied on the piano by Mrs. Hogg. Then two films were shown by Hugh Challans of Vancouver, first one was on Credit Unions in Guina and was much enjoyed by all. The ladies of the Credit Union prepared the supper which was served by the members of the Otter Church hall guild and was much appreciated.

The annual meeting of Otter Credit Union will be held in March in their hall.

### SOCIAL EVENING SUCCESS AT ST. ANN'S HALL

A social evening was held on Saturday evening February 23rd, in the St Ann's Parish Hall. Dancing was the highlight of the well attended evening.

Master-of-ceremonies was Mr. Bolster, ably assisted by Dr. Ceresney. Much confusion and amusement was noted among the dancers, who attempted to execute square dancing. Mr. R. Caplette was the caller.

The special post of Record Player Engineer, and Virginia Reel instructor was filled by Father Sorel.

Many different novelty dances were held. The Broom Dance was one which created considerable amusement.

According to Father Sorel and the persons attending, the evening was a complete success. They decided to have a repeat of such an evening in the near future.

Door prize was won by Mrs. C. Warmerdam.

A candlelight luncheon, served by the C.W.L. ended the gala evening.

### Council Jottings

Continued from Page 1

should try to get a better deal for service and access roads to the Trans-Canada Highway.

The Reeve reminded the Councilors that the Provincial Government had already taken over the Glover Road and the County Line Road to the T.C.H.

A presentation is to be made to Victoria to see if the present Provincial Grant for roads in this municipality can be upped.

Few of us realize or think of the fact that the running of this municipality is BIG business.

The Public Bodies Financial Information Act makes it necessary to publish a statement showing the payments made to firms and individuals for goods and services received, also all salaries and expenses paid to

employees.

The following are the total amounts for the year of 1963: Salaries and expenses paid to employees—

Salaries—\$356,553.91  
Expenses—\$4,921.33  
Payments to firms and individuals from the general account—\$1,238,868.10  
Sundry Accounts under \$500—\$40,426.24  
Total—\$1,279,294.34

Cemetery attendants have had an increase of \$5 for opening and closing of a grave. The fee is now \$20.

Councillor Jensen, Chairman of the Public Utilities Committee suggested that for means of future record, a sketch and report of each job done in the municipality should be filed in the municipal hall.

Every man's responsible should show all the important factors off the work done such as the size of tile and how to get at it. A record of position of sewer drains, septic tanks, water pipes etc.

The water and gas lines have exact records but this is not the case in most of the others. The centres of Aldergrove and Fort Langley are not too bad in this respect, other areas are poor.

Praise for the municipal planning officer, Ken Major, was received by the municipal Council from Mr. Newcombe of Newcombe Real Estate. He expressed his appreciation of the help and co-operation given to him and his associates, by Mr. Major, when it was necessary to obtain information at the municipal hall, on the property they wished to sell or buy.

A request for a grant of \$1,000, received from the Aldergrove Parks Board was referred by the municipal Council to the Recreation Committee.

It will be considered when future commitments of the Board are made.

### JOB APPLICANTS DOWN REPORTS MISSION OFFICE

Assurance that local residents will be given employment "wherever possible" on the new drug centre has been received by the Abbotsford and District Winter Employment committee.

It was reported that 61 men are employed on winter works projects in the M.S.A. district.

The National Employment of fice report for the area shows a decrease of 211 in applicants registered at the Mission office from the February 1962 total. E. N. Hardy manager stated that the larger logging operations are opening up and sawmills have been operating steadily throughout the winter months. With continued good weather the trend to steady employment is expected to remain steady.

The committee discussed plans for possible projects for the coming year.

### Cards of Thanks

We wish to thank our kind friends and neighbours for their acts of love and sympathy during our recent loss of a father and grandfather. Special thanks to Dr. H. E. Cannon, nurses and staff of the M.S.A. hospital, and also Mr. Murdoch for his words of comfort.

The Israel family  
We wish to thank our many friends, neighbours for their messages of sympathy and beautiful floral offering, also special thanks to the pallbearers, and to Rev. Calland for his comforting words.

### Briefly on Beauty

Relaxed Attitude  
Don't worry about getting lines and wrinkles. The more relaxed your attitude is on the subject, the less likely you'll be to have any wrinkles to worry about.

We haven't forgotten you Gordon Tout!
